Within each group, the applications must be ordered by rank using a sliding scale based on the following criteria:

(1) concentration of kindergarten students eligible for free or reduced-price lunches by school site on October 1 of the previous school year. A school site may contract to partner with a community-based provider or Head Start under subdivision 3 or establish an early childhood center and use the concentration of kindergarten students eligible for free or reduced-price meals from a specific school site as long as those eligible children are prioritized and guaranteed services at the mixed-delivery site or early education center. For school district programs to be operated at locations that do not have free and reduced-price lunch concentration data for kindergarten programs for October 1 of the previous school year, including mixed-delivery programs, the school district average concentration of kindergarten students eligible for free or reduced-price lunches must be used for the rank ordering;

Within each group, the participation limit for fiscal years 2018 and 2019 must first be allocated to school sites approved for aid in the previous year to ensure that those sites are funded for the same number of participants as approved for the previous year. The remainder of the participation limit for each group must be allocated among school sites in priority order until that region's share of the participation limit is reached. If the participation limit is not reached for all groups, the remaining amount must be allocated to the highest priority school sites, as designated under this section, not funded in the initial allocation on a statewide basis. For fiscal year 2020 and later, the participation limit must first be allocated to school sites approved for aid in fiscal year 2017, and then to school sites approved for aid in fiscal year 2018 based on the statewide rankings under paragraph (c).

(e) Once a school site or a mixed delivery site under subdivision 3 is approved for aid under this subdivision, it shall remain eligible for aid if it continues to meet program requirements, regardless of changes in the concentration of students eligible for free or reduced-price lunches.

(f) If the total number of participants approved based on applications submitted under paragraph (a) is less than the participation limit under subdivision 6, the commissioner must notify all school districts and charter schools of the amount that remains available within 30 days of the initial application deadline under paragraph (a), and complete a second round of allocations based on applications received within 60 days of the initial application deadline.
