Subdivision 1. **Issuance of summons to appear.** A court may issue a summons in accordance with rule 3.01 of the Rules of Criminal Procedure to notify a person charged with a criminal offense of the need to appear at a certain time and place to answer the charge.

Subd. 2. **Service of summons.** A summons may be served in accordance with rule 3.03 of the Rules of Criminal Procedure. The court shall record the manner in which the summons was served and, if the summons was served by mailing it to the defendant's last known address, the court shall record whether the summons was returned as undeliverable.

Subd. 3. **Failure to appear; issuance of a sign and release warrant.** (a) Unless a prosecutor makes the showing described in subdivision 4, the court shall issue a sign and release warrant if:

(1) the court issued a summons;

(2) the defendant failed to appear at the time and place identified in the summons;

(3) the defendant had not previously failed to appear in the same case; and

(4) the defendant is charged with a misdemeanor offense other than a targeted misdemeanor, as defined in section 299C.10, subdivision 1, or a gross misdemeanor offense other than a violation of section 169A.20 (driving while impaired); 518B.01, subdivision 14 (violation of domestic abuse order for protection); 609.2231 (fourth-degree assault); 609.224 (fifth-degree assault); 609.2242 (domestic assault); 609.3451 (fifth-degree criminal sexual conduct); 609.377 (malicious punishment of a child); 609.378 (neglect or endangerment of a child); 609.748, subdivision 6 (violation of harassment restraining order); 609.749 (harassment or stalking); 609.78, subdivision 2 (interference with an emergency call); 617.261 (nonconsensual dissemination of private sexual images); or 629.75 (violation of domestic abuse no contact order).

(b) A sign and release warrant shall not require the defendant to post bail or comply with any other conditions of release. A sign and release warrant does not authorize the arrest of the defendant.

(c) Any court record provided or made available to a law enforcement agency shall indicate that the warrant is a sign and release warrant.

Subd. 4. When bail may be required. The court may issue a warrant that requires the defendant to post bail or comply with other conditions of release if a prosecutor shows, by a preponderance of the evidence, that bail is necessary:

(1) for the safety of a victim;

(2) because a defendant poses a risk to public safety; or

(3) because the defendant otherwise poses a danger to self or others.

Subd. 5. Sign and release warrant; law enforcement duties. (a) When a peace officer encounters a defendant who is the subject of a sign and release warrant, the officer shall inform the defendant of the missed court appearance and provide a new notice that includes a time to appear.

(b) Notice of the new time to appear shall be made in writing and must include the court file number or the warrant number. The defendant may be asked to sign a form acknowledging receipt of the notice. A defendant may not be required to sign the acknowledgment, but the peace officer or other employee may indicate that a notice was given and that the defendant refused to sign.

(c) After providing the notice, the peace officer shall release the defendant at the scene.

(d) As soon as practicable after providing the notice, the peace officer shall:

(1) inactivate the warrant or direct the appropriate office or department to inactivate the warrant; and

(2) submit a form or other notification that can be filed in the court's electronic filing system that includes the court case number, updates the defendant's personal contact information, and indicates that the defendant received notice of the new time to appear.

Subd. 6. Exception; lawful arrest. Nothing in this section prohibits a peace officer from arresting a defendant for any lawful reason.

Subd. 7. Procedure to notify peace officers; scheduling new court dates. (a) By January 1, 2024, the sheriff of every county, in coordination with the district court of that county, shall develop a procedure to inform peace officers about the type of warrant issued by the court and provide hearing dates for sign and release warrants.

(b) At a minimum, the procedure shall include:

(1) an office, department, or other entity that a peace officer can contact at any time to determine the type of warrant issued by a court;

(2) if the warrant is a sign and release warrant, the ability to obtain an updated time for a defendant to appear to answer the charge;

(3) the ability to inactivate a sign and release warrant after a defendant has been notified of the new time to appear; and

(4) the ability to submit a form or other notification to the court's electronic filing system updating the defendant's personal contact information and indicating that the defendant received notice of the new time.

The psychology interjurisdictional compact is enacted into law and entered into with all other jurisdictions legally joining in it in the form substantially specified in this section.

ARTICLE I **PURPOSE**

Whereas, states license psychologists, in order to protect the public through verification of education, training, and experience and ensure accountability for professional practice;

Whereas, this compact is intended to regulate the day to day practice of telepsychology by psychologists across state boundaries in the performance of their psychological practice as assigned by an appropriate authority;

Whereas, this compact is intended to regulate the temporary in-person, face-to-face practice of psychology by psychologists across state boundaries for 30 days within a calendar year in the performance of their psychological practice as assigned by an appropriate authority;

Whereas, this compact is intended to authorize state psychology regulatory authorities to afford legal recognition, in a manner consistent with the terms of the compact, to psychologists licensed in another state;

Whereas, this compact recognizes that states have a vested interest in protecting the public's health and safety through their licensing and regulation of psychologists and that such state regulation will best protect public health and safety;

Whereas, this compact does not apply when a psychologist is licensed in both the home and receiving states; and

Whereas, this compact does not apply to permanent in-person, face-to-face practice; it does allow for authorization of temporary psychological practice.

Consistent with these principles, this compact is designed to achieve the following purposes and objectives:

(1) increase public access to professional psychological services by allowing for telepsychological practice across state lines as well as temporary in-person, face-to-face services into a state where the psychologist is not licensed to practice psychology;

(2) hold a graduate degree in psychology that meets the following criteria:

(a) the program, wherever it may be administratively housed, must be clearly identified and labeled as a psychology program. Such a program must specify in pertinent institutional catalogues and brochures its intent to educate and train professional psychologists;

(b) the psychology program must stand as a recognizable, coherent, organizational entity within the institution;

(c) there must be a clear authority and primary responsibility for the core and specialty areas whether or not the program cuts across administrative lines;

(d) the program must consist of an integrated, organized sequence of study;

(e) there must be an identifiable psychology faculty sufficient in size and breadth to carry out its responsibilities;

(f) the designated director of the program must be a psychologist and a member of the core faculty;

(g) the program must have an identifiable body of students who are matriculated in that program for a degree;

(h) the program must include supervised practicum, internship, or field training appropriate to the practice of psychology;

(i) the curriculum shall encompass a minimum of three academic years of full-time graduate study for doctoral degrees and a minimum of one academic year of full-time graduate study for a master's degree; and

(j) the program includes an acceptable residency as defined by the rules of the commission;

(3) possess a current, full, and unrestricted license to practice psychology in a home state which is a compact state;

(4) have no history of adverse action that violate the rules of the commission;

(5) have no criminal record history that violates the rules of the commission;

(6) possess a current, active IPC;

(7) provide attestations in regard to areas of intended practice and work experience and provide a release of information to allow for primary source verification in a manner specified by the commission; and

(8) meet other criteria as defined by the rules of the commission.

C. A psychologist practicing into a distant state under the temporary authorization to practice shall practice within the scope of practice authorized by the distant state.

D. A psychologist practicing in a distant state under the temporary authorization to practice will be subject to the distant state's authority and law. A distant state may, in accordance with that state's due process law, limit or revoke a psychologist's temporary authorization to practice in the distant state and may take any other necessary actions under the distant state's applicable law to protect the health and safety of the distant state's citizens. If a distant state takes action, the state shall promptly notify the home state and the commission.

E. If a psychologist's license in any home state, another compact state, or any temporary authorization to practice in any distant state, is restricted, suspended, or otherwise limited, the IPC shall be revoked and the psychologist shall not be eligible to practice in a compact state under the temporary authorization to practice.

ARTICLE VI **CONDITIONS OF TELEPSYCHOLOGY PRACTICE** **IN A RECEIVING STATE**

A psychologist may practice in a receiving state under the authority to practice interjurisdictional telepsychology only in the performance of the scope of practice for psychology as assigned by an appropriate state psychology regulatory authority, as defined in the rules of the commission, and under the following circumstances:

(1) the psychologist initiates a client or patient contact in a home state via telecommunications technologies with a client or patient in a receiving state; and

(2) according to other conditions regarding telepsychology as determined by rules promulgated by the commission.

ARTICLE VII **ADVERSE ACTIONS**

A. A home state shall have the power to impose adverse action against a psychologist's license issued by the home state. A distant state shall have the power to take adverse action on a psychologist's temporary authorization to practice within that distant state.

B. A receiving state may take adverse action on a psychologist's authority to practice interjurisdictional telepsychology within that receiving state. A home state may take adverse action against a psychologist based on an adverse action taken by a distant state regarding temporary in-person, face-to-face practice.

C. If a home state takes adverse action against a psychologist's license, that psychologist's authority to practice interjurisdictional telepsychology is terminated and the E.Passport is revoked. Furthermore, that psychologist's temporary authorization to practice is terminated and the IPC is revoked.

(1) All home state disciplinary orders which impose adverse action shall be reported to the commission in accordance with the rules promulgated by the commission. A compact state shall report adverse actions in accordance with the rules of the commission.

(2) In the event discipline is reported on a psychologist, the psychologist will not be eligible for telepsychology or temporary in-person, face-to-face practice in accordance with the rules of the commission.

(3) Other actions may be imposed as determined by the rules promulgated by the commission.

D. A home state's psychology regulatory authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a licensee which occurred in a receiving state as it would if such conduct had occurred by a licensee within the home state. In such cases, the home state's law shall control in determining any adverse action against a psychologist's license.

E. A distant state's psychology regulatory authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a psychologist practicing under temporary authorization to practice which occurred in that distant state as it would if such conduct had occurred by a licensee within the home state. In such cases, the distant state's law shall control in determining any adverse action against a psychologist's temporary authorization to practice.

F. Nothing in this compact shall override a compact state's decision that a psychologist's participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the compact state's law. Compact states must require psychologists who enter any alternative programs to not provide telepsychology services under the authority to practice interjurisdictional telepsychology or provide temporary psychological services under the temporary authorization to practice in any other compact state during the term of the alternative program.

G. No other judicial or administrative remedies shall be available to a psychologist in the event a compact state imposes an adverse action pursuant to paragraph C.

ARTICLE VIII
ADDITIONAL AUTHORITIES INVESTED IN A COMPACT STATE'S
PSYCHOLOGY REGULATORY AUTHORITY

A. In addition to any other powers granted under state law, a compact state's psychology regulatory authority shall have the authority under this compact to:

(1) issue subpoenas, for both hearings and investigations, which require the attendance and testimony of witnesses and the production of evidence. Subpoenas issued by a compact state's psychology regulatory authority for the attendance and testimony of witnesses, and the production of evidence from another compact state shall be enforced in the latter state by any court of competent jurisdiction, according to that court's practice and procedure in considering subpoenas issued in its own proceedings. The issuing state psychology regulatory authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence are located; and

(2) issue cease and desist or injunctive relief orders to revoke a psychologist's authority to practice interjurisdictional telepsychology or temporary authorization to practice.

B. During the course of any investigation, a psychologist may not change the psychologist's home state licensure. A home state psychology regulatory authority is authorized to complete any pending investigations of a psychologist and to take any actions appropriate under its law. The home state psychology regulatory authority shall promptly report the conclusions of such investigations to the commission. Once an investigation has been

completed, and pending the outcome of the investigation, the psychologist may change the psychologist's home state licensure. The commission shall promptly notify the new home state of any such decisions as provided in the rules of the commission. All information provided to the commission or distributed by compact states pursuant to the psychologist shall be confidential, filed under seal, and used for investigatory or disciplinary matters. The commission may create additional rules for mandated or discretionary sharing of information by compact states.

ARTICLE IX
COORDINATED LICENSURE
INFORMATION SYSTEM

A. The commission shall provide for the development and maintenance of a coordinated licensure information system, coordinated database, and reporting system containing licensure and disciplinary action information on all psychologists to whom this compact is applicable in all compact states as defined by the rules of the commission.

B. Notwithstanding any other provision of state law to the contrary, a compact state shall submit a uniform data set to the coordinated database on all licensees as required by the rules of the commission, including:

(1) identifying information;

(2) licensure data;

(3) significant investigatory information;

(4) adverse actions against a psychologist's license;

(5) an indicator that a psychologist's authority to practice interjurisdictional telepsychology and temporary authorization to practice is revoked;

(6) nonconfidential information related to alternative program participation information;

(7) any denial of application for licensure and the reasons for the denial; and

(8) other information which may facilitate the administration of this compact, as determined by the rules of the commission.

C. The coordinated database administrator shall promptly notify all compact states of any adverse action taken against or significant investigative information on any licensee in a compact state.

D. Compact states reporting information to the coordinated database may designate information that may not be shared with the public without the express permission of the compact state reporting the information.

E. Any information submitted to the coordinated database that is subsequently required to be expunged by the law of the compact state reporting the information shall be removed from the coordinated database.

ARTICLE X
ESTABLISHMENT OF THE PSYCHOLOGY
INTERJURISDICTIONAL COMPACT COMMISSION

A. The compact states hereby create and establish a joint public agency known as the Psychology Interjurisdictional Compact Commission.

(1) The commission is a body politic and an instrumentality of the compact states.

(2) Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this compact shall be construed to be a waiver of sovereign immunity.

B. Membership, voting, and meetings:

(1) The commission shall consist of one voting representative appointed by each compact state who shall serve as that state's commissioner. The state psychology regulatory authority shall appoint its delegate. This delegate shall be empowered to act on behalf of the compact state. This delegate shall be limited to:

(a) executive director, executive secretary, or similar executive;

(b) current member of the state psychology regulatory authority of a compact state; or

(c) designee empowered with the appropriate delegate authority to act on behalf of the compact state.

(2) Any commissioner may be removed or suspended from office as provided by the law of the state from which the commissioner is appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the compact state in which the vacancy exists.

(3) Each commissioner shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the commission. A commissioner shall vote in person or by other means as provided in the bylaws. The bylaws may provide for commissioners' participation in meetings by telephone or other means of communication.

(4) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

(5) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in Article XI.

(6) The commission may convene in a closed, nonpublic meeting if the commission must discuss:

(a) non-compliance of a compact state with its obligations under the compact;

(b) employment, compensation, discipline, or other personnel matters, practices or procedures related to specific employees, or other matters related to the commission's internal personnel practices and procedures;

(c) current, threatened, or reasonably anticipated litigation against the commission;

(d) negotiation of contracts for the purchase or sale of goods, services, or real estate;

(e) accusation against any person of a crime or formally censuring any person;

(f) disclosure of trade secrets or commercial or financial information which is privileged or confidential;

(g) disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(h) disclosure of investigatory records compiled for law enforcement purposes;

(i) disclosure of information related to any investigatory reports prepared by or on behalf of or for use of the commission or other committee charged with responsibility for investigation or determination of compliance issues pursuant to the compact; or

(j) matters specifically exempted from disclosure by federal and state statute.

(7) If a meeting, or portion of a meeting, is closed pursuant to this provision, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes which fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken by any person participating in the meeting and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release only by a majority vote of the commission or order of a court of competent jurisdiction.

C. The commission shall, by a majority vote of the commissioners, prescribe bylaws and rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of the compact, including but not limited to:

(1) establishing the fiscal year of the commission;

(2) providing reasonable standards and procedures:

(a) for the establishment and meetings of other committees; and

(b) governing any general or specific delegation of any authority or function of the commission;

(3) providing reasonable procedures for calling and conducting meetings of the commission, ensuring reasonable advance notice of all meetings and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals of such proceedings, and proprietary information, including trade secrets. The commission may meet in closed session only after a majority of the commissioners vote to close a meeting to the public in whole or in part. As soon as practicable, the commission must make public a copy of the vote to close the meeting revealing the vote of each commissioner with no proxy votes allowed;

(4) establishing the titles, duties, authority, and reasonable procedures for the election of the officers of the commission;

(5) providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar law of any compact state, the bylaws shall exclusively govern the personnel policies and programs of the commission;

(6) promulgating a code of ethics to address permissible and prohibited activities of commission members and employees;

(7) providing a mechanism for concluding the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of the compact after the payment and reserving of all of its debts and obligations;

(8) the commission shall publish its bylaws in a convenient form and file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the compact states;

(9) the commission shall maintain its financial records in accordance with the bylaws; and

(10) the commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

D. The commission shall have the following powers:

(1) the authority to promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding in all compact states;

(2) to bring and prosecute legal proceedings or actions in the name of the commission, provided that the standing of any state psychology regulatory authority or other regulatory body responsible for psychology licensure to sue or be sued under applicable law shall not be affected;

(3) to purchase and maintain insurance and bonds;

(4) to borrow, accept, or contract for services of personnel, including but not limited to employees of a compact state;

(5) to hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of the compact, and establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

(6) to accept any and all appropriate donations and grants of money; donations of equipment, supplies, materials, and services; and receive, utilize, and dispose of the same provided that at all times the commission shall strive to avoid any appearance of impropriety or conflict of interest;

(7) to lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use any property, real, personal, or mixed; provided that at all times the commission shall strive to avoid any appearance of impropriety;

(8) to sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed;

(9) to establish a budget and make expenditures;

(10) to borrow money;

(11) to appoint committees, including advisory committees comprised of members, state regulators, state legislators or their representatives, and consumer representatives, and such other interested persons as may be designated in this compact and the bylaws;

(12) to provide and receive information from, and to cooperate with, law enforcement agencies;

(13) to adopt and use an official seal; and

(14) to perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of psychology licensure, temporary in-person, face-to-face practice, and telepsychology practice.

E. The Executive Board:

The elected officers shall serve as the Executive Board, which shall have the power to act on behalf of the commission according to the terms of this compact.

(1) The Executive Board shall be comprised of six members:

(a) five voting members who are elected by the commission from the current membership of the commission; and

(b) one ex-officio, nonvoting member from the recognized membership organization composed of state and provincial psychology regulatory authorities.

(2) The ex-officio member must have served as staff or member on a state psychology regulatory authority and will be selected by its respective organization.

(3) The commission may remove any member of the Executive Board as provided in the bylaws.

(4) The Executive Board shall meet at least annually.

(5) The Executive Board shall have the following duties and responsibilities:

(a) recommend to the entire commission changes to the rules or bylaws, changes to this compact legislation, fees paid by compact states such as annual dues, and any other applicable fees;

(b) ensure compact administration services are appropriately provided, contractual or otherwise;

(c) prepare and recommend the budget;

(d) maintain financial records on behalf of the commission;

(e) monitor compact compliance of member states and provide compliance reports to the commission;

(f) establish additional committees as necessary; and

(g) other duties as provided in rules or bylaws.

F. Financing of the commission:

(1) The commission shall pay, or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The commission may accept any and all appropriate revenue sources including donations and grants of money, and donations of equipment, supplies, materials, and services.

(3) The commission may levy on and collect an annual assessment from each compact state or impose fees on other parties to cover the cost of the operations and activities of the commission and its staff which must be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission which shall promulgate a rule binding upon all compact states.

(4) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the compact states, except by and with the authority of the compact state.

(5) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the commission.

G. Qualified immunity, defense, and indemnification:

(1) The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit and liability for any damage, loss, injury, or liability caused by the intentional, willful, or wanton misconduct of that person.

(2) The commission is subject to liability for any claim against the commission or any member, officer, executive director, employee, or representative of the commission for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional, willful, or wanton misconduct by the person against whom the claim is made.

(3) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional, willful, or wanton misconduct.

(4) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of that person.

ARTICLE XI
RULEMAKING

A. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this article and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the compact states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compact state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

D. Prior to promulgation and adoption of a final rule or rules by the commission, and at least 60 days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) on the website of the commission; and

(2) on the website of each compact state's psychology regulatory authority or the publication in which each state would otherwise publish proposed rules.

E. The notice of proposed rulemaking shall include:

- (1) the proposed time, date, and location of the meeting in which the rule will be considered and voted upon;
- (2) the text of the proposed rule or amendment and the reason for the proposed rule;
- (3) a request for comments on the proposed rule from any interested person; and
- (4) the manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

F. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

G. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

- (1) at least 25 persons who submit comments independently of each other;
- (2) a governmental subdivision or agency; or
- (3) a duly appointed person in an association that has at least 25 members.

H. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing.

(1) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

(2) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(3) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subsection shall not preclude the commission from making a transcript or recording of the hearing if it so chooses.

(4) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

J. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

K. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

L. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

- (1) meet an imminent threat to public health, safety, or welfare;
- (2) prevent a loss of commission or compact state funds;
- (3) meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
- (4) protect public health and safety.

M. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

ARTICLE XII OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight:

(1) The executive, legislative, and judicial branches of state government in each compact state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

(2) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a compact state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.

(3) The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

B. Default, technical assistance, and termination:

(1) If the commission determines that a compact state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(a) provide written notice to the defaulting state and other compact states of the nature of the default, the proposed means of remedying the default, and any other action to be taken by the commission; and

(b) provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to remedy the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the compact states, and all rights, privileges, and benefits conferred by this compact shall be terminated on the effective date of termination. A remedy of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be submitted by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the compact states.

(4) A compact state which has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations which extend beyond the effective date of termination.

(5) The commission shall not bear any costs incurred by the state which is found to be in default or which has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

(6) The defaulting state may appeal the action of the commission by petitioning the United States District Court for the state of Georgia or the federal district where the compact has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

C. Dispute resolution:

(1) Upon request by a compact state, the commission shall attempt to resolve disputes related to the compact which arise among compact states and between compact and noncompact states.

(2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes that arise before the commission.

D. Enforcement:

(1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(2) By majority vote, the commission may initiate legal action in the United States District Court for the state of Georgia or the federal district where the compact has its principal offices against a compact state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

(3) The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

ARTICLE XIII

DATE OF IMPLEMENTATION OF THE PSYCHOLOGY INTERJURISDICTIONAL COMPACT COMMISSION AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENTS

A. The compact shall come into effect on the date on which the compact is enacted into law in the seventh compact state. The provisions which become effective at that time shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

B. Any state which joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule which has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

C. Any compact state may withdraw from this compact by enacting a statute repealing the same.

(1) A compact state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's psychology regulatory authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this compact shall be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a compact state and a noncompact state which does not conflict with the provisions of this compact.

E. This compact may be amended by the compact states. No amendment to this compact shall become effective and binding upon any compact state until it is enacted into the law of all compact states.

ARTICLE XIV CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. If this compact shall be held contrary to the constitution of any state member thereto, the compact shall remain in full force and effect as to the remaining compact states.

EFFECTIVE DATE. This section is effective the day following final enactment. The Board of Psychology must publish the effective date of the compact in the State Register and on the board's website."
