To whom it may concern:

This letter is in support of Queen Kimmons and her organization One Family One Community. Queen Kimmons is a highly respected and trusted community organizer in The City of Minneapolis. She is a unapologetic advocate for housing rights and the passion that she shows throughout her work in in community is unmatched. As the executive director for One Family One Community she has led the mission to fight housing instability and promote civic engagement especially in North Minneapolis. Queen had routinely work with several departments in the City of Minneapolis and had forged relationships with many of our city officials including the Department of Neighborhood and Community Relations. Queen Kimmons is and exceptional leader and I wholeheartedly am in support of her and her organization.

Anthony Taylor

A handwritten signature in black ink that reads "Anthony Taylor". The signature is written in a cursive, flowing style.
