

## CTE | Why CTE in MPS

- Embed regular and explicit career exploration opportunities for all students in grades PreK-12, in alignment with Minnesota's World's Best Workforce legislation and regional workforce needs.
- Create an educational environment that acknowledges and encourages access to multiple pathways to successful career; certifications, apprenticeships, two year degrees from community and technical colleges and four year degrees or direct into employment.
- Equitable access to all specialized CTE pathways regardless of race, economic status, circumstance, or ZIP code.

### CTE | CTE Tech Centers - Pathways

### **Edison Tech Center**

- Business
- Law & Public Safety
- Agriculture

### **North Tech Center**

- Computer Programming
- Cybersecurity
- Healthcare Emergency Medical Responder
- Education
- Engineering
- Media Arts
- Robotics & Drone Technology

### **Roosevelt Tech Center**

- Automotive Collision
- Automotive Engine Repair
- Construction
- Healthcare Patient Care
- Machine Technology
- Welding

6

## CTE | Learning Models

#### In-person at one of three CTE Tech Centers

- Courses are offered in 2-hour blocks; A.M. and P.M.
- CTE Tech Centers are co-located at North, Edison, and Roosevelt High School.
- Free transportation to and from their classes at the Tech Center

### **Asynchronously Online**

- Courses are available at every high school any period of the day.
- No transportation required.
- Fits conveniently into a students schedule

### In-person at Student's School

■ In 2023-2024 each high school will also have the ability to offer work-based learning classes at their location. These courses include: Investigating Careers, Career Planning & Development, and Career Work Experience.

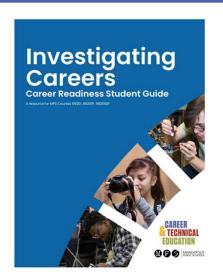

7

## **CTE | Career Exploration**

# Students also explore careers through our Work-based Learning courses.

- Investigating Careers
- Career Planning & Development
- Personal & Professional Skills
- Career Work Experience/Internships

### **CTE | Benefits of CTE Tech Center Model**

- Improved graduation rates for most at-risk youth
- Maximizes resources (i.e. financial, staff, material, equipment) and leverages community relationships by creating agile learning centers easily adapted to changing enrollment trends, student interest, workforce needs, and community support
- Incorporate graduation requirements of fine arts, math, science and/or language arts into CTE pathways to maximize student experience and replicate real-world application of how foundational academic skills are applied in multi-disciplinary project-based learning.

### CTE | Benefits of CTE Tech Center Model, cont'd

- Opportunity to be immersed in professional studies related to personal career interests, preparing them for career success in ever-evolving high tech, high skill, local/global economies.
- Equitable access to <u>all</u> MPS Career Pathway programs via city-wide enrollment options.

## CTE | Pathway Example - Healthcare

- Multiple Onramps to Healthcare Careers
  - · Patient Care
  - · Emergency Medicine
  - · General Practice
- Major investments in unique, industry grade equipment

3D Virtual Dissection Table

11

## CTE | Pathway Example - Cybersecurity

### **Palo Alto Networks Certified Cybersecurity Entry-level Technician (PCCET)**

- Provides certification in foundational knowledge of industry-recognized cybersecurity and network security concepts as well as various cutting-edge advancements across all Palo Alto Networks technologies.
- Aligned with industry standards following the NIST / NICE (National Institute of Standards and Technology / National Initiative for Cybersecurity Education) workforce framework.
- Students leave our program certified and ready for employment.

### CTE | Pathway Example - Automotive

### National Institute for Automotive Service **Excellence (ASE) Entry-Level Certifications**

- First step in building career credentials as an automotive service professional
- Aligned to an industry-recognized credential that indicates student's workforce readiness
- Collision Repair pathway
- Maintenance Light Repair pathway
- High School Internships for entry-level positions available with local industry partners for students 18 years or older

### CTE | Interest-based Course Finder Tool

Based on Holland Theory of Career Choice (RIASEC), the CTE Course Finder Tool will assist students as they self-identify their career interests and values aligned to course options available in MPS.

"...in choosing a career, people prefer jobs where they can be around others who are like them. They search for environments that will let them use their skills and abilities, and express their attitudes and values, while taking on enjoyable problems and roles."

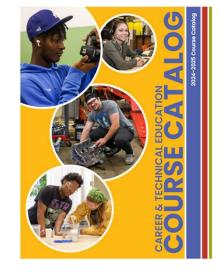

## CTE | 2024-2025 Course Catalog\*

The following information about each course offering is included in the web-based course catalog and the CTE Course Finder Tool:

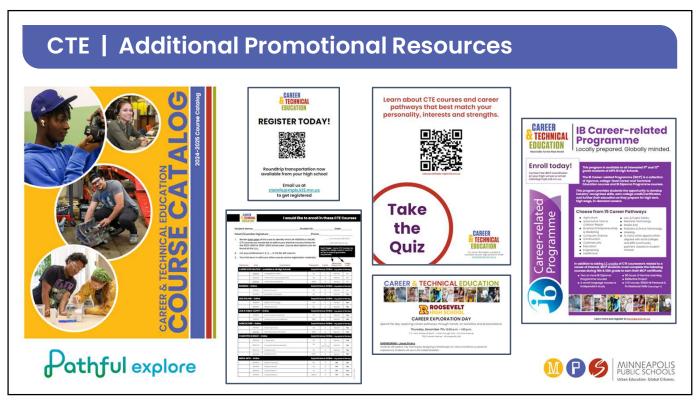

- CTE career pathway and course options
- Course descriptions
- Prerequisites
- College Credit Eligibility
- MPS graduation requirement alignment
- Course delivery model and location person or online)
- How to register for courses
