Subdivision 1. **Responsibilities for parents; noncustodial parents.** (a) When a child is in foster care, the responsible social services agency shall make diligent efforts to identify, locate, and, where appropriate, offer services to both parents of the child.

(b) The responsible social services agency shall assess whether a noncustodial or nonadjudicated parent is willing and capable of providing for the day-to-day care of the child temporarily or permanently. An assessment under this paragraph may include, but is not limited to, obtaining information under section 260C.209. If after assessment, the responsible social services agency determines that a noncustodial or nonadjudicated parent...
10.1 is willing and capable of providing day-to-day care of the child, the responsible social
services agency may seek authority from the custodial parent or the court to have that parent
assume day-to-day care of the child. If a parent is not an adjudicated parent, the responsible
social services agency shall require the nonadjudicated parent to cooperate with paternity
establishment procedures as part of the case plan.

15 days' notice that it intends to use the study to recommend against putting the child with
that parent, and the court shall afford the parent an opportunity to be heard concerning the
study.

10.5 The results of a background study of a noncustodial parent shall not be used by the agency
to determine that the parent is incapable of providing day-to-day care of the child unless
10.6 the agency reasonably believes that placement of the child into the home of that parent
10.7 would endanger the child's health, safety, or welfare.

10.8 (d) If, after the provision of services following an out-of-home placement plan under
10.9 this section subdivision, the child cannot return to the care of the parent from whom the
10.10 child was removed or who had legal custody at the time the child was placed in foster care,
10.11 the agency may petition on behalf of a noncustodial parent to establish legal custody with
10.12 that parent under section 260C.515, subdivision 4. If paternity has not already been
10.13 established, it may be established in the same proceeding in the manner provided for under
10.14 chapter 257.

10.15 (e) The responsible social services agency may be relieved of the requirement to
10.16 locate and offer services to both parents by the juvenile court upon a finding of good cause
10.17 after the filing of a petition under section 260C.141.

Subd. 2. Notice to parent or guardian. (f) The responsible social services agency shall
give notice to the parent or guardian of each child in foster care, other than a child in
voluntary foster care for treatment under chapter 260D, of the following information:

10.18 (1) that the child's placement in foster care may result in termination of parental rights
10.19 or an order permanently placing the child out of the custody of the parent, but only after
10.20 notice and a hearing as required under this chapter and the juvenile court rules;
time limits on the length of placement and of reunification services, including the
date on which the child is expected to be returned to and safely maintained in the home of
the parent or parents or placed for adoption or otherwise permanently removed from the
care of the parent by court order;

(4) the consequences to the parent and the child if the parent fails or is unable to use
services to correct the circumstances that led to the child's placement;
(5) the first consideration for placement with relatives;
(6) the benefit to the child in getting the child out of foster care as soon as possible,
preferably by returning the child home, but if that is not possible, through a permanent legal
placement of the child away from the parent;
(7) when safe for the child, the benefits to the child and the parent of maintaining
visitation with the child as soon as possible in the course of the case and, in any event,
according to the visitation plan under this section; and
(8) the financial responsibilities and obligations, if any, of the parent or parents for the
support of the child during the period the child is in foster care.

Subd. 3. Information for a parent considering voluntary placement. (c) The
responsible social services agency shall inform a parent considering voluntary placement
of a child under section 260C.227 of the following information:

voluntary placement agreement, but not to counsel appointed at public expense;
(2) the parent is not required to agree to the voluntary placement, and a parent who enters
a voluntary placement agreement may at any time request that the agency return the child.
If the parent so requests, the child must be returned within 24 hours of the receipt of the
request;
(3) evidence gathered during the time the child is voluntarily placed may be used at a
later time as the basis for a petition alleging that the child is in need of protection or services
or as the basis for a petition seeking termination of parental rights or other permanent
placement of the child away from the parent;
(4) if the responsible social services agency files a petition alleging that the child is in
need of protection or services or a petition seeking the termination of parental rights or other
permanent placement of the child away from the parent, the parent would have the right to
appointment of separate legal counsel and the child would have a right to the appointment
of counsel and a guardian ad litem as provided by law, and that counsel will be appointed
at public expense if they are unable to afford counsel; and

(5) the timelines and procedures for review of voluntary placements under section
260C.212, subdivision 3, and the effect the time spent in voluntary placement on the
scheduling of a permanent placement determination hearing under sections 260C.503 to
260C.521.

Subd. 4. Medical examinations. (d) When an agency accepts a child for placement, the
agency shall determine whether the child has had a physical examination by or under the
direction of a licensed physician within the 12 months immediately preceding the date when
the child came into the agency's care. If there is documentation that the child has had an
examination within the last 12 months, the agency is responsible for seeing that the child
has another physical examination within one year of the documented examination and
annually in subsequent years. If the agency determines that the child has not had a physical
examination within the 12 months immediately preceding placement, the agency shall ensure
that the child has an examination within 30 days of coming into the agency's care and once
a year in subsequent years.

Subd. 5. Children reaching age of majority; copies of records. (e) Whether under
state guardianship or not, if a child leaves foster care by reason of having attained the age
of majority under state law, the child must be given at no cost a copy of the child's social
and medical history, as defined in section 259.43, and education report.

Subd. 6. Initial foster care phone call. (a) When a child enters foster care or moves to
a new foster care placement, the responsible social services agency shall coordinate a phone
call between the foster parent or facility and the child's parent or legal guardian to establish
a connection and encourage ongoing information sharing between the child's parent or legal
guardian and the foster parent or facility; and to provide an opportunity to share any
information regarding the child, the child's needs, or the child's care that would facilitate
the child's adjustment to the foster home, promote stability, reduce the risk of trauma, or
otherwise improve the quality of the child's care.

(b) The responsible social services agency shall coordinate the phone call in paragraph
(a) as soon as practicable after the child arrives at the placement but no later than 48 hours
after the child's placement. If the responsible social services agency determines that the
phone call is not in the child's best interests, or if the agency is unable to identify, locate,
or contact the child's parent or legal guardian despite reasonable efforts, or despite active
efforts if the child is an American Indian child, the agency may delay the phone call until
up to 48 hours after the agency determines that the phone call is in the child's best interests,
or up to 48 hours after the child's parent or legal guardian is located or becomes available
for the phone call.

(c) The responsible social services agency shall document the date and time of the phone
call in paragraph (a), its efforts to coordinate the phone call, its efforts to identify, locate,
or find availability for the child's parent or legal guardian, any determination of whether
the phone call is in the child's best interests, and any reasons that the phone call did not
occur.

Subd. 7. Prenatal alcohol exposure screening. (a) The responsible social services
agency shall coordinate a prenatal alcohol exposure screening for any child who enters
foster care as soon as practicable but no later than 45 days after the removal of the child
from the child's home, if the agency has determined that the child has not previously been
screened or identified as prenatally exposed to alcohol.

(b) The responsible social services agency shall ensure that the screening is conducted
in accordance with:

(1) existing prenatal alcohol exposure screening best practice guidelines; and

(2) the criteria developed and provided to the responsible social services agency by the
statewide organization that focuses solely on prevention and intervention with fetal alcohol

Subd. 2. Costs associated with physical activities. The expenses allowed for adults under the consumer-directed community supports option must include the costs at the lowest rate available considering daily, monthly, semiannual, annual, or membership rates, including transportation, associated with physical exercise or other physical activities to maintain or improve the person's health and functioning.

Subd. 3. Expansion and increase of budget exceptions. (a) The commissioner of human services must provide up to 30 percent more funds for either:

(1) consumer-directed community supports participants under sections 256B.092 and 256B.49 who have a coordinated service and support plan which identifies the need for more services or supports under consumer-directed community supports than the amount the participants are currently receiving under the consumer-directed community supports budget methodology to:

(i) increase the amount of time a person works or otherwise improves employment opportunities;

(ii) plan a transition to, move to, or live in a setting described in section 256D.44, subdivision 5, paragraph (g), clause (1), item (iii); or

(iii) develop and implement a positive behavior support plan; or

(2) home and community-based waiver participants under sections 256B.092 and 256B.49 who are currently using licensed providers for: (i) employment supports or services during the day; or (ii) residential services, either of which cost more annually than the person would spend under a consumer-directed community supports plan for any or all of the supports needed to meet a goal identified in clause (1), item (i), (ii), or (iii).

(b) The exception under paragraph (a), clause (1), is limited to persons who can demonstrate that they will have to discontinue using consumer-directed community supports and accept other non-self-directed waiver services because their supports needed for a goal described in paragraph (a), clause (1), item (i), (ii), or (iii), cannot be met within the consumer-directed community supports budget limits.

(c) The exception under paragraph (a), clause (2), is limited to persons who can demonstrate that, upon choosing to become a consumer-directed community supports participant, the total cost of services, including the exception, will be less than the cost of current waiver services.
Subd. 4. **Budget exception for persons leaving institutions and crisis residential settings.** (a) The commissioner must establish an institutional and crisis bed consumer-directed community supports budget exception process in the home and community-based services waivers under sections 256B.092 and 256B.49. This budget exception process must be available for any individual who:

1. is not offered available and appropriate services within 60 days since approval for discharge from the individual's current institutional setting; and
2. requires services that are more expensive than appropriate services provided in a noninstitutional setting using the consumer-directed community supports option.

(b) Institutional settings for purposes of this exception include intermediate care facilities for persons with developmental disabilities; nursing facilities; acute care hospitals; Anoka Metro Regional Treatment Center; Minnesota Security Hospital; and crisis beds.

(c) The budget exception must be limited to no more than the amount of appropriate services provided in a noninstitutional setting as determined by the lead agency managing the individual's home and community-based services waiver. The lead agency must notify the Department of Human Services of the budget exception.

Subd. 5. **Shared services.** (a) Medical assistance payments for shared services under consumer-directed community supports are limited to this subdivision.

(b) For purposes of this subdivision, "shared services" means services provided at the same time by the same direct care worker for individuals who have entered into an agreement to share consumer-directed community support services.

(c) Shared services may include services in the personal assistance category as outlined in the consumer-directed community supports community support plan and shared services agreement, except:

1. services for more than three individuals provided by one worker at one time;
2. use of more than one worker for the shared services; and
3. a child care program licensed under chapter 245A or operated by a local school district or private school.

(d) The individuals, or as needed the individuals' representatives, must develop the plan for shared services when developing or amending the consumer-directed community supports plan, and must follow the consumer-directed community supports process for approval of the plan by the lead agency. The plan for shared services in an individual's consumer-directed...
community supports plan must include the intention to utilize shared services based on
individuals' needs and preferences.

(e) Individuals sharing services must use the same financial management services
provider.

(f) Individuals whose consumer-directed community supports community support plans
include an intent to utilize shared services must jointly develop, with the support of the
individuals' representatives as needed, a shared services agreement. This agreement must
include:

(1) the names of the individuals receiving shared services;

(2) the individuals' representative, if identified in their consumer-directed community
supports plans, and their duties;

(3) the names of the case managers;

(4) the financial management services provider;

(5) the shared services that must be provided;

(6) the schedule for shared services;

(7) the location where shared services must be provided;

(8) the training specific to each individual served;

(9) the training specific to providing shared services to the individuals identified in the
agreement;

(10) instructions to follow all required documentation for time and services provided;

(11) a contingency plan for each individual that accounts for service provision and billing
in the absence of one of the individuals in a shared services setting due to illness or other
circumstances;

(12) signatures of all parties involved in the shared services; and

(13) agreement by each individual who is sharing services on the number of shared hours
for services provided.

(g) Any individual or any individual's representative may withdraw from participating
in a shared services agreement at any time.
(h) The lead agency for each individual must authorize the use of the shared services option based on the criteria that the shared service is appropriate to meet the needs, health, and safety of each individual for whom they provide case management or care coordination.

(i) This subdivision must not be construed to reduce the total authorized consumer-directed community supports budget for an individual.

(j) No later than September 30, 2019, the commissioner of human services must:

(1) submit an amendment to the Centers for Medicare and Medicaid Services for the home and community-based services waivers authorized under sections 256B.0913, 256B.092, and 256B.49, and chapter 256S, to allow for a shared services option under consumer-directed community supports; and

(2) with stakeholder input, develop guidance for shared services in consumer-directed community supports within the community-based services manual. Guidance must include:

(i) recommendations for negotiating payment for one-to-two and one-to-three services; and

(ii) a template of the shared services agreement.

**EFFECTIVE DATE.** This section is effective the day following final enactment, except for subdivision 5, paragraphs (a) to (i), which are effective the day following final enactment or upon federal approval, whichever occurs later. The commissioner of human services must notify the revisor of statutes when federal approval is obtained.

Subd. 6. Immunity; consumer-directed community supports. The state of Minnesota, or a county, managed care plan, county-based purchasing plan, or tribal government under contract to administer the elderly waiver, is not liable for damages, injuries, or liabilities sustained as a result of the participant, the participant's family, or the participant's authorized representatives purchasing direct supports or goods with funds received through consumer-directed community supports under the elderly waiver. Liabilities include, but are not limited to, workers' compensation liability, Federal Insurance Contributions Act under United States Code, title 26, subtitle c, chapter 21, or Federal Unemployment Tax Act under Internal Revenue Code, chapter 23.

Subd. 4. Calculation of monthly conversion budget cap with consumer-directed community supports. For the elderly waiver monthly conversion budget cap for the cost of elderly waiver services with consumer-directed community support services, the nursing facility case mix adjusted total payment rate used under subdivision 3 to calculate the monthly conversion budget cap for elderly waiver services without consumer-directed community supports must be reduced by a percentage equal to the percentage difference between the consumer-directed community supports budget limit that would be assigned according to the elderly waiver plan and the corresponding monthly case mix budget cap under this chapter, but not to exceed 50 percent.

Sec. 17. TREATMENT OF PREVIOUSLY OBTAINED FEDERAL APPROVALS.

This act must not be construed to require the commissioner to seek federal approval for provisions for which the commissioner has already received federal approval. Federal approvals the commissioner previously obtained for provisions repealed in section 18 survive and apply to the corresponding subdivisions of Minnesota Statutes, section 256B.4911.

ARTICLE 3

DEPARTMENT OF HUMAN SERVICES POLICY PROPOSALS

Section 1. Minnesota Statutes 2018, section 245.4871, is amended by adding a subdivision to read:

Subd. 32a. Responsible social services agency. "Responsible social services agency" is defined in section 260C.007, subdivision 27a.

EFFECTIVE DATE. This section is effective September 30, 2021.

Sec. 2. Minnesota Statutes 2018, section 245.4885, subdivision 1, is amended to read:

Subdivision 1. Admission criteria. (a) Prior to admission or placement, except in the case of an emergency admission, all children referred for treatment of severe emotional disturbance in a treatment foster care setting, residential treatment facility, or informally admitted to a regional treatment center shall undergo an assessment to determine the appropriate level of care if public funds are used to pay for the services.

(b) The county board or responsible social services agency shall determine the appropriate level of care for a child when county-controlled funds are used to pay for the child's services or placement in a qualified residential treatment facility under chapter 260C and licensed by the commissioner under chapter 245A. In accordance with section 260C.157, a juvenile treatment screening team shall conduct a screening before the team may recommend whether to place a child in a qualified residential treatment program as defined in section 260C.007, subdivision 26d. When a social services agency does not have responsibility for a child's placement and the child is enrolled in a prepaid health program under section 256B.69, the enrolled child's contracted health plan must determine the appropriate level of care. When Indian Health Services funds or funds of a tribally owned facility funded under the Indian Self-Determination and Education Assistance Act, Public Law 93-638, are to be used, the Indian Health Services or 638 tribal health facility must determine the appropriate level of care. When more than one entity bears responsibility for coverage, the entities shall coordinate level of care determination activities to the extent possible.

(c) The responsible social services agency must make the level of care determination shall available to the juvenile treatment screening team, as permitted under chapter 13. The level of care determination shall inform the juvenile treatment screening team process and the assessment in section 260C.704 when considering whether to place the child in a qualified residential treatment program. When the responsible social services agency is not involved
in determining a child's placement, the child's level of care determination shall determine
whether the proposed treatment:

(1) is necessary;

(2) is appropriate to the child's individual treatment needs;

(3) cannot be effectively provided in the child's home; and

(4) provides a length of stay as short as possible consistent with the individual child's need.

(d) When a level of care determination is conducted, the responsible social services agency or other entity may not determine that a screening under section 260C.157 or referral or admission to a treatment foster care setting or residential treatment facility is not appropriate solely because services were not first provided to the child in a less restrictive setting and the child failed to make progress toward or meet treatment goals in the less restrictive setting. The level of care determination must be based on a diagnostic assessment that includes a functional assessment which evaluates family, school, and community living situations; and an assessment of the child's need for care out of the home using a validated tool which assesses a child's functional status and assigns an appropriate level of care. The validated tool must be approved by the commissioner of human services. If a diagnostic assessment including a functional assessment has been completed by a mental health professional within the past 180 days, a new diagnostic assessment need not be completed unless in the opinion of the current treating mental health professional the child's mental health status has changed markedly since the assessment was completed. The child's parent shall be notified if an assessment will not be completed and of the reasons. A copy of the notice shall be placed in the child's file. Recommendations developed as part of the level of care determination process shall include specific community services needed by the child and, if appropriate, the child's family, and shall indicate whether or not these services are available and accessible to the child and family.

(e) During the level of care determination process, the child, child's family, or child's legal representative, as appropriate, must be informed of the child's eligibility for case management services and family community support services and that an individual family community support plan is being developed by the case manager, if assigned.

(f) The level of care determination shall comply with section 260C.212. The parent shall be consulted in the process, unless clinically detrimental to the child. When the responsible social services agency has authority, the agency must engage the child's parents in case planning under sections 260C.212 and 260C.708 unless a court terminates the parent's rights.
or court orders restrict the parent from participating in case planning, visitation, or parental responsibilities.

(g) The level of care determination, and placement decision, and recommendations for mental health services must be documented in the child's record, as required in chapters 260C.

EFFECTIVE DATE. This section is effective September 30, 2021.

(3) the background study conducted by the commissioner under this paragraph must include a review of the information required under section 245C.08.

(d) The commissioner is not required to conduct a study of an individual at the time of reapplication for a license if the individual's background study was completed by the commissioner of human services and the following conditions are met:

(1) a study of the individual was conducted either at the time of initial licensure or when the individual became affiliated with the license holder;

services from the license holder, the previous set-aside shall remain in effect.

   (i) information from the child abuse and neglect registry for any state in which the background study subject has resided for the past five years;

   (ii) when the background study subject is 18 years of age or older, or a minor under section 245C.05, subdivision 5a, paragraph (c), information received following submission of fingerprints for a national criminal history record check; and

   (iii) when the background study subject is 18 years of age or older or a minor under section 245C.05, subdivision 5a, paragraph (d), for licensed family child care, certified license-exempt child care, licensed child care centers, and legal nonlicensed child care authorized under chapter 119B, information obtained using non-fingerprint-based data including information from the criminal and sex offender registries for any state in which the background study subject resided for the past five years and information from the national crime information database and the national sex offender registry; and

(7) for a background study required for family child care, certified license-exempt child care centers, licensed child care centers, and legal nonlicensed child care authorized under chapter 119B, the background study shall also include, to the extent practicable, a name and date-of-birth search of the National Sex Offender Public website.

(b) Notwithstanding expungement by a court, the commissioner may consider information obtained under paragraph (a), clauses (3) and (4), unless the commissioner received notice of the petition for expungement and the court order for expungement is directed specifically to the commissioner.

(c) The commissioner shall also review criminal case information received according to section 245C.04, subdivision 4a, from the Minnesota court information system that relates
to individuals who have already been studied under this chapter and who remain affiliated
with the agency that initiated the background study.

d) When the commissioner has reasonable cause to believe that the identity of a
background study subject is uncertain, the commissioner may require the subject to provide
a set of classifiable fingerprints for purposes of completing a fingerprint-based record check
with the Bureau of Criminal Apprehension. Fingerprints collected under this paragraph
shall not be saved by the commissioner after they have been used to verify the identity of
the background study subject against the particular criminal record in question.

(e) The commissioner may inform the entity that initiated a background study under
NETStudy 2.0 of the status of processing of the subject's fingerprints.

Sec. 13. Minnesota Statutes 2019 Supplement, section 245C.13, subdivision 2, is amended
to read:

Subd. 2. Direct contact Activities pending completion of background study. The
subject of a background study may not perform any activity requiring a background study
under paragraph (c) until the commissioner has issued one of the notices under paragraph
(a).

(a) Notices from the commissioner required prior to activity under paragraph (b) (c)
include:

(1) a notice of the study results under section 245C.17 stating that:

(i) the individual is not disqualified; or

(ii) more time is needed to complete the study but the individual is not required to be
removed from direct contact or access to people receiving services prior to completion of
the study as provided under section 245C.17, subdivision 1, paragraph (b) or (c). The notice
that more time is needed to complete the study must also indicate whether the individual is
required to be under continuous direct supervision prior to completion of the background
study. When more time is necessary to complete a background study of an individual
affiliated with a Title IV-E eligible children's residential facility or foster residence setting,
the individual may not work in the facility or setting regardless of whether or not the
individual is supervised;

(2) a notice that a disqualification has been set aside under section 245C.23; or

(3) a notice that a variance has been granted related to the individual under section
245C.30.
(b) For a background study affiliated with a licensed child care center or certified license-exempt child care center, the notice sent under paragraph (a), clause (1), item (ii), must require the individual to be under continuous direct supervision prior to completion of the background study except as permitted in subdivision 3.

(c) Activities prohibited prior to receipt of notice under paragraph (a) include:

(1) being issued a license;

(2) living in the household where the licensed program will be provided;

(3) providing direct contact services to persons served by a program unless the subject is under continuous direct supervision;

(4) having access to persons receiving services if the background study was completed under section 144.057, subdivision 1, or 245C.03, subdivision 1, paragraph (a), clause (2), (5), or (6), unless the subject is under continuous direct supervision; or

(5) for licensed child care centers and certified license-exempt child care centers, providing direct contact services to persons served by the program; or

(6) for children's residential facilities or foster residence settings, working in the facility or setting.

Sec. 14. Minnesota Statutes 2018, section 245C.14, is amended by adding a subdivision to read:

(a) For a background study affiliated with a children's residential facility or foster residence setting, if an individual is disqualified from direct contact under subdivision 1, the commissioner must also disqualify the individual from working in the children's residential facility or foster residence setting and from having access to a person receiving services from the facility or setting.

(b) Notwithstanding any other requirement of this chapter, for a background study affiliated with a Title IV-E eligible children's residential facility or foster residence setting, if an individual is disqualified, the individual may not work in the facility or setting until the commissioner has issued a notice stating that:

(1) the individual is not disqualified;

(2) a disqualification has been set aside under section 245C.23; or

(3) a variance has been granted related to the individual under section 245C.30.
Sec. 15. Minnesota Statutes 2018, section 245C.16, subdivision 1, is amended to read:

Subdivision 1. **Determining immediate risk of harm.** (a) If the commissioner determines that the individual studied has a disqualifying characteristic, the commissioner shall review the information immediately available and make a determination as to the subject's immediate risk of harm to persons served by the program where the individual studied will have direct contact with, or access to, people receiving services.

(b) The commissioner shall consider all relevant information available, including the following factors in determining the immediate risk of harm:

1. the recency of the disqualifying characteristic;
2. the recency of discharge from probation for the crimes;
3. the number of disqualifying characteristics;
4. the intrusiveness or violence of the disqualifying characteristic;
5. the vulnerability of the victim involved in the disqualifying characteristic;
6. the similarity of the victim to the persons served by the program where the individual studied will have direct contact;
7. whether the individual has a disqualification from a previous background study that has not been set aside; and
8. if the individual has a disqualification which may not be set aside because it is a permanent bar under section 245C.24, subdivision 1, or the individual is a child care background study subject who has a felony-level conviction for a drug-related offense in the last five years, the commissioner may order the immediate removal of the individual from any position allowing direct contact with, or access to, persons receiving services from the program and from working in a children's residential facility or foster residence setting.

(c) This section does not apply when the subject of a background study is regulated by a health-related licensing board as defined in chapter 214, and the subject is determined to be responsible for substantiated maltreatment under section 626.556 or 626.557.

(d) This section does not apply to a background study related to an initial application for a child foster care family setting license.

(e) Except for paragraph (f), this section does not apply to a background study that is also subject to the requirements under section 256B.0659, subdivisions 11 and 13, for a personal care assistant or a qualified professional as defined in section 256B.0659, subdivision 1.
(f) If the commissioner has reason to believe, based on arrest information or an active maltreatment investigation, that an individual poses an imminent risk of harm to persons receiving services, the commissioner may order that the person be continuously supervised or immediately removed pending the conclusion of the maltreatment investigation or criminal proceedings.

Sec. 16. Minnesota Statutes 2018, section 245C.16, subdivision 2, is amended to read:

Subd. 2. Findings. (a) After evaluating the information immediately available under subdivision 1, the commissioner may have reason to believe one of the following:

(1) the individual poses an imminent risk of harm to persons served by the program where the individual studied will have direct contact or access to persons served by the program or where the individual studied will work;

(2) the individual poses a risk of harm requiring continuous, direct supervision while providing direct contact services during the period in which the subject may request a reconsideration; or

(3) the individual does not pose an imminent risk of harm or a risk of harm requiring continuous, direct supervision while providing direct contact services during the period in which the subject may request a reconsideration.

(b) After determining an individual's risk of harm under this section, the commissioner must notify the subject of the background study and the applicant or license holder as required under section 245C.17.

(c) For Title IV-E eligible children's residential facilities and foster residence settings, the commissioner is prohibited from making the findings in paragraph (a), clause (2) or (3).

Sec. 17. Minnesota Statutes 2018, section 245C.17, subdivision 1, is amended to read:

Subdivision 1. Time frame for notice of study results and auditing system access. (a) Within three working days after the commissioner's receipt of a request for a background study submitted through the commissioner's NETStudy or NETStudy 2.0 system, the commissioner shall notify the background study subject and the license holder or other entity as provided in this chapter in writing or by electronic transmission of the results of the study or that more time is needed to complete the study. The notice to the individual shall include the identity of the entity that initiated the background study.

(b) Before being provided access to NETStudy 2.0, the license holder or other entity under section 245C.04 shall sign an acknowledgment of responsibilities form developed
by the commissioner that includes identifying the sensitive background study information
person, who must be an employee of the license holder or entity. All queries to NETStudy
2.0 are electronically recorded and subject to audit by the commissioner. The electronic
record shall identify the specific user. A background study subject may request in writing
to the commissioner a report listing the entities that initiated a background study on the
individual.

(c) When the commissioner has completed a prior background study on an individual
that resulted in an order for immediate removal and more time is necessary to complete a
subsequent study, the notice that more time is needed that is issued under paragraph (a)
shall include an order for immediate removal of the individual from any position allowing
direct contact with or access to people receiving services and from working in a children's
residential facility or foster residence setting pending completion of the background study.

Sec. 18. Minnesota Statutes 2018, section 245C.17, is amended by adding a subdivision
to read:

Subd. 7. Disqualification notice to children's residential facilities and foster residence
settings. (a) For children's residential facilities and foster residence settings, all notices
under this section that order the license holder to immediately remove the individual studied
from any position allowing direct contact with, or access to a person served by the program,
must also order the license holder to immediately remove the individual studied from working
in the program, facility, or setting.

(b) For Title IV-E eligible children's residential facilities and foster residence settings,
notices under this section must not allow an individual to work in the program, facility, or
setting under supervision.

Sec. 19. Minnesota Statutes 2018, section 245C.18, is amended to read:

245C.18 OBLIGATION TO REMOVE DISQUALIFIED INDIVIDUAL FROM

Sec. 21. Minnesota Statutes 2018, section 245D.06, subdivision 2, is amended to read:

Subd. 2. Environment and safety. The license holder must:

(1) ensure the following when the license holder is the owner, lessor, or tenant of the
service site:

(i) the service site is a safe and hazard-free environment;

(ii) that toxic substances or dangerous items are inaccessible to persons served by the
program only to protect the safety of a person receiving services when a known safety threat
exists and not as a substitute for staff supervision or interactions with a person who is
receiving services. If toxic substances or dangerous items are made inaccessible, the license
holder must document an assessment of the physical plant, its environment, and its population
identifying the risk factors which require toxic substances or dangerous items to be
inaccessible and a statement of specific measures to be taken to minimize the safety risk to
persons receiving services and to restore accessibility to all persons receiving services at
the service site;

(iii) doors are locked from the inside to prevent a person from exiting only when necessary
to protect the safety of a person receiving services and not as a substitute for staff supervision
or interactions with the person. If doors are locked from the inside, the license holder must
document an assessment of the physical plant, the environment and the population served,
identifying the risk factors which require the use of locked doors, and a statement of specific
measures to be taken to minimize the safety risk to persons receiving services at the service
site; and

(iv) a staff person is available at the service site who is trained in basic first aid and,
when required in a person's coordinated service and support plan or coordinated service
and support plan addendum, cardiopulmonary resuscitation (CPR) whenever persons are
present and staff are required to be at the site to provide direct support service. The CPR
training must include instruction, hands-on practice, and an observed skills assessment
under the direct supervision of a CPR instructor; and

(v) that sharpened or metal knives are presumed to be inaccessible to an individual
 provisionally discharged from a commitment as mentally ill and dangerous who is residing
 in a licensed state-operated community-based program and whose provisional discharge
 plan restricts access to inherently dangerous instruments, including but not limited to knives,
firearms, and explosives or incendiary material or devices, unless unsupervised access is
approved by the individual, county case manager, and the individual’s support team. Approval
must be reflected in the coordinated service and support plan, the coordinated service and
support plan addendum, or the self-management assessment. This provision does not apply
to an individual who has been fully discharged from a commitment;

(2) maintain equipment, vehicles, supplies, and materials owned or leased by the license
holder in good condition when used to provide services;

(3) follow procedures to ensure safe transportation, handling, and transfers of the person
and any equipment used by the person, when the license holder is responsible for
transformation of a person or a person's equipment;

(4) be prepared for emergencies and follow emergency response procedures to ensure
the person's safety in an emergency; and

(5) follow universal precautions and sanitary practices, including hand washing, for

Sec. 22. Minnesota Statutes 2018, section 245D.10, subdivision 3a, is amended to read:

Subd. 3a. Service termination. (a) The license holder must establish policies and
procedures for service termination that promote continuity of care and service coordination
with the person and the case manager and with other licensed caregivers, if any, who also
provide support to the person. The policy must include the requirements specified in
paragraphs (b) to (f).

(b) The license holder must permit each person to remain in the program and must not
terminate services unless:

(1) the termination is necessary for the person's welfare and the facility cannot meet the
person's needs; cannot be met in the facility;

(2) the safety of the person or others in the program is endangered and positive support
strategies were attempted and have not achieved and effectively maintained safety for the
person or others;

(3) the health of the person or others in the program would otherwise be endangered;

(4) the program has not been paid for services;

(5) the program ceases to operate; or

(6) the person has been terminated by the lead agency from waiver eligibility; or
(7) for state-operated community-based services, the person no longer demonstrates complex behavioral needs that cannot be met by private community-based providers identified in section 252.50, subdivision 5, paragraph (a), clause (1).

(c) Prior to giving notice of service termination, the license holder must document actions taken to minimize or eliminate the need for termination. Action taken by the license holder must include, at a minimum:

(1) consultation with the person's support team or expanded support team to identify and resolve issues leading to issuance of the termination notice; and

(2) a request to the case manager for intervention services identified in section 245D.03, subdivision 1, paragraph (c), clause (1), or other professional consultation or intervention services to support the person in the program. This requirement does not apply to notices of service termination issued under paragraph (b), clause (4), clauses (4) and (7); and

(3) for state-operated community-based services terminating services under paragraph (b), clause (7), the state-operated community-based services must engage in consultation with the person's support team or expanded support team to:

(i) identify that the person no longer demonstrates complex behavioral needs that cannot be met by private community-based providers identified in section 252.50, subdivision 5, paragraph (a), clause (1);

(ii) provide notice of intent to issue a termination of services to the lead agency when a finding has been made that a person no longer demonstrates complex behavioral needs that cannot be met by private community-based providers identified in section 252.50, subdivision 5, paragraph (a), clause (1);

(iii) assist the lead agency and case manager in developing a person-centered transition plan to a private community-based provider to ensure continuity of care; and

(iv) coordinate with the lead agency to ensure the private community-based service provider is able to meet the person's needs and criteria established in a person's person-centered transition plan.

If, based on the best interests of the person, the circumstances at the time of the notice were such that the license holder was unable to take the action specified in clauses (1) and (2), the license holder must document the specific circumstances and the reason for being unable to do so.

(d) The notice of service termination must meet the following requirements:
(1) the license holder must notify the person or the person's legal representative and the case manager in writing of the intended service termination. If the service termination is from residential supports and services as defined in section 245D.03, subdivision 1, paragraph (c), clause (3), the license holder must also notify the commissioner in writing; and

(2) the notice must include:

(i) the reason for the action;

(ii) except for a service termination under paragraph (b), clause (5), a summary of actions taken to minimize or eliminate the need for service termination or temporary service suspension as required under paragraph (c), and why these measures failed to prevent the termination or suspension;

(iii) the person's right to appeal the termination of services under section 256.045, subdivision 3, paragraph (a); and

(iv) the person's right to seek a temporary order staying the termination of services according to the procedures in section 256.045, subdivision 4a or 6, paragraph (c).

(e) Notice of the proposed termination of service, including those situations that began with a temporary service suspension, must be given at least 90 days prior to termination of services under paragraph (b), clause (7), 60 days prior to termination when a license holder is providing intensive supports and services identified in section 245D.03, subdivision 1, paragraph (c), and 30 days prior to termination for all other services licensed under this chapter. This notice may be given in conjunction with a notice of temporary service suspension under subdivision 3.

(f) During the service termination notice period, the license holder must:

(1) work with the support team or expanded support team to develop reasonable alternatives to protect the person and others and to support continuity of care;

(2) provide information requested by the person or case manager; and

(3) maintain information about the service termination, including the written notice of intended service termination, in the service recipient record.

(g) For notices issued under paragraph (b), clause (7), the lead agency shall provide notice to the commissioner and state-operated services at least 30 days before the conclusion of the 90-day termination period, if an appropriate alternative provider cannot be secured. Upon receipt of this notice, the commissioner and state-operated services shall reassess whether a private community-based service can meet the person's needs. If the commissioner
determines that a private provider can meet the person's needs, state-operated services shall, if necessary, extend notice of service termination until placement can be made. If the commissioner determines that a private provider cannot meet the person's needs, state-operated services shall rescind the notice of service termination and re-engage with the lead agency in service planning for the person.

(h) For state-operated community-based services, the license holder shall prioritize the capacity created within the existing service site by the termination of services under paragraph (b), clause (7), to serve persons described in section 252.50, subdivision 5, paragraph (a), clause (1).

If a patient's medical condition prevents a comprehensive assessment from being completed within 72 hours, the license holder must document why the assessment was not completed. The comprehensive assessment must include documentation of the appropriateness of an involuntary referral through the civil commitment process.

(b) If available to the program, a patient's previous comprehensive assessment may be used in the patient record. The review must be completed by a staff person qualified according to section 245G.11, subdivision 5. The license holder must document that the review was completed and that the previously completed assessment is accurate and current, or the license holder must complete an updated or new assessment.

(b) Except when the commissioner finds good cause not to suspend payments under
Code of Federal Regulations, title 42, section 455.23 (e) or (f), the commissioner shall
withhold or reduce payments to a vendor of medical care without providing advance notice
of such withholding or reduction if either of the following occurs:

4. identify the types of claims to which the withholding applies; and
5. inform the vendor of the right to submit written evidence for consideration by the commissioner.

The withholding or reduction of payments will not continue after the commissioner determines there is insufficient evidence of fraud by the vendor, or after legal proceedings relating to the alleged fraud are completed, unless the commissioner has sent notice of intention to impose monetary recovery or sanctions under paragraph (a). Upon conviction for a crime related to the provision, management, or administration of a health service under medical assistance, a payment held pursuant to this section by the commissioner or a managed care organization that contracts with the commissioner under section 256B.035 is forfeited to the commissioner or managed care organization, regardless of the amount charged in the criminal complaint or the amount of criminal restitution ordered.

(d) The commissioner shall suspend or terminate a vendor's participation in the program without providing advance notice and an opportunity for a hearing when the suspension or termination is required because of the vendor's exclusion from participation in Medicare. Within five days of taking such action, the commissioner must send notice of the suspension or termination. The notice must:

1. state that suspension or termination is the result of the vendor's exclusion from Medicare;
identify the effective date of the suspension or termination; and

(3) inform the vendor of the need to be reinstated to Medicare before reapplying for participation in the program.

The commissioner may assess fines if specific required components of documentation are missing. The fine for incomplete documentation shall equal 20 percent of the amount paid on the claims for reimbursement submitted by the vendor, or up to $5,000, whichever is less. If the commissioner determines that a vendor repeatedly violated this chapter, chapter 254B or 245G, or Minnesota Rules, chapter 9505, related to the provision of services to program recipients and the submission of claims for payment, the commissioner may order a vendor to forfeit a fine based on the nature, severity, and chronicity of the violations, in an amount of up to $5,000 or 20 percent of the value of the claims, whichever is greater.

In establishing the assessment tool, the commissioner must design the tool so that the levels applicable to the portions of the assessment other than the extraordinary levels can accommodate the requirements of this subdivision.

(b) These extraordinary levels are available when all of the following circumstances apply:

1. The child has extraordinary needs as determined by the assessment tool provided for under subdivision 2, and the child meets other requirements established by the commissioner, such as a minimum score on the assessment tool;

2. The child's extraordinary needs require extraordinary care and intense supervision that is provided by the child's caregiver as part of the parental duties as described in the supplemental difficulty of care rate, section 256N.02, subdivision 21. This extraordinary care provided by the caregiver is required so that the child can be safely cared for in the home and community, and prevents residential placement;

(c) The agency completing an assessment, under subdivision 2, that suggests an
extraordinary level must document as part of the assessment, the following:

(1) the assessment tool that determined that the child's needs or disabilities require
extraordinary care and intense supervision;

(2) a summary of the extraordinary care and intense supervision that is provided by the
caregiver as part of the parental duties as described in the supplemental difficulty of care
rate, section 256N.02, subdivision 21;

(3) confirmation that the child is currently physically residing in the foster family setting
or in the home with the foster parent, adoptive parent, or relative custodian;

(4) the efforts of the agency, caregiver, parents, and others to request support services
in the home and community that would ease the degree of parental duties provided by the
caregiver for the care and supervision of the child. This would include documentation of
the services provided for the child's needs or disabilities, and the services that were denied
or not available from the local social service agency, community agency, the local school
district, local public health department, the parent, or child's medical insurance provider;

(5) the specific support gap identified that places the child's safety and well-being at risk
in the home or community and is necessary to prevent residential placement; and

(6) the extraordinary care and intense supervision provided by the foster, adoptive, or
guardianship caregivers to maintain the child safely in the child's home and prevent residential
placement that cannot be supported by medical assistance or other programs that provide
services, necessary care for children with disabilities, or other medical or behavioral
conditions in the home or community.

(d) An agency completing an assessment under subdivision 2 that suggests an
extraordinary level is appropriate must forward the assessment and required documentation
to the commissioner. If the commissioner approves, the extraordinary levels must be

(d)(1) If the parent or guardian has maintained contact with the child and is complying with the court-ordered out-of-home placement plan, and if the child would benefit from reunification with the parent, the court may either:

(i) return the child home, if the conditions which led to the out-of-home placement have been sufficiently mitigated that it is safe and in the child's best interests to return home; or

(iii) to file a petition to support an order for the legally permanent placement plan.

Following the review under this section:

(1) if the court has either returned the child home or continued the matter up to a total of six additional months, the agency shall continue to provide services to support the child's return home or to make reasonable efforts to achieve reunification of the child and the parent as ordered by the court under an approved case plan;

(2) if the court orders the agency to develop a plan for the transfer of permanent legal and physical custody of the child to a relative, a petition supporting the plan shall be filed in juvenile court within 30 days of the hearing required under this section and a trial on the petition held within 60 days of the filing of the pleadings; or

(3) if the court orders the agency to file a termination of parental rights, unless the county attorney can show cause why a termination of parental rights petition should not be filed, a petition for termination of parental rights shall be filed in juvenile court within 30 days of the hearing required under this section and a trial on the petition held within 60 days of the filing of the petition.

The parent or parents may also receive assistance from any person or social services agency in preparation of the case plan.

After the plan has been agreed upon by the parties involved or approved or ordered by the court, the foster parents shall be fully informed of the provisions of the case plan and shall be provided a copy of the plan.

Upon discharge from foster care, the parent, adoptive parent, or permanent legal and physical custodian, as appropriate, and the child, if appropriate, must be provided with a current copy of the child's health and education record.

(2) when the agency places a child in a qualified residential treatment program as defined in section 260C.007, subdivision 26d, or moves a child from one qualified residential treatment program to a different qualified residential treatment program, the agency must update the out-of-home placement plan within 60 days. The agency must file the out-of-home placement plan with the court at the next required review hearing; and

(4) under sections 260C.227 and 260C.521, the agency must update the out-of-home placement plan and file the plan with the court.

(b) When none of the items in paragraph (a) apply, the agency must update the out-of-home placement plan no later than 180 days after the child's initial placement and every six months thereafter, consistent with section 260C.203, paragraph (a).

Sec. 75. Minnesota Statutes 2019 Supplement, section 260C.212, subdivision 2, is amended to read:

Subd. 2. Placement decisions based on best interests of the child. (a) The policy of the state of Minnesota is to ensure that the child's best interests are met by requiring an individualized determination of the needs of the child and of how the selected placement

Article 3 Sec. 75. 105
will serve the needs of the child being placed. The authorized child-placing agency shall place a child, released by court order or by voluntary release by the parent or parents, in a family foster home selected by considering placement with relatives and important friends in the following order:

(1) with an individual who is related to the child by blood, marriage, or adoption; or

(2) with an individual who is an important friend with whom the child has resided or had significant contact.

For an Indian child, the agency shall follow the order of placement preferences in the Indian Child Welfare Act of 1978, United States Code, title 25, section 1915.

(b) Among the factors the agency shall consider in determining the needs of the child are the following:

(1) the child's current functioning and behaviors;

(2) the medical needs of the child;

(3) the educational needs of the child;

(4) the developmental needs of the child;

(5) the child's history and past experience;

(6) the child's religious and cultural needs;

(7) the child's connection with a community, school, and faith community;

(8) the child's interests and talents;

(9) the child's relationship to current caretakers, parents, siblings, and relatives;

(10) the reasonable preference of the child, if the court, or the child-placing agency in the case of a voluntary placement, deems the child to be of sufficient age to express preferences; and

(11) for an Indian child, the best interests of an Indian child as defined in section 260.755, subdivision 2a.

(c) Placement of a child cannot be delayed or denied based on race, color, or national origin of the foster parent or the child.

(d) Siblings should be placed together for foster care and adoption at the earliest possible time unless it is documented that a joint placement would be contrary to the safety or well-being of any of the siblings or unless it is not possible after reasonable efforts by the
responsible social services agency. In cases where siblings cannot be placed together, the
agency is required to provide frequent visitation or other ongoing interaction between
siblings unless the agency documents that the interaction would be contrary to the safety
or well-being of any of the siblings.

(e) Except for emergency placement as provided for in section 245A.035, the following
requirements must be satisfied before the approval of a foster or adoptive placement in a
related or unrelated home: (1) a completed background study under section 245C.08; and
(2) a completed review of the written home study required under section 260C.215,
subdivision 4, clause (5), or 260C.611, to assess the capacity of the prospective foster or
adoptive parent to ensure the placement will meet the needs of the individual child.

(f) The agency must determine whether colocation with a parent who is receiving services
in a licensed residential family-based substance use disorder treatment program is in the
child's best interests according to paragraph (b) and include that determination in the child's
case plan under subdivision 1. The agency may consider additional factors not identified
in paragraph (b). The agency's determination must be documented in the child's case plan
before the child is colocated with a parent.

(g) The agency must establish a juvenile treatment screening team under section 260C.157
to determine whether it is necessary and appropriate to recommend placing a child in a
qualified residential treatment program, as defined in section 260C.007, subdivision 26d.

EFFECTIVE DATE. This section is effective September 30, 2021.

Sec. 76. Minnesota Statutes 2018, section 260C.212, subdivision 4a, is amended to read:

Subd. 4a. Monthly caseworker visits. (a) Every child in foster care or on a trial home
visit shall be visited by the child's caseworker or another person who has responsibility for
visitation of the child on a monthly basis, with the majority of visits occurring in the child's
residence. The responsible social services agency may designate another person responsible
for monthly case visits. For the purposes of this section, the following definitions apply:

(1) "visit" is defined as a face-to-face contact between a child and the child's caseworker;
(2) "visited on a monthly basis" is defined as at least one visit per calendar month;
(3) "the child's caseworker" is defined as the person who has responsibility for managing
the child's foster care placement case as assigned by the responsible social
agency; and
"another person" means the professional staff whom the responsible social services agency has assigned in the out-of-home placement plan or case plan. Another person must be professionally trained to assess the child's safety, permanency, well-being, and case progress. The agency may not designate the guardian ad litem, the child foster care provider, residential facility staff, or a qualified individual as defined in section 260C.007, subdivision 26b, as another person; and

"the child's residence" is defined as the home where the child is residing, and can include the foster home, child care institution, or the home from which the child was removed if the child is on a trial home visit.

Caseworker visits shall be of sufficient substance and duration to address issues pertinent to case planning and service delivery to ensure the safety, permanency, and well-being of the child, including whether the child is enrolled and attending school as required by law.

EFFECTIVE DATE. This section is effective September 30, 2021.

Sec. 77. Minnesota Statutes 2018, section 260C.227, is amended to read:

260C.227 VOLUNTARY FOSTER CARE; REQUIRED COURT REVIEW.

(a) When the responsible social services agency and the child's parent or guardian agree that the child's safety, health, and best interests require that the child be in foster care, the agency and the parent or guardian may enter into a voluntary agreement for the placement of the child in foster care. The voluntary agreement must be in writing and in a form approved by the commissioner.

(b) When the child has been placed in foster care pursuant to a voluntary foster care agreement between the agency and the parent, under this section and the child is not returned home within 90 days after initial placement in foster care, the agency responsible for the child's placement in foster care shall:

(1) return the child to the home of the parent or parents; or

(2) file a petition according to section 260C.141, subdivision 1 or 2, which may:

(i) ask the court to review the child's placement in foster care and approve it as continued voluntary foster care for up to an additional 90 days;

(ii) ask the court to order continued foster care according to sections 260C.178 and 260C.201; or

(iii) ask the court to terminate parental rights under section 260C.301.
(3) The out-of-home placement plan must be updated and filed along with the petition.

(e) If the court approves continuing the child in foster care for up to 90 more days on a voluntary basis, at the end of the court-approved 90-day period, the child must be returned to the parent's home. If the child is not returned home, the responsible social services agency must proceed on the petition filed alleging the child in need of protection or services or the petition for termination of parental rights or other permanent placement of the child away from the parent. The court must find a statutory basis to order the placement of the child under section 260C.178; 260C.201; 260C.503 to 260C.521; or 260C.317.

(d) If the child is placed in a qualified residential treatment program, the placement must follow the requirements of sections 260C.70 to 260C.714.

Sec. 78. Minnesota Statutes 2018, section 260C.4412, is amended to read:

260C.4412 PAYMENT FOR RESIDENTIAL PLACEMENTS.

Daily supervision in the group residential setting includes routine day-to-day direction and arrangements to ensure the well-being and safety of the child. It may also include reasonable costs of administration and operation of the facility.

(b) The commissioner of human services shall specify the title IV-E administrative procedures under section 256.82 for each of the following residential program settings:

**EFFECTIVE DATE.** This section is effective September 30, 2021.

Sec. 79. Minnesota Statutes 2018, section 260C.503, is amended by adding a subdivision to read:

Subd. 4. **Qualified residential treatment program; permanency hearing requirements.** When a child is placed in a qualified residential treatment program as defined in section 260C.007, subdivision 26d, the responsible social services agency must submit evidence to the court as specified in section 260C.712.

**EFFECTIVE DATE.** This section is effective September 30, 2021.

Sec. 80. **[260C.70] CITATION.**

Sections 260C.70 to 260C.714 may be cited as "Placements in Qualified Residential Treatment Programs." Sections 260C.70 to 260C.714 implement the requirements of the Family First Prevention Services Act of 2018, Public Law 115-123, and apply to children for whom the juvenile treatment screening team under section 260C.157, subdivision 3, recommends placement in a qualified residential treatment program.

**EFFECTIVE DATE.** This section is effective September 30, 2021.

Sec. 81. **[260C.702] REQUIREMENTS FOR PLACEMENTS IN QUALIFIED RESIDENTIAL TREATMENT PROGRAMS.**

For the responsible social services agency to place a child in a qualified residential treatment program, there must be:

(1) an assessment by a qualified individual of whether it is necessary and appropriate to place the child at a qualified residential treatment program under section 260C.704;

(2) a family and permanency team under section 260C.706;

(3) an out-of-home placement plan under section 260C.708;

(4) court approval of a child's placement in a qualified residential treatment program under section 260C.71;

(5) ongoing reviews and permanency hearings under section 260C.712; and
(6) a court review of any extended placement of the child in a qualified residential treatment program under section 260C.714.

**EFFECTIVE DATE.** This section is effective September 30, 2021.

Sec. 82. **[260C.704]** REQUIREMENTS FOR THE QUALIFIED INDIVIDUAL’S ASSESSMENT OF THE CHILD FOR PLACEMENT IN A QUALIFIED RESIDENTIAL TREATMENT PROGRAM.

(a) A qualified individual must complete an assessment of the child prior to or within 30 days of the child's placement in a qualified residential treatment program in a format approved by the commissioner of human services, and must:

(1) assess the child's needs and strengths, using an age-appropriate, evidence-based, validated, functional assessment approved by the commissioner of human services;

(2) determine whether the child's needs can be met by the child's family members or through placement in a family foster home; or, if not, determine which residential setting would provide the child with the most effective and appropriate level of care to the child in the least restrictive environment;

(3) develop a list of short- and long-term mental and behavioral health goals for the child; and

(4) work with the child's family and permanency team using culturally competent practices.

(b) The child and the child's parents, when appropriate, may request that a specific culturally competent qualified individual complete the child's assessment. The agency shall make efforts to refer the child to the identified qualified individual to complete the assessment. The assessment must not be delayed for a specific qualified individual to complete the assessment.

(c) The qualified individual must provide the assessment, when complete, to the responsible social services agency, the child's parents or legal guardians, the guardian ad litem, and the court as required in section 260C.71. If court rules and chapter 13 permit disclosure of the results of the child's assessment, the agency may share the results of the child's assessment with the child's foster care provider, other members of the child's family, and the family and permanency team. The agency must not share the child's private medical data with the family and permanency team unless: (1) chapter 13 permits the agency to disclose the child's private medical data to the family and permanency team; or (2) the child's...
parent has authorized the agency to disclose the child's private medical data to the family
and permanency team.

(d) For an Indian child, the assessment of the child must follow the order of placement
1915.

(e) In the assessment determination, the qualified individual must specify in writing:
(1) the reasons why the child's needs cannot be met by the child's family or in a family
foster home. A shortage of family foster homes is not an acceptable reason for determining
that a family foster home cannot meet a child's needs;
(2) why the recommended placement in a qualified residential treatment program will
provide the child with the most effective and appropriate level of care to meet the child's
needs in the least restrictive environment possible and how placing the child at the treatment
program is consistent with the short-term and long-term goals of the child's permanency
plan; and
(3) if the qualified individual's placement recommendation is not the placement setting
that the parent, family and permanency team, child, or tribe prefer, the qualified individual
must identify the reasons why the qualified individual does not recommend the parent's,
family and permanency team's, child's, or tribe's placement preferences. The out-of-home
placement plan under section 260C.708 must also include reasons why the qualified
individual did not recommend the preferences of the parents, family and permanency team,
child, or tribe.

(f) If the qualified individual determines that the child's family or a family foster home
or other less restrictive placement may meet the child's needs, the agency must move the
child out of the qualified residential treatment program and transition the child to a less
restrictive setting within 30 days of the determination.

EFFECTIVE DATE. This section is effective September 30, 2021.

Sec. 83. [260C.706] FAMILY AND PERMANENCY TEAM REQUIREMENTS.

(a) When the responsible social services agency's juvenile treatment screening team, as
defined in section 260C.157, recommends placing the child in a qualified residential treatment
program, the agency must assemble a family and permanency team within ten days.

(1) The team must include all appropriate biological family members, the child's parents,
legal guardians or custodians, foster care providers, and relatives as defined in section
260C.007, subdivisions 26c and 27, and professionals, as appropriate, who are a resource to the child's family, such as teachers, medical or mental health providers, or clergy.

(2) When a child is placed in foster care prior to the qualified residential treatment program, the agency shall include relatives responding to the relative search notice as required under section 260C.221 on this team, unless the juvenile court finds that contacting a specific relative would endanger the parent, guardian, child, sibling, or any other family member.

(3) When a qualified residential treatment program is the child's initial placement setting, the responsible social services agency must engage with the child and the child's parents to determine the appropriate family and permanency team members.

(4) When the permanency goal is to reunify the child with the child's parent or legal guardian, the purpose of the relative search and focus of the family and permanency team is to preserve family relationships and identify and develop supports for the child and parents.

(5) The responsible agency must make a good faith effort to identify and assemble all appropriate individuals to be part of the child's family and permanency team and request input from the parents regarding relative search efforts consistent with section 260C.221. The out-of-home placement plan in section 260C.708 must include all contact information for the team members, as well as contact information for family members or relatives who are not a part of the family and permanency team.

(6) If the child is age 14 or older, the team must include members of the family and permanency team that the child selects in accordance with section 260C.212, subdivision 1, paragraph (b).

(7) Consistent with section 260C.221, a responsible social services agency may disclose relevant and appropriate private data about the child to relatives in order for the relatives to participate in caring and planning for the child's placement.

(8) If the child is an Indian child under section 260.751, the responsible social services agency must make active efforts to include the child's tribal representative on the family and permanency team.

(b) The family and permanency team shall meet regarding the assessment required under section 260C.704 to determine whether it is necessary and appropriate to place the child in a qualified residential treatment program and to participate in case planning under section 260C.708.
(c) When reunification of the child with the child's parent or legal guardian is the permanency plan, the family and permanency team shall support the parent-child relationship by recognizing the parent's legal authority, consulting with the parent regarding ongoing planning for the child, and assisting the parent with visiting and contacting the child.

(d) When the agency's permanency plan is to transfer the child's permanent legal and physical custody to a relative or for the child's adoption, the team shall:

(1) coordinate with the proposed guardian to provide the child with educational services, medical care, and dental care;

(2) coordinate with the proposed guardian, the agency, and the foster care facility to meet the child's treatment needs after the child is placed in a permanent placement with the proposed guardian;

(3) plan to meet the child's need for safety, stability, and connection with the child's family and community after the child is placed in a permanent placement with the proposed guardian; and

(4) in the case of an Indian child, communicate with the child's tribe to identify necessary and appropriate services for the child, transition planning for the child, the child's treatment needs, and how to maintain the child's connections to the child's community, family, and tribe.

(e) The agency shall invite the family and permanency team to participate in case planning and the agency shall give the team notice of court reviews under sections 260C.152 and 260C.221 until: (1) the child is reunited with the child's parents; or (2) the child's foster care placement ends and the child is in a permanent placement.

EFFECTIVE DATE. This section is effective September 30, 2021.

Sec. 84. [260C.708] OUT-OF-HOME PLACEMENT PLAN FOR QUALIFIED RESIDENTIAL TREATMENT PROGRAM PLACEMENTS.

(a) When the responsible social services agency places a child in a qualified residential treatment program as defined in section 260C.007, subdivision 26d, the out-of-home placement plan must include:

(1) the case plan requirements in section 260.212, subdivision 1;

(2) the reasonable and good faith efforts of the responsible social services agency to identify and include all of the individuals required to be on the child's family and permanency team under section 260C.007;
(3) all contact information for members of the child's family and permanency team and
for other relatives who are not part of the family and permanency team;

(4) evidence that the agency scheduled meetings of the family and permanency team,
including meetings relating to the assessment required under section 260C.704, at a time
and place convenient for the family;

(5) when reunification of the child with the child's parent or legal guardian is the agency's
goal, evidence demonstrating that the parent or legal guardian provided input about the
members of the family and permanency team under section 260C.706;

(6) when the agency's permanency goal is to reunify the child with the child's parent or
legal guardian, the out-of-home placement plan must identify services and supports that
maintain the parent-child relationship and the parent's legal authority, decision-making, and
responsibility for ongoing planning for the child. In addition, the agency must assist the
parent with visiting and contacting the child;

(7) when the agency's permanency goal is to transfer permanent legal and physical
custody of the child to a proposed guardian or to finalize the child's adoption, the case plan
must document the agency's steps to transfer permanent legal and physical custody of the
child or finalize adoption, as required in section 260C.212, subdivision 1, paragraph (c),
clauses (6) and (7); and

(8) the qualified individual's recommendation regarding the child's placement in a
qualified residential treatment program and the court approval or disapproval of the placement
as required in section 260C.71.

(b) If the placement preferences of the family and permanency team, child, and tribe, if
applicable, are not consistent with the placement setting that the qualified individual
recommends, the case plan must include the reasons why the qualified individual did not
recommend following the preferences of the family and permanency team, child, and the
tribe.

(c) The agency must file the out-of-home placement plan with the court as part of the
60-day hearing under section 260C.71.

EFFECTIVE DATE. This section is effective September 30, 2021.

- Sec. 85. [260C.71] COURT APPROVAL REQUIREMENTS.

(a) Within 60 days from the beginning of each placement in a qualified residential
treatment program, the court must:
(1) consider the qualified individual's assessment of whether it is necessary and appropriate to place the child in a qualified residential treatment program under section 260C.704;

(2) determine whether a family foster home can meet the child's needs, whether it is necessary and appropriate to place a child in a qualified residential treatment program that is the least restrictive environment possible, and whether the child's placement is consistent with the child's short and long term goals as specified in the permanency plan; and

(3) approve or disapprove of the child's placement.

(b) In the out-of-home placement plan, the agency must document the court's approval or disapproval of the placement, as specified in section 260C.708.

EFFECTIVE DATE. This section is effective September 30, 2021.

Sec. 86. [260C.712] ONGOING REVIEWS AND PERMANENCY HEARING REQUIREMENTS.

As long as a child remains placed in a qualified residential treatment program, the responsible social services agency shall submit evidence at each administrative review under section 260C.203; each court review under sections 260C.202, 260C.203, and 260C.204; and each permanency hearing under section 260C.515, 260C.519, or 260C.521, that:

(1) demonstrates that an ongoing assessment of the strengths and needs of the child continues to support the determination that the child's needs cannot be met through placement in a family foster home;

(2) demonstrates that the placement of the child in a qualified residential treatment program provides the most effective and appropriate level of care for the child in the least restrictive environment;

(3) demonstrates how the placement is consistent with the short-term and long-term goals for the child, as specified in the child's permanency plan;

(4) documents how the child's specific treatment or service needs will be met in the placement;

(5) documents the length of time that the agency expects the child to need treatment or services; and

(6) documents the responsible social services agency's efforts to prepare the child to return home or to be placed with a fit and willing relative, legal guardian, adoptive parent, or foster family.

117.4 (b) The commissioner shall specify the procedures and requirements for the agency's review and approval of a child's extended qualified residential treatment program placement. Subd. 10. Notification. (a) All persons admitted or committed to a treatment facility or state-operated treatment program, or temporarily confined under section 253B.045, shall be notified in writing of their rights regarding hospitalization and other treatment at the time of admission.

(b) This notification must include:

(1) patient rights specified in this section and section 144.651, including nursing home discharge rights;
(2) the right to obtain treatment and services voluntarily under this chapter;
(3) the right to voluntary admission and release under section 253B.04;
(4) rights in case of an emergency admission under section 253B.05, including the right to documentation in support of an emergency hold and the right to a summary hearing before a judge if the patient believes an emergency hold is improper;
(5) the right to request expedited review under section 62M.05 if additional days of inpatient stay are denied;
(6) the right to continuing benefits pending appeal and to an expedited administrative hearing under section 256.045 if the patient is a recipient of medical assistance or MinnesotaCare; and
(7) the right to an external appeal process under section 62Q.73, including the right to a second opinion.

Sec. 25. Minnesota Statutes 2018, section 253B.04, subdivision 1, is amended to read:

Subdivision 1. Voluntary admission and treatment. (a) Voluntary admission is preferred over involuntary commitment and treatment. Any person 16 years of age or older may request to be admitted to a treatment facility or state-operated treatment program as a voluntary patient for observation, evaluation, diagnosis, care and treatment without making formal written application. Any person under the age of 16 years may be admitted as a patient with the consent of a parent or legal guardian if it is determined by independent examination that there is reasonable evidence that (1) the proposed patient has a mental illness, or is developmentally disabled, developmental disability, or chemically dependent chemical dependency; and (2) the proposed patient is suitable for treatment. The head of the treatment facility or head of the state-operated treatment program shall not arbitrarily refuse any person seeking admission as a voluntary patient. In making decisions regarding

Article 4 Sec. 25.
admissions, the treatment facility or state-operated treatment program shall use clinical admission criteria consistent with the current applicable inpatient admission standards established by professional organizations including the American Psychiatric Association, the American Academy of Child and Adolescent Psychiatry, the Joint Commission, and the American Society of Addiction Medicine. These criteria must be no more restrictive than, and must be consistent with, the requirements of section 62Q.53. The treatment facility or head of the state-operated treatment program may not refuse to admit a person voluntarily solely because the person does not meet the criteria for involuntary holds under section 253B.05 or 253B.051 or the definition of a person who poses a risk of harm due to mental illness under section 253B.02, subdivision 13.

(b) In addition to the consent provisions of paragraph (a), a person who is 16 or 17 years of age who refuses to consent personally to admission may be admitted as a patient for mental illness or chemical dependency treatment with the consent of a parent or legal guardian if it is determined by an independent examination that there is reasonable evidence that the proposed patient is chemically dependent or has a mental illness and is suitable for treatment. The person conducting the examination shall notify the proposed patient and the parent or legal guardian of this determination.

(c) A person who is voluntarily participating in treatment for a mental illness is not subject to civil commitment under this chapter if the person:

(1) has given informed consent or, if lacking capacity, is a person for whom legally valid substitute consent has been given; and

(2) is participating in a medically appropriate course of treatment, including clinically appropriate and lawful use of neuroleptic medication and electroconvulsive therapy. The limitation on commitment in this paragraph does not apply if, based on clinical assessment, the court finds that it is unlikely that the person will remain in and cooperate with a medically appropriate course of treatment absent commitment and the standards for commitment are otherwise met. This paragraph does not apply to a person for whom commitment proceedings are initiated pursuant to rule 20.01 or 20.02 of the Rules of Criminal Procedure, or a person found by the court to meet the requirements under section 253B.02, subdivision 17.

(d) Legally valid substitute consent may be provided by a proxy under a health care directive, a guardian or conservator with authority to consent to mental health treatment, or consent to admission under subdivision 1a or 1b.
Sec. 26. Minnesota Statutes 2018, section 253B.04, subdivision 1a, is amended to read:

Subd. 1a. Voluntary treatment or admission for persons with a mental illness. (a) A person with a mental illness may seek or voluntarily agree to accept treatment or admission to a state-operated treatment program or treatment facility. If the mental health provider determines that the person lacks the capacity to give informed consent for the treatment or admission, and in the absence of a health care power of attorney directive or health care power of attorney that authorizes consent, the designated agency or its designee may give informed consent for mental health treatment or admission to a treatment facility or state-operated treatment program on behalf of the person.

(b) The designated agency shall apply the following criteria in determining the person's ability to give informed consent:

1. whether the person demonstrates an awareness of the person's illness, and the reasons for treatment, its risks, benefits and alternatives, and the possible consequences of refusing treatment; and

2. whether the person communicates verbally or nonverbally a clear choice concerning treatment that is a reasoned one, not based on delusion, even though it may not be in the person's best interests.

(c) The basis for the designated agency's decision that the person lacks the capacity to give informed consent for treatment or admission, and that the patient has voluntarily accepted treatment or admission, must be documented in writing.

(d) A mental health provider treatment facility or state-operated treatment program that provides treatment in reliance on the written consent given by the designated agency under this subdivision or by a substitute decision maker appointed by the court is not civilly or criminally liable for performing treatment without consent. This paragraph does not affect any other liability that may result from the manner in which the treatment is performed.

(e) A person who receives treatment or is admitted to a treatment facility or state-operated treatment program under this subdivision or subdivision 1b has the right to refuse treatment at any time or to be released from a treatment facility or state-operated treatment program as provided under subdivision 2. The person or any interested person acting on the person's behalf may seek court review within five days for a determination of whether the person's agreement to accept treatment or admission is voluntary. At the time a person agrees to treatment or admission to a treatment facility or state-operated treatment program under this subdivision, the designated agency...
or its designee shall inform the patient in writing of the patient's rights under this paragraph.

(f) This subdivision does not authorize the administration of neuroleptic medications. Neuroleptic medications may be administered only as provided in section 253B.092.

Sec. 27. Minnesota Statutes 2018, section 253B.04, subdivision 2, is amended to read:

Subd. 2. Release. Every patient admitted for mental illness or developmental disability under this section shall be informed in writing at the time of admission that the patient has a right to leave the treatment facility or state-operated treatment program within 12 hours of making a request, unless held under another provision of this chapter. Every patient admitted for chemical dependency under this section shall be informed in writing at the time of admission that the patient has a right to leave the treatment facility or state-operated treatment program within 72 hours, exclusive of Saturdays, Sundays, and legal holidays, of making a request, unless held under another provision of this chapter. The request shall be submitted in writing to the head of the treatment facility or state-operated treatment program or the person's designee.

Sec. 28. [253B.041] SERVICES FOR ENGAGEMENT IN TREATMENT.

Subdivision 1. Eligibility. (a) The purpose of engagement services is to avoid the need for commitment and to enable the proposed patient to voluntarily engage in needed treatment. An interested person may apply to the county where a proposed patient resides to request engagement services.

(b) To be eligible for engagement services, the proposed patient must be at least 18 years of age, have a mental illness, and either:

(1) be exhibiting symptoms of serious mental illness including hallucinations, mania, delusional thoughts, or be unable to obtain necessary food, clothing, shelter, medical care, or provide necessary hygiene due to the patient's mental illness; or

(2) have a history of failing to adhere to treatment for mental illness, in that:

(i) the proposed patient's mental illness has been a substantial factor in necessitating hospitalization, or incarceration in a state or local correctional facility, not including any period during which the person was hospitalized or incarcerated immediately preceding filing the application for engagement; or

(ii) the proposed patient is exhibiting symptoms or behavior that may lead to hospitalization, incarceration, or court-ordered treatment.
137.1 Subd. 2. Administration. (a) Upon receipt of a request for engagement services, the
137.2 county's prepetition screening team shall conduct an investigation to determine whether the
137.3 proposed patient is eligible. In making this determination, the screening team shall seek any
137.4 relevant information from an interested person.
137.5 (b) If the screening team determines that the proposed patient is eligible, engagement
137.6 services must begin and include, but are not limited to:
137.7 (1) assertive attempts to engage the patient in voluntary treatment for mental illness for
137.8 at least 90 days. Engagement services must be person-centered and continue even if the
137.9 patient is an inmate in a non-state-operated correctional facility;
137.10 (2) efforts to engage the patient's existing systems of support, including interested persons,
137.11 unless the engagement provider determines that involvement is not helpful to the patient.
137.12 This includes education on restricting means of harm, suicide prevention, and engagement;
137.13 and
137.14 (3) collaboration with the patient to meet immediate needs including access to housing,
137.15 food, income, disability verification, medications, and treatment for medical conditions.
137.16 (c) Engagement services regarding potential treatment options must take into account
137.17 the patient's preferences for services and supports. The county may offer engagement services
137.18 through the designated agency or another agency under contract. Engagement services staff
137.19 must have training in person-centered care. Engagement services staff may include but are
137.20 not limited to mobile crisis teams under section 245.462, certified peer specialists under
137.21 section 256B.0615, community-based treatment programs, and homeless outreach workers.
137.22 (d) If the patient voluntarily consents to receive mental health treatment, the engagement
137.23 services staff must facilitate the referral to an appropriate mental health treatment provider
137.24 including support obtaining health insurance if the proposed patient is currently or may
137.25 become uninsured. If the proposed patient initially consents to treatment, but fails to initiate
137.26 or continue treatment, the engagement services team must continue outreach efforts to the
137.27 patient.
137.28 Subd. 3. Commitment. Engagement services for a patient to seek treatment may be
137.29 stopped if the proposed patient is in need of commitment and satisfies the commitment
137.30 criteria under section 253B.09, subdivision 1. In such a case, the engagement services team
137.31 must immediately notify the designated agency, initiate the prepetition screening process
137.32 under section 253B.07, or seek an emergency hold if necessary to ensure the safety of the
137.33 patient or others.
Subd. 4. **Evaluation.** Counties may, but are not required to, provide engagement services. The commissioner may conduct a pilot project evaluating the impact of engagement services in decreasing commitments, increasing engagement in treatment, and other measures.

Sec. 29. Minnesota Statutes 2018, section 253B.045, subdivision 2, is amended to read:

Subd. 2. **Facilities.** (a) Each county or a group of counties shall maintain or provide by contract a facility for confinement of persons held temporarily for observation, evaluation, diagnosis, treatment, and care. When the temporary confinement is provided at a regional state-operated treatment center program, the commissioner shall charge the county of financial responsibility for the costs of confinement of persons hospitalized under section 253B.05, subdivisions 1 and 2, sections 253B.051 and section 253B.07, subdivision 2b, except that the commissioner shall bill the responsible health plan first. Any charges not covered, including co-pays and deductibles shall be the responsibility of the county. If the person has health plan coverage, but the hospitalization does not meet the criteria in subdivision 6 or section 62M.07, 62Q.53, or 62Q.535, the county is responsible. When a person is temporarily confined in a Department of Corrections facility solely under subdivision 1a, and not based on any separate correctional authority:

(1) the commissioner of corrections may charge the county of financial responsibility for the costs of confinement; and

(2) the Department of Human Services shall use existing appropriations to fund all remaining nonconfinement costs. The funds received by the commissioner for the confinement and nonconfinement costs are appropriated to the department for these purposes.

(b) For the purposes of this subdivision, "county of financial responsibility" has the meaning specified in section 253B.02, subdivision 4c, or, if the person has no residence in this state, the county which initiated the confinement. The charge for confinement in a facility operated by the commissioner of human services shall be based on the commissioner's determination of the cost of care pursuant to section 246.50, subdivision 5. When there is a dispute as to which county is the county of financial responsibility, the county charged for the costs of confinement shall pay for them pending final determination of the dispute over financial responsibility.

Sec. 30. Minnesota Statutes 2018, section 253B.045, subdivision 3, is amended to read:

Subd. 3. **Cost of care.** Notwithstanding subdivision 2, a county shall be responsible for the cost of care as specified under section 246.54 for persons a patient hospitalized at a regional state-operated treatment center program in accordance with section 253B.09 and
the person's legal status has been changed to a court hold under section 253B.07, subdivision 2b, pending a judicial determination regarding continued commitment pursuant to sections 253B.12 and 253B.13.

Sec. 31. Minnesota Statutes 2018, section 253B.045, subdivision 5, is amended to read:

Subd. 5. Health plan company; definition. For purposes of this section, "health plan company" has the meaning given it in section 62Q.01, subdivision 4, and also includes a demonstration provider as defined in section 256B.69, subdivision 2, paragraph (b); and a county or group of counties participating in county-based purchasing according to section 256B.692, and a children's mental health collaborative under contract to provide medical assistance for individuals enrolled in the prepaid medical assistance and MinnesotaCare programs according to sections 245.493 to 245.495.

Sec. 32. Minnesota Statutes 2018, section 253B.045, subdivision 6, is amended to read:

Subd. 6. Coverage. (a) For purposes of this section, "mental health services" means all covered services that are intended to treat or ameliorate an emotional, behavioral, or psychiatric condition and that are covered by the policy, contract, or certificate of coverage of the enrollee's health plan company or by law.

(b) All health plan companies that provide coverage for mental health services must cover or provide mental health services ordered by a court of competent jurisdiction under a court order that is issued on the basis of a behavioral care evaluation performed by a licensed psychiatrist or a doctoral level licensed psychologist, which includes a diagnosis and an individual treatment plan for care in the most appropriate, least restrictive environment. The health plan company must be given a copy of the court order and the behavioral care evaluation. The health plan company shall be financially liable for the evaluation if performed by a participating provider of the health plan company and shall be financially liable for the care included in the court-ordered individual treatment plan if the care is covered by the health plan company and ordered to be provided by a participating provider or another provider as required by rule or law. This court-ordered coverage must not be subject to a separate medical necessity determination by a health plan company under its utilization procedures.

Sec. 33. [253B.051] EMERGENCY ADMISSION.

Subdivision 1. Peace officer or health officer authority. (a) If a peace officer or health officer has reason to believe, either through direct observation of the person's behavior or
upon reliable information of the person's recent behavior and, if available, knowledge or
reliable information concerning the person's past behavior or treatment that the person:

(1) has a mental illness or developmental disability and is in danger of harming self or
others if the officer does not immediately detain the patient, the peace officer or health
officer may take the person into custody and transport the person to an examiner or a
treatment facility, state-operated treatment program, or community-based treatment program;

(2) is chemically dependent or intoxicated in public and in danger of harming self or
others if the officer does not immediately detain the patient, the peace officer or health
officer may take the person into custody and transport the person to a treatment facility,
state-operated treatment program, or community-based treatment program; or

(3) is chemically dependent or intoxicated in public and not in danger of harming self,
others, or property, the peace officer or health officer may take the person into custody and
transport the person to the person's home.

(b) An examiner's written statement or a health officer's written statement in compliance
with the requirements of subdivision 2 is sufficient authority for a peace officer or health
officer to take the person into custody and transport the person to a treatment facility,
state-operated treatment program, or community-based treatment program.

(c) A peace officer or health officer who takes a person into custody and transports the
person to a treatment facility, state-operated treatment program, or community-based
treatment program under this subdivision shall make written application for admission of
the person containing:

(1) the officer's statement specifying the reasons and circumstances under which the
person was taken into custody;

(2) identifying information on specific individuals to the extent practicable, if danger to
those individuals is a basis for the emergency hold; and

(3) the officer's name, the agency that employs the officer, and the telephone number or
other contact information for purposes of receiving notice under subdivision 3.

(d) A copy of the examiner's written statement and officer's application shall be made
available to the person taken into custody.

(e) The officer may provide the transportation personally or may arrange to have the
person transported by a suitable medical or mental health transportation provider. As far as
practicable, a peace officer who provides transportation for a person placed in a treatment
facility, state-operated treatment program, or community-based treatment program under

Article 4 Sec. 33.
141.1 this subdivision must not be in uniform and must not use a vehicle visibly marked as a law
141.2 enforcement vehicle.

141.3 Subd. 2. Emergency hold. (a) A treatment facility, state-operated treatment program,
141.4 or community-based treatment program, other than a facility operated by the Minnesota sex
141.5 offender program, may admit or hold a patient, including a patient transported under
141.6 subdivision 1, for emergency care and treatment if the head of the facility or program
141.7 consents to holding the patient and an examiner provides a written statement in support of
141.8 holding the patient.

141.9 (b) The written statement must indicate that:
141.10 (1) the examiner examined the patient not more than 15 days prior to admission;
141.11 (2) the examiner interviewed the patient, or if not, the specific reasons why the examiner
141.12 did not interview the patient;
141.13 (3) the examiner has the opinion that the patient has a mental illness or developmental
141.14 disability, or is chemically dependent and is in danger of causing harm to self or others if
141.15 a facility or program does not immediately detain the patient. The statement must include
141.16 observations of the patient's behavior and avoid conclusory language. The statement must
141.17 be specific enough to provide an adequate record for review. If danger to specific individuals
141.18 is a basis for the emergency hold, the statement must identify those individuals to the extent
141.19 practicable; and
141.20 (4) the facility or program cannot obtain a court order in time to prevent the anticipated
141.21 injury.

141.22 (c) Prior to an examiner writing a statement, if another person brought the patient to the
141.23 treatment facility, state-operated treatment program, or community-based treatment program,
141.24 the examiner shall make a good-faith effort to obtain information from that person, which
141.25 the examiner must consider in deciding whether to place the patient on an emergency hold.
141.26 To the extent available, the statement must include direct observations of the patient's
141.27 behaviors, reliable knowledge of the patient's recent and past behavior, and information
141.28 regarding the patient's psychiatric history, past treatment, and current mental health providers.
141.29 The examiner shall also inquire about health care directives under chapter 145C and advance
141.30 psychiatric directives under section 253B.03, subdivision 6d.

141.31 (d) The facility or program must give a copy of the examiner's written statement to the
141.32 patient immediately upon initiating the emergency hold. The treatment facility, state-operated
141.33 treatment program, or community-based treatment program shall maintain a copy of the
examining the rights granted in this subdivision.

(e) The facility or program must not allow the patient nor require the patient's consent to participate in a clinical drug trial during an emergency admission or hold under this subdivision. If a patient gives consent to participate in a drug trial during a period of an emergency admission or hold, it is void and unenforceable. This paragraph does not prohibit a patient from continuing participation in a clinical drug trial if the patient was participating in the clinical drug trial at the time of the emergency admission or hold.

Subd. 3. Duration of hold, release procedures, and change of status. (a) If a peace officer or health officer transports a person to a treatment facility, state-operated treatment program, or community-based treatment program under subdivision 1, an examiner at the facility or program must examine the patient and make a determination about the need for an emergency hold as soon as possible and within 12 hours of the person's arrival. The peace officer or health officer hold ends upon whichever occurs first: (1) initiation of an emergency hold on the person under subdivision 2; (2) the person's voluntary admission; (3) the examiner's decision not to admit the person; or (4) 12 hours after the person's arrival.

(b) Under this section, the facility or program may hold a patient up to 72 hours, exclusive of Saturdays, Sundays, and legal holidays, after the examiner signs the written statement for an emergency hold of the patient. The facility or program must release a patient when the emergency hold expires unless the facility or program obtains a court order to hold the patient. The facility or program may not place the patient on a consecutive emergency hold under this section.

(c) If the interested person files a petition to civilly commit the patient, the court may issue a judicial hold order pursuant to section 253B.07, subdivision 2b.

(d) During the 72-hour hold, a court must not release a patient under this section unless the court received a written petition for the patient's release and the court has held a summary hearing regarding the patient's release.

(e) The written petition for the patient's release must include the patient's name, the basis for the hold, the location of the hold, and a statement explaining why the hold is improper. The petition must also include copies of any written documentation under subdivision 1 or 2 that support the hold, unless the facility or program holding the patient refuses to supply the documentation. Upon receipt of a petition, the court must comply with the following:
(1) the court must hold the hearing as soon as practicable and the court may conduct the
hearing by telephone conference call, interactive video conference, or similar method by
which the participants are able to simultaneously hear each other;

(2) before deciding to release the patient, the court shall make every reasonable effort
to provide notice of the proposed release and reasonable opportunity to be heard to:

(i) any specific individuals identified in a statement under subdivision 1 or 2 or individuals
identified in the record who might be endangered if the person is not held;

(ii) the examiner whose written statement was the basis for the hold under subdivision
2; and

(iii) the peace officer or health officer who applied for a hold under subdivision 1; and

(3) if the court decides to release the patient, the court shall direct the patient's release
and shall issue written findings supporting the decision. The facility or program must not
delay the patient's release pending the written order.

(f) Notwithstanding section 144.293, subdivisions 2 and 4, if a treatment facility,
state-operated treatment program, or community-based treatment program releases or
discharges a patient during the 72-hour hold; the examiner refuses to admit the patient; or
the patient leaves without the consent of the treating health care provider, the head of the
treatment facility, state-operated treatment program, or community-based treatment program
shall immediately notify the agency that employs the peace officer or health officer who
initiated the transport hold. This paragraph does not apply to the extent that the notice would
violate federal law governing the confidentiality of alcohol and drug abuse patient records

(g) If a patient is intoxicated in public and a facility or program holds the patient under
this section for detoxification, a treatment facility, state-operated treatment program, or
community-based treatment program may release the patient without providing notice under
paragraph (f) as soon as the treatment facility, state-operated treatment program, or
community-based treatment program determines that the person is no longer in danger of
causing harm to self or others. The facility or program must provide notice to the peace
officer or health officer who transported the person, or to the appropriate law enforcement
agency, if the officer or agency requests notification.

(h) A treatment facility or state-operated treatment program must change a patient's
status to voluntary status as provided in section 253B.04 upon the patient's request in writing
if the head of the facility or program consents to the change.
Sec. 34. Minnesota Statutes 2018, section 253B.06, subdivision 1, is amended to read:

Subdivision 1. **Persons who are mentally ill or developmentally disabled with mental illness or developmental disability.** A physician must examine every patient hospitalized as mentally ill or developmentally disabled due to mental illness or developmental disability pursuant to section 253B.04 or 253B.05 must be examined by a physician as soon as possible but no more than 48 hours following the patient's admission. The physician must be knowledgeable and trained in the diagnosis of diagnosing the alleged disability related to the need for patient's mental illness or developmental disability, forming the basis of the patient's admission as a person who is mentally ill or developmentally disabled.

Sec. 35. Minnesota Statutes 2018, section 253B.06, subdivision 2, is amended to read:

Subd. 2. **Chemically dependent persons.** Patients hospitalized A treatment facility, state-operated treatment program, or community-based treatment program must examine a patient hospitalized as chemically dependent pursuant to section 253B.04 or 253B.05 shall also be examined within 48 hours of admission. At a minimum, the examination shall consist of a physical evaluation by facility staff, the facility or program must physically examine the patient according to procedures established by a physician, and an evaluation by staff examining the patient must be knowledgeable and trained in the diagnosis of the alleged disability related to the need for forming the basis of the patient's admission as a chemically dependent person.

Sec. 36. Minnesota Statutes 2018, section 253B.06, subdivision 3, is amended to read:

Subd. 3. **Discharge.** At the end of a 48-hour period, any the facility or program shall discharge a patient admitted pursuant to section 253B.05 shall be discharged if an examination has not been held or if the examiner or evaluation staff person fails to notify the head of the treatment facility or program in writing that in the examiner's or staff person's opinion the patient is apparently in need of care, treatment, and evaluation as a mentally ill, developmentally disabled, or chemically dependent person who has a mental illness, developmental disability, or chemical dependency.

Sec. 37. Minnesota Statutes 2018, section 253B.07, subdivision 1, is amended to read:

Subdivision 1. **Prepetition screening.** (a) Prior to filing a petition for commitment of or early intervention for a proposed patient, an interested person shall apply to the designated agency in the county of financial responsibility or the county where the proposed patient is present for conduct of a preliminary investigation as provided in section 253B.23, subdivision...
145.1 (b), except when the proposed patient has been acquitted of a crime under section 611.026
145.2 and the county attorney is required to file a petition for commitment. The designated agency
145.3 shall appoint a screening team to conduct an investigation. The petitioner may not be a
145.4 member of the screening team. The investigation must include:
145.5  (1) a personal interview with the proposed patient and other individuals who appear
145.6 to have knowledge of the condition of the proposed patient, if practicable. In-person
145.7 interviews with the proposed patient are preferred. If the proposed patient is not interviewed,
145.8 specific reasons must be documented;
145.9  (2) identification and investigation of specific alleged conduct which is the basis for
145.10 application;
145.11  (3) identification, exploration, and listing of the specific reasons for rejecting or
145.12 recommending alternatives to involuntary placement;
145.13  (4) in the case of a commitment based on mental illness, the following information, if
145.14 it is known or available, that may be relevant to the administration of neuroleptic medications,
145.15 including the existence of a declaration under section 253B.03, subdivision 6d, or a health
145.16 care directive under chapter 145C or a guardian, conservator, proxy, or agent with authority
145.17 to make health care decisions for the proposed patient; information regarding the capacity
145.18 of the proposed patient to make decisions regarding administration of neuroleptic medication;
145.19 and whether the proposed patient is likely to consent or refuse consent to administration of
145.20 the medication;
145.21  (5) seeking input from the proposed patient's health plan company to provide the court
145.22 with information about services the enrollee needs and the least restrictive alternatives the
145.23 patient's relevant treatment history and current treatment providers; and
145.24  (6) in the case of a commitment based on mental illness, information listed in clause (4)
145.25 for other purposes relevant to treatment.
145.26 (b) In conducting the investigation required by this subdivision, the screening team shall
145.27 have access to all relevant medical records of proposed patients currently in treatment
145.28 facilities, state-operated treatment programs, or community-based treatment programs. The
145.29 interviewer shall inform the proposed patient that any information provided by the proposed
145.30 patient may be included in the prepetition screening report and may be considered in the
145.31 commitment proceedings. Data collected pursuant to this clause shall be considered private
145.32 data on individuals. The prepetition screening report is not admissible as evidence except
145.33 by agreement of counsel or as permitted by this chapter or the rules of court and is not
145.34 admissible in any court proceedings unrelated to the commitment proceedings.

Article 4 Sec. 37. 145
(c) The prepetition screening team shall provide a notice, written in easily understood language, to the proposed patient, the petitioner, persons named in a declaration under chapter 145C or section 253B.03, subdivision 6d, and, with the proposed patient's consent, other interested parties. The team shall ask the patient if the patient wants the notice read and shall read the notice to the patient upon request. The notice must contain information regarding the process, purpose, and legal effects of civil commitment and early intervention. The notice must inform the proposed patient that:

(1) if a petition is filed, the patient has certain rights, including the right to a court-appointed attorney, the right to request a second court examiner, the right to attend hearings, and the right to oppose the proceeding and to present and contest evidence; and

(2) if the proposed patient is committed to a state regional treatment center or group home state-operated treatment program, the patient may be billed for the cost of care and the state has the right to make a claim against the patient's estate for this cost.

The ombudsman for mental health and developmental disabilities shall develop a form for the notice which includes the requirements of this paragraph.

(d) When the prepetition screening team recommends commitment, a written report shall be sent to the county attorney for the county in which the petition is to be filed. The statement of facts contained in the written report must meet the requirements of subdivision 2, paragraph (b).

(e) The prepetition screening team shall refuse to support a petition if the investigation does not disclose evidence sufficient to support commitment. Notice of the prepetition screening team's decision shall be provided to the prospective petitioner, any specific individuals identified in the examiner's statement, and to the proposed patient.

(f) If the interested person wishes to proceed with a petition contrary to the recommendation of the prepetition screening team, application may be made directly to the county attorney, who shall determine whether or not to proceed with the petition. Notice of the county attorney's determination shall be provided to the interested party.

(g) If the proposed patient has been acquitted of a crime under section 611.026, the county attorney shall apply to the designated county agency in the county in which the acquittal took place for a preliminary investigation unless substantially the same information relevant to the proposed patient's current mental condition, as could be obtained by a preliminary investigation, is part of the court record in the criminal proceeding or is contained in the report of a mental examination conducted in connection with the criminal proceeding. If a court petitions for commitment pursuant to the Rules of Criminal or Juvenile Procedure
or a county attorney petitions pursuant to acquittal of a criminal charge under section 611.026, the prepetition investigation, if required by this section, shall be completed within seven days after the filing of the petition.

Sec. 38. Minnesota Statutes 2018, section 253B.07, subdivision 2, is amended to read:

Subd. 2. The petition. (a) Any interested person, except a member of the prepetition screening team, may file a petition for commitment in the district court of the county of financial responsibility or the county where the proposed patient is present. If the head of the treatment facility, state-operated treatment program, or community-based treatment program believes that commitment is required and no petition has been filed, the head of the treatment facility that person shall petition for the commitment of the person proposed patient.

(b) The petition shall set forth the name and address of the proposed patient, the name and address of the patient's nearest relatives, and the reasons for the petition. The petition must contain factual descriptions of the proposed patient's recent behavior, including a description of the behavior, where it occurred, and the time period over which it occurred. Each factual allegation must be supported by observations of witnesses named in the petition. Petitions shall be stated in behavioral terms and shall not contain judgmental or conclusory statements.

(c) The petition shall be accompanied by a written statement by an examiner stating that the examiner has examined the proposed patient within the 15 days preceding the filing of the petition and is of the opinion that the proposed patient is suffering has a designated disability and should be committed to a treatment facility, state-operated treatment program, or community-based treatment program. The statement shall include the reasons for the opinion. In the case of a commitment based on mental illness, the petition and the examiner's statement shall include, to the extent this information is available, a statement and opinion regarding the proposed patient's need for treatment with neuroleptic medication and the patient's capacity to make decisions regarding the administration of neuroleptic medications, and the reasons for the opinion. If use of neuroleptic medications is recommended by the treating physician medical practitioner or other qualified medical provider, the petition for commitment must, if applicable, include or be accompanied by a request for proceedings under section 253B.092. Failure to include the required information regarding neuroleptic medications in the examiner's statement, or to include a request for an order regarding neuroleptic medications with the commitment petition, is not a basis for dismissing the commitment petition. If a petitioner has been unable to secure a statement from an examiner,
the petition shall include documentation that a reasonable effort has been made to secure
the supporting statement.

Sec. 39. Minnesota Statutes 2018, section 253B.07, subdivision 2a, is amended to read:

Subd. 2a. Petition originating from criminal proceedings. (a) If criminal charges are
pending against a defendant, the court shall order simultaneous competency and civil
commitment examinations in accordance with Minnesota Rules of Criminal Procedure, rule
20.04, when the following conditions are met:

1. the prosecutor or defense counsel doubts the defendant's competency and a motion
   is made challenging competency, or the court on its initiative raises the issue under rule
   20.01; and

2. the prosecutor and defense counsel agree simultaneous examinations are appropriate.

No additional examination under subdivision 3 is required in a subsequent civil commitment
proceeding unless a second examination is requested by defense counsel appointed following
the filing of any petition for commitment.

(b) Only a court examiner may conduct an assessment as described in Minnesota Rules
of Criminal Procedure, rules 20.01, subdivision 4, and 20.02, subdivision 2.

(c) Where a county is ordered to consider civil commitment following a determination
of incompetency under Minnesota Rules of Criminal Procedure, rule 20.01, the county in
which the criminal matter is pending is responsible to conduct prepetition screening and, if
statutory conditions for commitment are satisfied, to file the commitment petition in that
county. By agreement between county attorneys, prepetition screening and filing the petition
may be handled in the county of financial responsibility or the county where the proposed
patient is present.

(d) Following an acquittal of a person of a criminal charge under section 611.026,
the petition shall be filed by the county attorney of the county in which the acquittal took
place and the petition shall be filed with the court in which the acquittal took place, and that
court shall be the committing court for purposes of this chapter. When a petition is filed
pursuant to subdivision 2 with the court in which acquittal of a criminal charge took place,
the court shall assign the judge before whom the acquittal took place to hear the commitment
proceedings unless that judge is unavailable.
Sec. 40. Minnesota Statutes 2018, section 253B.07, subdivision 2b, is amended to read:

Subd. 2b. Apprehend and hold orders. (a) The court may order the treatment facility or state-operated treatment program to hold the person in a treatment facility proposed patient or direct a health officer, peace officer, or other person to take the proposed patient into custody and transport the proposed patient to a treatment facility or state-operated treatment program for observation, evaluation, diagnosis, care, treatment, and, if necessary, confinement, when:

1. there has been a particularized showing by the petitioner that serious physical harm to the proposed patient or others is likely unless the proposed patient is immediately apprehended;
2. the proposed patient has not voluntarily appeared for the examination or the commitment hearing pursuant to the summons; or
3. a person is held pursuant to section 253B.05 and a request for a petition for commitment has been filed.

(b) The order of the court may be executed on any day and at any time by the use of all necessary means including the imposition of necessary restraint upon the proposed patient. Where possible, a peace officer taking the proposed patient into custody pursuant to this subdivision shall not be in uniform and shall not use a motor vehicle visibly marked as a police law enforcement vehicle. Except as provided in section 253D.10, subdivision 2, in the case of an individual on a judicial hold due to a petition for civil commitment under chapter 253D, assignment of custody during the hold is to the commissioner of human services. The commissioner is responsible for determining the appropriate placement within a secure treatment facility under the authority of the commissioner.

(c) A proposed patient must not be allowed or required to consent to nor participate in a clinical drug trial while an order is in effect under this subdivision. A consent given while an order is in effect is void and unenforceable. This paragraph does not prohibit a patient from continuing participation in a clinical drug trial if the patient was participating in the clinical drug trial at the time the order was issued under this subdivision.

Sec. 41. Minnesota Statutes 2018, section 253B.07, subdivision 2d, is amended to read:

Subd. 2d. Change of venue. Either party may move to have the venue of the petition changed to the district court of the Minnesota county where the person currently lives, whether independently or pursuant to a placement. The county attorney of the proposed county of venue must be notified of the motion and provided the opportunity to respond.
before the court rules on the motion. The court shall grant the motion if it determines that
the transfer is appropriate and is in the interests of justice. If the petition has been filed
pursuant to the Rules of Criminal or Juvenile Procedure, venue may not be changed without
the agreement of the county attorney of the proposed county of venue and the approval of
the court in which the juvenile or criminal proceedings are pending.

Sec. 42. Minnesota Statutes 2018, section 253B.07, subdivision 3, is amended to read:

Subd. 3. Court-appointed examiners. After a petition has been filed, the court shall
appoint a court examiner. Prior to the hearing, the court shall inform the proposed patient
of the right to an independent second examination. At the proposed patient's request, the
court shall appoint a second court examiner of the patient's choosing to be paid for by the
county at a rate of compensation fixed by the court.

Sec. 43. Minnesota Statutes 2018, section 253B.07, subdivision 5, is amended to read:

Subd. 5. Prehearing examination; report. The examination shall be held at a treatment
facility or other suitable place the court determines is not likely to harm the health of the
proposed patient. The county attorney and the patient's attorney may be present during the
examination. Either party may waive this right. Unless otherwise agreed by the parties, a
court-appointed court examiner shall file the report with the court not less than 48 hours
prior to the commitment hearing. The court shall ensure that copies of the court examiner's
report are provided to the county attorney, the proposed patient, and the patient's counsel.

Sec. 44. Minnesota Statutes 2018, section 253B.07, subdivision 7, is amended to read:

Subd. 7. Preliminary hearing. (a) No proposed patient may be held in a treatment
facility or state-operated treatment program under a judicial hold pursuant to subdivision
2b longer than 72 hours, exclusive of Saturdays, Sundays, and legal holidays, unless the
court holds a preliminary hearing and determines that the standard is met to hold the person
proposed patient.

(b) The proposed patient, patient's counsel, the petitioner, the county attorney, and any
other persons as the court directs shall be given at least 24 hours written notice of the
preliminary hearing. The notice shall include the alleged grounds for confinement. The
proposed patient shall be represented at the preliminary hearing by counsel. The court may
admit reliable hearsay evidence, including written reports, for the purpose of the preliminary
hearing.
(c) The court, on its motion or on the motion of any party, may exclude or excuse a proposed patient who is seriously disruptive or who is incapable of comprehending and participating in the proceedings. In such instances, the court shall, with specificity on the record, state the behavior of the proposed patient or other circumstances which justify proceeding in the absence of the proposed patient.

(d) The court may continue the judicial hold of the proposed patient if it finds, by a preponderance of the evidence, that serious physical harm to the proposed patient or others is likely if the proposed patient is not immediately confined. If a proposed patient was acquitted of a crime against the person under section 611.026 immediately preceding the filing of the petition, the court may presume that serious physical harm to the patient or others is likely if the proposed patient is not immediately confined.

(e) Upon a showing that a person proposed patient subject to a petition for commitment may need treatment with neuroleptic medications and that the person proposed patient may lack capacity to make decisions regarding that treatment, the court may appoint a substitute decision-maker as provided in section 253B.092, subdivision 6. The substitute decision-maker shall meet with the proposed patient and provider and make a report to the court at the hearing under section 253B.08 regarding whether the administration of neuroleptic medications is appropriate under the criteria of section 253B.092, subdivision 7. If the substitute decision-maker consents to treatment with neuroleptic medications and the proposed patient does not refuse the medication, neuroleptic medication may be administered to the proposed patient. If the substitute decision-maker does not consent or the proposed patient refuses, neuroleptic medication may not be administered without a court order, or in an emergency as set forth in section 253B.092, subdivision 3.

Sec. 45. Minnesota Statutes 2018, section 253B.08, subdivision 1, is amended to read:

Subdivision 1. Time for commitment hearing. (a) The hearing on the commitment petition shall be held within 14 days from the date of the filing of the petition, except that the hearing on a commitment petition pursuant to section 253D.07 shall be held within 90 days from the date of the filing of the petition. For good cause shown, the court may extend the time of hearing up to an additional 30 days. The proceeding shall be dismissed if the proposed patient has not had a hearing on a commitment petition within the allowed time.

(b) The proposed patient, or the head of the treatment facility or state-operated treatment program in which the person patient is held, may demand in writing at any time that the hearing be held immediately. Unless the hearing is held within five days of the date of the demand, exclusive of Saturdays, Sundays, and legal holidays, the petition shall be
automatically dismissed if the patient is being held in a treatment facility or state-operated

152.2 treatment program pursuant to court order. For good cause shown, the court may extend

152.3 the time of hearing on the demand for an additional ten days. This paragraph does not apply

152.4 to a commitment petition brought under section 253B.18 or chapter 253D.

Sec. 46. Minnesota Statutes 2018, section 253B.08, subdivision 2a, is amended to read:

Subd. 2a. Place of hearing. The hearing shall be conducted in a manner consistent with

152.7 orderly procedure. The hearing shall be held at a courtroom meeting standards prescribed

152.8 by local court rule which may be at a treatment facility or state-operated treatment program.

152.9 The hearing may be conducted by interactive video conference under General Rules of

152.10 Practice, rule 131, and Minnesota Rules of Civil Commitment, rule 14.

Sec. 47. Minnesota Statutes 2018, section 253B.08, subdivision 5, is amended to read:

Subd. 5. Absence permitted. (a) The court may permit the proposed patient to waive

152.14 the right to attend the hearing if it determines that the waiver is freely given. At the time of

152.15 the hearing, the proposed patient shall not be so under the influence of drugs, medication,

152.16 or other treatment so as to be hampered in participating in the proceedings. When the licensed

physician or licensed psychologist attending the patient professional responsible for the

152.19 proposed patient's treatment is of the opinion that the discontinuance of drugs, medication,

152.20 or other treatment is not in the best interest of the proposed patient, the court, at the time of

152.21 the hearing, shall be presented a record of all drugs, medication or other treatment which

152.22 the proposed patient has received during the 48 hours immediately prior to the hearing.

(b) The court, on its own motion or on the motion of any party, may exclude or excuse

152.26 a proposed patient who is seriously disruptive or who is incapable of comprehending and

152.27 participating in the proceedings. In such instances, the court shall, with specificity on the

152.28 record, state the behavior of the proposed patient or other circumstances justifying proceeding

152.29 in the absence of the proposed patient.

Sec. 48. Minnesota Statutes 2018, section 253B.08, subdivision 5a, is amended to read:

Subd. 5a. Witnesses. The proposed patient or the patient's counsel and the county attorney

152.28 may present and cross-examine witnesses, including court examiners, at the hearing. The

152.29 court may in its discretion receive the testimony of any other person. Opinions of

152.30 court-appointed court examiners may not be admitted into evidence unless the court examiner

152.31 is present to testify, except by agreement of the parties.

Article 4 Sec. 48.
Sec. 49. Minnesota Statutes 2018, section 253B.09, subdivision 1, is amended to read:

Subdivision 1. Standard of proof. (a) If the court finds by clear and convincing evidence that the proposed patient is a person who is mentally ill, developmentally disabled, or chemically dependent who poses a risk of harm due to mental illness, or is a person who has a developmental disability or chemical dependency, and after careful consideration of reasonable alternative dispositions, including but not limited to, dismissal of petition; voluntary outpatient care; voluntary admission to a treatment facility, state-operated treatment program, or community-based treatment program; appointment of a guardian or conservator; or release before commitment as provided for in subdivision 4, it finds that there is no suitable alternative to judicial commitment, the court shall commit the patient to the least restrictive treatment program or alternative programs which can meet the patient's treatment needs consistent with section 253B.03, subdivision 7.

(b) In deciding on the least restrictive program, the court shall consider a range of treatment alternatives including, but not limited to, community-based nonresidential treatment, community residential treatment, partial hospitalization, acute care hospital, assertive community treatment teams, and regional state-operated treatment center services programs. The court shall also consider the proposed patient's treatment preferences and willingness to participate voluntarily in the treatment ordered. The court may not commit a patient to a facility or program that is not capable of meeting the patient's needs.

(c) If, after careful consideration of reasonable alternative dispositions, the court finds no suitable alternative to judicial commitment and the court finds that the least restrictive alternative as determined in paragraph (a) is a treatment facility or community-based treatment program that is less restrictive or more community based than a state-operated treatment program, and there is a treatment facility or a community-based treatment program willing to accept the civilly committed patient, the court may commit the patient to both the treatment facility or community-based treatment program and to the commissioner, in the event that treatment in a state-operated treatment program becomes the least restrictive alternative. If there is a change in the patient's level of care, then:

(1) if the patient needs a higher level of care requiring admission to a state-operated treatment program, custody of the patient and authority and responsibility for the commitment may be transferred to the commissioner for as long as the patient needs a higher level of care; and

(2) when the patient no longer needs treatment in a state-operated treatment program, the program may provisionally discharge the patient to an appropriate placement or release.
the patient to the treatment facility or community-based treatment program if the program
continues to be willing and able to readmit the patient, in which case the commitment, its
authority, and responsibilities revert to the non-state-operated treatment program. Both
agencies accepting commitment shall coordinate admission and discharge planning to
facilitate timely access to the other's services to meet the patient's needs and shall coordinate
treatment planning consistent with section 253B.03, subdivision 7.

(e) (d) If the commitment as mentally ill, chemically dependent, or developmentally
disabled is to a service facility provided by the commissioner of human services a person
is committed to a state-operated treatment program as a person who poses a risk of harm
due to mental illness or as a person who has a developmental disability or chemical
dependency, the court shall order the commitment to the commissioner. The commissioner
shall designate the placement of the person to the court.

(d) (e) If the court finds a proposed patient to be a person who poses a risk of harm due to mental illness under section 253B.02, subdivision 13, paragraph (a), clause (2) or (4), the court shall commit the patient to a treatment facility or community-based
treatment program that meets the proposed patient's needs. For purposes of this paragraph, a community-based program may include inpatient mental health services at a community hospital.

Sec. 50. Minnesota Statutes 2018, section 253B.09, subdivision 2, is amended to read:

Subd. 2. Findings. (a) The court shall find the facts specifically, and separately state its
conclusions of law. Where commitment is ordered, the findings of fact and conclusions of
law shall specifically state the proposed patient's conduct which is a basis for determining
that each of the requisites for commitment is met.

(b) If commitment is ordered, the findings shall also identify less restrictive alternatives
considered and rejected by the court and the reasons for rejecting each alternative.

(c) If the proceedings are dismissed, the court may direct that the person be transported
back to a suitable location including to the person's home.

Sec. 51. Minnesota Statutes 2018, section 253B.09, subdivision 3a, is amended to read:

Subd. 3a. Reporting judicial commitments; private treatment program or
facility. Notwithstanding section 253B.23, subdivision 9, when a court commits a patient
to a non-state-operated treatment facility or program or facility other than a state-operated
program or facility, the court shall report the commitment to the commissioner through the
supreme court information system for purposes of providing commitment information for
firearm background checks under section 245.041. If the patient is committed to a
state-operated treatment program, the court shall send a copy of the commitment order to
the commissioner.

Sec. 52. Minnesota Statutes 2018, section 253B.09, subdivision 5, is amended to read:

Subd. 5. Initial commitment period. The initial commitment begins on the date that
the court issues its order or warrant under section 253B.10, subdivision 1. For persons committed as mentally ill, developmentally disabled, a person who poses a risk of harm due to mental illness, a developmental disability, or chemically dependent chemical dependency, the initial commitment shall not exceed six months.

Sec. 53. Minnesota Statutes 2018, section 253B.092, is amended to read:

253B.092 ADMINISTRATION OF NEUROLEPTIC MEDICATION.

Subdivision 1. General. Neuroleptic medications may be administered, only as provided in this section, to patients subject to early intervention or civil commitment as mentally ill, mentally ill and dangerous, a sexually dangerous person, or a person with a sexual psychopathic personality under this chapter or chapter 253D. For purposes of this section, "patient" includes a proposed patient who is the subject of a petition for early intervention or commitment and a committed person as defined in section 253D.02, subdivision 4.

Subd. 2. Administration without judicial review. (a) Neuroleptic medications may be administered without judicial review in the following circumstances:

(1) the patient has the capacity to make an informed decision under subdivision 4;

(2) the patient does not have the present capacity to consent to the administration of neuroleptic medication, but prepared a health care power of attorney, a health care directive under chapter 145C, or a declaration under section 253B.03, subdivision 6d, requesting treatment or authorizing an agent or proxy to request treatment, and the agent or proxy has requested the treatment;

(3) the patient has been prescribed neuroleptic medication prior to admission to a treatment facility, but lacks the present capacity to consent to the administration of that neuroleptic medication; continued administration of the medication is in the patient's best interest; and the patient does not refuse administration of the medication. In this situation, the previously prescribed neuroleptic medication may be continued for up to 14 days while the treating physician medical practitioner:
(i) is obtaining a substitute decision-maker appointed by the court under subdivision 6;

or

(ii) is requesting a court order authorizing administering neuroleptic medication or an amendment to a current court order authorizing administration of neuroleptic medication;

(4) a substitute decision-maker appointed by the court consents to the administration of the neuroleptic medication and the patient does not refuse administration of the medication;

or

(5) the substitute decision-maker does not consent or the patient is refusing medication, and the patient is in an emergency situation.

(b) For the purposes of paragraph (a), clause (3), if a person requests a substitute decision-maker or requests a court order administering neuroleptic medication within 14 days, the treating medical practitioner may continue administering the medication to the patient through the hearing date or until the court otherwise issues an order.

Subd. 3. Emergency administration. A treating physician medical practitioner may administer neuroleptic medication to a patient who does not have capacity to make a decision regarding administration of the medication if the patient is in an emergency situation. Medication may be administered for so long as the emergency continues to exist, up to 14 days, if the treating physician medical practitioner determines that the medication is necessary to prevent serious, immediate physical harm to the patient or to others. If a request for authorization to administer medication is made to the court within the 14 days, the treating physician medical practitioner may continue the medication through the date of the first court hearing, if the emergency continues to exist. If the request for authorization to administer medication is made to the court in conjunction with a petition for commitment or early intervention and the court makes a determination at the preliminary hearing under section 253B.07, subdivision 7, that there is sufficient cause to continue the physician's medical practitioner's order until the hearing under section 253B.08, the treating physician medical practitioner may continue the medication until that hearing, if the emergency continues to exist. The treatment facility, state-operated treatment program, or community-based treatment program shall document the emergency in the patient's medical record in specific behavioral terms.

Subd. 4. Patients with capacity to make informed decision. A patient who has the capacity to make an informed decision regarding the administration of neuroleptic medication may consent or refuse consent to administration of the medication. The informed consent of a patient must be in writing.
Subd. 5. Determination of capacity. (a) There is a rebuttable presumption that a patient is presumed to have the capacity to make decisions regarding administration of neuroleptic medication.

(b) In determining a person’s capacity to make decisions regarding the administration of neuroleptic medication, the court shall consider if the patient:

1. whether the person demonstrates an awareness of the nature of the person’s patient’s situation, including the reasons for hospitalization, and the possible consequences of refusing treatment with neuroleptic medications;

2. whether the person demonstrates an understanding of treatment with neuroleptic medications and the risks, benefits, and alternatives; and

3. whether the person communicates verbally or nonverbally a clear choice regarding treatment with neuroleptic medications that is a reasoned one not based on delusion a symptom of the patient's mental illness, even though it may not be in the person's patient's best interests.

(c) Disagreement with the physician’s medical practitioner’s recommendation alone is not evidence of an unreasonable decision.

Subd. 6. Patients without capacity to make informed decision; substitute decision-maker. (a) Upon request of any person, and upon a showing that administration of neuroleptic medications may be recommended and that the person patient may lack capacity to make decisions regarding the administration of neuroleptic medication, the court shall appoint a substitute decision-maker with authority to consent to the administration of neuroleptic medication as provided in this section. A hearing is not required for an appointment under this paragraph. The substitute decision-maker must be an individual or a community or institutional multidisciplinary panel designated by the local mental health authority. In appointing a substitute decision-maker, the court shall give preference to a guardian or conservator, proxy, or health care agent with authority to make health care decisions for the patient. The court may provide for the payment of a reasonable fee to the substitute decision-maker for services under this section or may appoint a volunteer.

(b) If the person’s treating physician patient's treating medical practitioner recommends treatment with neuroleptic medication, the substitute decision-maker may give or withhold consent to the administration of the medication, based on the standards under subdivision 7. If the substitute decision-maker gives informed consent to the treatment and the person patient does not refuse, the substitute decision-maker shall provide written consent to the treating physician medical practitioner and the medication may be administered. The
substitute decision-maker shall also notify the court that consent has been given. If the substitute decision-maker refuses or withdraws consent or the person patient refuses the medication, neuroleptic medication may not be administered to the person without patient except with a court order or in an emergency.

(c) A substitute decision-maker appointed under this section has access to the relevant sections of the patient's health records on the past or present administration of medication. The designated agency or a person involved in the patient's physical or mental health care may disclose information to the substitute decision-maker for the sole purpose of performing the responsibilities under this section. The substitute decision-maker may not disclose health records obtained under this paragraph except to the extent necessary to carry out the duties under this section.

(d) At a hearing under section 253B.08, the petitioner has the burden of proving incapacity by a preponderance of the evidence. If a substitute decision-maker has been appointed by the court, the court shall make findings regarding the patient's capacity to make decisions regarding the administration of neuroleptic medications and affirm or reverse its appointment of a substitute decision-maker. If the court affirms the appointment of the substitute decision-maker, and if the substitute decision-maker has consented to the administration of the medication and the patient has not refused, the court shall make findings that the substitute decision-maker has consented and the treatment is authorized. If a substitute decision-maker has not yet been appointed, upon request the court shall make findings regarding the patient's capacity and appoint a substitute decision-maker if appropriate.

(e) If an order for civil commitment or early intervention did not provide for the appointment of a substitute decision-maker or for the administration of neuroleptic medication, the treatment facility, state-operated treatment program, or community-based treatment program may later request the appointment of a substitute decision-maker upon a showing that administration of neuroleptic medications is recommended and that the person patient lacks capacity to make decisions regarding the administration of neuroleptic medications. A hearing is not required in order to administer the neuroleptic medication unless requested under subdivision 10 or if the substitute decision-maker withholds or refuses consent or the person patient refuses the medication.

(f) The substitute decision-maker's authority to consent to treatment lasts for the duration of the court's order of appointment or until modified by the court.
(g) If there is no hearing after the preliminary hearing, then the court shall, upon the
request of any interested party, review the reasonableness of the substitute decision-maker's
decision based on the standards under subdivision 7. The court shall enter an order upholding
or reversing the decision within seven days.

Subd. 7. When person patient lacks capacity to make decisions about medication. (a)
When a person patient lacks capacity to make decisions regarding the administration of
neuroleptic medication, the substitute decision-maker or the court shall use the standards
in this subdivision in making a decision regarding administration of the medication.

(b) If the person patient clearly stated what the person patient would choose to do in this
situation when the person patient had the capacity to make a reasoned decision, the person's
patient's wishes must be followed. Evidence of the person's patient's wishes may include
written instruments, including a durable power of attorney for health care under chapter
145C or a declaration under section 253B.03, subdivision 6d.

(c) If evidence of the person's patient's wishes regarding the administration of neuroleptic
medications is conflicting or lacking, the decision must be based on what a reasonable
person would do, taking into consideration:

(1) the person's patient's family, community, moral, religious, and social values;

(2) the medical risks, benefits, and alternatives to the proposed treatment;

(3) past efficacy and any extenuating circumstances of past use of neuroleptic
medications; and

(4) any other relevant factors.

Subd. 8. Procedure when patient refuses neuroleptic medication. (a) If the substitute
decision-maker or the patient refuses to consent to treatment with neuroleptic medications,
and absent an emergency as set forth in subdivision 3, neuroleptic medications may not be
administered without a court order. Upon receiving a written request for a hearing, the court
shall schedule the hearing within 14 days of the request. The matter may be heard as part
of any other district court proceeding under this chapter. By agreement of the parties or for

violation creates the need to return the patient to a more restrictive setting or more intensive
community services; or
(2) there exists a serious likelihood that the safety of the patient or others will be
jeopardized, in that either the patient's need for food, clothing, shelter, or medical care are
not being met, or will not be met in the near future, or the patient has attempted or threatened
to seriously physically harm self or others; and
(3) revocation is the least restrictive alternative available.

provisional discharge. Any person making a request shall provide the designated agency
with a written report setting forth the specific facts, including witnesses, dates and locations,

Sec. 73. Minnesota Statutes 2018, section 253B.15, subdivision 3b, is amended to read:

Subd. 3b. Review. The patient or patient's attorney may request judicial review of the
intended revocation by filing a petition for review and an affidavit with the committing
court. The affidavit shall state specific grounds for opposing the revocation. If the patient
does not file a petition for review within five days of receiving the notice under subdivision
3, revocation of the provisional discharge is final and the court, without hearing, may order
the patient into a treatment facility or program from which the patient was provisionally
discharged, another treatment facility, state-operated treatment program, or community-based
treatment program that consents to receive the patient, or more intensive community
treatment. If the patient files a petition for review, the court shall review the petition and
determine whether a genuine issue exists as to the propriety of the revocation. The burden
of proof is on the designated agency to show that no genuine issue exists as to the propriety
of the revocation. If the court finds that no genuine issue exists as to the propriety of the
revocation, the revocation of the provisional discharge is final.

Sec. 74. Minnesota Statutes 2018, section 253B.15, subdivision 3c, is amended to read:

as to the propriety of the revocation, the court shall hold a hearing on the petition within
three days after the patient files the petition. The court may continue the review hearing for
an additional five days upon any party's showing of good cause. At the hearing, the burden
of proof is on the designated agency to show a factual basis for the revocation. At the
conclusion of the hearing, the court shall make specific findings of fact. The court shall
affirm the revocation if it finds:

(1) a factual basis for revocation due to:

(i) a violation of the material conditions of the provisional discharge that creates a need
for the patient to return to a more restrictive setting or more intensive community services;

or

(ii) a probable danger of harm to the patient or others if the provisional discharge is not
revoked; and
that revocation is the least restrictive alternative available.

(b) If the court does not affirm the revocation, the court shall order the patient returned to provisional discharge status.

Sec. 75. Minnesota Statutes 2018, section 253B.15, subdivision 5, is amended to read:

Subd. 5. Return to facility. When the designated agency gives or sends notice of the intent to revoke a patient's provisional discharge, it may also apply to the committing court for an order directing that the patient be returned to the facility or program from which the patient was provisionally discharged or another treatment facility, state-operated treatment program, or community-based treatment program that consents to receive the patient. The court may order the patient returned to a facility or program prior to a review hearing only upon finding that immediate return to a facility is necessary because there is a serious likelihood that the safety of the patient or others will be jeopardized, in that (1) the patient's need for food, clothing, shelter, or medical care is not being met, or will not be met in the near future, or (2) the patient has attempted or threatened to seriously harm self or others.

If a voluntary return is not arranged, the head of the treatment facility, state-operated treatment program, or community-based treatment program may request a health officer or a peace officer to return the patient to the treatment facility or program from which the patient was released or to any other treatment facility which, state-operated treatment program, or community-based treatment program that consents to receive the patient. If necessary, the head of the treatment facility, state-operated treatment program, or community-based treatment program may request the committing court to direct a health officer or peace officer in the county where the patient is located to return the patient to the treatment facility or program or to another treatment facility which, state-operated treatment program, or community-based treatment program that consents to receive the patient. The expense of returning the patient to a regional state-operated treatment center program shall be paid by the commissioner unless paid by the patient or the patient's relatives. If the court orders the patient to return to the treatment facility or program, or if a health officer or peace officer returns the patient to the treatment facility or program, and the patient wants judicial review of the revocation, the patient or the patient's attorney must file the petition for review and affidavit required under subdivision 3b within 14 days of receipt of the notice of the intent to revoke.

The petitioning party seeking discharge or provisional discharge bears the burden of going forward with the evidence, which means presenting a prima facie case with competent evidence to show that the person is entitled to the requested relief. If the petitioning party has met this burden, the party opposing discharge or provisional discharge bears the burden of proof by clear and convincing evidence that the discharge or provisional discharge should be denied. A party seeking transfer under section 253B.18, subdivision 6, must establish by a preponderance of the evidence that the transfer is appropriate.

(b) Except in cases under chapter 253D, if the county of financial responsibility refuses or fails to conduct prepetition screening or file a petition, or if it is unclear which county is the county of financial responsibility, the county where the proposed patient is present is...
responsible to conduct the prepetition screening and, if statutory conditions for early
intervention or commitment are satisfied, file the petition.

(c) In cases under chapter 253D, if the county of financial responsibility refuses or fails
to file a petition, or if it is unclear which county is the county of financial responsibility,
then (1) the county where the conviction for which the person is incarcerated was entered,
or (2) the county where the proposed patient is present, if the person is not currently
incarcerated based on conviction, is responsible to file the petition if statutory conditions
for commitment are satisfied.

right to dispose of property, sue and be sued, execute instruments, make purchases, enter
into contractual relationships, vote, and hold a driver's license. Commitment or treatment
of any patient pursuant to this chapter is not a judicial determination of legal incompetency
except to the extent provided in section 253B.03, subdivision 6.

(b) Proceedings for determination of legal incompetency and the appointment of a
guardian for a person subject to commitment under this chapter may be commenced before,
during, or after commitment proceedings have been instituted and may be conducted jointly
with the commitment proceedings. The court shall notify the head of the treatment facility
or program to which the patient is committed of a finding that the patient is incompetent.

(c) Where the person to be committed is a minor or owns property of value and it appears
to the court that the person is not competent to manage a personal estate, the court shall
appoint a general conservator of the person's estate as provided by law.

3. restores a person's ability to possess a firearm under section 609.165, subdivision 1d, or 624.713, subdivision 4,

the court shall ensure that this information is electronically transmitted within three business days to the National Instant Criminal Background Check System.

Sec. 119. Minnesota Statutes 2018, section 253D.02, subdivision 6, is amended to read:

**Subd. 6. Court examiner.** "Court examiner" has the meaning given in section 253B.02, subdivision 2a.

Sec. 120. Minnesota Statutes 2018, section 253D.07, subdivision 2, is amended to read:

**Subd. 2. Petition.** Upon the filing of a petition alleging that a proposed respondent is a sexually dangerous person or a person with a sexual psychopathic personality, the court shall hear the petition as provided all of the applicable procedures contained in sections 253B.07 and 253B.08 apply to the commitment proceeding.

Sec. 121. Minnesota Statutes 2018, section 253D.10, subdivision 2, is amended to read:

**Subd. 2. Correctional facilities.** (a) A person who is being petitioned for commitment under this chapter and who is placed under a judicial hold order under section 253B.07, subdivision 2b or 7, may be confined at a Department of Corrections or a county correctional or detention facility, rather than a secure treatment facility, until a determination of the commitment petition as specified in this subdivision.
(b) A court may order that a person who is being petitioned for commitment under this chapter be confined in a Department of Corrections facility pursuant to the judicial hold order under the following circumstances and conditions:

(1) The person is currently serving a sentence in a Department of Corrections facility and the court determines that the person has made a knowing and voluntary (i) waiver of the right to be held in a secure treatment facility and (ii) election to be held in a Department of Corrections facility. The order confining the person in the Department of Corrections facility shall remain in effect until the court vacates the order or the person's criminal sentence and conditional release term expire.

In no case may the person be held in a Department of Corrections facility pursuant only to this subdivision, and not pursuant to any separate correctional authority, for more than 210 days.

(2) A person who has elected to be confined in a Department of Corrections facility under this subdivision may revoke the election by filing a written notice of intent to revoke the election with the court and serving the notice upon the Department of Corrections and the county attorney. The court shall order the person transferred to a secure treatment facility within 15 days of the date that the notice of revocation was filed with the court, except that, if the person has additional time to serve in prison at the end of the 15-day period, the person shall not be transferred to a secure treatment facility until the person's prison term expires.

After a person has revoked an election to remain in a Department of Corrections facility under this subdivision, the court may not adopt another election to remain in a Department of Corrections facility without the agreement of both parties and the Department of Corrections.

(3) Upon petition by the commissioner of corrections, after notice to the parties and opportunity for hearing and for good cause shown, the court may order that the person's place of confinement be changed from the Department of Corrections to a secure treatment facility.

(4) While at a Department of Corrections facility pursuant to this subdivision, the person shall remain subject to all rules and practices applicable to correctional inmates in the facility in which the person is placed including: but not limited to: the powers and duties of the commissioner of corrections under section 241.01, powers relating to use of force under section 243.52, and the right of the commissioner of corrections to determine the place of confinement in a prison, reformatory, or other facility.
(5) A person may not be confined in a Department of Corrections facility under this provision beyond the end of the person's executed sentence or the end of any applicable conditional release period, whichever is later. If a person confined in a Department of Corrections facility pursuant to this provision reaches the person's supervised release date and is subject to a period of conditional release, the period of conditional release shall commence on the supervised release date even though the person remains in the Department of Corrections facility pursuant to this provision. At the end of the later of the executed sentence or any applicable conditional release period, the person shall be transferred to a secure treatment facility.

(6) Nothing in this section may be construed to establish a right of an inmate in a state correctional facility to participate in sex offender treatment. This section must be construed in a manner consistent with the provisions of section 244.03.

(c) When a person is temporarily confined in a Department of Corrections facility solely under this subdivision and not based on any separate correctional authority, the commissioner of corrections may charge the county of financial responsibility for the costs of confinement, and the Department of Human Services shall use existing appropriations to fund all remaining nonconfinement costs. The funds received by the commissioner for the confinement and nonconfinement costs are appropriated to the department for these purposes.

(d) The committing county may offer a person who is being petitioned for commitment under this chapter and who is placed under a judicial hold order under section 253B.07, subdivision 2b or 7, the option to be held in a county correctional or detention facility rather than a secure treatment facility, under such terms as may be agreed to by the county, the commitment petitioner, and the commitment respondent. If a person makes such an election under this paragraph, the court hold order shall specify the terms of the agreement, including the conditions for revoking the election.

Sec. 122. Minnesota Statutes 2018, section 253D.28, subdivision 2, is amended to read:

Subd. 2. Procedure. (a) The supreme court shall refer a petition for rehearing and reconsideration to the chief judge of the judicial appeal panel. The chief judge shall notify the committed person, the county attorneys of the county of commitment and county of financial responsibility, the commissioner, the executive director, any interested person, and other persons the chief judge designates, of the time and place of the hearing on the petition. The notice shall be given at least 14 days prior to the date of the hearing. The hearing may be conducted by interactive video conference under General Rules of Practice, rule 131, and Minnesota Rules of Civil Commitment, rule 14.
(b) Any person may oppose the petition. The committed person, the committed person’s counsel, the county attorneys of the committing county and county of financial responsibility, and the commissioner shall participate as parties to the proceeding pending before the judicial appeal panel and shall, no later than 20 days before the hearing on the petition, inform the judicial appeal panel and the opposing party in writing whether they support or oppose the petition and provide a summary of facts in support of their position.

(c) The judicial appeal panel may appoint court examiners and may adjourn the hearing from time to time. It shall hear and receive all relevant testimony and evidence and make a record of all proceedings. The committed person, the committed person’s counsel, and the county attorney of the committing county or the county of financial responsibility have the right to be present and may present and cross-examine all witnesses and offer a factual and legal basis in support of their positions.

(d) The petitioning party seeking discharge or provisional discharge bears the burden of going forward with the evidence, which means presenting a prima facie case with competent evidence to show that the person is entitled to the requested relief. If the petitioning party has met this burden, the party opposing discharge or provisional discharge bears the burden of proof by clear and convincing evidence that the discharge or provisional discharge should be denied.

(e) A party seeking transfer under section 253D.29 must establish by a preponderance of the evidence that the transfer is appropriate.

Sec. 123. REVISOR INSTRUCTION.

The revisor of statutes shall renumber Minnesota Statutes, section 253B.02, so that the subdivisions are alphabetical. The revisor shall correct any cross-references that arise as a result of the renumbering.

Sec. 124. REPEALER.

ARTICLE 5
MALTREATMENT OF MINORS ACT REORGANIZATION

Section 1. [260E.01] POLICY.

(a) The legislature hereby declares that the public policy of this state is to protect children whose health or welfare may be jeopardized through maltreatment. While it is recognized that most parents want to keep their children safe, sometimes circumstances or conditions interfere with their ability to do so. When this occurs, the health and safety of the children must be of paramount concern. Intervention and prevention efforts must address immediate concerns for child safety and the ongoing risk of maltreatment and should engage the protective capacities of families. In furtherance of this public policy, it is the intent of the legislature under this chapter to:

1. protect children and promote child safety;
2. strengthen the family;
3. make the home, school, and community safe for children by promoting responsible child care in all settings; and
4. provide, when necessary, a safe temporary or permanent home environment for maltreated children.

(b) In addition, it is the policy of this state to:

1. require the reporting of maltreatment of children in the home, school, and community settings;
2. provide for the voluntary reporting of maltreatment of children;
3. require an investigation when the report alleges sexual abuse or substantial child endangerment;
4. provide a family assessment, if appropriate, when the report does not allege sexual abuse or substantial child endangerment; and
5. provide protective, family support, and family preservation services when needed in appropriate cases.

Sec. 2. [260E.02] MULTIDISCIPLINARY CHILD PROTECTION TEAM.

Subdivision 1. Establishment of team. A county shall establish a multidisciplinary child protection team that may include, but not be limited to, the director of the local welfare agency or designees, the county attorney or designees, the county sheriff or designees,
representatives of health and education, representatives of mental health or other appropriate
human service or community-based agencies, and parent groups. As used in this section, a
"community-based agency" may include, but is not limited to, schools, social service
agencies, family service and mental health collaboratives, children's advocacy centers, early
childhood and family education programs, Head Start, or other agencies serving children
and families. A member of the team must be designated as the lead person of the team
responsible for the planning process to develop standards for the team's activities with
battered women's and domestic abuse programs and services.

Subd. 2. Duties of team. A multidisciplinary child protection team may provide public
and professional education, develop resources for prevention, intervention, and treatment,
and provide case consultation to the local welfare agency or other interested community-based
agencies. The community-based agencies may request case consultation from the
multidisciplinary child protection team regarding a child or family for whom the
community-based agency is providing services. As used in this section, "case consultation"
means a case review process in which recommendations are made concerning services to
be provided to the identified children and family. Case consultation may be performed by
a committee or subcommittee of members representing human services, including mental
health and chemical dependency; law enforcement, including probation and parole; the
county attorney; a children's advocacy center; health care; education; community-based
agencies and other necessary agencies; and persons directly involved in an individual case
as designated by other members performing case consultation.

Subd. 3. Sexually exploited youth outreach program. A multidisciplinary child
protection team may assist the local welfare agency, local law enforcement agency, or an
appropriate private organization in developing a program of outreach services for sexually
exploited youth, including homeless, runaway, and truant youth who are at risk of sexual
exploitation. For the purposes of this subdivision, at least one representative of a youth
intervention program or, where this type of program is unavailable, one representative of a
nonprofit agency serving youth in crisis shall be appointed to and serve on the
multidisciplinary child protection team in addition to the standing members of the team.
These services may include counseling, medical care, short-term shelter, alternative living
arrangements, and drop-in centers. A juvenile's receipt of intervention services under this
subdivision may not be conditioned upon the juvenile providing any evidence or testimony.

Subd. 4. Information sharing. (a) The local welfare agency may make available to the
case consultation committee or subcommittee all records collected and maintained by the
agency under this chapter and in connection with case consultation. A case consultation
committee or subcommittee member may share information acquired in the member's professional capacity with the committee or subcommittee to assist in case consultation.

(b) Case consultation committee or subcommittee members must annually sign a data sharing agreement, approved by the commissioner of human services, assuring compliance with chapter 13. Not public data, as defined in section 13.02, subdivision 8a, may be shared with members appointed to the committee or subcommittee in connection with an individual case when the members have signed the data sharing agreement.

(c) All data acquired by the case consultation committee or subcommittee in exercising case consultation duties are confidential as defined in section 13.02, subdivision 3, and shall not be disclosed except to the extent necessary to perform case consultation, and shall not be subject to subpoena or discovery.

(d) No members of a case consultation committee or subcommittee meeting shall disclose what transpired at a case consultation meeting, except to the extent necessary to carry out the case consultation plan. The proceedings and records of the case consultation meeting are not subject to discovery, and may not be introduced into evidence in any civil or criminal action against a professional or local welfare agency arising out of the matter or matters which are the subject of consideration of the case consultation meeting. Information, documents, or records otherwise available from original sources are not immune from discovery or use in any civil or criminal action merely because they were presented during a case consultation meeting. Any person who presented information before the consultation committee or subcommittee or who is a member shall not be prevented from testifying as to matters within the person's knowledge. However, in a civil or criminal proceeding a person shall not be questioned about the person's presentation of information before the case consultation committee or subcommittee or about opinions formed as a result of the case consultation meetings.

(e) A person who violates this subdivision is subject to the civil remedies and penalties provided under chapter 13.

Subd. 5. Children's advocacy center; definition. (a) For purposes of this section, "children's advocacy center" means an organization using a multidisciplinary team approach whose primary purpose is to provide children who have been the victims of abuse and their nonoffending family members with:

(1) support and advocacy;

(2) specialized medical evaluation;
(3) trauma-focused mental health services; and

(4) forensic interviews.

(b) Children's advocacy centers provide multidisciplinary case review and the tracking
and monitoring of case progress.

3. failure to provide for necessary supervision or child care arrangements appropriate for a child after considering factors as the child's age, mental ability, physical condition, length of absence, or environment, when the child is unable to care for the child's own basic needs or safety, or the basic needs or safety of another child in their care;

4. failure to ensure that the child is educated as defined in sections 120A.22 and 260C.163, subdivision 11, which does not include a parent's refusal to provide the parent's child with sympathomimetic medications, consistent with section 125A.091, subdivision 5;

5. prenatal exposure to a controlled substance, as defined in section 253B.02, subdivision 2, used by the mother for a nonmedical purpose, as evidenced by withdrawal symptoms in the child at birth, results of a toxicology test performed on the mother at delivery or the child at birth, medical effects or developmental delays during the child's first year of life that medically indicate prenatal exposure to a controlled substance, or the presence of a fetal alcohol spectrum disorder;

6. medical neglect, as defined in section 260C.007, subdivision 6, clause (5);

7. chronic and severe use of alcohol or a controlled substance by a person responsible for the child's care that adversely affects the child's basic needs and safety; or

8. emotional harm from a pattern of behavior that contributes to impaired emotional functioning of the child, which may be demonstrated by a substantial and observable effect in the child's behavior, emotional response, or cognition that is not within the normal range for the child's age and stage of development, with due regard to the child's culture.
(b) Nothing in this chapter shall be construed to mean that a child is neglected solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child in lieu of medical care.

(c) This chapter does not impose upon persons not otherwise legally responsible for providing a child with necessary food, clothing, shelter, education, or medical care a duty to provide that care.

### Subd. 18. **Physical abuse.**

(a) "Physical abuse" means any physical injury, mental injury under subdivision 14, or threatened injury under subdivision 23, inflicted by a person responsible for the child's care on a child other than by accidental means, or any physical or mental injury that cannot reasonably be explained by the child's history of injuries, or any aversive or deprivation procedures, or regulated interventions, that have not been authorized under section 125A.0942 or 245.825.

(10) unreasonable physical confinement or restraint not permitted under section 609.379, including but not limited to tying, caging, or chaining; or

(11) in a school facility or school zone, an act by a person responsible for the child's care that is a violation under section 121A.58.

Sec. 5. [260E.05] CULTURAL PRACTICES.

A person who conducts an assessment or investigation under this chapter shall take into account accepted child-rearing practices of the culture in which a child participates and
accepted teacher discipline practices that are not injurious to the child's health, welfare, and safety.

Sec. 6. [260E.06] MALTREATMENT REPORTING.

Subdivision 1. Mandatory reporters. (a) A person who knows or has reason to believe a child is being maltreated, as defined in section 260E.03, or has been maltreated within the preceding three years, shall immediately report the information to the local welfare agency, agency responsible for assessing or investigating the report, police department, county sheriff, tribal social services agency, or tribal police department if the person is:

(1) a professional or professional's delegate who is engaged in the practice of the healing arts, social services, hospital administration, psychological or psychiatric treatment, child care, education, correctional supervision, probation and correctional services, or law enforcement; or

(2) employed as a member of the clergy and received the information while engaged in ministerial duties, provided that a member of the clergy is not required by this subdivision to report information that is otherwise privileged under section 595.02, subdivision 1, paragraph (c).

(b) "Practice of social services," for the purposes of this subdivision, includes but is not limited to employee assistance counseling and the provision of guardian ad litem and parenting time expeditor services.

Subd. 2. Voluntary reporters. Any person may voluntarily report to the local welfare agency, agency responsible for assessing or investigating the report, police department, county sheriff, tribal social services agency, or tribal police department if the person knows, has reason to believe, or suspects a child is being or has been maltreated.

Subd. 3. Reporting in cases where selection of spiritual means or prayer for treatment or care may cause serious danger to child's health. If the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child in lieu of medical care, the parent, guardian, or caretaker, or a person mandated to report pursuant to subdivision 1, has a duty to report if a lack of medical care may cause serious danger to the child's health.

Subd. 4. Licensing board duty to report. A board or other entity whose licensees perform work within a school facility, upon receiving a complaint of alleged maltreatment, shall report the alleged maltreatment to the commissioner of education.
Sec. 7. [260E.07] RETALIATION PROHIBITED.

(a) An employer of any person required to make reports under section 260E.06, subdivision 1, or 260E.11, subdivision 1, shall not retaliate against the person for reporting in good faith maltreatment pursuant to this chapter or against a child with respect to whom a report is made, because of the report.

(b) The employer of any person required to report under section 260E.06, subdivision 1, or 260E.11, subdivision 1, who retaliates against the person because of a report of maltreatment is liable to that person for actual damages and, in addition, a penalty of up to $10,000.

(c) There shall be a rebuttable presumption that any adverse action within 90 days of a report is retaliatory. For purposes of this paragraph, the term "adverse action" refers to action taken by an employer of a person required to report under section 260E.06, subdivision 1, or 260E.11, subdivision 1, which is involved in a report against the person making the report or the child with respect to whom the report was made because of the report, and includes, but is not limited to:

(1) discharge, suspension, termination, or transfer from the facility, institution, school, or agency;

(2) discharge from or termination of employment;

(3) demotion or reduction in remuneration for services; or

(4) restriction or prohibition of access to the facility, institution, school, agency, or persons affiliated with it.

Sec. 8. [260E.08] CRIMINAL PENALTIES FOR FAILURE TO REPORT; CIVIL PENALTY FOR MAKING FALSE REPORT.

(a) A person mandated by section 260E.06, subdivision 1, to report who knows or has reason to believe that a child is maltreated, as defined in section 260E.03, or has been maltreated within the preceding three years, and fails to report is guilty of a misdemeanor.

(b) A person mandated by section 260E.06, subdivision 1, to report who knows or has reason to believe that two or more children not related to the offender have been maltreated, as defined in section 260E.03, by the same offender within the preceding ten years, and fails to report is guilty of a gross misdemeanor.

(c) A parent, guardian, or caretaker who knows or reasonably should know that the child's health is in serious danger and who fails to report as required by section 260E.06,
subdivision 3, is guilty of a gross misdemeanor if the child suffers substantial or great bodily

harm because of the lack of medical care. If the child dies because of the lack of medical
care, the person is guilty of a felony and may be sentenced to imprisonment for not more
than two years or to payment of a fine of not more than $4,000, or both. The provision in
section 609.378, subdivision 1, paragraph (a), clause (1), providing that a parent, guardian,

or caretaker may, in good faith, select and depend on spiritual means or prayer for treatment
or care of a child, does not exempt a parent, guardian, or caretaker from the duty to report
under this chapter.

(d) Any person who knowingly or recklessly makes a false report under the provisions
of this chapter shall be liable in a civil suit for any actual damages suffered by the person
or persons so reported and for any punitive damages set by the court or jury, plus costs and
reasonable attorney fees.

Sec. 9. [260E.09] REPORTING REQUIREMENTS.

(a) An oral report shall be made immediately by telephone or otherwise. An oral report
made by a person required under section 260E.06, subdivision 1, to report shall be followed
within 72 hours, exclusive of weekends and holidays, by a report in writing to the appropriate
police department, the county sheriff, the agency responsible for assessing or investigating
the report, or the local welfare agency.

(b) Any report shall be of sufficient content to identify the child, any person believed
to be responsible for the maltreatment of the child if the person is known, the nature and
extent of the maltreatment, and the name and address of the reporter. The local welfare
agency or agency responsible for assessing or investigating the report shall accept a report
made under section 260E.06 notwithstanding refusal by a reporter to provide the reporter's
name or address as long as the report is otherwise sufficient under this paragraph.

Sec. 10. [260E.10] NOTIFICATION TO REPORTERS.

Subdivision 1. Screening notification. If requested, the agency responsible for assessing
or investigating a report shall inform the reporter within ten days after the report was made,
either orally or in writing, whether the report was accepted or not. If the responsible agency
determines the report does not constitute a report under this chapter, the agency shall advise
the reporter that the report was screened out.

Subd. 2. Final notification. Any person mandated to report shall receive a summary of

the disposition of any report made by that reporter, including whether the case has been
opened for child protection or other services, or if a referral has been made to a community
organization, unless release would be detrimental to the best interests of the child. Any
person who is not mandated to report shall, upon request to the local welfare agency, receive
a concise summary of the disposition of any report made by that reporter, unless release
would be detrimental to the best interests of the child.

Sec. 11. [260E.11] AGENCY DESIGNATED TO RECEIVE REPORTS.

Subdivision 1. Reports of maltreatment in facility. A person mandated to report child
maltreatment occurring within a licensed facility shall report the information to the agency
responsible for licensing or certifying the facility under sections 144.50 to 144.58, 241.021,
and 245A.01 to 245A.16; or chapter 144H, 245D, or 245H; or a nonlicensed personal care
provider organization as defined in section 256B.0625, subdivision 19a.

Subd. 2. Reporting deprivation of parental rights or kidnapping to law
enforcement. A person mandated to report under section 260E.06, subdivision 1, who
knows or has reason to know of a violation of section 609.25 or 609.26 shall report the
information to the local police department or the county sheriff.

Subd. 3. Report to medical examiner or coroner; notification to local agency and
law enforcement; report ombudsman. (a) A person mandated to report maltreatment who
knows or has reason to believe a child has died as a result of maltreatment shall report that
information to the appropriate medical examiner or coroner instead of the local welfare
agency, police department, or county sheriff.

(b) The medical examiner or coroner shall notify the local welfare agency, police
department, or county sheriff in instances in which the medical examiner or coroner believes
that the child has died as a result of maltreatment. The medical examiner or coroner shall
complete an investigation as soon as feasible and report the findings to the police department
or county sheriff and the local welfare agency.

(c) If the child was receiving services or treatment for mental illness, developmental
disability, chemical dependency, or emotional disturbance from an agency, facility, or
program as defined in section 245.91, the medical examiner or coroner shall also notify and
report findings to the ombudsman established under sections 245.91 to 245.97.
Sec. 12. [260E.12] REQUIRED ACTIONS OF THE RESPONSIBLE AGENCY AND LAW ENFORCEMENT UPON RECEIVING REPORT.

Subdivision 1. Police department or county sheriff. (a) The police department or the county sheriff shall immediately notify the local welfare agency or agency responsible for child protection reports under this chapter orally and in writing when a report is received.

(b) Written reports received by a police department or the county sheriff shall be forwarded immediately to the local welfare agency or the agency responsible for assessing or investigating the report. The police department or the county sheriff may keep copies of reports received by them.

(c) The county sheriff and the head of each local welfare agency, agency responsible for child protection reports, and police department shall designate a person within the agency, department, or office who is responsible for ensuring that the notification duties of this section are carried out. If the alleged maltreatment occurs on tribal land, the local welfare agency or agency responsible for child protection reports and the local police department or county sheriff shall immediately notify the tribe's social services agency and tribal law enforcement orally and in writing when a report is received. When a police department or county determines that a child has been the subject of maltreatment by a person licensed by the Professional Educator Licensing and Standards Board or the Board of School Administrators, the department or sheriff shall, in addition to other duties under this section, immediately inform the licensing board.

(d) If a child is the victim of an alleged crime under subdivision 2, paragraph (c), the law enforcement agency shall immediately notify the local welfare agency, which shall offer appropriate social services for the purpose of safeguarding and enhancing the welfare of the maltreated child.

Subd. 2. Local welfare agency or agency responsible for maltreatment report. (a) The local welfare agency or agency responsible for child protection reports shall immediately notify the local police department or the county sheriff orally and in writing when a report is received.

(b) Copies of written reports received by a local welfare agency or the agency responsible for assessing or investigating the report shall be forwarded immediately to the local police department or the county sheriff.

(c) Receipt by a local welfare agency of a report or notification of a report of kidnapping under section 609.25 or depriving another of custodial or parental rights under section 609.26 shall not be construed to invoke the duties under this chapter except notification of
law enforcement and the offer of services under section 260E.20, subdivision 1, paragraph
(a), as appropriate.

Subd. 3. Penalties for failure to cross notify. (a) If a local welfare agency receives a
report under section 260E.06 and fails to notify the local police department or county sheriff
as required by subdivision 2, the person within the agency who is responsible for ensuring
that notification is made shall be subject to disciplinary action in keeping with the agency's
existing policy or collective bargaining agreement on discipline of employees.

(b) If a local police department or a county sheriff receives a report under section 260E.06
and fails to notify the local welfare agency as required by subdivision 1, the person within
the police department or county sheriff's office who is responsible for ensuring that
notification is made shall be subject to disciplinary action in keeping with the agency's
existing policy or collective bargaining agreement on discipline of employees.

Sec. 13. [260E.13] REPORT TO OMBUDSMAN.

When a local welfare agency receives a report or otherwise has information indicating
that a child who is a client, as defined in section 245.91, has been the subject of maltreatment
at an agency, facility, or program, as defined in section 245.91, the local welfare agency
shall, in addition to its other duties under this chapter, immediately inform the ombudsman
established under sections 245.91 to 245.97. The commissioner of education shall inform
the ombudsman established under sections 245.91 to 245.97 of reports regarding a child
who is a client, as defined in section 245.91, that maltreatment occurred at a school as
defined in section 120A.05, subdivisions 9, 11, and 13, and chapter 124E.

Sec. 14. [260E.14] AGENCY RESPONSIBLE FOR SCREENING AND
ASSESSMENT OR INVESTIGATION.

Subdivision 1. Facilities and schools. (a) The local welfare agency is the agency
responsible for investigating allegations of maltreatment in child foster care, family child
care, legally nonlicensed child care, and reports involving children served by an unlicensed
personal care provider organization under section 256B.0659. Copies of findings related to
personal care provider organizations under section 256B.0659 must be forwarded to the
Department of Human Services provider enrollment.

(b) The Department of Human Services is the agency responsible for screening and
investigating allegations of maltreatment in juvenile correctional facilities listed under
section 241.021 located in the local welfare agency's county and in facilities licensed or
certified under chapters 245A, 245D, and 245G, except for child foster care and family
child care.

(c) The Department of Health is the agency responsible for screening and investigating
allegations of maltreatment in facilities licensed under sections 144.50 to 144.58 and 144A.43
to 144A.482 or chapter 144H.

(d) The Department of Education is the agency responsible for screening and investigating
allegations of maltreatment in a school as defined in section 120A.05, subdivisions 9, 11,
and 13, and chapter 124E. The Department of Education's responsibility to screen and
investigate includes allegations of maltreatment involving students 18 to 21 years of age,
including students receiving special education services, up to and including graduation and
the issuance of a secondary or high school diploma.

(e) A health or corrections agency receiving a report may request the local welfare agency
to provide assistance pursuant to this section and sections 260E.19 and 260E.22.

Subd. 2. Sexual abuse. (a) The local welfare agency is the agency responsible for
investigating an allegation of sexual abuse if the alleged offender is the parent, guardian,
sibling, or an individual functioning within the family unit as a person responsible for the
child's care, or a person with a significant relationship to the child if that person resides in
the child's household.

(b) The local welfare agency is also responsible for investigating when a child is identified
as a victim of sex trafficking.

Subd. 3. Neglect or physical abuse. The local welfare agency is responsible for
immediately conducting a family assessment or investigation if the report alleges neglect
or physical abuse by a parent, guardian, or individual functioning within the family unit as
a person responsible for the child's care.

Subd. 4. Birth match. (a) Upon receiving data under section 144.225, subdivision 2b,
contained in a birth record or recognition of parentage identifying a child who is subject to
threatened injury under section 260E.03, subdivision 23, the Department of Human Services
shall send the data to the responsible local welfare agency. The data is known as "birth
match data."

(b) Unless the responsible local welfare agency has already begun an investigation or
assessment of the report due to the birth of the child or execution of the recognition of
parentage and the parent's previous history with child protection, the agency shall accept
the birth match data as a report under section 260E.03, subdivision 23.
Subd. 5. **Law enforcement.** (a) The local law enforcement agency is the agency responsible for investigating a report of maltreatment if a violation of a criminal statute is alleged.

(b) Law enforcement and the responsible agency must coordinate their investigations or assessments as required under this chapter when the report alleges maltreatment that is a violation of a criminal statute by a person who is a parent, guardian, sibling, person responsible for the child's care functioning within the family unit, or person who lives in the child's household and who has a significant relationship to the child, in a setting other than a facility as defined in section 260E.03.

Sec. 15. **[260E.15] SCREENING GUIDELINES.**

(a) Child protection staff, supervisors, and others involved in child protection screening shall follow the guidance provided in the maltreatment screening guidelines issued by the commissioner and, when notified by the commissioner, shall immediately implement updated procedures and protocols.

(b) Any modification to the screening guidelines must be preapproved by the commissioner and must not be less protective of children than is mandated by statute. The county agency must consult with the county attorney before proposing modifications to the commissioner. The guidelines may provide additional protection for children but must not limit reports that are screened in or provide additional limits on consideration of reports that were screened out in making a screening determination.

Sec. 16. **[260E.16] TIMELINE FOR SCREENING.**

(a) The local welfare agency shall determine if the report is to be screened in or out as soon as possible but in no event longer than 24 hours after the report is received.

(b) When determining whether a report will be screened in or out, the agency receiving the report must consider, when relevant, all previous history, including reports that were screened out. The agency may communicate with treating professionals and individuals specified under section 260E.35, subdivision 4, paragraph (b).

Sec. 17. **[260E.17] RESPONSE PATH ASSIGNMENT.**

Subdivision 1. **Local welfare agency.** (a) Upon receipt of a report, the local welfare agency shall determine whether to conduct a family assessment or an investigation as appropriate to prevent or provide a remedy for maltreatment.
(b) The local welfare agency shall conduct an investigation when the report involves sexual abuse or substantial child endangerment.

(c) The local welfare agency shall begin an immediate investigation if, at any time when the local welfare agency is using a family assessment response, the local welfare agency determines that there is reason to believe that sexual abuse or substantial child endangerment or a serious threat to the child's safety exists.

(d) The local welfare agency may conduct a family assessment for reports that do not allege sexual abuse or substantial child endangerment. In determining that a family assessment is appropriate, the local welfare agency may consider issues of child safety, parental cooperation, and the need for an immediate response.

(e) The local welfare agency may conduct a family assessment on a report that was initially screened and assigned for an investigation. In determining that a complete investigation is not required, the local welfare agency must document the reason for terminating the investigation and notify the local law enforcement agency if the local law enforcement agency is conducting a joint investigation.

Subd. 2. Responsible social service agency. The responsible agency shall conduct an investigation when the report alleges maltreatment in a facility required to be licensed under chapter 144H, 245A, 245D, or 245H; under sections 144.50 to 144.58 and 241.021; in a school as defined in section 120A.05, subdivisions 9, 11, and 13, and chapter 124E; or in a nonlicensed personal care provider association as defined in section 256B.0625, subdivision 19a.

Sec. 18. [260E.18] NOTICE TO CHILD'S TRIBE.

The local welfare agency shall provide immediate notice, according to section 260.761, subdivision 2, to an Indian child's tribe when the agency has reason to believe the family assessment or investigation may involve an Indian child. For purposes of this section, "immediate notice" means notice provided within 24 hours.

Sec. 19. [260E.19] CONFLICT OF INTEREST.

(a) A potential conflict of interest related to assisting in an investigation or assessment under this chapter resulting in a direct or shared financial interest with a child maltreatment treatment provider or resulting from a personal or family relationship with a party in the investigation must be considered by the local welfare agency in an effort to prevent unethical relationships.
(b) A person who conducts an investigation or assessment under this chapter may not have:

(1) any direct or shared financial interest or referral relationship resulting in a direct shared financial gain with a child maltreatment treatment provider; or

(2) a personal or family relationship with a party in the assessment or investigation.

(c) If an independent assessor is not available, the person responsible for making the determination under this chapter may use the services of an assessor with a financial interest, referral, or personal or family relationship.

Sec. 20. [260E.20] AGENCY DUTIES REGARDING INVESTIGATION AND ASSESSMENT.

Subdivision 1. General duties. (a) The local welfare agency shall offer services to prevent future maltreatment, safeguarding and enhancing the welfare of the maltreated child, and supporting and preserving family life whenever possible.

(b) If the report alleges a violation of a criminal statute involving maltreatment or child endangerment under section 609.378, the local law enforcement agency and local welfare agency shall coordinate the planning and execution of their respective investigation and assessment efforts to avoid a duplication of fact-finding efforts and multiple interviews. Each agency shall prepare a separate report of the results of the agency's investigation or assessment.

(c) In cases of alleged child maltreatment resulting in death, the local agency may rely on the fact-finding efforts of a law enforcement investigation to make a determination of whether or not maltreatment occurred.

(d) When necessary, the local welfare agency shall seek authority to remove the child from the custody of a parent, guardian, or adult with whom the child is living.

(e) In performing any of these duties, the local welfare agency shall maintain an appropriate record.

(f) In conducting a family assessment or investigation, the local welfare agency shall gather information on the existence of substance abuse and domestic violence.

(g) If the family assessment or investigation indicates there is a potential for abuse of alcohol or other drugs by the parent, guardian, or person responsible for the child's care, the local welfare agency shall conduct a chemical use assessment pursuant to Minnesota Rules, part 9530.6615.
(h) The agency may use either a family assessment or investigation to determine whether the child is safe when responding to a report resulting from birth match data under section 260E.03, subdivision 23, paragraph (c). If the child subject of birth match data is determined to be safe, the agency shall consult with the county attorney to determine the appropriateness of filing a petition alleging the child is in need of protection or services under section 260C.007, subdivision 6, clause (16), in order to deliver needed services. If the child is determined not to be safe, the agency and the county attorney shall take appropriate action as required under section 260C.503, subdivision 2.

Subd. 2. Face-to-face contact. (a) Upon receipt of a screened in report, the local welfare agency shall conduct a face-to-face contact with the child reported to be maltreated and with the child's primary caregiver sufficient to complete a safety assessment and ensure the immediate safety of the child.

(b) The face-to-face contact with the child and primary caregiver shall occur immediately if sexual abuse or substantial child endangerment is alleged and within five calendar days for all other reports. If the alleged offender was not already interviewed as the primary caregiver, the local welfare agency shall also conduct a face-to-face interview with the alleged offender in the early stages of the assessment or investigation.

(c) At the initial contact with the alleged offender, the local welfare agency or the agency responsible for assessing or investigating the report must inform the alleged offender of the complaints or allegations made against the individual in a manner consistent with laws protecting the rights of the person who made the report. The interview with the alleged offender may be postponed if it would jeopardize an active law enforcement investigation.

(d) The local welfare agency or the agency responsible for assessing or investigating the report must provide the alleged offender with an opportunity to make a statement. The alleged offender may submit supporting documentation relevant to the assessment or investigation.

Subd. 3. Collection of information. (a) The local welfare agency responsible for conducting a family assessment or investigation shall collect available and relevant information to determine child safety, risk of subsequent maltreatment, and family strengths and needs and share not public information with an Indian's tribal social services agency without violating any law of the state that may otherwise impose a duty of confidentiality on the local welfare agency in order to implement the tribal state agreement.
(b) The local welfare agency or the agency responsible for investigating the report shall collect available and relevant information to ascertain whether maltreatment occurred and whether protective services are needed.

c) Information collected includes, when relevant, information with regard to the person reporting the alleged maltreatment, including the nature of the reporter's relationship to the child and to the alleged offender, and the basis of the reporter's knowledge for the report; the child allegedly being maltreated; the alleged offender; the child's caretaker; and other collateral sources having relevant information related to the alleged maltreatment.

d) Information relevant to the assessment or investigation must be asked for, and may include:

1. the child's sex and age; prior reports of maltreatment, including any maltreatment reports that were screened out and not accepted for assessment or investigation; information relating to developmental functioning; credibility of the child's statement; and whether the information provided under this clause is consistent with other information collected during the course of the assessment or investigation;

2. the alleged offender's age, a record check for prior reports of maltreatment, and criminal charges and convictions;

3. collateral source information regarding the alleged maltreatment and care of the child. Collateral information includes, when relevant: (i) a medical examination of the child; (ii) prior medical records relating to the alleged maltreatment or the care of the child maintained by any facility, clinic, or health care professional and an interview with the treating professionals; and (iii) interviews with the child's caretakers, including the child's parent, guardian, foster parent, child care provider, teachers, counselors, family members, relatives, and other persons who may have knowledge regarding the alleged maltreatment and the care of the child; and

4. information on the existence of domestic abuse and violence in the home of the child, and substance abuse.

e) Nothing in this subdivision precludes the local welfare agency, the local law enforcement agency, or the agency responsible for assessing or investigating the report from collecting other relevant information necessary to conduct the assessment or investigation.

f) Notwithstanding section 13.384 or 144.291 to 144.298, the local welfare agency has access to medical data and records for purposes of paragraph (d), clause (3).
Subd. 4. Consultation regarding alleged medical neglect. If the report alleges medical neglect as defined in section 260C.007, subdivision 6, clause (5), the local welfare agency shall, in addition to its other duties under this section, immediately consult with designated hospital staff and with the parents of the infant to verify that appropriate nutrition, hydration, and medication are being provided; and shall immediately secure an independent medical review of the infant's medical charts and records and, if necessary, seek a court order for an independent medical examination of the infant.

Subd. 5. Law enforcement fact finding. If the report alleges maltreatment by a person who is not a parent, guardian, sibling, person responsible for the child's care functioning within the family unit, or a person who lives in the child's household and who has a significant relationship to the child, in a setting other than a facility as defined in section 260E.03, the local welfare agency may rely on the fact-finding efforts of the law enforcement investigation to make a determination whether or not threatened injury or other maltreatment has occurred under section 260E.03, subdivision 12, if an alleged offender has minor children or lives with minors.

Sec. 21. [260E.21] SCREENED OUT REPORTS.

Subdivision 1. Records. A report that is screened out must be maintained according to section 260E.35, subdivision 6, paragraph (b).

Subd. 2. Offer of social services. A local welfare agency or agency responsible for investigating or assessing a report may use a screened out report for making an offer of social services to the subjects of the screened out report.

Sec. 22. [260E.22] INTERVIEWS.

Subdivision 1. Authority to interview. (a) The agency responsible for assessing or investigating reports of maltreatment has the authority to interview the child, the person or persons responsible for the child's care, the alleged offender, and any other person with knowledge of the maltreatment for the purpose of gathering facts, assessing safety and risk to the child, and formulating a plan.

(b) Authority of the local welfare agency responsible for assessing or investigating the maltreatment report, the agency responsible for assessing or investigating the report, and the local law enforcement agency responsible for investigating the alleged maltreatment includes but is not limited to authority to interview, without parental consent, the alleged victim and any other children who currently reside with or who have resided with the alleged offender.
Subd. 2. Interview procedure. (a) The interview may take place at school or at any facility or other place where the alleged victim or other children might be found or the child may be transported to, and the interview may be conducted at a place appropriate for the interview of a child designated by the local welfare agency or law enforcement agency.

(b) The interview may take place outside the presence of the alleged offender or parent, legal custodian, guardian, or school official.

(c) For a family assessment, it is the preferred practice to request a parent or guardian's permission to interview the child before conducting the child interview, unless doing so would compromise the safety assessment.

Subd. 3. Notification after interview. (a) Except as provided in this subdivision, the parent, legal custodian, or guardian shall be notified by the responsible agency or local law enforcement agency no later than the conclusion of the investigation or assessment that this interview has occurred.

(b) Notwithstanding notice required under the Minnesota Rules of Juvenile Protection, the juvenile court may, after hearing on an ex parte motion by the local welfare agency, order that, where reasonable cause exists, the agency withhold notification of this interview from the parent, legal custodian, or guardian. If the interview took place or is to take place on school property, the order shall specify that school officials may not disclose to the parent, legal custodian, or guardian the contents of the notification of intent to interview the child on school property, as provided under this subdivision, and any other related information regarding the interview that may be a part of the child's school record. A copy of the order shall be sent by the local welfare or law enforcement agency to the appropriate school official.

Subd. 4. Tennessen notice not required. In conducting investigations and assessments pursuant to this chapter, the notice required by section 13.04, subdivision 2, need not be provided to a child under the age of ten who is the alleged victim of maltreatment.

Subd. 5. Court order for interview. (a) Where the alleged offender or a person responsible for the care of the alleged victim or other child prevents access to the victim or other child by the local welfare agency, the juvenile court may order the parent, legal custodian, or guardian to produce the alleged victim or other child for questioning by the local welfare agency or the local law enforcement agency outside the presence of the alleged offender or any person responsible for the child's care at reasonable places and times as specified by court order.
(b) Before making an order under paragraph (a), the court shall issue an order to show cause, either upon its own motion or upon a verified petition, specifying the basis for the requested interview and fixing the time and place of the hearing. The order to show cause shall be served personally and shall be heard in the same manner as provided in other cases in the juvenile court. The court shall consider the need for appointment of a guardian ad litem to protect the best interests of the child. If appointed, the guardian ad litem shall be present at the hearing on the order to show cause.

Subd. 6. Interview format. (a) When conducting an investigation, the local welfare agency shall use a question and answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses.

(b) For investigations only, the following interviewing methods and procedures must be used whenever possible when collecting information:

(1) audio recording of all interviews with witnesses and collateral sources; and

(2) in a case of alleged sexual abuse, audio-video recording of each interview with the alleged victim and a child witness.

Subd. 7. Interviews on school property. (a) When the local welfare agency, local law enforcement agency, or the agency responsible for assessing or investigating a report of maltreatment determines that an interview should take place on school property, written notification of intent to interview the child on school property must be received by school officials before the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property. For an interview conducted by the local welfare agency, the notification shall be signed by the chair of the local welfare agency or the chair's designee. The notification shall be private data on individuals subject to the provisions of this subdivision. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare agency or local law enforcement agency that the investigation or assessment has been concluded, unless a school employee or agent is alleged to have maltreated the child. Until that time, the local welfare agency, local law enforcement agency, or the agency responsible for assessing or investigating a report of maltreatment shall be solely responsible for any disclosure regarding the nature of the assessment or investigation.

(b) Except where the alleged offender is believed to be a school official or employee, the time, place, and manner of the interview on school premises shall be within the discretion
of school officials, but the local welfare agency or local law enforcement agency shall have
the exclusive authority to determine who may attend the interview. The conditions as to
time, place, and manner of the interview set by the school officials shall be reasonable, and
the interview shall be conducted not more than 24 hours after the receipt of the notification
unless another time is considered necessary by agreement between the school officials and
the local welfare agency or local law enforcement agency. Where the school fails to comply
with the provisions of this paragraph, the juvenile court may order the school to comply.
Every effort must be made to reduce the disruption of the educational program of the child,
other students, or school staff when an interview is conducted on school premises.

Sec. 23. [260E.23] DOCUMENTING INTERVIEWS WITH CHILD
MALTREATMENT VICTIMS.

Subdivision 1. Policy. It is the policy of this state to encourage adequate and accurate
documentation of the number and content of interviews conducted with alleged child
maltreatment victims during the course of a child maltreatment assessment or investigation,
criminal investigation, or prosecution, and to discourage interviews that are unnecessary,
duplicative, or otherwise not in the best interests of the child.

Subd. 2. Definitions. As used in this section:

(1) "government employee" means an employee of a state or local agency, and any
person acting as an agent of a state or local agency;

(2) "interview" means a statement of an alleged maltreatment victim which is given or
made to a government employee during the course of a maltreatment assessment or
investigation, criminal investigation, or prosecution; and

(3) "record" means an audio or video recording of an interview, or a written record of
an interview.

Subd. 3. Record required. Whenever an interview is conducted, the interviewer must
make a record of the interview. The record must contain the following information:

(1) the date, time, place, and duration of the interview;

(2) the identity of the persons present at the interview; and

(3) if the record is in writing, a summary of the information obtained during the interview.

Subd. 4. Records maintained. The records shall be maintained by the interviewer in
accordance with applicable provisions of section 260E.35 and chapter 13.
Subd. 5. Guidelines on tape recording of interviews. Every county attorney's office shall be responsible for developing written guidelines on the tape recording of interviews by government employees who conduct child maltreatment assessments or investigations, criminal investigations, or prosecutions. The guidelines are public data as defined in section 13.02, subdivision 14.

Sec. 24. [260E.24] CONCLUSION OF FAMILY ASSESSMENT OR FAMILY INVESTIGATION BY LOCAL WELFARE AGENCY.

Subdivision 1. Timing. The local welfare agency shall conclude the family assessment or the investigation within 45 days of the receipt of a report. The conclusion of the assessment or investigation may be extended to permit the completion of a criminal investigation or the receipt of expert information requested within 45 days of the receipt of the report.

Subd. 2. Determination after family assessment. After conducting a family assessment, the local welfare agency shall determine whether child protective services are needed to address the safety of the child and other family members and the risk of subsequent maltreatment.

Subd. 3. Determinations after family investigation. (a) After conducting an investigation, the local welfare agency shall make two determinations: (1) whether maltreatment occurred; and (2) whether child protective services are needed.

(b) No determination of maltreatment shall be made when the alleged offender is a child under the age of ten.

(c) The local welfare agency or the agency responsible for investigating the report may make a determination of no maltreatment early in an investigation, and close the case and retain immunity, if the collected information shows no basis for a full investigation.

Subd. 4. Child protective services. For the purposes of this chapter, except for section 260E.37, a determination that child protective services are needed means that the local welfare agency documented conditions during the assessment or investigation sufficient to cause a child protection worker, as defined in section 260E.37, to conclude that a child is at significant risk of maltreatment if protective intervention is not provided and that the individual or individuals responsible for the child's care have not taken or are not likely to take action to protect the child from maltreatment or risk of maltreatment.

Subd. 5. Notifications at conclusion of family investigation. (a) Within ten working days of the conclusion of an investigation, the local welfare agency or agency responsible for investigating the report shall notify the parent or guardian of the child and the person...
determined to be maltreating the child, if not the parent or guardian of the child, of the
determination and a summary of the specific reasons for the determination.

(b) The notice must include a certification that the information collection procedures
under section 260E.20 were followed and a notice of the right of a data subject to obtain
access to other private data on the subject collected, created, or maintained under this section.

(c) In addition, the notice shall include the length of time that the records will be kept
under section 260E.35, subdivision 6. The investigating agency shall notify the parent or
 guardian of the child who is the subject of the report, and any person determined to have
maltreated the child, of their appeal or review rights under this chapter.

(d) The notice must also state that a finding of maltreatment may result in denial of a
license or certification application or background study disqualification under chapter 245C
related to employment or services that are licensed or certified by the Department of Human
Services under chapter 245A or 245H, the Department of Health under chapter 144 or 144A,
the Department of Corrections under section 241.021, and from providing services related
to an unlicensed personal care provider organization under chapter 256B.

Subd. 6. Required referral to early intervention services. A child under age three
who is involved in a substantiated case of maltreatment shall be referred for screening under
the Individuals with Disabilities Education Act, part C. Parents must be informed that the
evaluation and acceptance of services are voluntary. The commissioner of human services
shall monitor referral rates by county and annually report the information to the legislature.
Refusal to have a child screened is not a basis for a child in need of protection or services
petition under chapter 260C.

Subd. 7. Notification at conclusion of family assessment. Within ten working days of
the conclusion of a family assessment, the local welfare agency shall notify the parent or
 guardian of the child of the need for services to address child safety concerns or significant
risk of subsequent maltreatment. The local welfare agency and the family may also jointly
agree that family support and family preservation services are needed.

Sec. 25. [260E.25] PROVISION OF MEDICAL CARE.

(a) If lack of medical care due to a parent's, guardian's, or caretaker's good faith selection
and dependence upon spiritual means or prayer for treatment or care of disease or remedial
care for the child in lieu of medical care may result in serious danger to the child's health,
the local welfare agency may ensure that necessary medical services are provided to the
child.
(b) If the review or examination required under section 260E.20, subdivision 4, leads to a conclusion of medical neglect, the agency shall intervene on behalf of the infant by initiating legal proceedings under section 260C.141 and by filing an expedited motion to prevent the withholding of medically indicated treatment.

Sec. 26. [260E.26] PROVISION OF CHILD PROTECTIVE SERVICES.

The local welfare agency shall create a written plan, in collaboration with the family whenever possible, within 30 days of the determination that child protective services are needed or upon joint agreement of the local welfare agency and the family that family support and preservation services are needed. Child protective services for a family are voluntary unless ordered by the court.

Sec. 27. [260E.27] CONSULTATION WITH THE COUNTY ATTORNEY.

The local welfare agency shall consult with the county attorney to determine the appropriateness of filing a petition alleging the child is in need of protection or services under section 260C.007, subdivision 6, if:

(1) the family does not accept or comply with a plan for child protective services;
(2) voluntary child protective services may not provide sufficient protection for the child; or
(3) the family is not cooperating with an investigation or assessment.

Sec. 28. [260E.28] CONDUCTING INVESTIGATION IN FACILITY OR SCHOOL.

Subdivision 1. Immediate investigation for alleged maltreatment in a facility. (a) The commissioner of human services, health, or education, whichever is responsible for investigating the report, shall immediately investigate if the report alleges that:

(1) a child who is in the care of a facility as defined in section 260E.03 is the victim of maltreatment in a facility by an individual in that facility or has been the victim of maltreatment in a facility by an individual in that facility within the three years preceding the report; or
(2) a child is the victim of maltreatment in a facility by an individual in a facility defined in section 260E.03, subdivision 6, while in the care of that facility within the three years preceding the report.

(b) The commissioner of the agency responsible for investigating the report shall arrange for the transmittal to the commissioner of reports received by local agencies and may delegate...
to a local welfare agency the duty to investigate reports. The commissioner of the agency
responsible for investigating the report or local welfare agency may interview any children
who are or have been in the care of a facility under investigation and the children's parents,
guardians, or legal custodians.

(c) In conducting an investigation under this section, the commissioner has the powers
and duties specified for a local welfare agency under this chapter.

Subd. 2. Preinterview notification for facility investigation. Before any interview
related to maltreatment in a facility under the provisions of section 260E.22, the
commissioner of the agency responsible for investigating the report or local welfare agency
shall notify the parent, guardian, or legal custodian of a child who will be interviewed in
the manner provided for in section 260E.22. If reasonable efforts to reach the parent,
guardian, or legal custodian of a child in an out-of-home placement have failed, the child
may be interviewed if there is reason to believe the interview is necessary to protect the
child or other children in the facility. The commissioner of the agency responsible for
assessing or investigating the report or local agency must provide the information required
in this subdivision to the parent, guardian, or legal custodian of a child interviewed without
parental notification as soon as possible after the interview. When the investigation is
completed, any parent, guardian, or legal custodian notified under this subdivision shall
receive the written memorandum provided for in section 260E.30, subdivision 5.

Subd. 3. Facility records. The commissioner of human services, the ombudsman for
mental health and developmental disabilities, the local welfare agencies responsible for
investigating reports, the commissioner of education, and the local law enforcement agencies
have the right to enter a facility as defined in section 260E.03 and to inspect and copy the
facility's records, including medical records, as part of the investigation. Notwithstanding
the provisions of chapter 13, the commissioner of human services, the ombudsman for
mental health and developmental disabilities, the local welfare agencies responsible for
investigating reports, the commissioner of education, and the local law enforcement agencies
also have the right to inform the facility under investigation that an investigation is being
conducted, to disclose to the facility the names of the individuals under investigation for
maltreating a child, and to provide the facility with a copy of the report and the investigative
findings.

Subd. 4. Access to information. In conducting investigations under this chapter, the
commissioner or local welfare agency shall obtain access to information consistent with
section 260E.20, subdivision 3. In conducting investigations under this section, the
commissioner of education shall obtain access to reports and investigative data that are
relevant to a report of maltreatment and are in the possession of a school facility as defined
in section 260E.03, subdivision 6, clause (2), notwithstanding the classification of the data
as educational or personnel data under chapter 13. This includes but is not limited to school
investigative reports, information concerning the conduct of school personnel alleged to
have committed maltreatment of students, information about witnesses, and any protective
or corrective action taken by the school facility regarding the school personnel alleged to
have committed maltreatment.

Subd. 5. Investigation involving school facility. In conducting an investigation involving
a school facility as defined in section 260E.03, subdivision 6, clause (2), the commissioner
of education shall collect available and relevant information and use the procedures in
sections 260E.20, subdivisions 2 and 3, and 260E.22, except that the requirement for
face-to-face observation of the child and face-to-face interview of the alleged offender is
to occur in the initial stages of the investigation provided that the commissioner may also
base the investigation on investigative reports and data received from the school facility
and local law enforcement agency, to the extent those investigations satisfy the requirements
of sections 260E.20, subdivisions 2 and 3, and 260E.22.

Sec. 29. [260E.29] NOTIFICATION REQUIREMENTS FOR SCHOOLS AND
FACILITIES.

Subdivision 1. Notification requirements for school facility. (a) Notwithstanding
section 260E.09, the commissioner of education must inform the parent, guardian, or legal
custodian of the child who is the subject of a report of alleged maltreatment in a school
facility within ten days of receiving the report, either orally or in writing, whether the
commissioner is investigating the report of alleged maltreatment.

(b) Regardless of whether a report is made under section 260E.09, as soon as practicable
after a school receives information regarding an incident that may constitute maltreatment
of a child in a school facility, the school shall inform the parent, legal guardian, or custodian
of the child that an incident occurred that may constitute maltreatment of the child, when
the incident occurred, and the nature of the conduct that may constitute maltreatment.

Subd. 2. Notification requirements for other types of facilities. When a report is
received that alleges maltreatment of a child while in the care of a licensed or unlicensed
day care facility, residential facility, agency, hospital, sanitarium, or other facility or
institution required to be licensed or certified according to sections 144.50 to 144.58;
241.021; or 245A.01 to 245A.16; or chapter 144H, 245D, or 245H; or a school as defined
in section 120A.05, subdivisions 9, 11, and 13; and chapter 124E; or a nonlicensed personal
care provider organization as defined in section 256B.0625, subdivision 19a, the
commissioner of the agency responsible for investigating the report or local welfare agency
investigating the report shall provide the following information to the parent, guardian, or
legal custodian of a child alleged to have been the victim of maltreatment in the facility;
the name of the facility; the fact that a report alleging maltreatment in the facility has been
received; the nature of the alleged maltreatment in the facility; that the agency is conducting
an investigation; any protective or corrective measures being taken pending the outcome
of the investigation; and that a written memorandum will be provided when the investigation
is completed.

Subd. 3. Discretionary notification. The commissioner of the agency responsible for
investigating the report or local welfare agency may also provide the information in
subdivision 2 to the parent, guardian, or legal custodian of any other child in the facility if
the investigative agency knows or has reason to believe the alleged maltreatment of a child
in the facility occurred. In determining whether to exercise this authority, the commissioner
of the agency responsible for investigating the report or local welfare agency shall consider
the seriousness of the alleged maltreatment of a child in the facility; the number of alleged
victims of maltreatment of a child in the facility; the number of alleged offenders; and the
length of the investigation. The facility shall be notified whenever this discretion is exercised.

Sec. 30. [260E.30] CONCLUSION OF SCHOOL OR FACILITY INVESTIGATION.

Subdivision 1. Investigation involving a school facility. If the commissioner of education
conducts an investigation, the commissioner shall determine whether maltreatment occurred
and what corrective or protective action was taken by the school facility. If a determination
is made that maltreatment occurred, the commissioner shall report to the employer, the
school board, and any appropriate licensing entity the determination that maltreatment
occurred and what corrective or protective action was taken by the school facility. In all
other cases, the commissioner shall inform the school board or employer that a report was
received; the subject of the report; the date of the initial report; the category of maltreatment
alleged as defined in section 260E.03, subdivision 12; the fact that maltreatment was not
determined; and a summary of the specific reasons for the determination.

Subd. 2. Investigation involving a facility. (a) When maltreatment is determined in an
investigation involving a facility, the investigating agency shall also determine whether the
facility or individual was responsible, or whether both the facility and the individual were
responsible for the maltreatment using the mitigating factors in subdivision 4. Determinations
under this subdivision must be made based on a preponderance of the evidence and are
private data on individuals or nonpublic data as maintained by the commissioner of education.

(b) Any operator, employee, or volunteer worker at any facility who intentionally
maltreats any child in the care of that facility may be charged with a violation of section
609.255, 609.377, or 609.378. Any operator of a facility who knowingly permits conditions
to exist that result in maltreatment of a child in a facility while in the care of that facility
may be charged with a violation of section 609.378. The facility operator shall inform all
mandated reporters employed by or otherwise associated with the facility of the duties
required of mandated reporters and shall inform all mandatory reporters of the prohibition
against retaliation for reports made in good faith under this section.

Subd. 3. Nonmaltreatment mistake. (a) If paragraph (b) applies, rather than making a
determination of substantiated maltreatment by the individual, the commissioner of human
services shall determine that a nonmaltreatment mistake was made by the individual.

(b) A nonmaltreatment mistake occurs when:

(1) at the time of the incident, the individual was performing duties identified in the
center's child care program plan required under Minnesota Rules, part 9503.0045;

(2) the individual has not been determined responsible for a similar incident that resulted
in a finding of maltreatment for at least seven years;

(3) the individual has not been determined to have committed a similar nonmaltreatment
mistake under this paragraph for at least four years;

(4) any injury to a child resulting from the incident, if treated, is treated only with
remedies that are available over the counter, whether ordered by a medical professional or
not; and

(5) except for the period when the incident occurred, the facility and the individual
providing services were both in compliance with all licensing requirements relevant to the
incident.

(c) This subdivision only applies to child care centers licensed under Minnesota Rules,
chapter 9503.

Subd. 4. Mitigating factors in investigating facilities. (a) When determining whether
the facility or individual is the responsible party, or whether both the facility and the
individual are responsible for determined maltreatment in a facility, the investigating agency
shall consider at least the following mitigating factors:
whether the actions of the facility or the individual caregivers were according to,
and followed the terms of, an erroneous physician order, prescription, individual care plan, or
directive; however, this is not a mitigating factor when the facility or caregiver was
responsible for the issuance of the erroneous order, prescription, individual care plan, or
directive or knew or should have known of the errors and took no reasonable measures to
correct the defect before administering care;

(2) comparative responsibility between the facility, other caregivers, and requirements
placed upon an employee, including the facility's compliance with related regulatory standards
and the adequacy of facility policies and procedures, facility training, an individual's
participation in the training, the caregiver's supervision, and facility staffing levels and the
scope of the individual employee's authority and discretion; and

(3) whether the facility or individual followed professional standards in exercising
professional judgment.

(b) The evaluation of the facility's responsibility under paragraph (a), clause (2), must
not be based on the completeness of the risk assessment or risk reduction plan required
under section 245A.66, but must be based on the facility's compliance with the regulatory
standards for policies and procedures, training, and supervision as cited in Minnesota Statutes
and Minnesota Rules.

(c) Notwithstanding paragraphs (a) and (b), when maltreatment is determined to have
been committed by an individual who is also the facility license holder, both the individual
and the facility must be determined responsible for the maltreatment, and both the background
study disqualification standards under section 245C.15, subdivision 4, and the licensing or
certification actions under sections 245A.06, 245A.07, 245H.06, or 245H.07 apply.

Subd. 5. Notification when school or facility investigation is completed. (a) When
the commissioner of the agency responsible for investigating the report or local welfare
agency has completed its investigation, every parent, guardian, or legal custodian previously
notified of the investigation by the commissioner or local welfare agency shall be provided
with the following information in a written memorandum: the name of the facility
investigated; the nature of the alleged maltreatment of a child in the facility; the investigator's
name; a summary of the investigation findings; a statement of whether maltreatment was
found; and the protective or corrective measures that are being or will be taken.

(b) The memorandum shall be written in a manner that protects the identity of the reporter
and the child and shall not contain the name or, to the extent possible, reveal the identity
of the alleged offender or the identity of individuals interviewed during the investigation.
(c) If maltreatment is determined to exist, the commissioner or local welfare agency shall also provide the written memorandum to the parent, guardian, or legal custodian of each child in the facility who had contact with the individual responsible for the maltreatment.

(d) When the facility is the responsible party for maltreatment, the commissioner or local welfare agency shall also provide the written memorandum to the parent, guardian, or legal custodian of each child who received services in the population of the facility where the maltreatment occurred.

(e) This notification must be provided to the parent, guardian, or legal custodian of each child receiving services from the time the maltreatment occurred until either the individual responsible for maltreatment is no longer in contact with a child or children in the facility or the conclusion of the investigation.

(f) In the case of maltreatment within a school facility, as defined in section 120A.05, subdivisions 9, 11, and 13, and chapter 124E, the commissioner of education need not provide notification to parents, guardians, or legal custodians of each child in the facility, but shall, within ten days after the investigation is completed, provide written notification to the parent, guardian, or legal custodian of any student alleged to have been maltreated.

(g) The commissioner of education may notify the parent, guardian, or legal custodian of any student involved as a witness to alleged maltreatment.

Subd. 6. Notification to parent, child, or offender following investigation. (a) Within ten working days of the conclusion of an investigation, the local welfare agency or agency responsible for investigating the report of maltreatment in a facility shall notify the parent or guardian of the child, the person determined to be maltreating the child, and the director of the facility of the determination and a summary of the specific reasons for the determination.

(b) When the investigation involves a child foster care setting that is monitored by a private licensing agency under section 245A.16, the local welfare agency responsible for investigating the report shall notify the private licensing agency of the determination and shall provide a summary of the specific reasons for the determination. The notice to the private licensing agency must include identifying private data, but not the identity of the reporter of maltreatment.

(c) The notice must also include a certification that the information collection procedures under section 260E.20, subdivision 3, were followed and a notice of the right of a data subject to obtain access to other private data on the subject collected, created, or maintained under this section.
(d) In addition, the notice shall include the length of time that the records will be kept under section 260E.35, subdivision 6.

(e) The investigating agency shall notify the parent or guardian of the child who is the subject of the report, and any person or facility determined to have maltreated a child, of their appeal or review rights under this section.

(f) The notice must also state that a finding of maltreatment may result in denial of a license or certification application or background study disqualification under chapter 245C related to employment or services that are licensed by the Department of Human Services under chapter 245A or 245H, the Department of Health under chapter 144 or 144A, the Department of Corrections under section 241.021, and from providing services related to an unlicensed personal care provider organization under chapter 256B.

Sec. 31. [260E.31] REPORTING OF PRENATAL EXPOSURE TO CONTROLLED SUBSTANCES.

Subdivision 1. Reports required. (a) Except as provided in paragraph (b), a person mandated to report under this chapter shall immediately report to the local welfare agency if the person knows or has reason to believe that a woman is pregnant and has used a controlled substance for a nonmedical purpose during the pregnancy, including but not limited to tetrahydrocannabinol, or has consumed alcoholic beverages during the pregnancy in any way that is habitual or excessive.

(b) A health care professional or a social service professional who is mandated to report under this chapter is exempt from reporting under paragraph (a) if the professional is providing or collaborating with other professionals to provide the woman with prenatal care or other health care services.

(c) Any person may make a voluntary report if the person knows or has reason to believe that a woman is pregnant and has used a controlled substance for a nonmedical purpose during the pregnancy, including but not limited to tetrahydrocannabinol, or has consumed alcoholic beverages during the pregnancy in any way that is habitual or excessive.

(d) An oral report shall be made immediately by telephone or otherwise. An oral report made by a person required to report shall be followed within 72 hours, exclusive of weekends and holidays, by a report in writing to the local welfare agency. Any report shall be of sufficient content to identify the pregnant woman, the nature and extent of the use, if known, and the name and address of the reporter. The local welfare agency shall accept a report.
made under paragraph (c) notwithstanding refusal by a voluntary reporter to provide the reporter's name or address as long as the report is otherwise sufficient.

(e) For purposes of this section, "prenatal care" means the comprehensive package of medical and psychological support provided throughout the pregnancy.

Subd. 2. Local welfare agency. Upon receipt of a report of prenatal exposure to a controlled substance required under subdivision 1, the local welfare agency shall immediately conduct an appropriate assessment and offer services indicated under the circumstances. Services offered may include but are not limited to a referral for chemical dependency assessment, a referral for chemical dependency treatment if recommended, and a referral for prenatal care. The local welfare agency may also take any appropriate action under chapter 253B, including seeking an emergency admission under section 253B.05. The local welfare agency shall seek an emergency admission under section 253B.05 if the pregnant woman refuses recommended voluntary services or fails recommended treatment.

Subd. 3. Related provisions. Reports under this section are governed by sections 260E.05, 260E.06, 260E.34, and 260E.35.

Subd. 4. Controlled substances. For purposes of this section and section 260E.32, "controlled substance" means a controlled substance listed in section 253B.02, subdivision 2.

Sec. 32. [260E.32] TOXICOLOGY TESTS REQUIRED.

Subdivision 1. Test; report. (a) A physician shall administer a toxicology test to a pregnant woman under the physician's care or to a woman under the physician's care within eight hours after delivery to determine whether there is evidence that she has ingested a controlled substance, if the woman has obstetrical complications that are a medical indication of possible use of a controlled substance for a nonmedical purpose.

(b) If the test results are positive, the physician shall report the results under section 260E.31. A negative test result does not eliminate the obligation to report under section 260E.31 if other evidence gives the physician reason to believe the patient has used a controlled substance for a nonmedical purpose.

Subd. 2. Newborns. (a) A physician shall administer to each newborn infant born under the physician's care a toxicology test to determine whether there is evidence of prenatal exposure to a controlled substance, if the physician has reason to believe based on a medical assessment of the mother or the infant that the mother used a controlled substance for a nonmedical purpose during the pregnancy.
(b) If the test results are positive, the physician shall report the results as neglect under section 260E.03. A negative test result does not eliminate the obligation to report under this chapter if other medical evidence of prenatal exposure to a controlled substance is present.

Subd. 3. Report to Department of Health. Physicians shall report to the Department of Health the results of tests performed under subdivisions 1 and 2. A report shall be made on the certificate of live birth medical supplement or the report of fetal death medical supplement filed on or after February 1, 1991. The reports are medical data under section 13.384.

Subd. 4. Reliability of tests. A positive test result reported under this section must be obtained from a confirmatory test performed by a drug testing laboratory that meets the requirements of section 181.953 and must be performed according to the requirements for performance of confirmatory tests imposed by the licensing, accreditation, or certification program listed in section 181.953, subdivision 1, in which the laboratory participates.

Sec. 33. [260E.33] RECONSIDERATION AND APPEAL OF MALTREATMENT DETERMINATION FOLLOWING INVESTIGATION.

Subdivision 1. Following family assessment. Administrative reconsideration is not applicable in a family assessment since no determination concerning maltreatment is made.

Subd. 2. Request for reconsideration. (a) Except as provided under subdivision 5, an individual or facility that the commissioner of human services, a local welfare agency, or the commissioner of education determines has maltreated a child, an interested person acting on behalf of the child, regardless of the determination, who contests the investigating agency's final determination regarding maltreatment, may request the investigating agency to reconsider its final determination regarding maltreatment. The request for reconsideration must be submitted in writing to the investigating agency within 15 calendar days after receipt of notice of the final determination regarding maltreatment or, if the request is made by an interested person who is not entitled to notice, within 15 days after receipt of the notice by the parent or guardian of the child. If mailed, the request for reconsideration must be postmarked and sent to the investigating agency within 15 calendar days of the individual's or facility's receipt of the final determination. If the request for reconsideration is made by personal service, it must be received by the investigating agency within 15 calendar days after the individual's or facility's receipt of the final determination.

(b) An individual who was determined to have maltreated a child under this chapter and who was disqualified on the basis of serious or recurring maltreatment under sections 245C.14 and 245C.15 may request reconsideration of the maltreatment determination and
the disqualification. The request for reconsideration of the maltreatment determination and
the disqualification must be submitted within 30 calendar days of the individual's receipt
of the notice of disqualification under sections 245C.16 and 245C.17. If mailed, the request
for reconsideration of the maltreatment determination and the disqualification must be
postmarked and sent to the investigating agency within 30 calendar days of the individual's
receipt of the maltreatment determination and notice of disqualification. If the request for
reconsideration is made by personal service, it must be received by the investigating agency
within 30 calendar days after the individual's receipt of the notice of disqualification.

Subd. 3. Request for fair hearing. (a) Except as provided under subdivisions 5 and 6,
if the investigating agency denies the request or fails to act upon the request within 15
working days after receiving the request for reconsideration, the person or facility entitled
to a fair hearing under section 256.045 may submit to the commissioner of human services
or the commissioner of education a written request for a hearing under section 256.045.
Section 256.045 also governs hearings requested to contest a final determination of the
commissioner of education. The investigating agency shall notify persons who request
reconsideration of their rights under this paragraph. The hearings specified under this section
are the only administrative appeal of a decision issued under subdivision 2. Determinations
under this section are not subject to accuracy and completeness challenges under section
13.04.

(b) Except as provided under subdivision 6, if an individual or facility contests the
investigating agency's final determination regarding maltreatment by requesting a fair
hearing under section 256.045, the commissioner of human services shall ensure that the
hearing is conducted and a decision is reached within 90 days of receipt of the request for
a hearing. The time for action on the decision may be extended for as many days as the
hearing is postponed or the record is held open for the benefit of either party.

Subd. 4. Change of maltreatment determination. If, as a result of a reconsideration
or fair hearing, the investigating agency changes the determination of maltreatment, that
agency shall notify every parent, guardian, or legal custodian previously notified of the
investigation, the commissioner of the agency responsible for assessing or investigating the
report, the local welfare agency, and, if applicable, the director of the facility and the private
licensing agency.

Subd. 5. Consolidation. If an individual was disqualified under sections 245C.14 and
245C.15 on the basis of a determination of maltreatment which was serious or recurring,
and the individual requested reconsideration of the maltreatment determination under
subdivision 2 and requested reconsideration of the disqualification under sections 245C.21
to 245C.27, reconsideration of the maltreatment determination and reconsideration of the disqualification shall be consolidated into a single fair hearing. If reconsideration of the maltreatment determination is denied and the individual remains disqualified following a reconsideration decision, the individual may request a fair hearing under section 256.045. If an individual requests a fair hearing on the maltreatment determination and the disqualification, the scope of the fair hearing shall include both the maltreatment determination and the disqualification.

Subd. 6. **Contested case hearing.** If a maltreatment determination or a disqualification based on serious or recurring maltreatment is the basis for a denial of a license under section 245A.05 or a licensing sanction under section 245A.07, the license holder has the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. As provided for under section 245A.08, subdivision 2a, the scope of the contested case hearing shall include the maltreatment determination, disqualification, and licensing sanction or denial of a license. In such cases, a fair hearing regarding the maltreatment determination and disqualification shall not be conducted under section 256.045. Except for family child care and child foster care, reconsideration of a maltreatment determination as provided under this subdivision, and reconsideration of a disqualification as provided under section 245C.22, shall also not be conducted when:

1. a denial of a license under section 245A.05 or a licensing sanction under section 245A.07 is based on a determination that the license holder is responsible for maltreatment or the disqualification of a license holder based on serious or recurring maltreatment;
2. the denial of a license or licensing sanction is issued at the same time as the maltreatment determination or disqualification; and
3. the license holder appeals the maltreatment determination or disqualification and denial of a license or licensing sanction.

Notwithstanding clauses (1) to (3), if the license holder appeals the maltreatment determination or disqualification, but does not appeal the denial of a license or a licensing sanction, reconsideration of the maltreatment determination shall be conducted under subdivision 2 and section 626.557, subdivision 9d, and reconsideration of the disqualification shall be conducted under section 245C.22. In such cases, a fair hearing shall also be conducted as provided under subdivision 2 and sections 245C.27 and 626.557, subdivision 9d.

If the disqualified subject is an individual other than the license holder and upon whom a background study must be conducted under chapter 245C, the hearings of all parties may...
be consolidated into a single contested case hearing upon consent of all parties and the
administrative law judge.

Subd. 7. Process for correction order or decertification. If a maltreatment determination
is the basis for a correction order under section 245H.06 or decertification under section
245H.07, the certification holder has the right to request reconsideration under sections
245H.06 and 245H.07. If the certification holder appeals the maltreatment determination
or disqualification, but does not appeal the correction order or decertification, reconsideration
of the maltreatment determination shall be conducted under subdivision 2 and reconsideration
of the disqualification shall be conducted under section 245C.22.

Sec. 34. [260E.34] IMMUNITY.

(a) The following persons are immune from any civil or criminal liability that otherwise
might result from the person's actions, if the person is acting in good faith:

(1) a person making a voluntary or mandated report under this chapter or assisting in an
assessment under this chapter;

(2) a person with responsibility for performing duties under this section or supervisor

144.50 to 144.58; 241.021; 245A.01 to 245A.16; or chapter 245B or 245H; or a school as
defined in section 120A.05, subdivisions 9, 11, and 13; and chapter 124E; or a nonlicensed
personal care provider organization as defined in section 256B.0625, subdivision 19a,
complying with sections 260E.23, subdivisions 2 and 3, and 260E.30; and

(3) a public or private school, facility as defined in section 260E.03, or the employee of
any public or private school or facility who permits access by a local welfare agency, the
Department of Education, or a local law enforcement agency and assists in an investigation

(b) A person who is a supervisor or person with responsibility for performing duties
under this chapter employed by a local welfare agency, the commissioner of human services,
or the commissioner of education complying with this chapter or any related rule or provision
of law is immune from any civil or criminal liability that might otherwise result from the
person's actions, if the person is (1) acting in good faith and exercising due care, or (2)
acting in good faith and following the information collection procedures established under
section 260E.20, subdivision 3.
(c) Any physician or other medical personnel administering a toxicology test under section 260E.32 to determine the presence of a controlled substance in a pregnant woman, in a woman within eight hours after delivery, or in a child at birth or during the first month of life is immune from civil or criminal liability arising from administration of the test, if the physician ordering the test believes in good faith that the test is required under this section and the test is administered in accordance with an established protocol and reasonable medical practice.

(d) This section does not provide immunity to any person for failure to make a required report or for committing maltreatment.

(e) If a person who makes a voluntary or mandatory report under section 260E.06 prevails in a civil action from which the person has been granted immunity under this section, the court may award the person attorney fees and costs.

Sec. 35. [260E.35] DATA PRACTICES.

Subdivision 1. Maintaining data. Notwithstanding the data's classification in the possession of any other agency, data acquired by the local welfare agency or the agency responsible for assessing or investigating the report during the course of the assessment or investigation are private data on individuals and must be maintained according to this section.

Subd. 2. Data collected during investigation of maltreatment in school. (a) Data of the commissioner of education collected or maintained during and for the purpose of an investigation of alleged maltreatment in a school are governed by this chapter, notwithstanding the data's classification as educational, licensing, or personnel data under chapter 13.

(b) In conducting an investigation involving a school facility as defined in section 260E.03, subdivision 6, clause (2), the commissioner of education shall collect investigative reports and data that are relevant to a report of maltreatment from local law enforcement and the school facility.

Subd. 3. Classification and release of data. (a) A written copy of a report maintained by personnel of agencies, other than welfare or law enforcement agencies, which are subject to chapter 13 shall be confidential. An individual subject of the report may obtain access to the original report as provided by paragraphs (g) to (o).

(b) All reports and records created, collected, or maintained under this chapter by a local welfare agency or law enforcement agency may be disclosed to a local welfare or other child welfare agency of another state when the agency certifies that:
(1) the reports and records are necessary to conduct an investigation of actions that would qualify as maltreatment under this chapter; and

(2) the reports and records will be used only for purposes of a child protection assessment or investigation and will not be further disclosed to any other person or agency.

(c) The local social service agency or law enforcement agency in this state shall keep a record of all records or reports disclosed pursuant to this subdivision and of any agency to which the records or reports are disclosed. If in any case records or reports are disclosed before a determination is made under section 260E.24, subdivision 3, paragraph (a), or a disposition of a criminal proceeding is reached, the local social service agency or law enforcement agency in this state shall forward the determination or disposition to any agency that has received a report or record under this subdivision.

(d) The responsible authority of a local welfare agency or the responsible authority's designee may release private or confidential data on an active case involving assessment or investigation of actions that are defined as maltreatment under this chapter to a court services agency if:

(1) the court services agency has an active case involving a common client who is the subject of the data; and

(2) the data are necessary for the court services agency to effectively process the court services agency's case, including investigating or performing other duties relating to the case required by law.

(e) The data disclosed under paragraph (d) may be used only for purposes of the active court services case described in paragraph (d), clause (1), and may not be further disclosed to any other person or agency, except as authorized by law.

(f) Records maintained under subdivision 4, paragraph (b), may be shared with another local welfare agency that requests the information because it is conducting an assessment or investigation under this section of the subject of the records.

(g) Except as provided in paragraphs (b), (h), (i), (p), and (q); subdivision 1; and sections 260E.22, subdivision 2; and 260E.23, all records concerning individuals maintained by a local welfare agency or agency responsible for assessing or investigating the report under this chapter, including any written reports filed under sections 260E.06 and 260E.09, shall be private data on individuals, except insofar as copies of reports are required by section 260E.12, subdivision 1 or 2, to be sent to the local police department or the county sheriff.
(h) All records concerning determinations of maltreatment by a facility are nonpublic data as maintained by the Department of Education, except insofar as copies of reports are required by section 260E.12, subdivision 1 or 2, to be sent to the local police department or the county sheriff.

(i) Reports maintained by any police department or the county sheriff shall be private data on individuals, except the reports shall be made available to the investigating, petitioning, or prosecuting authority, including a county medical examiner or county coroner.

(j) Section 13.82, subdivisions 8, 9, and 14, apply to law enforcement data other than the reports.

(k) The local welfare agency or agency responsible for assessing or investigating the report shall make available to the investigating, petitioning, or prosecuting authority, including a county medical examiner or county coroner, any records that contain information relating to a specific incident of maltreatment that is under investigation, petition, or prosecution and information relating to any prior incident of maltreatment involving any of the same persons. The records shall be collected and maintained according to chapter 13.

(l) An individual subject of a record shall have access to the record according to those sections, except that the name of the reporter shall be confidential while the report is under assessment or investigation except as otherwise permitted by this section.

(m) Any person conducting an investigation or assessment under this section who intentionally discloses the identity of a reporter before the completion of the investigation or assessment is guilty of a misdemeanor. After the assessment or investigation is completed, the name of the reporter shall be confidential. The subject of the report may compel disclosure of the name of the reporter only with the consent of the reporter or upon a written finding by the court that the report was false and that there is evidence that the report was made in bad faith. This subdivision does not alter disclosure responsibilities or obligations under the Rules of Criminal Procedure.

(n) Upon request of the legislative auditor, data on individuals maintained under this chapter must be released to the legislative auditor in order for the auditor to fulfill the auditor's duties under section 3.971. The auditor shall maintain the data according to chapter 13.

(o) Active law enforcement investigative data received by a local welfare agency or agency responsible for assessing or investigating the report under this chapter are confidential.

(p) Section 13.03, subdivision 4, applies to data received by the commissioner of
education from a licensing entity.

Subd. 4. Data disclosed to reporter. (a) A local welfare or child protection agency, or
the agency responsible for assessing or investigating the report of maltreatment, shall provide
relevant private data on individuals obtained under this chapter to a mandated reporter who
made the report and who has an ongoing responsibility for the health, education, or welfare
of a child affected by the data, unless the agency determines that providing the data would
not be in the best interests of the child.

(b) The agency may provide the data to other mandated reporters with ongoing
responsibility for the health, education, or welfare of the child. Mandated reporters with
ongoing responsibility for the health, education, or welfare of a child affected by the data
include the child's teachers or other appropriate school personnel, foster parents, health care
providers, respite care workers, therapists, social workers, child care providers, residential
care staff, crisis nursery staff, probation officers, and court services personnel. Under this
chapter, a mandated reporter need not have made the report to be considered a person with
ongoing responsibility for the health, education, or welfare of a child affected by the data.

Data provided under this chapter must be limited to data pertinent to the individual's
responsibility for caring for the child.

(c) A reporter who receives private data on individuals under this subdivision must treat
the data according to that classification, regardless of whether the reporter is an employee
of a government entity. The remedies and penalties under sections 13.08 and 13.09 apply
if a reporter releases data in violation of this chapter or other law.

Subd. 5. Data provided to commissioner of education. The commissioner of education
must be provided with all requested data that are relevant to a report of maltreatment and
are in possession of a school facility as defined in section 260E.03, subdivision 6, clause
(2), when the data are requested pursuant to an assessment or investigation of a maltreatment
report of a student in a school. If the commissioner of education makes a determination of
maltreatment involving an individual performing work within a school facility who is
licensed by a board or other agency, the commissioner shall provide a copy of its offender
maltreatment determination report to the licensing entity with all student-identifying
information removed. The offender maltreatment determination report shall include but is
not limited to the following sections: report of alleged maltreatment; legal standard;
investigation; summary of findings; determination; corrective action by a school; reconsideration process; and a listing of records related to the investigation. Notwithstanding section 13.03, subdivision 4, data received by a licensing entity under this paragraph are governed by section 13.41 or other applicable law governing data of the receiving entity, except that this section applies to the classification of and access to data on the reporter of the maltreatment.

Subd. 6. Data retention. (a) Notwithstanding sections 138.163 and 138.17, a record maintained or a record derived from a report of maltreatment by a local welfare agency, agency responsible for assessing or investigating the report, court services agency, or school under this chapter shall be destroyed as provided in paragraphs (b) to (e) by the responsible authority.

(b) For a report alleging maltreatment that was not accepted for assessment or determination of maltreatment or the need for child protective services, the record must be maintained for a period of five years after the date the report was not accepted for assessment or investigation or the date of the final entry in the case record. A record of a report that was not accepted must contain sufficient information to identify the subjects of the report, the nature of the alleged maltreatment, and the reasons as to why the report was not accepted. Records under this paragraph may not be used for employment, background checks, or purposes other than to assist in future screening decisions and risk and safety assessments.

(c) All records relating to reports that, upon investigation, indicate either maltreatment or a need for child protective services shall be maintained for ten years after the date of the final entry in the case record.

(d) All records regarding a report of maltreatment, including a notification of intent to interview that was received by a school under section 260E.22, subdivision 7, shall be destroyed by the school when ordered to do so by the agency conducting the assessment or investigation. The agency shall order the destruction of the notification when other records relating to the report under investigation or assessment are destroyed under this subdivision.

(e) Private or confidential data released to a court services agency under subdivision 3, paragraph (d), must be destroyed by the court services agency when ordered to do so by the local welfare agency that released the data. The local welfare agency or agency responsible for assessing or investigating the report shall order destruction of the data when other records relating to the assessment or investigation are destroyed under this subdivision.
Subd. 7. Disclosure to public. (a) Notwithstanding any other provision of law and subject to this subdivision, a public agency shall disclose to the public, upon request, the findings and information related to a child fatality or near fatality if:

(c) Nothing in this subdivision authorizes access to the private data in the custody of a local welfare agency, or the disclosure to the public of the records or content of any psychiatric, psychological, or therapeutic evaluation, or the disclosure of information that would reveal the identities of persons who provided information related to maltreatment of the child.

(d) A person whose request is denied may apply to the appropriate court for an order compelling disclosure of all or part of the findings and information of the public agency. The application must set forth, with reasonable particularity, factors supporting the application. The court has jurisdiction to issue these orders. Actions under this chapter must be set down for immediate hearing, and subsequent proceedings in those actions must be given priority by the appellate courts.

10. appropriate methods for interviewing alleged victims and conducting investigations in cases where the alleged victim is developmentally, physically, or mentally disabled.

Subd. 5. Priority training. The commissioners of human services and public safety shall provide the program courses described in subdivision 2 at convenient times and locations in the state. The commissioners shall give training priority in the program areas...

(5) Notwithstanding clause (1), for child foster care, only the name of the license holder and the status of the license are public if the county attorney has requested that data otherwise classified as public data under clause (1) be considered private data based on the best interests of a child in placement in a licensed program.

(c) The following are private data on individuals under section 13.02, subdivision 12, or nonpublic data under section 13.02, subdivision 9: personal and personal financial data on family day care program and family foster care program applicants and licensees and their family members who provide services under the license.

Background study data on an individual who is the subject of a background study under chapter 245C for a licensed service for which the commissioner of human services is the license holder may be shared with the commissioner and the commissioner's delegate by the licensing division. Unless otherwise specified in this chapter, the identity of a reporter of alleged maltreatment or licensing violations may not be disclosed.

sections 260E.21, subdivision 4, or 260E.35.

Sec. 7. Minnesota Statutes 2018, section 13.82, subdivision 9, is amended to read:

informant would threaten the personal safety of the informant;

(d) when access to the data would reveal the identity of a victim of or witness to a crime
if the victim or witness specifically requests not to be identified publicly, unless the agency
reasonably determines that revealing the identity of the victim or witness would not threaten
the personal safety or property of the individual;

(e) when access to the data would reveal the identity of a deceased person whose body
was unlawfully removed from a cemetery in which it was interred;

(f) when access to the data would reveal the identity of a person who placed a call to a

to place a call to the 911 system and: (1) the agency determines that revealing the identity
may threaten the personal safety or property of any person; or (2) the object of the call is
to receive help in a mental health emergency. For the purposes of this paragraph, a voice
recording of a call placed to the 911 system is deemed to reveal the identity of the caller;

(3) complying with mandatory reporting requirements under section 626.556 chapter 260E.

The in-service training must be ongoing and involve experts familiar with sexual abuse, domestic violence, and personal safety issues.

Sec. 14. Minnesota Statutes 2019 Supplement, section 122A.20, subdivision 2, is amended to read:

Subd. 2. Mandatory reporting. (a) A school board, superintendent, charter school board, charter school executive director, or charter school authorizer must report to the Professional Educator Licensing and Standards Board, the Board of School Administrators, or the Board of Trustees of the Minnesota State Colleges and Universities, whichever has jurisdiction over the teacher's or administrator's license, when its teacher or administrator is discharged or resigns from employment after a charge is filed with the school board under section 122A.41, subdivisions 6, clauses (1), (2), and (3), and 7, or after charges are filed that are grounds for discharge under section 122A.40, subdivision 13, paragraph (a), clauses (1) to (5), or when a teacher or administrator is suspended or resigns while an investigation is pending under section 122A.40, subdivision 13, paragraph (a), clauses (1) to (5), or chapter 260E; or 122A.41, subdivisions 6, clauses (1), (2), and (3), and 7; or 626.556, or when a teacher or administrator is suspended without an investigation under section 122A.41, subdivisions 6, paragraph (a), clauses (1), (2), and (3), and 7; or 626.556, or chapter 260E.

The report must be made to the appropriate licensing board within ten days after the discharge, suspension, or resignation has occurred. The licensing board to which the report is made must investigate the report for violation of subdivision 1 and the reporting board, administrator, or authorizer must cooperate in the investigation. Notwithstanding any provision in chapter 13 or any law to the contrary, upon written request from the licensing board having jurisdiction over the license, a board, charter school, authorizer, charter school executive director, or school superintendent shall provide the licensing board with information about the teacher or administrator from the district's files, any termination or disciplinary proceeding, any settlement or compromise, or any investigative file. Upon written request from the appropriate licensing board, a board or school superintendent may, at the discretion of the board or school superintendent, solicit the written consent of a student and the student's
parent to provide the licensing board with information that may aid the licensing board in its investigation and license proceedings. The licensing board's request need not identify a student or parent by name. The consent of the student and the student's parent must meet the requirements of chapter 13 and Code of Federal Regulations, title 34, section 99.30. The licensing board may provide a consent form to the district. Any data transmitted to any board under this section is private data under section 13.02, subdivision 12, notwithstanding any other classification of the data when it was in the possession of any other agency.

(b) The licensing board to which a report is made must transmit to the Attorney General's Office any record or data it receives under this subdivision for the sole purpose of having the Attorney General's Office assist that board in its investigation. When the Attorney General's Office has informed an employee of the appropriate licensing board in writing that grounds exist to suspend or revoke a teacher's license to teach, that licensing board must consider suspending or revoking or decline to suspend or revoke the teacher's or administrator's license within 45 days of receiving a stipulation executed by the teacher or administrator under investigation or a recommendation from an administrative law judge that disciplinary action be taken.

(c) The Professional Educator Licensing and Standards Board and Board of School Administrators must report to the appropriate law enforcement authorities a revocation, suspension, or agreement involving a loss of license, relating to a teacher or administrator's inappropriate sexual conduct with a minor. For purposes of this section, "law enforcement authority" means a police department, county sheriff, or tribal police department. A report by the Professional Educator Licensing and Standards Board to appropriate law enforcement authorities does not diminish, modify, or otherwise affect the responsibilities of a school board or any person mandated to report abuse under section 626.556, chapter 260E.

Sec. 15. Minnesota Statutes 2019 Supplement, section 122A.40, subdivision 13, is amended to read:

Subd. 13. Immediate discharge. (a) Except as otherwise provided in paragraph (b), a board may discharge a continuing-contract teacher, effective immediately, upon any of the following grounds:

(1) immoral conduct, insubordination, or conviction of a felony;

(2) conduct unbecoming a teacher which requires the immediate removal of the teacher from classroom or other duties;
(3) failure without justifiable cause to teach without first securing the written release of
the school board;

(4) gross inefficiency which the teacher has failed to correct after reasonable written
notice;

(5) willful neglect of duty; or

(6) continuing physical or mental disability subsequent to a 12 months leave of absence
and inability to qualify for reinstatement in accordance with subdivision 12.

For purposes of this paragraph, conduct unbecoming a teacher includes an unfair
discriminatory practice described in section 363A.13.

Prior to discharging a teacher under this paragraph, the board must notify the teacher in
writing and state its ground for the proposed discharge in reasonable detail. Within ten days
after receipt of this notification the teacher may make a written request for a hearing before
the board and it shall be granted before final action is taken. The board may suspend a
teacher with pay pending the conclusion of the hearing and determination of the issues
raised in the hearing after charges have been filed which constitute ground for discharge.

If a teacher has been charged with a felony and the underlying conduct that is the subject
of the felony charge is a ground for a proposed immediate discharge, the suspension pending
the conclusion of the hearing and determination of the issues may be without pay. If a
hearing under this paragraph is held, the board must reimburse the teacher for any salary
or compensation withheld if the final decision of the board or the arbitrator does not result
in a penalty to or suspension, termination, or discharge of the teacher.

(b) A board must discharge a continuing-contract teacher, effective immediately, upon
receipt of notice under section 122A.20, subdivision 1, paragraph (b), that the teacher's
license has been revoked due to a conviction for child abuse, as defined in section 609.185;
sex trafficking in the first degree under section 609.322, subdivision 1; sex trafficking in
the second degree under section 609.322, subdivision 1a; engaging in hiring or agreeing to
hire a minor to engage in prostitution under section 609.324, subdivision 1; sexual abuse
under section 609.342, 609.343, 609.344, 609.345, 609.3451, subdivision 3, or 617.23,
subdivision 3; solicitation of children to engage in sexual conduct or communication of
sexually explicit materials to children under section 609.352; interference with privacy
under section 609.746 or harassment or stalking under section 609.749 and the victim was
a minor; using minors in a sexual performance under section 617.246; possessing
pornographic works involving a minor under section 617.247; or any other offense not listed
in this paragraph that requires the person to register as a predatory offender under section 243.166, or a crime under a similar law of another state or the United States.

(c) When a teacher is discharged under paragraph (b) or when the commissioner makes a final determination of child maltreatment involving a teacher under section 626.556, subdivision 11, 260E.21, subdivision 4, or 260E.35, the school principal or other person having administrative control of the school must include in the teacher's employment record the information contained in the record of the disciplinary action or the final maltreatment determination, consistent with the definition of public data under section 13.41, subdivision 5, and must provide the Professional Educator Licensing and Standards Board and the licensing division at the department with the necessary and relevant information to enable the Professional Educator Licensing and Standards Board and the department's licensing division to fulfill their statutory and administrative duties related to issuing, renewing, suspending, or revoking a teacher's license. Information received by the Professional Educator Licensing and Standards Board or the licensing division at the department under this paragraph is governed by section 13.41 or other applicable law governing data of the receiving entity. In addition to the background check required under section 123B.03, a school board or other school hiring authority must contact the Professional Educator Licensing and Standards Board and the department to determine whether the teacher's license has been suspended or revoked, consistent with the discharge and final maltreatment determinations identified in this paragraph. Unless restricted by federal or state data practices law or by the terms of a collective bargaining agreement, the responsible authority for a school district must disseminate to another school district private personnel data on a current or former teacher employee or contractor of the district, including the results of background investigations, if the requesting school district seeks the information because the subject of the data has applied for employment with the requesting school district.

Sec. 16. Minnesota Statutes 2019 Supplement, section 122A.41, subdivision 6, is amended to read:

Subd. 6. **Grounds for discharge or demotion.** (a) Except as otherwise provided in paragraph (b), causes for the discharge or demotion of a teacher either during or after the probationary period must be:

1. immoral character, conduct unbecoming a teacher, or insubordination;

2. failure without justifiable cause to teach without first securing the written release of the school board having the care, management, or control of the school in which the teacher is employed;
(3) inefficiency in teaching or in the management of a school, consistent with subdivision 5, paragraph (b);

(4) affliction with a communicable disease must be considered as cause for removal or suspension while the teacher is suffering from such disability; or

(5) discontinuance of position or lack of pupils.

For purposes of this paragraph, conduct unbecoming a teacher includes an unfair discriminatory practice described in section 363A.13.

(b) A probationary or continuing-contract teacher must be discharged immediately upon receipt of notice under section 122A.20, subdivision 1, paragraph (b), that the teacher's license has been revoked due to a conviction for child abuse, as defined in section 609.185; sex trafficking in the first degree under section 609.322, subdivision 1; sex trafficking in the second degree under section 609.322, subdivision 1a; engaging in hiring or agreeing to hire a minor to engage in prostitution under section 609.324, subdivision 1; sexual abuse under section 609.342, 609.343, 609.344, 609.345, 609.3451, subdivision 3, or 617.23, subdivision 3; solicitation of children to engage in sexual conduct or communication of sexually explicit materials to children under section 609.352; interference with privacy under section 609.746 or harassment or stalking under section 609.749 and the victim was a minor; using minors in a sexual performance under section 617.246; possessing pornographic works involving a minor under section 617.247; or any other offense not listed in this paragraph that requires the person to register as a predatory offender under section 243.166, or a crime under a similar law of another state or the United States.

(c) When a teacher is discharged under paragraph (b) or when the commissioner makes a final determination of child maltreatment involving a teacher under section 626.556, subdivision 11, 260E.21, subdivision 4, or 260E.35, the school principal or other person having administrative control of the school must include in the teacher's employment record the information contained in the record of the disciplinary action or the final maltreatment determination, consistent with the definition of public data under section 13.41, subdivision 5, and must provide the Professional Educator Licensing and Standards Board and the licensing division at the department with the necessary and relevant information to enable the Professional Educator Licensing and Standards Board and the department's licensing division to fulfill their statutory and administrative duties related to issuing, renewing, suspending, or revoking a teacher's license. Information received by the Professional Educator Licensing and Standards Board or the licensing division at the department under this paragraph is governed by section 13.41 or other applicable law governing data of the...
receiving entity. In addition to the background check required under section 123B.03, a school board or other school hiring authority must contact the Professional Educator Licensing and Standards Board and the department to determine whether the teacher's license has been suspended or revoked, consistent with the discharge and final maltreatment determinations identified in this paragraph. Unless restricted by federal or state data practices law or by the terms of a collective bargaining agreement, the responsible authority for a school district must disseminate to another school district private personnel data on a current or former teacher employee or contractor of the district, including the results of background investigations, if the requesting school district seeks the information because the subject of the data has applied for employment with the requesting school district.

Sec. 21. Minnesota Statutes 2018, section 144.7065, subdivision 10, is amended to read:

Subd. 10. Relation to other law; data classification. (a) Adverse health events described in subdivisions 2 to 6 do not constitute "maltreatment," "neglect," or "a physical injury that is not reasonably explained" under section 626.556 or 626.557 or chapter 260E and are excluded from the reporting requirements of sections 626.556 and section 626.557 and
chapter 260E, provided the facility makes a determination within 24 hours of the discovery of the event that this section is applicable and the facility files the reports required under this section in a timely fashion.

(b) A facility that has determined that an event described in subdivisions 2 to 6 has occurred must inform persons who are mandated reporters under section 626.556, subdivision 260E.06 or 626.5572, subdivision 16, of that determination. A mandated reporter otherwise required to report under section 626.556, subdivision 3, 260E.06 or 626.557, subdivision 3, paragraph (e), is relieved of the duty to report an event that the facility determines under paragraph (a) to be reportable under subdivisions 2 to 6.

If the facility determines the event was reportable, the date of discovery of the event for the purposes of section 144.7065, subdivision 10, paragraph (d), shall be as follows:

(1) if the commissioner determines that the facility knew or reasonably should have known about the occurrence of the event, the date the event occurred shall be the date of discovery. from any civil liability that otherwise might result from merely receiving a newborn.

(b) A safe place performing duties under this section, or an employee, doctor, ambulance
personnel, or other medical professional working at the safe place who is a mandated reporter
under section 626.556 chapter 260E, is immune from any criminal or civil liability that

who obtains complementary and alternative health care for the parent's minor child is not
relieved of the duty to seek necessary medical care consistent with the requirements of
sections 609.378 and 626.556 and chapter 260E. A complementary or alternative
health care practitioner who is providing services to a child who is not receiving necessary
medical care must make a report under section 626.556 chapter 260E. A complementary
or alternative health care provider is a mandated reporter under section 626.556, subdivision 3.

Sec. 32. Minnesota Statutes 2019 Supplement, section 148B.593, is amended to read:

**148B.593 DISCLOSURE OF INFORMATION.**

(a) A person licensed under sections 148B.50 to 148B.593 may not disclose without written consent of the client any communication made by the client to the licensee in the course of the practice of professional counseling, nor may any employee of the licensee reveal the information without the consent of the employer or client except as provided under section 626.556 or 626.557 or chapter 260E.

(b) For purposes of sections 148B.50 to 148B.593, the confidential relations and communications between the licensee and a client are placed upon the same basis as those that exist between a licensed psychologist and client. Nothing in sections 148B.50 to 148B.593 may be construed to require any communications to be disclosed except by court order or as provided in paragraph (c).

(c) Private information may be disclosed without the consent of the client when a duty to warn arises, or as otherwise provided by law or court order. The duty to warn of, or take reasonable precautions to provide protection from, violent behavior arises only when a client or other person has communicated to the provider a specific, serious threat of physical violence to self or a specific, clearly identified or identifiable potential victim. If a duty to warn arises, the duty is discharged by the provider if reasonable efforts are made to communicate the threat to law enforcement agencies, the potential victim, the family of the client, or appropriate third parties who are in a position to prevent or avert the harm. No monetary liability and no cause of action or disciplinary action by the board may arise against a provider for disclosure of confidences to third parties, for failure to disclose confidences to third parties, or for erroneous disclosure of confidences to third parties in a good faith effort to warn against or take precautions against a client's violent behavior or threat of suicide.

(d) For purposes of this section, (1) "provider" includes a licensee, an applicant for licensure, and a student or intern practicing professional counseling or professional clinical counseling under supervision as part of an accredited graduate educational program or under a supervised postgraduate experience in professional counseling or professional clinical counseling required for licensure; (2) "other person" means an immediate family member or someone who personally knows the client and has reason to believe the client is capable of and will carry out the serious, specific threat of harm to a specific, clearly identified, or
identifiable victim; and (3) "reasonable efforts" means communicating the serious, specific threat to the potential victim and if unable to make contact with the potential victim, communicating the serious, specific threat to the law enforcement agency closest to the potential victim of the client.

Subd. 12. Abuse or neglect of minors or vulnerable adults. An applicant or licensee must comply with the reporting of maltreatment of minors established in section 626.556 chapter 260E and the reporting of maltreatment of vulnerable adults established in section 626.557.

Sec. 35. Minnesota Statutes 2018, section 148F.205, subdivision 1, is amended to read:

Subdivision 1. Mandatory reporting requirements. A provider is required to file a complaint when the provider knows or has reason to believe that another provider:

(1) is unable to practice with reasonable skill and safety as a result of a physical or mental illness or condition, including, but not limited to, substance abuse or dependence, except that this mandated reporting requirement is deemed fulfilled by a report made to the Health Professionals Services Program (HPSP) as provided by section 214.33, subdivision 1;

(2) is engaging in or has engaged in sexual behavior with a client or former client in violation of section 148F.165, subdivision 6 or 7;

(3) has failed to report abuse or neglect of children or vulnerable adults in violation of section 626.556 or 626.557 or chapter 260E; or

(4) has employed fraud or deception in obtaining or renewing an alcohol and drug counseling license.

Sec. 36. Minnesota Statutes 2018, section 153B.70, is amended to read:

153B.70 GROUNDS FOR DISCIPLINARY ACTION.

(a) The board may refuse to issue or renew a license, revoke or suspend a license, or place on probation or reprimand a licensee for one or any combination of the following:
(1) making a material misstatement in furnishing information to the board;

(2) violating or intentionally disregarding the requirements of this chapter;

(3) conviction of a crime, including a finding or verdict of guilt, an admission of guilt, or a no-contest plea, in this state or elsewhere, reasonably related to the practice of the profession. Conviction, as used in this clause, includes a conviction of an offense which, if committed in this state, would be deemed a felony, gross misdemeanor, or misdemeanor, without regard to its designation elsewhere, or a criminal proceeding where a finding or verdict of guilty is made or returned but the adjudication of guilt is either withheld or not entered;

(4) making a misrepresentation in order to obtain or renew a license;

(5) displaying a pattern of practice or other behavior that demonstrates incapacity or incompetence to practice;

(6) aiding or assisting another person in violating the provisions of this chapter;

(7) failing to provide information within 60 days in response to a written request from the board, including documentation of completion of continuing education requirements;

(8) engaging in dishonorable, unethical, or unprofessional conduct;

(9) engaging in conduct of a character likely to deceive, defraud, or harm the public;

(10) inability to practice due to habitual intoxication, addiction to drugs, or mental or physical illness;

(11) being disciplined by another state or territory of the United States, the federal government, a national certification organization, or foreign nation, if at least one of the grounds for the discipline is the same or substantially equivalent to one of the grounds in this section;

(12) directly or indirectly giving to or receiving from a person, firm, corporation, partnership, or association a fee, commission, rebate, or other form of compensation for professional services not actually or personally rendered;

(13) incurring a finding by the board that the licensee, after the licensee has been placed on probationary status, has violated the conditions of the probation;

(14) abandoning a patient or client;
(15) willfully making or filing false records or reports in the course of the licensee's practice including, but not limited to, false records or reports filed with state or federal agencies;

(16) willfully failing to report child maltreatment as required under the Maltreatment of Minors Act, section 626.556 chapter 260E; or

(17) soliciting professional services using false or misleading advertising.

(b) A license to practice is automatically suspended if (1) a guardian of a licensee is appointed by order of a court pursuant to sections 524.5-101 to 524.5-502, for reasons other than the minority of the licensee, or (2) the licensee is committed by order of a court pursuant to chapter 253B. The license remains suspended until the licensee is restored to capacity by a court and, upon petition by the licensee, the suspension is terminated by the board after a hearing. The licensee may be reinstated to practice, either with or without restrictions, by demonstrating clear and convincing evidence of rehabilitation. The regulated person is not required to prove rehabilitation if the subsequent court decision overturns previous court findings of public risk.

(c) If the board has probable cause to believe that a licensee or applicant has violated paragraph (a), clause (10), it may direct the person to submit to a mental or physical examination. For the purpose of this section, every person is deemed to have consented to submit to a mental or physical examination when directed in writing by the board and to have waived all objections to the admissibility of the examining physician's testimony or examination report on the grounds that the testimony or report constitutes a privileged communication. Failure of a regulated person to submit to an examination when directed constitutes an admission of the allegations against the person, unless the failure was due to circumstances beyond the person's control, in which case a default and final order may be entered without the taking of testimony or presentation of evidence. A regulated person affected under this paragraph shall at reasonable intervals be given an opportunity to demonstrate that the person can resume the competent practice of the regulated profession with reasonable skill and safety to the public. In any proceeding under this paragraph, neither the record of proceedings nor the orders entered by the board shall be used against a regulated person in any other proceeding.

(d) In addition to ordering a physical or mental examination, the board may, notwithstanding section 13.384 or 144.293, or any other law limiting access to medical or other health data, obtain medical data and health records relating to a licensee or applicant without the person's or applicant's consent if the board has probable cause to believe that a
licensee is subject to paragraph (a), clause (10). The medical data may be requested from a provider as defined in section 144.291, subdivision 2, paragraph (i), an insurance company, or a government agency, including the Department of Human Services. A provider, insurance company, or government agency shall comply with any written request of the board under this section and is not liable in any action for damages for releasing the data requested by the board if the data are released pursuant to a written request under this section, unless the information is false and the provider giving the information knew, or had reason to know, the information was false. Information obtained under this section is private data on individuals as defined in section 13.02.

(e) If the board issues an order of immediate suspension of a license, a hearing must be held within 30 days of the suspension and completed without delay.

Sec. 37. Minnesota Statutes 2018, section 214.103, subdivision 8, is amended to read:

Subd. 8. Dismissal and reopening of a complaint. (a) A complaint may not be dismissed without the concurrence of at least two board members and, upon the request of the complainant, a review by a representative of the attorney general's office. The designee of the attorney general must review before dismissal any complaints which allege any violation of chapter 609, any conduct which would be required to be reported under section 626.556 or 626.557 or chapter 260E, any sexual contact or sexual conduct with a client, any violation of a federal law, any actual or potential inability to practice the regulated profession or occupation by reason of illness, use of alcohol, drugs, chemicals, or any other materials, or as a result of any mental or physical condition, any violation of state medical assistance laws, or any disciplinary action related to credentialing in another jurisdiction or country which was based on the same or related conduct specified in this subdivision.

(b) The board may reopen a dismissed complaint if the board receives newly discovered information that was not available to the board during the initial investigation of the complaint, or if the board receives a new complaint that indicates a pattern of behavior or conduct.

Sec. 38. Minnesota Statutes 2018, section 214.104, is amended to read:

214.104 HEALTH-RELATED LICENSING BOARDS; SUBSTANTIATED MALTREATMENT.

(a) A health-related licensing board shall make determinations as to whether regulated persons who are under the board's jurisdiction should be the subject of disciplinary or corrective action because of substantiated maltreatment under section 626.556 or 626.557...
or chapter 260E. The board shall make a determination upon receipt, and after the review, of an investigation memorandum or other notice of substantiated maltreatment under section 626.556 or 626.557, chapter 260E, or of a notice from the commissioner of human services that a background study of a regulated person shows substantiated maltreatment.

(b) Upon completion of its review of a report of substantiated maltreatment, the board shall notify the commissioner of human services of its determination. The board shall notify the commissioner of human services if, following a review of the report of substantiated maltreatment, the board determines that it does not have jurisdiction in the matter and the commissioner shall make the appropriate disqualification decision regarding the regulated person as otherwise provided in chapter 245C. The board shall also notify the commissioner of health or the commissioner of human services immediately upon receipt of knowledge of a facility or program allowing a regulated person to provide direct contact services at the facility or program while not complying with requirements placed on the regulated person.

(c) In addition to any other remedy provided by law, the board may, through its designated board member, temporarily suspend the license of a licensee; deny a credential to an applicant; or require the regulated person to be continuously supervised, if the board finds there is probable cause to believe the regulated person referred to the board according to paragraph (a) poses an immediate risk of harm to vulnerable persons. The board shall consider all relevant information available, which may include but is not limited to:

1. The extent the action is needed to protect persons receiving services or the public;
2. The recency of the maltreatment;
3. The number of incidents of maltreatment;
4. The intrusiveness or violence of the maltreatment; and
5. The vulnerability of the victim of maltreatment.

The action shall take effect upon written notice to the regulated person, served by certified mail, specifying the statute violated. The board shall notify the commissioner of health or the commissioner of human services of the suspension or denial of a credential. The action shall remain in effect until the board issues a temporary stay or a final order in the matter after a hearing or upon agreement between the board and the regulated person. At the time the board issues the notice, the regulated person shall inform the board of all settings in which the regulated person is employed or practices. The board shall inform all known employment and practice settings of the board action and schedule a disciplinary hearing to be held under chapter 14. The board shall provide the regulated person with at least 30
days' notice of the hearing, unless the parties agree to a hearing date that provides less than
30 days' notice, and shall schedule the hearing to begin no later than 90 days after issuance
of the notice of hearing.

Sec. 39. Minnesota Statutes 2019 Supplement, section 243.166, subdivision 7, is amended
to read:

Subd. 7. Use of data. (a) Except as otherwise provided in subdivision 4b or 7a or sections
244.052 and 299C.093, the data provided under this section is private data on individuals
under section 13.02, subdivision 12.

(b) The data may be used only by law enforcement and corrections agencies for law
enforcement and corrections purposes. Law enforcement or a corrections agent may disclose
the status of an individual as a predatory offender to a child protection worker with a local
welfare agency for purposes of doing a family assessment under section 626.556 chapter
260E. A corrections agent may also disclose the status of an individual as a predatory
offender to comply with section 244.057.

(c) The commissioner of human services is authorized to have access to the data for:

(1) state-operated services, as defined in section 246.014, for the purposes described in
section 246.13, subdivision 2, paragraph (b); and

(2) purposes of completing background studies under chapter 245C.

Sec. 40. Minnesota Statutes 2018, section 245.8261, subdivision 9, is amended to read:

Subd. 9. Conditions on use of restrictive procedures. Restrictive procedures must not:

(1) be implemented with a child in a manner that constitutes sexual abuse, neglect, or
physical abuse under section 626.556 chapter 260E, the reporting of maltreatment of minors;

(2) restrict a child's normal access to a nutritious diet, drinking water, adequate ventilation,
necessary medical care, ordinary hygiene facilities, or necessary clothing or to any protection
required by state licensing standards and federal regulations governing the program;

(3) be used as punishment or for the convenience of staff; or

(4) deny the child visitation or contact with legal counsel and next of kin.
Sec. 41. Minnesota Statutes 2018, section 245A.04, subdivision 5, is amended to read:

Subd. 5. Commissioner's right of access. (a) When the commissioner is exercising the powers conferred by this chapter and sections 245.69, 626.556, and 626.557, and chapter 260E, the commissioner must be given access to:

1) the physical plant and grounds where the program is provided;

2) documents and records, including records maintained in electronic format;

3) persons served by the program; and

4) staff and personnel records of current and former staff whenever the program is in operation and the information is relevant to inspections or investigations conducted by the commissioner. Upon request, the license holder must provide the commissioner verification of documentation of staff work experience, training, or educational requirements.

The commissioner must be given access without prior notice and as often as the commissioner considers necessary if the commissioner is investigating alleged maltreatment, conducting a licensing inspection, or investigating an alleged violation of applicable laws or rules. In conducting inspections, the commissioner may request and shall receive assistance from other state, county, and municipal governmental agencies and departments. The applicant or license holder shall allow the commissioner to photocopy, photograph, and make audio and video tape recordings during the inspection of the program at the commissioner's expense. The commissioner shall obtain a court order or the consent of the subject of the records or the parents or legal guardian of the subject before photocopying hospital medical records.

(b) Persons served by the program have the right to refuse to consent to be interviewed, photographed, or audio or videotaped. Failure or refusal of an applicant or license holder to fully comply with this subdivision is reasonable cause for the commissioner to deny the application or immediately suspend or revoke the license.

Sec. 42. Minnesota Statutes 2018, section 245A.06, subdivision 8, is amended to read:

Subd. 8. Requirement to post conditional license. For licensed family child care providers and child care centers, upon receipt of any order of conditional license issued by the commissioner under this section, and notwithstanding a pending request for reconsideration of the order of conditional license by the license holder, the license holder shall post the order of conditional license in a place that is conspicuous to the people receiving services and all visitors to the facility for two years. When the order of conditional license is accompanied by a maltreatment investigation memorandum prepared under section 6 Sec. 42.
Sec. 43. Minnesota Statutes 2019 Supplement, section 245A.07, subdivision 3, is amended to read:

Subd. 3. License suspension, revocation, or fine. (a) The commissioner may suspend or revoke a license, or impose a fine if:

(1) a license holder fails to comply fully with applicable laws or rules including but not limited to the requirements of this chapter and chapter 245C;

(2) a license holder, a controlling individual, or an individual living in the household where the licensed services are provided or is otherwise subject to a background study has been disqualified and the disqualification was not set aside and no variance has been granted;

(3) a license holder knowingly withholds relevant information from or gives false or misleading information to the commissioner in connection with an application for a license, in connection with the background study status of an individual, during an investigation, or regarding compliance with applicable laws or rules;

(4) a license holder is excluded from any program administered by the commissioner under section 245.095; or

(5) revocation is required under section 245A.04, subdivision 7, paragraph (d).

(b) If the license was suspended or revoked, the notice must inform the license holder of the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. The license holder may appeal an order suspending or revoking a license. The appeal of an order suspending or revoking a license must be made in writing by certified mail or personal service. If mailed, the notice must be mailed to the address shown on the application or the last known address of the license holder. The notice must state in plain language the reasons the license was suspended or revoked, or a fine was ordered.

A license holder who has had a license issued under this chapter suspended, revoked, or has been ordered to pay a fine must be given notice of the action by certified mail or personal service. If mailed, the notice must be mailed to the address shown on the application or the last known address of the license holder. The notice must state in plain language the reasons the license was suspended or revoked, or a fine was ordered.

Except as provided in subdivision 2a, paragraph (c), if a license holder submits a timely appeal of an order suspending or revoking a license, the license holder may continue
to operate the program as provided in section 245A.04, subdivision 7, paragraphs (f) and
(g), until the commissioner issues a final order on the suspension or revocation.

(c)(1) If the license holder was ordered to pay a fine, the notice must inform the license
holder of the responsibility for payment of fines and the right to a contested case hearing
under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. The appeal of an
order to pay a fine must be made in writing by certified mail or personal service. If mailed,
the appeal must be postmarked and sent to the commissioner within ten calendar days after
the license holder receives notice that the fine has been ordered. If a request is made by
personal service, it must be received by the commissioner within ten calendar days after
the license holder received the order.

(2) The license holder shall pay the fines assessed on or before the payment date specified.
If the license holder fails to fully comply with the order, the commissioner may issue a
second fine or suspend the license until the license holder complies. If the license holder
receives state funds, the state, county, or municipal agencies or departments responsible for
administering the funds shall withhold payments and recover any payments made while the
license is suspended for failure to pay a fine. A timely appeal shall stay payment of the fine
until the commissioner issues a final order.

(3) A license holder shall promptly notify the commissioner of human services, in writing,
when a violation specified in the order to forfeit a fine is corrected. If upon reinspection the
commissioner determines that a violation has not been corrected as indicated by the order
to forfeit a fine, the commissioner may issue a second fine. The commissioner shall notify
the license holder by certified mail or personal service that a second fine has been assessed.
The license holder may appeal the second fine as provided under this subdivision.

(4) Fines shall be assessed as follows:

(i) the license holder shall forfeit $1,000 for each determination of maltreatment of a
child under section 626.556, chapter 260E or the maltreatment of a vulnerable adult under
section 626.557 for which the license holder is determined responsible for the maltreatment
under section 626.556, subdivision 10e, paragraph (i), 260E.30, subdivision 4, paragraphs
(a) and (b), or 626.557, subdivision 9c, paragraph (c);

(ii) if the commissioner determines that a determination of maltreatment for which the
license holder is responsible is the result of maltreatment that meets the definition of serious
maltreatment as defined in section 245C.02, subdivision 18, the license holder shall forfeit
$5,000;
(iii) for a program that operates out of the license holder's home and a program licensed
under Minnesota Rules, parts 9502.0300 to 9502.0445, the fine assessed against the license
holder shall not exceed $1,000 for each determination of maltreatment;

(iv) the license holder shall forfeit $200 for each occurrence of a violation of law or rule
governing matters of health, safety, or supervision, including but not limited to the provision
of adequate staff-to-child or adult ratios, and failure to comply with background study
requirements under chapter 245C; and

(v) the license holder shall forfeit $100 for each occurrence of a violation of law or rule
other than those subject to a $5,000, $1,000, or $200 fine in items (i) to (iv).

For purposes of this section, "occurrence" means each violation identified in the
commissioner's fine order. Fines assessed against a license holder that holds a license to
provide home and community-based services, as identified in section 245D.03, subdivision
1, and a community residential setting or day services facility license under chapter 245D
where the services are provided, may be assessed against both licenses for the same
occurrence, but the combined amount of the fines shall not exceed the amount specified in
this clause for that occurrence.

(5) When a fine has been assessed, the license holder may not avoid payment by closing,
selling, or otherwise transferring the licensed program to a third party. In such an event, the
license holder will be personally liable for payment. In the case of a corporation, each
controlling individual is personally and jointly liable for payment.

(d) Except for background study violations involving the failure to comply with an order
to immediately remove an individual or an order to provide continuous, direct supervision,
the commissioner shall not issue a fine under paragraph (c) relating to a background study
violation to a license holder who self-corrects a background study violation before the
commissioner discovers the violation. A license holder who has previously exercised the
provisions of this paragraph to avoid a fine for a background study violation may not avoid
a fine for a subsequent background study violation unless at least 365 days have passed
since the license holder self-corrected the earlier background study violation.

Sec. 44. Minnesota Statutes 2018, section 245A.07, subdivision 5, is amended to read:

Subd. 5. **Requirement to post licensing order or fine.** For licensed family child care
providers and child care centers, upon receipt of any order of license suspension, temporary
immediate suspension, fine, or revocation issued by the commissioner under this section,
and notwithstanding a pending appeal of the order of license suspension, temporary
immediate suspension, fine, or revocation by the license holder, the license holder shall
post the order of license suspension, temporary immediate suspension, fine, or revocation
in a place that is conspicuous to the people receiving services and all visitors to the facility
for two years. When the order of license suspension, temporary immediate suspension, fine,
or revocation is accompanied by a maltreatment investigation memorandum prepared under
section 626.556 or 626.557 or chapter 260E, the investigation memoranda must be posted
with the order of license suspension, temporary immediate suspension, fine, or revocation.

Subd. 2a. Consolidated contested case hearings. (a) When a denial of a license under
section 245A.05 or a licensing sanction under section 245A.07, subdivision 3, is based on
a disqualification for which reconsideration was timely requested and which was not set
aside under section 245C.22, the scope of the contested case hearing shall include the
disqualification and the licensing sanction or denial of a license, unless otherwise specified
in this subdivision. When the licensing sanction or denial of a license is based on a
determination of maltreatment under section 626.556 or 626.557 or chapter 260E, or a
disqualification for serious or recurring maltreatment which was not set aside, the scope of
the contested case hearing shall include the maltreatment determination, disqualification,
and the licensing sanction or denial of a license, unless otherwise specified in this subdivision.
In such cases, a fair hearing under section 256.045 shall not be conducted as provided for
in sections 245C.27, 626.556, subdivision 10i, 260E.33, and 626.557, subdivision 9d.

(b) Except for family child care and child foster care, reconsideration of a maltreatment
determination under sections 626.556, subdivision 10i, 260E.33 and 626.557, subdivision
9d, and reconsideration of a disqualification under section 245C.22, shall not be conducted
when:

(1) a denial of a license under section 245A.05, or a licensing sanction under section
245A.07, is based on a determination that the license holder is responsible for maltreatment
or the disqualification of a license holder is based on serious or recurring maltreatment;

(2) the denial of a license or licensing sanction is issued at the same time as the
maltreatment determination or disqualification; and

(3) the license holder appeals the maltreatment determination or disqualification, and
denial of a license or licensing sanction. In these cases, a fair hearing shall not be conducted
under sections 245C.27, 626.556, subdivision 10i, 260E.33, and 626.557, subdivision 9d.
The scope of the contested case hearing must include the maltreatment determination,
disqualification, and denial of a license or licensing sanction.

Article 6 Sec. 45.
Notwithstanding clauses (1) to (3), if the license holder appeals the maltreatment
determination or disqualification, but does not appeal the denial of a license or a licensing
sanction, reconsideration of the maltreatment determination shall be conducted under sections
626.556, subdivision 10i, 260E.33 and 626.557, subdivision 9d, and reconsideration of the
disqualification shall be conducted under section 245C.22. In such cases, a fair hearing shall
also be conducted as provided under sections 245C.27, 626.556, subdivision 10i, 260E.33,
and 626.557, subdivision 9d.

(c) In consolidated contested case hearings regarding sanctions issued in family child
care, child foster care, family adult day services, adult foster care, and community residential
settings, the county attorney shall defend the commissioner's orders in accordance with
section 245A.16, subdivision 4.

(d) The commissioner's final order under subdivision 5 is the final agency action on the
issue of maltreatment and disqualification, including for purposes of subsequent background
studies under chapter 245C and is the only administrative appeal of the final agency
determination, specifically, including a challenge to the accuracy and completeness of data
under section 13.04.

(e) When consolidated hearings under this subdivision involve a licensing sanction based
on a previous maltreatment determination for which the commissioner has issued a final
order in an appeal of that determination under section 256.045, or the individual failed to
exercise the right to appeal the previous maltreatment determination under section 626.556,
subdivision 10i, 260E.33 or 626.557, subdivision 9d, the commissioner's order is conclusive
on the issue of maltreatment. In such cases, the scope of the administrative law judge's
review shall be limited to the disqualification and the licensing sanction or denial of a license.

In the case of a denial of a license or a licensing sanction issued to a facility based on a
maltreatment determination regarding an individual who is not the license holder or a
household member, the scope of the administrative law judge's review includes the
maltreatment determination.

(f) The hearings of all parties may be consolidated into a single contested case hearing
upon consent of all parties and the administrative law judge, if:

(1) a maltreatment determination or disqualification, which was not set aside under
section 245C.22, is the basis for a denial of a license under section 245A.05 or a licensing
sanction under section 245A.07;

(2) the disqualified subject is an individual other than the license holder and upon whom
a background study must be conducted under section 245C.03; and
(3) the individual has a hearing right under section 245C.27.

(g) When a denial of a license under section 245A.05 or a licensing sanction under section 245A.07 is based on a disqualification for which reconsideration was requested and was not set aside under section 245C.22, and the individual otherwise has no hearing right under section 245C.27, the scope of the administrative law judge's review shall include the denial or sanction and a determination whether the disqualification should be set aside, unless section 245C.24 prohibits the set-aside of the disqualification. In determining whether the disqualification should be set aside, the administrative law judge shall consider the factors under section 245C.22, subdivision 4, to determine whether the individual poses a risk of harm to any person receiving services from the license holder.

(h) Notwithstanding section 245C.30, subdivision 5, when a licensing sanction under section 245A.07 is based on the termination of a variance under section 245C.30, subdivision 4, the scope of the administrative law judge's review shall include the sanction and a determination whether the disqualification should be set aside, unless section 245C.24 prohibits the set-aside of the disqualification. In determining whether the disqualification should be set aside, the administrative law judge shall consider the factors under section 245C.22, subdivision 4, to determine whether the individual poses a risk of harm to any person receiving services from the license holder.

Sec. 46. Minnesota Statutes 2018, section 245A.085, is amended to read:

**245A.085 CONSOLIDATION OF HEARINGS; RECONSIDERATION.**

Hearings authorized under this chapter, chapter 245C, and sections 256.045, 256B.04, 626.556, and 626.557, and chapters 245C and 260E, shall be consolidated if feasible and in accordance with other applicable statutes and rules. Reconsideration under sections 245C.28, 626.556, subdivision 10; 260E.33; and 626.557, subdivision 9d, shall also be consolidated if feasible.

Sec. 47. Minnesota Statutes 2018, section 245A.11, subdivision 7b, is amended to read:

**Subd. 7b. Adult foster care data privacy and security.** (a) An adult foster care or community residential setting license holder who creates, collects, records, maintains, stores, or discloses any individually identifiable recipient data, whether in an electronic or any other format, must comply with the privacy and security provisions of applicable privacy laws and regulations, including:

(2) the license holder must provide each resident served by the program with a notice that meets the requirements under section 13.04, in which the license holder is assigned the duties of the government entity, and that meets the requirements of Code of Federal Regulations, title 45, part 164.52. The notice shall describe the purpose for collection of the data, to whom and why it may be disclosed pursuant to law. The notice must inform the individual that the license holder uses electronic monitoring and, if applicable, that recording technology is used;

(3) the license holder must not install monitoring cameras in bathrooms;

(4) electronic monitoring cameras must not be concealed from the residents served by the program; and

(5) electronic video and audio recordings of residents served by the program shall be stored by the license holder for five days unless: (i) a resident served by the program or legal representative requests that the recording be held longer based on a specific report of alleged maltreatment; or (ii) the recording captures an incident or event of alleged maltreatment under section 626.556 or 626.557 or chapter 260E or a crime under chapter 609. When requested by a resident served by the program or when a recording captures an incident or event of alleged maltreatment or a crime, the license holder must maintain the recording in a secured area for no longer than 30 days to give the investigating agency an opportunity to make a copy of the recording. The investigating agency will maintain the electronic video or audio recordings as required in section 626.557, subdivision 12b.
The commissioner shall develop, and make available to license holders and county licensing workers, a checklist of the data privacy provisions to be monitored for purposes of licensure.

(f) An individual is disqualified under section 245C.14 if less than seven years has passed since the individual was disqualified under section 256.98, subdivision 8.

Sec. 52. Minnesota Statutes 2018, section 245C.16, subdivision 1, is amended to read:

Subdivision 1. Determining immediate risk of harm. (a) If the commissioner determines that the individual studied has a disqualifying characteristic, the commissioner shall review the information immediately available and make a determination as to the subject's immediate risk of harm to persons served by the program where the individual studied will have direct contact with, or access to, people receiving services.

(b) The commissioner shall consider all relevant information available, including the following factors in determining the immediate risk of harm:

(1) the recency of the disqualifying characteristic;
(2) the recency of discharge from probation for the crimes;

(3) the number of disqualifying characteristics;

(4) the intrusiveness or violence of the disqualifying characteristic;

(5) the vulnerability of the victim involved in the disqualifying characteristic;

(6) the similarity of the victim to the persons served by the program where the individual studied will have direct contact;

(7) whether the individual has a disqualification from a previous background study that has not been set aside; and

(8) if the individual has a disqualification which may not be set aside because it is a permanent bar under section 245C.24, subdivision 1, or the individual is a child care background study subject who has a felony-level conviction for a drug-related offense in the last five years, the commissioner may order the immediate removal of the individual from any position allowing direct contact with, or access to, persons receiving services from the program.

(c) This section does not apply when the subject of a background study is regulated by a health-related licensing board as defined in chapter 214, and the subject is determined to be responsible for substantiated maltreatment under section 626.556 or 626.557 or chapter 260E.

(d) This section does not apply to a background study related to an initial application for a child foster care license.

(e) Except for paragraph (f), this section does not apply to a background study that is also subject to the requirements under section 256B.0659, subdivisions 11 and 13, for a personal care assistant or a qualified professional as defined in section 256B.0659, subdivision 1.

(f) If the commissioner has reason to believe, based on arrest information or an active maltreatment investigation, that an individual poses an imminent risk of harm to persons receiving services, the commissioner may order that the person be continuously supervised or immediately removed pending the conclusion of the maltreatment investigation or criminal proceedings.

Sec. 53. Minnesota Statutes 2018, section 245C.17, subdivision 3, is amended to read:

Subd. 3. Disqualification notification. (a) The commissioner shall notify an applicant, license holder, or other entity as provided in this chapter who is not the subject of the study:
(1) that the commissioner has found information that disqualifies the individual studied from being in a position allowing direct contact with, or access to, people served by the program; and

(2) the commissioner's determination of the individual's risk of harm under section 245C.16.

(b) If the commissioner determines under section 245C.16 that an individual studied poses an imminent risk of harm to persons served by the program where the individual studied will have direct contact with, or access to, people served by the program, the commissioner shall order the license holder to immediately remove the individual studied from any position allowing direct contact with, or access to, people served by the program.

(c) If the commissioner determines under section 245C.16 that an individual studied poses a risk of harm that requires continuous, direct supervision, the commissioner shall order the applicant, license holder, or other entities as provided in this chapter to:

(1) immediately remove the individual studied from any position allowing direct contact with, or access to, people receiving services; or

(2) before allowing the disqualified individual to be in a position allowing direct contact with, or access to, people receiving services, the applicant, license holder, or other entity, as provided in this chapter, must:

(i) obtain from the disqualified individual a copy of the individual's notice of disqualification from the commissioner that explains the reason for disqualification;

(ii) ensure that the individual studied is under continuous, direct supervision when in a position allowing direct contact with, or access to, people receiving services during the period in which the individual may request a reconsideration of the disqualification under section 245C.21; and

(iii) ensure that the disqualified individual requests reconsideration within 30 days of receipt of the notice of disqualification.

(d) If the commissioner determines under section 245C.16 that an individual studied does not pose a risk of harm that requires continuous, direct supervision, the commissioner shall order the applicant, license holder, or other entities as provided in this chapter to:

(1) immediately remove the individual studied from any position allowing direct contact with, or access to, people receiving services; or
(2) before allowing the disqualified individual to be in any position allowing direct contact with, or access to, people receiving services, the applicant, license holder, or other entity as provided in this chapter must:

(i) obtain from the disqualified individual a copy of the individual's notice of disqualification from the commissioner that explains the reason for disqualification; and

(ii) ensure that the disqualified individual requests reconsideration within 15 days of receipt of the notice of disqualification.

(e) The commissioner shall not notify the applicant, license holder, or other entity as provided in this chapter of the information contained in the subject's background study unless:

(1) the basis for the disqualification is failure to cooperate with the background study or substantiated maltreatment under section 626.556 or 626.557 or chapter 260E;

(2) the Data Practices Act under chapter 13 provides for release of the information; or

(3) the individual studied authorizes the release of the information.

Sec. 54. Minnesota Statutes 2018, section 245C.21, subdivision 2, is amended to read:

Subd. 2. **Time frame for requesting reconsideration.** (a) When the commissioner sends an individual a notice of disqualification based on a finding under section 245C.16, subdivision 2, paragraph (a), clause (1) or (2), the disqualified individual must submit the request for a reconsideration within 30 calendar days of the individual's receipt of the notice of disqualification. If mailed, the request for reconsideration must be postmarked and sent to the commissioner within 30 calendar days of the individual's receipt of the notice of disqualification. If a request for reconsideration is made by personal service, it must be received by the commissioner within 30 calendar days after the individual's receipt of the notice of disqualification. Upon showing that the information under subdivision 3 cannot be obtained within 30 days, the disqualified individual may request additional time, not to exceed 30 days, to obtain the information.

(b) When the commissioner sends an individual a notice of disqualification based on a finding under section 245C.16, subdivision 2, paragraph (a), clause (3), the disqualified individual must submit the request for reconsideration within 15 calendar days of the individual's receipt of the notice of disqualification. If mailed, the request for reconsideration must be postmarked and sent to the commissioner within 15 calendar days of the individual's receipt of the notice of disqualification. If a request for reconsideration is made by personal...
service, it must be received by the commissioner within 15 calendar days after the individual's receipt of the notice of disqualification.

(c) An individual who was determined to have maltreated a child under section 626.556 chapter 260E or a vulnerable adult under section 626.557, and who is disqualified on the basis of serious or recurring maltreatment, may request a reconsideration of both the maltreatment and the disqualification determinations. The request must be submitted within 30 calendar days of the individual's receipt of the notice of disqualification. If mailed, the request for reconsideration must be postmarked and sent to the commissioner within 30 calendar days of the individual's receipt of the notice of disqualification. If a request for reconsideration is made by personal service, it must be received by the commissioner within 30 calendar days after the individual's receipt of the notice of disqualification.

(d) Except for family child care and child foster care, reconsideration of a maltreatment determination under sections 626.556, subdivision 10i, 260E.33 and 626.557, subdivision 9d, and reconsideration of a disqualification under section 245C.22, shall not be conducted when:

1. a denial of a license under section 245A.05, or a licensing sanction under section 245A.07, is based on a determination that the license holder is responsible for maltreatment or the disqualification of a license holder based on serious or recurring maltreatment;

2. the denial of a license or licensing sanction is issued at the same time as the maltreatment determination or disqualification; and

3. the license holder appeals the maltreatment determination, disqualification, and denial of a license or licensing sanction. In such cases, a fair hearing under section 256.045 must not be conducted under sections 245C.27, 626.556, subdivision 10i, 260E.33, and 626.557, subdivision 9d. Under section 245A.08, subdivision 2a, the scope of the consolidated contested case hearing must include the maltreatment determination, disqualification, and denial of a license or licensing sanction.

Notwithstanding clauses (1) to (3), if the license holder appeals the maltreatment determination or disqualification, but does not appeal the denial of a license or a licensing sanction, reconsideration of the maltreatment determination shall be conducted under sections 626.556, subdivision 10i, 260E.33 and 626.557, subdivision 9d, and reconsideration of the disqualification shall be conducted under section 245C.22. In such cases, a fair hearing shall also be conducted as provided under sections 245C.27, 626.556, subdivision 10i, 260E.33, and 626.557, subdivision 9d.
Sec. 55. Minnesota Statutes 2018, section 245C.24, subdivision 4, is amended to read:

Subd. 4. Seven-year bar to set aside disqualification. The commissioner may not set aside the disqualification of an individual in connection with a license to provide family child care for children, foster care for children in the provider's home, or foster care or day care services for adults in the provider's home if within seven years preceding the study:

1. (1) the individual committed an act that constitutes maltreatment of a child under section 626.556, subdivision 10e, sections 260E.24, subdivisions 1, 2, and 3, and 260E.30, subdivisions 1, 2, and 4, and the maltreatment resulted in substantial bodily harm as defined in section 609.02, subdivision 7a, or substantial mental or emotional harm as supported by competent psychological or psychiatric evidence; or

2. (2) the individual was determined under section 626.557 to be the perpetrator of a substantiated incident of maltreatment of a vulnerable adult that resulted in substantial bodily harm as defined in section 609.02, subdivision 7a, or substantial mental or emotional harm as supported by competent psychological or psychiatric evidence.

Sec. 56. Minnesota Statutes 2018, section 245C.25, is amended to read:

245C.25 CONSOLIDATED RECONSIDERATION OF MALTREATMENT DETERMINATION AND DISQUALIFICATION.

If an individual is disqualified on the basis of a determination of maltreatment under section 626.556 or 626.557 or chapter 260E, which was serious or recurring, and the individual requests reconsideration of the maltreatment determination under section 626.556, subdivision 10i, 260E.33 or 626.557, subdivision 9d, and also requests reconsideration of the disqualification under section 245C.21, the commissioner shall consolidate the reconsideration of the maltreatment determination and the disqualification into a single reconsideration.

Sec. 57. Minnesota Statutes 2018, section 245C.27, subdivision 1, is amended to read:

Subdivision 1. Fair hearing following a reconsideration decision. (a) An individual who is disqualified on the basis of a preponderance of evidence that the individual committed an act or acts that meet the definition of any of the crimes listed in section 245C.15; for a determination under section 626.556 or 626.557 or chapter 260E of substantiated maltreatment that was serious or recurring under section 245C.15; or for failure to make required reports under section 626.556, subdivision 2; 260E.06, subdivision 1 or 2; 260E.11, subdivision 1; or 626.557, subdivision 3, pursuant to section 245C.15, subdivision 4,
paragraph (b), clause (1), may request a fair hearing under section 256.045, following a reconsideration decision issued under section 245C.23, unless the disqualification is deemed conclusive under section 245C.29.

(b) The fair hearing is the only administrative appeal of the final agency determination for purposes of appeal by the disqualified individual. The disqualified individual does not have the right to challenge the accuracy and completeness of data under section 13.04.

(c) Except as provided under paragraph (e), if the individual was disqualified based on a conviction of, admission to, or Alford Plea to any crimes listed in section 245C.15, subdivisions 1 to 4, or for a disqualification under section 256.98, subdivision 8, the reconsideration decision under section 245C.22 is the final agency determination for purposes of appeal by the disqualified individual and is not subject to a hearing under section 256.045. If the individual was disqualified based on a judicial determination, that determination is treated the same as a conviction for purposes of appeal.

(d) This subdivision does not apply to a public employee's appeal of a disqualification under section 245C.28, subdivision 3.

(e) Notwithstanding paragraph (c), if the commissioner does not set aside a disqualification of an individual who was disqualified based on both a preponderance of evidence and a conviction or admission, the individual may request a fair hearing under section 256.045, unless the disqualifications are deemed conclusive under section 245C.29. The scope of the hearing conducted under section 256.045 with regard to the disqualification based on a conviction or admission shall be limited solely to whether the individual poses a risk of harm, according to section 256.045, subdivision 3b. In this case, the reconsideration decision under section 245C.22 is not the final agency decision for purposes of appeal by the disqualified individual.

Sec. 58. Minnesota Statutes 2018, section 245C.27, subdivision 2, is amended to read:

Subd. 2. Consolidated fair hearing following a reconsideration decision. (a) If an individual who is disqualified on the bases of serious or recurring maltreatment requests a fair hearing on the maltreatment determination under section 626.556, subdivision 10i, 626E.33 or 626.557, subdivision 9d, and requests a fair hearing under this section on the disqualification following a reconsideration decision under section 245C.23, the scope of the fair hearing under section 256.045 shall include the maltreatment determination and the disqualification.
(b) A fair hearing is the only administrative appeal of the final agency determination. The disqualified individual does not have the right to challenge the accuracy and completeness of data under section 13.04.

(c) This subdivision does not apply to a public employee's appeal of a disqualification under section 245C.28, subdivision 3.

Sec. 59. Minnesota Statutes 2018, section 245C.28, subdivision 1, is amended to read:

Subdivision 1. License holder. (a) If a maltreatment determination or a disqualification for which reconsideration was timely requested and which was not set aside is the basis for a denial of a license under section 245A.05 or a licensing sanction under section 245A.07, the license holder has the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. The license holder must submit the appeal under section 245A.05 or 245A.07, subdivision 3.

(b) As provided under section 245A.08, subdivision 2a, if the denial of a license or licensing sanction is based on a disqualification for which reconsideration was timely requested and was not set aside, the scope of the consolidated contested case hearing must include:

(1) the disqualification, to the extent the license holder otherwise has a hearing right on the disqualification under this chapter; and

(2) the licensing sanction or denial of a license.

(c) As provided for under section 245A.08, subdivision 2a, if the denial of a license or licensing sanction is based on a determination of maltreatment under section 626.556 or 626.557 or chapter 260E, or a disqualification for serious or recurring maltreatment which was not set aside, the scope of the contested case hearing must include:

(1) the maltreatment determination, if the maltreatment is not conclusive under section 245C.29;

(2) the disqualification, if the disqualification is not conclusive under section 245C.29; and

(3) the licensing sanction or denial of a license. In such cases, a fair hearing must not be conducted under section 256.045. If the disqualification was based on a determination of substantiated serious or recurring maltreatment under section 626.556 or 626.557 or chapter 260E, the appeal must be submitted under sections 245A.07, subdivision 3, and 626.556, subdivision 10i, 260E.33, or 626.557, subdivision 9d.
(d) Except for family child care and child foster care, reconsideration of a maltreatment determination under sections 626.556, subdivision 10i, 260E.33 and 626.557, subdivision 9d, and reconsideration of a disqualification under section 245C.22, must not be conducted when:

(1) a denial of a license under section 245A.05, or a licensing sanction under section 245A.07, is based on a determination that the license holder is responsible for maltreatment or the disqualification of a license holder based on serious or recurring maltreatment;

(2) the denial of a license or licensing sanction is issued at the same time as the maltreatment determination or disqualification; and

(3) the license holder appeals the maltreatment determination, disqualification, and denial of a license or licensing sanction. In such cases a fair hearing under section 256.045 must not be conducted under sections 245C.27, 626.556, subdivision 10i, 260E.33, and 626.557, subdivision 9d. Under section 245A.08, subdivision 2a, the scope of the consolidated contested case hearing must include the maltreatment determination, disqualification, and denial of a license or licensing sanction.

Notwithstanding clauses (1) to (3), if the license holder appeals the maltreatment determination or disqualification, but does not appeal the denial of a license or a licensing sanction, reconsideration of the maltreatment determination shall be conducted under sections 626.556, subdivision 10i, 260E.33 and 626.557, subdivision 9d, and reconsideration of the disqualification shall be conducted under section 245C.22. In such cases, a fair hearing shall also be conducted as provided under sections 245C.27, 626.556, subdivision 10i, 260E.33, and 626.557, subdivision 9d.

Sec. 60. Minnesota Statutes 2018, section 245C.29, subdivision 1, is amended to read:

Subdivision 1. **Conclusive maltreatment determination or disposition.** Unless otherwise specified in statute, a maltreatment determination or disposition under section 626.556 or 626.557 or chapter 260E is conclusive, if:

(1) the commissioner has issued a final order in an appeal of that determination or disposition under section 245A.08, subdivision 5, or 256.045;

(2) the individual did not request reconsideration of the maltreatment determination or disposition under section 626.556 or 626.557 or chapter 260E; or

(3) the individual did not request a hearing of the maltreatment determination or disposition under section 256.045.
Sec. 61. Minnesota Statutes 2018, section 245C.31, subdivision 1, is amended to read:

Subdivision 1. **Board determines disciplinary or corrective action.** (a) When the
subject of a background study is regulated by a health-related licensing board as defined in
chapter 214, and the commissioner determines that the regulated individual is responsible
for substantiated maltreatment under section 626.556 or 626.557 or chapter 260E, instead
of the commissioner making a decision regarding disqualification, the board shall make a
determination whether to impose disciplinary or corrective action under chapter 214.

(b) This section does not apply to a background study of an individual regulated by a
health-related licensing board if the individual's study is related to child foster care, adult
foster care, or family child care licensure.

Sec. 62. Minnesota Statutes 2018, section 245C.32, subdivision 2, is amended to read:

Subd. 2. **Use.** (a) The commissioner may also use these systems and records to obtain
and provide criminal history data from the Bureau of Criminal Apprehension, criminal
history data held by the commissioner, and data about substantiated maltreatment under
section 626.556 or 626.557 or chapter 260E, for other purposes, provided that:

1. the background study is specifically authorized in statute; or
2. the request is made with the informed consent of the subject of the study as provided
in section 13.05, subdivision 4.

(b) An individual making a request under paragraph (a), clause (2), must agree in writing
not to disclose the data to any other individual without the consent of the subject of the data.

(c) The commissioner may recover the cost of obtaining and providing background study
data by charging the individual or entity requesting the study a fee of no more than $20 per
study. The fees collected under this paragraph are appropriated to the commissioner for the
purpose of conducting background studies.

(d) The commissioner shall recover the cost of obtaining background study data required
under section 524.5-118 through a fee of $50 per study for an individual who has not lived
outside Minnesota for the past ten years, and a fee of $100 for an individual who has resided
outside of Minnesota for any period during the ten years preceding the background study.

The commissioner shall recover, from the individual, any additional fees charged by other
states' licensing agencies that are associated with these data requests. Fees under subdivision
3 also apply when criminal history data from the National Criminal Records Repository is
required.
Sec. 63. Minnesota Statutes 2018, section 245D.02, subdivision 11, is amended to read:

   iii. places the person in actual and reasonable fear of damage to property of the person;

Sec. 64. Minnesota Statutes 2018, section 245D.06, subdivision 1, is amended to read:

Subdivision 1. Incident response and reporting. (a) The license holder must respond to incidents under section 245D.02, subdivision 11, that occur while providing services to protect the health and safety of and minimize risk of harm to the person.

(b) The license holder must maintain information about and report incidents to the person's legal representative or designated emergency contact and case manager within 24 hours of an incident occurring while services are being provided, within 24 hours of discovery or receipt of information that an incident occurred, unless the license holder has reason to know that the incident has already been reported, or as otherwise directed in a person's coordinated service and support plan or coordinated service and support plan addendum.

An incident of suspected or alleged maltreatment must be reported as required under paragraph (d), and an incident of serious injury or death must be reported as required under paragraph (e).

(c) When the incident involves more than one person, the license holder must not disclose personally identifiable information about any other person when making the report to each person and case manager unless the license holder has the consent of the person.

(d) Within 24 hours of reporting maltreatment as required under section 626.556 or 626.557 or chapter 260E, the license holder must inform the case manager of the report unless there is reason to believe that the case manager is involved in the suspected maltreatment. The license holder must disclose the nature of the activity or occurrence reported and the agency that received the report.

(e) The license holder must report the death or serious injury of the person as required in paragraph (b) and to the Department of Human Services Licensing Division, and the Office of Ombudsman for Mental Health and Developmental Disabilities as required under section 245.94, subdivision 2a, within 24 hours of the death or serious injury, or receipt of information that the death or serious injury occurred, unless the license holder has reason to know that the death or serious injury has already been reported.

(g) The license holder must conduct an internal review of incident reports of deaths and serious injuries that occurred while services were being provided and that were not reported by the program as alleged or suspected maltreatment, for identification of incident patterns, and implementation of corrective action as necessary to reduce occurrences. The review must include an evaluation of whether related policies and procedures were followed, whether the policies and procedures were adequate, whether there is a need for additional staff training, whether the reported event is similar to past events with the persons or the services involved, and whether there is a need for corrective action by the license holder to protect the health and safety of persons receiving services. Based on the results of this review, the license holder must develop, document, and implement a corrective action plan designed to correct current lapses and prevent future lapses in performance by staff or the license holder, if any.

(h) The license holder must verbally report the emergency use of manual restraint of a person as required in paragraph (b) within 24 hours of the occurrence. (2) any injury to a child in the program that required treatment by a physician.

Sec. 82. Minnesota Statutes 2018, section 254A.09, is amended to read:

254A.09 CONFIDENTIALITY OF RECORDS.

The Department of Human Services shall assure confidentiality to individuals who are the subject of research by the state authority or are recipients of substance misuse or substance use disorder information, assessment, or treatment from a licensed or approved program. The commissioner shall withhold from all persons not connected with the conduct of the research the names or other identifying characteristics of a subject of research unless the individual gives written permission that information relative to treatment and recovery may be released. Persons authorized to protect the privacy of subjects of research may not be compelled in any federal, state or local, civil, criminal, administrative or other proceeding to identify or disclose other confidential information about the individuals. Identifying information and other confidential information related to substance misuse or substance use disorder information, assessment, treatment, or aftercare services may be ordered to be released by the court for the purpose of civil or criminal investigations or proceedings if, after review of the records considered for disclosure, the court determines that the information
is relevant to the purpose for which disclosure is requested. The court shall order disclosure of
only that information which is determined relevant. In determining whether to compel disclosure, the court shall weigh the public interest and the need for disclosure against the injury to the patient, to the treatment relationship in the program affected and in other programs similarly situated, and the actual or potential harm to the ability of programs to attract and retain patients if disclosure occurs. This section does not exempt any person from the reporting obligations under section 626.556, chapter 260E, nor limit the use of information reported in any proceeding arising out of the abuse or neglect of a child.

Identifying information and other confidential information related to substance misuse or substance use disorder, assessment, treatment, or aftercare services may be ordered to be released by the court for the purpose of civil or criminal investigations or proceedings. No information may be released pursuant to this section that would not be released pursuant to section 595.02, subdivision 2.

Sec. 83. Minnesota Statutes 2019 Supplement, section 254B.04, subdivision 1, is amended to read:

Subdivision 1. Eligibility. (a) Persons eligible for benefits under Code of Federal Regulations, title 25, part 20, who meet the income standards of section 256B.056, subdivision 4, and are not enrolled in medical assistance, are entitled to chemical dependency fund services. State money appropriated for this paragraph must be placed in a separate account established for this purpose.

(b) Persons with dependent children who are determined to be in need of chemical dependency treatment pursuant to an assessment under section 626.556, subdivision 10, 260E.20, subdivision 1, or a case plan under section 260C.201, subdivision 6, or 260C.212, shall be assisted by the local agency to access needed treatment services. Treatment services must be appropriate for the individual or family, which may include long-term care treatment or treatment in a facility that allows the dependent children to stay in the treatment facility. The county shall pay for out-of-home placement costs, if applicable.

(c) Notwithstanding paragraph (a), persons enrolled in medical assistance are eligible for room and board services under section 254B.05, subdivision 5, paragraph (b), clause (12).

Sec. 84. Minnesota Statutes 2018, section 256.01, subdivision 12, is amended to read:

Subd. 12. Child mortality review panel. (a) The commissioner shall establish a child mortality review panel to review deaths of children in Minnesota, including deaths attributed
to maltreatment or in which maltreatment may be a contributing cause and to review near fatalities as defined in section 626.556, subdivision 11d 260E.35. The commissioners of health, education, and public safety and the attorney general shall each designate a representative to the child mortality review panel. Other panel members shall be appointed by the commissioner, including a board-certified pathologist and a physician who is a coroner or a medical examiner. The purpose of the panel shall be to make recommendations to the state and to county agencies for improving the child protection system, including modifications in statute, rule, policy, and procedure.

(b) The commissioner may require a county agency to establish a local child mortality review panel. The commissioner may establish procedures for conducting local reviews and may require that all professionals with knowledge of a child mortality case participate in the local review. In this section, "professional" means a person licensed to perform or a person performing a specific service in the child protective service system. "Professional" includes law enforcement personnel, social service agency attorneys, educators, and social service, health care, and mental health care providers.

(c) If the commissioner of human services has reason to believe that a child's death was caused by maltreatment or that maltreatment was a contributing cause, the commissioner has access to not public data under chapter 13 maintained by state agencies, statewide systems, or political subdivisions that are related to the child's death or circumstances surrounding the care of the child. The commissioner shall also have access to records of private hospitals as necessary to carry out the duties prescribed by this section. Access to data under this paragraph is limited to police investigative data; autopsy records and coroner or medical examiner investigative data; hospital, public health, or other medical records of the child; hospital and other medical records of the child's parent that relate to prenatal care; and records created by social service agencies that provided services to the child or family within three years preceding the child's death. A state agency, statewide system, or political subdivision shall provide the data upon request of the commissioner. Not public data may be shared with members of the state or local child mortality review panel in connection with an individual case.

(d) Notwithstanding the data's classification in the possession of any other agency, data acquired by a local or state child mortality review panel in the exercise of its duties is protected nonpublic or confidential data as defined in section 13.02, but may be disclosed as necessary to carry out the purposes of the review panel. The data is not subject to subpoena or discovery. The commissioner may disclose conclusions of the review panel, but shall not disclose data that was classified as confidential or private data on decedents, under
section 13.10, or private, confidential, or protected nonpublic data in the disseminating
agency, except that the commissioner may disclose local social service agency data as
provided in section 626.556, subdivision 11d, on individual cases involving a fatality or
near fatality of a person served by the local social service agency prior to the date of death.

  (c) A person attending a child mortality review panel meeting shall not disclose what
transpired at the meeting, except to carry out the purposes of the mortality review panel.
The proceedings and records of the mortality review panel are protected nonpublic data as
defined in section 13.02, subdivision 13, and are not subject to discovery or introduction
into evidence in a civil or criminal action against a professional, the state or a county agency,
arisng out of the matters the panel is reviewing. Information, documents, and records
otherwise available from other sources are not immune from discovery or use in a civil or
criminal action solely because they were presented during proceedings of the review panel.
A person who presented information before the review panel or who is a member of the
panel shall not be prevented from testifying about matters within the person's knowledge.
However, in a civil or criminal proceeding a person shall not be questioned about the person's
presentation of information to the review panel or opinions formed by the person as a result
of the review meetings.

Sec. 85. Minnesota Statutes 2019 Supplement, section 256.01, subdivision 14b, is amended
to read:

Subd. 14b. American Indian child welfare projects. (a) The commissioner of human
services may authorize projects to initiate tribal delivery of child welfare services to American
Indian children and their parents and custodians living on the reservation. The commissioner
has authority to solicit and determine which tribes may participate in a project. Grants may
be issued to Minnesota Indian tribes to support the projects. The commissioner may waive
existing state rules as needed to accomplish the projects. The commissioner may authorize
projects to use alternative methods of (1) screening, investigating, and assessing reports of
child maltreatment, and (2) administrative reconsideration, administrative appeal, and
judicial appeal of maltreatment determinations, provided the alternative methods used by
the projects comply with the provisions of sections section 256.045 and 626.556 and chapter
260E that deal with the rights of individuals who are the subjects of reports or investigations,
including notice and appeal rights and data practices requirements. The commissioner shall
only authorize alternative methods that comply with the public policy under section 626.556,
subdivision 1. The commissioner may seek any federal approvals necessary to carry out the
projects as well as seek and use any funds available to the commissioner, including use of
federal funds, foundation funds, existing grant funds, and other funds. The commissioner
is authorized to advance state funds as necessary to operate the projects. Federal
reimbursement applicable to the projects is appropriated to the commissioner for the purposes
of the projects. The projects must be required to address responsibility for safety, permanency,
and well-being of children.

(b) For the purposes of this section, "American Indian child" means a person under 21
years old and who is a tribal member or eligible for membership in one of the tribes chosen
for a project under this subdivision and who is residing on the reservation of that tribe.

(c) In order to qualify for an American Indian child welfare project, a tribe must:

1) be one of the existing tribes with reservation land in Minnesota;

2) have a tribal court with jurisdiction over child custody proceedings;

3) have a substantial number of children for whom determinations of maltreatment have
occurred;

4(i) have capacity to respond to reports of abuse and neglect under section 626.556
chapter 260E; or (ii) have codified the tribe's screening, investigation, and assessment of
reports of child maltreatment procedures, if authorized to use an alternative method by the
commissioner under paragraph (a);

5) provide a wide range of services to families in need of child welfare services; and

6) have a tribal-state title IV-E agreement in effect.

(d) Grants awarded under this section may be used for the nonfederal costs of providing
child welfare services to American Indian children on the tribe's reservation, including costs
associated with:

1) assessment and prevention of child abuse and neglect;

2) family preservation;

3) facilitative, supportive, and reunification services;

4) out-of-home placement for children removed from the home for child protective
purposes; and

5) other activities and services approved by the commissioner that further the goals of
providing safety, permanency, and well-being of American Indian children.

(e) When a tribe has initiated a project and has been approved by the commissioner to
assume child welfare responsibilities for American Indian children of that tribe under this
section, the affected county social service agency is relieved of responsibility for responding
to reports of abuse and neglect under section 626.556 chapter 260E for those children during
the time within which the tribal project is in effect and funded. The commissioner shall
work with tribes and affected counties to develop procedures for data collection, evaluation,
and clarification of ongoing role and financial responsibilities of the county and tribe for
child welfare services prior to initiation of the project. Children who have not been identified
by the tribe as participating in the project shall remain the responsibility of the county.
Nothing in this section shall alter responsibilities of the county for law enforcement or court
services.

(f) Participating tribes may conduct children's mental health screenings under section
245.4874, subdivision 1, paragraph (a), clause (12), for children who are eligible for the
initiative and living on the reservation and who meet one of the following criteria:

(1) the child must be receiving child protective services;
(2) the child must be in foster care; or
(3) the child's parents must have had parental rights suspended or terminated.

Tribes may access reimbursement from available state funds for conducting the screenings.
Nothing in this section shall alter responsibilities of the county for providing services under
section 245.487.

(g) Participating tribes may establish a local child mortality review panel. In establishing
a local child mortality review panel, the tribe agrees to conduct local child mortality reviews
for child deaths or near-fatalities occurring on the reservation under subdivision 12. Tribes
with established child mortality review panels shall have access to nonpublic data and shall
protect nonpublic data under subdivision 12, paragraphs (c) to (e). The tribe shall provide
written notice to the commissioner and affected counties when a local child mortality review
panel has been established and shall provide data upon request of the commissioner for
purposes of sharing nonpublic data with members of the state child mortality review panel
in connection to an individual case.

(h) The commissioner shall collect information on outcomes relating to child safety,
permanency, and well-being of American Indian children who are served in the projects.
Participating tribes must provide information to the state in a format and completeness
deemed acceptable by the state to meet state and federal reporting requirements.

(i) In consultation with the White Earth Band, the commissioner shall develop and submit
to the chairs and ranking minority members of the legislative committees with jurisdiction
over health and human services a plan to transfer legal responsibility for providing child

Article 6 Sec. 85.
protective services to White Earth Band member children residing in Hennepin County to
the White Earth Band. The plan shall include a financing proposal, definitions of key terms,
statutory amendments required, and other provisions required to implement the plan. The
commissioner shall submit the plan by January 15, 2012.

Sec. 86. Minnesota Statutes 2018, section 256.01, subdivision 15, is amended to read:

Subd. 15. Citizen review panels. (a) The commissioner shall establish a minimum of
three citizen review panels to examine the policies and procedures of state and local welfare
agencies to evaluate the extent to which the agencies are effectively discharging their child
protection responsibilities. Local social service agencies shall cooperate and work with the
citizen review panels. Where appropriate, the panels may examine specific cases to evaluate
the effectiveness of child protection activities. The panels must examine the extent to which
the state and local agencies are meeting the requirements of the federal Child Abuse
Prevention and Treatment Act and the Reporting of Maltreatment of Minors Act. The
commissioner may authorize mortality review panels or child protection teams to carry out
the duties of a citizen review panel if membership meets or is expanded to meet the
requirements of this section.

(b) The panel membership must include volunteers who broadly represent the community
in which the panel is established, including members who have expertise in the prevention
and treatment of child abuse and neglect, child protection advocates, and representatives of
the councils of color and ombudsperson for families.

(c) A citizen review panel has access to the following data for specific case review under
this paragraph: police investigative data; autopsy records and coroner or medical examiner
investigative data; hospital, public health, or other medical records of the child; hospital
and other medical records of the child's parent that relate to prenatal care; records created
by social service agencies that provided services to the child or family; and personnel data
related to an employee's performance in discharging child protection responsibilities. A
state agency, statewide system, or political subdivision shall provide the data upon request
of the commissioner. Not public data may be shared with members of the state or local
citizen review panel in connection with an individual case.

(d) Notwithstanding the data's classification in the possession of any other agency, data
acquired by a local or state citizen review panel in the exercise of its duties are protected
nonpublic or confidential data as defined in section 13.02, but may be disclosed as necessary
to carry out the purposes of the review panel. The data are not subject to subpoena or
discovery. The commissioner may disclose conclusions of the review panel, but may not

Article 6 Sec. 86.
disclose data on individuals that were classified as confidential or private data on individuals
in the possession of the state agency, statewide system, or political subdivision from which
the data were received, except that the commissioner may disclose local social service
agency data as provided in section 626.556, subdivision 11d 260E.35, on individual cases
involving a fatality or near fatality of a person served by the local social service agency
prior to the date of death.

(e) A person attending a citizen review panel meeting may not disclose what transpired
at the meeting, except to carry out the purposes of the review panel. The proceedings and
records of the review panel are protected nonpublic data as defined in section 13.02,
subdivision 13, and are not subject to discovery or introduction into evidence in a civil or
criminal action against a professional, the state, or county agency arising out of the matters
the panel is reviewing. Information, documents, and records otherwise available from other
sources are not immune from discovery or use in a civil or criminal action solely because
they were presented during proceedings of the review panel. A person who presented
information before the review panel or who is a member of the panel is not prevented from
testifying about matters within the person's knowledge. However, in a civil or criminal
proceeding, a person must not be questioned about the person's presentation of information
to the review panel or opinions formed by the person as a result of the review panel meetings.

Sec. 87. Minnesota Statutes 2018, section 256.045, subdivision 3, is amended to read:

Subd. 3. State agency hearings. (a) State agency hearings are available for the following:

(1) any person applying for, receiving or having received public assistance, medical
care, or a program of social services granted by the state agency or a county agency or the
federal Food Stamp Act whose application for assistance is denied, not acted upon with
reasonable promptness, or whose assistance is suspended, reduced, terminated, or claimed
to have been incorrectly paid;

(2) any patient or relative aggrieved by an order of the commissioner under section
252.27;

(3) a party aggrieved by a ruling of a prepaid health plan;

(4) except as provided under chapter 245C, any individual or facility determined by a
lead investigative agency to have maltreated a vulnerable adult under section 626.557 after
they have exercised their right to administrative reconsideration under section 626.557;
any person whose claim for foster care payment according to a placement of the
child resulting from a child protection assessment under section 626.556 chapter 260E is
denied or not acted upon with reasonable promptness, regardless of funding source;

(6) any person to whom a right of appeal according to this section is given by other
provision of law;

(7) an applicant aggrieved by an adverse decision to an application for a hardship waiver
under section 256B.15;

(8) an applicant aggrieved by an adverse decision to an application or redetermination
for a Medicare Part D prescription drug subsidy under section 256B.04, subdivision 4a;

(9) except as provided under chapter 245A, an individual or facility determined to have
maltreated a minor under section 626.556 chapter 260E, after the individual or facility has
exercised the right to administrative reconsideration under section 626.556 chapter 260E;

(10) except as provided under chapter 245C, an individual disqualified under sections
245C.14 and 245C.15, following a reconsideration decision issued under section 245C.23,
on the basis of serious or recurring maltreatment; a preponderance of the evidence that the
individual has committed an act or acts that meet the definition of any of the crimes listed
in section 245C.15, subdivisions 1 to 4; or for failing to make reports required under section
626.556, subdivision 3, 260E.06, subdivision 1, or 626.557, subdivision 3. Hearings regarding
a maltreatment determination under clause (4) or (9) and a disqualification under this clause
in which the basis for a disqualification is serious or recurring maltreatment, shall be
consolidated into a single fair hearing. In such cases, the scope of review by the human
services judge shall include both the maltreatment determination and the disqualification.
The failure to exercise the right to an administrative reconsideration shall not be a bar to a
hearing under this section if federal law provides an individual the right to a hearing to
dispute a finding of maltreatment;

(11) any person with an outstanding debt resulting from receipt of public assistance,
medical care, or the federal Food Stamp Act who is contesting a setoff claim by the
Department of Human Services or a county agency. The scope of the appeal is the validity
of the claimant agency's intention to request a setoff of a refund under chapter 270A against
the debt;

(12) a person issued a notice of service termination under section 245D.10, subdivision
3a, from residential supports and services as defined in section 245D.03, subdivision 1,
paragraph (c), clause (3), that is not otherwise subject to appeal under subdivision 4a;
(13) an individual disability waiver recipient based on a denial of a request for a rate
exception under section 256B.4914; or

(14) a person issued a notice of service termination under section 245A.11, subdivision
11, that is not otherwise subject to appeal under subdivision 4a.

(b) The hearing for an individual or facility under paragraph (a), clause (4), (9), or (10),
is the only administrative appeal to the final agency determination specifically, including
a challenge to the accuracy and completeness of data under section 13.04. Hearings requested
under paragraph (a), clause (4), apply only to incidents of maltreatment that occur on or
after October 1, 1995. Hearings requested by nursing assistants in nursing homes alleged
to have maltreated a resident prior to October 1, 1995, shall be held as a contested case
proceeding under the provisions of chapter 14. Hearings requested under paragraph (a),
clause (9), apply only to incidents of maltreatment that occur on or after July 1, 1997. A
hearing for an individual or facility under paragraph (a), clauses (4), (9), and (10), is only
available when there is no district court action pending. If such action is filed in district
court while an administrative review is pending that arises out of some or all of the events
or circumstances on which the appeal is based, the administrative review must be suspended
until the judicial actions are completed. If the district court proceedings are completed,
dismissed, or overturned, the matter may be considered in an administrative hearing.

(c) For purposes of this section, bargaining unit grievance procedures are not an
administrative appeal.

(d) The scope of hearings involving claims to foster care payments under paragraph (a),
clause (5), shall be limited to the issue of whether the county is legally responsible for a
child's placement under court order or voluntary placement agreement and, if so, the correct
amount of foster care payment to be made on the child's behalf and shall not include review
of the propriety of the county's child protection determination or child placement decision.

(e) The scope of hearings under paragraph (a), clauses (12) and (14), shall be limited to
whether the proposed termination of services is authorized under section 245D.10,
subdivision 3a, paragraph (b), or 245A.11, subdivision 11, and whether the requirements
of section 245D.10, subdivision 3a, paragraphs (c) to (e), or 245A.11, subdivision 2a,
paragraphs (d) to (f), were met. If the appeal includes a request for a temporary stay of
termination of services, the scope of the hearing shall also include whether the case
management provider has finalized arrangements for a residential facility, a program, or
services that will meet the assessed needs of the recipient by the effective date of the service
termination.
(f) A vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a county agency to provide social services is not a party and may not request a hearing under this section, except if assisting a recipient as provided in subdivision 4.

(g) An applicant or recipient is not entitled to receive social services beyond the services prescribed under chapter 256M or other social services the person is eligible for under state law.

(h) The commissioner may summarily affirm the county or state agency's proposed action without a hearing when the sole issue is an automatic change due to a change in state or federal law.

(i) Unless federal or Minnesota law specifies a different time frame in which to file an appeal, an individual or organization specified in this section may contest the specified action, decision, or final disposition before the state agency by submitting a written request for a hearing to the state agency within 30 days after receiving written notice of the action, decision, or final disposition, or within 90 days of such written notice if the applicant, recipient, patient, or relative shows good cause, as defined in section 256.0451, subdivision 13, why the request was not submitted within the 30-day time limit. The individual filing the appeal has the burden of proving good cause by a preponderance of the evidence.

Sec. 88. Minnesota Statutes 2018, section 256.045, subdivision 3b, is amended to read:

Subd. 3b. Standard of evidence for maltreatment and disqualification hearings. (a) The state human services judge shall determine that maltreatment has occurred if a preponderance of evidence exists to support the final disposition under sections 626.556 and 626.557 and chapter 260E. For purposes of hearings regarding disqualification, the state human services judge shall affirm the proposed disqualification in an appeal under subdivision 3, paragraph (a), clause (10), if a preponderance of the evidence shows the individual has:

(1) committed maltreatment under section 626.556 or 626.557 or chapter 260E, which is serious or recurring;

(2) committed an act or acts meeting the definition of any of the crimes listed in section 245C.15, subdivisions 1 to 4; or

(3) failed to make required reports under section 626.556 or 626.557 or chapter 260E, for incidents in which the final disposition under section 626.556 or 626.557 or chapter 260E was substantiated maltreatment that was serious or recurring.
If the disqualification is affirmed, the state human services judge shall determine whether the individual poses a risk of harm in accordance with the requirements of section 245C.22, and whether the disqualification should be set aside or not set aside. In determining whether the disqualification should be set aside, the human services judge shall consider all of the characteristics that cause the individual to be disqualified, including those characteristics that were not subject to review under paragraph (a), in order to determine whether the individual poses a risk of harm. A decision to set aside a disqualification that is the subject of the hearing constitutes a determination that the individual does not pose a risk of harm and that the individual may provide direct contact services in the individual program specified in the set aside.

(c) If a disqualification is based solely on a conviction or is conclusive for any reason under section 245C.29, the disqualified individual does not have a right to a hearing under this section.

(d) The state human services judge shall recommend an order to the commissioner of health, education, or human services, as applicable, who shall issue a final order. The commissioner shall affirm, reverse, or modify the final disposition. Any order of the commissioner issued in accordance with this subdivision is conclusive upon the parties unless appeal is taken in the manner provided in subdivision 7. In any licensing appeal under chapters 245A and 245C and sections 144.50 to 144.58 and 144A.02 to 144A.482, the commissioner's determination as to maltreatment is conclusive, as provided under section 245C.29.

Subd. 4. Conduct of hearings. (a) All hearings held pursuant to subdivision 3, 3a, 3b, or 4a shall be conducted according to the provisions of the federal Social Security Act and the regulations implemented in accordance with that act to enable this state to qualify for federal grants-in-aid, and according to the rules and written policies of the commissioner of human services. County agencies shall install equipment necessary to conduct telephone hearings. A state human services judge may schedule a telephone conference hearing when the distance or time required to travel to the county agency offices will cause a delay in the issuance of an order, or to promote efficiency, or at the mutual request of the parties. Hearings may be conducted by telephone conferences unless the applicant, recipient, former recipient, person, or facility contesting maltreatment objects. A human services judge may grant a request for a hearing in person by holding the hearing by interactive video technology or in person. The human services judge must hear the case in person if the person asserts that
either the person or a witness has a physical or mental disability that would impair the
person's or witness's ability to fully participate in a hearing held by interactive video
technology. The hearing shall not be held earlier than five days after filing of the required
notice with the county or state agency. The state human services judge shall notify all
interested persons of the time, date, and location of the hearing at least five days before the
date of the hearing. Interested persons may be represented by legal counsel or other
representative of their choice, including a provider of therapy services, at the hearing and
may appear personally, testify and offer evidence, and examine and cross-examine witnesses.
The applicant, recipient, former recipient, person, or facility contesting maltreatment shall
have the opportunity to examine the contents of the case file and all documents and records
to be used by the county or state agency at the hearing at a reasonable time before the date
of the hearing and during the hearing. In hearings under subdivision 3, paragraph (a), clauses
(4), (9), and (10), either party may subpoena the private data relating to the investigation
prepared by the agency under section 626.556 or 626.557 or chapter 260E that is not
otherwise accessible under section 13.04, provided the identity of the reporter may not be
disclosed.
(b) The private data obtained by subpoena in a hearing under subdivision 3, paragraph
(a), clause (4), (9), or (10), must be subject to a protective order which prohibits its disclosure
for any other purpose outside the hearing provided for in this section without prior order of
the district court. Disclosure without court order is punishable by a sentence of not more
than 90 days imprisonment or a fine of not more than $1,000, or both. These restrictions on
the use of private data do not prohibit access to the data under section 13.03, subdivision
6. Except for appeals under subdivision 3, paragraph (a), clauses (4), (5), (9), and (10), upon
request, the county agency shall provide reimbursement for transportation, child care,
photocopying, medical assessment, witness fee, and other necessary and reasonable costs
incurred by the applicant, recipient, or former recipient in connection with the appeal. All
evidence, except that privileged by law, commonly accepted by reasonable people in the
conduct of their affairs as having probative value with respect to the issues shall be submitted
at the hearing and such hearing shall not be "a contested case" within the meaning of section
14.02, subdivision 3. The agency must present its evidence prior to or at the hearing, and
may not submit evidence after the hearing except by agreement of the parties at the hearing,
provided the petitioner has the opportunity to respond.
(c) In hearings under subdivision 3, paragraph (a), clauses (4), (9), and (10), involving
determinations of maltreatment or disqualification made by more than one county agency,
by a county agency and a state agency, or by more than one state agency, the hearings may
be consolidated into a single fair hearing upon the consent of all parties and the state human
services judge.

(d) For hearings under subdivision 3, paragraph (a), clause (4) or (10), involving a
vulnerable adult, the human services judge shall notify the vulnerable adult who is the
subject of the maltreatment determination and, if known, a guardian of the vulnerable adult
appointed under section 524.5-310, or a health care agent designated by the vulnerable adult
in a health care directive that is currently effective under section 145C.06 and whose authority
to make health care decisions is not suspended under section 524.5-310, of the hearing. The
notice must be sent by certified mail and inform the vulnerable adult of the right to file a
signed written statement in the proceedings. A guardian or health care agent who prepares
or files a written statement for the vulnerable adult must indicate in the statement that the
person is the vulnerable adult's guardian or health care agent and sign the statement in that
capacity. The vulnerable adult, the guardian, or the health care agent may file a written
statement with the human services judge hearing the case no later than five business days
before commencement of the hearing. The human services judge shall include the written
statement in the hearing record and consider the statement in deciding the appeal. This
subdivision does not limit, prevent, or excuse the vulnerable adult from being called as a
witness testifying at the hearing or grant the vulnerable adult, the guardian, or health care
agent a right to participate in the proceedings or appeal the human services judge's decision
in the case. The lead investigative agency must consider including the vulnerable adult
victim of maltreatment as a witness in the hearing. If the lead investigative agency determines
that participation in the hearing would endanger the well-being of the vulnerable adult or
not be in the best interests of the vulnerable adult, the lead investigative agency shall inform
the human services judge of the basis for this determination, which must be included in the
final order. If the human services judge is not reasonably able to determine the address of
the vulnerable adult, the guardian, or the health care agent, the human services judge is not
required to send a hearing notice under this subdivision.

Sec. 90. Minnesota Statutes 2018, section 256B.0621, subdivision 4, is amended to read:

Subd. 4. Relocation targeted county case management provider qualifications. (a)
A relocation targeted county case management provider is an enrolled medical assistance
provider who is determined by the commissioner to have all of the following characteristics:

(1) the legal authority to provide public welfare under sections 393.01, subdivision 7;
and 393.07; or a federally recognized Indian tribe;
(2) the demonstrated capacity and experience to provide the components of case
management to coordinate and link community resources needed by the eligible population;
(3) the administrative capacity and experience to serve the target population for whom
it will provide services and ensure quality of services under state and federal requirements;
(4) the legal authority to provide complete investigative and protective services under
section 626.556, subdivision 10; 260E.14; and child welfare and foster care services under

(b) A provider of targeted case management under section 256B.0625, subdivision 20,
may be deemed a certified provider of relocation targeted case management.
(c) A relocation targeted county case management provider may subcontract with another
provider to deliver relocation targeted case management services. Subcontracted providers
must demonstrate the ability to provide the services outlined in subdivision 6, and have a
procedure in place that notifies the recipient and the recipient's legal representative of any
conflict of interest if the contracted targeted case management provider also provides, or
will provide, the recipient's services and supports. Counties must require that contracted
providers must provide information on all conflicts of interest and obtain the recipient's
informed consent or provide the recipient with alternatives.

Sec. 91. Minnesota Statutes 2018, section 256B.0625, subdivision 33, is amended to read:
Subd. 33. Child welfare targeted case management. Medical assistance, subject to
federal approval, covers child welfare targeted case management services as defined in
section 256B.094 to children under age 21 who have been assessed and determined in

(1) at risk of placement or in placement as defined in section 260C.212, subdivision 1;

Nothing in this section requires the commissioner of human services to enforce the background study requirements under chapter 245C or the requirements related to prevention and investigation of alleged maltreatment under section 626.556 or chapter 260E. Complaints received by the commissioner of human services must be referred to the out-of-state licensing authority for possible follow-up.

(d) Notwithstanding paragraph (b), eligible service costs may be claimed for an out-of-state inpatient treatment facility if:

(1) the facility specializes in providing mental health services to children who are deaf, deafblind, or hard-of-hearing and who use American Sign Language as their first language;

(2) the facility is licensed by the state in which it is located; and

(b) The CFSS agency-provider must establish policies and procedures for responding to incidents that occur while services are being provided. When a participant has a legal representative or a participant's representative, incidents must be reported to these representatives. For the purposes of this paragraph, "incident" means an occurrence that involves a participant and requires a response that is not a part of the ordinary provision of the services to that participant, and includes:

(1) serious injury of a participant as determined by section 245.91, subdivision 6;

Sec. 103. Minnesota Statutes 2018, section 256F.10, subdivision 4, is amended to read:

Subd. 4. Provider qualifications and certification standards. The commissioner must certify each provider before enrolling it as a child welfare targeted case management provider of services under section 256B.094 and this section. The certification process shall examine the provider's ability to meet the qualification requirements and certification standards in this subdivision and other federal and state requirements of this service. A certified child welfare targeted case management provider is an enrolled medical assistance provider who is determined by the commissioner to have all of the following:

(1) the legal authority to provide public welfare under sections 393.01, subdivision 7, and 393.07 or a federally recognized Indian tribe;
(2) the demonstrated capacity and experience to provide the components of case management to coordinate and link community resources needed by the eligible population;
(3) administrative capacity and experience in serving the target population for whom it
will provide services and in ensuring quality of services under state and federal requirements;

(4) the legal authority to provide complete investigative and protective services under
section 626.556, subdivision 10, 260E.20, and child welfare and foster care services under
section 393.07, subdivisions 1 and 2, or a federally recognized Indian tribe;

(5) a financial management system that provides accurate documentation of services
and costs under state and federal requirements; and

(6) the capacity to document and maintain individual case records under state and federal
requirements.

Sec. 104. Minnesota Statutes 2018, section 256L.07, subdivision 4, is amended to read:

Subd. 4. Families with children in need of chemical dependency treatment. Premiums
for families with children when a parent has been determined to be in need of chemical
dependency treatment pursuant to an assessment conducted by the county under section
626.556, subdivision 10, 260E.20, subdivision 1, paragraph (g), or a case plan under section
260C.201, subdivision 6, or 260C.212, who are eligible for MinnesotaCare under section
256L.04, subdivision 1, may be paid by the county of residence of the person in need of
treatment for one year from the date the family is determined to be eligible or if the family
is currently enrolled in MinnesotaCare from the date the person is determined to be in need
of chemical dependency treatment. Upon renewal, the family is responsible for any premiums
owed under section 256L.15. If the family is not currently enrolled in MinnesotaCare, the
local county human services agency shall determine whether the family appears to meet the
eligibility requirements and shall assist the family in applying for the MinnesotaCare
program.

Sec. 105. Minnesota Statutes 2018, section 256M.10, subdivision 2, is amended to read:

Subd. 2. Vulnerable children and adults services. (a) "Vulnerable children and adults
services" means services provided or arranged for by county boards for vulnerable children
under chapters 260C and 260E, and sections 626.556 and 626.5561, and adults
under section 626.557 who experience dependency, abuse, or neglect, as well as services
for family members to support those individuals. These services may be provided by
professionals or nonprofessionals, including the person's natural supports in the community.
For the purpose of this chapter, "vulnerable children" means children and adolescents.
Vulnerable children and adults services do not include services under the public assistance programs known as the Minnesota family investment program, Minnesota supplemental aid, medical assistance, general assistance, MinnesotaCare, or community health services.

Sec. 106. Minnesota Statutes 2018, section 256M.40, subdivision 1, is amended to read:

Subdivision 1. Formula. The commissioner shall allocate state funds appropriated under this chapter to each county board on a calendar year basis in an amount determined according to the formula in paragraphs (a) to (e).

(a) For calendar years 2011 and 2012, the commissioner shall allocate available funds to each county in proportion to that county's share in calendar year 2010.

(b) For calendar year 2013 and each calendar year thereafter, the commissioner shall allocate available funds to each county as follows:

1. 75 percent must be distributed on the basis of the county share in calendar year 2012;
2. 5 percent must be distributed on the basis of the number of persons residing in the county as determined by the most recent data of the state demographer;
3. 10 percent must be distributed on the basis of the number of vulnerable children that are subjects of reports under chapters 260C and sections 626.556 and 626.5561 and 260E, and in the county as determined by the most recent data of the commissioner;
4. 10 percent must be distributed on the basis of the number of vulnerable adults that are subjects of reports under section 626.557 in the county as determined by the most recent data of the commissioner.

(c) The commissioner is precluded from changing the formula under this subdivision or recommending a change to the legislature without public review and input.

Sec. 107. Minnesota Statutes 2018, section 256M.41, subdivision 1, is amended to read:

Subdivision 1. Formula for county staffing funds. (a) The commissioner shall allocate state funds appropriated under this section to each county board on a calendar year basis in an amount determined according to the following formula:

1. 50 percent must be distributed on the basis of the child population residing in the county as determined by the most recent data of the state demographer;
(2) 25 percent must be distributed on the basis of the number of screened-in reports of child maltreatment under sections 626.556 and 626.5561, chapter 260E, and in the county as determined by the most recent data of the commissioner; and

(3) 25 percent must be distributed on the basis of the number of open child protection case management cases in the county as determined by the most recent data of the commissioner.

(b) Notwithstanding this subdivision, no county shall be awarded an allocation of less than $75,000.

Sec. 108. Minnesota Statutes 2018, section 257.0764, is amended to read:

257.0764 COMPLAINTS.

An ombudsperson may receive a complaint from any source concerning an action of an agency, facility, or program. After completing a review, the ombudsperson shall inform the complainant, agency, facility, or program. Services to a child shall not be unfavorably altered as a result of an investigation or complaint. An agency, facility, or program shall not retaliate or take adverse action, as defined in section 626.556, subdivision 4a, 260E.07, paragraph (c), against an individual who, in good faith, makes a complaint or assists in an investigation.

Sec. 109. Minnesota Statutes 2018, section 260.012, is amended to read:

260.012 DUTY TO ENSURE PLACEMENT PREVENTION AND FAMILY REUNIFICATION; REASONABLE EFFORTS.

(a) Once a child alleged to be in need of protection or services is under the court's jurisdiction, the court shall ensure that reasonable efforts, including culturally appropriate services, by the social services agency are made to prevent placement or to eliminate the need for removal and to reunite the child with the child's family at the earliest possible time, and the court must ensure that the responsible social services agency makes reasonable efforts to finalize an alternative permanent plan for the child as provided in paragraph (e).

In determining reasonable efforts to be made with respect to a child and in making those reasonable efforts, the child's best interests, health, and safety must be of paramount concern. Reasonable efforts to prevent placement and for rehabilitation and reunification are always required except upon a determination by the court that a petition has been filed stating a prima facie case that:

(1) the parent has subjected a child to egregious harm as defined in section 260C.007, subdivision 14;
(2) the parental rights of the parent to another child have been terminated involuntarily;
(3) the child is an abandoned infant under section 260C.301, subdivision 2, paragraph
(a), clause (2);
(4) the parent's custodial rights to another child have been involuntarily transferred to a
relative under Minnesota Statutes 2010, section 260C.201, subdivision 11, paragraph (d),
clause (1), section 260C.515, subdivision 4, or a similar law of another jurisdiction;
(5) the parent has committed sexual abuse as defined in section 626.556, subdivision 2
260E.03, against the child or another child of the parent;
(6) the parent has committed an offense that requires registration as a predatory offender
under section 243.166, subdivision 1b, paragraph (a) or (b); or
(7) the provision of services or further services for the purpose of reunification is futile
and therefore unreasonable under the circumstances.
(b) When the court makes one of the prima facie determinations under paragraph (a),
either permanency pleadings under section 260C.505, or a termination of parental rights
petition under sections 260C.141 and 260C.301 must be filed. A permanency hearing under
sections 260C.503 to 260C.521 must be held within 30 days of this determination.
(c) In the case of an Indian child, in proceedings under sections 260B.178, 260C.178,
260C.201, 260C.202, 260C.204, 260C.301, or 260C.503 to 260C.521, the juvenile court
must make findings and conclusions consistent with the Indian Child Welfare Act of 1978,
United States Code, title 25, section 1901 et seq., as to the provision of active efforts. In
cases governed by the Indian Child Welfare Act of 1978, United States Code, title 25, section
1901, the responsible social services agency must provide active efforts as required under
United States Code, title 25, section 1911(d).
(d) "Reasonable efforts to prevent placement" means:
(1) the agency has made reasonable efforts to prevent the placement of the child in foster
care by working with the family to develop and implement a safety plan; or
(2) given the particular circumstances of the child and family at the time of the child's
removal, there are no services or efforts available which could allow the child to safely
remain in the home.
(e) "Reasonable efforts to finalize a permanent plan for the child" means due diligence
by the responsible social services agency to:
(1) reunify the child with the parent or guardian from whom the child was removed;
(2) assess a noncustodial parent's ability to provide day-to-day care for the child and, where appropriate, provide services necessary to enable the noncustodial parent to safely provide the care, as required by section 260C.219;

(3) conduct a relative search to identify and provide notice to adult relatives as required under section 260C.221;

(4) place siblings removed from their home in the same home for foster care or adoption, or transfer permanent legal and physical custody to a relative. Visitation between siblings who are not in the same foster care, adoption, or custodial placement or facility shall be consistent with section 260C.212, subdivision 2; and

(5) when the child cannot return to the parent or guardian from whom the child was removed, to plan for and finalize a safe and legally permanent alternative home for the child, and considers permanent alternative homes for the child inside or outside of the state, preferably through adoption or transfer of permanent legal and physical custody of the child.

(f) Reasonable efforts are made upon the exercise of due diligence by the responsible social services agency to use culturally appropriate and available services to meet the needs of the child and the child's family. Services may include those provided by the responsible social services agency and other culturally appropriate services available in the community. At each stage of the proceedings where the court is required to review the appropriateness of the responsible social services agency's reasonable efforts as described in paragraphs (a), (d), and (e), the social services agency has the burden of demonstrating that:

(1) it has made reasonable efforts to prevent placement of the child in foster care;

(2) it has made reasonable efforts to eliminate the need for removal of the child from the child's home and to reunify the child with the child's family at the earliest possible time;

(3) it has made reasonable efforts to finalize an alternative permanent home for the child, and considers permanent alternative homes for the child inside or outside of the state; or

(4) reasonable efforts to prevent placement and to reunify the child with the parent or guardian are not required. The agency may meet this burden by stating facts in a sworn petition filed under section 260C.141, by filing an affidavit summarizing the agency's reasonable efforts or facts the agency believes demonstrate there is no need for reasonable efforts to reunify the parent and child, or through testimony or a certified report required under juvenile court rules.

(g) Once the court determines that reasonable efforts for reunification are not required because the court has made one of the prima facie determinations under paragraph (a), the
court may only require reasonable efforts for reunification after a hearing according to section 260C.163, where the court finds there is not clear and convincing evidence of the facts upon which the court based its prima facie determination. In this case when there is clear and convincing evidence that the child is in need of protection or services, the court may find the child in need of protection or services and order any of the dispositions available under section 260C.201, subdivision 1. Reunification of a child with a parent is not required if the parent has been convicted of:

(1) a violation of, or an attempt or conspiracy to commit a violation of, sections 609.185 to 609.20; 609.222, subdivision 2; or 609.223 in regard to another child of the parent;

(2) a violation of section 609.222, subdivision 2; or 609.223, in regard to the child;

(3) a violation of, or an attempt or conspiracy to commit a violation of, United States Code, title 18, section 1111(a) or 1112(a), in regard to another child of the parent;

(4) committing sexual abuse as defined in section 626.556, subdivision 2 260E.03, against the child or another child of the parent; or

(5) an offense that requires registration as a predatory offender under section 243.166, subdivision 1b, paragraph (a) or (b).

(h) The juvenile court, in proceedings under sections 260B.178, 260C.178, 260C.201, 260C.202, 260C.204, 260C.301, or 260C.503 to 260C.521, shall make findings and conclusions as to the provision of reasonable efforts. When determining whether reasonable efforts have been made, the court shall consider whether services to the child and family were:

(1) relevant to the safety and protection of the child;

(2) adequate to meet the needs of the child and family;

(3) culturally appropriate;

(4) available and accessible;

(5) consistent and timely; and

(6) realistic under the circumstances.

In the alternative, the court may determine that provision of services or further services for the purpose of rehabilitation is futile and therefore unreasonable under the circumstances or that reasonable efforts are not required as provided in paragraph (a).
(i) This section does not prevent out-of-home placement for treatment of a child with a mental disability when it is determined to be medically necessary as a result of the child's diagnostic assessment or individual treatment plan indicates that appropriate and necessary treatment cannot be effectively provided outside of a residential or inpatient treatment program and the level or intensity of supervision and treatment cannot be effectively and safely provided in the child's home or community and it is determined that a residential treatment setting is the least restrictive setting that is appropriate to the needs of the child.

(j) If continuation of reasonable efforts to prevent placement or reunify the child with the parent or guardian from whom the child was removed is determined by the court to be inconsistent with the permanent plan for the child or upon the court making one of the prima facie determinations under paragraph (a), reasonable efforts must be made to place the child in a timely manner in a safe and permanent home and to complete whatever steps are necessary to legally finalize the permanent placement of the child.

(k) Reasonable efforts to place a child for adoption or in another permanent placement may be made concurrently with reasonable efforts to prevent placement or to reunify the child with the parent or guardian from whom the child was removed. When the responsible social services agency decides to concurrently make reasonable efforts for both reunification and permanent placement away from the parent under paragraph (a), the agency shall disclose its decision and both plans for concurrent reasonable efforts to all parties and the court. When the agency discloses its decision to proceed on both plans for reunification and permanent placement away from the parent, the court's review of the agency's reasonable efforts shall include the agency's efforts under both plans.

Sec. 110. Minnesota Statutes 2018, section 260.761, subdivision 2, is amended to read:

Subd. 2. Agency and court notice to tribes. (a) When a local social services agency has information that a family assessment or investigation being conducted may involve an Indian child, the local social services agency shall notify the Indian child's tribe of the family assessment or investigation according to section 626.556, subdivision 10, paragraph (a), clause (5). Initial notice shall be provided by telephone and by e-mail or facsimile. The local social services agency shall request that the tribe or a designated tribal representative participate in evaluating the family circumstances, identifying family and tribal community resources, and developing case plans.

(b) When a local social services agency has information that a child receiving services may be an Indian child, the local social services agency shall notify the tribe by telephone and by e-mail or facsimile of the child's full name and date of birth, the full names and dates
of birth of the child's biological parents, and, if known, the full names and dates of birth of
the child's grandparents and of the child's Indian custodian. This notification must be provided
so the tribe can determine if the child is enrolled in the tribe or eligible for membership,
and must be provided within seven days. If information regarding the child's grandparents
or Indian custodian is not available within the seven-day period, the local social services
agency shall continue to request this information and shall notify the tribe when it is received.
Notice shall be provided to all tribes to which the child may have any tribal lineage. If the
identity or location of the child's parent or Indian custodian and tribe cannot be determined,
the local social services agency shall provide the notice required in this paragraph to the
United States secretary of the interior.

(c) In accordance with sections 260C.151 and 260C.152, when a court has reason to
believe that a child placed in emergency protective care is an Indian child, the court
administrator or a designee shall, as soon as possible and before a hearing takes place, notify
the tribal social services agency by telephone and by e-mail or facsimile of the date, time,
and location of the emergency protective case hearing. The court shall make efforts to allow
appearances by telephone for tribal representatives, parents, and Indian custodians.

(d) A local social services agency must provide the notices required under this subdivision
at the earliest possible time to facilitate involvement of the Indian child's tribe. Nothing in
this subdivision is intended to hinder the ability of the local social services agency and the
court to respond to an emergency situation. Lack of participation by a tribe shall not prevent
the tribe from intervening in services and proceedings at a later date. A tribe may participate
at any time. At any stage of the local social services agency's involvement with an Indian
child, the agency shall provide full cooperation to the tribal social services agency, including
disclosure of all data concerning the Indian child. Nothing in this subdivision relieves the
local social services agency of satisfying the notice requirements in the Indian Child Welfare
Act.

Sec. 111. Minnesota Statutes 2018, section 260B.171, subdivision 6, is amended to read:

Subd. 6. Attorney access to records. An attorney representing a child, parent, or guardian
ad litem in a proceeding under this chapter shall be given access to records, local social
services agency files, and reports which form the basis of any recommendation made to the
court. An attorney does not have access under this subdivision to the identity of a person
who made a report under section 626.556, chapter 260E. The court may issue protective
orders to prohibit an attorney from sharing a specified record or portion of a record with a
client other than a guardian ad litem.
amended to read:

Subdivision 1. Court order, findings, remedies, treatment. (a) If the court finds that
the child is delinquent, it shall enter an order making any of the following dispositions of
the case which are deemed necessary to the rehabilitation of the child:

(1) counsel the child or the parents, guardian, or custodian;

(2) place the child under the supervision of a probation officer or other suitable person
in the child's own home under conditions prescribed by the court including reasonable rules
for the child's conduct and the conduct of the child's parents, guardian, or custodian, designed
for the physical, mental, and moral well-being and behavior of the child, or with the consent
of the commissioner of corrections, in a group foster care facility which is under the
management and supervision of said commissioner;

(3) if the court determines that the child is a danger to self or others, subject to the
supervision of the court, transfer legal custody of the child to one of the following:

(i) a child-placing agency;

(ii) the local social services agency;

(iii) a reputable individual of good moral character. No person may receive custody of
two or more unrelated children unless licensed as a residential facility pursuant to sections
245A.01 to 245A.16;

(iv) a county home school, if the county maintains a home school or enters into an
agreement with a county home school; or

(v) a county probation officer for placement in a group foster home established under
the direction of the juvenile court and licensed pursuant to section 241.021;

(4) transfer legal custody by commitment to the commissioner of corrections;

(5) if the child is found to have violated a state or local law or ordinance which has
resulted in damage to the person or property of another, the court may order the child to
make reasonable restitution for such damage;

(6) require the child to pay a fine of up to $1,000. The court shall order payment of the
fine in accordance with a time payment schedule which shall not impose an undue financial
hardship on the child;

(7) if the child is in need of special treatment and care for reasons of physical or mental
health, the court may order the child's parent, guardian, or custodian to provide it. If the
(8) if the court believes that it is in the best interests of the child and of public safety that the driver's license of the child be canceled until the child's 18th birthday, the court may recommend to the commissioner of public safety the cancellation of the child's license for any period up to the child's 18th birthday, and the commissioner is hereby authorized to cancel such license without a hearing. At any time before the termination of the period of cancellation, the court may, for good cause, recommend to the commissioner of public safety that the child be authorized to apply for a new license, and the commissioner may so authorize;

(9) if the court believes that it is in the best interest of the child and of public safety that the child is enrolled in school, the court may require the child to remain enrolled in a public school until the child reaches the age of 18 or completes all requirements needed to graduate from high school. Any child enrolled in a public school under this clause is subject to the provisions of the Pupil Fair Dismissal Act in chapter 127;

(10) if the child is petitioned and found by the court to have committed a controlled substance offense under sections 152.021 to 152.027, the court shall determine whether the child unlawfully possessed or sold the controlled substance while driving a motor vehicle. If so, the court shall notify the commissioner of public safety of its determination and order the commissioner to revoke the child's driver's license for the applicable time period specified in section 152.0271. If the child does not have a driver's license or if the child's driver's license is suspended or revoked at the time of the delinquency finding, the commissioner shall, upon the child's application for driver's license issuance or reinstatement, delay the issuance or reinstatement of the child's driver's license for the applicable time period specified in section 152.0271. Upon receipt of the court's order, the commissioner is authorized to take the licensing action without a hearing;

(11) if the child is petitioned and found by the court to have committed or attempted to commit an act in violation of section 609.342; 609.343; 609.344; 609.345; 609.3451; 609.746, subdivision 1; 609.79; or 617.23, or another offense arising out of a delinquency petition based on one or more of those sections, the court shall order an independent professional assessment of the child's need for sex offender treatment. An assessor providing an assessment for the court must be experienced in the evaluation and treatment of juvenile sex offenders. If the assessment indicates that the child is in need of and amenable to sex offender treatment, the court shall include in its disposition order a requirement that the child undergo treatment. Notwithstanding sections 13.384, 13.85, 144.291 to 144.298,
or chapter 260E, the assessor has access to the following private or confidential data on the child if access is relevant and necessary for the assessment:

(i) medical data under section 13.384;
(ii) corrections and detention data under section 13.85;
(iii) health records under sections 144.291 to 144.298;
(iv) juvenile court records under section 260B.171; and
(v) local welfare agency records under section 626.556 chapter 260E.

Data disclosed under this clause may be used only for purposes of the assessment and may not be further disclosed to any other person, except as authorized by law; or

(12) if the child is found delinquent due to the commission of an offense that would be a felony if committed by an adult, the court shall make a specific finding on the record regarding the juvenile's mental health and chemical dependency treatment needs.

(b) Any order for a disposition authorized under this section shall contain written findings of fact to support the disposition ordered and shall also set forth in writing the following information:

(1) why the best interests of the child are served by the disposition ordered; and
(2) what alternative dispositions were considered by the court and why such dispositions were not appropriate in the instant case. Clause (1) does not apply to a disposition under subdivision 1a.

Sec. 113. Minnesota Statutes 2018, section 260C.007, subdivision 3, is amended to read:

Subd. 3. Case plan. "Case plan" means any plan for the delivery of services to a child and parent or guardian, or, when reunification is not required, the child alone, that is developed according to the requirements of section 245.4871, subdivision 19 or 21; 245.492, subdivision 16; 256B.092; 260C.212, subdivision 1; or 626.556, subdivision 10 260E.03.

Sec. 114. Minnesota Statutes 2018, section 260C.007, subdivision 5, is amended to read:

Subd. 5. Child abuse. "Child abuse" means an act that involves a minor victim that constitutes a violation of section 609.221, 609.222, 609.223, 609.224, 609.2242, 609.322, 609.324, 609.342, 609.343, 609.344, 609.345, 609.377, 609.378, 617.246, or that is physical or sexual abuse as defined in section 626.556, subdivision 2 260E.03, or an act committed
in another state that involves a minor victim and would constitute a violation of one of these
sections if committed in this state.

Sec. 115. Minnesota Statutes 2018, section 260C.007, subdivision 6, is amended to read:

Subd. 6. Child in need of protection or services. "Child in need of protection or
services" means a child who is in need of protection or services because the child:

(1) is abandoned or without parent, guardian, or custodian;

(2)(i) has been a victim of physical or sexual abuse as defined in section 626.556, subdivision 2,
(ii) resides with or has resided with a victim of child abuse as defined in subdivision 5 or domestic child abuse as defined in subdivision 13, (iii) resides with or would reside with a perpetrator of domestic child abuse as defined in subdivision 13 or child abuse as defined in subdivision 5 or 13, or (iv) is a victim of emotional maltreatment as defined in subdivision 15;

(3) is without necessary food, clothing, shelter, education, or other required care for the child's physical or mental health or morals because the child's parent, guardian, or custodian is unable or unwilling to provide that care;

(4) is without the special care made necessary by a physical, mental, or emotional condition because the child's parent, guardian, or custodian is unable or unwilling to provide that care;

(5) is medically neglected, which includes, but is not limited to, the withholding of medically indicated treatment from an infant with a disability with a life-threatening condition. The term "withholding of medically indicated treatment" means the failure to respond to the infant's life-threatening conditions by providing treatment, including appropriate nutrition, hydration, and medication which, in the treating physician's or advanced practice registered nurse's reasonable medical judgment, will be most likely to be effective in ameliorating or correcting all conditions, except that the term does not include the failure to provide treatment other than appropriate nutrition, hydration, or medication to an infant when, in the treating physician's or advanced practice registered nurse's reasonable medical judgment:

(i) the infant is chronically and irreversibly comatose;

(ii) the provision of the treatment would merely prolong dying, not be effective in ameliorating or correcting all of the infant's life-threatening conditions, or otherwise be futile in terms of the survival of the infant; or
(iii) the provision of the treatment would be virtually futile in terms of the survival of
the infant and the treatment itself under the circumstances would be inhumane;

(6) is one whose parent, guardian, or other custodian for good cause desires to be relieved
of the child's care and custody, including a child who entered foster care under a voluntary
placement agreement between the parent and the responsible social services agency under
section 260C.227;

(7) has been placed for adoption or care in violation of law;

(8) is without proper parental care because of the emotional, mental, or physical disability,
or state of immaturity of the child's parent, guardian, or other custodian;

(9) is one whose behavior, condition, or environment is such as to be injurious or
dangerous to the child or others. An injurious or dangerous environment may include, but
is not limited to, the exposure of a child to criminal activity in the child's home;

(10) is experiencing growth delays, which may be referred to as failure to thrive, that
have been diagnosed by a physician and are due to parental neglect;

(11) is a sexually exploited youth;

(12) has committed a delinquent act or a juvenile petty offense before becoming ten
years old;

(13) is a runaway;

(14) is a habitual truant;

(15) has been found incompetent to proceed or has been found not guilty by reason of
mental illness or mental deficiency in connection with a delinquency proceeding, a
certification under section 260B.125, an extended jurisdiction juvenile prosecution, or a
proceeding involving a juvenile petty offense; or

(16) has a parent whose parental rights to one or more other children were involuntarily
terminated or whose custodial rights to another child have been involuntarily transferred to
a relative and there is a case plan prepared by the responsible social services agency
documenting a compelling reason why filing the termination of parental rights petition under
section 260C.503, subdivision 2, is not in the best interests of the child.

Sec. 116. Minnesota Statutes 2018, section 260C.007, subdivision 13, is amended to read:

Subd. 13. **Domestic child abuse.** "Domestic child abuse" means:
(1) any physical injury to a minor family or household member inflicted by an adult family or household member other than by accidental means;

(2) subjection of a minor family or household member by an adult family or household member to any act which constitutes a violation of sections 609.321 to 609.324, 609.342, 609.343, 609.344, 609.345, or 617.246; or

(3) physical or sexual abuse as defined in section 626.556, subdivision 2, or subdivision 18 or 20.

Sec. 117. Minnesota Statutes 2019 Supplement, section 260C.139, subdivision 3, is amended to read:

Subd. 3. Status of child. For purposes of proceedings under this chapter and adoption proceedings, a newborn left at a safe place, pursuant to subdivision 4 and section 145.902, is considered an abandoned child under section 626.556, subdivision 2, paragraph (o), clause (2) or subdivision 22, clause (2). The child is abandoned under sections 260C.007, subdivision 6, clause (1), and 260C.301, subdivision 1, paragraph (b), clause (1).

Sec. 118. Minnesota Statutes 2018, section 260C.150, subdivision 3, is amended to read:

Subd. 3. Identifying parents of child; diligent efforts; data. (a) The responsible social services agency shall make diligent efforts to identify and locate both parents of any child who is the subject of proceedings under this chapter. Diligent efforts include:

(1) asking the custodial or known parent to identify any nonresident parent of the child and provide information that can be used to verify the nonresident parent's identity including the dates and locations of marriages and divorces; dates and locations of any legal proceedings regarding paternity; date and place of the child's birth; nonresident parent's full legal name; nonresident parent's date of birth, or if the nonresident parent's date of birth is unknown, an approximate age; the nonresident parent's Social Security number; the nonresident parent's whereabouts including last known whereabouts; and the whereabouts of relatives of the nonresident parent. For purposes of this subdivision, "nonresident parent" means a parent who does not reside in the same household as the child or did not reside in the same household as the child at the time the child was removed when the child is in foster care;

(2) obtaining information that will identify and locate the nonresident parent from the county and state of Minnesota child support enforcement information system;
(3) requesting a search of the Minnesota Fathers' Adoption Registry 30 days after the child's birth; and

(4) using any other reasonable means to identify and locate the nonresident parent.

(b) The agency may disclose data which is otherwise private under section 13.46 or 626.556 or chapter 260E in order to carry out its duties under this subdivision.

(c) Upon the filing of a petition alleging the child to be in need of protection or services, the responsible social services agency may contact a putative father who registered with the Minnesota Fathers' Adoption Registry more than 30 days after the child's birth. The social service agency may consider a putative father for the day-to-day care of the child under section 260C.219 if the putative father cooperates with genetic testing and there is a positive test result under section 257.62, subdivision 5. Nothing in this paragraph:

(1) relieves a putative father who registered with the Minnesota Fathers' Adoption Registry more than 30 days after the child's birth of the duty to cooperate with paternity establishment proceedings under section 260C.219;

(2) gives a putative father who registered with the Minnesota Fathers' Adoption Registry more than 30 days after the child's birth the right to notice under section 260C.151 unless the putative father is entitled to notice under sections 259.24 and 259.49, subdivision 1, paragraph (a) or (b), clauses (1) to (7); or

(3) establishes a right to assert an interest in the child in a termination of parental rights proceeding contrary to section 259.52, subdivision 6, unless the putative father is entitled to notice under sections 259.24 and 259.49, subdivision 1, paragraph (a) or (b), clauses (1) to (7).

Sec. 119. Minnesota Statutes 2018, section 260C.171, subdivision 3, is amended to read:

Subd. 3. Attorney access to records. An attorney representing a child, parent, or guardian ad litem in a proceeding under this chapter shall be given access to records, responsible social services agency files, and reports which form the basis of any recommendation made to the court. An attorney does not have access under this subdivision to the identity of a person who made a report under section 626.556 or chapter 260E. The court may issue protective orders to prohibit an attorney from sharing a specified record or portion of a record with a client other than a guardian ad litem.
Sec. 120. Minnesota Statutes 2018, section 260C.177, is amended to read:

260C.177 PARENTAL AND LAW ENFORCEMENT NOTIFICATION.

An emergency shelter and its agents, employees, and volunteers must comply with court orders, section 626.556, this chapter, chapter 260E, and all other applicable laws. In any event, unless other legal requirements require earlier or different notification or actions, an emergency shelter must attempt to notify a runaway's parent or legal guardian of the runaway's location and status within 72 hours. The notification must include a description of the runaway's physical and emotional condition and the circumstances surrounding the runaway's admission to the emergency shelter, unless there are compelling reasons not to provide the parent or legal guardian with this information. Compelling reasons may include circumstances in which the runaway is or has been exposed to domestic violence or a victim of abuse, neglect, or abandonment.

Sec. 121. Minnesota Statutes 2019 Supplement, section 260C.178, subdivision 1, is amended to read:

Subdivision 1. Hearing and release requirements. (a) If a child was taken into custody under section 260C.175, subdivision 1, clause (1) or (2), item (ii), the court shall hold a hearing within 72 hours of the time the child was taken into custody, excluding Saturdays, Sundays, and holidays, to determine whether the child should continue in custody.

(b) Unless there is reason to believe that the child would endanger self or others or not return for a court hearing, or that the child's health or welfare would be immediately endangered, the child shall be released to the custody of a parent, guardian, custodian, or other suitable person, subject to reasonable conditions of release including, but not limited to, a requirement that the child undergo a chemical use assessment as provided in section 260C.157, subdivision 1.

(c) If the court determines there is reason to believe that the child would endanger self or others or not return for a court hearing, or that the child's health or welfare would be immediately endangered if returned to the care of the parent or guardian who has custody and from whom the child was removed, the court shall order the child into foster care as defined in section 260C.007, subdivision 18, under the legal responsibility of the responsible social services agency or responsible probation or corrections agency for the purposes of protective care as that term is used in the juvenile court rules or into the home of a noncustodial parent and order the noncustodial parent to comply with any conditions the court determines to be appropriate to the safety and care of the child, including cooperating with paternity establishment proceedings in the case of a man who has not been adjudicated.

Article 6 Sec. 121.
the child's father. The court shall not give the responsible social services legal custody and
order a trial home visit at any time prior to adjudication and disposition under section
260C.201, subdivision 1, paragraph (a), clause (3), but may order the child returned to the
care of the parent or guardian who has custody and from whom the child was removed and
order the parent or guardian to comply with any conditions the court determines to be
appropriate to meet the safety, health, and welfare of the child.

(d) In determining whether the child's health or welfare would be immediately
endangered, the court shall consider whether the child would reside with a perpetrator of
domestic child abuse.

(e) The court, before determining whether a child should be placed in or continue in
foster care under the protective care of the responsible agency, shall also make a
determination, consistent with section 260.012 as to whether reasonable efforts were made
to prevent placement or whether reasonable efforts to prevent placement are not required.

In the case of an Indian child, the court shall determine whether active efforts, according
to section 260.762 and the Indian Child Welfare Act of 1978, United States Code, title 25,
section 1912(d), were made to prevent placement. The court shall enter a finding that the
responsible social services agency has made reasonable efforts to prevent placement when
the agency establishes either:

(1) that it has actually provided services or made efforts in an attempt to prevent the
child's removal but that such services or efforts have not proven sufficient to permit the
child to safely remain in the home; or

(2) that there are no services or other efforts that could be made at the time of the hearing
that could safely permit the child to remain home or to return home. When reasonable efforts
to prevent placement are required and there are services or other efforts that could be ordered
which would permit the child to safely return home, the court shall order the child returned
to the care of the parent or guardian and the services or efforts put in place to ensure the
child's safety. When the court makes a prima facie determination that one of the
circumstances under paragraph (g) exists, the court shall determine that reasonable efforts
to prevent placement and to return the child to the care of the parent or guardian are not
required.

If the court finds the social services agency's preventive or reunification efforts have
not been reasonable but further preventive or reunification efforts could not permit the child
to safely remain at home, the court may nevertheless authorize or continue the removal of
the child.
The court may not order or continue the foster care placement of the child unless the court makes explicit, individualized findings that continued custody of the child by the parent or guardian would be contrary to the welfare of the child and that placement is in the best interest of the child.

At the emergency removal hearing, or at any time during the course of the proceeding, and upon notice and request of the county attorney, the court shall determine whether a petition has been filed stating a prima facie case that:

1. the parent has subjected a child to egregious harm as defined in section 260C.007, subdivision 14;
2. the parental rights of the parent to another child have been involuntarily terminated;
3. the child is an abandoned infant under section 260C.301, subdivision 2, paragraph (a), clause (2);
4. the parents' custodial rights to another child have been involuntarily transferred to a relative under Minnesota Statutes 2010, section 260C.201, subdivision 11, paragraph (e), clause (1); section 260C.515, subdivision 4; or a similar law of another jurisdiction;
5. the parent has committed sexual abuse as defined in section 626.556, subdivision 2, against the child or another child of the parent;
6. the parent has committed an offense that requires registration as a predatory offender under section 243.166, subdivision 1b, paragraph (a) or (b); or
7. the provision of services or further services for the purpose of reunification is futile and therefore unreasonable.

When a petition to terminate parental rights is required under section 260C.301, subdivision 4, or 260C.503, subdivision 2, but the county attorney has determined not to proceed with a termination of parental rights petition, and has instead filed a petition to transfer permanent legal and physical custody to a relative under section 260C.507, the court shall schedule a permanency hearing within 30 days of the filing of the petition.

If the county attorney has filed a petition under section 260C.307, the court shall schedule a trial under section 260C.163 within 90 days of the filing of the petition except when the county attorney determines that the criminal case shall proceed to trial first under section 260C.503, subdivision 2, paragraph (c).

If the court determines the child should be ordered into foster care and the child's parent refuses to give information to the responsible social services agency regarding the
child's father or relatives of the child, the court may order the parent to disclose the names,
addresses, telephone numbers, and other identifying information to the responsible social
services agency for the purpose of complying with sections 260C.151, 260C.212, 260C.215,
and 260C.221.

(k) If a child ordered into foster care has siblings, whether full, half, or step, who are
also ordered into foster care, the court shall inquire of the responsible social services agency
of the efforts to place the children together as required by section 260C.212, subdivision 2,
paragraph (d), if placement together is in each child's best interests, unless a child is in
placement for treatment or a child is placed with a previously noncustodial parent who is
not a parent to all siblings. If the children are not placed together at the time of the hearing,
the court shall inquire at each subsequent hearing of the agency's reasonable efforts to place
the siblings together, as required under section 260.012. If any sibling is not placed with
another sibling or siblings, the agency must develop a plan to facilitate visitation or ongoing
contact among the siblings as required under section 260C.212, subdivision 1, unless it is
contrary to the safety or well-being of any of the siblings to do so.

(l) When the court has ordered the child into foster care or into the home of a noncustodial
parent, the court may order a chemical dependency evaluation, mental health evaluation,
medical examination, and parenting assessment for the parent as necessary to support the
development of a plan for reunification required under subdivision 7 and section 260C.212,
subdivision 1, or the child protective services plan under section 626.556, subdivision 10
260E.26, and Minnesota Rules, part 9560.0228.

Sec. 122. Minnesota Statutes 2019 Supplement, section 260C.201, subdivision 6, is
amended to read:

Subd. 6. Case plan. (a) For each disposition ordered where the child is placed away
from a parent or guardian, the court shall order the responsible social services agency to
prepare a written out-of-home placement plan according to the requirements of section
260C.212, subdivision 1. When a foster child is colocated with a parent in a licensed
residential family-based substance use disorder treatment program under section 260C.190,
the case plan must specify the recommendation for the colocation before the child is colocated
with the parent.

(b) In cases where the child is not placed out of the home or is ordered into the home of
a noncustodial parent, the responsible social services agency shall prepare a plan for delivery
of social services to the child and custodial parent under section 626.556, subdivision 10
260E.26, or any other case plan required to meet the needs of the child. The plan shall be
designed to safely maintain the child in the home or to reunite the child with the custodial parent.

(c) The court may approve the case plan as presented or modify it after hearing from the parties. Once the plan is approved, the court shall order all parties to comply with it. A copy of the approved case plan shall be attached to the court's order and incorporated into it by reference.

(d) A party has a right to request a court review of the reasonableness of the case plan upon a showing of a substantial change of circumstances.

Sec. 123. Minnesota Statutes 2018, section 260C.209, subdivision 2, is amended to read:

Subd. 2. General procedures. (a) When accessing information under subdivision 1, the agency shall require the individual being assessed to provide sufficient information to ensure an accurate assessment under this section, including:

(1) the individual's first, middle, and last name and all other names by which the individual has been known;

(2) home address, zip code, city, county, and state of residence for the past five years;

(3) sex;

(4) date of birth; and

(5) driver's license number or state identification number.

(b) When notified by the responsible social services agency that it is accessing information under subdivision 1, the Bureau of Criminal Apprehension, commissioners of health and human services, law enforcement, and county agencies must provide the responsible social services agency or county attorney with the following information on the individual being assessed: criminal history data, local law enforcement data about the household, reports about the maltreatment of adults substantiated under section 626.557, and reports of maltreatment of minors substantiated under section 626.556 chapter 260E.

Sec. 124. Minnesota Statutes 2018, section 260C.212, subdivision 12, is amended to read:

Subd. 12. Fair hearing review. Any person whose claim for foster care payment pursuant to the placement of a child resulting from a child protection assessment under section 626.556 chapter 260E is denied or not acted upon with reasonable promptness may appeal the decision under section 256.045, subdivision 3.
Sec. 125. Minnesota Statutes 2018, section 260C.221, is amended to read:

**260C.221 RELATIVE SEARCH.**

(a) The responsible social services agency shall exercise due diligence to identify and notify adult relatives prior to placement or within 30 days after the child's removal from the parent. The county agency shall consider placement with a relative under this section without delay and whenever the child must move from or be returned to foster care. The relative search required by this section shall be comprehensive in scope. After a finding that the agency has made reasonable efforts to conduct the relative search under this paragraph, the agency has the continuing responsibility to appropriately involve relatives, who have responded to the notice required under this paragraph, in planning for the child and to continue to consider relatives according to the requirements of section 260C.212, subdivision 2. At any time during the course of juvenile protection proceedings, the court may order the agency to reopen its search for relatives when it is in the child's best interest to do so.

(b) The relative search required by this section shall include both maternal and paternal adult relatives of the child; all adult grandparents; all legal parents, guardians, or custodians of the child's siblings; and any other adult relatives suggested by the child's parents, subject to the exceptions due to family violence in paragraph (c). The search shall also include getting information from the child in an age-appropriate manner about who the child considers to be family members and important friends with whom the child has resided or had significant contact. The relative search required under this section must fulfill the agency's duties under the Indian Child Welfare Act regarding active efforts to prevent the breakup of the Indian family under United States Code, title 25, section 1912(d), and to meet placement preferences under United States Code, title 25, section 1915. The relatives must be notified:

(1) of the need for a foster home for the child, the option to become a placement resource for the child, and the possibility of the need for a permanent placement for the child;

(2) of their responsibility to keep the responsible social services agency and the court informed of their current address in order to receive notice in the event that a permanent placement is sought for the child and to receive notice of the permanency progress review hearing under section 260C.204. A relative who fails to provide a current address to the responsible social services agency and the court forfeits the right to receive notice of the possibility of permanent placement and of the permanency progress review hearing under section 260C.204. A decision by a relative not to be identified as a potential permanent placement resource or participate in planning for the child at the beginning of the case shall
not affect whether the relative is considered for placement of the child with that relative later;

(3) that the relative may participate in the care and planning for the child, including that the opportunity for such participation may be lost by failing to respond to the notice sent under this subdivision. “Participate in the care and planning” includes, but is not limited to, participation in case planning for the parent and child, identifying the strengths and needs of the parent and child, supervising visits, providing respite and vacation visits for the child, providing transportation to appointments, suggesting other relatives who might be able to help support the case plan, and to the extent possible, helping to maintain the child's familiar and regular activities and contact with friends and relatives;

(4) of the family foster care licensing requirements, including how to complete an application and how to request a variance from licensing standards that do not present a safety or health risk to the child in the home under section 245A.04 and supports that are available for relatives and children who reside in a family foster home; and

(5) of the relatives' right to ask to be notified of any court proceedings regarding the child, to attend the hearings, and of a relative's right or opportunity to be heard by the court as required under section 260C.152, subdivision 5.

(c) A responsible social services agency may disclose private data, as defined in sections 13.02 and 626.556, chapter 260E, to relatives of the child for the purpose of locating and assessing a suitable placement and may use any reasonable means of identifying and locating relatives including the Internet or other electronic means of conducting a search. The agency shall disclose data that is necessary to facilitate possible placement with relatives to ensure that the relative is informed of the needs of the child so the relative can participate in planning for the child and be supportive of services to the child and family.

If the child's parent refuses to give the responsible social services agency information sufficient to identify the maternal and paternal relatives of the child, the agency shall ask the juvenile court to order the parent to provide the necessary information. If a parent makes an explicit request that a specific relative not be contacted or considered for placement due to safety reasons including past family or domestic violence, the agency shall bring the parent's request to the attention of the court to determine whether the parent's request is consistent with the best interests of the child and the agency shall not contact the specific relative when the juvenile court finds that contacting the specific relative would endanger the parent, guardian, child, sibling, or any family member.
(d) At a regularly scheduled hearing not later than three months after the child's placement in foster care and as required in section 260C.202, the agency shall report to the court:

1. its efforts to identify maternal and paternal relatives of the child and to engage the relatives in providing support for the child and family, and document that the relatives have been provided the notice required under paragraph (a); and
2. its decision regarding placing the child with a relative as required under section 260C.212, subdivision 2, and to ask relatives to visit or maintain contact with the child in order to support family connections for the child, when placement with a relative is not possible or appropriate.

(e) Notwithstanding chapter 13, the agency shall disclose data about particular relatives identified, searched for, and contacted for the purposes of the court's review of the agency's due diligence.

(f) When the court is satisfied that the agency has exercised due diligence to identify relatives and provide the notice required in paragraph (a), the court may find that reasonable efforts have been made to conduct a relative search to identify and provide notice to adult relatives as required under section 260.012, paragraph (e), clause (3). If the court is not satisfied that the agency has exercised due diligence to identify relatives and provide the notice required in paragraph (a), the court may order the agency to continue its search and notice efforts and to report back to the court.

(g) When the placing agency determines that permanent placement proceedings are necessary because there is a likelihood that the child will not return to a parent's care, the agency must send the notice provided in paragraph (h), may ask the court to modify the duty of the agency to send the notice required in paragraph (h), or may ask the court to completely relieve the agency of the requirements of paragraph (h). The relative notification requirements of paragraph (h) do not apply when the child is placed with an appropriate relative or a foster home that has committed to adopting the child or taking permanent legal and physical custody of the child and the agency approves of that foster home for permanent placement of the child. The actions ordered by the court under this section must be consistent with the best interests, safety, permanency, and welfare of the child.

(h) Unless required under the Indian Child Welfare Act or relieved of this duty by the court under paragraph (f), when the agency determines that it is necessary to prepare for permanent placement determination proceedings, or in anticipation of filing a termination of parental rights petition, the agency shall send notice to the relatives, any adult with whom the child is currently residing, any adult with whom the child has resided for one year or
longer in the past, and any adults who have maintained a relationship or exercised visitation
with the child as identified in the agency case plan. The notice must state that a permanent
home is sought for the child and that the individuals receiving the notice may indicate to
the agency their interest in providing a permanent home. The notice must state that within
30 days of receipt of the notice an individual receiving the notice must indicate to the agency
the individual's interest in providing a permanent home for the child or that the individual
may lose the opportunity to be considered for a permanent placement.

Sec. 126. Minnesota Statutes 2018, section 260C.503, subdivision 2, is amended to read:

Subd. 2. Termination of parental rights. (a) The responsible social services agency
must ask the county attorney to immediately file a termination of parental rights petition
when:

(1) the child has been subjected to egregious harm as defined in section 260C.007,
subdivision 14;

(2) the child is determined to be the sibling of a child who was subjected to egregious
harm;

(3) the child is an abandoned infant as defined in section 260C.301, subdivision 2,
paragraph (a), clause (2);

(4) the child's parent has lost parental rights to another child through an order involuntarily
terminating the parent's rights;

(5) the parent has committed sexual abuse as defined in section 626.556, subdivision 2
260E.03, against the child or another child of the parent;

(6) the parent has committed an offense that requires registration as a predatory offender
under section 243.166, subdivision 1b, paragraph (a) or (b); or

(7) another child of the parent is the subject of an order involuntarily transferring
permanent legal and physical custody of the child to a relative under this chapter or a similar
law of another jurisdiction;

The county attorney shall file a termination of parental rights petition unless the conditions
of paragraph (d) are met.

(b) When the termination of parental rights petition is filed under this subdivision, the
responsible social services agency shall identify, recruit, and approve an adoptive family
for the child. If a termination of parental rights petition has been filed by another party, the
responsible social services agency shall be joined as a party to the petition.
If criminal charges have been filed against a parent arising out of the conduct alleged to constitute egregious harm, the county attorney shall determine which matter should proceed to trial first, consistent with the best interests of the child and subject to the defendant's right to a speedy trial.

(d) The requirement of paragraph (a) does not apply if the responsible social services agency and the county attorney determine and file with the court:

(1) a petition for transfer of permanent legal and physical custody to a relative under sections 260C.505 and 260C.515, subdivision 3, including a determination that adoption is not in the child's best interests and that transfer of permanent legal and physical custody is in the child's best interests; or

(2) a petition under section 260C.141 alleging the child, and where appropriate, the child's siblings, to be in need of protection or services accompanied by a case plan prepared by the responsible social services agency documenting a compelling reason why filing a termination of parental rights petition would not be in the best interests of the child.

Sec. 127. Minnesota Statutes 2018, section 260D.01, is amended to read:

260D.01 CHILD IN VOLUNTARY FOSTER CARE FOR TREATMENT.

(a) Sections 260D.01 to 260D.10, may be cited as the "child in voluntary foster care for treatment" provisions of the Juvenile Court Act.

(b) The juvenile court has original and exclusive jurisdiction over a child in voluntary foster care for treatment upon the filing of a report or petition required under this chapter. All obligations of the agency to a child and family in foster care contained in chapter 260C not inconsistent with this chapter are also obligations of the agency with regard to a child in foster care for treatment under this chapter.

(c) This chapter shall be construed consistently with the mission of the children's mental health service system as set out in section 245.487, subdivision 3, and the duties of an agency under sections 256B.092 and 260C.157 and Minnesota Rules, parts 9525.0004 to 9525.0016, to meet the needs of a child with a developmental disability or related condition. This chapter:

(1) establishes voluntary foster care through a voluntary foster care agreement as the means for an agency and a parent to provide needed treatment when the child must be in foster care to receive necessary treatment for an emotional disturbance or developmental disability or related condition;
(2) establishes court review requirements for a child in voluntary foster care for treatment
due to emotional disturbance or developmental disability or a related condition;
(3) establishes the ongoing responsibility of the parent as legal custodian to visit the
child, to plan together with the agency for the child's treatment needs, to be available and
accessible to the agency to make treatment decisions, and to obtain necessary medical,
dental, and other care for the child; and
(4) applies to voluntary foster care when the child's parent and the agency agree that the
child's treatment needs require foster care either:
   (i) due to a level of care determination by the agency’s screening team informed by the
diagnostic and functional assessment under section 245.4885; or
   (ii) due to a determination regarding the level of services needed by the responsible
social services' screening team under section 256B.092, and Minnesota Rules, parts
9525.0004 to 9525.0016.
(d) This chapter does not apply when there is a current determination under section
626.556 chapter 260E that the child requires child protective services or when the child is
in foster care for any reason other than treatment for the child's emotional disturbance or
developmental disability or related condition. When there is a determination under section
626.556 chapter 260E that the child requires child protective services based on an assessment
that there are safety and risk issues for the child that have not been mitigated through the
parent’s engagement in services or otherwise, or when the child is in foster care for any
reason other than the child's emotional disturbance or developmental disability or related
condition, the provisions of chapter 260C apply.
(e) The paramount consideration in all proceedings concerning a child in voluntary foster
care for treatment is the safety, health, and the best interests of the child. The purpose of
this chapter is:
   (1) to ensure a child with a disability is provided the services necessary to treat or
ameliorate the symptoms of the child's disability;
   (2) to preserve and strengthen the child's family ties whenever possible and in the child's
best interests, approving the child's placement away from the child's parents only when the
child's need for care or treatment requires it and the child cannot be maintained in the home
of the parent; and
   (3) to ensure the child's parent retains legal custody of the child and associated
decision-making authority unless the child's parent willfully fails or is unable to make
decisions that meet the child's safety, health, and best interests. The court may not find that the parent willfully fails or is unable to make decisions that meet the child's needs solely because the parent disagrees with the agency's choice of foster care facility, unless the agency files a petition under chapter 260C, and establishes by clear and convincing evidence that the child is in need of protection or services.

(f) The legal parent-child relationship shall be supported under this chapter by maintaining the parent's legal authority and responsibility for ongoing planning for the child and by the agency's assisting the parent, where necessary, to exercise the parent's ongoing right and obligation to visit or to have reasonable contact with the child. Ongoing planning means:

(1) actively participating in the planning and provision of educational services, medical, and dental care for the child;

(2) actively planning and participating with the agency and the foster care facility for the child's treatment needs; and

(3) planning to meet the child's need for safety, stability, and permanency, and the child's need to stay connected to the child's family and community.

(g) The provisions of section 260.012 to ensure placement prevention, family reunification, and all active and reasonable effort requirements of that section apply. This chapter shall be construed consistently with the requirements of the Indian Child Welfare Act of 1978, United States Code, title 25, section 1901, et al., and the provisions of the Minnesota Indian Family Preservation Act, sections 260.751 to 260.835.

Sec. 128. Minnesota Statutes 2018, section 260D.02, subdivision 3, is amended to read:

Subd. 3. Case plan. "Case plan" means any plan for the delivery of services to a child and parent, or when reunification is not required, the child alone, that is developed according to the requirements of sections 245.4871, subdivision 19 or 21; 245.492, subdivision 16; 256B.092; and 260C.212, subdivision 1; 626.556, subdivision 10; and Minnesota Rules, parts 9525.0004 to 9525.0016.

Sec. 129. Minnesota Statutes 2018, section 260D.02, subdivision 5, is amended to read:

Subd. 5. Child in voluntary foster care for treatment. "Child in voluntary foster care for treatment" means a child who is emotionally disturbed or developmentally disabled or has a related condition and is in foster care under a voluntary foster care agreement between the child's parent and the agency due to concurrence between the agency and the parent when it is determined that foster care is medically necessary:
(1) due to a determination by the agency's screening team based on its review of the
diagnostic and functional assessment under section 245.4885; or

(2) due to a determination by the agency's screening team under section 256B.092 and
Minnesota Rules, parts 9525.0004 to 9525.0016.

A child is not in voluntary foster care for treatment under this chapter when there is a
current determination under section 626.556 chapter 260E that the child requires child
protective services or when the child is in foster care for any reason other than the child's
emotional or developmental disability or related condition.

Sec. 130. Minnesota Statutes 2019 Supplement, section 299C.093, is amended to read:

299C.093 DATABASE OF REGISTERED PREDATORY OFFENDERS.

The superintendent of the Bureau of Criminal Apprehension shall maintain a
computerized data system relating to individuals required to register as predatory offenders
under section 243.166. To the degree feasible, the system must include the data required to
be provided under section 243.166, subdivisions 4, 4a, and 4b, and indicate the time period
that the person is required to register. The superintendent shall maintain this data in a manner
that ensures that it is readily available to law enforcement agencies. This data is private data
on individuals under section 13.02, subdivision 12, but may be used for law enforcement
and corrections purposes. Law enforcement or a corrections agent may disclose the status
of an individual as a predatory offender to a child protection worker with a local welfare
agency for purposes of doing a family assessment under section 626.556 chapter 260E. A
corrections agent may also disclose the status of an individual as a predatory offender to
comply with section 244.057. The commissioner of human services has access to the data
for state-operated services, as defined in section 246.014, for the purposes described in
section 246.13, subdivision 2, paragraph (b), and for purposes of conducting background
studies under chapter 245C.

Sec. 131. Minnesota Statutes 2018, section 388.051, subdivision 2, is amended to read:

Subd. 2. Special provisions. (a) In Anoka, Carver, Dakota, Hennepin, Scott, and
Washington Counties, only the county attorney shall prosecute gross misdemeanor violations
of sections 289A.63, subdivisions 1, 2, 4, and 6; 297B.10; 609.255, subdivision 3; 609.377;
609.378; 609.41; and 617.247.

(b) In Ramsey County, only the county attorney shall prosecute gross misdemeanor
violations of sections 609.255, subdivision 3; 609.377; and 609.378.
(c) The county attorney shall prosecute failure to report physical or sexual child abuse or neglect as provided under section 626.556, subdivision 6, 260E.08, paragraphs (a), (b), and (c), violations of fifth-degree criminal sexual conduct under section 609.3451, and environmental law violations under sections 115.071, 299F.098, and 609.671.

(d) Except in Hennepin and Ramsey Counties, only the county attorney shall prosecute gross misdemeanor violations of section 152.025.

Sec. 132. Minnesota Statutes 2018, section 518.165, subdivision 2, is amended to read:

Subd. 2. Required appointment of guardian ad litem. In all proceedings for child custody or for marriage dissolution or legal separation in which custody or parenting time with a minor child is an issue, if the court has reason to believe that the minor child is a victim of domestic child abuse or neglect, as those terms are defined in sections 260C.007 and 626.556, respectively, the court shall appoint a guardian ad litem. The guardian ad litem shall represent the interests of the child and advise the court with respect to custody and parenting time. If the child is represented by a guardian ad litem in any other pending proceeding, the court may appoint that guardian to represent the child in the custody or parenting time proceeding. No guardian ad litem need be appointed if the alleged domestic child abuse or neglect is before the court on a juvenile dependency and neglect petition. Nothing in this subdivision requires the court to appoint a guardian ad litem in any proceeding for child custody, marriage dissolution, or legal separation in which an allegation of domestic child abuse or neglect has not been made.

Sec. 133. Minnesota Statutes 2018, section 518.165, subdivision 5, is amended to read:

Subd. 5. Procedure, criminal history, and maltreatment records background study. (a) When the court requests a background study under subdivision 4, paragraph (a), the request shall be submitted to the Department of Human Services through the department's electronic online background study system.

(b) When the court requests a search of the National Criminal Records Repository, the court must provide a set of classifiable fingerprints of the subject of the study on a fingerprint card provided by the commissioner of human services.

(c) The commissioner of human services shall provide the court with criminal history data as defined in section 13.87 from the Bureau of Criminal Apprehension in the Department of Public Safety, other criminal history data held by the commissioner of human services, and data regarding substantiated maltreatment of a minor under section 626.556, chapter 260E, and substantiated maltreatment of a vulnerable adult under section 626.557, within Article 6 Sec. 133.
15 working days of receipt of a request. If the subject of the study has been determined by
the Department of Human Services or the Department of Health to be the perpetrator of
substantiated maltreatment of a minor or vulnerable adult in a licensed facility, the response
must include a copy of the public portion of the investigation memorandum under section
626.556, subdivision 10f, or the public portion of the investigation memorandum
under section 626.557, subdivision 12b. When the background study shows that the subject
has been determined by a county adult protection or child protection agency to have been
responsible for maltreatment, the court shall be informed of the county, the date of the
finding, and the nature of the maltreatment that was substantiated. The commissioner shall
provide the court with information from the National Criminal Records Repository within
three working days of the commissioner's receipt of the data. When the commissioner finds
no criminal history or substantiated maltreatment on a background study subject, the
commissioner shall make these results available to the court electronically through the
secure online background study system.

(d) Notwithstanding section 626.556, subdivision 10f, 260E.30, or 626.557, subdivision
12b, if the commissioner or county lead agency or lead investigative agency has information
that a person on whom a background study was previously done under this section has been
determined to be a perpetrator of maltreatment of a minor or vulnerable adult, the
commissioner or the county may provide this information to the court that requested the
background study.

Sec. 134. Minnesota Statutes 2018, section 524.5-118, subdivision 2, is amended to read:
Subd. 2. Procedure; criminal history and maltreatment records background
check. (a) The court shall request the commissioner of human services to complete a
background study under section 245C.32. The request must be accompanied by the applicable
fee and the signed consent of the subject of the study authorizing the release of the data
obtained to the court. If the court is requesting a search of the National Criminal Records
Repository, the request must be accompanied by a set of classifiable fingerprints of the
subject of the study. The fingerprints must be recorded on a fingerprint card provided by
the commissioner of human services.

(b) The commissioner of human services shall provide the court with criminal history
data as defined in section 13.87 from the Bureau of Criminal Apprehension in the Department
of Public Safety, other criminal history data held by the commissioner of human services,
and data regarding substantiated maltreatment of vulnerable adults under section 626.557
and substantiated maltreatment of minors under section 626.556, chapter 260E within 15
working days of receipt of a request. If the subject of the study has been the perpetrator of
substantiated maltreatment of a vulnerable adult or minor, the response must include a copy
of the public portion of the investigation memorandum under section 626.557, subdivision
12b, or the public portion of the investigation memorandum under section 626.556,
subdivision 10f 260E.30. If the court did not request a search of the National Criminal
Records Repository and information from the Bureau of Criminal Apprehension indicates
that the subject is a multistate offender or that multistate offender status is undetermined,
the response must include this information. The commissioner shall provide the court with
information from the National Criminal Records Repository within three working days of
the commissioner's receipt of the data.

(c) Notwithstanding section 260E.30 or 626.557, subdivision 12b, or 626.556, subdivision
10f, if the commissioner of human services or a county lead agency or lead investigative
agency has information that a person on whom a background study was previously done
under this section has been determined to be a perpetrator of maltreatment of a vulnerable
adult or minor, the commissioner or the county may provide this information to the court
that requested the background study. The commissioner may also provide the court with
additional criminal history or substantiated maltreatment information that becomes available
after the background study is done.

Sec. 135. Minnesota Statutes 2018, section 595.02, subdivision 1, is amended to read:

Subdivision 1. Competency of witnesses. Every person of sufficient understanding,
including a party, may testify in any action or proceeding, civil or criminal, in court or
before any person who has authority to receive evidence, except as provided in this
subdivision:

(a) A husband cannot be examined for or against his wife without her consent, nor a
wife for or against her husband without his consent, nor can either, during the marriage or
afterwards, without the consent of the other, be examined as to any communication made
by one to the other during the marriage. This exception does not apply to a civil action or
proceeding by one against the other, nor to a criminal action or proceeding for a crime
committed by one against the other or against a child of either or against a child under the
care of either spouse, nor to a criminal action or proceeding in which one is charged with
homicide or an attempt to commit homicide and the date of the marriage of the defendant
is subsequent to the date of the offense, nor to an action or proceeding for nonsupport,
neglect, dependency, or termination of parental rights.
(b) An attorney cannot, without the consent of the attorney's client, be examined as to any communication made by the client to the attorney or the attorney's advice given thereon in the course of professional duty; nor can any employee of the attorney be examined as to the communication or advice, without the client's consent.

(c) A member of the clergy or other minister of any religion shall not, without the consent of the party making the confession, be allowed to disclose a confession made to the member of the clergy or other minister in a professional character, in the course of discipline enjoined by the rules or practice of the religious body to which the member of the clergy or other minister belongs; nor shall a member of the clergy or other minister of any religion be examined as to any communication made to the member of the clergy or other minister by any person seeking religious or spiritual advice, aid, or comfort or advice given thereon in the course of the member of the clergy's or other minister's professional character, without the consent of the person.

(d) A licensed physician or surgeon, dentist, or chiropractor shall not, without the consent of the patient, be allowed to disclose any information or any opinion based thereon which the professional acquired in attending the patient in a professional capacity, and which was necessary to enable the professional to act in that capacity; after the decease of the patient, in an action to recover insurance benefits, where the insurance has been in existence two years or more, the beneficiaries shall be deemed to be the personal representatives of the deceased person for the purpose of waiving this privilege, and no oral or written waiver of the privilege shall have any binding force or effect except when made upon the trial or examination where the evidence is offered or received.

(e) A public officer shall not be allowed to disclose communications made to the officer in official confidence when the public interest would suffer by the disclosure.

(f) Persons of unsound mind and persons intoxicated at the time of their production for examination are not competent witnesses if they lack capacity to remember or to relate truthfully facts respecting which they are examined.

(g) A registered nurse, psychologist, consulting psychologist, or licensed social worker engaged in a psychological or social assessment or treatment of an individual at the individual's request shall not, without the consent of the professional's client, be allowed to disclose any information or opinion based thereon which the professional has acquired in attending the client in a professional capacity, and which was necessary to enable the professional to act in that capacity. Nothing in this clause exempts licensed social workers
from compliance with the provisions of sections 626.556 and section 626.557 and chapter 260E.

(h) An interpreter for a person disabled in communication shall not, without the consent of the person, be allowed to disclose any communication if the communication would, if the interpreter were not present, be privileged. For purposes of this section, a "person disabled in communication" means a person who, because of a hearing, speech or other communication disorder, or because of the inability to speak or comprehend the English language, is unable to understand the proceedings in which the person is required to participate. The presence of an interpreter as an aid to communication does not destroy an otherwise existing privilege.

(i) Licensed chemical dependency counselors shall not disclose information or an opinion based on the information which they acquire from persons consulting them in their professional capacities, and which was necessary to enable them to act in that capacity, except that they may do so:

(1) when informed consent has been obtained in writing, except in those circumstances in which not to do so would violate the law or would result in clear and imminent danger to the client or others;

(2) when the communications reveal the contemplation or ongoing commission of a crime; or

(3) when the consulting person waives the privilege by bringing suit or filing charges against the licensed professional whom that person consulted.

(j) A parent or the parent's minor child may not be examined as to any communication made in confidence by the minor to the minor's parent. A communication is confidential if made out of the presence of persons not members of the child's immediate family living in the same household. This exception may be waived by express consent to disclosure by a parent entitled to claim the privilege or by the child who made the communication or by failure of the child or parent to object when the contents of a communication are demanded. This exception does not apply to a civil action or proceeding by one spouse against the other or by a parent or child against the other, nor to a proceeding to commit either the child or parent to whom the communication was made or to place the person or property or either under the control of another because of an alleged mental or physical condition, nor to a criminal action or proceeding in which the parent is charged with a crime committed against the person or property of the communicating child, the parent's spouse, or a child of either the parent or the parent's spouse, or in which a child is charged with a crime or act of delinquency committed against the person or property of a parent or a child of a parent, nor
to an action or proceeding for termination of parental rights, nor any other action or
proceeding on a petition alleging child abuse, child neglect, abandonment or nonsupport
by a parent.

(k) Sexual assault counselors may not be allowed to disclose any opinion or information
received from or about the victim without the consent of the victim. However, a counselor
may be compelled to identify or disclose information in investigations or proceedings related
to neglect or termination of parental rights if the court determines good cause exists. In
determining whether to compel disclosure, the court shall weigh the public interest and need
for disclosure against the effect on the victim, the treatment relationship, and the treatment
services if disclosure occurs. Nothing in this clause exempts sexual assault counselors from
compliance with the provisions of sections 626.556 and section 626.557 and chapter 260E.

"Sexual assault counselor" for the purpose of this section means a person who has
undergone at least 40 hours of crisis counseling training and works under the direction of
a supervisor in a crisis center, whose primary purpose is to render advice, counseling, or
assistance to victims of sexual assault.

(l) A domestic abuse advocate may not be compelled to disclose any opinion or
information received from or about the victim without the consent of the victim unless
ordered by the court. In determining whether to compel disclosure, the court shall weigh
the public interest and need for disclosure against the effect on the victim, the relationship
between the victim and domestic abuse advocate, and the services if disclosure occurs.
Nothing in this paragraph exempts domestic abuse advocates from compliance with the
provisions of sections 626.556 and section 626.557 and chapter 260E.

For the purposes of this section, "domestic abuse advocate" means an employee or
supervised volunteer from a community-based battered women's shelter and domestic abuse
program eligible to receive grants under section 611A.32; that provides information,
advocacy, crisis intervention, emergency shelter, or support to victims of domestic abuse
and who is not employed by or under the direct supervision of a law enforcement agency,
a prosecutor's office, or by a city, county, or state agency.

(m) A person cannot be examined as to any communication or document, including
work notes, made or used in the course of or because of mediation pursuant to an agreement
to mediate or a collaborative law process pursuant to an agreement to participate in
collaborative law. This does not apply to the parties in the dispute in an application to a
court by a party to have a mediated settlement agreement or a stipulated agreement resulting
from the collaborative law process set aside or reformed. A communication or document
otherwise not privileged does not become privileged because of this paragraph. This paragraph is not intended to limit the privilege accorded to communication during mediation or collaborative law by the common law.

(n) A child under ten years of age is a competent witness unless the court finds that the child lacks the capacity to remember or to relate truthfully facts respecting which the child is examined. A child describing any act or event may use language appropriate for a child of that age.

(o) A communication assistant for a telecommunications relay system for persons who have communication disabilities shall not, without the consent of the person making the communication, be allowed to disclose communications made to the communication assistant for the purpose of relaying.

Sec. 136. Minnesota Statutes 2018, section 595.02, subdivision 2, is amended to read:

Subd. 2. Exceptions. (a) The exception provided by paragraphs (d) and (g) of subdivision 1 shall not apply to any testimony, records, or other evidence relating to the abuse or neglect of a minor in any proceeding under chapter 260 or any proceeding under section 245A.08, to revoke a day care or foster care license, arising out of the neglect or physical or sexual abuse of a minor, as defined in section 626.556, subdivision 2.

(b) The exception provided by paragraphs (d) and (g) of subdivision 1 shall not apply to criminal proceedings arising out of the neglect or physical or sexual abuse of a minor, as defined in section 626.556, subdivision 2, if the court finds that:

(1) there is a reasonable likelihood that the records in question will disclose material information or evidence of substantial value in connection with the investigation or prosecution; and

(2) there is no other practicable way of obtaining the information or evidence. This clause shall not be construed to prohibit disclosure of the patient record when it supports the otherwise uncorroborated statements of any material fact by a minor alleged to have been abused or neglected by the patient; and

(3) the actual or potential injury to the patient-health professional relationship in the treatment program affected, and the actual or potential harm to the ability of the program to attract and retain patients, is outweighed by the public interest in authorizing the disclosure sought.

No records may be disclosed under this paragraph other than the records of the specific patient suspected of the neglect or abuse of a minor. Disclosure and dissemination of any
information from a patient record shall be limited under the terms of the order to assure that
no information will be disclosed unnecessarily and that dissemination will be no wider than
necessary for purposes of the investigation or prosecution.

Sec. 137. Minnesota Statutes 2018, section 609.26, subdivision 7, is amended to read:

Data disclosed under this section may be used only for purposes of the assessment and
may not be further disclosed to any other person, except as authorized by law.

Sec. 139. Minnesota Statutes 2018, section 609.379, subdivision 2, is amended to read:

Subd. 2. Applicability. This section applies to sections 260B.425, 260C.425, 609.255,

for reconsideration must be submitted in writing to the lead investigative agency within 15
calendar days after receipt of notice of final disposition or, if the request is made by an

or health care agent appointed under chapter 145B or 145C, or an individual who is related
to the vulnerable adult, as defined in section 245A.02, subdivision 13.

(e) If an individual was disqualified under sections 245C.14 and 245C.15, on the basis
of a determination of maltreatment, which was serious or recurring, and the individual has
requested reconsideration of the maltreatment determination under paragraph (a) and
reconsideration of the disqualification under sections 245C.21 to 245C.27, reconsideration
of the maltreatment determination and requested reconsideration of the disqualification shall be consolidated into a single reconsideration. If reconsideration of the maltreatment determination is denied and the individual remains disqualified following a reconsideration decision, the individual may request a fair hearing under section 256.045. If an individual requests a fair hearing on the maltreatment determination and the disqualification, the scope of the fair hearing shall include both the maltreatment determination and the disqualification.

(f) If a maltreatment determination or a disqualification based on serious or recurring maltreatment is the basis for a denial of a license under section 245A.05 or a licensing sanction under section 245A.07, the license holder has the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. As provided for under section 245A.08, the scope of the contested case hearing must include the maltreatment determination, disqualification, and licensing sanction or denial of a license. In such cases, a fair hearing must not be conducted under section 256.045. Except for family child care and child foster care, reconsideration of a maltreatment determination under this subdivision, and reconsideration of a disqualification under section 245C.22, must not be conducted when:

(1) a denial of a license under section 245A.05, or a licensing sanction under section 245A.07, is based on a determination that the license holder is responsible for maltreatment or the disqualification of a license holder based on serious or recurring maltreatment;

(2) the denial of a license or licensing sanction is issued at the same time as the maltreatment determination or disqualification; and

(3) the license holder appeals the maltreatment determination or disqualification, and denial of a license or licensing sanction.

Notwithstanding clauses (1) to (3), if the license holder appeals the maltreatment determination or disqualification, but does not appeal the denial of a license or a licensing sanction, reconsideration of the maltreatment determination shall be conducted under sections 626.556, subdivision 10i, 260E.33 and 626.557, subdivision 9d, and reconsideration of the disqualification shall be conducted under section 245C.22. In such cases, a fair hearing shall also be conducted as provided under sections 245C.27, 626.556, subdivision 10i 260E.33, and 626.557, subdivision 9d.

If the disqualified subject is an individual other than the license holder and upon whom a background study must be conducted under chapter 245C, the hearings of all parties may be consolidated into a single contested case hearing upon consent of all parties and the administrative law judge.
(g) Until August 1, 2002, an individual or facility that was determined by the
commissioner of human services or the commissioner of health to be responsible for neglect
under section 626.5572, subdivision 17, after October 1, 1995, and before August 1, 2001,
that believes that the finding of neglect does not meet an amended definition of neglect may
request a reconsideration of the determination of neglect. The commissioner of human
services or the commissioner of health shall mail a notice to the last known address of
individuals who are eligible to seek this reconsideration. The request for reconsideration
must state how the established findings no longer meet the elements of the definition of
neglect. The commissioner shall review the request for reconsideration and make a
determination within 15 calendar days. The commissioner's decision on this reconsideration
is the final agency action.

(1) For purposes of compliance with the data destruction schedule under subdivision
12b, paragraph (d), when a finding of substantiated maltreatment has been changed as a
result of a reconsideration under this paragraph, the date of the original finding of a
substantiated maltreatment must be used to calculate the destruction date.

(2) For purposes of any background studies under chapter 245C, when a determination
of substantiated maltreatment has been changed as a result of a reconsideration under this
paragraph, any prior disqualification of the individual under chapter 245C that was based
on this determination of maltreatment shall be rescinded, and for future background studies
under chapter 245C the commissioner must not use the previous determination of
substantiated maltreatment as a basis for disqualification or as a basis for referring the
individual's maltreatment history to a health-related licensing board under section 245C.31."
