Subd. 3. Council recommendations. (a) The council shall make recommendations to the legislature on appropriations of money from the outdoor heritage fund that are consistent with the Constitution and state law and that will achieve the outcomes of existing natural resource plans, including, but not limited to, the Minnesota Statewide Conservation and Preservation Plan, that directly relate to the restoration, protection, and enhancement of wetlands, prairies, forests, and habitat for fish, game, and wildlife, and that prevent forest fragmentation, encourage forest consolidation, and expand restored native prairie. In making recommendations, the council shall consider a range of options that would best restore, protect, and enhance wetlands, prairies, forests, and habitat for fish, game, and wildlife. The council recommendations each year on appropriation of money from the outdoor heritage fund must include amounts adequate to make the required transfers to the outdoor heritage trust fund payment account according to section 97A.056, subdivision 1b. The council's recommendations shall be submitted no later than January 15 each year. The council shall present its recommendations to the senate and house of representatives committees with jurisdiction over the environment and natural resources budget by February 15 in odd-numbered years, and within the first four weeks of the legislative session in even-numbered years. forests, and habitat for fish, game, and wildlife, prevention of forest fragmentation,
encouragement of forest consolidation, and expansion of restored native prairie.

(c) The council may work with the Clean Water Council to identify projects that are
consistent with both the purpose of the outdoor heritage fund and the purpose of the clean
water fund.

Minnesota Resources on scientific research that will assist in restoring, protecting, and
enhancing wetlands, prairies, forests, and habitat for fish, game, and wildlife, preventing
forest fragmentation, encouraging forest consolidation, and expanding restored native prairie.

(e) Recommendations of the council, including approval of recommendations for the
outdoor heritage fund, require an affirmative vote of at least nine members of the council.

(f) The council may work with the Clean Water Council, the Legislative-Citizen
Commission on Minnesota Resources, the Board of Water and Soil Resources, soil and
water conservation districts, and experts from Minnesota State Colleges and Universities
and the University of Minnesota in developing the council's recommendations.

(g) The council shall develop and implement a process that ensures that citizens and
potential recipients of funds are included throughout the process, including the development
and finalization of the council's recommendations. The process must include a fair, equitable,
and thorough process for reviewing requests for funding and a clear and easily understood
process for ranking projects.

(h) The council shall use the regions of the state based upon the ecological sections and
subsections developed by the Department of Natural Resources and establish objectives for
each region and subregion to achieve the purposes of the fund outlined in the state
constitution.

(i) The council shall develop and submit to the Legislative Coordinating Commission
plans for the first ten years of funding, and a framework for 25 years of funding, consistent
with statutory and constitutional requirements. The council may use existing plans from
other legislative, state, and federal sources, as applicable.
