Lowest out-of-pocket costs: in-network providers

Higher out-of-pocket costs: out-of-network participating providers

Highest out-of-pocket costs: out-of-network nonparticipating providers

You are responsible for the difference between Blue Plus' allowed amount and the amount billed by nonparticipating providers. This is in addition to any applicable deductible, copay or coinsurance. Benefit payments are calculated on Blue Plus' allowed amount, which is typically lower than the amount billed by the provider.

This is only a summary. The contract and benefit booklet include complete details of what is and isn't covered. Services not covered include routine adult eye exams and eyewear, custodial care, bariatric surgery, infertility treatment, hearing aids for adults, items primarily used for a nonmedical purpose, over-the-counter drugs (except as specified in the benefit booklet), nutritional supplements, services that are cosmetic, experimental, not medically necessary, or covered by workers' compensation or no-fault auto insurance. Each health care provider is an independent contractor and not our agent. Nonparticipating providers do not have contracts with Blue Cross and Blue Shield of Minnesota. Benefits are effective January 1, 2017.

Blue Plus may change premium rates: on an annual renewal date, when you add or delete a dependent, or if you move to a different Blue Plus plan. Factors that may affect changes in premium rates include the age of covered members, where you reside and whether a member uses tobacco.

Consumer Price Index Annual Adjustment: The deductible, copay and out-of-pocket maximum amounts are subject to annual adjustments.

These adjustments are based on the medical care component of the Consumer Price Index (CPI) published by the U.S. Department of Labor. These annual adjustments are effective on the annual renewal date.
