............... moves to amend H.F. No. 3692 as follows:

Delete everything after the enacting clause and insert:

"ARTICLE 1

APPROPRIATIONS

Section 1. CAPITAL IMPROVEMENT APPROPRIATIONS.

The sums shown in the column under "Appropriations" are appropriated from the
bond proceeds fund, or another named fund, to the state agencies or officials indicated,
to be spent for public purposes. Appropriations of bond proceeds must be spent as
authorized by the Minnesota Constitution, article XI, section 5, paragraph (a), to acquire
and better public land and buildings and other public improvements of a capital nature, or
as authorized by the Minnesota Constitution, article XI, section 5, paragraphs (b) to (j),
or article XIV. Unless otherwise specified, money appropriated in this act for a capital
program or project may be used to pay state agency staff costs that are attributed directly
to the capital program or project in accordance with accounting policies adopted by the
commissioner of management and budget. Unless otherwise specified, the appropriations
in this act are available until the project is completed or abandoned subject to Minnesota
Statutes, section 16A.642. Unless otherwise specified in this act, money appropriated in
this act for activities under Minnesota Statutes, sections 16B.307, 84.946, and 135A.046,
should not be used for projects that can be financed within a reasonable time frame under
Minnesota Statutes, section 16B.322 or 16C.144.

APPROPRIATIONS

Sec. 2. UNIVERSITY OF MINNESOTA

Subdivision 1. Total Appropriation

$ 65,167,000
To the Board of Regents of the University

of Minnesota for the purposes specified in

this section.

Subd. 2. **Higher Education Asset Preservation and Replacement (HEAPR)**

38,000,000

To be spent in accordance with Minnesota

Statutes, section 135A.046.

Subd. 3. **Chemical Sciences and Advanced Materials Science Building**

27,167,000

To design, construct, furnish, and equip a new laboratory building on the Duluth campus, including classrooms and research and undergraduate instructional laboratories.

Subd. 4. **University Share**

Except for the appropriation for HEAPR, the appropriations in this section are intended to cover approximately two-thirds of the cost of each project. The remaining costs must be paid from university sources.

Subd. 5. **Unspent Appropriations**

Upon substantial completion of a project authorized in this section and after written notice to the commissioner of management and budget, the Board of Regents must use any money remaining in the appropriation for that project for HEAPR under Minnesota Statutes, section 135A.046. The Board of Regents must report by February 1 of each even-numbered year to the chairs of the house of representatives and senate committees with jurisdiction over capital investment and higher education finance, and to the chairs of the house of representatives Ways and Means Committee and the senate
3.1 Finance Committee, on how the remaining money has been allocated or spent.

3.3 Sec. 3. MINNESOTA STATE COLLEGES AND UNIVERSITIES

3.5 Subdivision 1. Total Appropriation $ 72,723,000

3.6 To the Board of Trustees of the Minnesota State Colleges and Universities for the purposes specified in this section.

3.9 Subd. 2. Higher Education Asset Preservation and Replacement (HEAPR) 35,500,000

3.11 To be spent in accordance with Minnesota Statutes, section 135A.046.

3.13 Subd. 3. Minnesota State Community and Technical College

3.15 (a) Fergus Falls campus 978,000

3.16 To design, renovate, furnish, and equip a new Center for Student and Workforce Success (CSWS) that integrates the Regional Workforce Center. The board must enter into a lease agreement with the commissioner of employment and economic development, or partners of the commissioner, for use of the workforce center subject to Minnesota Statutes, section 16A.695. The board must use nonstate money for the remainder of the cost of the renovation.

3.27 (b) Wadena campus 820,000

3.28 To design, renovate, furnish, and equip the relocation of the current library to underutilized space and converting the vacated space into a centralized student services center.

3.33 Subd. 4. Northland Community and Technical College, East Grand Forks 826,000
To design, renovate, furnish, and equip

science and radiological lab space on the

East Grand Forks campus.

Subd. 5. Riverland Community College, Albert
Lea

7,427,000

To design, construct, furnish, and equip the
renovation and expansion of the Trade and
Industrial Education Center on the Albert Lea
campus of Riverland Community College.

Subd. 6. South Central College, North
Mankato

8,600,000

To design, renovate, renew, furnish, and
equip laboratory, classroom and office spaces
on the North Mankato campus.

Subd. 7. St. Cloud State University

18,572,000

To construct, renovate, furnish, and
equip Eastman Hall for the relocation of
consolidated student health services and
academic programs.

Subd. 8. Debt Service

(a) Except as provided in paragraph (b), the
Board of Trustees shall pay the debt service
on one-third of the principal amount of state
bonds sold to finance projects authorized
by this section. After each sale of general
obligation bonds, the commissioner of
management and budget shall notify the
board of the amounts assessed for each year
for the life of the bonds.

(b) The board need not pay debt service
on bonds sold to finance HEAPR. Where a
nonstate match is required, the debt service is
due on a principal amount equal to one-third
of the total project cost, less the match committed before the bonds are sold.

(c) The commissioner of management and budget shall reduce the board's assessment each year by one-third of the net income from investment of general obligation bond proceeds in proportion to the amount of principal and interest otherwise required to be paid by the board. The board shall pay its resulting net assessment to the commissioner of management and budget by December 1 each year. If the board fails to make a payment when due, the commissioner of management and budget shall reduce allotments for appropriations from the general fund otherwise available to the board and apply the amount of the reduction to cover the missed debt service payment. The commissioner of management and budget shall credit the payments received from the board to the bond debt service account in the state bond fund each December 1 before money is transferred from the general fund under Minnesota Statutes, section 16A.641, subdivision 10.

Subd. 9. Unspent Appropriations

(a) Upon substantial completion of a project authorized in this section and after written notice to the commissioner of management and budget, the board must use any money remaining in the appropriation for that project for HEAPR under Minnesota Statutes, section 135A.046. The Board of Trustees must report by February 1 of each even-numbered year to the chairs of Article 1 Sec. 3.
the house of representatives and senate
committees with jurisdiction over capital
investment and higher education finance, and
to the chairs of the house of representatives
Ways and Means Committee and the senate
Finance Committee, on how the remaining
money has been allocated or spent.

(b) The unspent portion of an appropriation
for a project in this section that is complete is
available for HEAPR under this subdivision,
at the same campus as the project for which
the original appropriation was made and the
debt service requirement under subdivision 8
is reduced accordingly. Minnesota Statutes,
section 16A.642, applies from the date of the
original appropriation to the unspent amount
transferred.

Sec. 4. EDUCATION

Subdivision 1. Total Appropriation $16,070,000

To the commissioner of education for the
purposes specified in this section.

Subd. 2. Library Construction Grants 2,000,000

For library construction grants under
Minnesota Statutes, section 134.45.

Subd. 3. Red Lake Independent School District
No. 38 Facility Projects 14,070,000

(a) This appropriation is from the maximum
effort school loan fund for a capital loan
to Independent School District No. 38,
Red Lake, as provided in Minnesota
Statutes, sections 126C.60 to 126C.72.
This appropriation is for the following
projects at the Red Lake Elementary School
and early childhood center: constructing,
furnishing, and equipping new classrooms
connecting the early childhood center and the
elementary school; renovating classrooms,
computer labs, cafeteria expansion, and
student support areas; updating mechanical
systems; and relocating the main entrance
and administrative office.

(b) Before any capital loan contract is
approved under this subdivision, the district
must provide documentation acceptable
to the commissioner on how the capital
loan will be used. If any portion of the
appropriation remains after completion of
the identified project components, the district
may, with the commissioner's approval, use
the money for other items identified in the
review and comment submission.

Sec. 5. MINNESOTA STATE ACADEMIES

Subdivision 1. Total Appropriation $ 2,050,000

To the commissioner of administration for
the purposes specified in this section.

Subd. 2. Asset Preservation 2,000,000

For capital asset preservation improvements
and betterments on both campuses of the
Minnesota State Academies, to be spent in
accordance with Minnesota Statutes, section
16B.307.

Subd. 3. Minnesota State Academies Security
Corridor 50,000

For predesign for a safety corridor on the
Minnesota State Academy for the Deaf
campus.

Sec. 6. NATURAL RESOURCES
8.1 Subdivision 1. **Total Appropriation**  
$33,990,000

8.2 (a) To the commissioner of natural resources for the purposes specified in this section.

8.3 (b) The appropriations in this section are subject to the requirements of the natural resources capital improvement program under Minnesota Statutes, section 86A.12, unless this section or the statutes referred to in this section provide more specific standards, criteria, or priorities for projects than Minnesota Statutes, section 86A.12.

8.4 Subd. 2. **Natural Resources Asset Preservation**  
$12,000,000

8.5 For the renovation of state-owned facilities and recreational assets operated by the commissioner of natural resources to be spent in accordance with Minnesota Statutes, section 84.946. Notwithstanding Minnesota Statutes, section 84.946: (1) the commissioner may use this appropriation to replace buildings if, considering the embedded energy in the building, that is the most energy-efficient and carbon-reducing method of renovation; and (2) this appropriation may be used for projects to remove life safety hazards such as building code violations or structural defects.

8.6 Subd. 3. **Flood Hazard Mitigation**  
$3,500,000

8.7 (a) For the state share of flood hazard mitigation grants for publicly owned capital improvements to prevent or alleviate flood damage under Minnesota Statutes, section 103F.161.
(b) Levee projects, to the extent practical, shall meet the state standard of three feet above the 100-year flood elevation.

(c) Project priorities shall be determined by the commissioner as appropriate and based on need.

(d) This appropriation includes $750,000 for the city of Browns Valley project and $1,800,000 for the city of Ortonville project.

(e) For any project listed in this subdivision that the commissioner determines is not ready to proceed or does not expend all the money allocated to it, the commissioner may allocate that project's money to a project on the commissioner's priority list.

(f) To the extent that the cost of a project exceeds two percent of the median household income in a municipality or township multiplied by the number of households in the municipality or township, this appropriation is also for the local share of the project.

Subd. 4. Dam Renovation, Repair, Removal 9,000,000

(a) To renovate or remove publicly owned dams. The commissioner shall determine project priorities as appropriate under Minnesota Statutes, sections 103G.51 and 103G.515. Of this appropriation:

$500,000 is for emergencies on state-owned dams;

$3,600,000 is for a grant to the city of Lanesboro for repair of the Lanesboro dam and notwithstanding the match requirements in Minnesota Statutes, section 103G.511, does not require a nonstate contribution.
10.1 This includes funding for repairs of the
10.2 hydropower system;
10.3 $2,500,000 is for repairs of the Lake Bronson
10.4 dam;
10.5 $500,000 is for a grant to the city of Pelican
10.6 Rapids for engineering work for the Pelican
10.7 Rapids dam;
10.8 $200,000 is for a grant to the city of Norway
10.9 Lake for engineering work on the Norway
10.10 Lake dam;
10.11 $200,000 is for a grant to Yellow Medicine
10.12 County for the Canby R-6 impoundment dam;
10.13 $100,000 is for a grant to St. Louis County
10.14 for the Little Stone Lake dam; and
10.15 $1,400,000 is for state dams at Brawner,
10.16 Collinwood, Grindstone River, and Sullivan.
10.17 If the commissioner determines that a project
10.18 is not ready to proceed, this appropriation
10.19 may be used for other projects on the
10.20 commissioner's priority list.
10.21 Subd. 5. Trail Development
10.22 $2,590,000 is for the Glacial Lakes Trail,
10.23 to complete an approximately six and
10.24 one-quarter mile trail connection between
10.25 New London and Sibley State Park, and
10.26 repair of the bicycle trail in Sibley State Park.
10.27 $3,600,000 is for acquisition and
10.28 development in the Cuyuna Country State
10.29 Recreation Area, including the Cuyuna
10.30 Mountain Bike System.
10.31 Subd. 6. Champlin Mill Pond
10.32 3,300,000
For a grant to the city of Champlin to dredge
and remove sediment and for other capital
improvements of the Champlin Mill Pond
necessary to improve water quality, restore
fish habitat, and provide other public benefits.

Subd. 7. Unspent Appropriations

The unspent portion of an appropriation for
a project in this section that is complete,
upon written notice to the commissioner
of management and budget, is available
for asset preservation under Minnesota
Statutes, section 84.946. Minnesota Statutes,
section 16A.642, applies from the date of the
original appropriation to the unspent amount
transferred.

Sec. 7. POLLUTION CONTROL AGENCY

Subdivision 1. Total Appropriation

$ 20,505,000

To the commissioner of the Pollution Control
Agency for the purposes specified in this
section.

Subd. 2. St. Louis River Cleanup

12,705,000

To design and implement contaminated
sediment management actions identified in
the St. Louis River remedial action plan to
restore water quality in the St. Louis River
Area of Concern.

Subd. 3. Redwood-Cottonwood Rivers Joint
Powers - Lake Redwood Reclamation and
Enhancement Project

7,800,000

For a grant to the Redwood-Cottonwood
Rivers control area, a joint powers entity,
to predesign, design, construct, and equip
the reservoir reclamation and enhancement
of the 66-acre Lake Redwood Reservoir, to
remove approximately 650,000 cubic yards of sediment and increase its depth from approximately 2.8 feet to approximately 20 feet in order to secure renewable energy capacity of the hydroelectric dam which is impeded by lack of water capacity, reduce the flow of pollutants to the Minnesota River, and increase fish habitat and enhance recreational opportunities.

Sec. 8. BOARD OF WATER AND SOIL RESOURCES
Subdivision 1. Total Appropriation $7,000,000
To the Board of Water and Soil Resources for the purposes specified in this section.

Subd. 2. Reinvest in Minnesota (RIM) Reserve Program 6,000,000
(a) To acquire conservation easements from landowners to preserve, restore, create, and enhance wetlands and associated uplands of prairie and grasslands, and restore and enhance rivers and streams, riparian lands, and associated uplands of prairie and grasslands in order to protect soil and water quality, support fish and wildlife habitat, reduce flood damage, and provide other public benefits. The provisions of Minnesota Statutes, section 103F.515, apply to this program.
(b) The board shall give priority to leveraging federal money by enrolling targeted new lands or enrolling environmentally sensitive lands that have expiring federal conservation agreements.
The board is authorized to enter into
new agreements and amend past agreements
with landowners as required by Minnesota
Statutes, section 103F.515, subdivision 5, to
allow for restoration. Of this appropriation,
up to five percent may be used for restoration
and enhancement.

Subd. 3. Local Government Roads Wetland
Replacement Program
1,000,000

To acquire land or permanent easements
and to restore, create, enhance, and preserve
wetlands to replace those wetlands drained or
filled as a result of the repair, reconstruction,
replacement, or rehabilitation of existing
public roads as required by Minnesota
Statutes, section 103G.222, subdivision 1,
paragraphs (l) and (m). The board may vary
the priority order of Minnesota Statutes,
section 103G.222, subdivision 3, paragraph
(a), to implement an in-lieu fee agreement
approved by the U.S. Army Corps of
Engineers under section 404 of the Clean
Water Act. The purchase price paid for
acquisition of land or perpetual easement
must be a fair market value as determined
by the board. The board may enter into
agreements with the federal government,
other state agencies, political subdivisions,
nonprofit organizations, fee title owners, or
other qualified private entities to acquire
wetland replacement credits in accordance
with Minnesota Rules, chapter 8420.

Sec. 9. RURAL FINANCE AUTHORITY
$ 35,000,000

For the purposes set forth in the Minnesota
Constitution, article XI, section 5, paragraph
(h), to the Rural Finance Authority to
purchase participation interests in or to
make direct agricultural loans to farmers
under Minnesota Statutes, chapter 41B. This
appropriation is from the bond proceeds
account in the rural finance administration
fund and is for the beginning farmer program
under Minnesota Statutes, section 41B.039;
the loan restructuring program under
Minnesota Statutes, section 41B.04; the
seller-sponsored program under Minnesota
Statutes, section 41B.042; the agricultural
improvement loan program under Minnesota
Statutes, section 41B.043; and the livestock
expansion loan program under Minnesota
Statutes, section 41B.045. All debt service
on bond proceeds used to finance this
appropriation must be repaid by the Rural
Finance Authority under Minnesota Statutes,
section 16A.643. Loan participations
must be priced to provide full interest
and principal coverage and a reserve for
potential losses. Priority for loans must be
given first to basic beginning farmer loans,
second to seller-sponsored loans, and third to
agricultural improvement loans.

Sec. 10. **MINNESOTA ZOOLOGICAL GARDEN**

Subdivision 1. **Total Appropriation** $ 4,000,000

To the Minnesota Zoological Garden Board
for the purposes specified in this section.

Subd. 2. **Asset Preservation** 4,000,000

For capital asset preservation improvements
and betterments to infrastructure and
exhibits at the Minnesota Zoo, to be spent in
accordance with Minnesota Statutes, section 16B.307. Notwithstanding the specified uses of money under Minnesota Statutes, section 16B.307, the board may use this appropriation to replace buildings that are poor in condition, outdated, and no longer support the work of the Minnesota Zoo and to construct and renovate trails and roads on the Minnesota Zoo site.

16.8 To the adjutant general for asset preservation improvements and betterments of a capital nature at military affairs facilities statewide, to be spent in accordance with Minnesota Statutes, section 16B.307.

16.13 Sec. 14. PUBLIC SAFETY $ 3,521,000

16.14 To the commissioner of administration to design and construct a joint emergency railroad and pipeline emergency response training facility at Camp Ripley, including the construction of stations and capital infrastructure needed for mock disaster training.

16.21 Sec. 15. TRANSPORTATION

16.22 Subdivision 1. Total Appropriation $ 334,782,000

16.23 To the commissioner of transportation for the purposes specified in this section.

16.24 Subd. 2. Local Bridge Replacement and Rehabilitation 90,000,000

16.27 From the bond proceeds account in the state transportation fund to match federal money and to replace or rehabilitate local deficient bridges as provided in Minnesota Statutes, section 174.50.
Subd. 3. Local Road Improvement Fund
Grants

(a) From the bond proceeds account in the state transportation fund as provided in Minnesota Statutes, section 174.50, for construction and reconstruction of local roads with statewide or regional significance under Minnesota Statutes, section 174.52, subdivision 4, or for grants to counties to assist in paying the costs of rural road safety capital improvement projects on county state-aid highways under Minnesota Statutes, section 174.52, subdivision 4a.

(b) This appropriation includes money for a grant to the city of Baxter for acquisition of land or interests in land, environmental analysis and environmental cleanup, pre-design, design, engineering, and construction of improvements to Cypress Drive, including expansion to a four-lane divided urban roadway, between Excelsior Road and College Road.

(c) Of this amount, $1,000,000 is for a grant to the town of Appleton in Swift County for upgrades to an existing township road to provide for a paved, ten-ton capacity township road extending between marked Trunk Highways 7 and 119.

(d) Of this amount, $25,000,000 is for a grant to Hennepin County for design, right-of-way acquisition, engineering, and construction of public improvements related to the Interstate Highway 35W and Lake Street access project and related improvements within the Interstate Highway 35W corridor.
This appropriation is not available until the commissioner of management and budget determines that an amount sufficient to complete the project has been committed to the project.

(e) Of this amount, $20,500,000 is for a grant to Ramsey County for preliminary and final design, environmental documentation, and construction of the interchange of marked Interstate Highway 694 and Rice Street in Ramsey County.

(f) Of this amount, $700,000 is for a grant to Redwood County for paving Nobles Avenue as the main access road to a new State Veterans Cemetery to be located in Paxton Township.

Subd. 4. **Rail Grade Separations**  26,749,000

(a) $14,762,000 is for a grant to the city of Red Wing for environmental analysis, design, engineering, removal of an existing structure, and construction of a rail grade crossing separation at Sturgeon Lake Road.

(b) $11,987,000 is for a grant to Anoka County for environmental analysis, design, engineering, removal of an existing structure, and construction of a rail grade crossing separation at Anoka County State-Aid Highway 78, known as Hanson Boulevard, in Coon Rapids.

Subd. 5. **Railroad Warning Devices**  1,000,000

To design, construct, and equip new rail grade crossing warning safety devices at active highway-rail grade crossings, or to replace active highway-rail grade warning devices.
safety devices that have reached the end of their useful life.

Subd. 6. **Minnesota Valley Regional Rail Authority**

4,000,000

For a grant to the Minnesota Valley Regional Rail Authority for the rehabilitation of a portion of the railroad track between Winthrop and Hanley Falls. The grant under this subdivision may also be used for any required environmental documentation and remediation, predesign, design, and rehabilitation or replacement of bridges with new bridges or culverts between Winthrop and Hanley Falls. A grant under this section is in addition to any grant, loan, or loan guarantee for this project made by the commissioner under Minnesota Statutes, sections 222.46 to 222.62. This appropriation is in addition to the appropriations in Laws 2006, chapter 258, section 16, subdivision 6; Laws 2008, chapter 179, section 16, subdivision 5; Laws 2009, chapter 93, article 1, section 11, subdivision 4; Laws 2010, chapter 189, section 15, subdivision 5; and Laws 2015, First Special Session chapter 5, article 1, section 10, subdivision 4.

Subd. 7. **Hennepin County - U.S. Highway 12**

15,000,000

From the bond proceeds account in the trunk highway fund for projects, including preliminary and final design, engineering, environmental analysis, right-of-way acquisition, construction, and reconstruction on marked U.S. Highway 12 as follows:

(1) realignment at the intersections with Hennepin County State-Aid Highway 92;
(2) realignment and safety improvements at the intersection with Hennepin County State-Aid Highway 90; and

(3) safety median improvements from the interchange with Wayzata Boulevard in Wayzata to approximately one-half mile east of the interchange with Hennepin County State-Aid Highway 6.

Subd. 8. Chaska - Trunk Highway 212 Interchange

From the bond proceeds account in the trunk highway fund for right-of-way acquisition and construction of an interchange at marked Trunk Highway 212 and Carver County Road 140 in the city of Chaska, to support the development of approximately 400 acres of property in the city of Chaska's comprehensive plan.

Subd. 9. Anoka County - I-35W Interchange in Columbus

From the bond proceeds account in the trunk highway fund for a grant to Anoka County to: (1) complete the design, land acquisition, engineering, and construction of an interchange at the intersection of marked Interstate Highway 35W, marked Trunk Highway 97, and County State-Aid Highway 23, and (2) realign and make associated improvements to County State-Aid Highway 54, known as West Freeway Drive, in the city of Columbus.

Subdivision 10. I-94/Brockton Lane Interchange

From the bond proceeds account in the trunk highway fund for the I-94/Brockton
Lane Interchange Project to construct an interchange and auxiliary lanes on marked Interstate Highway 94 east of the Hennepin County State-Aid Highway 101 (Brockton Lane) overpass in the city of Dayton.

Article 1 Sec. 15.
For grants under Minnesota Statutes, chapter 457A. Any improvements made with the proceeds of these grants must be publicly owned.

Sec. 16. METROPOLITAN COUNCIL

Subdivision 1. Total Appropriation $23,350,000

To the Metropolitan Council for the purposes specified in this section.

Subd. 2. Metro Orange Line BRT 12,100,000

Up to $12,100,000, but an amount that is no more than ten percent of the total project cost, is for the Metropolitan Council, or for the Metropolitan Council to make grants to political subdivisions, to construct capital improvements along the I-35W corridor for completion of the Metro Orange Bus Rapid Transit (BRT) Line.

The Metro Orange BRT Line must not follow a route that requires an underpass or tunnel to be built under I-494 at Knox Avenue, but must follow the Penn Avenue route after coming down into the circle on the bottom of Knox Avenue on the north side of I-494.

Subd. 3. Mall of America Station 8,750,000

For design and construction of improvements to the Mall of America Station on the Hiawatha Corridor light rail transit line, subject to Minnesota Statutes, section 16A.695. The Metropolitan Council must consult with the city of Bloomington throughout the design and construction process.
Subd. 4. Metropolitan Cities Inflow and Infiltration Grants

For grants to cities within the metropolitan area, as defined in Minnesota Statutes, section 473.121, subdivision 2, for capital improvements in municipal wastewater collection systems to reduce the amount of infiltration to the Metropolitan Council's metropolitan sanitary sewer disposal system. Grants from this appropriation are for up to 50 percent of the cost to mitigate inflow and infiltration in the publicly owned municipal wastewater collection systems. To be eligible for a grant, a city must be identified by the council as a contributor of excessive inflow and infiltration in the metropolitan disposal system or have a measured flow rate within 20 percent of its allowable council-determined inflow and infiltration limits. The council must award grants based on applications from cities that identify eligible capital costs and include a timeline for inflow and infiltration mitigation construction, pursuant to guidelines established by the council.

Sec. 17. HUMAN SERVICES

Sec. 28. EFFECTIVE DATE.

Except as otherwise provided, this article is effective the day following final enactment.

ARTICLE 2

MISCELLANEOUS

Section 1. Minnesota Statutes 2015 Supplement, section 16A.967, subdivision 2, is amended to read:

Subd. 2. Authorization to issue appropriation bonds. (a) Subject to the limitations of this subdivision, the commissioner may sell and issue appropriation bonds of the state under this section for public purposes as provided by law, including, in particular, the financing of the land acquisition, design, engineering, and construction of facilities and infrastructure necessary to complete the next phase of the Lewis and Clark Regional Water System project, including completion of the pipeline to Magnolia, extension of the project to the Lincoln-Pipestone Rural Water System connection near Adrian, and engineering, design, and easement acquisition for the final phase of the project to Worthington. No bonds shall be sold until the commissioner determines that a nonstate match of at least $9,000,000 is committed to this project phase. Grant agreements entered into under this section must provide for reimbursement to the state from any federal money provided for the project, consistent with the Lewis and Clark Regional Water System, Inc., agreement.

(b) The appropriation bonds may be issued and sold only after the commissioner determines that the construction and administration for work done on the project will comply with (1) all federal requirements and regulations associated with the Lewis and Clark Rural Water System Act of 2000, and (2) the cooperative agreement between the United States Department of the Interior and the Lewis and Clark Regional Water System, Inc. Proceeds of the appropriation bonds must be credited to a special appropriation Lewis and Clark bond proceeds fund in the state treasury. All income from investment of the bond proceeds, as estimated by the commissioner, is appropriated to the commissioner for the payment of principal and interest on the appropriation bonds.

(c) Appropriation bonds may be sold and issued in amounts that, in the opinion of the commissioner, are necessary to provide sufficient money to the Public Facilities Authority under subdivision 7, not to exceed $19,000,000 net of costs of issuance, for the purposes as provided under this paragraph (a), and pay debt service including capitalized interest, costs
of issuance, costs of credit enhancement, or make payments under other agreements entered
into under paragraph (e). The bonds authorized by this paragraph are for the purposes
of financing the land acquisition, design, engineering, and construction of facilities and
infrastructure necessary to complete Phase 2 of the Lewis and Clark Regional Water
System project, including completion of the pipeline to Magnolia; extension of the project
to the Lincoln-Pipestone Rural Water System connection near Adrian; and engineering,
design, and easement acquisition for the final phase of the project to Worthington. No
bonds shall be sold under this subdivision until the commissioner determines that a
nonstate match of at least $9,000,000 is committed to this project phase. Upon completion
of Phase 2, the unspent, unencumbered portion of the appropriation in this subdivision
is available for the purposes of Phase 3, which includes extension of the project from
the Lincoln-Pipestone Rural Water System connection near Adrian to Worthington,
construction of a reservoir in Nobles County and a meter building in Worthington, and
acquiring and installing a supervisory control and data acquisition (SCADA) system.

(d) Appropriation bonds may be issued in one or more issues or series on the terms and
conditions the commissioner determines to be in the best interests of the state, but the term
on any series of appropriation bonds may not exceed 25 years. The appropriation bonds of
each issue and series thereof shall be dated and bear interest, may be includable in or
excludable from the gross income of the owners for federal income tax purposes.

(e) At the time of, or in anticipation of, issuing the appropriation bonds, and at any
time thereafter, so long as the appropriation bonds are outstanding, the commissioner may
enter into agreements and ancillary arrangements relating to the appropriation bonds,
including but not limited to trust indentures, grant agreements, lease or use agreements,
operating agreements, management agreements, liquidity facilities, remarketing or
dealer agreements, letter of credit agreements, insurance policies, guaranty agreements,
reimbursement agreements, indexing agreements, or interest exchange agreements. Any
payments made or received according to the agreement or ancillary arrangement shall be
made from or deposited as provided in the agreement or ancillary arrangement. The
determination of the commissioner included in an interest exchange agreement that the
agreement relates to an appropriation bond shall be conclusive.

(f) The commissioner may enter into written agreements or contracts relating to the
continuing disclosure of information necessary to comply with or facilitate the issuance
of appropriation bonds in accordance with federal securities laws, rules, and regulations,
including Securities and Exchange Commission rules and regulations in Code of Federal
Regulations, title 17, section 240.15c 2-12. An agreement may be in the form of covenants
with purchasers and holders of appropriation bonds set forth in the order or resolution
sec 2. Minnesota Statutes 2015 Supplement, section 16A.967, subdivision 7, is
amended to read:

Subd. 7. Appropriation of proceeds. The proceeds of appropriation bonds issued
under this section and interest credited to the special appropriation Lewis and Clark bond
proceeds fund are appropriated to the commissioner:

(1) to the Public Facilities Authority for a grant to the Lewis and Clark Joint Powers
Board for payment of capital expenses for the purposes provided by as specified in
subdivision 2, paragraph (a); and

(2) to the commissioner for debt service on the bonds including capitalized interest,
nonsalary costs of issuance of the bonds, costs of credit enhancement of the bonds and
payments under any agreements entered into under subdivision 2, paragraph (e), each as
permitted by state and federal law, and such proceeds may be granted, loaned, or otherwise
provided for the public purposes provided by subdivision 2, paragraph (a).

Sec 3. Minnesota Statutes 2015 Supplement, section 85.015, subdivision 6, is
amended to read:

Subd 6. Minnesota Valley Trail, Hennepin, Dakota, Scott, Carver, Sibley and
Le Sueur Counties. (a) The trail shall originate at Fort Snelling State Park and thence
extend generally southwesterly along the Minnesota River Valley through Hennepin,
Dakota, Scott, Carver, Sibley, and Le Sueur Counties to the city of Le Sueur, and there
terminate. The trail shall include the following state waysides: (a) Rice Lake Wayside,
in Scott County; (b) Carver Rapids Wayside, in Scott County; (c) Lawrence wayside, in
Scott county; (d) Belle Plaine Wayside, in Carver, Scott, and Sibley Counties; (e) Blakeley
Wayside, in Scott County; and (f) Rush River Wayside, in Sibley County.

(b) The trail shall be developed primarily for riding and hiking. Motorized vehicles
are prohibited from that portion of the trail on the north side of the Minnesota River,
lying between Fort Snelling State Park and Rice Lake Wayside. That portion of the
trail on the north side of the Minnesota River, lying between the Bloomington Ferry
Bridge pedestrian crossing and the Cedar Avenue Bridge, must be a paved trail developed
primarily for hiking and bicycling.
Sec. 4. Minnesota Statutes 2014, section 85.34, subdivision 1, is amended to read:

Subdivision 1. Upper bluff; lease terms. The commissioner of natural resources with the approval of the Executive Council may lease for purposes of restoration, preservation, historical, recreational, educational, and commercial use and development, that portion of Fort Snelling State Park known as the upper bluff consisting of officer's row, area J, the polo grounds, the adjacent golf course, and all buildings and improvements located thereon, all lying within an area bounded by Minneapolis-St. Paul International Airport, Trunk Highways numbered 5 and 55, and Bloomington Road. The lease or leases shall be in a form approved by the attorney general and for a term of not to exceed 99 years. The lease or leases may provide for the provision of capital improvements or other performance by the tenant or tenants in lieu of all or some of the payments of rent that would otherwise be required. Notwithstanding the continuing ownership of the upper bluff by the state, any lease of one or more buildings improved with state general obligation bond proceeds that exceeds 50 years shall be treated as a sale of the buildings for purposes of section 16A.695, subdivision 3. Any disposition proceeds payable to the commissioner upon execution of any lease relating to state bond financed buildings at the upper bluff shall be applied in accordance with the requirements of section 16A.695, subdivision 3, and used to pay, redeem, or defease state general obligation bonds issued for purposes of improving those buildings. Any lease revenues paid to the commissioner subsequent to the payment, redemption, or defeasance of state general obligation bonds shall be used by the commissioner as further described in this section.

Sec. 5. Minnesota Statutes 2014, section 116J.431, subdivision 1, is amended to read:

Subdivision 1. Grant program established; purpose. (a) The commissioner shall make grants to counties or cities to provide up to 50 percent of the capital costs of public infrastructure necessary for an eligible economic development project. The county or city receiving a grant must provide for the remainder of the costs of the project, either in cash or in kind. In-kind contributions may include the value of site preparation other than the public infrastructure needed for the project.

(b) The purpose of the grants made under this section is to keep or enhance jobs in the area, increase the tax base, or to expand or create new economic development.
(c) In awarding grants under this section, the commissioner must adhere to the
criteria under subdivision 4.

(d) If the commissioner awards a grant for less than 50 percent of the project, the
commissioner shall provide the applicant and the chairs and ranking minority members
of the senate and house of representatives committees with jurisdiction over economic
development finance a written explanation of the reason less than 50 percent of the capital
costs were awarded in the grant.

Sec. 6. Minnesota Statutes 2014, section 116J.431, subdivision 2, is amended to read:

Subd. 2. Eligible projects. An economic development project for which a county or
city may be eligible to receive a grant under this section includes:

(1) manufacturing;

(2) technology;

(3) warehousing and distribution;

(4) research and development;

(5) agricultural processing, defined as transforming, packaging, sorting, or grading
livestock or livestock products into goods that are used for intermediate or final
consumption, including goods for nonfood use; or

(6) industrial park development that would be used by any other business listed in
this subdivision even if no business has committed to locate in the industrial park at the
time the grant application is made.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 7. Minnesota Statutes 2014, section 116J.431, subdivision 4, is amended to read:

Subd. 4. Application. (a) The commissioner must develop forms and procedures
for soliciting and reviewing applications for grants under this section. At a minimum, a
county or city must include in its application a resolution of the county or city council
certifying that the required local match is available. The commissioner must evaluate
complete applications for eligible projects using the following criteria:

(1) the project is an eligible project as defined under subdivision 2;

(2) the project will be expected to result in or will attract substantial public and
private capital investment and provide substantial economic benefit to the county or city in
which the project would be located;

(3) the project is not relocating substantially the same operation from another
location in the state, unless the commissioner determines the project cannot be reasonably
accommodated within the county or city in which the business is currently located, or the business would otherwise relocate to another state; and

(4) the project is expected to or will create or maintain fully-time jobs.

(b) The determination of whether to make a grant for a site is within the discretion of the commissioner, subject to this section. The commissioner's decisions and application of the priorities criteria are not subject to judicial review, except for abuse of discretion.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 8. Minnesota Statutes 2014, section 116J.431, subdivision 6, is amended to read:

Subd. 6. **Maximum grant amount.** A county or city may receive no more than $1,000,000 in two years for one or more projects.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 9. Minnesota Statutes 2014, section 174.50, subdivision 7, is amended to read:

Subd. 7. **Bridge grant program; rulemaking.** (a) The commissioner of transportation shall develop rules, procedures for application for grants, conditions of grant administration, standards, and criteria as provided under subdivision 6, including bridge specifications, in cooperation with road authorities of political subdivisions, for use in the administration of funds appropriated to the commissioner and for the administration of grants to subdivisions.

(b) The maximum use of standardized bridges is encouraged. Regardless of the size of the existing bridge, a bridge or replacement bridge is eligible for assistance from the state transportation fund if a hydrological survey indicates that the bridge or replacement bridge must be ten feet or more in length.

(c) As part of the standards or rules, the commissioner shall, in consultation with local road authorities, establish a minimum distance between any two bridges that cross over the same river, stream, or waterway, so that only one of the bridges is eligible for a grant under this section. As appropriate, the commissioner may establish exceptions from the minimum distance requirement or procedures for obtaining a variance.

(d) Political subdivisions may use grants made under this section to construct or reconstruct bridges, including but not limited to:

1. matching federal aid grants to construct or reconstruct key bridges;
2. paying the costs to abandon an existing bridge that is deficient and in need of replacement but where no replacement will be made; and

Article 2 Sec. 9.
(3) paying the costs to construct a road or street to facilitate the abandonment of
an existing bridge if the commissioner determines that the bridge is deficient, and that
construction of the road or street is more economical than replacement of the existing
bridge.

(e) Funds appropriated to the commissioner from the Minnesota state transportation
fund shall be segregated from the highway tax user distribution fund and other funds
created by article XIV of the Minnesota Constitution.

(f) The maximum grant amount for a local bridge replacement or rehabilitation
project under this section is $5,000,000.

Sec. 10. Minnesota Statutes 2014, section 446A.072, is amended to read:

446A.072 WASTEWATER WATER INFRASTRUCTURE FUNDING

PROGRAM.

Subdivision 1. Establishment of program. The authority will establish a
wastewater water infrastructure funding program to provide supplemental assistance to
governmental units receiving funding through the clean water revolving fund program, the
drinking water revolving fund program, or the United States Department of Agriculture
Rural Economic and Community Development's (USDA/RECD) Water and Waste
Disposal Loans and Grants program for the predesign, design, and construction of
municipal wastewater treatment and drinking water systems, including purchase of land
and easements. The purpose of the program is to assist governmental units demonstrating
financial need to build cost-effective projects to address existing environmental or public
health problems. To implement the program, the authority shall establish a wastewater
water infrastructure fund to provide grants and loans for the purposes authorized under
title VI of the Federal Water Pollution Control Act and the federal Safe Drinking Water
Act. The fund shall be credited with all investment income from the fund and all
repayments of loans, grants, and penalties.

Subd. 3. Program administration. (a) The authority shall provide supplemental
assistance, as provided in subdivision 5a to governmental units:

(1) whose projects are listed on the Pollution Control Agency's project priority list or
the commissioner of health’s project priority list;

(2) that demonstrate their projects are a cost-effective solution to an existing
environmental or public health problem; and

(3) whose projects are approved by the USDA/RECD or certified by the
commissioner of the Pollution Control Agency or the commissioner of health.
(b) For a governmental unit receiving grant funding from the USDA/RECD, applications must be made to the USDA/RECD with additional information submitted to the authority as required by the authority. Eligible project costs and affordability criteria shall be determined by the USDA/RECD.

c) For a governmental unit not receiving grant funding from the USDA/RECD, application must be made to the authority on forms prescribed by the authority for the clean water revolving fund program or the drinking water revolving fund program with additional information as required by the authority. In accordance with section 116.182, the Pollution Control Agency or the commissioner of health shall:

1. calculate the essential project component percentage based on the portion of project costs necessary to convey or treat the existing wastewater flows and loadings or, for drinking water projects, to provide safe drinking water to meet existing needs, which must be multiplied by the total project cost to determine the eligible project cost for the program under this section; and
2. review and certify approved projects to the authority.

d) Each fiscal year the authority shall make funds available for projects based on their ranking on the Pollution Control Agency's project priority list or the commissioner of health's project priority list. The authority shall reserve funds for a project when the applicant receives a funding commitment from the United States Department of Agriculture Rural Development (USDA/RECD) or submits plans and specifications to the project is certified by the Pollution Control Agency or the commissioner of health. Funds must be reserved in an amount based on the project cost estimate submitted to the authority prior to the appropriation of the funds and awarded based on the lesser of that amount or the as-bid cost when the project is certified or the as-bid cost, whichever is less.

Subd. 5a. Type and amount of assistance. (a) For a governmental unit receiving grant funding from the USDA/RECD, the authority may provide assistance in the form of a grant of up to 65 percent of the eligible grant need determined by USDA/RECD. A governmental unit may not receive a grant under this paragraph for more than $4,000,000 $5,000,000 per project or $15,000 $20,000 per existing connection, whichever is less, unless specifically approved by law.

(b) For a governmental unit receiving a loan from the clean water revolving fund under section 446A.07, the authority may provide assistance under this section in the form of a grant if the average annual residential wastewater system cost after completion of the project would otherwise exceed 1.4 percent of the median household income of the project service area. In determining whether the average annual residential wastewater system cost would exceed 1.4 percent, the authority must consider the total costs associated with...
building, operating, and maintaining the wastewater system, including existing wastewater
debt service, debt service on the eligible project cost, and operation and maintenance
costs. Debt service costs for the proposed project are calculated based on the maximum
loan term permitted for the clean water revolving fund loan under section 446A.07,
subdivision 7. The amount of the grant is equal to 80 percent of the amount needed to
reduce the average annual residential wastewater system cost to 1.4 percent of median
household income in the project service area, to a maximum of $4,000,000 $5,000,000 per
project or $15,000 $20,000 per existing connection, whichever is less, unless specifically
approved by law. The eligible project cost is determined by multiplying the total project
costs minus any other grants by the essential project component percentage calculated
under subdivision 3, paragraph (c), clause (1). In no case may the amount of the grant
exceed 80 percent of the eligible project cost.

(c) For a governmental unit receiving a loan from the drinking water revolving
fund under section 446A.081, the authority may provide assistance under this section in
the form of a grant if the average annual residential drinking water system cost after
completion of the project would otherwise exceed 1.2 percent of the median household
income of the project service area. In determining whether the average annual residential
drinking water system cost would exceed 1.2 percent, the authority must consider the total
costs associated with building, operating, and maintaining the drinking water system,
including existing drinking water debt service, debt service on the eligible project cost,
and operation and maintenance costs. Debt service costs for the proposed project are
calculated based on the maximum loan term permitted for the drinking water revolving
fund loan under section 446A.081, subdivision 8, paragraph (c). The amount of the grant
is equal to 80 percent of the amount needed to reduce the average annual residential
drinking water system cost to 1.2 percent of median household income in the project
service area, to a maximum of $5,000,000 per project or $20,000 per existing connection,
whichever is less, unless specifically approved by law. The eligible project cost is
determined by multiplying the total project costs minus any other grants by the essential
project component percentage calculated under subdivision 3, paragraph (c), clause (1). In
no case may the amount of the grant exceed 80 percent of the eligible project cost.

(d) Notwithstanding the limits in paragraphs (a) and (b), and (c), for a
governmental unit receiving supplemental assistance under this section after January 1,
2002, if the authority determines that the governmental unit's construction and installation
costs are significantly increased due to geological conditions of crystalline bedrock or karst
areas and discharge limits that are more stringent than secondary treatment, the maximum
award under this section shall not be more than $25,000 per existing connection.
Subd. 5b. Special assessment deferral. A governmental unit receiving a loan under subdivision 5a that levies special assessments to repay the loan under subdivision 5a or section 446A.07 may defer payment of such assessments under the provisions of sections 435.193 to 435.195.

Subd. 6. Disbursements. Disbursements of grants or loans awarded under this section by the authority to recipients must be made for eligible project costs as incurred by the recipients, and must be made by the authority in accordance with the project financing agreement and applicable state and federal laws and rules governing the payments.

Subd. 7. Loan repayments. Notwithstanding the limitations set forth in section 475.54, subdivision 1, this subdivision shall govern the maturities and mandatory sinking fund redemptions of the loans under this section. A governmental unit receiving a loan under this section shall repay the loan in semiannual payment amounts determined by the authority. The payment amount must be based on the average payments on the governmental unit’s clean water revolving fund loan or, if greater, the minimum amount required to fully repay the loan by the maturity date. Payments must begin within one year of the date of the governmental unit’s final payment on the clean water revolving fund loan. The final maturity date of the loan under this section must be no later than 20 years from the date of the first payment on the loan under this section and no later than 40 years from the date of the first payment on the clean water revolving fund loan.

Subd. 8. Eligibility. A governmental unit is eligible for assistance under this section only after applying for grant funding from other sources and funding has been obtained, rejected, or the authority has determined that the potential funding is unlikely.

Subd. 9. Funding limitation. Supplemental assistance may not be used to reduce the sewer service charges of a significant wastewater contributor industrial user that has a separate service charge agreement with the recipient, or a single user that has caused the need for the project or whose current or projected flow and load exceeds one-half of the current wastewater treatment plant’s or drinking water system capacity.

Subd. 11. Report on needs. By February 1 of each even-numbered year, the authority, in conjunction with the Pollution Control Agency and the commissioner of health, shall prepare a report to the Finance Division of the senate Environment and Natural Resources Committee and the house of representatives Environment and Natural Resources Finance Committee on wastewater and drinking water funding assistance needs of governmental units under this section.

Subd. 12. System replacement fund. Each governmental unit receiving a loan or grant under this section shall establish a system replacement fund and shall annually deposit a minimum of $0.50 per 1,000 gallons of flow for major rehabilitation or expansion.
or replacement of the treatment wastewater or drinking water system, or replacement of the treatment system at the end of its useful life. Money must remain in the account for the life of the corresponding project loan from the authority or USDA/RECD, unless use of the fund is approved in writing by the authority for major rehabilitation, expansion, or replacement of the treatment wastewater or drinking water system. By March 1 each year during the life of the loan, each recipient shall submit a report to the authority regarding the amount deposited and the fund balance for the prior calendar year. A recipient is not required to maintain a fund balance greater than the amount of the grant received. Failure to comply with the requirements of this subdivision shall result in the authority assessing a penalty fee to the recipient equal to one percent of the supplemental assistance amount for each year of noncompliance. Failure to make the required deposit or pay the penalty fee as required constitutes a default on the loan.

Subd. 14. Consistency with land use plans. A governmental unit applying for a project in an unsewered area shall include in its application to the authority a certification from the county in which the project is located that:

1. the project is consistent with the county comprehensive land use plan, if the county has adopted one; 
2. the project is consistent with the county water plan, if the county has adopted one; and
3. the county has adopted specific land use ordinances or controls so as to meet or exceed the requirements of Minnesota Rules, part 7080.0305.

Sec. 11. Minnesota Statutes 2014, section 446A.073, as amended by Laws 2015, First Special Session chapter 4, article 4, sections 127, 128, and 129, is amended to read:

446A.073 POINT SOURCE IMPLEMENTATION GRANTS.

Subdivision 1. Program established. When money is appropriated for grants under this program, the authority shall award grants up to a maximum of $7,000,000 to governmental units to cover up to one-half 80 percent of the cost of water infrastructure projects made necessary by:

1. a wasteload reduction prescribed under a total maximum daily load plan required by section 303(d) of the federal Clean Water Act, United States Code, title 33, section 1313(d);
2. a phosphorus concentration or mass limit which requires discharging one milligram per liter or less at permitted design flow which is incorporated into a permit issued by the Pollution Control Agency;
(3) any other water quality-based effluent limit established under section 115.03, subdivision 1, paragraph (e), clause (8), and incorporated into a permit issued by the Pollution Control Agency that exceeds secondary treatment limits; or

(4) a total nitrogen concentration or mass limit of that requires discharging ten milligrams per liter or less for a land-based treatment system at permitted design flow.

Subd. 2. **Grant application.** Application for a grant must be made to the authority on forms prescribed by the authority for the total maximum daily load grant program, with additional information as required by the authority, including a project schedule and cost estimate for the work necessary to comply with the point source wasteload allocation requirements listed in subdivision 1. The Pollution Control Agency shall:

1. in accordance with section 116.182, calculate the essential project component percentage, which must be multiplied by the total project cost to determine the eligible project cost; and

2. review and certify to the authority those projects that have plans and specifications approved under section 115.03, subdivision 1, paragraph (f).

Subd. 3. **Project priorities.** When money is appropriated for grants under this program, the authority shall accept applications under this program during the month of July and reserve money for projects expected to proceed with construction by the end of the fiscal year in the order listed on the Pollution Control Agency's project priority list and in an amount based on the cost estimate submitted to the authority in the grant application or the as-bid costs, whichever is less. Notwithstanding Minnesota Rules, chapter 7077, the Pollution Control Agency may rank a drinking water infrastructure project on the agency's project priority list if the project is necessary to meet an applicable requirement in subdivision 1.

Subd. 4. **Grant approval.** The authority must make a grant for an eligible project only after:

1. the applicant has submitted the as-bid cost for the water infrastructure project;

2. the Pollution Control Agency has approved the as-bid costs and certified the grant eligible portion of the project; and

3. the authority has determined that the additional financing necessary to complete the project has been committed from other sources.

Subd. 5. **Grant disbursement.** Disbursement of a grant must be made for eligible project costs as incurred by the governmental unit and in accordance with a project financing agreement and applicable state and federal laws and rules governing the payments.
Sec. 12. Minnesota Statutes 2014, section 446A.081, subdivision 9, is amended to read:

Subd. 9. Other uses of fund. (a) The drinking water revolving loan fund may be used as provided in the act, including the following uses:

(1) to buy or refinance the debt obligations, at or below market rates, of public water systems for drinking water systems, where the debt was incurred after the date of enactment of the act, for the purposes of construction of the necessary improvements to comply with the national primary drinking water regulations under the federal Safe Drinking Water Act;

(2) to purchase or guarantee insurance for local obligations to improve credit market access or reduce interest rates;

(3) to provide a source of revenue or security for the payment of principal and interest on revenue or general obligation bonds issued by the authority if the bond proceeds are deposited in the fund;

(4) to provide loans or loan guarantees for similar revolving funds established by a governmental unit or state agency;

(5) to earn interest on fund accounts;

(6) to pay the reasonable costs incurred by the authority, the Department of Employment and Economic Development, and the Department of Health for conducting activities as authorized and required under the act up to the limits authorized under the act;

(7) to develop and administer programs for water system supervision, source water protection, and related programs required under the act;

(8) notwithstanding Minnesota Rules, part 7380.0280, to provide principal forgiveness or grants to the extent permitted under the federal Safe Drinking Water Act and other federal law, based on the criteria and requirements established for drinking water projects under the water infrastructure funding program under section 446A.072;

(9) to provide loans, principal forgiveness or grants to the extent permitted under the federal Safe Drinking Water Act and other federal law to address green infrastructure, water or energy efficiency improvements, or other environmentally innovative activities; and

(10) to provide principal forgiveness, or grants for 50 percent of the project cost up to a maximum of $10,000 for projects needed to comply with national primary drinking water standards for an existing community or noncommunity public water system.

(b) Principal forgiveness or grants under paragraph (a), clause (8), must only be provided if the average annual residential drinking water system cost after completion of the project would otherwise exceed 1.2 percent of the median household income in the project service area. In determining whether the average annual residential drinking water system cost would exceed 1.2 percent, the authority must consider the total costs associated with building, operating, and maintaining the drinking water system, including...
debt service and operation and maintenance costs. Debt service costs for the proposed
project must be calculated based on the maximum loan term permitted for the drinking
water revolving fund loan under this section. The amount of the principal forgiveness or
grant must be equal to 80 percent of the amount needed to reduce the average annual
residential drinking water system cost to 1.2 percent of median household income in the
project service area, to a maximum of $4,000,000 or $15,000 per connection, whichever is
less, and not to exceed 80 percent of the total project cost.

(e) (b) Principal forgiveness or grants provided under paragraph (a), clause (9), may
not exceed 25 percent of the eligible project costs as determined by the Department of
Health for project components directly related to green infrastructure, water or energy
efficiency improvements, or other environmentally innovative activities, up to a maximum
of $1,000,000.

(d) The authority may reduce the percentage of median household income at which a
loan term could extend to 30 years under subdivision 8, paragraph (e), and at which
principal forgiveness or grants could be provided under paragraph (b) if it determines that
the federal money allotted to the state cannot be fully utilized without the reduction. If it
determines that the reduction is necessary to fully utilize the federal money, the authority
must effect the change through its approval of the annual intended use plan.

Sec. 13. Minnesota Statutes 2014, section 446A.12, subdivision 1, is amended to read:

Subdivision 1. Bonding authority. The authority may issue negotiable bonds in a
principal amount that the authority determines necessary to provide sufficient funds for
achieving its purposes, including the making of loans and purchase of securities, the
payment of interest on bonds of the authority, the establishment of reserves to secure its
bonds, the payment of fees to a third party providing credit enhancement, and the payment
of all other expenditures of the authority incident to and necessary or convenient to carry
out its corporate purposes and powers, but not including the making of grants. Bonds of
the authority may be issued as bonds or notes or in any other form authorized by law.
The principal amount of bonds issued and outstanding under this section at any time
may not exceed $1,500,000,000 $2,000,000,000, excluding bonds for which refunding
bonds or crossover refunding bonds have been issued, and excluding any bonds issued
for the credit enhanced bond program or refunding or crossover refunding bonds issued
under the program. The principal amount of bonds issued and outstanding under section
446A.087, may not exceed $500,000,000, excluding bonds for which refunding bonds or
crossover refunding bonds have been issued.
Sec. 14. Laws 2002, chapter 393, section 22, subdivision 6, as amended by Laws 2005, chapter 20, article 1, section 43, and Laws 2013, chapter 136, section 10, is amended to read:

Subd. 6. **Fergus Falls Regional Treatment Center**

3,000,000

To design, renovate, construct, furnish, and equip ancillary support and program facilities, including improvements to basic infrastructure, such as sanitary and storm sewer and water lines, public streets, curb, gutter, street lights, or sidewalks, to make improvements for building envelope and structural integrity for the purposes of stabilizing the buildings for sale, for hazardous materials abatement, and for demolition of all or portions of surplus, nonfunctional, or deteriorated facilities and infrastructure or to renovate surplus, nonfunctional, or deteriorated facilities and infrastructure to facilitate the redevelopment of the Fergus Falls Regional Treatment Center campus. If the property is sold or transferred to a local unit of government, the unspent portion of this appropriation may be granted to the local unit of government that acquires the campus for the purposes stated in this subdivision.

Notwithstanding Minnesota Statutes, section 16A.642, the bond sale authorization and appropriation of bond proceeds in this subdivision are available until December 31, 2016 2018.

Sec. 15. Laws 2010, chapter 189, section 7, subdivision 5, is amended to read:

Subd. 5. **Dam Renovation and Removal**

4,750,000
To renovate or remove publicly owned dams.

The commissioner shall determine project priorities as appropriate under Minnesota Statutes, sections 103G.511 and 103G.515.

This appropriation includes money for the following projects:

(a) Byllesby Dam, Dakota and Goodhue Counties
(b) Champlin Mill Pond Dam, Hennepin County
(c) Clayton Lake Dam, Pine County
(d) Drayton Dam, Kittson County
(e) Hallock Dam, Kittson County
(f) Lake Bronson Dam, Kittson County
(g) Lanesboro Dam, Fillmore County
(h) Milaca Dam, Mille Lacs County
(i) Montevideo Dam, Chippewa County
(j) Pike River Dam, St. Louis County

Notwithstanding Minnesota Statutes, section 16A.69, subdivision 2, upon the award of final contracts for the completion of a project listed in this subdivision, the commissioner may transfer the unencumbered balance in the project account to any other dam renovation or removal project on the commissioner's priority list.

Notwithstanding the match requirements in Minnesota Statutes, section 103G.511, a grant to the city of Lanesboro does not require any nonstate match.

Sec. 16. Laws 2012, chapter 293, section 7, subdivision 3, is amended to read:
Subd. 3. Dam Repair, Reconstruction, and Removal

To renovate or remove publicly owned dams.

The commissioner shall determine project priorities as appropriate under Minnesota Statutes, sections 103G.511 and 103G.515.

Notwithstanding the match requirements in Minnesota Statutes, section 103G.511, a grant to the city of Lanesboro does not require any nonstate match.

Sec. 17. Laws 2012, chapter 293, section 17, subdivision 4, is amended to read:

Subd. 4. Phillips Community Center

For a grant to the Minneapolis Park and Recreation Board to predesign, design, engineer, reconstruct, renovate, furnish, and equip the Phillips Community Center indoor competitive swimming pool and to predesign, design, engineer, and construct an additional indoor multipurpose family pool and facilities associated with an aquatic center in the community center, subject to Minnesota Statutes, section 16A.695.

This appropriation is not available until the commissioner determines that at least $350,000 is committed from nonstate sources. Notwithstanding Minnesota Statutes, section 16A.642, the bond authorization and appropriation of bond proceeds for this project are available until December 31, 2018.

Sec. 18. Laws 2014, chapter 294, article 1, section 7, subdivision 15, is amended to read:

Subd. 15. Grant County Trail Grant

100,000
For a grant to Grant County for predesign, acquisition, and or improvements for a trail from the city of Elbow Lake to Pomme de Terre Lake. The commissioner of natural resources may allocate any amount not needed to complete this project to state trail acquisition and improvements under Minnesota Statutes, section 85.015.

Sec. 19. Laws 2014, chapter 294, article 1, section 17, subdivision 6, is amended to read:

Subd. 6. Inver Grove Heights - Heritage Village Park

$1,500,000 of this appropriation is for a grant to the city of Inver Grove Heights and $500,000 of this appropriation is for a grant to Dakota County. This appropriation is for public infrastructure improvements and land acquisition in and adjacent to the Heritage Village Park, the Mississippi River Trail, and the Rock Island Swing Bridge. These improvements will include but are not limited to motor vehicle access, utility service, stormwater treatment, and trail and sidewalk connections. This appropriation is not available until the commissioner of management and budget has determined that at least an equal amount has been committed to the project from nonstate sources.

Sec. 20. Laws 2014, chapter 294, article 1, section 17, subdivision 12, is amended to read:

Subd. 12. West St. Paul - North Urban River to River Regional Trail Bridge Greenway

For a grant to the city of West St. Paul to predesign, design, and construct a pedestrian bridge for the North Urban Regional Trail.
as an overpass grade separated crossing of
Robert Street in the area near Wentworth
Avenue in West St. Paul for the River to River
Regional Greenway. This appropriation may
also be used to acquire property or purchase
rights-of-way needed for bridge construction.
A nonstate match is not required.

Sec. 21. Laws 2015, First Special Session chapter 5, article 1, section 10, subdivision
3, is amended to read:

Subd. 3. Local Road Improvement Fund
Grants

8,910,000

(a) From the bond proceeds account in
the state transportation fund as provided
in Minnesota Statutes, section 174.50, for
construction and reconstruction of local
roads with statewide or regional significance
under Minnesota Statutes, section 174.52,
subdivision 4, or for grants to counties to
assist in paying the costs of rural road safety
capital improvement projects on county
state-aid highways under Minnesota Statutes,
section 174.52, subdivision 4a.

(b) This appropriation includes $850,000 for
a grant to the city of Sandstone for predesign,
design, engineering, and construction of a
road extending south off of marked Trunk
Highway 23 across from Lundorff Drive
to the airport area, and including a bridge
over Skunk Creek in Sandstone, in order to
facilitate repurposing of an area of the airport
into a business park. This appropriation
is not available until the commissioner of
management and budget determines that
sufficient resources to complete the project
are committed to it from other sources,
including any funds made available from the commissioner of transportation.

(c) This appropriation includes $3,770,000 for a grant to Kandiyohi County for construction and reconstruction of local roads to facilitate the construction of highway-rail grade separations at U.S. Highway 12 and Minnesota Highway 40 as part of one or more of the following highway-rail intersections associated with the Willmar Wye project: U.S. Highway 12, marked Trunk Highway 40, and Kandiyohi County State-Aid Highway 55.

Sec. 22. REPORT ON FUTURE OF GLENSHEEN.

The Board of Regents of the University of Minnesota must develop a plan for the future of Glensheen, the historic Congdon estate in Duluth, in cooperation and consultation with the city of Duluth, the Minnesota Historical Society, and other interested parties. The plan must address facility ownership, a multiphased asset renewal plan, programmatic operations, and cultural interpretation. The plan must be submitted by January 16, 2017, to the chairs and ranking minority members of the legislative committees with jurisdiction over higher education policy and finance, and capital investment, and as provided in Minnesota Statutes, section 3.195.

Sec. 23. REPEALER.

Minnesota Statutes 2014, section 123A.446, is repealed.

Sec. 24. EFFECTIVE DATE.

Except as otherwise provided, this article is effective the day following final enactment."
