### WHAT MAKES MACPHAIL UNIQUE?

Resources to a school district:

- Early childhood music for Pre-K classes
- Support to school ensemble programs
- Professional development for educators

MacPhail's Online School Partnership (OSP) program supports rural school educators through supplemental online music learning experiences. Using technology, students of all ages and instruments connect with MacPhail Teaching Artists live online, working towards goals set by the rural school's educators. MacPhail has been able to meet the demand for supplementing school music programs in Greater Minnesota bringing music resources to rural areas of the state that may otherwise have limited access.
