Such rules must require college and universities offering a board-approved teacher preparation program to provide remedial assistance to persons who did not achieve a qualifying score on the college-level skills examination or attain the requisite composite score essentially equivalent passing scores on the ACT Plus Writing or SAT, including those for whom English is a second language. The requirement to pass a reading, writing, and mathematics college-level skills examination or attain the requisite composite score essentially equivalent passing scores on the ACT Plus Writing or SAT does not apply to nonnative English speakers, as verified by qualified Minnesota school district personnel or Minnesota higher education faculty, who, after meeting the content and pedagogy requirements under this subdivision, apply for a teaching license to provide direct instruction in their native language or world language instruction under section 120B.022, subdivision 1. A teacher candidate's official ACT Plus Writing or SAT composite score report to the board must not be more than ten years old at the time of licensure.

(c) The board must adopt rules to approve teacher preparation programs. The board, upon the request of a postsecondary student preparing for teacher licensure or a licensed graduate of a teacher preparation program, shall assist in resolving a dispute between the person and a postsecondary institution providing a teacher preparation program when the dispute involves an institution's recommendation for licensure affecting the person or the person's credentials. At the board's discretion, assistance may include the application of chapter 14.

(d) The board must provide the leadership and adopt rules for the redesign of teacher education programs to implement a research based, results-oriented curriculum that focuses on the skills teachers need in order to be effective. Among other components,
teacher preparation programs are encouraged to provide a school-year-long student
teaching program that combines clinical opportunities with academic coursework and
in-depth student teaching experiences to offer students ongoing mentorship, coaching
and assessment, help to prepare a professional development plan, and structured
learning experiences. The board shall implement new systems of teacher preparation
program evaluation to assure program effectiveness based on proficiency of graduates in
demonstrating attainment of program outcomes. Teacher preparation programs including
alternative teacher preparation programs under section 122A.245, among other programs,
must include a content-specific, board-approved, performance-based assessment that
measures teacher candidates in three areas: planning for instruction and assessment;
engaging students and supporting learning; and assessing student learning. The board's
redesign rules must include creating flexible, specialized teaching licenses, credentials,
and other endorsement forms to increase students' participation in language immersion
programs, world language instruction, career development opportunities, work-based
learning, early college courses and careers, career and technical programs, Montessori
schools, and project and place-based learning, among other career and college ready
learning offerings.

(e) The board must adopt rules requiring candidates for initial licenses to pass an
examination of general pedagogical knowledge and examinations of licensure-specific
teaching skills. The rules shall be effective by September 1, 2001. The rules under this
paragraph also must require candidates for initial licenses to teach prekindergarten or
elementary students to pass, as part of the examination of licensure-specific teaching
skills, test items assessing the candidates' knowledge, skill, and ability in comprehensive,
scientifically based reading instruction under section 122A.06, subdivision 4, and their
knowledge and understanding of the foundations of reading development, the development
of reading comprehension, and reading assessment and instruction, and their ability to
integrate that knowledge and understanding.

(f) The board must adopt rules requiring teacher educators to work directly with
elementary or secondary school teachers in elementary or secondary schools to obtain
periodic exposure to the elementary or secondary teaching environment.

(g) The board must grant licenses to interns and to candidates for initial licenses
based on appropriate professional competencies that are aligned with the board's licensing

importance of cultural and linguistic competencies, including the ability to teach and
communicate in culturally competent and aware ways, and formalizes mentoring and
induction for newly licensed teachers provided through a teacher support framework.

(h) The board must design and implement an assessment system which requires a
candidate for an initial license and first continuing license to demonstrate the abilities
necessary to perform selected, representative teaching tasks at appropriate levels.

(i) The board must receive recommendations from local committees as established
by the board for the renewal of teaching licenses. The board must require licensed teachers
who are renewing a continuing license to include in the renewal requirements further
preparation in English language development and specially designed content instruction
in English for English learners.

(j) The board must grant life licenses to those who qualify according to requirements
established by the board, and suspend or revoke licenses pursuant to sections 122A.20 and

their continuing license to include in their renewal requirements further preparation in
the areas of using positive behavior interventions and in accommodating, modifying, and
adapting curricula, materials, and strategies to appropriately meet the needs of individual
students and ensure adequate progress toward the state's graduation rule.

(l) In adopting rules to license public school teachers who provide health-related
services for disabled children, the board shall adopt rules consistent with license or
registration requirements of the commissioner of health and the health-related boards who
license personnel who perform similar services outside of the school.

(m) The board must adopt rules that require all licensed teachers who are renewing
their continuing license to include in their renewal requirements further reading

directors and coordinators, and recreation personnel are exempt from this section.

(n) The board must adopt rules that require all licensed teachers who are renewing
their continuing license to include in their renewal requirements further preparation,
first, in understanding the key warning signs of early-onset mental illness in children
and adolescents and then, during subsequent licensure renewal periods, preparation may
include providing a more in-depth understanding of students' mental illness trauma,
accommodations for students' mental illness, parents' role in addressing students' mental illness, Fetal Alcohol Spectrum Disorders, autism, the requirements of section 125A.0942 governing restrictive procedures, and de-escalation methods, among other similar topics.

(o) The board must adopt rules by January 1, 2016, to license applicants under sections 122A.23 and 122A.245. The rules must permit applicants to demonstrate their qualifications through the board's recognition of a teaching license from another state in a similar content field, completion of a state-approved teacher preparation program, teaching experience as the teacher of record in a similar licensure field, depth of content knowledge, depth of content methods or general pedagogy, subject-specific professional development and contribution to the field, or classroom performance as determined by documented student growth on normed assessments or documented effectiveness on evaluations. The rules must adopt criteria for determining a "similar content field" and "similar licensure area."

EFFECTIVE DATE. This section is effective the day following final enactment and applies to all candidates seeking initial teacher licensure, including those holding a temporary, one-year teaching license.

Sec. 12. Minnesota Statutes 2014, section 122A.09, is amended by adding a subdivision to read:

Subd. 11. Teacher preparation program reporting. By December 31, 2018, and annually thereafter, the Board of Teaching shall report and publish on its Web site the cumulative summary results of at least three consecutive years of data reported to the board under subdivision 4a, paragraph (b). Where the data are sufficient to yield statistically reliable information and the results would not reveal personally identifiable information about an individual teacher, the board shall report the data by teacher preparation program.

Sec. 13. Minnesota Statutes 2014, section 122A.14, subdivision 3, is amended to read:

Subd. 3. Rules for continuing education requirements. The board shall adopt rules establishing continuing education requirements that promote continuous improvement and acquisition of new and relevant skills by school administrators. Continuing education programs, among other things, must provide school administrators with information and training about building coherent and effective English learner strategies that include relevant professional development, accountability for student progress, students' access to the general curriculum, and sufficient staff capacity to effect these strategies. A retired school principal who serves as a substitute principal or assistant principal for the same person on a day-to-day basis for no more than 15 consecutive school days is not subject to continuing education requirements as a condition of serving as a substitute principal or assistant principal.

EFFECTIVE DATE. This section is effective the day following final enactment.
Sec. 14. Minnesota Statutes 2014, section 122A.14, is amended by adding a
subdivision to read:

Subd. 10. Principal preparation program reporting. By December 31, 2018, and
annually thereafter, the Board of School Administrators shall report and publish on its
Web site the cumulative summary results of three years of data reported to the board under
section 122A.09, subdivision 4a, paragraph (c), for each principal preparation program.

Sec. 15. Minnesota Statutes 2014, section 122A.18, subdivision 2, is amended to read:

Subd. 2. Teacher and support personnel qualifications. (a) The Board of
Teaching must issue licenses under its jurisdiction to persons the board finds to be
qualified and competent for their respective positions, including those who meet the
standards adopted under section 122A.09, subdivision 4, paragraph (o).

(b) The board must require a person to pass an examination of college-level skills
in reading, writing, and mathematics or attain either a composite score composed of
the average of the passing scores in English and writing, reading, and mathematics on
the ACT Plus Writing recommended by the board, or an equivalent composite score
composed of the average of the passing scores in critical reading, mathematics, and
writing on the SAT recommended by the board, before being granted an initial teaching
license to provide direct instruction to pupils in prekindergarten, elementary, secondary,
or special education programs, except that the board may issue up to two temporary,
one-year teaching licenses to an otherwise qualified candidate who has not yet passed the
college-level skills exam or attained the requisite composite score essentially equivalent
passing scores on the ACT Plus Writing or SAT. At the request of a school district or
charter school employer, the Board of Teaching must grant an additional temporary
one-year teaching license to an otherwise qualified teacher, employed by the district or
charter school, who held a temporary one-year teaching license in the previous school
year. The board must require colleges and universities offering a board approved teacher
preparation program to make available upon request remedial assistance that includes a
formal diagnostic component to persons enrolled in their institution who did not achieve a
qualifying score on the college-level skills examination or attain the requisite composite
ACT Plus Writing or SAT score essentially equivalent passing scores, including those for
whom English is a second language. The colleges and universities must make available
assistance in the specific academic areas of candidates’ deficiency. School districts may
make available upon request similar, appropriate, and timely remedial assistance that
includes a formal diagnostic component to those persons employed by the district who
completed their teacher education program, who did not achieve a qualifying score on the
college-level skills examination, or attain the requisite composite ACT Plus Writing or SAT score essentially equivalent passing scores, and who received a temporary license to teach in Minnesota. The Board of Teaching shall report annually to the education committees of the legislature on the total number of teacher candidates during the most recent school year taking the college-level skills examination, the number who achieve a qualifying score on the examination, the number who do not achieve a qualifying score on the examination, the distribution of all candidates' scores, the number of candidates who have taken the examination at least once before, and the number of candidates who have taken the examination at least once before and achieve a qualifying score, and the candidates who have not attained the requisite composite ACT Plus Writing or SAT score essentially equivalent passing scores or have not passed a content or pedagogy exam, disaggregated by categories of race, ethnicity, and eligibility for financial aid.

(c) The Board of Teaching must grant continuing licenses only to those persons who have met board criteria for granting a continuing license, which includes passing the college-level skills examination in reading, writing, and mathematics or attaining the requisite composite ACT Plus Writing or SAT score essentially equivalent passing scores consistent with paragraph (b), and the exceptions in section 122A.09, subdivision 4, paragraph (b), that are consistent with this paragraph. The requirement to pass a reading, writing, and mathematics college-level skills examination, or attain the requisite composite score essentially equivalent passing scores on the ACT Plus Writing or SAT does not apply to nonnative English speakers, as verified by qualified Minnesota school district personnel or Minnesota higher education faculty, who, after meeting the content and pedagogy requirements under this subdivision, apply for a teaching license to provide direct instruction in their native language or world language instruction under section 120B.022, subdivision 1. A teacher candidate's official ACT Plus Writing or SAT composite score passing scores report to the board must not be more than ten years old at the time of licensure.

(d) All colleges and universities approved by the board of teaching to prepare persons for teacher licensure must include in their teacher preparation programs a common core of teaching knowledge and skills to be acquired by all persons recommended for teacher licensure. Among other requirements, teacher candidates must demonstrate the knowledge and skills needed to provide appropriate instruction to English learners to support and accelerate their academic literacy, including oral academic language, and achievement in content areas in a regular classroom setting. This common core shall meet the standards developed by the interstate new teacher assessment and support consortium in its 1992 "model standards for beginning teacher licensing and development." Amendments to
standards adopted under this paragraph are covered by chapter 14. The board of teaching
shall report annually to the education committees of the legislature on the performance
of teacher candidates on common core assessments of knowledge and skills under this
paragraph during the most recent school year.

(c) A person whose license to teach has been revoked, not issued, or not renewed
under paragraph (b), may petition the board to reconsider the licensing action if the
person's conviction for child abuse or sexual abuse is reversed by a final decision of the

the pardon to the petition. Upon receiving the petition and its attachment, the board shall
schedule and hold a disciplinary hearing on the matter under section 214.10, subdivision 2,
unless the petitioner waives the right to a hearing. If the board finds that, notwithstanding
the reversal of the petitioner's criminal conviction or the issuance of a pardon, the
petitioner is disqualified from teaching under paragraph (a), clause (1), the board shall
affirm its previous licensing action. If the board finds that the petitioner is not disqualified
from teaching under paragraph (a), clause (1), it shall reverse its previous licensing action.

Subd. 4. Background check. A school district or charter school shall provide confirm to the Board of Teaching with confirmation that criminal background checks have been completed for all nonlicensed community experts employed by the district or charter school and approved by the Board of Teaching under this section.

EFFECTIVE DATE. This section is effective the day following final enactment and applies to all nonlicensed community experts hired or sponsored after that date.

Sec. 23. Minnesota Statutes 2014, section 122A.30, is amended to read:

122A.30 EXEMPTION FOR TECHNICAL COLLEGE EDUCATION INSTRUCTORS.

Notwithstanding section 122A.15, subdivision 1, and upon approval of the local employer school board, a person who teaches in a part-time vocational or career and technical education program not more than 61 hours per fiscal year is exempt from a license requirement.

EFFECTIVE DATE. This section is effective the day following final enactment and applies to all technical education instructors hired after that date.

Sec. 24. Minnesota Statutes 2014, section 122A.40, subdivision 5, is amended to read:

Subd. 5. Probationary period. (a) The first three consecutive years of a teacher's first teaching experience in Minnesota in a single district is deemed to be a probationary period of employment, and, the probationary period in each district in which the teacher is
thereafter employed shall be one year. The school board must adopt a plan for written evaluation of teachers during the probationary period that is consistent with subdivision 8. Evaluation must occur at least three times periodically throughout each school year for a teacher performing services during that school year; the first evaluation must occur within the first 90 days of teaching service. Days devoted to parent-teacher conferences, teachers' workshops, and other staff development opportunities and days on which a teacher is absent from school must not be included in determining the number of school days on which a teacher performs services. Except as otherwise provided in paragraph (b), during the probationary period any annual contract with any teacher may or may not be renewed (1) as the school board shall see fit, or (2) consistent with the negotiated unrequested leave of absence plan in effect under subdivision 10. However, the board must give any such teacher whose contract it declines to renew for the following school year written notice to that effect before July 1. If the teacher requests reasons for any nonrenewal of a teaching contract, the board must give the teacher its reason in writing, including a statement that appropriate supervision was furnished describing the nature and the extent of such supervision furnished the teacher during the employment by the board, within ten days after receiving such request. The school board may, after a hearing held upon due notice, discharge a teacher during the probationary period for cause, effective immediately, under section 122A.44.

(b) A board must discharge a probationary teacher, effective immediately, upon receipt of notice under section 122A.20, subdivision 1, paragraph (b), that the teacher's license has been revoked due to a conviction for child abuse or sexual abuse.

(c) A probationary teacher whose first three years of consecutive employment are interrupted for active military service and who promptly resumes teaching consistent with federal reemployment timelines for uniformed service personnel under United States Code, title 38, section 4312(e), is considered to have a consecutive teaching experience for purposes of paragraph (a).

(d) A probationary teacher whose first three years of consecutive employment are interrupted for maternity, paternity, or medical leave and who resumes teaching within 12 months of when the leave began is considered to have a consecutive teaching experience for purposes of paragraph (a) if the probationary teacher completes a combined total of three years of teaching service immediately before and after the leave.

(e) A probationary teacher must complete at least 120 days of teaching service each year during the probationary period. Days devoted to parent-teacher conferences, teachers' workshops, and other staff development opportunities and days on which a teacher is absent from school do not count as days of teaching service under this paragraph.
EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 25. Minnesota Statutes 2014, section 122A.40, subdivision 8, is amended to read:

Subd. 8. Development, evaluation, and peer coaching for continuing contract teachers. (a) To improve student learning and success, a school board and an exclusive representative of the teachers in the district, consistent with paragraph (b), may develop a teacher evaluation and peer review process for probationary and continuing contract teachers through joint agreement. If a school board and the exclusive representative of the teachers do not agree to an annual teacher evaluation and peer review process, then the school board and the exclusive representative of the teachers must implement the state teacher evaluation plan under paragraph (c). The process must include having trained observers serve as peer coaches or having teachers participate in professional learning communities, consistent with paragraph (b).

(b) To develop, improve, and support qualified teachers and effective teaching practices and improve student learning and success, the annual evaluation process for teachers:

(1) must, for probationary teachers, provide for all evaluations required under subdivision 5;

(2) must establish a three-year professional review cycle for each teacher that includes an individual growth and development plan, a peer review process, and at least one summative evaluation performed by a qualified and trained evaluator such as a school administrator. For the years when a tenured teacher is not evaluated by a qualified and trained evaluator, the teacher must be evaluated by a peer review;

(3) must be based on professional teaching standards established in rule;

(4) must coordinate staff development activities under sections 122A.60 and 122A.61 with this evaluation process and teachers’ evaluation outcomes;

(5) may provide time during the school day and school year for peer coaching and teacher collaboration;

(6) may include job-embedded learning opportunities such as professional learning communities;

(7) may include mentoring and induction programs;

(8) must include an option for teachers to develop and present a portfolio demonstrating evidence of reflection and professional growth, consistent with section 122A.18, subdivision 4, paragraph (b), and include teachers’ own performance assessment based on student work samples and examples of teachers’ work, which may include video among other activities for the summative evaluation;
(9) must use data from valid and reliable assessments aligned to state and local academic standards and must use state and local measures of student growth and literacy that may include value-added models or student learning goals to determine 35 percent of teacher evaluation results;

(10) must use longitudinal data on student engagement and connection, and other student outcome measures explicitly aligned with the elements of curriculum for which teachers are responsible, including academic literacy, oral academic language, and achievement of content areas of English learners;

(11) must require qualified and trained evaluators such as school administrators to perform summative evaluations and ensure school districts and charter schools provide for effective evaluator training specific to teacher development and evaluation;

(12) must give teachers not meeting professional teaching standards under clauses (3) through (11) support to improve through a teacher improvement process that includes established goals and timelines; and

(13) must discipline a teacher for not making adequate progress in the teacher improvement process under clause (12) that may include a last chance warning, termination, discharge, nonrenewal, transfer to a different position, a leave of absence, or other discipline a school administrator determines is appropriate.

Data on individual teachers generated under this subdivision are personnel data under section 13.43. The observation and interview notes of peer coaches may only be disclosed to other school officials with the consent of the teacher being coached.

(c) The department, in consultation with parents who may represent parent organizations and teacher and administrator representatives appointed by their respective organizations, representing the Board of Teaching, the Minnesota Association of School Administrators, the Minnesota School Boards Association, the Minnesota Elementary and Secondary Principals Associations, Education Minnesota, and representatives of the Minnesota Assessment Group, the Minnesota Business Partnership, the Minnesota Chamber of Commerce, and Minnesota postsecondary institutions with research expertise in teacher evaluation, must create and publish a teacher evaluation process that complies with the requirements in paragraph (b) and applies to all teachers under this section and section 122A.41 for whom no agreement exists under paragraph (a) for an annual teacher evaluation and peer review process. The teacher evaluation process created under this subdivision does not create additional due process rights for probationary teachers under subdivision 5.

(d) Consistent with the measures of teacher effectiveness under this subdivision:
(1) for students in kindergarten through grade 4, a school administrator must not place a student in consecutive school years in the classroom of a teacher with the lowest evaluation rating in the previous school year unless no other teacher at the school teaches that grade; and

(2) for students in grades 5 through 12, a school administrator must not place students in consecutive school years in the classroom of a teacher with the lowest evaluation rating in the previous school year unless no other teacher at the school teaches that subject area and grade.

**EFFECTIVE DATE.** This section is effective for the 2017-2018 school year and later, except paragraph (b), clause (7), is effective for the 2015-2016 school year and later.

Sec. 26. Minnesota Statutes 2014, section 122A.40, subdivision 10, is amended to read:

Subd. 10. Negotiated unrequested leave of absence. (a) The school board and the exclusive bargaining representative of the teachers may must negotiate a plan consistent with subdivision 8, providing for unrequested leave of absence without pay or fringe benefits for as many teachers as may be necessary because of discontinuance of position, lack of pupils, financial limitations, or merger of classes caused by consolidation of districts. Failing to successfully negotiate such a plan, the provisions of subdivision 11 shall apply. The negotiated plan must not include provisions which would result in the exercise of seniority by a teacher holding only a provisional license, other than a vocational education license, contrary to the provisions of subdivision 11, paragraph (e) if required for the position, or the reinstatement of a teacher holding only a provisional license, other than a vocational education license, contrary to the provisions of subdivision 11, paragraph (e) required for the position. The provisions of section 179A.16 do not apply for the purposes of this subdivision.

(b) Beginning in the 2017-2018 school year and later, and notwithstanding any law to the contrary, a school board must place teachers on unrequested leave of absence based on their subject matter licensure fields, most recent evaluation outcomes and effectiveness category or rating under subdivision 8, and other, locally determined criteria such as teacher seniority, and may include both probationary teachers and continuing contract teachers within an effectiveness category or rating. For purposes of placing a teacher on unrequested leave of absence or recalling a teacher from unrequested leave of absence, a school board is not required to reassign a teacher with more seniority to accommodate the seniority claims of a teacher who is similarly licensed and effective but with less seniority.

Nothing in this paragraph permits a school board to use a teacher's remuneration as a basis for making unrequested leave of absence decisions. Any executed employment contract
between the school board and the exclusive representative of the teachers must contain the
negotiated unrequested leave of absence plan. The school board must publish in a readily
accessible format the unrequested leave of absence plan it negotiates under this paragraph.
(c) A teacher who receives notice of being placed on unrequested leave of absence
under paragraph (b) may submit to the board, within 14 days of receiving the notice, a
written request for a hearing before a neutral hearing officer to establish whether the
district met the following teacher evaluation requirements under subdivision 8: if the
teacher is a probationary teacher, all evaluations required under subdivision 5 were
provided; a three-year professional review cycle was established for the teacher; any
summative evaluation of the teacher was performed by a qualified and trained evaluator;
a peer review evaluation occurred in any year when the teacher was not evaluated by a
qualified and trained evaluator; and if the teacher did not meet professional teaching
standards, a teacher improvement process with goals and timelines was established. The
school board and the exclusive representative of the teachers must agree on a panel of
people and a process to select the person to hear the matter. The hearing officer must issue
a decision within 14 days of the request for the hearing. Nothing in this subdivision
prevents a school board and the exclusive representative of the teachers from negotiating a
different process for determining whether the teacher evaluation requirements listed in
this subdivision were met.
(d) Evaluation outcomes and effectiveness categories under paragraph (b) must not
be used to place a teacher on unrequested leave of absence if the principal evaluating the
teacher is on an improvement plan under section 123B.147, subdivision 3, paragraph
(b), clause (8).
(e) For purposes of this subdivision, a provisional license is a license to teach issued
by the Board of Teaching under a waiver or variance.

**EFFECTIVE DATE.** This section is effective the day following final enactment and
applies to negotiated plans for unrequested leave of absence agreed to on or after that date.

Sec. 27. Minnesota Statutes 2014, section 122A.40, subdivision 11, is amended to read:

Subd. 11. Unrequested leave of absence. (a) The board may place on unrequested
leave of absence, without pay or fringe benefits, as many teachers as may be necessary
because of discontinuance of position, lack of pupils, financial limitations, or merger of
classes caused by consolidation or reorganization of districts under chapter 123A. The
unrequested leave is effective at the close of the school year.
(b) In placing teachers on unrequested leave in the 2014-2015 through 2016-2017
school years only, the board is governed by the following provisions in this subdivision.
(a) (c) The board may place probationary teachers on unrequested leave first in the inverse order of their employment. A teacher who has acquired continuing contract rights must not be placed on unrequested leave of absence while probationary teachers are retained in positions for which the teacher who has acquired continuing contract rights is licensed.

(b) (d) Teachers who have acquired continuing contract rights shall be placed on unrequested leave of absence in fields in which they are licensed in the inverse order in which they were employed by the school district. In the case of equal seniority, the order in which teachers who have acquired continuing contract rights shall be placed on unrequested leave of absence in fields in which they are licensed is negotiable.

(e) (e) Notwithstanding the provisions of paragraph (b) (d), a teacher is not entitled to exercise any seniority when that exercise results in that teacher being retained by the district in a field for which the teacher holds only a provisional license, as defined by the board of teaching, unless that exercise of seniority results in the placement on unrequested leave of absence of another teacher who also holds a provisional license in the same field.

The provisions of this paragraph do not apply to vocational education licenses.

(f) Notwithstanding paragraphs (a), (b), and (c), (d), and (e), if the placing of a probationary teacher on unrequested leave before a teacher who has acquired continuing rights, the placing of a teacher who has acquired continuing contract rights on unrequested leave before another teacher who has acquired continuing contract rights but who has greater seniority, or the restriction imposed by the provisions of paragraph (e) (e) would place the district in violation of its affirmative action program, the district may retain the probationary teacher, the teacher with less seniority, or the provisionally licensed teacher.

(g) For purposes of placing a teacher on unrequested leave of absence or recalling a teacher from unrequested leave of absence, nothing in this subdivision requires a school board to reassign a teacher to accommodate the seniority claims of a teacher who is similarly licensed and effective but with less seniority.

(h) Teachers placed on unrequested leave of absence must be reinstated to the positions from which they have been given leaves of absence or, if not available, to other available positions in the school district in fields in which they are licensed. Reinstatement must be in the inverse order of placement on leave of absence. A teacher must not be reinstated to a position in a field in which the teacher holds only a provisional license, other than a vocational education license, while another teacher who holds a nonprovisional license in the same field remains on unrequested leave. The order of reinstatement of teachers who have equal seniority and who are placed on unrequested leave in the same school year is negotiable.
(i) Appointment of a new teacher must not be made while there is available, on unrequested leave, a teacher who is properly licensed to fill such vacancy, unless the teacher fails to advise the school board within 30 days of the date of notification that a position is available to that teacher who may return to employment and assume the duties of the position to which appointed on a future date determined by the board.

(j) A teacher placed on unrequested leave of absence may engage in teaching or any other occupation during the period of this leave.

(k) The unrequested leave of absence must not impair the continuing contract rights of a teacher or result in a loss of credit for previous years of service.

(l) Consistent with subdivision 10, the unrequested leave of absence of a teacher who is categorized as effective or better under subdivision 8, who is placed on unrequested leave of absence, and who is not reinstated shall continue for a period of five years, after which the right to reinstatement shall terminate. The teacher's right to reinstatement shall also terminate if the teacher fails to file with the board by April 1 of any year a written statement requesting reinstatement.

(m) Consistent with subdivision 10, the unrequested leave of absence of a teacher who is categorized as ineffective or less under subdivision 8, who is placed on unrequested leave of absence, and who is not reinstated continues for the following school year only, after which the teacher's right to reinstatement terminates. The teacher's right to reinstatement also terminates if the teacher fails to file with the board by April 1 in that following school year a written statement requesting reinstatement.

(n) The same provisions applicable to terminations of probationary or continuing contracts in subdivisions 5 and 7 must apply to placement on unrequested leave of absence.

(o) Nothing in this subdivision shall be construed to impair the rights of teachers placed on unrequested leave of absence to receive unemployment benefits if otherwise eligible.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 28. Minnesota Statutes 2014, section 122A.40, subdivision 13, is amended to read:

Subd. 13. Immediate discharge. (a) Except as otherwise provided in paragraph (b), a board may discharge a continuing-contract teacher, effective immediately, upon any of the following grounds:

1. immoral conduct, insubordination, or conviction of a felony;

2. conduct unbecoming a teacher which requires the immediate removal of the teacher from classroom or other duties;
(3) failure without justifiable cause to teach without first securing the written release of the school board;

(4) gross inefficiency which the teacher has failed to correct after reasonable written notice;

(5) willful neglect of duty; or

(6) continuing physical or mental disability subsequent to a 12 months leave of absence and inability to qualify for reinstatement in accordance with subdivision 12.

For purposes of this paragraph, conduct unbecoming a teacher includes an unfair discriminatory practice described in section 363A.13.

Prior to discharging a teacher under this paragraph, the board must notify the teacher in writing and state its ground for the proposed discharge in reasonable detail. Within ten days after receipt of this notification the teacher may make a written request for a hearing before the board and it shall be granted before final action is taken. The board may suspend a teacher with pay pending the conclusion of the hearing and determination of the issues raised in the hearing after charges have been filed which constitute ground for discharge. If a teacher has been charged with a felony and the underlying conduct that is the subject of the felony charge is a ground for a proposed immediate discharge, the suspension pending the conclusion of the hearing and determination of the issues may be without pay. If a hearing under this paragraph is held, the board must reimburse the teacher for any salary or compensation withheld if the final decision of the board or the arbitrator does not result in a penalty to or suspension, termination, or discharge of the teacher.

(b) A board must discharge a continuing-contract teacher, effective immediately, upon receipt of notice under section 122A.20, subdivision 1, paragraph (b), that the teacher's license has been revoked due to a conviction for child abuse or, as defined in section 609.185; sex trafficking in the first degree under section 609.322, subdivision 1; sex trafficking in the second degree under section 609.322, subdivision 1a; engaging in hiring or agreeing to hire a minor to engage in prostitution under section 609.324, subdivision 1; sexual abuse under section 609.342, 609.343, 609.344, 609.345, 609.3451, subdivision 3, or 617.23, subdivision 3; solicitation of children to engage in sexual conduct or communication of sexually explicit materials to children under section 609.352; interference with privacy under section 609.746 or stalking under section 609.749 and the victim was a minor; using minors in a sexual performance under section 617.246; possessing pornographic works involving a minor under section 617.247; or any other offense not listed in this paragraph that requires the person to register as a predatory offender under section 243.166, or a crime under a similar law of another state or the United States.
(c) When a teacher is discharged under paragraph (b) or when the commissioner makes a final determination of child maltreatment involving a teacher under section 626.556, subdivision 11, the school principal or other person having administrative control of the school must include in the teacher's employment record the information contained in the record of the disciplinary action or the final maltreatment determination, consistent with the definition of public data under section 13.41, subdivision 5, and must provide the Board of Teaching and the licensing division at the department with the necessary and relevant information to enable the Board of Teaching and the department's licensing division to fulfill their statutory and administrative duties related to issuing, renewing, suspending, or revoking a teacher's license. Information received by the Board of Teaching or the licensing division at the department under this paragraph is governed by section 13.41 or other applicable law governing data of the receiving entity. In addition to the background check required under section 123B.03, a school board or other school hiring authority must contact the Board of Teaching and the department to determine whether the teacher's license has been suspended or revoked, consistent with the discharge and final maltreatment determinations identified in this paragraph. Unless restricted by federal or state data practices law or by the terms of a collective bargaining agreement, the responsible authority for a school district must disseminate to another school district private personnel data on a current or former teacher employee or contractor of the district, including the results of background investigations, if the requesting school district seeks the information because the subject of the data has applied for employment with the requesting school district.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 29. Minnesota Statutes 2014, section 122A.41, subdivision 2, is amended to read:

Subd. 2. **Probationary period; discharge or demotion.** (a) All teachers in the public schools in cities of the first class during the first three years of consecutive employment shall be deemed to be in a probationary period of employment during which period any annual contract with any teacher may, or may not, be renewed (1) as the school board, after consulting with the peer review committee charged with evaluating the probationary teachers under subdivision 3, shall see fit, or (2) consistent with the negotiated plan for discontinuing or terminating teachers in effect under subdivision 14. The school site management team or the school board if there is no school site management team, shall adopt a plan for a written evaluation of teachers during the probationary period according to subdivisions 3 and 5. Evaluation by the peer review committee charged with evaluating probationary teachers under subdivision 3 shall occur at least three times periodically.
throughout each school year for a teacher performing services during that school year; the first evaluation must occur within the first 90 days of teaching service. Days devoted to parent-teacher conferences, teachers' workshops, and other staff development opportunities and days on which a teacher is absent from school shall not be included in determining the number of school days on which a teacher performs services. The school board may, during such probationary period, discharge or demote a teacher for any of the causes as specified in this code. A written statement of the cause of such discharge or demotion shall be given to the teacher by the school board at least 30 days before such removal or demotion shall become effective, and the teacher so notified shall have no right of appeal therefrom.

(b) A probationary teacher whose first three years of consecutive employment are interrupted for active military service and who promptly resumes teaching consistent with federal reemployment timelines for uniformed service personnel under United States Code, title 38, section 4312(e), is considered to have a consecutive teaching experience for purposes of paragraph (a).

(c) A probationary teacher whose first three years of consecutive employment are interrupted for maternity, paternity, or medical leave and who resumes teaching within 12 months of when the leave began is considered to have a consecutive teaching experience for purposes of paragraph (a) if the probationary teacher completes a combined total of three years of teaching service immediately before and after the leave.

(d) A probationary teacher must complete at least 120 days of teaching service each year during the probationary period. Days devoted to parent-teacher conferences, teachers' workshops, and other staff development opportunities and days on which a teacher is absent from school do not count as days of teaching service under this paragraph.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 30. Minnesota Statutes 2014, section 122A.41, subdivision 5, is amended to read:

Subd. 5. Development, evaluation, and peer coaching for continuing contract teachers. (a) To improve student learning and success, a school board and an exclusive representative of the teachers in the district, consistent with paragraph (b), may develop an annual teacher evaluation and peer review process for probationary and nonprobationary teachers through joint agreement. If a school board and the exclusive representative of the teachers in the district do not agree to an annual teacher evaluation and peer review process, then the school board and the exclusive representative of the teachers must implement the state teacher evaluation plan developed under paragraph (c). The process must include having trained observers serve as peer coaches or having teachers participate in professional learning communities, consistent with paragraph (b).
(b) To develop, improve, and support qualified teachers and effective teaching practices and improve student learning and success, the annual evaluation process for teachers:

(1) must, for probationary teachers, provide for all evaluations required under subdivision 2;

(2) must establish a three-year professional review cycle for each teacher that includes an individual growth and development plan, a peer review process, and at least one summative evaluation performed by a qualified and trained evaluator such as a school administrator;

(3) must be based on professional teaching standards established in rule;

(4) must coordinate staff development activities under sections 122A.60 and 122A.61 with this evaluation process and teachers' evaluation outcomes;

(5) may provide time during the school day and school year for peer coaching and teacher collaboration;

(6) may include job-embedded learning opportunities such as professional learning communities;

(7) may include mentoring and induction programs;

(8) must include an option for teachers to develop and present a portfolio demonstrating evidence of reflection and professional growth, consistent with section 122A.18, subdivision 4, paragraph (b), and include teachers' own performance assessment based on student work samples and examples of teachers' work, which may include video among other activities for the summative evaluation;

(9) must use data from valid and reliable assessments aligned to state and local academic standards and must use state and local measures of student growth and literacy that may include value-added models or student learning goals to determine 35 percent of teacher evaluation results;

(10) must use longitudinal data on student engagement and connection and other student outcome measures explicitly aligned with the elements of curriculum for which teachers are responsible, including academic literacy, oral academic language, and achievement of English learners;

(11) must require qualified and trained evaluators such as school administrators to perform summative evaluations and ensure school districts and charter schools provide for effective evaluator training specific to teacher development and evaluation;

(12) must give teachers not meeting professional teaching standards under clauses (3) through (11) support to improve through a teacher improvement process that includes established goals and timelines; and
(13) must discipline a teacher for not making adequate progress in the teacher improvement process under clause (12) that may include a last chance warning, termination, discharge, nonrenewal, transfer to a different position, a leave of absence, or other discipline a school administrator determines is appropriate. Data on individual teachers generated under this subdivision are personnel data under section 13.43. The observation and interview notes of peer coaches may only be disclosed to other school officials with the consent of the teacher being coached.

c) The department, in consultation with parents who may represent parent organizations and teacher and administrator representatives appointed by their respective organizations, representing the Board of Teaching, the Minnesota Association of School Administrators, the Minnesota School Boards Association, the Minnesota Elementary and Secondary Principals Associations, Education Minnesota, and representatives of the Minnesota Assessment Group, the Minnesota Business Partnership, the Minnesota Chamber of Commerce, and Minnesota postsecondary institutions with research expertise in teacher evaluation, must create and publish a teacher evaluation process that complies with the requirements in paragraph (b) and applies to all teachers under this section and section 122A.40 for whom no agreement exists under paragraph (a) for an annual teacher evaluation and peer review process. The teacher evaluation process created under this subdivision does not create additional due process rights for probationary teachers under subdivision 2.

d) Consistent with the measures of teacher effectiveness under this subdivision:

(1) for students in kindergarten through grade 4, a school administrator must not place a student in consecutive school years in the classroom of a teacher with the lowest evaluation rating in the previous school year unless no other teacher at the school teaches that grade; and

(2) for students in grades 5 through 12, a school administrator must not place students in consecutive school years in the classroom of a teacher with the lowest evaluation rating in the previous school year unless no other teacher at the school teaches that subject area and grade.

EFFECTIVE DATE. This section is effective for the 2017-2018 school year and later, except paragraph (b), clause (7), is effective for the 2015-2016 school year and later.

Sec. 31. Minnesota Statutes 2014, section 122A.41, subdivision 6, is amended to read:

Subd. 6. Grounds for discharge or demotion. (a) Except as otherwise provided in paragraph (b), causes for the discharge or demotion of a teacher either during or after the probationary period must be:
52.1 (1) immoral character, conduct unbecoming a teacher, or insubordination;
52.2 (2) failure without justifiable cause to teach without first securing the written release
52.3 of the school board having the care, management, or control of the school in which the
52.4 teacher is employed;
52.5 (3) inefficiency in teaching or in the management of a school, consistent with
52.6 subdivision 5, paragraph (b);
52.7 (4) affliction with a communicable disease must be considered as cause for removal
52.8 or suspension while the teacher is suffering from such disability; or
52.9 (5) discontinuance of position or lack of pupils.
52.10 For purposes of this paragraph, conduct unbecoming a teacher includes an unfair
discriminatory practice described in section 363A.13.
52.12 (b) A probationary or continuing-contract teacher must be discharged immediately
52.13 upon receipt of notice under section 122A.20, subdivision 1, paragraph (b), that the
52.14 teacher's license has been revoked due to a conviction for child abuse or, as defined in
52.15 section 609.185; sex trafficking in the first degree under section 609.322, subdivision 1;
52.16 sex trafficking in the second degree under section 609.322, subdivision 1a; engaging
52.17 in hiring or agreeing to hire a minor to engage in prostitution under section 609.324,
52.18 subdivision 1; sexual abuse under section 609.342, 609.343, 609.344, 609.345, 609.3451,
52.19 subdivision 3, or 617.23, subdivision 3; solicitation of children to engage in sexual
52.20 conduct or communication of sexually explicit materials to children under section
52.21 609.352; interference with privacy under section 609.746 or stalking under section
52.22 609.749 and the victim was a minor; using minors in a sexual performance under section
52.23 617.246; possessing pornographic works involving a minor under section 617.247; or
52.24 any other offense not listed in this paragraph that requires the person to register as a
52.25 predatory offender under section 243.166, or a crime under a similar law of another state
52.26 or the United States.
52.27 (c) When a teacher is discharged under paragraph (b) or when the commissioner
52.28 makes a final determination of child maltreatment involving a teacher under section
52.29 626.556, subdivision 11, the school principal or other person having administrative
52.30 control of the school must include in the teacher's employment record the information
52.31 contained in the record of the disciplinary action or the final maltreatment determination,
52.32 consistent with the definition of public data under section 13.41, subdivision 5, and must
52.33 provide the Board of Teaching and the licensing division at the department with the
52.34 necessary and relevant information to enable the Board of Teaching and the department's
52.35 licensing division to fulfill their statutory and administrative duties related to issuing,
52.36 renewing, suspending, or revoking a teacher's license. Information received by the Board
of Teaching or the licensing division at the department under this paragraph is governed
by section 13.41 or other applicable law governing data of the receiving entity. In addition
to the background check required under section 123B.03, a school board or other school
hiring authority must contact the Board of Teaching and the department to determine
whether the teacher's license has been suspended or revoked, consistent with the discharge
and final maltreatment determinations identified in this paragraph. Unless restricted by
federal or state data practices law or by the terms of a collective bargaining agreement,
the responsible authority for a school district must disseminate to another school district
private personnel data on a current or former teacher employee or contractor of the district,
including the results of background investigations, if the requesting school district seeks
the information because the subject of the data has applied for employment with the
requesting school district.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 32. Minnesota Statutes 2014, section 122A.41, subdivision 14, is amended to read:

Subd. 14. **Services terminated by discontinuance or lack of pupils; preference given.** (a) A teacher whose services are terminated on account of discontinuance of
position or lack of pupils must receive first consideration for other positions in the district
for which that teacher is qualified. In the event it becomes necessary to discontinue one
or more positions in the 2014-2015 through the 2016-2017 school years, in making such
discontinuance, teachers must receive first consideration for other positions in the district
for which that teacher is qualified and must be discontinued in any department in the
inverse order in which they were employed, unless

(b) Beginning in the 2017-2018 school year and later, a board and the exclusive
representative of teachers in the district must negotiate a plan providing otherwise
consistent with subdivision 5, for discontinuing and terminating teachers under this
subdivision based on their subject matter licensure fields, most recent evaluation outcomes
and effectiveness category or rating under subdivision 5, and other, locally determined
criteria such as teacher seniority, and may include both probationary teachers and
continuing contract teachers within an effectiveness category or rating. For purposes
of discharging, demoting, or recalling a teacher whose services are discontinued or
terminated under this subdivision, a school board is not required to reassign a teacher with
more seniority to accommodate the seniority claims of a teacher who is similarly licensed
and effective but with less seniority. Nothing in this paragraph permits a school board to
use a teacher's remuneration as a basis for discontinuing or terminating a teacher. Any
executed employment contract between the school board and the exclusive representative
of the teachers must contain the negotiated plan for discontinuing or terminating teachers. The school board must publish in a readily accessible format any plan it negotiates for discontinuing or terminating teachers under this paragraph.

(c) A teacher who receives notice of discontinuance or termination under paragraph (b) may submit to the board, within 14 days of receiving the notice, a written request for a hearing before a neutral hearing officer to establish whether the district met the following teacher evaluation requirements under subdivision 5: if the teacher is a probationary teacher, all evaluations required under subdivision 2 were provided; a three-year professional review cycle was established for the teacher; any summative evaluation of the teacher was performed by a qualified and trained evaluator; a peer review evaluation occurred in any year when the teacher was not evaluated by a qualified and trained evaluator; and if the teacher did not meet professional teaching standards, a teacher improvement process with goals and timelines was established. The school board and the exclusive representative of the teachers must agree on a panel of people and a process to select the person to hear the matter. The hearing officer must issue a decision within 14 days of the request for the hearing. Nothing in this subdivision prevents a school board and the exclusive representative of the teachers from negotiating a different process for determining whether the teacher evaluation requirements listed in this subdivision were met.

(b) (d) Notwithstanding the provisions of clause paragraph (a), for the 2014-2015 through 2016-2017 school years, a teacher is not entitled to exercise any seniority when that exercise results in that teacher being retained by the district in a field for which the teacher holds only a provisional license, as defined by the Board of Teaching, unless that exercise of seniority results in the termination of terminating the services, on account of discontinuance of position or lack of pupils, of another teacher who also holds a provisional license in the same field. The provisions of this clause paragraph do not apply to vocational education licenses.

(e) (e) Notwithstanding the provisions of clause paragraph (a), for the 2014-2015 through 2016-2017 school years, a teacher must not be reinstated to a position in a field in which the teacher holds only a provisional license, other than a vocational education license, while another teacher who holds a nonprovisional license in the same field is available for reinstatement.

(f) Evaluation outcomes and effectiveness categories under paragraph (b) must not be used to place a teacher on unrequested leave of absence if the principal evaluating the teacher is on an improvement plan under section 123B.147, subdivision 3, paragraph (b), clause (8).
EFFECTIVE DATE. This section is effective the day following final enactment and applies to negotiated plans for discontinuing or terminating teachers agreed to on or after that date.

Sec. 33. Minnesota Statutes 2014, section 122A.414, subdivision 2, is amended to read:

Subd. 2. Alternative teacher professional pay system. (a) To participate in this program, a school district, intermediate school district, school site, or charter school must have an educational improvement plan under section 122A.413 and an alternative teacher professional pay system agreement under paragraph (b). A charter school participant also must comply with subdivision 2a.

(b) The alternative teacher professional pay system agreement must:

(1) describe how teachers can achieve career advancement and additional compensation;

(2) describe how the school district, intermediate school district, school site, or charter school will provide teachers with career advancement options that allow teachers to retain primary roles in student instruction and facilitate site-focused professional development that helps other teachers improve their skills;

(3) reform the "steps and lanes" salary schedule, prevent any teacher's compensation paid before implementing the pay system from being reduced as a result of participating in this system, base at least 60 percent of any compensation increase on teacher performance using:

(i) schoolwide student achievement gains under section 120B.35 or locally selected standardized assessment outcomes, or both;

(ii) measures of student growth and literacy that may include value-added models or student learning goals, consistent with section 122A.40, subdivision 8, clause (9), or 122A.41, subdivision 5, clause (9), and other measures that include the academic literacy, oral academic language, and achievement of English learners under section 122A.40, subdivision 8, clause (10), or 122A.41, subdivision 5, clause (10); and

(iii) an objective evaluation program under section 122A.40, subdivision 8, paragraph (b), clause (2), or 122A.41, subdivision 5, paragraph (b), clause (2);

(4) provide for participation in job-embedded learning opportunities such as professional learning communities to improve instructional skills and learning that are aligned with student needs under section 122A.413, consistent with the staff development plan under section 122A.60 and led during the school day by trained teacher leaders such as master or mentor teachers;
(5) allow any teacher in a participating school district, intermediate school district, school site, or charter school that implements an alternative pay system to participate in that system without any quota or other limit; and

(6) encourage collaboration rather than competition among teachers.

c The alternative teacher professional pay system may:

(1) include a hiring bonus or other added compensation for teachers who are identified as effective or highly effective under the local teacher professional review cycle and work in a hard-to-fill position or in a hard-to-staff school such as a school with a majority of students whose families meet federal poverty guidelines, a geographically isolated school, or a school identified by the state as eligible for targeted programs or services for its students;

(2) include incentives for teachers to obtain a master's degree or other advanced certification in their content field of licensure, pursue the training or education necessary to obtain an additional licensure in shortage areas identified by the district or charter school, or help fund a "grow your own" new teacher initiative; and

(3) teacher-powered site-governed schools allowed under section 123B.045.

EFFECTIVE DATE. This section is effective the day following final enactment and applies to agreements approved or renegotiated after that date.

The request for proposals must include what types of schools or education innovations the board intends to create. A current site may submit a proposal to create a different model for the site if 60 percent or more of the teachers at the site support the proposal. A group of licensed district professionals from one or multiple district sites may submit a proposal. The group submitting the proposal must include parents or other community members in the development of the proposal. A proposal may request approval for a model of a school not included in the request for proposal of the board.

Any powers or duties not specifically delegated to the school site in the agreement remains with the school board.

**Subd. 2. Roles and responsibilities of site-governed, teacher-powered schools.**

and may specify the amount to be paid for each service and retain the revenues for that
amount. The formula or procedures for determining the amount of revenue to be allocated
to the site each year shall be consistent with this subdivision and incorporated in the site
budget annually following a timeline and process that is included in the agreement with
the school board. The site is responsible for allocating revenue for all staff at the site and
for the other provisions of the agreement with the district board.
(d) All unspent revenue shall be carried over to following years for the sole use
of the site.

Subd. 4. Exemption from statutes and rules. Except as outlined in this section,
site-governed, teacher-powered schools established under this section are exempt from

(b) All agreements shall be filed with the commissioner. The initial agreement shall
be for up to three years, shall be reviewed annually, and may be renewed by the district
board for additional terms of up to five years based on the performance of the school.

reasons other than cause may request to convert to charter school status as provided for in
section 124D.10 and, if chartered by the board, shall become the owner of all materials,
supplies, and equipment purchased during the period the school was a site-governed,
teacher-powered school.

Sec. 40. Minnesota Statutes 2014, section 124D.09, subdivision 5, is amended to read:

contrary, an 11th or 12th grade pupil enrolled in a school or an American Indian-controlled
tribal contract or grant school eligible for aid under section 124D.83, except a foreign
exchange pupil enrolled in a district under a cultural exchange program, may apply to an
eligible institution, as defined in subdivision 3, to enroll in nonsectarian courses offered by
that postsecondary institution. Notwithstanding any other law to the contrary, a 9th or 10th
grade pupil enrolled in a district or an American Indian-controlled tribal contract or grant
school eligible for aid under section 124D.83, except a foreign exchange pupil enrolled in
a district under a cultural exchange program, may apply to enroll in nonsectarian courses
offered under subdivision 10, if (1) after all 11th and 12th grade students have applied
for a course, additional students are necessary to offer the course and the school district
and the eligible postsecondary institution providing the course agree to the student's
enrollment or (2) the course is a world language course currently available to 11th and
12th grade students, and consistent with section 120B.022 governing world language
standards, certificates, and seals. If an institution accepts a secondary pupil for enrollment
under this section, the institution shall send written notice to the pupil, the pupil's school
or school district, and the commissioner within ten days of acceptance. The notice must
indicate the course and hours of enrollment of that pupil. If the pupil enrolls in a course for
postsecondary credit, the institution must notify the pupil about payment in the customary
manner used by the institution.

Sec. 41. Minnesota Statutes 2014, section 124D.09, subdivision 5a, is amended to read:
Subd. 5a. Authorization; career or technical education. A 10th, 11th, or 12th
grade pupil enrolled in a district or an American Indian-controlled tribal contract or grant
school eligible for aid under section 124D.83, except a foreign exchange pupil enrolled in
a district under a cultural exchange program, may enroll in a career or technical education
course offered by a Minnesota state college or university. A 10th grade pupil applying
for enrollment in a career or technical education course under this subdivision must have
received a passing score on the 8th grade Minnesota Comprehensive Assessment in
reading as a condition of enrollment. A current 10th grade pupil who did not take the 8th grade Minnesota Comprehensive Assessment in reading may substitute another reading assessment accepted by the enrolling postsecondary institution. A secondary pupil may enroll in the pupil's first postsecondary options enrollment course under this subdivision. A student who is refused enrollment by a Minnesota state college or university under this subdivision may apply to an eligible institution offering a career or technical education course. The postsecondary institution must give priority to its students according to subdivision 9. If a secondary student receives a grade of "C" or better in the career or technical education course taken under this subdivision, the postsecondary institution must allow the student to take additional postsecondary courses for secondary credit at that institution, not to exceed the limits in subdivision 8. A "career or technical course" is a course that is part of a career and technical education program that provides individuals with coherent, rigorous content aligned with academic standards and relevant technical knowledge and skills needed to prepare for further education and careers in current and emerging professions and provide technical skill proficiency, an industry recognized credential, and a certificate, a diploma, or an associate degree.

Sec. 42. Minnesota Statutes 2014, section 124D.09, subdivision 8, is amended to read:

Subd. 8. Limit on participation. A pupil who first enrolls in grade 9 may not enroll in postsecondary courses under this section for secondary credit for more than the equivalent of four academic years. A pupil who first enrolls in grade 10 may not enroll in postsecondary courses under this section for secondary credit for more than the equivalent of three academic years. A pupil who first enrolls in grade 11 may not enroll in postsecondary courses under this section for secondary credit for more than the equivalent of two academic years. A pupil who first enrolls in grade 12 may not enroll in postsecondary courses under this section for secondary credit for more than the equivalent of one academic year. If a pupil in grade 9, 10, 11, or 12 first enrolls in a postsecondary course for secondary credit during the school year, the time of participation shall be reduced proportionately. If a pupil is in a learning year or other year-round program and begins each grade in the summer session, summer sessions shall not be counted against the time of participation. If a school district determines a pupil is not on track to graduate, the limit on participation does not apply to that pupil. A pupil who has graduated from high school cannot participate in a program under this section. A pupil who has completed course requirements for graduation but who has not received a diploma may participate in the program under this section.
Sec. 43. Minnesota Statutes 2014, section 124D.09, subdivision 9, is amended to read:

subjects so that the student has a reasonable chance to succeed in a career or college
without need for postsecondary remediation. Consistent with sections 120B.13, 124D.09,
124D.091, 124D.49, and related sections, an enrolling school or district must actively
encourage a student in grade 11 or 12 who is identified as academically ready for a career
or college to participate in courses and programs awarding college credit to high school
students. Students are not required to achieve a specified score or level of proficiency on
an assessment under this subdivision to graduate from high school.
(d) To improve the secondary and postsecondary outcomes of all students, the alignment between secondary and postsecondary education programs and Minnesota's workforce needs, and the efficiency and cost-effectiveness of secondary and postsecondary programs, the commissioner, after consulting with the chancellor of the Minnesota State Colleges and Universities and using a request for proposal process, shall contract for a series of assessments that are consistent with this subdivision, aligned with state academic standards, and include career and college readiness benchmarks. Mathematics, reading, and writing assessments for students in grades 8 and 10 must be predictive of a nationally normed assessment for career and college readiness. This

(e) Though not a high school graduation requirement, students are encouraged to participate in a nationally recognized college entrance exam. With funding provided by the state, a district must pay the cost, one time, for an interested student in grade 11 or 12 who is eligible for a meal benefit to take a nationally recognized assessment must be a college entrance exam and given to students in grade 11 before graduating. This series of assessments must include a college placement diagnostic exam and contain career exploration elements.

(f) The commissioner and the chancellor of the Minnesota State Colleges and Universities must collaborate in aligning instruction and assessments for adult basic education students and English learners to provide the students with diagnostic information about any targeted interventions, accommodations, modifications, and supports they need so that assessments and other performance measures are accessible to them and they may seek postsecondary education or employment without need for postsecondary remediation. When administering formative or summative assessments used to measure the academic progress, including the oral academic development, of English learners and inform their instruction, schools must ensure that the assessments are accessible to the students and students have the modifications and supports they need to sufficiently understand the assessments.

(g) Districts and schools, on an annual basis, must use the career exploration elements in these assessments to help students, beginning no later than grade 9, and their families explore and plan for postsecondary education or careers based on the students' interests, aptitudes, and aspirations. Districts and schools must use timely regional labor market information and partnerships, among other resources, to help students and their families successfully develop, pursue, review, and revise an individualized plan for postsecondary education or a career. This process must help increase students' engagement in and connection to school, improve students' knowledge and skills, and deepen students' understanding of career pathways as a sequence of academic and career courses that lead
to an industry-recognized credential, an associate's degree, or a bachelor's degree and are available to all students, whatever their interests and career goals.

(2) Students in grade 10 or 11 not yet academically ready for a career or college based on their growth in academic achievement between grades 8 and 10 must take the college placement diagnostic exam before taking the college entrance exam under clause (2). Students, their families, the school, and the district can then use the results of the college placement diagnostic exam for targeted instruction, intervention, or remediation and improve students' knowledge and skills in core subjects sufficient for a student to graduate and have a reasonable chance to succeed in a career or college without remediation.

(3) All students except those eligible for alternative assessments must be given the college entrance part of these assessments in grade 11. (h) A student under this clause who demonstrates attainment of required state academic standards, which include career and college readiness benchmarks, on these high school assessments under subdivision 1a is academically ready for a career or college and is encouraged to participate in courses awarding college credit to high school students. Such courses and programs may include sequential courses of study within broad career areas and technical skill assessments that extend beyond course grades.

(4) (i) As appropriate, students through grade 12 must continue to participate in targeted instruction, intervention, or remediation and be encouraged to participate in courses awarding college credit to high school students.

(5) A study to determine the alignment between these assessments and state academic standards under this chapter must be conducted. Where alignment exists, the commissioner must seek federal approval to, and immediately upon receiving approval, replace the federally required assessments referenced under subdivision 1a and section 120B.35, subdivision 2, with assessments under this paragraph.

(e) (i) In developing, supporting, and improving students' academic readiness for a career or college, schools, districts, and the state must have a continuum of empirically derived, clearly defined benchmarks focused on students' attainment of knowledge and skills so that students, their parents, and teachers know how well students must perform to have a reasonable chance to succeed in a career or college without need for postsecondary remediation. The commissioner, in consultation with local school officials and educators, and Minnesota's public postsecondary institutions must ensure that the foundational knowledge and skills for students' successful performance in postsecondary employment or education and an articulated series of possible targeted interventions are clearly identified and satisfy Minnesota's postsecondary admissions requirements. The commissioner of education, in consultation with the chancellor of the Minnesota State
Colleges and Universities, shall identify the minimum score guidelines on the high
school reading, writing, and mathematics Minnesota Comprehensive Assessments that
demonstrate readiness for:
(1) a certificate level program;
(2) a two-year college program; and
(3) a four-year college program.
For students in grade 8 in the 2012-2013 school year and later, a school,
district, or charter school must record on the high school transcript a student's progress
toward career and college readiness, and for other students as soon as practicable.
The school board granting students their diplomas may formally decide to
include a notation of high achievement on the high school diplomas of those graduating
seniors who, according to established school board criteria, demonstrate exemplary
academic achievement during high school.
The 3rd through 8th grade computer-adaptive assessment results and grade
8 and high school test results shall be available to districts for diagnostic purposes affecting
student learning and district instruction and curriculum, and for establishing educational
accountability. The commissioner must establish empirically derived benchmarks on
adaptive assessments in grades 3 through 8 that reveal a trajectory toward career and
college readiness. The commissioner must disseminate to the public the computer-adaptive
assessments, grade 8, and high school test results upon receiving those results.
The grades 3 through 8 computer-adaptive assessments and grade 8 and
high school tests must be aligned with state academic standards. The commissioner shall
determine the testing process and the order of administration. The statewide results shall
be aggregated at the site and district level, consistent with subdivision 1a.
The commissioner shall include the following components in the statewide
public reporting system:
(1) uniform statewide computer-adaptive assessments of all students in grades 3
through 8 and testing at the grade 8 and high school levels that provides appropriate,
technically sound accommodations or alternate assessments;
(2) educational indicators that can be aggregated and compared across school
districts and across time on a statewide basis, including average daily attendance, high
school graduation rates, and high school drop-out rates by age and grade level;
(3) state results on the American College Test; and
(4) state results from participation in the National Assessment of Educational
Progress so that the state can benchmark its performance against the nation and other

states, and, where possible, against other countries, and contribute to the national effort
to monitor achievement.

(k) (p) For purposes of statewide accountability, "career and college ready" means a
high school graduate has the knowledge, skills, and competencies to successfully pursue a
career pathway, including postsecondary credit leading to a degree, diploma, certificate, or
industry-recognized credential and employment. Students who are career and college ready
are able to successfully complete credit-bearing coursework at a two- or four-year college
or university or other credit-bearing postsecondary program without need for remediation.

(q) For purposes of statewide accountability, "cultural competence," "cultural
competency," or "culturally competent" means the ability and will to interact effectively
with people of different cultures, native languages, and socioeconomic backgrounds.

EFFECTIVE DATE. This section is effective for the 2015-2016 school year and
later.

Sec. 8. Minnesota Statutes 2014, section 120B.30, subdivision 1a, is amended to read:

Subd. 1a. Statewide and local assessments; results. (a) For purposes of this
section, the following definitions have the meanings given them.

(1) "Computer-adaptive assessments" means fully adaptive assessments.

(2) "Fully adaptive assessments" include test items that are on-grade level and items
that may be above or below a student's grade level.

(3) "On-grade level" test items contain subject area content that is aligned to state
academic standards for the grade level of the student taking the assessment.

(4) "Above-grade level" test items contain subject area content that is above the
grade level of the student taking the assessment and is considered aligned with state
academic standards to the extent it is aligned with content represented in state academic
standards above the grade level of the student taking the assessment. Notwithstanding
the student's grade level, administering above-grade level test items to a student does not
violate the requirement that state assessments must be aligned with state standards.

(5) "Below-grade level" test items contain subject area content that is below the
grade level of the student taking the test and is considered aligned with state academic
standards to the extent it is aligned with content represented in state academic standards
below the student's current grade level. Notwithstanding the student's grade level,
administering below-grade level test items to a student does not violate the requirement
that state assessments must be aligned with state standards.

(b) The commissioner must use fully adaptive mathematics and reading assessments
for grades 3 through 7 beginning in the 2015-2016 school year and later.
(c) For purposes of conforming with existing federal educational accountability requirements, the commissioner must develop and implement computer-adaptive reading and mathematics assessments for grades 3 through grade 8, state-developed grade 8 and high school reading, writing, and mathematics tests aligned with state academic standards, and science assessments under clause (2) that districts and sites must use to monitor student growth toward achieving those standards. The commissioner must not develop statewide assessments for academic standards in social studies, health and physical education, and the arts. The commissioner must require:

(1) annual computer-adaptive reading and mathematics assessments in grades 3 through grade 8, and grade 8 and high school reading, writing, and mathematics tests; and

(2) annual science assessments in one grade in the grades 3 through 5 span, the grades 6 through 8 span, and a life sciences assessment in the grades 9 through 12 span, and the commissioner must not require students to achieve a passing score on high school science assessments as a condition of receiving a high school diploma.

(d) The commissioner must ensure that for annual computer-adaptive assessments:

(1) individual student performance data and achievement reports are available within three school days of when students take an assessment except in a year when an assessment reflects new performance standards;

(2) growth information is available for each student from the student's first assessment to each proximate assessment using a constant measurement scale;

(3) parents, teachers, and school administrators are able to use elementary and middle school student performance data to project students' secondary and postsecondary achievement; and

(4) useful diagnostic information about areas of students' academic strengths and weaknesses is available to teachers and school administrators for improving student instruction and indicating the specific skills and concepts that should be introduced and developed for students at given performance levels, organized by strands within subject areas, and aligned to state academic standards.

(e) The commissioner must ensure that all state tests administered to elementary and secondary students measure students' academic knowledge and skills and not students' values, attitudes, and beliefs.

(f) Reporting of state assessment results must:

(1) provide timely, useful, and understandable information on the performance of individual students, schools, school districts, and the state;

(2) include a growth indicator of student achievement; and

(3) determine whether students have met the state's academic standards.
(g) Consistent with applicable federal law, the commissioner must include appropriate, technically sound accommodations or alternative assessments for the very few students with disabilities for whom statewide assessments are inappropriate and for English learners.

(h) A school, school district, and charter school must administer statewide assessments under this section, as the assessments become available, to evaluate student progress toward career and college readiness in the context of the state's academic standards. A school, school district, or charter school may use a student's performance on a statewide assessment as one of multiple criteria to determine grade promotion or retention. A school, school district, or charter school may use a high school student's performance on a statewide assessment as a percentage of the student's final grade in a course, or place a student's assessment score on the student's transcript.

**EFFECTIVE DATE.** This section is effective for the 2016-2017 school year and later.

ARTICLE 4

CHARTER SCHOOLS

Section 1. Minnesota Statutes 2014, section 123B.88, is amended by adding a subdivision to read:

Subd. 10a. Nonresident charter school pupil transportation. If a school district is providing transportation for a charter school under section 124D.10, subdivision 16, the school district must allow a nonresident pupil attending the charter school to be transported on a district-operated or contracted route from any scheduled stop to any other scheduled stop on that route. The district providing the pupil transportation services may charge a fee to the nonresident pupil. The fee for each nonresident pupil must not exceed the lesser of 15 cents per mile or the district’s actual cost of transportation per mile traveled.

EFFECTIVE DATE. This section is effective July 1, 2015.

Sec. 2. Minnesota Statutes 2014, section 124D.10, subdivision 1, is amended to read:

Subdivision 1. Purposes. (a) The primary purpose of this section is to improve all pupil learning and all student achievement. Additional purposes include to:

1. increase learning opportunities for all pupils;
2. encourage the use of different and innovative teaching methods;
3. measure learning outcomes and create different and innovative forms of measuring outcomes;
4. establish new forms of accountability for schools; or
5. create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site.

(b) This section does not provide a means to keep open a school that a school board decides to close. However, a school board may endorse or authorize the establishing of a charter school to replace the school the board decided to close. Applicants seeking a charter under this circumstance must demonstrate to the authorizer that the charter sought is substantially different in purpose and program from the school the board closed and that the proposed charter satisfies the requirements of this subdivision. If the school board that closed the school authorizes the charter, it must document in its affidavit to the commissioner that the charter is substantially different in program and purpose from the school it closed.

(c) An authorizer shall not approve an application submitted by a charter school developer under subdivision 4, paragraph (a), if the application does not comply with this
subdivision. The commissioner shall not approve an affidavit submitted by an authorizer under subdivision 4, paragraph (b), if the affidavit does not comply with this subdivision.

Sec. 3. Minnesota Statutes 2014, section 124D.10, subdivision 3, is amended to read:

Subd. 3. Authorizer. (a) For purposes of this section, the terms defined in this subdivision have the meanings given them.

"Application" to receive approval as an authorizer means the proposal an eligible authorizer submits to the commissioner under paragraph (d) before that authorizer is able to submit any affidavit to charter to a school.

"Application" under subdivision 4 means the charter school business plan a school developer submits to an authorizer for approval to establish a charter school that documents the school developer's mission statement, school purposes, program design, financial plan, governance and management structure, and background and experience, plus any other information the authorizer requests. The application also shall include a statement of assurances of legal compliance prescribed by the commissioner.

"Affidavit" means a written statement the authorizer submits to the commissioner for approval to establish a charter school under subdivision 4 attesting to its review and approval process before chartering a school.

(b) The following organizations may authorize one or more charter schools:

1. a school board, intermediate school district school board, or education district organized under sections 123A.15 to 123A.19;

2. a charitable organization under section 501(c)(3) of the Internal Revenue Code of 1986, excluding a nonpublic sectarian or religious institution; any person other than a natural person that directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control with the nonpublic sectarian or religious institution; and any other charitable organization under this clause that in the federal IRS Form 1023, Part IV, describes activities indicating a religious purpose, that:

(i) is a member of the Minnesota Council of Nonprofits or the Minnesota Council on Foundations;

(ii) is registered with the attorney general's office; and

(iii) is incorporated in the state of Minnesota and has been operating continuously for at least five years but does not operate a charter school;

3. a Minnesota private college, notwithstanding clause (2), that grants two- or four-year degrees and is registered with the Minnesota Office of Higher Education under chapter 136A; community college, state university, or technical college governed by the
Board of Trustees of the Minnesota State Colleges and Universities; or the University of Minnesota;

(4) a nonprofit corporation subject to chapter 317A, described in section 317A.905, and exempt from federal income tax under section 501(c)(6) of the Internal Revenue Code of 1986, may authorize one or more charter schools if the charter school has operated for at least three years under a different authorizer and if the nonprofit corporation has existed for at least 25 years; or

(5) single-purpose authorizers formed as charitable, nonsectarian organizations under section 501(c)(3) of the Internal Revenue Code of 1986 and incorporated in the state of Minnesota under chapter 317A as a corporation with no members or under section 322B.975 as a nonprofit limited liability company for the sole purpose of chartering schools.

(c) Eligible organizations interested in being approved as an authorizer under this paragraph must submit a proposal to the commissioner that includes the provisions of paragraph (e) (d) and a five-year financial plan. Such authorizers shall consider and approve charter school applications using the criteria provided in subdivision 4 and shall not limit the applications it solicits, considers, or approves to any single curriculum, learning program, or method.

(e) (d) An eligible authorizer under this subdivision must apply to the commissioner for approval as an authorizer before submitting any affidavit to the commissioner to charter a school. The application for approval as a charter school authorizer must demonstrate the applicant's ability to implement the procedures and satisfy the criteria for chartering a school under this section. The commissioner must approve or disapprove an application within 45 business days of the application deadline. If the commissioner disapproves the application, the commissioner must notify the applicant of the specific deficiencies in writing and the applicant then has 20 business days to address the deficiencies to the commissioner's satisfaction. After the 20 business days expire, the commissioner has 15 business days to make a final decision to approve or disapprove the application. Failing to address the deficiencies to the commissioner's satisfaction makes an applicant ineligible to be an authorizer. The commissioner, in establishing criteria for approval, must consider the applicant's:

(1) capacity and infrastructure;
(2) application criteria and process;
(3) contracting process;
(4) ongoing oversight and evaluation processes; and
(5) renewal criteria and processes.
(e) An applicant must include in its application to the commissioner to be an approved authorizer at least the following:

1. how chartering schools is a way for the organization to carry out its mission;
2. a description of the capacity of the organization to serve as an authorizer, including the personnel who will perform the authorizing duties, their qualifications, the amount of time they will be assigned to this responsibility, and the financial resources allocated by the organization to this responsibility;
3. a description of the application and review process the authorizer will use to make decisions regarding the granting of charters;
4. a description of the type of contract it will arrange with the schools it charters that meets the provisions of subdivision 6;
5. the process to be used for providing ongoing oversight of the school consistent with the contract expectations specified in clause (4) that assures that the schools chartered are complying with both the provisions of applicable law and rules, and with the contract;
6. a description of the criteria and process the authorizer will use to grant expanded applications under subdivision 4, paragraph (f);
7. the process for making decisions regarding the renewal or termination of the school's charter based on evidence that demonstrates the academic, organizational, and financial competency of the school, including its success in increasing student achievement and meeting the goals of the charter school agreement; and
8. an assurance specifying that the organization is committed to serving as an authorizer for the full five-year term.

(f) A disapproved applicant under this section may resubmit an application during a future application period.

(g) If the governing board of an approved authorizer votes to withdraw as an approved authorizer for a reason unrelated to any cause under subdivision 23, the authorizer must notify all its chartered schools and the commissioner in writing by July 15 of its intent to withdraw as an authorizer on June 30 in the next calendar year, regardless of when the authorizer's five-year term of approval ends. The commissioner may approve the transfer of a charter school to a new authorizer under this paragraph after the new authorizer submits an affidavit to the commissioner.

(h) The authorizer must participate in department-approved training.

(i) The commissioner shall review an authorizer's performance every five years in a manner and form determined by the commissioner and may review an authorizer's performance more frequently at the commissioner's own initiative or at the request of a charter school operator, charter school board member, or other interested party. The
104.1 commissioner, after completing the review, shall transmit a report with findings to the
104.2 authorizer.
104.3 (j) If, consistent with this section, the commissioner finds that an authorizer has not
104.4 fulfilled the requirements of this section, the commissioner may subject the authorizer
104.5 to corrective action, which may include terminating the contract with the charter school
104.6 board of directors of a school it chartered. The commissioner must notify the authorizer
104.7 in writing of any findings that may subject the authorizer to corrective action and
104.8 the authorizer then has 15 business days to request an informal hearing before the
104.9 commissioner takes corrective action. If the commissioner terminates a contract between
104.10 an authorizer and a charter school under this paragraph, the commissioner may assist the
104.11 charter school in acquiring a new authorizer.
104.12 (k) The commissioner may at any time take corrective action against an
104.13 authorizer, including terminating an authorizer's ability to charter a school for:
104.14 (1) failing to demonstrate the criteria under paragraph (e)(d) under which the
104.15 commissioner approved the authorizer;
104.16 (2) violating a term of the chartering contract between the authorizer and the charter
104.17 school board of directors;
104.18 (3) unsatisfactory performance as an approved authorizer; or
104.19 (4) any good cause shown that provides the commissioner a legally sufficient reason
104.20 to take corrective action against an authorizer.

Sec. 4. Minnesota Statutes 2014, section 124D.10, subdivision 4, is amended to read:
Subd. 4. Formation of school. (a) An authorizer, after receiving an application from
a school developer, may charter a licensed teacher under section 122A.18, subdivision
1, or a group of individuals that includes one or more licensed teachers under section
122A.18, subdivision 1, to operate a school subject to the commissioner's approval of the
authorizer's affidavit under paragraph (b)(d).
Subd. 4. Formation of school. (b) The school must be organized and operated as a nonprofit corporation under
chapter 317A and the provisions under the applicable chapter shall apply to the school
except as provided in this section.
Subd. 4. Formation of school. (c) Notwithstanding sections 465.717 and 465.719, a school district, subject to this
section and section 124D.11, may create a corporation for the purpose of establishing a
charter school.
Subd. 4. Formation of school. (d) Before the operators may establish and operate a school, the authorizer must
file an affidavit with the commissioner stating its intent to charter a school. An authorizer
must file a separate affidavit for each school it intends to charter. An authorizer must file
an affidavit by May 1 to be able to charter a new school in the next school year after the commissioner approves the authorizer's affidavit at least 14 months before July 1 of the year the new charter school plans to serve students. The affidavit must state the terms and conditions under which the authorizer would charter a school and how the authorizer intends to oversee the fiscal and student performance of the charter school and to comply with the terms of the written contract between the authorizer and the charter school board of directors under subdivision 6. The commissioner must approve or disapprove the authorizer's affidavit within 60 business days of receipt of the affidavit. If the commissioner disapproves the affidavit, the commissioner shall notify the authorizer of the deficiencies in the affidavit and the authorizer then has 20 business days to address the deficiencies. The commissioner must notify the authorizer of final approval or disapproval within 15 business days after receiving the authorizer's response to the deficiencies in the affidavit. If the authorizer does not address deficiencies to the commissioner's satisfaction, the commissioner's disapproval is final. Failure to obtain commissioner approval precludes an authorizer from chartering the school that is the subject of this affidavit.

(c) The authorizer may prevent an approved charter school from opening for operation if, among other grounds, the charter school violates this section or does not meet the ready-to-open standards that are part of the authorizer's oversight and evaluation process or are stipulated in the charter school contract.

The operators authorized to organize and operate a school, before entering into a contract or other agreement for professional or other services, goods, or facilities, shall incorporate as a nonprofit corporation under chapter 317A.

The operators authorized to organize and operate a school, before entering into a contract or other agreement for professional or other services, goods, or facilities, shall establish a board of directors composed of at least five members who are not related parties until a timely election for members of the ongoing charter school board of directors is held according to the school's articles and bylaws under paragraph (f). A charter school board of directors must be composed of at least five members who are not related parties.

(b) Staff members employed at the school, including teachers providing instruction under a contract with a cooperative, members of the board of directors, and all parents or legal guardians of children enrolled in the school are the voters eligible to elect the members of the school's board of directors. A charter school must notify eligible voters of the school board election dates at least 30 days before the election.

(i) Board of director meetings must comply with chapter 13D.

(j) A charter school shall publish and maintain on the school's official Web site: (1) the minutes of meetings of the board of directors, and of members and committees...
having any board-delegated authority, for at least one calendar year from the date
of publication; (2) directory information for members of the board of directors and
committees having board-delegated authority; and (3) identifying and contact information
for the school's authorizer. Identifying and contact information for the school's authorizer
must be included in other school materials made available to the public.

(k) Upon request of an individual, the charter school must also make available in
a timely fashion financial statements showing all operations and transactions affecting
income, surplus, and deficit during the school's last annual accounting period; and a
balance sheet summarizing assets and liabilities on the closing date of the accounting
period. A charter school also must include that same information about its authorizer in
other school materials that it makes available to the public.

(1) Every charter school board member shall attend annual training throughout
the member's term on the board. All new board members shall attend initial training on
the board's role and responsibilities, employment policies and practices, and financial
management. A new board member who does not begin the required initial training within
six months after being seated and complete that training within 12 months of being seated
on the board is automatically ineligible to continue to serve as a board member. The
school shall include in its annual report the training attended by each board member
during the previous year.

(m) The ongoing board must be elected before the school completes its third
year of operation. Board elections must be held during the school year but may not be
conducted on days when the school is closed for holidays, breaks, or vacations.

(n) The charter school board of directors shall be composed of at least five nonrelated
members and include: (i) at least one licensed teacher employed as a teacher at the school
or providing instruction under contract between the charter school and a cooperative; (ii)
at least one parent or legal guardian of a student enrolled in the charter school who is not
an employee of the charter school; and (iii) at least one interested community member
who resides in Minnesota and is not employed by the charter school and does not have a
child enrolled in the school. The board may include a majority of teachers described in
this paragraph or parents or community members, or it may have no clear majority. The
chief financial officer and the chief administrator may only serve as ex-officio nonvoting
board members. No charter school employees shall serve on the board other than teachers
under item (i). Contractors providing facilities, goods, or services to a charter school shall
not serve on the board of directors of the charter school.
(o) Board bylaws shall outline the process and procedures for changing the board's governance structure, consistent with chapter 317A. A board may change its governance structure only:

(1) by a majority vote of the board of directors and a majority vote of the licensed teachers employed by the school as teachers, including licensed teachers providing instruction under a contract between the school and a cooperative; and

(2) with the authorizer's approval.

Any change in board governance structure must conform with the composition of the board established under this paragraph.

(h) (p) The granting or renewal of a charter by an authorizer must not be conditioned upon the bargaining unit status of the employees of the school.

(i) (q) The granting or renewal of a charter school by an authorizer must not be contingent on the charter school being required to contract, lease, or purchase services from the authorizer.

(r) Any potential contract, lease, or purchase of service from an authorizer must be disclosed to the commissioner, accepted through an open bidding process, and be a separate contract from the charter contract. The school must document the open bidding process. An authorizer must not enter into a contract to provide management and financial services for a school that it authorizes, unless the school documents that it received at least two competitive bids.

(s) A charter school may apply to the authorizer to amend the school charter to expand the operation of the school to additional grades or sites that would be students' primary enrollment site beyond those defined in the original affidavit approved by the commissioner. After approving the school's application, the authorizer shall submit a supplementary affidavit in the form and manner prescribed by the commissioner. The authorizer must file a supplement affidavit by October 1 to be eligible to expand in the next school year. The supplementary affidavit must document that the school has demonstrated to the satisfaction of the authorizer the following:

(1) the need for the expansion with supporting long-range enrollment projections;

(2) a longitudinal record of demonstrated student academic performance and growth on statewide assessments under chapter 120B or on other academic assessments that measure longitudinal student performance and growth approved by the charter school's board of directors and agreed upon with the authorizer;

(3) a history of sound school finances and a finance plan to implement the expansion in a manner to promote the school's financial sustainability; and
(4) board capacity and an administrative and management plan to implement its
expansion.

(4) (f) The commissioner shall have 30 business days to review and comment on the
supplemental affidavit. The commissioner shall notify the authorizer in writing of any
deficiencies in the supplemental affidavit and the authorizer then has 20 business days to
address, to the commissioner's satisfaction, any deficiencies in the supplemental affidavit.
The commissioner must notify the authorizer of final approval or disapproval within 15
business days after receiving the authorizer's response to the deficiencies in the affidavit.
The school may not expand grades or add sites until the commissioner has approved the
supplemental affidavit. The commissioner's approval or disapproval of a supplemental
affidavit is final.

Sec. 5. Minnesota Statutes 2014, section 124D.10, subdivision 8, is amended to read:

federal, state, and local health and safety requirements applicable to school districts.
(b) A school must comply with statewide accountability requirements governing
standards and assessments in chapter 120B.

school board of the district of the proposed location disapproves by written resolution.

employment practices, and all other operations. An authorizer may not authorize a charter
school or program that is affiliated with a nonpublic sectarian school or a religious
institution.
(e) A charter school student must be released for religious instruction, consistent
with section 120A.22, subdivision 12, clause (3).
(f) Charter schools must not be used as a method of providing education or

(g) The primary focus of a charter school must be to provide a comprehensive
program of instruction for at least one grade or age group from five through 18 years of

may offer a free or fee-based preschool or prekindergarten that meets high-quality early
learning instructional program standards that are aligned with Minnesota's early learning
standards for children. The hours a student is enrolled in a fee-based prekindergarten
program do not generate pupil units under section 126C.05 and must not be used to
calculate general education revenue under section 126C.10. A charter school with at least
90 percent of enrolled students who are eligible for special education services and have a primary disability of deaf or hard-of-hearing may enroll prekindergarten pupils with a disability under section 126C.05, subdivision 1, paragraph (a), and must comply with the federal Individuals with Disabilities Education Act under Code of Federal Regulations, title 34, section 300.324, subsection (2), clause (iv).

(6) (i) A charter school is subject to and must comply with chapter 363A and section 121A.04.

(6) (j) Once a student is enrolled in the school, the student is considered enrolled in the school until the student formally withdraws or is expelled under the Pupil Fair Dismissal Act in sections 121A.40 to 121A.56. (6) (k) A charter school is subject to and must comply with the Minnesota Public School Fee Law, sections 123B.34 to 123B.39.

(6) (l) A charter school is subject to the same financial audits, audit procedures, and audit requirements as a district, except as required under subdivision 6a. Audits must be conducted in compliance with generally accepted governmental auditing standards, the federal Single Audit Act, if applicable, and section 6.65. A charter school is subject to and must comply with sections 15.054; 118A.01; 118A.02; 118A.03; 118A.04; 118A.05; 118A.06; 471.38; 471.391; 471.392; and 471.425. The audit must comply with the requirements of sections 123B.75 to 123B.83, except to the extent deviations are necessary because of the program at the school. Deviations must be approved by the commissioner and authorizer. The Department of Education, state auditor, legislative auditor, or authorizer may conduct financial, program, or compliance audits. A charter school determined to be in statutory operating debt under sections 123B.81 to 123B.83 must submit a plan under section 123B.81, subdivision 4.

(6) (m) A charter school is a district for the purposes of tort liability under chapter 466.

(6) (n) A charter school must comply with chapters 13 and 13D; and sections 120A.22, subdivision 7; 121A.75; and 260B.171, subdivisions 3 and 5.

110.1 (r) A charter school must comply with section 120A.22, subdivision 7, governing
the transfer of students' educational records and sections 138.163 and 138.17 governing
the management of local records.
110.4 (s) A charter school that provides early childhood health and developmental
screening must comply with sections 121A.16 to 121A.19.
110.6 (t) A charter school that provides school-sponsored youth athletic activities
must comply with section 121A.38.
110.8 (u) A charter school is subject to and must comply with continuing truant
notification under section 260A.03.
110.10 (v) A charter school must develop and implement a teacher evaluation and
peer review process under section 122A.40, subdivision 8, paragraph (b), clauses (2) to
(13). The teacher evaluation process in this paragraph does not create any additional
employment rights for teachers.
110.13 (w) A charter school must adopt a policy, plan, budget, and process, consistent

section 123B.88, subdivision 1. A charter school must not require parents to surrender
their rights to pupil transportation under section 123B.88, subdivision 2.

Sec. 6. Minnesota Statutes 2014, section 124D.10, subdivision 9, is amended to read:

Subd. 9. Admission requirements. (a) A charter school may limit admission to:

(1) pupils within an age group or grade level;

(2) pupils who are eligible to participate in the graduation incentives program under

section 124D.68; or

(3) residents of a specific geographic area in which the school is located when the

majority of students served by the school are members of underserved populations.

(b) A charter school shall enroll an eligible pupil who submits a timely application,

unless the number of applications exceeds the capacity of a program, class, grade level, or

building. In this case, pupils must be accepted by lot. The charter school must develop

and publish, including on its Web site, a lottery policy and process that it must use when

accepting pupils by lot.

(c) A charter school shall give enrollment preference to a sibling of an enrolled pupil

and to a foster child of that pupil's parents and may give preference for enrolling children
of the school's staff before accepting other pupils by lot. A charter school that is located in Duluth township in St. Louis County and admits students in kindergarten through grade 6 must give enrollment preference to students residing within a five-mile radius of the school and to the siblings of enrolled children. If a charter school has a preschool or prekindergarten program under subdivision 8, paragraph (g), that is free to all participants, the charter school may give enrollment preference to children currently enrolled in the school's free preschool or prekindergarten program under subdivision 8, paragraph (f), who are eligible to enroll in kindergarten in the next school year.

(d) A person shall not be admitted to a charter school (1) as a kindergarten pupil, unless the pupil is at least five years of age on September 1 of the calendar year in which the school year for which the pupil seeks admission commences; or (2) as a first grade student, unless the pupil is at least six years of age on September 1 of the calendar year in which the school year for which the pupil seeks admission commences or has completed kindergarten; except that a charter school may establish and publish on its Web site a policy for admission of selected pupils at an earlier age, consistent with the enrollment process in paragraphs (b) and (c).

(e) Except as permitted in paragraph (d), a charter school may not limit admission to pupils on the basis of intellectual ability, measures of achievement or aptitude, or athletic ability and may not establish any criteria or requirements for admission that are inconsistent with this subdivision.

(f) The charter school shall not distribute any services or goods of value to students, parents, or guardians as an inducement, term, or condition of enrolling a student in a charter school.

**EFFECTIVE DATE.** This section is effective for the 2015-2016 school year and later.

Sec. 7. Minnesota Statutes 2014, section 124D.10, subdivision 12, is amended to read:

Subd. 12. **Pupils with a disability.** A charter school must comply with sections 125A.02, 125A.03 to 125A.24, and 125A.65, and 125A.75 and rules relating to the education of pupils with a disability as though it were a district. A charter school enrolling prekindergarten pupils with a disability under subdivision 8, paragraph (g), must comply with sections 125A.259 to 125A.48 and rules relating to the Interagency Early Intervention System as though it were a school district.

**EFFECTIVE DATE.** This section is effective for fiscal year 2016 and later.
Sec. 8. Minnesota Statutes 2014, section 124D.10, subdivision 14, is amended to read:

Subd. 14. Annual public reports. (a) A charter school must publish an annual report approved by the board of directors. The annual report must at least include information on school enrollment, student attrition, governance and management, staffing, finances, academic performance, innovative practices and implementation, and future plans. A charter school may combine this report with the reporting required under section 120B.11. A charter school must post the annual report on the school's official Web site. A charter school must also distribute the annual report by publication, mail, or electronic means to its authorizer, school employees, and parents and legal guardians of students enrolled in the charter school. The reports are public data under chapter 13.

(b) The commissioner shall establish specifications for an authorizer's annual public report that is part of the system to evaluate authorizer performance under subdivision 3, paragraph (h). The report shall at least include key indicators of school academic, operational, and financial performance.

Sec. 9. Minnesota Statutes 2014, section 124D.10, subdivision 16, is amended to read:

Subd. 16. Transportation. (a) A charter school after its first fiscal year of operation by March 1 of each fiscal year and a charter school by July 1 of its first fiscal year of operation must notify the district in which the school is located and the Department of Education if it will provide its own transportation or use the transportation services of the district in which it is located for the fiscal year.

(b) If a charter school elects to provide transportation for pupils, the transportation must be provided by the charter school within the district in which the charter school is located. The state must pay transportation aid to the charter school according to section 124D.11, subdivision 2.

For pupils who reside outside the district in which the charter school is located, the charter school is not required to provide or pay for transportation between the pupil's residence and the border of the district in which the charter school is located. A parent may be reimbursed by the charter school for costs of transportation from the pupil's residence to the border of the district in which the charter school is located if the pupil is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week.

At the time a pupil enrolls in a charter school, the charter school must provide the parent or guardian with information regarding the transportation.
(c) If a charter school does not elect to provide transportation, transportation for pupils enrolled at the school must be provided by the district in which the school is located, according to sections 123B.88, subdivision 6, and 124D.03, subdivision 8, for a pupil residing in the same district in which the charter school is located. Transportation may be provided by the district in which the school is located, according to sections 123B.88, subdivision 6, and 124D.03, subdivision 8, for a pupil residing in a different district and must be provided according to section 123B.88, subdivision 10a. If the district provides the transportation, the scheduling of routes, manner and method of transportation, control and discipline of the pupils, and any other matter relating to the transportation of pupils under this paragraph shall be within the sole discretion, control, and management of the district.

EFFECTIVE DATE. This section is effective July 1, 2015.

Sec. 10. Minnesota Statutes 2014, section 124D.10, subdivision 23, is amended to read:

Subd. 23. Causes for nonrenewal or termination of charter school contract. (a) The duration of the contract with an authorizer must be for the term contained in the contract according to subdivision 6. The authorizer may or may not renew a contract at the end of the term for any ground listed in paragraph (b). An authorizer may unilaterally terminate a contract during the term of the contract for any ground listed in paragraph (b).

At least 60 business days before not renewing or terminating a contract, the authorizer shall notify the board of directors of the charter school of the proposed action in writing. The notice shall state the grounds for the proposed action in reasonable detail and that the charter school's board of directors may request in writing an informal hearing before the authorizer within 15 business days of receiving notice of nonrenewal or termination of the contract. Failure by the board of directors to make a written request for an informal hearing within the 15-business-day period shall be treated as acquiescence to the proposed action. Upon receiving a timely written request for a hearing, the authorizer shall give ten business days' notice to the charter school's board of directors of the hearing date. The authorizer shall conduct an informal hearing before taking final action. The authorizer shall take final action to renew or not renew a contract no later than 20 business days before the proposed date for terminating the contract or the end date of the contract.

(b) A contract may be terminated or not renewed upon any of the following grounds:

(1) failure to demonstrate satisfactory academic achievement for all students, including the requirements for pupil performance contained in the contract;

(2) failure to meet generally accepted standards of fiscal management;

(3) violations of law; or

(4) other good cause shown.
If a contract is terminated or not renewed under this paragraph, the school must be
dissolved according to the applicable provisions of chapter 317A.

(c) If the authorizer and the charter school board of directors mutually agree not to
renew the contract, a change in authorizers is allowed. The authorizer and the school
board must jointly submit a written and signed letter of their intent to the commissioner
to mutually not renew the contract. The authorizer that is a party to the existing contract
must inform the proposed authorizer about the fiscal, operational, and student performance
status of the school, as well as any outstanding contractual obligations that exist. The
charter contract between the proposed authorizer and the school must identify and provide
a plan to address any outstanding obligations from the previous contract. The proposed
contract must be submitted at least 105 business days before the end of the existing
charter contract. The commissioner shall have 30 business days to review and make a
determination. The proposed authorizer and the school shall have 15 business days to
respond to the determination and address any issues identified by the commissioner. A
final determination by the commissioner shall be made no later than 45 business days
before the end of the current charter contract. If no change in authorizer is approved, the
school and the current authorizer may withdraw their letter of nonrenewal and enter into a
new contract. If the transfer of authorizers is not approved and the current authorizer and
the school do not withdraw their letter and enter into a new contract, the school must be
dissolved according to applicable law and the terms of the contract.

(d) The commissioner, after providing reasonable notice to the board of directors of
a charter school and the existing authorizer, and after providing an opportunity for a public
hearing, may terminate the existing contract between the authorizer and the charter school
board if the charter school has a history of:

(1) failure to meet pupil performance requirements consistent with state law;

(2) financial mismanagement or failure to meet generally accepted standards of
fiscal management; or

(3) repeated or major violations of the law.

(e) Notwithstanding other provisions of this subdivision, the authorizer of a charter
school may terminate an existing contract between the authorizer and the charter school at
the end of the current school year, after notifying the charter school board of directors by
December 1, if in each of the previous three consecutive school years the performance of
the charter school based on federal school accountability measures and on state measures
of student performance and growth would place the school in the bottom ten percent of all
public schools as determined by the commissioner. If an authorizer chooses to terminate
the contract, the school must be closed according to applicable law and the terms of the
contract. The authorizer must work with the charter school's board of directors to ensure
parents of children currently enrolled at the school are aware of school choice options
and receive assistance in selecting an appropriate choice for their children for the next
school year. If the authorizer chooses not to terminate the existing contract under these
conditions, the authorizer must submit a public, written justification of its decision to the
commissioner by December 1. The federal and state measures identified in this paragraph
do not prevent an authorizer from closing schools under other conditions, consistent with
applicable law and contract terms.

Sec. 11. Minnesota Statutes 2014, section 124D.10, is amended by adding a
subdivision to read:

Subd. 24a. Merger. (a) Two or more charter schools may merge under chapter
317A. The effective date of a merger must be July 1. The merged school must continue
under the identity of one of the merging schools. A new charter contract under subdivision
6 must be executed by July 1. The authorizer must submit to the commissioner a copy of
the new signed charter contract within ten business days of its execution.

(b) Each merging school must submit a separate year-end report for the previous year
for that school only. After the final fiscal year of the premerger schools is closed out, the
fund balances and debts from the merging schools must be transferred to the merged school.

(c) For its first year of operation, the merged school is eligible to receive aid from
programs requiring approved applications equal to the sum of the aid of all of the merging
schools. For aids based on prior year data, the merged school is eligible to receive aid for
its first year of operation based on the combined data of all of the merging schools.

Sec. 12. Minnesota Statutes 2014, section 124D.11, subdivision 9, is amended to read:

Subd. 9. Payment of aids to charter schools. (a) Notwithstanding section
127A.45, subdivision 3, if the current year aid payment percentage under section
127A.45, subdivision 2, paragraph (d), is 90 or greater, aid payments for the current
fiscal year to a charter school shall be of an equal amount on each of the 24 payment
dates. Notwithstanding section 127A.45, subdivision 3, if the current year aid payment
percentage under section 127A.45, subdivision 2, paragraph (d), is less than 90, aid
payments for the current fiscal year to a charter school shall be of an equal amount on
each of the 16 payment dates in July through February.

(b) Notwithstanding paragraph (a) and section 127A.45, for a charter school ceasing
operation on or prior to June 30 of a school year, for the payment periods occurring after
the school ceases serving students, the commissioner shall withhold the estimated state aid
owed the school. The charter school board of directors and authorizer must submit to the
commissioner a closure plan under chapter 308A or 317A, and financial information about
the school's liabilities and assets. After receiving the closure plan, financial information,
an audit of pupil counts, documentation of lease expenditures, and monitoring of special
education expenditures, the commissioner may release cash withheld and may continue
regular payments up to the current year payment percentages if further amounts are
owed. If, based on audits and monitoring, the school received state aid in excess of the
amount owed, the commissioner shall retain aid withheld sufficient to eliminate the aid
overpayment. For a charter school ceasing operations prior to, or at the end of, a school
year, notwithstanding section 127A.45, subdivision 3, preliminary final payments may
be made after receiving the closure plan, audit of pupil counts, monitoring of special
education expenditures, documentation of lease expenditures, and school submission of
Uniform Financial Accounting and Reporting Standards (UFARS) financial data for the
final year of operation. Final payment may be made upon receipt of audited financial
statements under section 123B.77, subdivision 3.

(c) If a charter school fails to comply with the commissioner's directive to return,
for cause, federal or state funds administered by the department, the commissioner may
withhold an amount of state aid sufficient to satisfy the directive.

(d) If, within the timeline under section 471.425, a charter school fails to pay the state
of Minnesota, a school district, intermediate school district, or service cooperative after
receiving an undisputed invoice for goods and services, the commissioner may withhold
an amount of state aid sufficient to satisfy the claim and shall distribute the withheld
aid to the interested state agency, school district, intermediate school district, or service
cooperative. An interested state agency, school district, intermediate school district, or
education cooperative shall notify the commissioner when a charter school fails to pay an
undisputed invoice within 75 business days of when it received the original invoice.

(e) Notwithstanding section 127A.45, subdivision 3, and paragraph (a), 80 percent
of the start-up cost aid under subdivision 8 shall be paid within 45 days after the first day
of student attendance for that school year.

(f) (c) In order to receive state aid payments under this subdivision, a charter school
in its first three years of operation must submit a school calendar in the form and manner
requested by the department and a quarterly report to the Department of Education. The
report must list each student by grade, show the student's start and end dates, if any,
with the charter school, and for any student participating in a learning year program,
the report must list the hours and times of learning year activities. The report must be
submitted not more than two weeks after the end of the calendar quarter to the department.
The department must develop a Web-based reporting form for charter schools to use when submitting enrollment reports. A charter school in its fourth and subsequent year of operation must submit a school calendar and enrollment information to the department in the form and manner requested by the department.

(g) (f) Notwithstanding sections 317A.701 to 317A.791, upon closure of a charter school and satisfaction of creditors, cash and investment balances remaining shall be returned to the state.

(h) A charter school must have a valid, signed contract under section 124D.10, subdivision 6, on file at the Department of Education at least 15 days prior to the date of first payment of state aid for the fiscal year.

(h) State aid entitlements shall be computed for a charter school only for the portion of a school year for which it has a valid, signed contract under section 124D.10, subdivision 6.

Sec. 13. REVISOR’S INSTRUCTION, The revisor of statutes shall renumber the provisions of Minnesota Statutes listed in column A to the references listed in column B. The revisor of statutes may alter the renumbering to incorporate statutory changes made during the 2015 regular legislative session. The revisor shall also make necessary cross-reference changes in Minnesota Statutes and Minnesota Rules consistent with the renumbering in this instruction and the relettering of paragraphs in sections 1 to 12.

Section 1. Minnesota Statutes 2014, section 122A.31, subdivision 1, is amended to read:

Subdivision 1. Requirements for American sign language/English interpreters.

(a) In addition to any other requirements that a school district establishes, any person employed to provide American sign language/English interpreting or sign transliterating services on a full-time or part-time basis for a school district after July 1, 2000, must:

(1) hold current interpreter and transliterator certificates awarded by the Registry of Interpreters for the Deaf (RID), or the general level interpreter proficiency certificate awarded by the National Association of the Deaf (NAD), or a comparable state certification from the commissioner of education; and
(2) satisfactorily complete an interpreter/transliterator training program affiliated with an accredited educational institution.

(b) New graduates of an interpreter/transliterator program affiliated with an accredited education institution shall be granted a two-year provisional certificate by the commissioner. During the two-year provisional period, the interpreter/transliterator must develop and implement an education plan in collaboration with a mentor under paragraph (c).

(c) A mentor of a provisionally certified interpreter/transliterator must be an interpreter/transliterator who has either NAD level IV or V certification or RID certified interpreter and certified transliterator certification and have at least three years interpreting/transliterating experience in any educational setting. The mentor, in collaboration with the provisionally certified interpreter/transliterator, shall develop and implement an education plan designed to meet the requirements of paragraph (a), clause (1), and include a weekly on-site mentoring process.

(d) Consistent with the requirements of this paragraph, a person holding a provisional certificate may apply to the commissioner for one time-limited extension.

The commissioner, in consultation with the Commission of Deaf, DeafBlind and Hard-of-Hearing Minnesotans, must grant the person a time-limited extension of the provisional certificate based on the following documentation:

(1) letters of support from the person's mentor, a parent of a pupil the person serves, the special education director of the district in which the person is employed, and a representative from the regional service center of the deaf and hard-of-hearing;

(2) records of the person's formal education, training, experience, and progress on the person's education plan; and

(3) an explanation of why the extension is needed.

As a condition of receiving the extension, the person must comply with a plan and the accompanying time line for meeting the requirements of this subdivision. A committee composed of the director of the Minnesota Resource Center Serving Deaf and Hard of Hearing, or the director's designee deaf and hard-of-hearing state specialist, a representative of the Minnesota Association of Deaf Citizens, a representative of the Minnesota Registry of Interpreters of the Deaf, and other appropriate persons selected by the commissioner must develop the plan and time line for the person receiving the extension.

Sec. 2. Minnesota Statutes 2014, section 122A.31, subdivision 2, is amended to read:

Subd. 2. **Oral or cued speech transliterators.** (a) In addition to any other requirements that a school district establishes, any person employed to provide oral transliterating or cued speech transliterating services on a full-time or part-time basis for a school district after July 1, 2000, must hold a current applicable transliterator certificate awarded by the national certifying association or comparable state certification from the commissioner of education.

(b) To provide oral or cued speech transliterator services on a full-time or part-time basis, a person employed in a school district must comply with paragraph (a). The commissioner shall grant a nonrenewable, two-year certificate to a school district on behalf of a person who has not yet attained a current applicable transliterator certificate under paragraph (a). A person for whom a nonrenewable, two-year certificate is issued must work under the direction of a licensed teacher who is skilled in language development of individuals who are deaf or hard-of-hearing. A person for whom a nonrenewable, two-year certificate is issued also must enroll in a state-approved training program and demonstrate progress towards the certification required under paragraph (a) sufficient for the person to be certified at the end of the two-year period.

1. letters of support from the person's mentor, a parent of a pupil the person serves, the special education director of the district in which the person is employed, and a representative from the regional service center of the deaf and hard-of-hearing;
2. records of the person's formal education, training, experience, and progress on the person's education plan; and
3. an explanation of why the extension is needed.

Secondary consequences may include problems in reading comprehension and reduced reading experience that can impede the growth of vocabulary and background knowledge. Students who have a dyslexia diagnosis must meet the state and federal eligibility criteria in order to qualify for special education services.

Sec. 7. Minnesota Statutes 2014, section 125A.027, is amended to read:

125A.027 INTERAGENCY EARLY INTERVENTION COMMITTEE
RESPONSIBILITIES LOCAL AGENCY COORDINATION RESPONSIBILITIES.

Subdivision 1. Additional duties School board and county board responsibilities.

(a) It is the joint responsibility of school and county boards to coordinate, provide, and
pay for appropriate services and to facilitate payment for services from public and private
sources. Appropriate services for children eligible under section 125A.02 and receiving
services from two or more public agencies of which one is the public school must be
determined in consultation with parents, physicians, and other education, medical health,
and human services providers. The services provided must conform with a standardized
written plan for each eligible child ages three to 21.

(b) Appropriate services include those services listed on a child's standardized
written plan. These services are those that are required to be documented on a plan under
federal and state law or rule.

(c) School and county boards shall coordinate interagency services. Service
responsibilities for eligible children, ages three to 21, may be established in interagency
agreements or joint powers board agreements. In addition, interagency agreements or
joint powers board agreements may be developed to establish agency responsibility that
ensures that coordinated interagency services are coordinated, provided, and paid for and
that payment is facilitated from public and private sources. School boards must provide,
pay for, and facilitate payment for special education services as required under sections
125A.03 and 125A.06. County boards must provide, pay for, and facilitate payment for
those programs over which they have service and fiscal responsibility as referenced in
section 125A.023, subdivision 3, paragraph (c), clause (1).

Subd. 1a. Local governance structure. (a) The governing school boards of
the interagency early intervention committees and county boards are responsible for
developing and implementing interagency policies and procedures to coordinate services
at the local level for children with disabilities ages three to 21 under guidelines established
by the state interagency committee under section 125A.023, subdivision 4. Consistent
with the requirements in this section and section 125A.023, the governing school boards
of the interagency early intervention committees and county boards may organize as a
joint powers board under section 471.59 or enter into an interagency agreement that
establishes a governance structure.

(b) The governing board of each interagency early intervention committee as defined
in section 125A.30, paragraph (a), which may include a juvenile justice professional, shall:

(1) identify state and federal barriers to local coordination of services provided to
children with disabilities;

(2) implement policies that ensure a comprehensive and coordinated system of all
state and local agency services, including practices on multidisciplinary assessment,
standardized written plans, dispute resolution, and system evaluation for children with
disabilities ages three to 24;

(3) coordinate services and facilitate payment for services from public and private
institutions, agencies, and health plan companies; and

(4) share needed information consistent with state and federal data practices
requirements.
Subd. 2. Appropriate and necessary services. (a) Parents, physicians, other health care professionals including school nurses, and education and human services providers jointly must determine appropriate and necessary services for eligible children with disabilities ages three to 21. The services provided to the child under this section must conform with the child's standardized written plan. The governing board of an interagency early intervention committee or county board must provide those services contained in a child's individualized education program and those services for which a legal obligation exists.

(b) Nothing in this section or section 125A.023 increases or decreases the obligation of the state, county, regional agency, local school district, or local agency or organization to pay for education, health care, or social services.

(c) A health plan may not exclude any medically necessary covered service solely because the service is or could be identified in a child's individual family service plan, individualized education program, a plan established under section 504 of the federal Rehabilitation Act of 1973, or a student's individual health plan. This paragraph reaffirms the obligation of a health plan company to provide or pay for certain medically necessary covered services, and encourages a health plan company to coordinate this care with any other providers of similar services. Also, a health plan company may not exclude from a health plan any medically necessary covered service such as an assessment or physical examination solely because the resulting information may be used for an individualized education program or a standardized written plan.

Subd. 4. Responsibilities of school and county boards. (a) It is the joint responsibility of school and county boards to coordinate, provide, and pay for appropriate services, and to facilitate payment for services from public and private sources.

Appropriate service for children eligible under section 125A.02 and receiving service from two or more public agencies of which one is the public school must be determined in consultation with parents, physicians, and other education, medical health, and human services providers. The services provided must be in conformity with a standardized written plan for each eligible child ages 3 to 21.

(b) Appropriate services include those services listed on a child's standardized written plan. These services are those that are required to be documented on a plan under federal and state law or rule.

(c) School and county boards shall coordinate interagency services. Service responsibilities for eligible children, ages 3 to 21, may be established in interagency agreements or joint powers board agreements. In addition, interagency agreements or joint powers board agreements may be developed to establish agency responsibility that assures
that coordinated interagency services are coordinated, provided, and paid for, and that payment is facilitated from public and private sources. School boards must provide, pay for, and facilitate payment for special education services as required under sections 125A.03 and 125A.06. County boards must provide, pay for, and facilitate payment for those programs over which they have service and fiscal responsibility as referenced in section 125A.023, subdivision 3, paragraph (c), clause (1).

Sec. 8. Minnesota Statutes 2014, section 125A.08, is amended to read:

**125A.08 INDIVIDUALIZED EDUCATION PROGRAMS.**

(a) At the beginning of each school year, each school district shall have in effect, for each child with a disability, an individualized education program.

(b) As defined in this section, every district must ensure the following:

(1) all students with disabilities are provided the special instruction and services which are appropriate to their needs. Where the individualized education program team has determined appropriate goals and objectives based on the student's needs, including the extent to which the student can be included in the least restrictive environment, and where there are essentially equivalent and effective instruction, related services, or assistive technology devices available to meet the student's needs, cost to the district may be among the factors considered by the team in choosing how to provide the appropriate services, instruction, or devices that are to be made part of the student's individualized education program. The individualized education program team shall consider and may authorize services covered by medical assistance according to section 256B.0625, subdivision 26. The student's needs and the special education instruction and services to be provided must be agreed upon through the development of an individualized education program. The program must address the student's need to develop skills to live and work as independently as possible within the community. The individualized education program team must consider positive behavioral interventions, strategies, and supports that address behavior needs for children with attention deficit disorder or attention deficit hyperactivity disorder. During grade 9, the program must address the student's needs for transition from secondary services to postsecondary education and training, employment, community participation, recreation, and leisure and home living. In developing the program, districts must inform parents of the full range of transitional goals and related services that should be considered. The program must include a statement of the needed transition services, including a statement of the interagency responsibilities or linkages or both before secondary services are concluded;
(2) children with a disability under age five and their families are provided special
instruction and services appropriate to the child's level of functioning and needs;
(3) children with a disability and their parents or guardians are guaranteed procedural
safeguards and the right to participate in decisions involving identification, assessment
including assistive technology assessment, and educational placement of children with a
disability;
(4) eligibility and needs of children with a disability are determined by an initial
evaluation or reevaluation, which may be completed using existing data under United
States Code, title 20, section 33, et seq.;
(5) to the maximum extent appropriate, children with a disability, including those
in public or private institutions or other care facilities, are educated with children who
are not disabled, and that special classes, separate schooling, or other removal of children
with a disability from the regular educational environment occurs only when and to the
extent that the nature or severity of the disability is such that education in regular classes
with the use of supplementary services cannot be achieved satisfactorily;
(6) in accordance with recognized professional standards, testing and evaluation

(c) For all paraprofessionals employed to work in programs for whose role in part

shall ensure that:
(1) before or immediately upon beginning at the time of employment, each
paraprofessional develops must develop sufficient knowledge and skills in emergency

and reportability, among other things, to begin meeting the needs, especially
disability-specific and behavioral needs, of the students with whom the paraprofessional
works;
(2) annual training opportunities are available required to enable the paraprofessional
to continue to further develop the knowledge and skills that are specific to the students
with whom the paraprofessional works, including understanding disabilities, the unique
and individual needs of each student according to the student's disability and how the
disability affects the student's education and behavior, following lesson plans, and
implementing follow-up instructional procedures and activities; and

Article 5 Sec. 8.
(3) a districtwide process obligates each paraprofessional to work under the ongoing
direction of a licensed teacher and, where appropriate and possible, the supervision of a
school nurse.

Sec. 9. [125A.083] STUDENT INFORMATION SYSTEMS; TRANSFERRING
RECORDS.
To efficiently and effectively meet federal and state compliance and accountability
requirements using an online case management reporting system, school districts may
contract only with a student information system vendor employing a universal filing
system that is compatible with the online system for compliance reporting under section
125A.085 beginning in the 2018-2019 school year and later. A district's universal
filing system under this section must facilitate the seamless transfer of student records
for a student with disabilities who transfers between school districts, including records
containing the student's evaluation report, service plan, and other due process forms and
information, regardless of what filing system any one district uses.

EFFECTIVE DATE. This section is effective the day following final enactment
and applies to all district contracts with student information system vendors entered into
or modified after that date.

Sec. 10. Minnesota Statutes 2014, section 125A.085, is amended to read:

125A.085 ONLINE REPORTING OF REQUIRED DATA.
(a) To ensure a strong focus on outcomes for children with disabilities informs
federal and state compliance and accountability requirements and to increase opportunities
for special educators and related-services providers to focus on teaching children with
disabilities, the commissioner must customize a streamlined, user-friendly statewide
online system, with a single model online form, for effectively and efficiently collecting
and reporting required special education-related data to individuals with a legitimate
educational interest and who are authorized by law to access the data.
(b) The commissioner must consult with qualified experts, including information
technology specialists, licensed special education teachers and directors of special
education, related-services providers, third-party vendors, a designee of the commissioner
of human services, parents of children with disabilities, representatives of advocacy groups
representing children with disabilities, and representatives of school districts and special
education cooperatives on integrating, field testing, customizing, and sustaining this simple,
easily accessible, efficient, and effective online data system for uniform statewide reporting
of required due process compliance data. Among other outcomes, the system must:

1. reduce special education teachers' paperwork burden and thereby increase the
teachers' opportunities to focus on teaching children;
2. to the extent authorized by chapter 13 or other applicable state or federal law
governing access to and dissemination of educational records, provide for efficiently
and effectively transmitting the records of all transferring children with disabilities,
including highly mobile and homeless children with disabilities, among others, and avoid
fragmented service delivery;
3. address language and other barriers and disparities that prevent parents from
understanding and communicating information about the needs of their children with
disabilities; and
4. help continuously improve the interface among the online systems serving
children with disabilities in order to maintain and reinforce the children's ability to learn.

(c) The commissioner must use the federal Office of Special Education Programs
model forms for the (1) individualized education program, (2) notice of procedural
safeguards, and (3) prior written notice that are consistent with Part B of IDEA to integrate
and customize a state-sponsored universal special education online case management
system, consistent with the requirements of state law and this section for customizing a
statewide online reporting system. The commissioner must use a request for proposal
process to contract for the technology and software needed for customizing the online
system in order for the system to be fully functional, consistent with the requirements of
this section. This online system must be made available to school districts without charge
beginning in the 2015-2016 school year. For the 2015-2016 through 2017-2018 school
years and later, school districts may use this online system or may contract with an outside
vendor for compliance reporting. Beginning in the 2018-2019 school year and later,
school districts must use this online system for compliance reporting.

(d) All data on individuals maintained in the statewide reporting system are
classified as provided in chapter 13 or other applicable state or federal law. An authorized
individual's ability to enter, update, or access data must be limited through the use of
role-based access codes corresponding to that individual's official duties or training level,
and the statutory authorization that grants access for a particular purpose. Any action
in which data in the system are entered, updated, accessed, or shared or disseminated
outside of the system must be recorded in an audit trail. The audit trail must identify the
specific user responsible for the action, the date and time the action occurred, and the
purpose for the action. Data contained in the audit trail maintain the same classification
as the underlying data affected by the action, provided the responsible authority makes
the data available to a student or the student's parent upon request, and the responsible
authority may access the data to audit the system's user activity and security safeguards.
Before entering data on a student, the responsible authority must provide the student or the
student's parent written notice of the data practices rights and responsibilities required
by this section and a reasonable opportunity to refuse consent to have the student's data
included in the system. Upon receiving the student or the student's parent written refusal
to consent, the school district must not enter data on that student into the system and must
delete any existing data on that student currently in the system.

(e) Consistent with this section, the commissioner must establish a public Internet
Web interface to provide information to educators, parents, and the public about the form
and content of required special education reports, to respond to queries from educators,
parents, and the public about specific aspects of special education reports and reporting,
and to use the information garnered from the interface to streamline and revise special
education reporting on the online system under this section. The public Internet Web
interface must have a prominently linked page describing the rights and responsibilities
of students and parents whose data are included in the statewide reporting system, and
include information on the data practices rights of students and parents provided by this
section and a form students or parents may use to refuse consent to have a student's data
included in the system. The public Internet Web interface must not provide access to the
educational records of any individual child.

(f) The commissioner annually by February 1 must submit to the legislature a report
on the status, recent changes, and sustainability of the online system under this section.

Sec. 11. Minnesota Statutes 2014, section 125A.0942, subdivision 3, is amended to read:

Subd. 3. Physical holding or seclusion. (a) Physical holding or seclusion may be
used only in an emergency. A school that uses physical holding or seclusion shall meet the
following requirements:

(1) physical holding or seclusion is the least intrusive intervention that effectively
responds to the emergency;

(2) physical holding or seclusion is not used to discipline a noncompliant child;

(3) physical holding or seclusion ends when the threat of harm ends and the staff
determines the child can safely return to the classroom or activity;

(4) staff directly observes the child while physical holding or seclusion is being used;
(5) each time physical holding or seclusion is used, the staff person who implements
or oversees the physical holding or seclusion documents, as soon as possible after the
incident concludes, the following information:
(i) a description of the incident that led to the physical holding or seclusion;
(ii) why a less restrictive measure failed or was determined by staff to be
inappropriate or impractical;
(iii) the time the physical holding or seclusion began and the time the child was
released; and
(iv) a brief record of the child's behavioral and physical status;
(6) the room used for seclusion must:
(i) be at least six feet by five feet;
(ii) be well lit, well ventilated, adequately heated, and clean;
(iii) have a window that allows staff to directly observe a child in seclusion;
(iv) have tamperproof fixtures, electrical switches located immediately outside the
door, and secure ceilings;
(v) have doors that open out and are unlocked, locked with keyless locks that
have immediate release mechanisms, or locked with locks that have immediate release
mechanisms connected with a fire and emergency system; and
(vi) not contain objects that a child may use to injure the child or others;
(7) before using a room for seclusion, a school must:
(i) receive written notice from local authorities that the room and the locking
mechanisms comply with applicable building, fire, and safety codes; and
(ii) register the room with the commissioner, who may view that room; and
(8) until August 1, 2015, a school district may use prone restraints with children
age five or older if:
(i) the district has provided to the department a list of staff who have had specific
training on the use of prone restraints;
(ii) the district provides information on the type of training that was provided and
by whom;
(iii) only staff who received specific training use prone restraints;
(iv) each incident of the use of prone restraints is reported to the department within
five working days on a form provided by the department; and
(v) the district, before using prone restraints, must review any known medical or
psychological limitations that contraindicate the use of prone restraints.
The department must collect data on districts' use of prone restraints and publish the data
in a readily accessible format on the department's Web site on a quarterly basis.
(b) By February 1, 2015, and annually thereafter, stakeholders must recommend to the commissioner specific and measurable implementation and outcome goals for reducing the use of restrictive procedures and the commissioner must submit to the legislature a report on districts' progress in reducing the use of restrictive procedures that recommends how to further reduce these procedures and eliminate the use of prone restraints. The statewide plan includes the following components:

measurable goals; the resources, training, technical assistance, mental health services, and collaborative efforts needed to significantly reduce districts' use of prone restraints; and recommendations to clarify and improve the law governing districts' use of restrictive procedures. The commissioner must consult with interested stakeholders when preparing the report, including representatives of advocacy organizations, special education directors, teachers, paraprofessionals, intermediate school districts, school boards, day treatment providers, county social services, state human services department staff, mental health professionals, and autism experts. By June 30 each year, districts must report summary data on their use of restrictive procedures to the department, in a form and manner determined by the commissioner. The summary data must include information about the use of restrictive procedures, including use of reasonable force under section 121A.582.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 12. Minnesota Statutes 2014, section 125A.21, is amended to read:

**125A.21 THIRD-PARTY PAYMENT.**

Subdivision 1. **Obligation to pay.** Nothing in sections 125A.03 to 125A.24 and 125A.65 relieves an insurer or similar third party from an otherwise valid obligation to pay, or changes the validity of an obligation to pay, for services rendered to a child with a disability, and the child's family. A school district shall pay the nonfederal share of medical assistance services provided according to section 256B.0625, subdivision 26. Eligible expenditures must not be made from federal funds or funds used to match other federal funds. Any federal disallowances are the responsibility of the school district. A school district may pay or reimburse co-payments, coinsurance, deductibles, and other enrollee cost-sharing amounts, on behalf of the student or family, in connection with health and related services provided under an individual educational plan or individualized family service plan.

Subd. 2. **Third-party reimbursement.** (a) Beginning July 1, 2000, districts shall seek reimbursement from insurers and similar third parties for the cost of services provided by the district whenever the services provided by the district are otherwise
covered by the child's health coverage. Districts shall request, but may not require, the
cchild's family to provide information about the child's health coverage when a child with a
disability begins to receive services from the district of a type that may be reimbursable,
and shall request, but may not require, updated information after that as needed.

(b) For children enrolled in medical assistance under chapter 256B or MinnesotaCare
under chapter 256L who have no other health coverage, a district shall provide an initial
and annual written notice to the enrolled child's parent or legal representative of its intent
to seek reimbursement from medical assistance or MinnesotaCare for the individualized
education program or individualized family service plan health-related services provided
by the district. The initial notice must give the child's parent or legal representative the
right to request a copy of the child's education records on the health-related services that
the district provided to the child and disclosed to a third-party payer.

(c) The district shall give the parent or legal representative annual written notice of:
(1) the district's intent to seek reimbursement from medical assistance or
MinnesotaCare for individualized education program or individualized family service plan
health-related services provided by the district;
(2) the right of the parent or legal representative to request a copy of all records
concerning individualized education program or individualized family service plan
health-related services disclosed by the district to any third party; and
(3) the right of the parent or legal representative to withdraw consent for disclosure
of a child's records at any time without consequence.

The written notice shall be provided as part of the written notice required by Code of
Federal Regulations, title 34, section 300.504 or 303.520. The district must ensure that the
parent of a child with a disability is given notice, in understandable language, of federal and
state procedural safeguards available to the parent under this paragraph and paragraph (b).

(d) In order to access the private health care coverage of a child who is covered by
private health care coverage in whole or in part, a district must:
(1) obtain annual written informed consent from the parent or legal representative, in
compliance with subdivision 5; and
(2) inform the parent or legal representative that a refusal to permit the district
or state Medicaid agency to access their private health care coverage does not relieve
the district of its responsibility to provide all services necessary to provide free and
appropriate public education at no cost to the parent or legal representative.

(e) If the commissioner of human services obtains federal approval to exempt
covered individualized education program or individualized family service plan
health-related services from the requirement that private health care coverage refuse
payment before medical assistance may be billed, paragraphs (b), (c), and (d) shall also apply to students with a combination of private health care coverage and health care coverage through medical assistance or MinnesotaCare.

(f) In the event that Congress or any federal agency or the Minnesota legislature or any state agency establishes lifetime limits, limits for any health care services, cost-sharing provisions, or otherwise provides that individualized education program or individualized family service plan health-related services impact benefits for persons enrolled in medical assistance or MinnesotaCare, the amendments to this subdivision adopted in 2002 are repealed on the effective date of any federal or state law or regulation that imposes the limits. In that event, districts must obtain informed consent consistent with this subdivision as it existed prior to the 2002 amendments and subdivision 5, before seeking reimbursement for children enrolled in medical assistance under chapter 256B or MinnesotaCare under chapter 256L who have no other health care coverage.

Subd. 3. Use of reimbursements. Of the reimbursements received, districts may:

(1) retain an amount sufficient to compensate the district for its administrative costs of obtaining reimbursements;

(2) regularly obtain from education- and health-related entities training and other appropriate technical assistance designed to improve the district's ability to access third-party payments for individualized education program or individualized family service plan health-related services; or

(3) reallocate reimbursements for the benefit of students with individualized education programs or individualized family service plans in the district.

Subd. 4. Parents not obligated to use health coverage. To the extent required by federal law, a school district may not require parents of children with disabilities, if they would incur a financial cost, to use private or public health coverage to pay for the services that must be provided under an individualized education program or individualized family service plan.

Subd. 5. Informed consent. When obtaining informed consent, consistent with sections 13.05, subdivision 4a; 256B.77, subdivision 2, paragraph (p); and Code of Federal Regulations, title 34, parts 99 and 300, and 303, to bill health plans for covered services, the school district must notify the legal representative (1) that the cost of the person's private health insurance premium may increase due to providing the covered service in the school setting, (2) that the school district may pay certain enrollee health plan costs, including but not limited to, co-payments, coinsurance, deductibles, premium increases or other enrollee cost-sharing amounts for health and related services required by an individual service plan, or individualized family service plan, and (3) that...
the school's billing for each type of covered service may affect service limits and prior
authorization thresholds. The informed consent may be revoked in writing at any time
by the person authorizing the billing of the health plan.

Subd. 6. District obligation to provide service. To the extent required by federal
law, no school district may deny, withhold, or delay any service that must be provided
under an individualized education program or individualized family service plan because
a family has refused to provide informed consent to bill a health plan for services or a
health plan company has refused to pay any, all, or a portion of the cost of services billed.

Subd. 7. District disclosure of information. A school district may disclose
information contained in a student's individualized education program, consistent with
section 13.32, subdivision 3, paragraph (a), and Code of Federal Regulations, title 34,
parts 99 and 300 and 303; including records of the student's diagnosis and treatment, to a
health plan company only with the signed and dated consent of the student's parent, or
other legally authorized individual. The school district shall disclose only that information
necessary for the health plan company to decide matters of coverage and payment. A
health plan company may use the information only for making decisions regarding
coverage and payment, and for any other use permitted by law.

Sec. 20. SPECIAL EDUCATION EVALUATION.

Subdivision 1. Special education teachers' compliance with legal requirements.

The Department of Education must identify ways to give teachers working with eligible children with disabilities sufficient written and online resources to make informed decisions about how to effectively comply with legal requirements related to providing special education programs and services, including writing individualized education programs and related documents, among other requirements. The department must work collaboratively with teachers working with eligible children with disabilities, other school and district staff, and representatives of affected organizations, including Education Minnesota, Minnesota School Boards Association, and Minnesota Administrators of Special Education, among others, to identify obstacles to and solutions for teachers' confusion about complying with legal requirements governing special education programs and services. Subd. 2. Efficiencies to reduce paperwork. The Department of Education, in collaboration with teachers and administrators working with eligible children with disabilities in schools and districts, must identify strategies to effectively decrease the amount of time teachers spend completing paperwork for special education programs and services, evaluate whether the strategies are cost-effective, and determine whether other schools and districts are able to effectively use the strategies given available staff and resources. Where an evaluation shows that particular paperwork reduction strategies are cost-effective without undermining the purpose of the paperwork or the integrity of special education requirements, the department must electronically disseminate and promote the strategies to other schools and districts throughout the state.

Subd. 3. Special education forms; reading level. The Department of Education must determine the current reading level of its special education forms, establish a target
reading level for such forms, and, based on that target level, determine whether alternative forms are needed to accommodate the lexical and sublexical cognitive processes of individual form users and readers. The department must work with interested special education stakeholders and reading experts in making the determinations and identification required in this subdivision.

EFFECTIVE DATE. This section is effective July 1, 2015.

Sec. 5. Minnesota Statutes 2014, section 124D.13, is amended to read:

124D.13 EARLY CHILDHOOD FAMILY EDUCATION (ECFE) PROGRAMS.

Subdivision 1. Establishment; purpose. A district that provides a community education program under sections 124D.18 and 124D.19 may establish an early childhood family education program as an individual program or as a part of an early learning program under section 124D.1295. Two or more districts, each of which provides a community education program, may cooperate to jointly provide an early childhood family education program. The purpose of the early childhood family education program is to provide parenting education to support children's learning and development.

Subd. 2. Program requirements. (a) Early childhood family education programs are programs for children in the period of life from birth to kindergarten, for the parents and other relatives of these children, and for expectant parents. To the extent that funds are insufficient to provide programs for all children, early childhood family education programs should emphasize programming for a child from birth to age three and encourage parents and other relatives to involve four- and five-year-old children in school readiness programs, and other public and nonpublic early learning programs. A district may not limit participation to school district residents. Early childhood family education programs must provide:
(1) programs to educate parents and other relatives about the physical, cognitive, social, and emotional development of children and to enhance the skills of parents and other relatives in providing for their children's learning and development;

(2) structured learning activities requiring interaction between children and their parents or relatives;

(3) structured learning activities for children that promote children's development and positive interaction with peers, which are held while parents or relatives attend parent education classes;

(4) information on related community resources;

(5) information, materials, and activities that support the safety of children, including prevention of child abuse and neglect;

(6) a community needs assessment that identifies new and underserved populations, identifies child and family risk factors, particularly those that impact children's learning and development, and assesses family and parenting education needs in the community;

(7) programming and services that are tailored to the needs of families and parents prioritized in the community needs assessment; and

(8) information about and, if needed, assist in making arrangements for an early childhood health and developmental screening under sections 121A.16 and 121A.17, when the child nears the third birthday.

Early childhood family education programs should prioritize programming and services for families and parents identified in the community needs assessment, particularly those families and parents with children with the most risk factors birth to age three.

Early childhood family education programs are encouraged to provide parents of English learners with translated oral and written information to monitor the program's impact on their children's English language development, to know whether their children are progressing in developing their English and native language proficiency, and to actively engage with and support their children in developing their English and native language proficiency.

The programs must include learning experiences for children, parents, and other relatives that promote children's early literacy and, where practicable, their native language skills and activities for children that require substantial involvement of the children's parents or other relatives. The program may provide parenting education programming or services to anyone identified in the community needs assessment. Providers must review the program periodically to assure the instruction and materials are not racially, culturally, or sexually biased. The programs must encourage parents to be aware of practices that may affect equitable development of children.
(b) For the purposes of this section, "relative" or "relatives" means noncustodial grandparents or other persons related to a child by blood, marriage, adoption, or foster placement, excluding parents.

Subd. 3. Substantial parental involvement. The requirement of substantial parental or other relative involvement in subdivision 2 means that:

(a) parents or other relatives must be physically present much of the time in classes with their children or be in concurrent classes;

(b) parenting education or family education must be an integral part of every early childhood family education program;

(c) early childhood family education appropriations must not be used for traditional day care or nursery school, or similar programs; and

(d) the form of parent involvement common to kindergarten, elementary school, or early childhood special education programs such as parent conferences, newsletters, and notes to parents do not qualify a program under subdivision 2.

Subd. 4. Home visiting program. (a) A district that levies for home visiting under section 124D.135, subdivision 6, shall use this revenue to include as part of the early childhood family education programs a parent education component that is designed to reach isolated or at-risk families.

The home visiting program must:

(1) incorporate evidence-informed parenting education practices designed to support the healthy growth and development of children, with a priority focus on reaching those children who have high needs at as early an age as possible;

(2) establish clear objectives and protocols for home visits;

(3) encourage families to make a transition from home visits to site-based parenting programs;

(4) provide program services that are community-based, accessible, and culturally relevant;

(5) foster collaboration among existing agencies and community-based organizations that serve young children and their families, such as public health evidence-based models of home visiting and Head Start home visiting; and

(6) provide information about and assist in making arrangements for an early childhood health and developmental screening when the child nears his or her third birthday.

The home visiting program should be provided by licensed parenting educators, certified family life educators, or professionals with an equivalent license that reflect the demographic composition of the community to the extent possible.
(b) A home visiting program must include information focused on early brain development, including but not limited to brain development at different life stages, expectations of cognitive functions at different life stages, suggested activities to encourage healthy brain development, and suggested activities to discourage negative brain development based on a child's surroundings.

Subd. 5. Separate accounts. The district operating an early childhood family education program independent of an early learning program under section 124D.1295 must maintain a separate account within the community education fund for money for early childhood family education programs.

Subd. 6. Participants' fees. A district must establish a reasonable sliding fee scale but it shall waive the fee for a participant unable to pay.

Subd. 7. Additional funding. A district may receive funds from any governmental agency or private source.

Subd. 8. Coordination. (a) A district must describe strategies to coordinate and maximize public and private community resources and reduce duplication of services.

(b) A district is encouraged to coordinate adult basic education programs provided to parents and early childhood family education programs provided to children to accomplish the goals of section 124D.895.

Subd. 9. District advisory councils. The board must appoint an advisory council from the area in which the program is provided. A majority of the council must be parents participating in the program, who represent the demographics of the community. The district must ensure, to the extent possible, that the council includes representation of families who are racially, culturally, linguistically, and economically diverse. The council must assist the board in developing, planning, and monitoring the early childhood family education program and the early learning program under section 124D.1295. The council must report to the board and the community education advisory council.

Subd. 10. Alternative council. A board may direct the community education council, required according to section 124D.19, subdivision 2, to perform the functions of the Advisory Council for Early Childhood Family Education.

Subd. 11. Teachers. A school board must employ necessary licensed teachers for its early childhood family education programs. The Board of Teaching, at its discretion, may grant an applicant a variance under this subdivision, consistent with sections 122A.09, subdivision 10, and 122A.25, and Board of Teaching rules.

Subd. 12. Assistance. The department must provide assistance to districts with programs described in this section. The department must establish guidelines that list...
barriers to learning and development affecting children served by early childhood family education programs.

Subd. 13. **Program data submission requirements.** Districts receiving early childhood family education revenue under section 124D.135 must submit annual program data, including data that demonstrates the program response to the community needs assessment, to the department by July 15 in the form and manner prescribed by the commissioner.

Subd. 14. **Supervision.** A program provided by a board must be supervised by a licensed early childhood teacher or a licensed parent educator.

Subd. 15. **Parenting education transition program.** To the extent that funds are sufficient, early childhood family education may provide parenting education transition programming for parents of children birth to grade three in districts in which there is a prekindergarten-grade three initiative in order to facilitate continued parent engagement in children's learning and development. Early childhood family education programs are encouraged to develop partnerships to provide a parenting education liaison to providers of other public and nonpublic early learning programs, such as Head Start, school readiness, child care, early childhood special education, local public health programs, and health care providers.

**EFFECTIVE DATE.** This section is effective July 1, 2015.

Sec. 6. Minnesota Statutes 2014, section 124D.135, is amended to read:

**124D.135 EARLY CHILDHOOD FAMILY EDUCATION (ECFE) REVENUE.**

Subdivision 1. **Revenue.** The revenue for early childhood family education programs for a school district equals $120 for fiscal year 2014 and the formula allowance for the year times 0.023 for fiscal year 2015 and later, times the greater of:

1. 150; or
2. the number of people under five years of age residing in the district on October 1 of the previous school year.

Subd. 2. **Population.** For the purposes of subdivision 1, data reported to the department may be used to determine the number of people under five years of age residing in the district. The commissioner, with the assistance of the state demographer, shall review the number reported by any district operating an early childhood family education program. If requested, the district shall submit to the commissioner an explanation of its methods and other information necessary to document accuracy. If the commissioner determines that the district has not provided sufficient documentation of
161. accuracy, the commissioner may request the state demographer to prepare an estimate of 
161. the number of people under five years of age residing in the district and may use this 
161. estimate for the purposes of subdivision 1.

161.4 Subd. 3. Early childhood family education levy. By September 30 of each year, 
161.5 the commissioner shall establish a tax rate for early childhood family education revenue 
161.6 that raises $22,135,000 in each fiscal year. If the amount of the early childhood family 
161.7 education levy would exceed the early childhood family education revenue, the early 
161.8 childhood family education levy must equal the early childhood family education revenue. 
161.9 A district may not certify an early childhood family education levy unless it has met the 
161.10 annual program data reporting requirements under section 124D.13, subdivision 13.

161.11 Subd. 4. Early childhood family education aid. If a district complies with the 
161.12 provisions of section 124D.13, it must receive early childhood family education aid equal 
161.13 to the difference between the early childhood family education revenue and the early 
161.14 childhood family education levy. If the district does not levy the entire amount permitted, 
161.15 the early childhood family education aid must be reduced in proportion to the actual 
161.16 amount levied.

161.17 Subd. 5. Use of revenue restricted. (a) Early childhood family education revenue 
161.18 may be used only for early learning programs, including early childhood family education 
161.19 programs.

161.20 (b) Not more than five percent of early childhood family education revenue, as defined 
161.21 in subdivision 7, may be used to administer early childhood family education programs.

161.22 (c) An early childhood family education program may use up to ten percent of its 
161.23 early childhood family education revenue as defined in subdivision 1, including revenue 
161.24 from participant fees, for equipment that is used in the early childhood family education 
161.25 program. This revenue may only be used for the following purposes:

161.26 (1) to purchase or lease computers and related materials; and 
161.27 (2) to purchase or lease equipment for instruction for participating children and 
161.28 their families.

161.29 If a district anticipates an unusual circumstance requiring its early childhood family 
161.30 education program capital expenditures to exceed the ten percent limitation, prior approval 
161.31 to exceed the limit must be obtained in writing from the commissioner.

161.32 Subd. 6. Home visiting levy. A district that is eligible to levy for early childhood 
161.33 family education under subdivision 3 and that enters into a collaborative agreement to 
161.34 provide education services and social services to families with young children may levy 
161.35 an amount equal to $1.60 times the number of people under five years of age residing in 
161.36 the district on September 1 of the last school year. Levy revenue under this subdivision
must not be included as revenue under subdivision 1. The revenue must be used for home
visiting programs under section 124D.13, subdivision 4.

Subd. 7. Reserve account. Early childhood family education revenue, which
includes aids, levies, fees, grants, and all other revenues received by the district for early
childhood family education programs, must be maintained in either an early learning
program reserve account or a separate early childhood family education reserve account
within the community service fund.

EFFECTIVE DATE. This section is effective July 1, 2015.

Sec. 7. Minnesota Statutes 2014, section 124D.16, is amended to read:

124D.16 SCHOOL READINESS AID.

Subd. 2. Amount of aid. (a) A district is eligible to receive school readiness aid
for eligible prekindergarten pupils enrolled in a school readiness program under section
124D.15 if the biennial plan required by section 124D.15, subdivision 3a, has been
approved by the commissioner.

(b) A district must receive school readiness aid equal to:

(1) the number of four-year-old children in the district on October 1 for the previous
school year times the ratio of 50 percent of the total school readiness aid for that year to
the total number of four-year-old children reported to the commissioner for the previous
school year; plus

(2) the number of pupils enrolled in the school district from families eligible for the
free or reduced school lunch program for the previous school year times the ratio of
50 percent of the total school readiness aid for that year to the total number of pupils
in the state from families eligible for the free or reduced school lunch program for the
previous school year.

(c) For fiscal year 2015 and later, the total school readiness aid entitlement equals
$12,170,000.

Subd. 3. Use of aid. School readiness aid shall be used only to provide a school
readiness program or an early learning program and may be used to provide transportation.

Not more than five percent of program revenue, as defined in subdivision 5, may be used
for the cost of administering the program. Aid must be used to supplement and not supplant
local, state, and federal funding. Aid may not be used for instruction and services required
under sections 125A.03 to 125A.24 and 125A.65. Aid may not be used to purchase land
or construct buildings, but may be used to lease or renovate existing buildings.

EFFECTIVE DATE. This section is effective July 1, 2015.

(b) Notwithstanding the other provisions of this section, a parent under age 21 who is pursuing a high school or general education equivalency diploma or postsecondary training or education is eligible for an early learning scholarship if the parent has a child age zero to five years old and meets the income eligibility guidelines in this subdivision.

(c) Any siblings between the ages zero to five years old of a child who has been awarded a scholarship under this section must be awarded a scholarship upon request, provided the sibling attends the same program as long as funds are available.

(d) Beginning September 1, 2015, any child under the age of five years old on September 1 of the current school year who has not started kindergarten and is a recipient of an early learning scholarship funded under the federal Race to the Top - Early Learning
Challenge Grant must receive a scholarship under this section at the end of the child's Race

(d) (e) A child who has received a scholarship under this section must continue to
receive a scholarship each year until that child is eligible for kindergarten under section
120A.20 and as long as funds are available.

(f) Early learning scholarships may not be counted as earned income for the

Minnesota family investment program under chapter 256J, child care assistance programs
under chapter 119B, or Head Start under the federal Improving Head Start for School

and whose family meets the criteria of paragraph (a) is eligible for an early learning
scholarship under this section.

Subd. 3. Administration. (a) The commissioner director of the Office of Early
Learning shall establish application timelines and determine the schedule for awarding
scholarships that meets operational needs of eligible families and programs.

(b) The commissioner director may prioritize applications on factors including:

(1) family income;

(b) (c) For fiscal years 2014 and 2015 only, scholarships may not exceed $5,000
per year for each eligible child. For fiscal year 2016 and later, the commissioner director
shall establish a target for the average scholarship amount per child based on the results
of the rate survey conducted under section 119B.02, not to exceed the statewide general
education revenue per pupil in adjusted average daily membership. The director may
increase by up to 15 percent the scholarship amount for children enrolled in a three-star
Parent Aware-rated program and may increase by up to 20 percent the scholarship amount
for children enrolled in a four-star Parent Aware-rated program so long as any increase
added to the average scholarship amount does not exceed the actual program rate or tuition.

(e) (d) A four-star rated program that has children eligible for a scholarship enrolled
in or on a waiting list for a program beginning in July, August, or September may notify
the commissioner director, in the form and manner prescribed by the commissioner

that number. Beginning July 1, 2016, a school district or Head Start program qualifying

verify a scholarship recipient's family income in the same manner as for other program
participants. Scholarships awarded under this paragraph must be paid to the eligible
program provider designated by the award recipient, and must be transferred to another
eligible program provider at the recipient's request.

(d) (c) A scholarship is awarded for a 12-month period. If the scholarship recipient
has not been accepted and subsequently enrolled in a rated program within ten months of
the awarding of the scholarship, the scholarship cancels and the recipient must reapply in
order to be eligible for another scholarship. A child may not be awarded more than one
scholarship in a 12-month period.

(e) (f) A child who receives a scholarship who has not completed development

the form and manner prescribed by the commissioner, for direct payment of state aid.
Upon receipt of the application, the commissioner must pay each program directly for
each approved scholarship recipient enrolled under paragraph (e) according to the metered
payment system or another schedule established by the commissioner. The total amount of
funding directly allocated to a program under paragraph (d) must not exceed the amount
directly awarded to those programs in fiscal year 2015.

Subd. 4. Early childhood program eligibility. (a) In order To be eligible to accept
an early learning scholarship, a program must:

(2) the program or individual is currently on the national disqualified list for the Child and Adult Care Food Program; or

Subd. 4a. Record-keeping requirements. A program participating under this section must maintain and, at the director's request, make available to the director the attendance records and records of charges and payments for all children participating in this program, including payments from sources other than this program.

Subd. 5. Report required. The commissioner director shall contract with an independent contractor to evaluate the early learning scholarship program. (b) Notwithstanding any age limits in laws to the contrary, special instruction and services must be provided from birth until July 1 after the child with a disability becomes 21 years old but shall not extend beyond secondary school or its equivalent, except as provided in section 124D.68, subdivision 2. Local health, education, and social service agencies must refer children under age five who are known to need or suspected of needing special instruction and services to the school district. Districts with less than the minimum number of eligible children with a disability as determined by the commissioner must cooperate with other districts to maintain a full range of programs for education and services for children with a disability. This section does not alter the compulsory attendance requirements of section 120A.22.

(c) At the board's discretion, a school district that participates in a reciprocity agreement with a neighboring state under section 124D.041 may enroll and provide special instruction and services to a child from an adjoining state whose family resides
at a Minnesota address as assigned by the United States Postal Service if the district has
completed child identification procedures for that child to determine the child's eligibility
for special education services, and the child has received developmental screening under
sections 121A.16 to 121A.19.
