POLICE AND FIRE FACILITY PROJECT OVERVIEW

The Proposal

Ensure the police and fire facilities meet service demands of today and future by:

- Building a new fire station on city hall campus, and;
- Remodeling and expanding existing police and fire station to accommodate police

Need #1: Improve safety and response

Need #2: Accommodate growth and changing workforce

Need #3: Protect investments in equipment

How much will this cost?

- Police station: \$11,000,000
- Fire station: \$14,000,000
- Total estimated cost: Approximately \$25,000,000

How will this project be financed?

- City anticipates selling \$25 million in General Obligation capital improvement bonds
- Would require a one-time, less than 1-percent levy increase, starting in 2020

What is the city requesting?

Minnetonka is seeking special legislation to obtain a sales tax reimbursement for materials, supplies and equipment furnished for the project. This request was supported and included in the 2018 tax bill that was vetoed. The city anticipates the total amount of reimbursement would not exceed \$850,000. Construction is set to begin spring of 2019.

Legislative Support

H. F. No. 333 – Representative Acomb, Rep. Elkins, Rep. Pryor

S. F. No. 442 – Senator P. Anderson, Sen. Cwodzinski, Sen. Franzen
