BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1. Minnesota Statutes 2018, section 17.4982, subdivision 6, is amended to read:

Subd. 6. Certifiable diseases. "Certifiable diseases" includes any of the following expressed as clinical symptoms or based on the presence of the pathogen: channel catfish virus, *Renibacterium salmoninarum* (bacterial kidney disease), *Aeromonas salmonicida* (bacterial furunculosis), *Yersinia ruckeri* (enteric redmouth disease), *Edwardsiella ictaluri* (enteric septicemia of catfish), infectious hematopoietic necrosis virus, infectious pancreatic...
necrosis virus, *Myxobolus cerebralis* (whirling disease), *Tetracapsuloides bryosalmonae* (proliferative kidney disease), viral hemorrhagic septicemia virus, epizootic epitheliotropic virus, *Ceratomyxa shasta* (ceratomyxosis), and any emergency fish disease.

Sec. 2. Minnesota Statutes 2018, section 17.4982, subdivision 8, is amended to read:

Subd. 8. **Containment facility.** "Containment facility" means a licensed facility for salmonids, catfish, or species on the viral hemorrhagic septicemia (VHS) susceptible list published by the United States Department of Agriculture, Animal and Plant Health Inspection Services, VHS-susceptible-species list that complies with clauses (1), (3), and (4), or clauses (2), (3), and (4):

1. disinfects its effluent to the standards in section 17.4991 before the effluent is discharged to public waters;
2. does not discharge to public waters or to waters of the state directly connected to public waters;
3. raises aquatic life that is prohibited from being released into the wild and must be kept in a facility approved by the commissioner unless processed for food consumption;
4. contains aquatic life requiring a fish health inspection prior to transportation.

Sec. 3. Minnesota Statutes 2018, section 17.4982, subdivision 9, is amended to read:

Subd. 9. **Emergency fish disease.** "Emergency fish disease" means designated fish diseases or pathogens not already present in this state that could impact populations of aquatic life if inadvertently released by infected aquatic life, including channel catfish virus, viral hemorrhagic septicemia virus, infectious hematopoietic necrosis virus, infectious pancreatic necrosis virus, whirling disease, ceratomyxosis, proliferative kidney disease, and epizootic epitheliotropic virus disease.

Sec. 4. Minnesota Statutes 2018, section 17.4982, subdivision 12, is amended to read:

Subd. 12. **Fish health inspection.** (a) "Fish health inspection" means an on-site, statistically based sampling, collection, and testing of fish in accordance with processes in the Fish Health Blue Book or the Diagnostic Manual for Aquatic Animal Diseases, published by the International Office of Epizootics (OIE) to test for causative pathogens. The samples for inspection must be collected by a fish health inspector or a fish collector in cooperation with the producer. Testing of samples must be done by an approved laboratory.
(b) The inspection for viral hemorrhagic septicemia (VHS), infectious pancreatic necrosis
(IPN), and infectious hematopoietic necrosis (IHN) in salmonids and for VHS in
nonsalmonids must include at a minimum viral testing of ovarian fluids at the 95 percent
confidence level of detecting two percent incidence of disease.

(c) The inspection for certifiable diseases and pathogens for wild fish must follow the
guidelines of the Fish Health Blue Book or the Diagnostic Manual for Aquatic Animal
Diseases.

Sec. 5. Minnesota Statutes 2018, section 17.4982, is amended by adding a subdivision to
read:

Subd. 21a. VHS-susceptible species. "VHS-susceptible species" are aquatic species
that are natural hosts for viral hemorrhagic septicemia according to the Fish Health Blue
Book or the book's successor.

Sec. 6. Minnesota Statutes 2018, section 17.4982, is amended by adding a subdivision to
read:

Subd. 21b. VHS-susceptible-species list. "VHS-susceptible-species list" is the
VHS-susceptible species listed in the Fish Health Blue Book that are found in or that can
survive in the Great Lakes region.

Sec. 7. Minnesota Statutes 2018, section 17.4985, subdivision 2, is amended to read:

Subd. 2. Bill of lading. (a) A state-issued bill of lading is required for:

(1) intrastate transportation of aquatic life other than salmonids, catfish, or species on
the official list of viral hemorrhagic septicemia susceptible species published by the United
States Department of Agriculture, Animal and Plant Health Inspection Services,
VHS-susceptible-species list between licensed private fish hatcheries, aquatic farms, or
aquarium facilities licensed for the species being transported if the aquatic life is being
transported into a watershed where it is not currently present, if walleyes whose original
source is south of marked State Highway 210 are being transported to a facility north of
marked State Highway 210, or if the original source of the aquatic life is outside Minnesota
and contiguous states; and

(2) stocking of waters other than public waters with aquatic life other than salmonids,
catfish, or species on the official list of viral hemorrhagic septicemia susceptible species
published by the United States Department of Agriculture, Animal and Plant Health
Inspection Services VHS-susceptible-species list.
(b) When aquatic life is transported under paragraph (a), a copy of the bill of lading must be submitted to the regional fisheries manager at least 72 hours before the transportation.

(c) For transportation and stocking of waters that are not public waters:

(1) a bill of lading must be submitted to the regional fisheries manager 72 hours before transporting fish for stocking;

(2) a bill of lading must be submitted to the regional fisheries manager within five days after stocking if the waters to be stocked are confirmed by telecopy or telephone prior to stocking by the regional fisheries office not to be public waters; or

(3) a completed bill of lading may be submitted to the regional fisheries office by telecopy prior to transporting fish for stocking. Confirmation that the waters to be stocked are not public waters may be made by returning the bill of lading by telecopy or in writing, in which cases additional copies need not be submitted to the Department of Natural Resources.

(d) Bill of lading forms may only be issued by the Department of Natural Resources in St. Paul, and new bill of lading forms may not be issued until all previously issued forms have been returned.

Sec. 8. Minnesota Statutes 2018, section 17.4985, subdivision 3, is amended to read:

Subd. 3. Exemptions for transportation permits and bills of lading. (a) A state-issued bill of lading or transportation permit is not required by an aquatic farm licensee for importation of animals not on the official list of viral hemorrhagic septicemia susceptible species published by the United States Department of Agriculture, Animal and Plant Health Inspection Services; transportation of VHS-susceptible-species list, transporting animals not on the official list of viral hemorrhagic septicemia susceptible species published by the United States Department of Agriculture, Animal and Plant Health Inspection Services; or export for VHS-susceptible-species list, or exporting the following:

(1) minnows taken under an aquatic farm license in this state and transported intrastate;

(2) aquarium or ornamental fish including goldfish and tropical, subtropical, and saltwater species that cannot survive in the waters of the state, which may be imported or transported if accompanied by shipping documents;

(3) fish or fish eggs that have been processed for use as food, bait, or other purposes unrelated to fish propagation;

(4) live fish from a licensed aquatic farm, which may be transported directly to an outlet for processing or for other food purposes if accompanied by shipping documents;
(5) fish being exported if accompanied by shipping documents;

(6) sucker eggs, sucker fry, or fathead minnows transported intrastate for bait propagation or feeding of cultural aquatic life, except that if either species becomes listed on the official list of viral hemorrhagic septicemia susceptible species published by the United States Department of Agriculture, Animal and Plant Health Inspection Services (VHS-susceptible-species list), then a transportation permit is required;

(7) species of fish that are found within the state used in connection with public shows, exhibits, demonstrations, or fishing pools for periods not exceeding 14 days;

(8) fish being transported through the state if accompanied by shipping documents; or

(9) intrastate transportation of aquatic life between or within licensed private fish hatcheries, aquatic farms, or aquarium facilities licensed for the species being transported, except where required in subdivision 2 and except that salmonids, catfish, or species on the official list of viral hemorrhagic septicemia susceptible species published by the United States Department of Agriculture, Animal and Plant Health Inspection Services (VHS-susceptible-species list) may only be transferred or transported intrastate without a transportation permit if they had no record of bacterial kidney disease or viral hemorrhagic septicemia at the time they were imported into the state and if they have had a fish health inspection within the preceding year that has shown no certifiable diseases to be present.

Aquatic life being transferred between licensed private fish hatcheries, aquatic farms, or aquarium facilities must be accompanied by shipping documents and salmonids, catfish, or species on the official list of viral hemorrhagic septicemia susceptible species published by the United States Department of Agriculture, Animal and Plant Health Inspection Services, VHS-susceptible-species list being transferred or transported intrastate without a transportation permit must be accompanied by a copy of their most recent fish health inspection.

(b) Shipping documents required under paragraph (a) must show the place of origin, owner or consignee, destination, number, and species.

Sec. 9. Minnesota Statutes 2018, section 17.4985, subdivision 5, is amended to read:

Subd. 5. Permit application. An application for a transportation permit must be made on forms provided by the commissioner. An incomplete application must be rejected. An application for a transportation permit for salmonids, catfish, or species on the official list of viral hemorrhagic septicemia susceptible species published by the United States Department of Agriculture, Animal and Plant Health Inspection Services,
VHS-susceptible-species list; their eggs; or their sperm must be accompanied by certification that the source of the eggs or sperm are free of certifiable diseases, except that eggs with enteric redmouth, whirling disease, or furunculosis may be imported, transported, or stocked following treatment approved by the commissioner, and fish with bacterial kidney disease or viral hemorrhagic septicemia may be imported, transported, or stocked into areas where the disease has been identified as being present. A copy of the transportation permit showing the date of certification inspection must accompany the shipment of fish while in transit and must be available for inspection by the commissioner. By 14 days after a completed application is received, the commissioner must approve or deny the importation permits as provided in this section.

Sec. 10. Minnesota Statutes 2018, section 17.4986, subdivision 2, is amended to read:

Subd. 2. Licensed facilities. (a) The commissioner shall issue transportation permits to import:

(1) indigenous and naturalized species except trout, salmon, catfish, or species on the official list of viral hemorrhagic septicemia susceptible species published by the United States Department of Agriculture, Animal and Plant Health Inspection Services, VHS-susceptible-species list and sperm from any source to a standard facility;

(2) trout, salmon, catfish, or species on the official list of viral hemorrhagic septicemia susceptible species published by the United States Department of Agriculture, Animal and Plant Health Inspection Services, VHS-susceptible-species list from a nonemergency enzootic disease area to a containment facility if the fish are certified within the previous year to be free of certifiable diseases, except that eggs with enteric redmouth, whirling disease, or furunculosis may be imported following treatment approved by the commissioner, and fish with bacterial kidney disease or viral hemorrhagic septicemia may be imported into areas where the disease has been identified as being present; and

(3) trout, salmon, catfish, or species on the official list of viral hemorrhagic septicemia susceptible species published by the United States Department of Agriculture, Animal and Plant Health Inspection Services, VHS-susceptible-species list from a facility in a nonemergency enzootic disease area with a disease-free history of three years or more to a standard facility, except that eggs with enteric redmouth, whirling disease, or furunculosis may be imported following treatment approved by the commissioner, and fish with bacterial kidney disease or viral hemorrhagic septicemia may be imported into areas where the disease has been identified as being present.
(b) If a source facility in a nonemergency enzootic disease area cannot demonstrate a history free from disease, aquatic life may only be imported into a quarantine facility.

Sec. 11. Minnesota Statutes 2018, section 17.4986, subdivision 4, is amended to read:

Subd. 4. Disease-free history. Disease-free histories required under this section must include the results of a fish health inspection. When disease-free histories of more than one year are required for importing salmonids, catfish, or species on the official list of viral hemorrhagic septicemia susceptible species published by the United States Department of Agriculture, Animal and Plant Health Inspection Services, the disease history must be of consecutive years that include the year previous to, or the year of, the transportation request.

Sec. 12. Minnesota Statutes 2018, section 17.4991, subdivision 3, is amended to read:

Subd. 3. Fish health inspection. (a) An aquatic farm propagating salmonids, catfish, or species on the viral hemorrhagic septicemia (VHS) susceptible list published by the United States Department of Agriculture, Animal and Plant Health Inspection Services, and having an effluent discharge from the aquatic farm into public waters must have a fish health inspection conducted at least once every 12 months by a certified fish health inspector. Testing must be conducted according to laboratory methods of the Fish Health Blue Book or the Diagnostic Manual for Aquatic Animal Diseases, published by the International Office of Epizootics (OIE).

(b) An aquatic farm propagating any species on the VHS susceptible list and having an effluent discharge from the aquatic farm into public waters must test for VHS virus using the guidelines of the Fish Health Blue Book or the Diagnostic Manual for Aquatic Animal Diseases. The commissioner may, by written order published in the State Register, prescribe alternative testing time periods and methods from those prescribed in the Fish Health Blue Book or the OIE Diagnostic Manual if the commissioner determines that biosecurity measures will not be compromised. These alternatives are not subject to the rulemaking provisions of chapter 14 and section 14.386 does not apply. The commissioner must provide reasonable notice to affected parties of any changes in testing requirements.

(c) Results of fish health inspections must be provided to the commissioner for all fish that remain in the state. All data used to prepare and issue a fish health certificate must be maintained for three years by the issuing fish health inspector, approved laboratory, or accredited veterinarian.
(d) A health inspection fee must be charged based on each lot of fish sampled. The fee by check or money order payable to the Department of Natural Resources must be prepaid or paid at the time a bill or notice is received from the commissioner that the inspection and processing of samples is completed.

(e) Upon receipt of payment and completion of inspection, the commissioner shall notify the operator and issue a fish health certificate. The certification must be made according to the Fish Health Blue Book or the Diagnostic Manual for Aquatic Animal Diseases by a person certified as a fish health inspector.

(f) All aquatic life in transit or held at transfer stations within the state may be inspected by the commissioner. This inspection may include the collection of stock for purposes of pathological analysis. Sample size necessary for analysis will follow guidelines listed in the Fish Health Blue Book or the Diagnostic Manual for Aquatic Animal Diseases.

(g) Salmonids, catfish, or species on the VHS susceptible list must have a fish health inspection before being transported from a containment facility, unless the fish are being transported directly to an outlet for processing or other food purposes or unless the commissioner determines that an inspection is not needed. A fish health inspection conducted for this purpose need only be done on the lot or lots of fish that will be transported. The commissioner must conduct a fish health inspection requested for this purpose within five working days of receiving written notice. Salmonids and catfish may be immediately transported from a containment facility to another containment facility once a sample has been obtained for a health inspection or once the five-day notice period has expired.

Sec. 13. Minnesota Statutes 2018, section 17.4992, subdivision 2, is amended to read:

Subd. 2. Restriction on the sale of fish. (a) Except as provided in paragraph (b), species on the official list of viral hemorrhagic septicemia susceptible species published by the United States Department of Agriculture, Animal and Plant Health Inspection Services, VHS-susceptible-species list must be free of viral hemorrhagic septicemia and species of the family salmonidae or ictaluridae, except bullheads, must be free of certifiable diseases if sold for stocking or transfer to another aquatic farm.

(b) The following exceptions apply to paragraph (a):

(1) eggs with enteric redmouth, whirling disease, or furunculosis may be transferred between licensed facilities or stocked following treatment approved by the commissioner;
(2) fish with bacterial kidney disease or viral hemorrhagic septicemia may be transferred between licensed facilities or stocked in areas where the disease has been identified as being present; and

(3) the commissioner may allow transfer between licensed facilities or stocking of fish with enteric redmouth or furunculosis when the commissioner determines that doing so would pose no threat to the state's aquatic resources.

Sec. 14. Minnesota Statutes 2019 Supplement, section 84.027, subdivision 18, is amended to read:

Subd. 18. Permanent school fund authority; reporting. (a) The commissioner of natural resources has the authority and responsibility to administer school trust lands under sections 92.122 and 127A.31. The commissioner shall biannually report to the Legislative Permanent School Fund Commission and the legislature on the management of the school trust lands that shows how the commissioner has and will continue to achieve the following goals:

(1) manage the school trust lands efficiently and in a manner that reflects the undivided loyalty to the beneficiaries consistent with the commissioner's fiduciary duties;

(2) reduce the management expenditures of school trust lands and maximize the revenues deposited in the permanent school trust fund;

(3) manage the sale, exchange, and commercial leasing of school trust lands, requiring returns of not less than fair market value, to maximize the revenues deposited in the permanent school trust fund and retain the value from the long-term appreciation of the school trust lands;

(4) manage the school trust lands to maximize the long-term economic return for the permanent school trust fund while maintaining sound natural resource conservation and management principles;

(5) optimize school trust land revenues and maximize the value of the trust consistent with balancing short-term and long-term interests, so that long-term benefits are not lost in an effort to maximize short-term gains; and

(6) maintain the integrity of the trust and prevent the misapplication of its lands and its revenues.

(b) When the commissioner finds an irresolvable conflict between maximizing the long-term economic return and protecting natural resources and recreational values on
school trust lands, the commissioner shall give precedence to the long-term economic return in managing school trust lands. By July 1, 2018, the permanent school fund must be compensated for all school trust lands included under a designation or policy provision that prohibits long-term economic return. The commissioner shall submit recommendations to the appropriate legislative committees and divisions on methods of funding for the compensation required under this paragraph, including recommendations for appropriations from the general fund, nongeneral funds, and the state bond fund. Any uncompensated designation or policy provision restrictions on the long-term economic return on school trust lands remaining after July 1, 2018, must be compiled and submitted to the Legislative Permanent School Fund Commission for review.

(c) By December 31, 2013, the report required under paragraph (a) must provide an inventory and identification of all school trust lands that are included under a designation or policy provision that prohibits long-term economic return. The report must include a plan to compensate the permanent school fund through the purchase or exchange of the lands or a plan to manage the school trust land to generate long-term economic return to the permanent school fund. Subsequent reports under paragraph (a) must include a status report of the commissioner's progress in maximizing the long-term economic return on lands identified in the 2013 report.

(d) When management practices, policies, or designations by the commissioner diminish or prohibit the long-term economic return on school trust land, the conflict must be resolved as provided in section 92.122.

Sec. 15. Minnesota Statutes 2018, section 84.82, subdivision 1a, is amended to read:

Subd. 1a. General requirements. A person may not operate or transport a snowmobile unless the snowmobile has been registered under this section. A person may not sell a snowmobile without furnishing the buyer a bill of sale on a form prescribed by the commissioner.

Sec. 16. Minnesota Statutes 2018, section 84.82, subdivision 7a, is amended to read:

Subd. 7a. Collector limited snowmobile use. The commissioner may issue a special permit to a person or organization to operate or transport a collector snowmobile without registration in parades or organized group outings, such as races, rallies, and other promotional events and for up to ten days each year for personal transportation. The commissioner may impose a reasonable restriction on a permittee and may revoke, amend, suspend, or modify a permit for cause.
Sec. 17. Minnesota Statutes 2018, section 84D.11, subdivision 1a, is amended to read:

Subd. 1a. Permit for invasive carp. The commissioner may issue a permit to departmental divisions for tagging bighead, black, grass, or silver carp for research or control. Under the permit, the carp may be released into the water body from which the carp was captured. This subdivision expires December 31, 2021.

Sec. 18. Minnesota Statutes 2018, section 85.052, subdivision 1, is amended to read:

Subdivision 1. Authority to establish. (a) The commissioner may establish, by written order, provisions for the use of state parks for the following:

(1) special parking space for automobiles or other motor-driven vehicles in a state park or state recreation area;

(2) special parking spurs, campgrounds for automobiles, sites for tent camping, other types of lodging, camping, or day use facilities, and special auto trailer coach parking spaces, for the use of the individual charged for the space or facility; and

(3) improvement and maintenance of golf courses already established in state parks, and charging reasonable use fees; and

(4) providing water, sewer, and electric service to trailer or tent campsites and charging a reasonable use fee.

(b) Provisions established under paragraph (a) are exempt from section 16A.1283 and the rulemaking provisions of chapter 14. Section 14.386 does not apply.

(c) For the purposes of this subdivision, "lodging" means an enclosed shelter, room, or building with furnishings for overnight use.

Sec. 19. Minnesota Statutes 2018, section 85.052, subdivision 2, is amended to read:

Subd. 2. State park pageants special events. (a) The commissioner may stage state park pageants special events in a state park, municipal park, or on other land near or adjoining a state park and charge an entrance or use fee for the pageant special event. All receipts from the pageant special events must be used in the same manner as though the pageants special events were conducted in a state park.

(b) The commissioner may establish, by written order, state park pageant special event areas to hold historical or other pageant special events conducted by the commissioner of a state agency or other public agency. Establishment of the areas is exempt from the rulemaking provisions of chapter 14, and section 14.386 does not apply.
Sec. 20. Minnesota Statutes 2018, section 85.052, subdivision 6, is amended to read:

Subd. 6. State park reservation system. (a) The commissioner may, by written order, develop reasonable reservation policies for campsites and other using camping, lodging, and day-use facilities and for tours, educational programs, seminars, events, and rentals. These policies are exempt from rulemaking provisions under chapter 14, and section 14.386 does not apply.

(b) The revenue collected from the state park reservation fee established under subdivision 5, including interest earned, shall be deposited in the state park account in the natural resources fund and is annually appropriated to the commissioner for the cost of the state park reservation system.

Sec. 21. Minnesota Statutes 2018, section 85.052, is amended by adding a subdivision to read:

Subd. 7. Special-use permits. The commissioner may, by written order, develop reasonable policies for special-use permits to use state parks, state recreation areas, and state waysides. These policies are exempt from rulemaking provisions under chapter 14, and section 14.386 does not apply.

Sec. 22. Minnesota Statutes 2018, section 85.053, subdivision 2, is amended to read:

Subd. 2. Requirement. Except as provided in section 85.054, a motor vehicle may not enter a state park, state recreation area, or state wayside over 50 acres in area, without a state park permit issued under this section or a state parks and trails plate issued under section 168.1295. Except for vehicles permitted under subdivisions 7, paragraph (a), clause (2), and 8, the state park permit must be affixed to the lower right corner windshield of the motor vehicle and must be completely affixed by its own adhesive to the windshield, or the commissioner may, by written order, provide an alternative means to display and validate state park permits. A motor vehicle owner or lessee is responsible for ensuring the owner's or lessee's vehicle has a state park permit, and the commissioner may issue warnings and citations under section 84.0835 to the owner or lessee of a vehicle not in compliance.

Sec. 23. Minnesota Statutes 2019 Supplement, section 85.054, subdivision 1, is amended to read:

Subdivision 1. State Park Open House Days. (a) A state park permit is not required for a motor vehicle to enter a state park, state monument, state recreation area, or state wayside, on four days each calendar year at each park, which the commissioner shall
designate as State Park Open House Days. The commissioner may designate two consecutive
days as State Park Open House Days, if the open house is held in conjunction with a special
pageant event described in section 85.052, subdivision 2.

(b) The commissioner shall announce the date of each State Park Open House Day at
least 30 days in advance of the date it occurs.

(c) The purpose of State Park Open House Days is to acquaint the public with state
parks, recreation areas, and waysides.

Sec. 24. Minnesota Statutes 2019 Supplement, section 85.47, is amended to read:

85.47 SPECIAL USE SPECIAL-USE PERMITS; FEES.

Subdivision 1. Special-use permits. The commissioner may, by written order, develop
reasonable policies for special-use permits to use state trails and state water access sites.
The policies are exempt from rulemaking provisions under chapter 14, and section 14.386
does not apply.

Subd. 2. Disposition of fees. Fees collected for special-use special-use permits to use
state trails and state water access sites not on state forest, state park, or state recreation area
lands and for use of state water access sites must be deposited in the natural resources fund
and are appropriated to the commissioner of natural resources for operating and maintaining
state trails and water access sites.

Sec. 25. Minnesota Statutes 2018, section 97A.015, subdivision 51, is amended to read:

Subd. 51. Unloaded. "Unloaded" means, with reference to a firearm, without ammunition
in the barrels and magazine, if the magazine is in the firearm. A muzzle-loading firearm
with is unloaded if:

(1) for a flintlock ignition is unloaded if, it does not have priming powder in a pan. A
muzzle-loading firearm with

(2) for a percussion ignition is unloaded if, it does not have a percussion cap on a nipple;

(3) for an electronic ignition system, the battery is removed and is disconnected from
the firearm; and

(4) for an encapsulated powder charge ignition system, the primer and powder charge
are removed from the firearm.
Sec. 26. [97A.138] INSECTICIDES IN WILDLIFE MANAGEMENT AREAS.

A person may not use a product containing an insecticide in a wildlife management area if the insecticide is from the neonicotinoid class of insecticides.

Sec. 27. Minnesota Statutes 2018, section 97A.401, subdivision 1, is amended to read:

Subdivision 1. Commissioner's authority. The commissioner may issue special permits for the activities in this section. A special permit may be issued in the form of a general permit to a governmental subdivision or to the general public to conduct one or more activities under subdivisions 2 to 7.

Sec. 28. Minnesota Statutes 2018, section 97A.401, is amended by adding a subdivision to read:

Subd. 8. Snakes, lizards, and salamanders. The commissioner must prescribe conditions and may issue permits to breed, propagate, and sell snakes, lizards, and salamanders. A snake, lizard, or salamander that is obtained from a permitted breeder or that was possessed before August 1, 2020, may be possessed as a pet.

Sec. 29. Minnesota Statutes 2018, section 97A.421, subdivision 1, is amended to read:

Subdivision 1. General. (a) The annual license of a person convicted of a violation of the game and fish laws relating to the license or wild animals covered by the license is void when:

(1) a second conviction occurs within three years under a license to trap fur-bearing animals, take small game, or to take fish by angling or spearing;

(2) a third conviction occurs within one year under a minnow dealer's license;

(3) a second conviction occurs within three years for violations of section 97A.425 that do not involve falsifications or intentional omissions of information required to be recorded, or attempts to conceal unlawful acts within the records;

(4) two or more misdemeanor convictions occur within a three-year period under a private fish hatchery license;

(5) the conviction occurs under a license not described in clause (1), (2), or (4) or is for a violation of section 97A.425 not described in clause (3); or
(6) the conviction is related to assisting a person in the illegal taking, transportation, or
possession of wild animals, when acting as a hunting or angling guide.

(b) Except for big-game licenses and as otherwise provided in this section, for one year
after the conviction the person may not obtain the kind of license or take wild animals under
a lifetime license, issued under section 97A.473 or 97A.474, relating to the game and fish
law violation.

Sec. 30. Minnesota Statutes 2018, section 97A.421, is amended by adding a subdivision
to read:

Subd. 3b. Issuance after conviction; night vision or thermal imaging equipment. (a)
A person who is convicted of a violation under paragraph (b) and who possessed night
vision or thermal imaging equipment during the violation may not obtain a hunting license
or hunt wild animals for five years from the date of conviction.

(b) The revocation under this subdivision applies to convictions for:

(1) trespassing;

(2) hunting game in closed season;

(3) hunting game in closed hours;

(4) possessing night vision or thermal imaging equipment while taking wild animals in
violation of section 97B.086; or

(5) possessing unlawful firearms in deer zones in violation of section 97B.041.

Sec. 31. Minnesota Statutes 2019 Supplement, section 97A.505, subdivision 8, is amended
to read:

Subd. 8. Importing hunter-harvested Cervidae carcasses. (a) Importing
hunter-harvested Cervidae carcasses procured by any means into Minnesota is prohibited
except for cut and wrapped meat, quarters or other portions of meat with no part of the
spinal column or head attached, antlers, hides, teeth, finished taxidermy mounts, and antlers
attached to skull caps that are cleaned of all brain tissue.

Hunter-harvested (b) Cervidae carcasses taken originating from outside of Minnesota
may be transported on a direct route through the state by nonresidents.

EFFECTIVE DATE. This section is effective the day following final enactment.
Sec. 32. Minnesota Statutes 2018, section 97B.031, subdivision 1, is amended to read:

Subdivision 1. **Permissible firearms and ammunition; big game and wolves.** A person may take big game and wolves with a firearm only if:

1. the any rifle, shotgun, and handgun used is a caliber of at least .22 inches and **has centerfire ignition**;
2. the firearm is loaded only with single projectile ammunition;
3. a projectile used is a caliber of at least .22 inches and has a soft point or is an expanding bullet type;
4. the muzzleloader used is incapable of being has the projectile loaded only at the breech muzzle;
5. the smooth-bore muzzleloader used is a caliber of at least .45 inches; and
6. the rifled muzzleloader used is a caliber of at least .40 inches.

Sec. 33. Minnesota Statutes 2018, section 97B.036, is amended to read:

97B.036 CROSSBOW HUNTING DURING FIREARMS SEASON.

Notwithstanding section 97B.035, subdivisions 1 and 2, a person may take deer, bear, or turkey by crossbow during the respective regular firearms seasons. The transportation requirements of section 97B.051 apply to crossbows during the regular firearms deer, bear, or turkey season. Crossbows must meet the requirements of section 97B.106, subdivision 2. A person taking deer, bear, or turkey by crossbow under this section must have a valid firearms license to take the respective game by firearm. This section does not allow the use of a crossbow by licensed muzzleloader hunters during the muzzleloader firearms deer season under section 97B.311.

Sec. 34. Minnesota Statutes 2019 Supplement, section 97B.086, is amended to read:

97B.086 POSSESSING NIGHT VISION OR THERMAL IMAGING EQUIPMENT.

(a) A person may not possess night vision or thermal imaging equipment while taking wild animals or while having in possession, either individually or as one of a group of persons, a firearm, bow, or other implement that could be used to take wild animals.

(b) This section does not apply to a firearm that is:

1. unloaded;
Sec. 34. [(97B.607)] NONTOXIC SHOT REQUIRED FOR TAKING SMALL GAME IN CERTAIN AREAS.

Subdivision 1. Nontoxic shot on wildlife management areas in farmland zone. A person may not take small game on any wildlife management area in the farmland zone with shot other than:

(1) steel shot;
(2) copper-plated, nickel-plated, or zinc-plated steel shot; or
(3) shot made of other nontoxic material approved by the director of the United States Fish and Wildlife Service.

Subd. 2. Farmland zone. In this section, "farmland zone" means that portion of the state that falls south and west of Minnesota Highway 70 westward from the Wisconsin border to Minnesota Highway 65 to Minnesota Highway 23 to U.S. Highway 169 at Milaca to Minnesota Highway 18 at Garrison to Minnesota Highway 210 at Brainerd to U.S. Highway 10 at Motley to U.S. Highway 59 at Detroit Lakes northward to the Canadian border.

EFFECTIVE DATE. This section is effective July 1, 2021.
Sec. 36. Minnesota Statutes 2018, section 97C.005, subdivision 3, is amended to read:

Subd. 3. Seasons, limits, and other rules. The commissioner may, in accordance with the procedures in subdivision 2, paragraphs (c) and (e), or by rule under chapter 14, establish open seasons, limits, methods, and other requirements for taking fish on special management waters. The commissioner may, by written order published in the State Register, amend daily, possession, or size limits to make midseason adjustments based on available harvest, angling pressure, and population data to manage the fisheries in the 1837 Ceded Territory in compliance with the court orders in Mille Lacs Band of Chippewa v. Minnesota, 119 S. Ct. 1187 (1999) and in the state waters of Upper Red Lake. The midseason adjustments in daily, possession, or size limits are not subject to the rulemaking provisions of chapter 14 and section 14.386 does not apply. Before the written order is effective, the commissioner shall attempt to notify persons or groups of persons affected by the written order by public announcement, posting, and other appropriate means as determined by the commissioner.

Sec. 37. Minnesota Statutes 2018, section 97C.342, subdivision 2, is amended to read:

Subd. 2. Bait restrictions. Frozen or dead fish on the official list of viral hemorrhagic septicemia susceptible species published by the United States Department of Agriculture, Animal and Plant Health Inspection Services VHS-susceptible-species list under section 17.4982, subdivision 21b; cisco (all Coregonus, including lake herring and tullibee); and smelt (all Osmerus, Spirinchus, Hypomesus, and Allosmerus) being used as bait in waters of the state must originate from water bodies certified disease-free. Certification for these water bodies is valid for one year from the date of test results.

Sec. 38. Minnesota Statutes 2018, section 97C.515, subdivision 2, is amended to read:

Subd. 2. Permit for transportation. (a) A person may transport live minnows through the state with a permit from the commissioner. The permit must state the name and address of the person, the number and species of minnows, the point of entry into the state, the destination, and the route through the state. The permit is not valid for more than 12 hours after it is issued.

(b) Minnows transported under this subdivision must be in a tagged container. The tag number must correspond with tag numbers listed on the minnow transportation permit.

(c) The commissioner may require the person transporting minnow species found on the official list of viral hemorrhagic septicemia susceptible species published by the United States Department of Agriculture, Animal and Plant Health Inspection Services VHS-susceptible-species list under section 17.4982, subdivision 21b, to provide health
certification for viral hemorrhagic septicemia. The certification must disclose any incidentally isolated replicating viruses, and must be dated within the 12 months preceding transport. Sec. 39. Minnesota Statutes 2018, section 97C.805, subdivision 2, is amended to read:

Subd. 2. Restrictions. (a) The netting of lake whitefish and ciscoes is subject to the restrictions in this subdivision.

(b) A person may not use:

(1) more than two nets; one net;

(2) a net more than 100 feet long; or

(3) a net more than three feet wide.

(c) The mesh size of the nets may not be less than:

(1) 1-3/4 inches, stretch measure, for nets used to take ciscoes; and

(2) 3-1/2 inches, stretch measure, for all other nets.

(d) A net may not be set in water, including ice thickness, deeper than six feet.

(e) The commissioner may designate waters where nets may be set so that portions of the net extend into water deeper than six feet under conditions prescribed by the commissioner to protect game fish. A pole or stake must project at least two feet above the surface of the water or ice at one end of each net.

(f) A net may not be set within 50 feet of another net.

(g) A person may not have angling equipment in possession while netting lake whitefish or ciscoes.

Sec. 40. Minnesota Statutes 2018, section 97C.836, is amended to read:

97C.836 LAKE SUPERIOR LAKE TROUT; EXPANDED ASSESSMENT HARVEST.

The commissioner shall provide for taking of lake trout by licensed commercial operators in Lake Superior management zones MN-3 and MN-2 for expanded assessment and sale. The commissioner shall authorize expanded assessment taking and sale of lake trout in Lake Superior management zone MN-3 beginning annually in 2007 and zone MN-2 beginning annually in 2010. Total assessment taking and sale may not exceed 3,000 lake trout in zone MN-3 and 2,000 lake trout in zone MN-2 and may be reduced when necessary to protect the lake trout population or to manage the effects of invasive species or fish disease. Taking
lake trout for expanded assessment and sale shall be allowed from June 1 to September 30, but may end earlier in the respective zones if the quotas are reached. The quotas must be reassessed at the expiration of the current ten-year Fisheries Management Plan for the Minnesota Waters of Lake Superior dated September 2006.

Sec. 41. Minnesota Statutes 2018, section 116G.07, is amended by adding a subdivision to read:

Subd. 4. Exemption; Mississippi River Corridor Critical Area. Plans and regulations of local units of government within the Mississippi River Corridor Critical Area are exempt from subdivisions 1 to 3 and are subject to section 116G.15, subdivision 8.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 42. Minnesota Statutes 2018, section 116G.15, is amended by adding a subdivision to read:

Subd. 8. Reviewing and approving local plans and regulations. (a) In the Mississippi River Corridor Critical Area, the commissioner of natural resources is responsible for carrying out the duties of the board and the Metropolitan Council is responsible for carrying out the duties of the regional development commission under sections 116G.07 to 116G.10. Notwithstanding sections 116G.07, subdivisions 2 and 3, and 116G.10, subdivision 3, the responsibilities and procedures for reviewing and approving local plans and regulations in the Mississippi River Corridor Critical Area, and amendments thereto, are subject to this subdivision.

(b) Within 60 days of receiving a draft plan from a local unit of government, the commissioner, in coordination with the Metropolitan Council, must review the plan to determine the plan's consistency with:

(1) this section;

(2) Minnesota Rules, chapter 6106; and

(3) the local unit of government's comprehensive plan.

(c) Within 60 days of receiving draft regulations from a local unit of government, the commissioner must review the regulations to determine the regulations' consistency with:

(1) Minnesota Rules, chapter 6106; and

(2) the commissioner-approved plan adopted by the local unit of government under paragraph (b).
(d) Upon review of a draft plan and regulations under paragraphs (b) and (c), the commissioner must:

(1) conditionally approve the draft plan and regulations by written decision; or

(2) return the draft plan and regulations to the local unit of government for modification, along with a written explanation of the need for modification.

(i) When the commissioner returns a draft plan and regulations to the local unit of government for modification, the local unit of government must revise the draft plan and regulations within 60 days after receiving the commissioner's written explanation and must resubmit the revised draft plan and regulations to the commissioner.

(ii) The Metropolitan Council and the commissioner must review the revised draft plan and regulations upon receipt from the local unit of government as provided under paragraphs (b) and (c).

(iii) If the local unit of government or the Metropolitan Council requests a meeting, a final revision need not be made until a meeting is held with the commissioner on the draft plan and regulations. The request extends the 60-day time limit specified in item (i) until after the meeting is held.

(e) Only plans and regulations receiving final approval from the commissioner have the force and effect of law. The commissioner must grant final approval under this section only if:

(1) the plan is an element of a comprehensive plan that is authorized by the Metropolitan Council according to sections 473.175 and 473.858; and

(2) the local unit of government adopts a plan and regulations that are consistent with the draft plan and regulations conditionally approved under paragraph (d).

(f) The local unit of government must implement and enforce the commissioner-approved plan and regulations after the plan and regulations take effect.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 43. Laws 2016, chapter 154, section 16, is amended to read:

Sec. 16. EXCHANGE OF STATE LAND; AITKIN, BELTRAMI, AND KOOCHICHING COUNTIES.

(a) Notwithstanding the riparian restrictions in Minnesota Statutes, section 94.342, subdivision 3, and subject to the valuation restrictions described in paragraph (c), the
commissioner of natural resources may, with the approval of the Land Exchange Board as required under the Minnesota Constitution, article XI, section 10, and according to the remaining provisions of Minnesota Statutes, sections 94.342 to 94.347, exchange the state-owned land leased for farming wild rice described in paragraph (b).

(b) The state land that may be exchanged is held under the following state leases for farming of wild rice:

1. Lease LAGR001305, covering 175.1 acres in Aitkin County;
2. Lease LMIS010040, covering 107.1 acres in Beltrami County;
3. Lease LMIS010096, covering 137.4 acres in Beltrami County; and
4. Lease LAGR001295, covering 264.40 acres in Koochiching County.

(c) For the appraisal of the land, no improvements paid for by the lessee shall be included in the estimate of market value.

(d) Additional adjoining state lands may be added to the exchanges if mutually agreed upon by the commissioner and the exchange partner to avoid leaving unmanageable parcels of land in state ownership after an exchange or to meet county zoning standards or other regulatory needs for the wild rice farming operations.

(e) The state land administered by the commissioner of natural resources in Koochiching County borders the Lost River. The lands to be exchanged are not required to provide at least equal opportunity for access to waters by the public, but the lands must be at least equal in value and have the potential to generate revenue for the school trust lands.

(f) Notwithstanding Minnesota Statutes, section 94.343, subdivision 8a, lessees must pay to the commissioner all costs, as determined by the commissioner, that are associated with each exchange transaction, including valuation expenses; legal fees; survey expenses; costs of title work, advertising, and public hearings; transactional staff costs; and closing costs.

Sec. 44. REPEALER.

Minnesota Statutes 2018, sections 85.0505, subdivision 3; 85.0507; and 85.054, subdivision 19, are repealed.
85.0505 FOOD AND BEVERAGE SERVICE IN STATE PARKS.

Subd. 3. **Fort Ridgely State Park.** The commissioner of public safety, with the approval of the commissioner of natural resources, may issue to a concessionaire, lessee, or person holding a contract with the Department of Natural Resources an on-sale license for the sale of intoxicating liquor at the Fort Ridgely State Park golf course. The annual fee for the license issued pursuant to this subdivision shall be set by the commissioner of public safety at an amount comparable to the fee charged by the surrounding counties for a similar license. All provisions of chapter 340A not inconsistent with this subdivision shall apply to the sale of intoxicating liquor at the Fort Ridgely State Park golf course.

85.0507 FORT RIDGELY GOLF COURSE; GOLF CARTS.

The commissioner may by contract, concession agreement, or lease authorize the use of golf carts on the golf course at Fort Ridgely State Park.

85.054 STATE PARK PERMIT EXEMPTIONS.

Subd. 19. **Fort Ridgely golf course.** The commissioner may by contract, concession agreement, or lease waive a state park permit and associated fee for motor vehicle entry or parking for persons playing golf at the Fort Ridgely State Park golf course provided that the contract, concession agreement, or lease payment to the state is set, in part, to compensate the state park system for the loss of the state park fees.
