1.1 moves to amend H.F. No. 1376 as follows:

1.2 Delete everything after the enacting clause and insert:

"ARTICLE 1

GENERAL EDUCATION

Section 1. Minnesota Statutes 2016, section 121A.22, subdivision 2, is amended to read:

Subd. 2. Exclusions. In addition, this section does not apply to drugs or medicine that are:

(1) purchased without a prescription;
(2) used by a pupil who is 18 years old or older;
(3) used in connection with services for which a minor may give effective consent, including section 144.343, subdivision 1, and any other law;
(4) used in situations in which, in the judgment of the school personnel who are present or available, the risk to the pupil's life or health is of such a nature that drugs or medicine should be given without delay;
(5) used off the school grounds;
(6) used in connection with athletics or extra curricular activities;
(7) used in connection with activities that occur before or after the regular school day;
(8) provided or administered by a public health agency to prevent or control an illness or a disease outbreak as provided for in sections 144.05 and 144.12;
(9) prescription asthma or reactive airway disease medications self-administered by a pupil with an asthma inhaler, consistent with section 121A.221, if the district has received a written authorization from the pupil's parent permitting the pupil to self-administer the
medication, the inhaler is properly labeled for that student, and the parent has not requested
school personnel to administer the medication to the pupil. The parent must submit written
authorization for the pupil to self-administer the medication each school year; or

(10) epinephrine auto-injectors, consistent with section 121A.2205, if the parent and
prescribing medical professional annually inform the pupil's school in writing that (i) the
pupil may possess the epinephrine or (ii) the pupil is unable to possess the epinephrine and
requires immediate access to epinephrine auto-injectors that the parent provides properly
labeled to the school for the pupil as needed.

Sec. 2. Minnesota Statutes 2016, section 121A.221, is amended to read:

121A.221 POSSESSION AND USE OF ASTHMA INHALERS BY ASTHMATIC
STUDENTS.

(a) Consistent with section 121A.22, subdivision 2, clause (9), in a school district that
employs a school nurse or provides school nursing services under another arrangement, the
school nurse or other appropriate party must assess the student's knowledge and skills to
safely possess and use an asthma inhaler in a school setting and enter into the student's
school health record a plan to implement safe possession and use of asthma inhalers.

(b) Consistent with section 121A.22, subdivision 2, clause (9), in a school that does not
have a school nurse or school nursing services, the student's parent or guardian must submit
written verification from the prescribing professional that documents an assessment of the
student's knowledge and skills to safely possess and use an asthma inhaler in a school setting
has been completed.

Sec. 3. Minnesota Statutes 2016, section 123B.92, subdivision 1, is amended to read:

Subdivision 1. Definitions. For purposes of this section and section 125A.76, the terms
defined in this subdivision have the meanings given to them.

(a) "Actual expenditure per pupil transported in the regular and excess transportation
categories" means the quotient obtained by dividing:

(1) the sum of:

(i) all expenditures for transportation in the regular category, as defined in paragraph
(b), clause (1), and the excess category, as defined in paragraph (b), clause (2), plus

(ii) an amount equal to one year's depreciation on the district's school bus fleet and
mobile units computed on a straight line basis at the rate of 15 percent per year for districts
operating a program under section 124D.128 for grades 1 to 12 for all students in the district
and 12-1/2 percent per year for other districts of the cost of the fleet, plus

(iii) an amount equal to one year's depreciation on the district's type III vehicles, as
defined in section 169.011, subdivision 71, which must be used a majority of the time for
pupil transportation purposes, computed on a straight line basis at the rate of 20 percent per
year of the cost of the type three school buses by:

(2) the number of pupils eligible for transportation in the regular category, as defined
in paragraph (b), clause (1), and the excess category, as defined in paragraph (b), clause
(2).

(b) "Transportation category" means a category of transportation service provided to
pupils as follows:

(1) Regular transportation is:

(i) transportation to and from school during the regular school year for resident elementary
pupils residing one mile or more from the public or nonpublic school they attend, and
resident secondary pupils residing two miles or more from the public or nonpublic school
they attend, excluding desegregation transportation and noon kindergarten transportation;
but with respect to transportation of pupils to and from nonpublic schools, only to the extent
permitted by sections 123B.84 to 123B.87;

(ii) transportation of resident pupils to and from language immersion programs;

(iii) transportation of a pupil who is a custodial parent and that pupil's child between the
pupil's home and the child care provider and between the provider and the school, if the
home and provider are within the attendance area of the school;

(iv) transportation to and from or board and lodging in another district, of resident pupils
of a district without a secondary school; and

(v) transportation to and from school during the regular school year required under
subdivision 3 for nonresident elementary pupils when the distance from the attendance area
border to the public school is one mile or more, and for nonresident secondary pupils when
the distance from the attendance area border to the public school is two miles or more,
excluding desegregation transportation and noon kindergarten transportation.

For the purposes of this paragraph, a district may designate a licensed day care facility,
school day care facility, respite care facility, the residence of a relative, or the residence of
a person or other location chosen by the pupil's parent or guardian, or an after-school program
for children operated by a political subdivision of the state, as the home of a pupil for part

Article 1 Sec. 3.
or all of the day, if requested by the pupil's parent or guardian, and if that facility, residence, or program is within the attendance area of the school the pupil attends.

(2) Excess transportation is:

(i) transportation to and from school during the regular school year for resident secondary pupils residing at least one mile but less than two miles from the public or nonpublic school they attend, and transportation to and from school for resident pupils residing less than one mile from school who are transported because of full-service school zones, extraordinary traffic, drug, or crime hazards; and

(ii) transportation to and from school during the regular school year required under subdivision 3 for nonresident secondary pupils when the distance from the attendance area border to the school is at least one mile but less than two miles from the public school they attend, and for nonresident pupils when the distance from the attendance area border to the school is less than one mile from the school and who are transported because of full-service school zones, extraordinary traffic, drug, or crime hazards.

(3) Desegregation transportation is transportation within and outside of the district during the regular school year of pupils to and from schools located outside their normal attendance areas under a plan for desegregation mandated by the commissioner or under court order.

(4) "Transportation services for pupils with disabilities" is:

(i) transportation of pupils with disabilities who cannot be transported on a regular school bus between home or a respite care facility and school;

(ii) necessary transportation of pupils with disabilities from home or from school to other buildings, including centers such as developmental achievement centers, hospitals, and treatment centers where special instruction or services required by sections 125A.03 to 125A.24, 125A.26 to 125A.48, and 125A.65 are provided, within or outside the district where services are provided;

(iii) necessary transportation for resident pupils with disabilities required by sections 125A.12, and 125A.26 to 125A.48;

(iv) board and lodging for pupils with disabilities in a district maintaining special classes;

(v) transportation from one educational facility to another within the district for resident pupils enrolled on a shared-time basis in educational programs, and necessary transportation required by sections 125A.18, and 125A.26 to 125A.48, for resident pupils with disabilities who are provided special instruction and services on a shared-time basis or if resident pupils are not transported, the costs of necessary travel between public and private schools or
neutral instructional sites by essential personnel employed by the district's program for children with a disability;

(vi) transportation for resident pupils with disabilities to and from board and lodging facilities when the pupil is boarded and lodged for educational purposes;

(vii) transportation of pupils for a curricular field trip activity on a school bus equipped with a power lift when the power lift is required by a student's disability or section 504 plan; and

(viii) services described in clauses (i) to (vii), when provided for pupils with disabilities in conjunction with a summer instructional program that relates to the pupil's individualized education program or in conjunction with a learning year program established under section 124D.128.

For purposes of computing special education initial aid under section 125A.76, the cost of providing transportation for children with disabilities includes (A) the additional cost of transporting a student in a shelter care facility as defined in section 260C.007, subdivision 30, a homeless student from a temporary nonshelter home in another district to the school of origin, or a formerly homeless student from a permanent home in another district to the school of origin but only through the end of the academic year; and (B) depreciation on district-owned school buses purchased after July 1, 2005, and used primarily for transportation of pupils with disabilities, calculated according to paragraph (a), clauses (ii) and (iii). Depreciation costs included in the disabled transportation category must be excluded in calculating the actual expenditure per pupil transported in the regular and excess transportation categories according to paragraph (a). For purposes of subitem (A), a school district may transport a child who does not have a school of origin to the same school attended by that child's sibling, if the siblings are homeless or in a shelter care facility.

(5) "Nonpublic nonregular transportation" is:

(i) transportation from one educational facility to another within the district for resident pupils enrolled on a shared-time basis in educational programs, excluding transportation for nonpublic pupils with disabilities under clause (4);

(ii) transportation within district boundaries between a nonpublic school and a public school or a neutral site for nonpublic school pupils who are provided pupil support services pursuant to section 123B.44; and

(iii) late transportation home from school or between schools within a district for nonpublic school pupils involved in after-school activities.
(c) "Mobile unit" means a vehicle or trailer designed to provide facilities for educational programs and services, including diagnostic testing, guidance and counseling services, and health services. A mobile unit located off nonpublic school premises is a neutral site as defined in section 123B.41, subdivision 13.

**EFFECTIVE DATE.** This section is effective retroactively from December 10, 2016.

Sec. 4. Minnesota Statutes 2016, section 127A.45, subdivision 10, is amended to read:

Subd. 10. **Payments to school nonoperating funds.** Each fiscal year state general fund payments for a district nonoperating fund must be made at the current year aid payment percentage of the estimated entitlement during the fiscal year of the entitlement. This amount shall be paid in 12 six equal monthly installments from July through December. The amount of the actual entitlement, after adjustment for actual data, minus the payments made during the fiscal year of the entitlement must be paid prior to October 31 of the following school year. The commissioner may make advance payments of debt service equalization aid and state-paid tax credits for a district's debt service fund earlier than would occur under the preceding schedule if the district submits evidence showing a serious cash flow problem in the fund. The commissioner may make earlier payments during the year and, if necessary, increase the percent of the entitlement paid to reduce the cash flow problem.

Sec. 5. **REPEALER.**

Minnesota Statutes 2016, section 124D.73, subdivision 2, is repealed.

**ARTICLE 2**

**EDUCATION EXCELLENCE**

Section 1. Minnesota Statutes 2016, section 120A.22, subdivision 9, is amended to read:

Subd. 9. **Curriculum Knowledge and skills.** Instruction must be provided in at least the following subject areas:

(1) basic communication skills including reading and writing, literature, and fine arts;

(2) mathematics and science;

(3) social studies including history, geography, economics, government, and citizenship; and

(4) health and physical education.
Instruction, textbooks, and materials must be in the English language. Another language may be used pursuant to sections 124D.59 to 124D.61.

Sec. 2. Minnesota Statutes 2016, section 120A.41, is amended to read:

120A.41 LENGTH OF SCHOOL YEAR; HOURS OF INSTRUCTION.

(a) A school board's annual school calendar must include at least 425 hours of instruction for a kindergarten student without a disability, 935 hours of instruction for a student in grades 1 through 6, and 1,020 hours of instruction for a student in grades 7 through 12, not including summer school. The school calendar for all-day kindergarten must include at least 850 hours of instruction for the school year. The school calendar for a prekindergarten student under section 124D.151, if offered by the district, must include at least 350 hours of instruction for the school year. A school board's annual calendar must include at least 165 days of instruction for a student in grades 1 through 11 unless a four-day week schedule has been approved by the commissioner under section 124D.126.

(b) A school board's annual school calendar may include plans for up to five days of instruction provided through online instruction due to inclement weather. The inclement weather plans must be developed according to section 120A.414.

Sec. 3. [120A.414] E-LEARNING DAYS.

Subdivision 1. Days. "E-learning day" means a school day where a school offers full access to online instruction provided by students' individual teachers due to inclement weather. A school district or charter school that chooses to have e-learning days may have up to five e-learning days in one school year. An e-learning day is counted as a day of instruction and included in the hours of instruction under section 120A.41.

Subd. 2. Plan. A school board may adopt an e-learning plan after consulting with the exclusive representative of the teachers. A charter school may adopt an e-learning day plan after consulting with its teachers. The plan must include accommodations for students without Internet access at home and for digital device access for families without the technology or an insufficient amount of technology for the number of children in the household. A school's e-learning plan must provide accessible options for students with disabilities.

Subd. 3. Annual notice. A school district or charter school must notify parents and students of the e-learning day plan at the beginning of the school year.
Subd. 4. **Daily notice.** On an e-learning day declared by the school, a school district or charter school must notify parents and students at least two hours prior to the normal school start time that students need to follow the e-learning day plan for that day.

Subd. 5. **Teacher access.** Each student's teacher must be accessible both online and by telephone during normal school hours on an e-learning day to assist students and parents.

**EFFECTIVE DATE.** This section is effective for the 2017-2018 school year and later.

Sec. 4. Minnesota Statutes 2016, section 120B.021, subdivision 3, is amended to read:

Subd. 3. **Rulemaking.** The commissioner, consistent with the requirements of this section and section 120B.022, must adopt statewide rules under section 14.389 for implementing statewide rigorous core academic standards in language arts, mathematics, science, social studies, physical education, and the arts. After the rules authorized under this subdivision are initially adopted, the commissioner may not amend or repeal these rules nor adopt new rules on the same topic without specific legislative authorization. The academic standards for language arts, mathematics, and the arts must be implemented for all students beginning in the 2003-2004 school year. The academic standards for science and social studies must be implemented for all students beginning in the 2005-2006 school year.

Sec. 5. Minnesota Statutes 2016, section 120B.022, subdivision 1b, is amended to read:

Subd. 1b. **State bilingual and multilingual seals.** (a) Consistent with efforts to strive for the world's best workforce under sections 120B.11 and 124E.03, subdivision 2, paragraph (i), and close the academic achievement and opportunity gap under sections 124D.861 and 124D.862, voluntary state bilingual and multilingual seals are established to recognize high school students in any school district or charter school who demonstrate an advanced-low level or an intermediate high level of functional proficiency in listening, speaking, reading, and writing on either assessments aligned with American Council on the Teaching of Foreign Languages' (ACTFL) proficiency guidelines or on equivalent valid and reliable assessments in one or more languages in addition to English. American Sign Language is a language other than English for purposes of this subdivision and a world language for purposes of subdivision 1a.

(b) In addition to paragraph (a), to be eligible to receive a seal:

(1) students must satisfactorily complete all required English language arts credits; and

(2) students must demonstrate mastery of Minnesota's English language proficiency standards.
(c) Consistent with this subdivision, a high school student who demonstrates an intermediate high ACTFL level of functional proficiency in one language in addition to English is eligible to receive the state bilingual gold seal. A high school student who demonstrates an intermediate high ACTFL level of functional native proficiency in more than one language in addition to English is eligible to receive the state multilingual gold seal. A high school student who demonstrates an advanced-low ACTFL level of functional proficiency in one language in addition to English is eligible to receive the state bilingual platinum seal. A high school student who demonstrates an advanced-low ACTFL level of functional proficiency in more than one language in addition to English is eligible to receive the state multilingual platinum seal.

(d) School districts and charter schools may give students periodic opportunities to demonstrate their level of proficiency in listening, speaking, reading, and writing in a language in addition to English. Where valid and reliable assessments are unavailable, a school district or charter school may rely on evaluators trained in assessing under ACTFL proficiency guidelines to assess a student's level of foreign, heritage, or indigenous language proficiency under this section. School districts and charter schools must maintain appropriate records to identify high school students eligible to receive the state bilingual or multilingual gold and platinum seals. The school district or charter school must affix the appropriate seal to the transcript of each high school student who meets the requirements of this subdivision and may affix the seal to the student's diploma. A school district or charter school must not charge the high school student a fee for this seal.

(e) A school district or charter school may award elective course credits in world languages to a student who demonstrates the requisite proficiency in a language other than English under this section.

(f) A school district or charter school may award community service credit to a student who demonstrates an intermediate high or advanced-low ACTFL level of functional proficiency in listening, speaking, reading, and writing in a language other than English and who participates in community service activities that are integrated into the curriculum, involve the participation of teachers, and support biliteracy in the school or local community.

(g) The commissioner must list on the Web page those assessments that are aligned to ACTFL proficiency guidelines.

(h) By August 1, 2015, the colleges and universities of the Minnesota State Colleges and Universities system must establish criteria to translate the seals into college credits based on the world language course equivalencies identified by the Minnesota State Colleges.
and Universities faculty and staff and, upon request from an enrolled student, the Minnesota State Colleges and Universities may award foreign language credits to a student who receives a Minnesota World Language Proficiency Certificate under subdivision 1a. A student who demonstrated the requisite level of language proficiency in grade 10, 11, or 12 to receive a seal or certificate and is enrolled in a Minnesota State Colleges and Universities institution must request college credits for the student's seal or proficiency certificate within three academic years after graduating from high school. The University of Minnesota is encouraged to award students foreign language academic credits consistent with this paragraph.

Sec. 6. Minnesota Statutes 2016, section 120B.232, subdivision 1, is amended to read:

Subdivision 1. Character development education. (a) Character education is the shared responsibility of parents, teachers, and members of the community. The legislature encourages districts to integrate or offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness. Instruction should be integrated into a district's existing programs, curriculum, or the general school environment. To the extent practicable, instruction should be integrated into positive behavioral intervention strategies, in accordance with section 122A.627. The commissioner shall provide assistance at the request of a district to develop character education curriculum and programs.

(b) Character development education under paragraph (a) may include a voluntary elementary, middle, and high school program that incorporates the history and values of Congressional Medal of Honor recipients and may be offered as part of the social studies, English language arts, or other curriculum, as a schoolwide character building and veteran awareness initiative, or as an after-school program, among other possibilities.

Sec. 7. Minnesota Statutes 2016, section 120B.30, subdivision 1, is amended to read:

Subdivision 1. Statewide testing. (a) The commissioner, with advice from experts with appropriate technical qualifications and experience and stakeholders, consistent with subdivision 1a, shall include in the comprehensive assessment system, for each grade level to be tested, state-constructed tests developed as computer-adaptive reading and mathematics assessments for students that are aligned with the state's required academic standards under section 120B.021, include multiple choice questions, and are administered annually to all students in grades 3 through 8. State-developed high school tests aligned with the state's required academic standards under section 120B.021 and administered to all high school
students in a subject other than writing must include multiple choice questions. The commissioner shall establish one or more months during which schools shall administer the tests to students each school year.

(1) Students enrolled in grade 8 through the 2009-2010 school year are eligible to be assessed under (i) the graduation-required assessment for diploma in reading, mathematics, or writing under Minnesota Statutes 2012, section 120B.30, subdivision 1, paragraphs (c), clauses (1) and (2), and (d), (ii) the WorkKeys job skills assessment, (iii) the Compass college placement test, (iv) the ACT assessment for college admission, (v) a nationally recognized armed services vocational aptitude test.

(2) Students enrolled in grade 8 in the 2010-2011 or 2011-2012 school year are eligible to be assessed under (i) the graduation-required assessment for diploma in reading, mathematics, or writing under Minnesota Statutes 2012, section 120B.30, subdivision 1, paragraph (c), clauses (1) and (2), (ii) the WorkKeys job skills assessment, (iii) the Compass college placement test, (iv) the ACT assessment for college admission, (v) a nationally recognized armed services vocational aptitude test.

(3) For students under clause (1) or (2), a school district may substitute a score from an alternative, equivalent assessment to satisfy the requirements of this paragraph.

(b) The state assessment system must be aligned to the most recent revision of academic standards as described in section 120B.023 in the following manner:

(1) mathematics;

(i) grades 3 through 8 beginning in the 2010-2011 school year; and

(ii) high school level beginning in the 2013-2014 school year;

(2) science; grades 5 and 8 and at the high school level beginning in the 2011-2012 school year; and

(3) language arts and reading; grades 3 through 8 and high school level beginning in the 2012-2013 school year.

(c) For students enrolled in grade 8 in the 2012-2013 school year and later, students' state graduation requirements, based on a longitudinal, systematic approach to student education and career planning, assessment, instructional support, and evaluation, include the following:

(1) an opportunity to participate on a nationally normed college entrance exam, in grade 11 or grade 12;
12.1 (2) achievement and career and college readiness in mathematics, reading, and writing, consistent with paragraph (k) and to the extent available, to monitor students' continuous development of and growth in requisite knowledge and skills; analyze students' progress and performance levels, identifying students' academic strengths and diagnosing areas where students require curriculum or instructional adjustments, targeted interventions, or remediation; and, based on analysis of students' progress and performance data, determine students' learning and instructional needs and the instructional tools and best practices that support academic rigor for the student; and

12.9 (3) consistent with this paragraph and section 120B.125, age-appropriate exploration and planning activities and career assessments to encourage students to identify personally relevant career interests and aptitudes and help students and their families develop a regularly reexamined transition plan for postsecondary education or employment without need for postsecondary remediation.

Based on appropriate state guidelines, students with an individualized education program may satisfy state graduation requirements by achieving an individual score on the state-identified alternative assessments.

12.17 (d) Expectations of schools, districts, and the state for career or college readiness under this subdivision must be comparable in rigor, clarity of purpose, and rates of student completion.

A student under paragraph (c), clause (2), must receive targeted, relevant, academically rigorous, and resourced instruction, which may include a targeted instruction and intervention plan focused on improving the student's knowledge and skills in core subjects so that the student has a reasonable chance to succeed in a career or college without need for postsecondary remediation. Consistent with sections 120B.13, 124D.09, 124D.091, 124D.49, and related sections, an enrolling school or district must actively encourage a student in grade 11 or 12 who is identified as academically ready for a career or college to participate in courses and programs awarding college credit to high school students. Students are not required to achieve a specified score or level of proficiency on an assessment under this subdivision to graduate from high school.

12.30 (e) Though not a high school graduation requirement, students are encouraged to participate in a nationally recognized college entrance exam. To the extent state funding for college entrance exam fees is available, a district must pay the cost, one time, for an interested student in grade 11 or 12 to take a nationally recognized college entrance exam before graduating. A student must be able to take the exam under this paragraph at the

Article 2 Sec. 7. 12
student's high school during the school day and at any one of the multiple exam
administrations available to students in the district. A district may administer the ACT or
SAT or both the ACT and SAT to comply with this paragraph. If the district administers
only one of these two tests and a student opts not to take that test and chooses instead to
take the other of the two tests, the student may take the other test at a different time or
location and remains eligible for the examination fee reimbursement.

(f) The commissioner and the chancellor of the Minnesota State Colleges and Universities
must collaborate in aligning instruction and assessments for adult basic education students
and English learners to provide the students with diagnostic information about any targeted
interventions, accommodations, modifications, and supports they need so that assessments
and other performance measures are accessible to them and they may seek postsecondary
education or employment without need for postsecondary remediation. When administering
formative or summative assessments used to measure the academic progress, including the
oral academic development, of English learners and inform their instruction, schools must
ensure that the assessments are accessible to the students and students have the modifications
and supports they need to sufficiently understand the assessments.

(g) Districts and schools, on an annual basis, must use career exploration elements to
help students, beginning no later than grade 9, and their families explore and plan for
postsecondary education or careers based on the students' interests, aptitudes, and aspirations.
Districts and schools must use timely regional labor market information and partnerships,
among other resources, to help students and their families successfully develop, pursue,
review, and revise an individualized plan for postsecondary education or a career. This
process must help increase students' engagement in and connection to school, improve
students' knowledge and skills, and deepen students' understanding of career pathways as
a sequence of academic and career courses that lead to an industry-recognized credential,
an associate's degree, or a bachelor's degree and are available to all students, whatever their
interests and career goals.

(h) A student who demonstrates attainment of required state academic standards, which
include career and college readiness benchmarks, on high school assessments under
subdivision 1a is academically ready for a career or college and is encouraged to participate
in courses awarding college credit to high school students. Such courses and programs may
include sequential courses of study within broad career areas and technical skill assessments
that extend beyond course grades.
(i) As appropriate, students through grade 12 must continue to participate in targeted instruction, intervention, or remediation and be encouraged to participate in courses awarding college credit to high school students.

(j) In developing, supporting, and improving students' academic readiness for a career or college, schools, districts, and the state must have a continuum of empirically derived, clearly defined benchmarks focused on students' attainment of knowledge and skills so that students, their parents, and teachers know how well students must perform to have a reasonable chance to succeed in a career or college without need for postsecondary remediation. The commissioner, in consultation with local school officials and educators, and Minnesota's public postsecondary institutions must ensure that the foundational knowledge and skills for students' successful performance in postsecondary employment or education and an articulated series of possible targeted interventions are clearly identified and satisfy Minnesota's postsecondary admissions requirements.

(k) For students in grade 8 in the 2012-2013 school year and later, a school, district, or charter school must record on the high school transcript a student's progress toward career and college readiness, and for other students as soon as practicable.

(l) The school board granting students their diplomas may formally decide to include a notation of high achievement on the high school diplomas of those graduating seniors who, according to established school board criteria, demonstrate exemplary academic achievement during high school.

(m) The 3rd through 8th grade computer-adaptive assessment results and high school test results shall be available to districts for diagnostic purposes affecting student learning and district instruction and curriculum, and for establishing educational accountability. The commissioner must establish empirically derived benchmarks on adaptive assessments in grades 3 through 8. The commissioner, in consultation with the chancellor of the Minnesota State Colleges and Universities, must establish empirically derived benchmarks on the high school tests that reveal a trajectory toward career and college readiness consistent with section 136F.302, subdivision 1a. The commissioner must disseminate to the public the computer-adaptive assessments and high school test results upon receiving those results.

(n) The grades 3 through 8 computer-adaptive assessments and high school tests must be aligned with state academic standards. The commissioner shall determine the testing process and the order of administration. The statewide results shall be aggregated at the site and district level, consistent with subdivision 1a.
(o) The commissioner shall include the following components in the statewide public reporting system:

1. uniform statewide computer-adaptive assessments of all students in grades 3 through 8 and testing at the high school levels that provides appropriate, technically sound accommodations or alternate assessments;

2. educational indicators that can be aggregated and compared across school districts and across time on a statewide basis, including average daily attendance, high school graduation rates, and high school drop-out rates by age and grade level;

3. state results on the American College Test; and

4. state results from participation in the National Assessment of Educational Progress so that the state can benchmark its performance against the nation and other states, and, where possible, against other countries, and contribute to the national effort to monitor achievement.

(p) For purposes of statewide accountability, "career and college ready" means a high school graduate has the knowledge, skills, and competencies to successfully pursue a career pathway, including postsecondary credit leading to a degree, diploma, certificate, or industry-recognized credential and employment. Students who are career and college ready are able to successfully complete credit-bearing coursework at a two- or four-year college or university or other credit-bearing postsecondary program without need for remediation.

(q) For purposes of statewide accountability, "cultural competence," "cultural competency," or "culturally competent" means the ability and will of families and educators to interact effectively with people of different cultures, native languages, and socioeconomic backgrounds.

Sec. 8. Minnesota Statutes 2016, section 120B.36, subdivision 1, is amended to read:

Subdivision 1. School performance reports and public reporting. (a) The commissioner shall report student academic performance data under section 120B.35, subdivisions 2 and 3; the percentages of students showing low, medium, and high growth under section 120B.35, subdivision 3, paragraph (b); school safety and student engagement and connection under section 120B.35, subdivision 3, paragraph (d); rigorous coursework under section 120B.35, subdivision 3, paragraph (c); the percentage of students under section 120B.35, subdivision 3, paragraph (b), clause (2), whose progress and performance levels are meeting career and college readiness benchmarks under sections 120B.30, subdivision 1, and 120B.35, subdivision 3, paragraph (e); longitudinal data on the progress of eligible districts in reducing
disparities in students' academic achievement and realizing racial and economic integration under section 124D.861; the acquisition of English, and where practicable, native language academic literacy, including oral academic language, and the academic progress of all English learners enrolled in a Minnesota public school course or program who are currently or were previously counted as English learners under section 124D.59; two separate student-to-teacher ratios that clearly indicate the definition of teacher consistent with sections 122A.06 and 122A.15 for purposes of determining these ratios; staff characteristics excluding salaries; student enrollment demographics; foster care status, including all students enrolled in a Minnesota public school course or program who are currently or were previously in foster care, student homelessness, and district mobility; and extracurricular activities. The report also must indicate a school's status under applicable federal law.

(b) The school performance report for a school site and a school district must include school performance reporting information and calculate proficiency rates as required by the most recently reauthorized Elementary and Secondary Education Act.

(c) The commissioner shall develop, annually update, and post on the department Web site school performance reports consistent with paragraph (a) and section 120B.11.

(d) The commissioner must make available performance reports by the beginning of each school year.

(e) A school or district may appeal its results in a form and manner determined by the commissioner and consistent with federal law. The commissioner's decision to uphold or deny an appeal is final.

(f) School performance data are nonpublic data under section 13.02, subdivision 9, until the commissioner publicly releases the data. The commissioner shall annually post school performance reports to the department's public Web site no later than September 1, except that in years when the reports reflect new performance standards, the commissioner shall post the school performance reports no later than October 1.

EFFECTIVE DATE. This section is effective for the 2017-2018 school year and later.

Sec. 9. Minnesota Statutes 2016, section 124D.03, subdivision 5a, is amended to read:

Subd. 5a. **Lotteries.** If a school district has more applications than available seats at a specific grade level, it must hold an impartial lottery following the January 15 deadline to determine which students will receive seats. The district must give priority to enrolling:

(1) siblings of currently enrolled students.
(2) students whose applications are related to an approved integration and achievement plan, and;

(3) children of the school district's staff must receive priority in the lottery; and

(4) students residing in that part of a municipality, defined under section 469.1812, subdivision 3, where:

(i) the student's resident district does not operate a school building;

(ii) the nonresident district in which the student seeks to enroll operates one or more school buildings within the municipality; and

(iii) no other nonresident district operates a school building within the municipality.

The process for the school district lottery must be established in school district policy, approved by the school board, and posted on the school district's Web site.

**EFFECTIVE DATE.** This section is effective for lotteries conducted beginning July 1, 2017.

Sec. 10. Minnesota Statutes 2016, section 124D.09, subdivision 3, is amended to read:

Subd. 3. Definitions. For purposes of this section, the following terms have the meanings given to them.

(a) "Eligible institution" means a Minnesota public postsecondary institution, a private, nonprofit two-year trade and technical school granting associate degrees, an opportunities industrialization center accredited by the North Central Association of Colleges and Schools, or a private, residential, two-year or four-year, liberal arts, degree-granting college or university located in Minnesota.

(b) "Course" means a course or program.

(c) "Concurrent enrollment" means nonsectarian courses in which an eligible pupil under subdivision 5 enrolls to earn both secondary and postsecondary credits, are taught by a secondary teacher or a postsecondary faculty member, and are offered at a high school for which the district is eligible to receive concurrent enrollment program aid under section 124D.091.

Sec. 11. Minnesota Statutes 2016, section 124D.09, subdivision 5, is amended to read:

Subd. 5. Authorization; notification. Notwithstanding any other law to the contrary, an 11th or 12th grade pupil enrolled in a school or an American Indian-controlled tribal
contract or grant school eligible for aid under section 124D.83, except a foreign exchange pupil enrolled in a district under a cultural exchange program, may apply to an eligible institution, as defined in subdivision 3, to enroll in nonsectarian courses offered by that postsecondary institution. Notwithstanding any other law to the contrary, a 9th or 10th grade pupil enrolled in a district or an American Indian-controlled tribal contract or grant school eligible for aid under section 124D.83, except a foreign exchange pupil enrolled in a district under a cultural exchange program, may apply to enroll in nonsectarian courses offered under subdivision 10, if (1) the school district and the eligible postsecondary institution providing the course agree to the student's enrollment or (2) the course is a world language course currently available to 11th and 12th grade students, and consistent with section 120B.022 governing world language standards, certificates, and seals. If an institution accepts a secondary pupil for enrollment under this section, the institution shall send written notice to the pupil, the pupil's school or school district, and the commissioner within ten days of acceptance. The notice must indicate the course and hours of enrollment of that pupil. If the pupil enrolls in a course for postsecondary credit, the institution must notify the pupil about payment in the customary manner used by the institution.

Sec. 12. Minnesota Statutes 2016, section 124D.09, is amended by adding a subdivision to read:

Subd. 5b. Authorization; 9th or 10th grade pupil. Notwithstanding any other law to the contrary, a 9th or 10th grade pupil enrolled in a district or an American Indian-controlled tribal contract or grant school eligible for aid under section 124D.83, except a foreign exchange pupil enrolled in a district under a cultural exchange program, may apply to enroll in nonsectarian courses offered under subdivision 10, if:

(1) the school district and the eligible postsecondary institution providing the course agree to the student's enrollment; or

(2) the course is a world language course currently available to 11th and 12th grade students, and consistent with section 120B.022 governing world language standards, certificates, and seals.

Sec. 13. Minnesota Statutes 2016, section 124D.09, subdivision 13, is amended to read:

Subd. 13. Financial arrangements. For a pupil enrolled in a course under this section, the department must make payments according to this subdivision for courses that were taken for secondary credit.
The department must not make payments to a school district or postsecondary institution for a course taken for postsecondary credit only. The department must not make payments to a postsecondary institution for a course from which a student officially withdraws during the first 14 days of the quarter or semester or who has been absent from the postsecondary institution for the first 15 consecutive school days of the quarter or semester and is not receiving instruction in the home or hospital.

A postsecondary institution shall receive the following:

(1) for an institution granting quarter credit, the reimbursement per credit hour shall be an amount equal to 88 percent of the product of the formula allowance minus $425, multiplied by 1.2, and divided by 45; or

(2) for an institution granting semester credit, the reimbursement per credit hour shall be an amount equal to 88 percent of the product of the general revenue formula allowance minus $425, multiplied by 1.2, and divided by 30.

The department must pay to each postsecondary institution 100 percent of the amount in clause (1) or (2) within 45 days of receiving initial enrollment information each quarter or semester. If changes in enrollment occur during a quarter or semester, the change shall be reported by the postsecondary institution at the time the enrollment information for the succeeding quarter or semester is submitted. At any time the department notifies a postsecondary institution that an overpayment has been made, the institution shall promptly remit the amount due.

Sec. 14. [124D.4535] INNOVATIVE DELIVERY OF CAREER AND TECHNICAL EDUCATION PROGRAMS; SHARING OF DISTRICT RESOURCES.

Subdivision 1. Establishment; requirements for participation. (a) A program is established to improve student, career and college readiness, and school outcomes by allowing groups of school districts to work together in partnership with local and regional postsecondary institutions and programs, community institutions, and other private, public, for-profit, and nonprofit workplace partners, to:

(1) provide innovative education programs and activities that integrate core academic and career and technical subjects in students' programs of study through coordinated secondary and postsecondary career and technical programs leading to an industry certification or other credential;

(2) provide embedded professional development for program participants;
(3) use performance assessments in authentic settings to measure students' technical skills and progress toward attaining an industry certification or other credential; and

(4) efficiently share district, institution, and workplace resources.

(b) To participate in this program to improve student, career and college readiness, and school outcomes, a group of two or more school districts must collaborate with school staff and project partners and receive formal school board approval to form a partnership. The partnership must develop a plan to provide challenging programmatic options for students under paragraph (a), create professional development opportunities for educators and other program participants, increase student engagement and connection and challenging learning opportunities for diverse populations of students that are focused on employability skills and technical, job-specific skills related to a specific career pathway, or demonstrate efficiencies in delivering financial and other services needed to realize plan goals and objectives. The plan must include:

(1) collaborative education goals and objectives;

(2) strategies and processes to implement those goals and objectives, including a budget process with periodic expenditure reviews;

(3) valid and reliable measures including performance assessments in authentic settings and progress toward attaining an industry certification or other credential, among other measures, to evaluate progress in realizing the goals and objectives;

(4) an implementation timeline; and

(5) other applicable conditions, regulations, responsibilities, duties, provisions, fee schedules, and legal considerations needed to fully implement the plan.

A partnership may invite additional districts or other participants under paragraph (a) to join the partnership after notifying the commissioner.

(c) A partnership of interested districts must submit an application to the commissioner of education in the form and manner the commissioner determines, consistent with the requirements of this section. The application must contain the formal approval adopted by the school board in each district to participate in the plan.

(d) Notwithstanding other law to the contrary, a participating school district under this section continues to: receive revenue and maintain its taxation authority; be organized and governed by an elected school board with general powers under section 123B.02; and be subject to employment agreements under chapter 122A, and section 179A.20; and district employees continue to remain employees of the employing school district.
(e) Participating districts must submit a biennial report by February 1 in each odd-numbered year to the education committees of the legislature and the commissioner of education that includes performance assessment, high school graduation, and career and technical certification data to show the success of the partnership in preparing diverse populations of students for careers and jobs.

Subd. 2. Commissioner's role. The commissioner of education must convene an advisory panel to advise the commissioner on applicants' qualifications to participate in this program. The commissioner must ensure an equitable geographical distribution of program participants to the extent practicable. The commissioner must select only those applicants that fully comply with the requirements in subdivision 1. The commissioner may terminate a program participant that fails to effectively implement the goals and objectives contained in its application and according to its stated timeline.

EFFECTIVE DATE. (a) This section is effective the day following final enactment and applies to those applications submitted after that date.

(b) Districts already approved for an innovation zone pilot project under Laws 2012, chapter 263, section 1, as amended by Laws 2014, chapter 312, article 15, section 24, may continue to operate.

Sec. 15. Minnesota Statutes 2016, section 124D.549, is amended to read:

124D.549 GENERAL EDUCATION DEVELOPMENT (GED) TESTS RULES; COMMISSIONER-SELECTED HIGH SCHOOL EQUIVALENCY TEST.

The commissioner may amend rules to reflect changes in the national minimum standard score for passing the general education development (GED) tests, in consultation with adult basic education stakeholders, must select a high school equivalency test. The commissioner may issue a high school equivalency diploma to a Minnesota resident 19 years of age or older who has not earned a high school diploma and who has not previously been issued a general education development (GED) test and who has exceeded or achieved a minimum passing score on the equivalency test established by the publisher. The commissioner of education may waive the minimum age requirement if supportive evidence is provided by an employer or a recognized education or rehabilitation provider.
Sec. 16. Minnesota Statutes 2016, section 124D.55, is amended to read:

**124D.55 GENERAL EDUCATION DEVELOPMENT (GED)**

**COMMISSIONER-SELECTED HIGH SCHOOL EQUIVALENCE TEST FEES.**

The commissioner shall pay 60 percent of the fee that is charged to an eligible individual for the full battery of general education development (GED) the commissioner-selected high school equivalency tests, but not more than $40 for an eligible individual.

For fiscal year 2017 only, the commissioner shall pay 100 percent of the fee charged to an eligible individual for the full battery of general education development (GED) the commissioner-selected high school equivalency tests, but not more than the cost of one full battery of tests per year for any individual.

Sec. 17. Minnesota Statutes 2016, section 124E.03, subdivision 2, is amended to read:

**Subd. 2. Certain federal, state, and local requirements.** (a) A charter school shall meet all federal, state, and local health and safety requirements applicable to school districts.

(b) A school must comply with statewide accountability requirements governing standards and assessments in chapter 120B.

(c) A charter school must comply with the Minnesota Public School Fee Law, sections 123B.34 to 123B.39.

(d) A charter school is a district for the purposes of tort liability under chapter 466.

(e) A charter school must comply with the Pledge of Allegiance requirement under section 121A.11, subdivision 3.

(f) A charter school and charter school board of directors must comply with chapter 181 governing requirements for employment.

(g) A charter school must comply with continuing truant notification under section 260A.03.

(h) A charter school must develop and implement a teacher evaluation and peer review process under section 122A.40, subdivision 8, paragraph (b), clauses (2) to (13), and place students in classrooms in accordance with section 122A.40, subdivision 8, paragraph (d).

The teacher evaluation process in this paragraph does not create any additional employment rights for teachers.
(i) A charter school must adopt a policy, plan, budget, and process, consistent with section 120B.11, to review curriculum, instruction, and student achievement and strive for the world's best workforce.

(j) A charter school is subject to and must comply with the Pupil Fair Dismissal Act, sections 121A.40 to 121A.56.

Sec. 18. Minnesota Statutes 2016, section 124E.11, is amended to read:

124E.11 ADMISSION REQUIREMENTS AND ENROLLMENT.

(a) A charter school, including its free preschool or prekindergarten program established under section 124E.06, subdivision 3, paragraph (b), may limit admission to:

(1) pupils within an age group or grade level;

(2) pupils who are eligible to participate in the graduation incentives program under section 124D.68; or

(3) residents of a specific geographic area in which the school is located when the majority of students served by the school are members of underserved populations.

(b) A charter school, including its free preschool or prekindergarten program established under section 124E.06, subdivision 3, paragraph (b), shall enroll an eligible pupil who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level, or building. In this case, pupils must be accepted by lot. The charter school must develop and publish, including on its Web site, a lottery policy and process that it must use when accepting pupils by lot.

(c) A charter school shall give enrollment preference to a sibling of an enrolled pupil and to a foster child of that pupil's parents and may give preference for enrolling children of the school's staff before accepting other pupils by lot. A charter school that is located in Duluth township in St. Louis County and admits students in kindergarten through grade 6 must give enrollment preference to students residing within a five-mile radius of the school and to the siblings of enrolled children. A charter school may give enrollment preference to children currently enrolled in the school's free preschool or prekindergarten program under section 124E.06, subdivision 3, paragraph (a), who are eligible to enroll in kindergarten in the next school year.

(d) A person shall not be admitted to a charter school (1) as a kindergarten pupil, unless the pupil is at least five years of age on September 1 of the calendar year in which the school year for which the pupil seeks admission commences; or (2) as a first grade student, unless...
the pupil is at least six years of age on September 1 of the calendar year in which the school
year for which the pupil seeks admission commences or has completed kindergarten; except
that a charter school may establish and publish on its Web site a policy for admission of
selected pupils at an earlier age, consistent with the enrollment process in paragraphs (b)
and (c).

(e) Except as permitted in paragraph (d), a charter school, including its free preschool
or prekindergarten program established under section 124E.06, subdivision 3, paragraph
(b), may not limit admission to pupils on the basis of intellectual ability, measures of
achievement or aptitude, or athletic ability and may not establish any criteria or requirements
for admission that are inconsistent with this section.

(f) The charter school shall not distribute any services or goods of value to students,
parents, or guardians as an inducement, term, or condition of enrolling a student in a charter
school.

(g) Once a student is enrolled in the school, the student is considered enrolled in the
school until the student formally withdraws or is expelled under the Pupil Fair Dismissal
Act in sections 121A.40 to 121A.56. A charter school is subject to and must comply with
the Pupil Fair Dismissal Act, sections 121A.40 to 121A.56.

(h) A charter school with at least 90 percent of enrolled students who are eligible for
special education services and have a primary disability of deaf or hard-of-hearing may
enroll prekindergarten pupils with a disability under section 126C.05, subdivision 1,
paragraph (a), and must comply with the federal Individuals with Disabilities Education
Act under Code of Federal Regulations, title 34, section 300.324, subsection (2), clause
(iv).

Sec. 19. Minnesota Statutes 2016, section 125A.08, is amended to read:

125A.08 INDIVIDUALIZED EDUCATION PROGRAMS.

(a) At the beginning of each school year, each school district shall have in effect, for
each child with a disability, an individualized education program.

(b) As defined in this section, every district must ensure the following:

(1) all students with disabilities are provided the special instruction and services which
are appropriate to their needs. Where the culturally competent individualized education
program team, consistent with section 120B.30, subdivision 1, paragraph (q), has determined
appropriate goals and objectives based on the student's needs, including the extent to which
the student can be included in the least restrictive environment, and where there are
essentially equivalent and effective instruction, related services, or assistive technology
devices available to meet the student's needs, cost to the district may be among the factors
considered by the team in choosing how to provide the appropriate services, instruction, or
devices that are to be made part of the student's individualized education program. The
individualized education program team shall consider and may authorize services covered
by medical assistance according to section 256B.0625, subdivision 26. Before a school
district evaluation team makes a determination of other health disability under Minnesota
Rules, part 3525.1335, subparts 1 and 2, item A, subitem (1), the evaluation team must seek
written documentation of the student's medically diagnosed chronic or acute health condition
signed by a licensed physician or a licensed health care provider acting within the scope of
the provider's practice. The student's needs and the special education instruction and services
to be provided must be agreed upon through the development of an individualized education
program. The program must address the student's need to develop skills to live and work
as independently as possible within the community. The individualized education program
team must consider positive behavioral interventions, strategies, and supports that address
behavior needs for children. During grade 9, the program must address the student's needs
for transition from secondary services to postsecondary education and training, employment,
community participation, recreation, and leisure and home living. In developing the program,
districts must inform parents of the full range of transitional goals and related services that
should be considered. The program must include a statement of the needed transition services,
including a statement of the interagency responsibilities or linkages or both before secondary
services are concluded. If the individualized education program meets the plan components
in section 120B.125, the individualized education program satisfies the requirement and no
additional transition plan is needed;

(2) children with a disability under age five and their families are provided special
instruction and services appropriate to the child's level of functioning and needs;

(3) children with a disability and their parents or guardians are guaranteed procedural
safeguards and the right to participate in decisions involving identification, assessment
including assistive technology assessment, and educational placement of children with a
disability;

(4) eligibility and needs of children with a disability are determined by an initial
evaluation or reevaluation, which may be completed using existing data under United States
Code, title 20, section 33, et seq.;

(5) to the maximum extent appropriate, children with a disability, including those in
public or private institutions or other care facilities, are educated with children who are not
26.1 disabled, and that special classes, separate schooling, or other removal of children with a
disability from the regular educational environment occurs only when and to the extent that
the nature or severity of the disability is such that education in regular classes with the use
of supplementary services cannot be achieved satisfactorily;

(6) in accordance with recognized professional standards, testing and evaluation materials,
and procedures used for the purposes of classification and placement of children with a
disability are selected and administered so as not to be racially or culturally discriminatory;

and

(7) the rights of the child are protected when the parents or guardians are not known or
not available, or the child is a ward of the state.

(c) For all paraprofessionals employed to work in programs whose role in part is to
provide direct support to students with disabilities, the school board in each district shall
ensure that:

(1) before or beginning at the time of employment, each paraprofessional must develop
sufficient knowledge and skills in emergency procedures, building orientation, roles and
responsibilities, confidentiality, vulnerability, and reportability, among other things, to begin
meeting the needs, especially disability-specific and behavioral needs, of the students with
whom the paraprofessional works;

(2) annual training opportunities are required to enable the paraprofessional to continue
to further develop the knowledge and skills, and cultural competency, consistent with
section 120B.30, subdivision 1, paragraph (q), that are specific to the students with whom
the paraprofessional works, including understanding disabilities, the unique and individual
needs of each student according to the student’s disability and how the disability affects the
student's education and behavior, following lesson plans, and implementing follow-up
instructional procedures and activities; and

(3) a districtwide process obligates each paraprofessional to work under the ongoing
direction of a licensed teacher and, where appropriate and possible, the supervision of a
school nurse.

EFFECTIVE DATE. This section is effective for the 2017-2018 school year and later.
Subdivision 1. **Requirement.** (a) Before a pupil is referred for a special education evaluation, the culturally competent district employees, consistent with section 120B.30, subdivision 1, paragraph (q), must conduct and document at least two instructional strategies, alternatives, or interventions using a system of scientific, research-based instruction and intervention in academics or behavior, based on the pupil's needs, while the pupil is in the regular classroom. The pupil's teacher must document the results. A special education evaluation team may waive this requirement when it determines the pupil's need for the evaluation is urgent. This section may not be used to deny a pupil's right to a special education evaluation.

(b) A school district shall use alternative intervention services, including the assurance of mastery program under section 124D.66, or an early intervening services program under subdivision 2 to serve at-risk pupils who demonstrate a need for alternative instructional strategies or interventions.

(c) A student identified as being unable to read at grade level under section 120B.12, subdivision 2, paragraph (a), must be provided with alternate instruction under this subdivision.

Subd. 2. **Early intervening services program.** (a) A district may meet the requirement under subdivision 1 by establishing an early intervening services program that includes:

(1) a system of valid and reliable general outcome measures aligned to state academic standards that is administered at least three times per year to pupils in kindergarten through grade 8 who need additional academic or behavioral support to succeed in the general education environment. The school must provide interim assessments that measure pupils' performance three times per year and implement progress monitoring appropriate to the pupil. For purposes of this section, "progress monitoring" means the frequent and continuous measurement of a pupil's performance that includes these three interim assessments and other pupil assessments during the school year. A school, at its discretion, may allow pupils in grades 9 through 12 to participate in interim assessments;

(2) a system of scientific, research-based instruction and intervention; and

(3) an organizational plan that allows teachers, paraprofessionals, and volunteers funded through various sources to work as a grade-level team or use another configuration across grades and settings to deliver instruction. The team must be trained in scientific, research-based instruction and intervention. Teachers and paraprofessionals at a site operating under this paragraph must work collaboratively with those pupils who need additional academic or behavioral support to succeed in a general education environment.
(b) As an intervention under paragraph (a), clause (2), staff generating special education aid under section 125A.76 may provide small group instruction to pupils who need additional academic or behavioral support to succeed in the general education environment. Small group instruction that includes pupils with a disability may be provided in the general education environment if the needs of the pupils with a disability are met, consistent with their individualized education programs, and all pupils in the group receive the same level of instruction and make the same progress in the instruction or intervention. Culturally competent teachers and paraprofessionals, consistent with section 120B.30, subdivision 1, paragraph (q), must ensure that the needs of pupils with a disability participating in small group instruction under this paragraph remain the focus of the instruction. Expenditures attributable to the time special education staff spends providing instruction to nondisabled pupils in this circumstance is eligible for special education aid under section 125A.76 as an incidental benefit if:

(1) the group consists primarily of disabled pupils;
(2) no special education staff are added to meet nondisabled pupils' needs; and
(3) the primary purpose of the instruction is to implement the individualized education programs of pupils with a disability in this group.

Expenditures attributable to the time special education staff spends providing small group instruction to nondisabled pupils that affords more than an incidental benefit to such pupils is not eligible for special education aid under section 125A.76, except that such expenditures may be included in the alternative delivery initial aid adjustment under section 125A.78 if the district has an approved program under section 125A.50. During each 60-day period that a nondisabled pupil participates in small group instruction under this paragraph, the pupil's progress monitoring data must be examined to determine whether the pupil is making progress and, if the pupil is not making progress, the pupil's intervention strategies must be changed or the pupil must be referred for a special education evaluation.

**EFFECTIVE DATE.** This section is effective for the 2017-2018 school year and later.

Sec. 21. Minnesota Statutes 2016, section 126C.05, subdivision 8, is amended to read:

Subd. 8. **Average daily membership.** (a) Membership for pupils in grades kindergarten through 12 and for prekindergarten pupils with disabilities shall mean the number of pupils on the current roll of the school, counted from the date of entry until withdrawal. The date of withdrawal shall mean the day the pupil permanently leaves the school or the date it is officially known that the pupil has left or has been legally excused. However, a pupil,
regardless of age, who has been absent from school for 15 consecutive school days during
the regular school year or for five consecutive school days during summer school or
intersession classes of flexible school year programs without receiving instruction in the
home or hospital shall be dropped from the roll and classified as withdrawn. Nothing in this
section shall be construed as waiving the compulsory attendance provisions cited in section
120A.22. Average daily membership equals the sum for all pupils of the number of days
of the school year each pupil is enrolled in the district's schools divided by the number of
days the schools are in session or are providing e-learning days due to inclement weather.
Days of summer school or intersession classes of flexible school year programs are only
included in the computation of membership for pupils with a disability not appropriately
served primarily in the regular classroom. A student must not be counted as more than 1.2
pupils in average daily membership under this section. When the initial total average daily
membership exceeds 1.2 for a pupil enrolled in more than one school district during the
fiscal year, each district's average daily membership must be reduced proportionately.
(b) A student must not be counted as more than one pupil in average daily membership
except for purposes of section 126C.10, subdivision 2a.

Sec. 22. Minnesota Statutes 2016, section 256J.08, subdivision 38, is amended to read:

Subd. 38. **Full-time student.** "Full-time student" means a person who is enrolled in a
graded or ungraded primary, intermediate, secondary, GED commissioner of
education-selected high school equivalency preparatory, trade, technical, vocational, or
postsecondary school, and who meets the school's standard for full-time attendance.

Sec. 23. Minnesota Statutes 2016, section 256J.08, subdivision 39, is amended to read:

Subd. 39. **General educational development or GED Commissioner of
education-selected high school equivalency.** "General educational development" or "GED"
"Commissioner of education-selected high school equivalency" means the general educational
development high school equivalency certification issued by the commissioner of education
as an equivalent to a secondary school diploma under Minnesota Rules, part 3500.3100,
subpart 4 section 124D.549.

Sec. 24. **COMMISSIONER REPORT ON DYSLEXIA.**

(a) The commissioner of education must submit a report to the legislature on resources
and administrative changes that would assist schools in addressing the needs of students
with dyslexia and convergence insufficiency disorder. The report must identify the following:
resources for school districts including screening tools and best practices for identifying students with dyslexia and convergence insufficiency disorder;

(2) intervention strategies and teaching approaches to help students with dyslexia to develop language skills, including reading and writing; and

(3) changes to Minnesota Rules, part 3525.1341, and other rules adopted by the Department of Education that would assist schools in identifying students with dyslexia and implement intervention strategies to meet the needs of students with dyslexia and convergence insufficiency disorder.

(b) The commissioner must submit the report to the education policy and finance committees of the legislature by February 15, 2018.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 25. REVISOR'S INSTRUCTION.

In Minnesota Statutes and Minnesota Rules, the revisor of statutes shall substitute the term "commissioner-selected high school equivalency" or similar term for "general education development," "GED," or similar terms for wherever the term refers to the tests or programs leading to a certification issued by the commissioner of education as an equivalency to a secondary diploma.

Sec. 26. REPEALER.

Minnesota Rules, part 3500.3100, subpart 4, is repealed.

ARTICLE 3

TEACHERS

Section 1. Minnesota Statutes 2016, section 122A.09, subdivision 4a, is amended to read:

Subd. 4a. Teacher and administrator preparation and performance data; report.

(a) The Board of Teaching and the Board of School Administrators, in cooperation with the Minnesota Association of Colleges of Teacher Education and Minnesota colleges and universities offering board-adopted teacher or administrator preparation programs, annually must collect and report summary data on teacher and administrator preparation and performance outcomes, consistent with this subdivision. The Board of Teaching and the Board of School Administrators annually by June 1 must update and post the reported summary preparation and performance data on teachers and administrators from the preceding school years on a Web site hosted jointly by the boards.
(b) Publicly reported summary data on teacher preparation programs must include:

- student entrance requirements for each Board of Teaching-approved program, including grade point average for enrolling students in the preceding year; the average board-adopted skills examination or ACT or SAT scores of students entering the program in the preceding year; summary data on faculty qualifications, including at least the content areas of faculty undergraduate and graduate degrees and their years of experience either as kindergarten through grade 12 classroom teachers or school administrators; the average time resident and nonresident program graduates in the preceding year needed to complete the program; the current number and percent of students by program who graduated, received a standard Minnesota teaching license, and were hired to teach full time in their licensure field in a Minnesota district or school in the preceding year, disaggregated by race, except when such disaggregation would not yield statistically reliable results or would reveal personally identifiable information about an individual; the number of credits by undergraduate program that students in the preceding school year needed to complete to graduate; students' pass rates on skills and subject matter exams required for graduation in each program and licensure area in the preceding school year; survey results measuring student and graduate satisfaction with the program in the preceding school year, disaggregated by race, except when such disaggregation would not yield statistically reliable results or would reveal personally identifiable information about an individual; a standard measure of the satisfaction of school principals or supervising teachers with the student teachers assigned to a school or supervising teacher; and information under paragraphs (d) and (e). Program reporting must be consistent with subdivision 11.

(c) Publicly reported summary data on administrator preparation programs approved by the Board of School Administrators must include: summary data on faculty qualifications, including at least the content areas of faculty undergraduate and graduate degrees and their years of experience either as kindergarten through grade 12 classroom teachers or school administrators; the average time program graduates in the preceding year needed to complete the program; the current number and percent of students who graduated, received a standard Minnesota administrator license, and were employed as an administrator in a Minnesota school district or school in the preceding year, disaggregated by race, except when such disaggregation would not yield statistically reliable results or would reveal personally identifiable information about an individual; the number of credits by graduate program that students in the preceding school year needed to complete to graduate; survey results measuring student, graduate, and employer satisfaction with the program in the preceding school year, disaggregated by race, except when such disaggregation would not yield statistically reliable results or would reveal personally identifiable information about an individual;
individual; and information under paragraphs (f) and (g). Program reporting must be
consistent with section 122A.14, subdivision 10.

(d) School districts annually by October 1 must report to the Board of Teaching the
following information for all teachers who finished the probationary period and accepted
a continuing contract position with the district from September 1 of the previous year through
August 31 of the current year: the effectiveness category or rating of the teacher on the
summative evaluation under section 122A.40, subdivision 8, or 122A.41, subdivision 5;
the licensure area in which the teacher primarily taught during the three-year evaluation
cycle; and the teacher preparation program preparing the teacher in the teacher's primary
areas of instruction and licensure.

(e) School districts annually by October 1 must report to the Board of Teaching the
following information for all probationary teachers in the district who were released or
whose contracts were not renewed from September 1 of the previous year through August
31 of the current year: the licensure areas in which the probationary teacher taught; and the
teacher preparation program preparing the teacher in the teacher's primary areas of instruction
and licensure.

(f) School districts annually by October 1 must report to the Board of School
Administrators the following information for all school principals and assistant principals
who finished the probationary period and accepted a continuing contract position with the
district from September 1 of the previous year through August 31 of the current year: the
effectiveness category or rating of the principal or assistant principal on the summative
evaluation under section 123B.147, subdivision 3; and the principal preparation program
providing instruction to the principal or assistant principal.

(g) School districts annually by October 1 must report to the Board of School
Administrators all probationary school principals and assistant principals in the district who
were released or whose contracts were not renewed from September 1 of the previous year
through August 31 of the current year.

(h) Data that must be disaggregated by race under this section must be reported in the
following categories:

1. American Indian or Alaskan Native;
2. Asian;
3. Black or African American;
4. Hispanic or Latino;
(5) Native Hawaiian or Other Pacific Islander;

(6) White; and

(7) two or more races.

Sec. 2. [122A.417] ALTERNATIVE TEACHER COMPENSATION REVENUE FOR ST. CROIX RIVER EDUCATION DISTRICT.

Notwithstanding sections 122A.414, 122A.415, and 126C.10, the St. Croix River Education District, No. 6009-61, is eligible to receive alternative teacher compensation revenue. To qualify for alternative teacher compensation revenue, the St. Croix River Education District must meet all of the requirements of sections 122A.414 and 122A.415 that apply to cooperative units, must report its staffing as of October 1 of each year to the department in a manner determined by the commissioner, and must annually report by November 30 its expenditures for the alternative teacher professional pay system consistent with the uniform financial accounting and reporting standards to the department.

Sec. 3. [122A.627] POSITIVE BEHAVIORAL INTERVENTIONS AND SUPPORTS.

"Positive behavioral interventions and supports" or "PBIS" means an evidence-based framework for preventing problem behavior, providing instruction and support for positive and prosocial behaviors, and supporting social, emotional, and behavioral needs for all students. Schoolwide implementation of PBIS requires training, coaching, and evaluation for school staff to consistently implement the key components that make PBIS effective for all students, including:

(1) establishing, defining, teaching, and practicing three to five positively stated schoolwide behavioral expectations that are representative of the local community and cultures;

(2) developing and implementing a consistent system used by all staff to provide positive feedback and acknowledgment for students who display schoolwide behavioral expectations;

(3) developing and implementing a consistent and specialized support system for students who do not display behaviors representative of schoolwide positive expectations;

(4) developing a system to support decisions based on data related to student progress, effective implementation of behavioral practices, and screening for students requiring additional behavior supports;
(5) using a continuum of evidence-based interventions that is integrated and aligned to support academic and behavioral success for all students; and

(6) using a team-based approach to support effective implementation, monitor progress, and evaluate outcomes.

Consistent with section 120B.232, subdivision 1, character education curriculum and programs may be used to support implementation of the key components of PBIS.

ARTICLE 4

SPECIAL EDUCATION

Section 1. Minnesota Statutes 2016, section 125A.0941, is amended to read:

125A.0941 DEFINITIONS.

(a) The following terms have the meanings given them.

(b) "Emergency" means a situation where immediate intervention is needed to protect a child or other individual from physical injury. Emergency does not mean circumstances such as: a child who does not respond to a task or request and instead places his or her head on a desk or hides under a desk or table; a child who does not respond to a staff person's request unless failing to respond would result in physical injury to the child or other individual; or an emergency incident has already occurred and no threat of physical injury currently exists.

(c) "Physical holding" means physical intervention intended to hold a child immobile or limit a child's movement, where body contact is the only source of physical restraint, and where immobilization is used to effectively gain control of a child in order to protect a child or other individual from physical injury. The term physical holding does not mean physical contact that:

(1) helps a child respond or complete a task;

(2) assists a child without restricting the child's movement;

(3) is needed to administer an authorized health-related service or procedure; or

(4) is needed to physically escort a child when the child does not resist or the child's resistance is minimal.

(d) "Positive behavioral interventions and supports" means interventions and strategies to improve the school environment and teach children the skills to behave appropriately, including the key components under section 122A.627.
(e) "Prone restraint" means placing a child in a face down position.

(f) "Restrictive procedures" means the use of physical holding or seclusion in an emergency. Restrictive procedures must not be used to punish or otherwise discipline a child.

(g) "Seclusion" means confining a child alone in a room from which egress is barred. Egress may be barred by an adult locking or closing the door in the room or preventing the child from leaving the room. Removing a child from an activity to a location where the child cannot participate in or observe the activity is not seclusion.

Sec. 2. Minnesota Statutes 2016, section 125A.515, is amended to read:

125A.515 PLACEMENT OF STUDENTS; APPROVAL OF EDUCATION PROGRAM.

Subdivision 1. Approval of on-site education programs. The commissioner shall approve on-site education programs for placement of children and youth in residential facilities including detention centers, before being licensed by the Department of Human Services or the Department of Corrections. Education programs in these facilities shall conform to state and federal education laws including the Individuals with Disabilities Education Act (IDEA). This section applies only to placements in children's residential facilities licensed by the Department of Human Services or the Department of Corrections. For purposes of this section, "on-site education program" means the educational services provided directly on the grounds of the care and treatment children's residential facility to children and youth placed for care and treatment.

Subd. 3. Responsibilities for providing education. (a) The district in which the children's residential facility is located must provide education services, including special education if eligible, to all students placed in a facility.

(b) For education programs operated by the Department of Corrections, the providing district shall be the Department of Corrections. For students remanded to the commissioner of corrections, the providing and resident district shall be the Department of Corrections.

Subd. 3a. Students without a disability from other states. A school district is not required to provide education services under this section to a student who:

(1) is not a resident of Minnesota;

(2) does not have an individualized education program; and
(3) does not have a tuition arrangement or agreement to pay the cost of education from the placing authority.

Subd. 4. Education services required. (a) Education services must be provided to a student beginning within three business days after the student enters the care and treatment children's residential facility. The first four days of the student's placement may be used to screen the student for educational and safety issues.

(b) If the student does not meet the eligibility criteria for special education, regular education services must be provided to that student.

Subd. 5. Education programs for students placed in children's residential facilities. (a) When a student is placed in a children's residential facility approved under this section that has an on-site education program, the providing district, upon notice from the care and treatment children's residential facility, must contact the resident district within one business day to determine if a student has been identified as having a disability, and to request at least the student's transcript, and for students with disabilities, the most recent individualized education program (IEP) and evaluation report, and to determine if the student has been identified as a student with a disability. The resident district must send a facsimile copy to the providing district within two business days of receiving the request.

(b) If a student placed under this section has been identified as having a disability and has an individualized education program in the resident district:

(1) the providing agency must conduct an individualized education program meeting to reach an agreement about continuing or modifying special education services in accordance with the current individualized education program goals and objectives and to determine if additional evaluations are necessary; and

(2) at least the following people shall receive written notice or documented phone call to be followed with written notice to attend the individualized education program meeting:

(i) the person or agency placing the student;

(ii) the resident district;

(iii) the appropriate teachers and related services staff from the providing district;

(iv) appropriate staff from the children's residential facility;

(v) the parents or legal guardians of the student; and

(vi) when appropriate, the student.
(c) For a student who has not been identified as a student with a disability, a screening must be conducted by the providing districts as soon as possible to determine the student's educational and behavioral needs and must include a review of the student's educational records.

Subd. 6. Exit report summarizing educational progress. If a student has been placed in a facility under this section for 15 or more business days, the providing district must prepare an exit report summarizing the regular education, special education, evaluation, educational progress, and service information and must send the report to the resident district and the next providing district if different, the parent or legal guardian, and any appropriate social service agency. For students with disabilities, this report must include the student's IEP.

Subd. 7. Minimum educational services required. When a student is placed in a children's residential facility approved under this section, at a minimum, the providing district is responsible for:

1. the education necessary, including summer school services, for a student who is not performing at grade level as indicated in the education record or IEP; and

2. a school day, of the same length as the school day of the providing district, unless the unique needs of the student, as documented through the IEP or education record in consultation with treatment providers, requires an alteration in the length of the school day.

Subd. 8. Placement, services, and due process. When a student's treatment and educational needs allow, education shall be provided in a regular educational setting. The determination of the amount and site of integrated services must be a joint decision between the student's parents or legal guardians and the treatment and education staff. When applicable, educational placement decisions must be made by the IEP team of the providing district. Educational services shall be provided in conformance with the least restrictive environment principle of the Individuals with Disabilities Education Act. The providing district and care and treatment children's residential facility shall cooperatively develop discipline and behavior management procedures to be used in emergency situations that comply with the Minnesota Pupil Fair Dismissal Act and other relevant state and federal laws and regulations.

Subd. 9. Reimbursement for education services. (a) Education services provided to students who have been placed under this section are reimbursable in accordance with special education and general education statutes.
(b) Indirect or consultative services provided in conjunction with regular education prerereferral interventions and assessment provided to regular education students suspected of being disabled and who have demonstrated learning or behavioral problems in a screening are reimbursable with special education categorical aids.

(c) Regular education, including screening, provided to students with or without disabilities is not reimbursable with special education categorical aids.

Subd. 10. Students unable to attend school but not covered under this section.

Students who are absent from, or predicted to be absent from, school for 15 consecutive or intermittent days, and placed at home or in facilities not licensed by the Departments of Corrections or Human Services are entitled to regular and special education services consistent with this section or Minnesota Rules, part 3525.2325. These students include students with and without disabilities who are home due to accident or illness, in a hospital or other medical facility, or in a day treatment center.

Sec. 3. SPECIAL EDUCATION ASSISTIVE TECHNOLOGY STUDY.

Subdivision 1. Study. The commissioner of education must examine the use of assistive technology in Minnesota school districts. The commissioner may examine financial data, survey school officials, and use other methods to collect data on the use of assistive technology by Minnesota's students. The commissioner must consult with the Minnesota Assistive Technology Advisory Council and other interested organizations to determine the scope and focus of the study.

Subd. 2. Data reporting. The commissioner must examine the federally required Uniform Financial Accounting and Reporting Standards object codes, and if necessary, recommend changes to better capture school district spending on assistive technology. The commissioner must examine approaches to collecting additional student level assistive technology data through the Education Data and Reporting System.

Subd. 3. Assistive technology manual. The commissioner must examine the department's assistive technology manual, and determine whether to prepare a revised manual.

Subd. 4. Report. The commissioner of education must report to the education committees of the legislature by February 15, 2018, on the use of assistive technology by Minnesota's students and recommend statutory changes to encourage individualized education programs and individualized family services plans to incorporate a child-centered assistive technology plan.
ARTICLE 5

NUTRITION

Section 1. Minnesota Statutes 2016, section 123B.52, subdivision 1, is amended to read:

Subdivision 1. **Contracts.** A contract for work or labor, or for the purchase of furniture, fixtures, or other property, except books registered under the copyright laws and information systems software, or for the construction or repair of school houses, the estimated cost or value of which shall exceed that specified in section 471.345, subdivision 3, must not be made by the school board without first advertising for bids or proposals by two weeks' published notice in the official newspaper. This notice must state the time and place of receiving bids and contain a brief description of the subject matter.

Additional publication in the official newspaper or elsewhere may be made as the board shall deem necessary.

After taking into consideration conformity with the specifications, terms of delivery, and other conditions imposed in the call for bids, every such contract for which a call for bids has been issued must be awarded to the lowest responsible bidder, be duly executed in writing, and be otherwise conditioned as required by law. The person to whom the contract is awarded shall give a sufficient bond to the board for its faithful performance.

Notwithstanding section 574.26 or any other law to the contrary, on a contract limited to the purchase of a finished tangible product, a board may require, at its discretion, a performance bond of a contractor in the amount the board considers necessary. A record must be kept of all bids, with names of bidders and amount of bids, and with the successful bid indicated thereon. A bid containing an alteration or erasure of any price contained in the bid which is used in determining the lowest responsible bid must be rejected unless the alteration or erasure is corrected as provided in this section. An alteration or erasure may be crossed out and the correction thereof printed in ink or typewritten adjacent thereto and initialed in ink by the person signing the bid. In the case of identical low bids from two or more bidders, the board may, at its discretion, utilize negotiated procurement methods with the tied low bidders for that particular transaction, so long as the price paid does not exceed the low tied bid price. In the case where only a single bid is received, the board may, at its discretion, negotiate a mutually agreeable contract with the bidder so long as the price paid does not exceed the original bid. If no satisfactory bid is received, the board may readvertise. Standard requirement price contracts established for supplies or services to be purchased by the district must be established by competitive bids. Such standard requirement price contracts may contain escalation clauses and may provide for a negotiated price increase.
or decrease based upon a demonstrable industrywide or regional increase or decrease in the vendor's costs. Either party to the contract may request that the other party demonstrate such increase or decrease. The term of such contracts must not exceed two years with an option on the part of the district to renew for an additional two years, except as provided in subdivision 7. Contracts for the purchase of perishable food items, except milk for school lunches and vocational training programs, in any amount may be made by direct negotiation by obtaining two or more written quotations for the purchase or sale, when possible, without advertising for bids or otherwise complying with the requirements of this section or section 471.345, subdivision 3. All quotations obtained shall be kept on file for a period of at least one year after receipt.

Every contract made without compliance with the provisions of this section shall be void. Except in the case of the destruction of buildings or injury thereto, where the public interest would suffer by delay, contracts for repairs may be made without advertising for bids.

EFFECTIVE DATE. This section is effective for contracts entered into on or after July 1, 2017.

Sec. 2. Minnesota Statutes 2016, section 123B.52, is amended by adding a subdivision to read:

Subd. 7. Food service contracts. A contract between a school board and a food service management company that complies with Code of Federal Regulations, title 7, section 210.16, may be renewed annually after its initial term for not more than four additional years.

EFFECTIVE DATE. This section is effective for contracts entered into on or after July 1, 2017.

ARTICLE 6

LIBRARIES

Section 1. Minnesota Statutes 2016, section 134.31, subdivision 2, is amended to read:

Subd. 2. Advice and instruction. The Department of Education shall give advice and instruction to the managers of any public library or to any governing body maintaining a library or empowered to do so by law upon any matter pertaining to the organization, maintenance, or administration of libraries. The department may also give advice and instruction, as requested, to postsecondary educational institutions, school districts or charter
schools, state agencies, governmental units, nonprofit organizations, or private entities. It shall assist, to the extent possible, in the establishment and organization of library service in those areas where adequate services do not exist, and may aid in improving previously established library services. The department shall also provide assistance to school districts, regional library systems, and member libraries interested in offering joint library services at a single location."

Amend the title accordingly
