1.3 Page 7, after line 14, insert:

1.4 "Sec. 4. Minnesota Statutes 2018, section 216B.164, is amended by adding a subdivision
1.5 to read:

1.6 Subd. 12. **Value of solar formula.** The distributed solar value methodology established
1.7 by the department must, at a minimum, account for the cost of utility-scale solar energy and
1.8 its delivery, generation capacity, transmission capacity, transmission and distribution line
1.9 losses, and environmental value. The department may, based on known and measurable
1.10 evidence of the cost or benefit of solar operation to the utility, incorporate other values into
1.11 the methodology, including credit for locally manufactured or assembled energy systems,
1.12 systems installed at high-value locations on the distribution grid, or other factors."

1.13 Renumber the sections in sequence and correct internal references
