

Annice Gregerson Written Testimony on HF1163

Please support the HF 1163 bill to allow all those including refugees and the undocumented who live in MN to get a MN drivers license. When I was active as a social worker with the Catholic Charities Refugee Resettlement program for Indochinese back in the 1980's this would have made life more equitable for those trying to get to work. This bill's passage will help refugees and others who many times are front line workers who need a license to have a better chance to get to a job in a timely manner.

Thank you for giving your yes vote to it.

Annice Gregerson
