ARTICLE 1

PROPERTY TAX AIDS, CREDITS, AND REFUNDS

Section 1. Minnesota Statutes 2012, section 273.1384, subdivision 2, is amended to read:
Subd. 2. **Agricultural homestead market value credit.** Property classified as an agricultural homestead under section 273.13, subdivision 23, paragraph (a), is eligible for an agricultural credit. The credit is computed using the property's agricultural credit market value, defined for this purpose as the property's market value excluding the market value of the house, garage, and immediately surrounding one acre of land. The credit is equal to 0.3 percent of the first $115,000 of the property's agricultural credit market value minus .05 plus 0.1 percent of the property's agricultural credit market value in excess of $115,000, subject to a maximum reduction of $115,000. In the case of property that is classified as part homestead and part nonhomestead solely because not all the owners occupy or farm the property, not all the owners have qualifying relatives occupying or farming the property, or solely because not all the spouses of owners occupy the property, the credit must be initially computed as if that nonhomestead agricultural land was also classified as agricultural homestead and then prorated to the owner-occupant's percentage of ownership.

**EFFECTIVE DATE.** This section is effective beginning with taxes payable in 2014.

Sec. 2. Minnesota Statutes 2013 Supplement, section 273.1398, subdivision 4, is amended to read:

Subd. 4. **Disparity reduction credit.** (a) **Beginning with taxes payable in 1989,** class 4a and class 3a property qualifies for a disparity reduction credit if: (1) the property is located in a border city that has an enterprise zone, as defined in section 469.166; (2) the property is located in a city with a population greater than 2,500 and less than 35,000 according to the 1980 decennial census; (3) the city is adjacent to a city in another state or immediately adjacent to a city adjacent to a city in another state; and (4) the adjacent city in the other state has a population of greater than 5,000 and less than 75,000 according to the 1980 decennial census.

(b) The credit is an amount sufficient to reduce (i) the taxes levied on class 4a property to plus 1.7 percent of the property's taxable market value and (ii) the tax on class 3a property to plus 1.7 percent of taxable market value.

(c) The county auditor shall annually certify the costs of the credits to the Department of Revenue. The department shall reimburse local governments for the property taxes forgone as the result of the credits in proportion to their total levies.

**EFFECTIVE DATE.** This section is effective beginning with taxes payable in 2015.

Sec. 3. Minnesota Statutes 2013 Supplement, section 477A.013, subdivision 8, is amended to read:

Article 1 Sec. 3. 2
Subd. 8.  City formula aid. (a) For aids payable in 2014 only, the formula aid for a city is equal to the sum of (1) its 2013 certified aid, and (2) the product of (i) the difference between its unmet need and its 2013 certified aid, and (ii) the aid gap percentage.

(b) For aids payable in 2015 and thereafter, the formula aid for a city is equal to the sum of (1) its formula aid in the previous year and (2) the product of (i) the difference between its unmet need and its certified formula aid in the previous year under subdivision 9, and (ii) the aid gap percentage.

(c) For aids payable in 2015 and thereafter, if a city’s certified aid from the previous year is greater than the sum of its unmet need plus its aid adjustment under subdivision 13, its formula aid is adjusted to equal its unmet need.

(d) No city may have a formula aid amount less than zero. The aid gap percentage must be the same for all cities subject to paragraph (b).

(e) The applicable aid gap percentage must be calculated by the Department of Revenue so that the total of the aid under subdivision 9 equals the total amount available for aid under section 477A.03. Data used in calculating aids to cities under sections 477A.011 to 477A.013 shall be the most recently available data as of January 1 in the year in which the aid is calculated.

**EFFECTIVE DATE.** This section is effective for aids payable in calendar year 2015 and thereafter.

Sec. 4. Minnesota Statutes 2013 Supplement, section 477A.03, subdivision 2a, is amended to read:

Subd. 2a.  Cities. For aids payable in 2014, the total aid paid under section 477A.013, subdivision 9, is $507,598,012. The total aid paid under section 477A.013, subdivision 9, is $509,098,012 for aids payable in 2015. For aids payable in 2016 and thereafter, the total aid paid under section 477A.013, subdivision 9, is $511,598,012 the amount certified under that section in the previous year, multiplied by the inflation adjustment under subdivision 6.

**EFFECTIVE DATE.** This section is effective for aids payable in calendar year 2015 and thereafter.

Sec. 5. Minnesota Statutes 2012, section 477A.03, is amended by adding a subdivision to read:

Subd. 6.  Inflation adjustment. In 2015 and thereafter, the amount paid under subdivision 2a shall be multiplied by an amount equal to one plus the sum of (1) the

Article 1 Sec. 5. 3
percentage increase in the implicit price deflator for government expenditures and gross investment for state and local government purchases as prepared by the United States Department of Commerce, for the 12-month period ending March 31 of the previous calendar year, and (2) the percentage increase in total city population for the most recently available years as of January 15 of the current year. The percentage increase in this subdivision shall not be greater than five percent.

**EFFECTIVE DATE.** This section is effective for aids payable in calendar year 2015 and thereafter.

Sec. 6. [477A.18] PRODUCTION PROPERTY TRANSITION AID.

Subdivision 1. Definitions. (a) When used in this section, the following terms have the meanings indicated in this subdivision.

(b) "Local unit" means a home rule charter or statutory city, or a town.

(c) "Net tax capacity differential" means the positive difference, if any, by which the local unit's net tax capacity was reduced from assessment year 2014 to assessment year 2015 due to the change in the definition of real property in section 272.03, subdivision 1, enacted by article 2, section 1, of this act. For purposes of determining the net tax capacity differential, any property in a job opportunity building zone under section 469.314 may not be included when calculating a local unit's net tax capacity.

Subd. 2. Aid eligibility; payment. (a) If the net tax capacity differential of the local unit exceeds five percent of its 2015 net tax capacity, the local unit is eligible for transition aid computed under paragraphs (b) to (f).

(b) For aids payable in 2016, transition aid under this section for an eligible local unit equals (1) the net tax capacity differential, times (2) the jurisdiction's tax rate for taxes payable in 2015.

(c) For aids payable in 2017, transition aid under this section for an eligible local unit equals 80 percent of (1) the net tax capacity differential, times (2) the jurisdiction's tax rate for taxes payable in 2016.

(d) For aids payable in 2018, transition aid under this section for an eligible local unit equals 60 percent of (1) the net tax capacity differential, times (2) the jurisdiction's tax rate for taxes payable in 2017.

(e) For aids payable in 2019, transition aid under this section for an eligible local unit equals 40 percent of (1) the net tax capacity differential, times (2) the jurisdiction's tax rate for taxes payable in 2018.
(f) For aids payable in 2020, transition aid under this section for an eligible local unit equals 20 percent of (1) the net tax capacity differential, times (2) the jurisdiction's tax rate for taxes payable in 2019.

(g) No aids shall be payable under this section in 2021 and thereafter.

(h) The commissioner of revenue shall compute the amount of transition aid payable to each local unit under this section. On or before August 1 of each year, the commissioner shall certify the amount of transition aid computed for aids payable in the following year for each recipient local unit. The commissioner shall pay transition aid to local units annually at the times provided in section 477A.015.

(i) The commissioner of revenue may require counties to provide any data that the commissioner deems necessary to administer this section.

Subd. 3. Appropriation. An amount sufficient to pay transition aid under this section is annually appropriated to the commissioner of revenue from the general fund.

EFFECTIVE DATE. This section is effective beginning with assessment year 2015.

Sec. 7. SUPPLEMENTAL COUNTY PROGRAM AID FOR 2014.

(a) Each county whose certified aid for 2014 under Minnesota Statutes, section 477A.0124, is less than the aid it received under that section in 2013 shall be eligible for supplemental aid in 2014 equal to the difference between the amount received in 2013 and the amount certified for 2014.

(b) The aid under this section shall be paid in the same manner and at the same time as the regular aid payments under Minnesota Statutes, section 477A.0124.

(c) The amount necessary to pay supplemental aid under this section is appropriated from the general fund to the commissioner of revenue.

EFFECTIVE DATE. This section is effective July 1, 2014.

Sec. 8. SUPPLEMENTAL CREDIT FOR TAXES PAYABLE IN 2014 ONLY.

Subdivision 1. Certification of supplemental credit amount. By September 15, 2014, the county auditor must notify each eligible property owner of the amount by which the credit determined under section 273.1384, subdivision 2, as enacted by article 1, section 1, of this act, exceeds the credit amount certified on the homestead's property tax statement or statements for property taxes payable in 2014. The county auditor must also notify the commissioner of revenue in a manner prescribed by the commissioner. The notification to the commissioner must indicate whether there are any unpaid taxes upon the property.
Subd. 2. **Payment of supplemental credit.** The commissioner must pay supplemental credit amounts to each qualifying taxpayer by October 15, 2014, provided there are no unpaid taxes on the property.

Subd. 3. **Property tax statements for taxes payable in 2015.** In preparing proposed and final property tax statements for taxes payable in 2015, the county auditor shall include the supplemental credit amounts determined under this section in displaying property taxes payable in 2014.

Subd. 4. **Costs of administration.** $40,000 in fiscal year 2015 is appropriated from the general fund to the commissioner of revenue to be used to compensate counties for expenses incurred in complying with this section.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 9. **HOMESTEAD CREDIT REFUND AND RENTER PROPERTY TAX REFUND INCREASE.**

Subdivision 1. **Homestead credit refund increase.** For claims filed based on taxes payable in 2014, the commissioner shall increase by three percent the refund otherwise payable under Minnesota Statutes, section 290A.04, subdivision 2.

Subd. 2. **Renter property tax increase.** For claims filed based on rent paid in 2013, the commissioner shall increase by six percent the refund otherwise payable under Minnesota Statutes, section 290A.04, subdivision 2a.

Subd. 3. **Appropriation.** The amount necessary to make the payments required under this section in fiscal years 2015 and 2016 is appropriated from the general fund to the commissioner of revenue.

**EFFECTIVE DATE.** This section is effective for refund claims based on taxes payable in 2014 and rent paid in 2013 only.

**ARTICLE 2**

**PROPERTY TAXES**

Section 1. Minnesota Statutes 2012, section 272.02, subdivision 24, is amended to read:

Subd. 24. **Electric-power photovoltaic devices Solar energy-generating systems.** Photovoltaic devices Personal property consisting of solar energy-generating systems, as defined in section 216C.06, subdivision 16 272.0295, installed after January 1, 1992, and used to produce or store electric power are exempt. The value of the real property on
which the solar energy-generating system is located shall be valued in the same manner as
similar real property that has not been improved with a solar energy-generating system. The real property shall be classified based on the most probable use of the property if it
was not improved with a solar energy-generating system.

EFFECTIVE DATE. This section is effective beginning with taxes payable in 2015.

Sec. 2. [272.0295] SOLAR ENERGY PRODUCTION TAX.

Subdivision 1. Production tax. A tax is imposed on the production of electricity
from a solar energy-generating system used as an electric power source.

Subd. 2. Definitions. (a) For the purposes of this section, the term "solar
energy-generating system" means a set of devices whose primary purpose is to produce
electricity by means of any combination of collecting, transferring, or converting
solar-generated energy.

(b) The total size of a solar energy-generating system under this subdivision shall
be determined according to this paragraph. Unless the systems are interconnected with
different distribution systems, the nameplate capacity of a solar energy-generating system
shall be combined with the nameplate capacity of any other solar energy-generating
system that is:

(1) constructed within the same 12-month period as the solar energy-generating
system; and

(2) exhibits characteristics of being a single development, including but not
limited to ownership structure, an umbrella sales arrangement, shared interconnection,
revenue-sharing arrangements, and common debt or equity financing.

In the case of a dispute, the commissioner of commerce shall determine the total size of
the system and shall draw all reasonable inferences in favor of combining the systems.

(c) In making a determination under paragraph (b), the commissioner of commerce
may determine that two solar energy-generating systems are under common ownership
when the underlying ownership structure contains similar persons or entities, even if the
ownership shares differ between the two systems. Solar energy-generating systems are
not under common ownership solely because the same person or entity provided equity
financing for the systems.

Subd. 3. Rate of tax. (a) For a solar energy-generating system with a capacity
exceeding one megawatt alternating current, the tax is $1.20 per megawatt-hour.

(b) A solar energy-generating system with a capacity of one megawatt alternating
current or less is exempt from the tax imposed under this section.
Subd. 4. Reports. An owner of a solar energy-generating system subject to tax
under this section shall file a report with the commissioner of revenue annually on or
before January 15 detailing the amount of electricity in megawatt-hours that was produced
by the system in the previous calendar year. The commissioner shall prescribe the form
of the report. The report must contain the information required by the commissioner to
determine the tax due to each county under this section for the current year. If an owner
of a solar energy-generating system subject to taxation under this section fails to file the
report by the due date, the commissioner of revenue shall determine the tax based upon
the nameplate capacity of the system multiplied by a capacity factor of 30 percent.

Subd. 5. Notification of tax. (a) On or before February 28, the commissioner of
revenue shall notify the owner of each solar energy-generating system of the tax due to
each county for the current year and shall certify to the county auditor of each county in
which the system is located the tax due from each owner for the current year.

(b) If the commissioner of revenue determines that the amount of production tax has
been erroneously calculated, the commissioner may correct the error. The commissioner
must notify the owner of the solar energy-generating system of the correction and the
amount of tax due to each county and must certify the correction to the county auditor of
each county in which the system is located on or before April 1 of the current year.

Subd. 6. Payment of tax; collection. The amount of production tax determined
under subdivision 5 must be paid to the county treasurer at the time and in the manner
provided for payment of property taxes under section 277.01, subdivision 3, and, if unpaid,
is subject to the same enforcement, collection, and interest and penalties as delinquent
personal property taxes. Except to the extent inconsistent with this section, the provisions
of sections 277.01 to 277.24 and 278.01 to 278.14 apply to the taxes imposed under this
section, and for purposes of those provisions, the taxes imposed under this section are
considered personal property taxes.

Subd. 7. Distribution of revenues. Revenues from the taxes imposed under this
section must be part of the settlement between the county treasurer and the county auditor
under section 276.09. The revenue must be distributed by the county auditor or the county
treasurer to local taxing jurisdictions in which the solar energy-generating system is
located as follows: 80 percent to counties; and 20 percent to cities and townships.

EFFECTIVE DATE. This section is effective beginning with taxes payable in 2015.

Sec. 3. Minnesota Statutes 2012, section 272.03, subdivision 1, is amended to read:

Subdivision 1. Real property. (a) For the purposes of taxation, "real property"
includes the land itself, rails, ties, and other track materials annexed to the land, and all
buildings, structures, and improvements or other fixtures on it, bridges of bridge companies, and all rights and privileges belonging or appertaining to the land, and all mines, iron ore and taconite minerals not otherwise exempt, quarries, fossils, and trees on or under it.

(b) A building or structure shall include the building or structure itself, together with all improvements or fixtures annexed to the building or structure, which are integrated with and of permanent benefit to the building or structure, regardless of the present use of the building, and which cannot be removed without substantial damage to itself or to the building or structure.

(c)(i) Real property does not include tools, implements, machinery, and equipment attached to or installed in real property for use in the business or production activity conducted thereon, regardless of size, weight or method of attachment, and mine shafts, tunnels, and other underground openings used to extract ores and minerals taxed under chapter 298 together with steel, concrete, and other materials used to support such openings.

(ii) The exclusion provided in clause (i) shall not apply to machinery and equipment includable as real estate by paragraphs (a) and (b) even though such machinery and equipment is used in the business or production activity conducted on the real property if and to the extent such business or production activity consists of furnishing services or products to other buildings or structures which are subject to taxation under this chapter.

(iii) The exclusion provided in clause (i) does not apply to the exterior shell of a structure which constitutes walls, ceilings, roofs, or floors if the shell of the structure has structural, insulation, or temperature control functions or provides protection from the elements, unless the structure is primarily used in the production of biofuels, wine, beer, distilled beverages, or dairy products. Such an exterior shell is included in the definition of real property even if it also has special functions distinct from that of a building, or if such an exterior shell is primarily used for the storage of ingredients or materials used in the production of biofuels, wine, beer, distilled beverages, or dairy products, or for the storage of finished biofuels, wine, beer, distilled beverages, or dairy products.

(d) The term real property does not include tools, implements, machinery, equipment, poles, lines, cables, wires, conduit, and station connections which are part of a telephone communications system, regardless of attachment to or installation in real property and regardless of size, weight, or method of attachment or installation.

**EFFECTIVE DATE.** This section is effective beginning with assessment year 2015.

Sec. 4. Minnesota Statutes 2012, section 273.13, subdivision 22, is amended to read:

Subd. 22. **Class 1.** (a) Except as provided in subdivision 23 and in paragraphs (b) and (c), real estate which is residential and used for homestead purposes is class 1a. In the
case of a duplex or triplex in which one of the units is used for homestead purposes, the entire property is deemed to be used for homestead purposes. The market value of class 1a property must be determined based upon the value of the house, garage, and land.

The first $500,000 of market value of class 1a property has a net class rate of one percent of its market value; and the market value of class 1a property that exceeds $500,000 has a class rate of 1.25 percent of its market value.

(b) Class 1b property includes homestead real estate or homestead manufactured homes used for the purposes of a homestead by:

(1) any person who is blind as defined in section 256D.35, or the blind person and the blind person's spouse;

(2) any person who is permanently and totally disabled or by the disabled person and the disabled person's spouse; or

(3) the surviving spouse of a permanently and totally disabled veteran homesteading a property classified under this paragraph for taxes payable in 2008.

Property is classified and assessed under clause (2) only if the government agency or income-providing source certifies, upon the request of the homestead occupant, that the homestead occupant satisfies the disability requirements of this paragraph, and that the property is not eligible for the valuation exclusion under subdivision 34.

Property is classified and assessed under paragraph (b) only if the commissioner of revenue or the county assessor certifies that the homestead occupant satisfies the requirements of this paragraph.

Permanently and totally disabled for the purpose of this subdivision means a condition which is permanent in nature and totally incapacitates the person from working at an occupation which brings the person an income. The first $50,000 market value of class 1b property has a net class rate of .45 percent of its market value. The remaining market value of class 1b property has a class rate using the rates for class 1a or class 2a property, whichever is appropriate, of similar market value.

(c) Class 1c property is commercial use real and personal property that abuts public water as defined in section 103G.005, subdivision 15, and is devoted to temporary and seasonal residential occupancy for recreational purposes but not devoted to commercial purposes for more than 250 days in the year preceding the year of assessment, and that includes a portion used as a homestead by the owner, which includes a dwelling occupied as a homestead by a shareholder of a corporation that owns the resort, a partner in a partnership that owns the resort, or a member of a limited liability company that owns the resort even if the title to the homestead is held by the corporation, partnership, or limited liability company. For purposes of this paragraph, property is devoted to a
commercial purpose on a specific day if any portion of the property, excluding the portion
used exclusively as a homestead, is used for residential occupancy and a fee is charged
for residential occupancy. Class 1c property must contain three or more rental units. A
"rental unit" is defined as a cabin, condominium, townhouse, sleeping room, or individual
camping site equipped with water and electrical hookups for recreational vehicles. Class
1c property must provide recreational activities such as the rental of ice fishing houses,
boats and motors, snowmobiles, downhill or cross-country ski equipment; provide marina
services, launch services, or guide services; or sell bait and fishing tackle. Any unit in
which the right to use the property is transferred to an individual or entity by deeded
interest, or the sale of shares or stock, no longer qualifies for class 1c even though it may
remain available for rent. A camping pad offered for rent by a property that otherwise
qualifies for class 1c is also class 1c, regardless of the term of the rental agreement, as
long as the use of the camping pad does not exceed 250 days. If the same owner owns
two separate parcels that are located in the same township, and one of those properties is
classified as a class 1c property and the other would be eligible to be classified as a class 1c
property if it was used as the homestead of the owner, both properties will be assessed as a
single class 1c property; for purposes of this sentence, properties are deemed to be owned
by the same owner if each of them is owned by a limited liability company, and both
limited liability companies have the same membership. The portion of the property used
as a homestead is class 1a property under paragraph (a). The remainder of the property is
classified as follows: the first $600,000 of market value is tier I, the next $1,700,000 of
market value is tier II, and any remaining market value is tier III. The class rates for class
1c are: tier I, 0.50 percent; tier II, 1.0 percent; and tier III, 1.25 percent. Owners of real and
personal property devoted to temporary and seasonal residential occupancy for recreation
purposes in which all or a portion of the property was devoted to commercial purposes for
not more than 250 days in the year preceding the year of assessment desiring classification
as class 1c, must submit a declaration to the assessor designating the cabins or units
occupied for 250 days or less in the year preceding the year of assessment by January 15 of
the assessment year. Those cabins or units and a proportionate share of the land on which
they are located must be designated as class 1c as otherwise provided. The remainder of
the cabins or units and a proportionate share of the land on which they are located must be
designated as class 3a commercial. The owner of property desiring designation as class
1c property must provide guest registers or other records demonstrating that the units for
which class 1c designation is sought were not occupied for more than 250 days in the
year preceding the assessment if so requested. The portion of a property operated as a
(1) restaurant, (2) bar, (3) gift shop, (4) conference center or meeting room, and (5) other
nonresidential facility operated on a commercial basis not directly related to temporary
and seasonal residential occupancy for recreation purposes does not qualify for class 1c.
(d) Class 1d property includes structures that meet all of the following criteria:
(1) the structure is located on property that is classified as agricultural property under
section 273.13, subdivision 23;
(2) the structure is occupied exclusively by seasonal farm workers during the time
when they work on that farm, and the occupants are not charged rent for the privilege of
occupying the property; provided that use of the structure for storage of farm equipment
and produce does not disqualify the property from classification under this paragraph;
(3) the structure meets all applicable health and safety requirements for the
appropriate season; and
(4) the structure is not salable as residential property because it does not comply
with local ordinances relating to location in relation to streets or roads.
The market value of class 1d property has the same class rates as class 1a property
under paragraph (a).

EFFECTIVE DATE. This section is effective beginning with taxes payable in 2015.

Sec. 5. Minnesota Statutes 2013 Supplement, section 273.13, subdivision 23, is
amended to read:

Subd. 23. Class 2. (a) An agricultural homestead consists of class 2a agricultural
land that is homesteaded, along with any class 2b rural vacant land that is contiguous to
the class 2a land under the same ownership. The market value of the house and garage
and immediately surrounding one acre of land has the same class rates as class 1a or 1b
property under subdivision 22. The value of the remaining land including improvements
up to the first tier valuation limit of agricultural homestead property has a net class rate
of 0.5 percent of market value. The remaining property over the first tier has a class rate
of one percent of market value. For purposes of this subdivision, the "first tier valuation
limit of agricultural homestead property" and "first tier" means the limit certified under
section 273.11, subdivision 23.

(b) Class 2a agricultural land consists of parcels of property, or portions thereof, that
are agricultural land and buildings. Class 2a property has a net class rate of one percent of
market value, unless it is part of an agricultural homestead under paragraph (a). Class 2a
property must also include any property that would otherwise be classified as 2b, but is
interspersed with class 2a property, including but not limited to sloughs, wooded wind
shelters, acreage abutting ditches, ravines, rock piles, land subject to a setback requirement,
and other similar land that is impractical for the assessor to value separately from the rest of
the property or that is unlikely to be able to be sold separately from the rest of the property.
An assessor may classify the part of a parcel described in this subdivision that is used
for agricultural purposes as class 2a and the remainder in the class appropriate to its use.
(c) Class 2b rural vacant land consists of parcels of property, or portions thereof,
that are unplatted real estate, rural in character and not used for agricultural purposes,
including land used for growing trees for timber, lumber, and wood and wood products,
that is not improved with a structure. The presence of a minor, ancillary nonresidential
structure as defined by the commissioner of revenue does not disqualify the property from
classification under this paragraph. Any parcel of 20 acres or more improved with a
structure that is not a minor, ancillary nonresidential structure must be split-classified, and
ten acres must be assigned to the split parcel containing the structure. Class 2b property
has a net class rate of one percent of market value unless it is part of an agricultural
homestead under paragraph (a), or qualifies as class 2c under paragraph (d).
(d) Class 2c managed forest land consists of no less than 20 and no more than 1,920
acres statewide per taxpayer that is being managed under a forest management plan that
meets the requirements of chapter 290C, but is not enrolled in the sustainable forest
resource management incentive program. It has a class rate of .65 percent, provided that
the owner of the property must apply to the assessor in order for the property to initially
qualify for the reduced rate and provide the information required by the assessor to verify
that the property qualifies for the reduced rate. If the assessor receives the application
and information before May 1 in an assessment year, the property qualifies beginning
with that assessment year. If the assessor receives the application and information after
April 30 in an assessment year, the property may not qualify until the next assessment
year. The commissioner of natural resources must concur that the land is qualified. The
commissioner of natural resources shall annually provide county assessors verification
information on a timely basis. The presence of a minor, ancillary nonresidential structure
as defined by the commissioner of revenue does not disqualify the property from
classification under this paragraph.
(e) Agricultural land as used in this section means:
(1) contiguous acreage of ten acres or more, used during the preceding year for
agricultural purposes; or
(2) contiguous acreage used during the preceding year for an intensive livestock or
poultry confinement operation, provided that land used only for pasturing or grazing
does not qualify under this clause.
"Agricultural purposes" as used in this section means the raising, cultivation, drying, or storage of agricultural products for sale, or the storage of machinery or equipment used in support of agricultural production by the same farm entity. For a property to be classified as agricultural based only on the drying or storage of agricultural products, the products being dried or stored must have been produced by the same farm entity as the entity operating the drying or storage facility. "Agricultural purposes" also includes enrollment in the Reinvest in Minnesota program under sections 103F.501 to 103F.535 or the federal Conservation Reserve Program as contained in Public Law 99-198 or a similar state or federal conservation program if the property was classified as agricultural (i) under this subdivision for taxes payable in 2003 because of its enrollment in a qualifying program and the land remains enrolled or (ii) in the year prior to its enrollment. Agricultural classification shall not be based upon the market value of any residential structures on the parcel or contiguous parcels under the same ownership.

"Contiguous acreage," for purposes of this paragraph, means all of, or a contiguous portion of, a tax parcel as described in section 272.193, or all of, or a contiguous portion of, a set of contiguous tax parcels under that section that are owned by the same person. (f) Agricultural land under this section also includes:

(1) contiguous acreage that is less than ten acres in size and exclusively used in the preceding year for raising or cultivating agricultural products; or

(2) contiguous acreage that contains a residence and is less than 11 acres in size, if the contiguous acreage exclusive of the house, garage, and surrounding one acre of land was used in the preceding year for one or more of the following three uses:

(i) for an intensive grain drying or storage operation, or for intensive machinery or equipment storage activities used to support agricultural activities on other parcels of property operated by the same farming entity;

(ii) as a nursery, provided that only those acres used intensively to produce nursery stock are considered agricultural land; or

(iii) for intensive market farming; for purposes of this paragraph, "market farming" means the cultivation of one or more fruits or vegetables or production of animal or other agricultural products for sale to local markets by the farmer or an organization with which the farmer is affiliated.

"Contiguous acreage," for purposes of this paragraph, means all of a tax parcel as described in section 272.193, or all of a set of contiguous tax parcels under that section that are owned by the same person.

(g) Land shall be classified as agricultural even if all or a portion of the agricultural use of that property is the leasing to, or use by another person for agricultural purposes.
Classification under this subdivision is not determinative for qualifying under section 273.111.

(h) The property classification under this section supersedes, for property tax purposes only, any locally administered agricultural policies or land use restrictions that define minimum or maximum farm acreage.

(i) The term "agricultural products" as used in this subdivision includes production for sale of:

1. livestock, dairy animals, dairy products, poultry and poultry products, fur-bearing animals, horticultural and nursery stock, fruit of all kinds, vegetables, forage, grains, bees, and apiary products by the owner;
2. fish bred for sale and consumption if the fish breeding occurs on land zoned for agricultural use;
3. the commercial boarding of horses, which may include related horse training and riding instruction, if the boarding is done on property that is also used for raising pasture to graze horses or raising or cultivating other agricultural products as defined in clause (1);
4. property which is owned and operated by nonprofit organizations used for equestrian activities, excluding racing;
5. game birds and waterfowl bred and raised (i) on a game farm licensed under section 97A.105, provided that the annual licensing report to the Department of Natural Resources, which must be submitted annually by March 30 to the assessor, indicates that at least 500 birds were raised or used for breeding stock on the property during the preceding year and that the owner provides a copy of the owner's most recent schedule F; or (ii) for use on a shooting preserve licensed under section 97A.115;
6. insects primarily bred to be used as food for animals;
7. trees, grown for sale as a crop, including short rotation woody crops, and not sold for timber, lumber, wood, or wood products; and
8. maple syrup taken from trees grown by a person licensed by the Minnesota Department of Agriculture under chapter 28A as a food processor.

(j) If a parcel used for agricultural purposes is also used for commercial or industrial purposes, including but not limited to:

1. wholesale and retail sales;
2. processing of raw agricultural products or other goods;
3. warehousing or storage of processed goods; and
4. office facilities for the support of the activities enumerated in clauses (1), (2), and (3),
the assessor shall classify the part of the parcel used for agricultural purposes as class
1b, 2a, or 2b, whichever is appropriate, and the remainder in the class appropriate to its
use. The grading, sorting, and packaging of raw agricultural products for first sale is
considered an agricultural purpose. A greenhouse or other building where horticultural
or nursery products are grown that is also used for the conduct of retail sales must be
classified as agricultural if it is primarily used for the growing of horticultural or nursery
products from seed, cuttings, or roots and occasionally as a showroom for the retail sale of
those products. Use of a greenhouse or building only for the display of already grown
horticultural or nursery products does not qualify as an agricultural purpose.

(k) The assessor shall determine and list separately on the records the market value
of the homestead dwelling and the one acre of land on which that dwelling is located. If
any farm buildings or structures are located on this homesteaded acre of land, their market
value shall not be included in this separate determination.

(i) Class 2d airport landing area consists of a landing area or public access area of
a privately owned public use airport. It has a class rate of one percent of market value.
To qualify for classification under this paragraph, a privately owned public use airport
must be licensed as a public airport under section 360.018. For purposes of this paragraph,
"landing area" means that part of a privately owned public use airport properly cleared,
regularly maintained, and made available to the public for use by aircraft and includes
runways, taxiways, aprons, and sites upon which are situated landing or navigational aids.
A landing area also includes land underlying both the primary surface and the approach
surfaces that comply with all of the following:

(i) the land is properly cleared and regularly maintained for the primary purposes of
the landing, taking off, and taxing of aircraft; but that portion of the land that contains
facilities for servicing, repair, or maintenance of aircraft is not included as a landing area;
(ii) the land is part of the airport property; and
(iii) the land is not used for commercial or residential purposes.

The land contained in a landing area under this paragraph must be described and certified
by the commissioner of transportation. The certification is effective until it is modified,
or until the airport or landing area no longer meets the requirements of this paragraph.
For purposes of this paragraph, "public access area" means property used as an aircraft
parking ramp, apron, or storage hangar, or an arrival and departure building in connection
with the airport.

(m) Class 2e consists of land with a commercial aggregate deposit that is not actively
being mined and is not otherwise classified as class 2a or 2b, provided that the land is not
located in a county that has elected to opt-out of the aggregate preservation program as
provided in section 273.1115, subdivision 6. It has a class rate of one percent of market
value. To qualify for classification under this paragraph, the property must be at least
ten contiguous acres in size and the owner of the property must record with the county
recorder of the county in which the property is located an affidavit containing:

(1) a legal description of the property;
(2) a disclosure that the property contains a commercial aggregate deposit that is not
actively being mined but is present on the entire parcel enrolled;
(3) documentation that the conditional use under the county or local zoning
ordinance of this property is for mining; and
(4) documentation that a permit has been issued by the local unit of government
or the mining activity is allowed under local ordinance. The disclosure must include a
statement from a registered professional geologist, engineer, or soil scientist delineating
the deposit and certifying that it is a commercial aggregate deposit.

For purposes of this section and section 273.1115, "commercial aggregate deposit"
means a deposit that will yield crushed stone or sand and gravel that is suitable for use
as a construction aggregate; and "actively mined" means the removal of top soil and
overburden in preparation for excavation or excavation of a commercial deposit.

(o) When any portion of the property under this subdivision or subdivision 22 begins
to be actively mined, the owner must file a supplemental affidavit within 60 days from
the day any aggregate is removed stating the number of acres of the property that is
actively being mined. The acres actively being mined must be (1) valued and classified
under subdivision 24 in the next subsequent assessment year, and (2) removed from the
aggregate resource preservation property tax program under section 273.1115, if the
land was enrolled in that program. Copies of the original affidavit and all supplemental
affidavits must be filed with the county assessor, the local zoning administrator, and the
Department of Natural Resources, Division of Land and Minerals. A supplemental
affidavit must be filed each time a subsequent portion of the property is actively mined,
provided that the minimum acreage change is five acres, even if the actual mining activity
constitutes less than five acres.

(n) (l) The definitions prescribed by the commissioner under paragraphs (c) and
(d) are not rules and are exempt from the rulemaking provisions of chapter 14, and the
provisions in section 14.386 concerning exempt rules do not apply.

EFFECTIVE DATE. This section is effective beginning with taxes payable in 2015.

Sec. 6. Minnesota Statutes 2013 Supplement, section 273.13, subdivision 25, is
amended to read:
Subd. 25. Class 4. (a) Class 4a is residential real estate containing four or more units and used or held for use by the owner or by the tenants or lessees of the owner as a residence for rental periods of 30 days or more, excluding property qualifying for class 4d. Class 4a also includes hospitals licensed under sections 144.50 to 144.56, other than hospitals exempt under section 272.02, and contiguous property used for hospital purposes, without regard to whether the property has been platted or subdivided. The market value of class 4a property has a class rate of 1.25 percent.

(b) Class 4b includes:

(1) residential real estate containing less than four units, including property on a nonhomestead farm, that does not qualify as class 4bb, other than seasonal residential recreational property;

(2) manufactured homes not classified under any other provision; and

(3) a dwelling, garage, and surrounding one acre of property on a nonhomestead farm classified under subdivision 23, paragraph (b) containing two or three units; and

(4) unimproved property that is classified residential as determined under subdivision 33.

The market value of class 4b property has a class rate of 1.25 percent.

(c) Class 4bb includes nonhomestead residential real estate containing one unit, other than seasonal residential recreational property, and a single family dwelling, garage, and surrounding one acre of property on a nonhomestead farm classified under subdivision 23, paragraph (b).

Class 4bb property has the same class rates as class 1a property under subdivision 22. Property that has been classified as seasonal residential recreational property at any time during which it has been owned by the current owner or spouse of the current owner does not qualify for class 4bb.

(d) Class 4c property includes:

(1) except as provided in subdivision 22, paragraph (c), real and personal property devoted to commercial temporary and seasonal residential occupancy for recreation purposes, for not more than 250 days in the year preceding the year of assessment. For purposes of this clause, property is devoted to a commercial purpose on a specific day if any portion of the property is used for residential occupancy, and a fee is charged for residential occupancy. Class 4c property under this clause must contain three or more rental units. A "rental unit" is defined as a cabin, condominium, townhouse, sleeping room, or individual camping site equipped with water and electrical hookups for recreational vehicles. A camping pad offered for rent by a property that otherwise qualifies for class 4c under this clause is also class 4c under this clause regardless of the term of the rental
agreement, as long as the use of the camping pad does not exceed 250 days. In order for a
property to be classified under this clause, either (i) the business located on the property
must provide recreational activities, at least 40 percent of the annual gross lodging receipts
related to the property must be from business conducted during 90 consecutive days, and
either (A) (i) at least 60 percent of all paid bookings by lodging guests during the year
must be for periods of at least two consecutive nights; or (B) (ii) at least 20 percent of the
annual gross receipts must be from charges for providing recreational activities, or (ii) the
business must contain 20 or fewer rental units, and must be located in a township or a city
with a population of 2,500 or less located outside the metropolitan area, as defined under
section 473.121, subdivision 2, that contains a portion of a state trail administered by the
Department of Natural Resources. For purposes of item (i)(A), a paid booking of five or
more nights shall be counted as two bookings. Class 4c property also includes commercial
use real property used exclusively for recreational purposes in conjunction with other class
4c property classified under this clause and devoted to temporary and seasonal residential
occupancy for recreational purposes, up to a total of two acres, provided the property is
not devoted to commercial recreational use for more than 250 days in the year preceding
the year of assessment and is located within two miles of the class 4c property with which
it is used. In order for a property to qualify for classification under this clause, the owner
must submit a declaration to the assessor designating the cabins or units occupied for 250
days or less in the year preceding the year of assessment by January 15 of the assessment
year. Those cabins or units and a proportionate share of the land on which they are located
must be designated class 4c under this clause as otherwise provided. The remainder of the
cabins or units and a proportionate share of the land on which they are located will be
designated as class 3a. The owner of property desiring designation as class 4c property
under this clause must provide guest registers or other records demonstrating that the units
for which class 4c designation is sought were not occupied for more than 250 days in the
year preceding the assessment if so requested. The portion of a property operated as a
(1) restaurant, (2) bar, (3) gift shop, (4) conference center or meeting room, and (5) other
nonresidential facility operated on a commercial basis not directly related to temporary and
seasonal residential occupancy for recreation purposes does not qualify for class 4c. For
the purposes of this paragraph, "recreational activities" means renting ice fishing houses,
boats and motors, snowmobiles, downhill or cross-country ski equipment; providing
marina services, launch services, or guide services; or selling bait and fishing tackle;
(2) qualified property used as a golf course if:
(i) it is open to the public on a daily fee basis. It may charge membership fees or
dues, but a membership fee may not be required in order to use the property for golfing,
and its green fees for golfing must be comparable to green fees typically charged by
municipal courses; and

(ii) it meets the requirements of section 273.112, subdivision 3, paragraph (d).
A structure used as a clubhouse, restaurant, or place of refreshment in conjunction
with the golf course is classified as class 3a property;

(3) real property up to a maximum of three acres of land owned and used by a
nonprofit community service oriented organization and not used for residential purposes
on either a temporary or permanent basis, provided that:

(i) the property is not used for a revenue-producing activity for more than six days
in the calendar year preceding the year of assessment; or

(ii) the organization makes annual charitable contributions and donations at least
equal to the property's previous year's property taxes and the property is allowed to be
used for public and community meetings or events for no charge, as appropriate to the
size of the facility.

For purposes of this clause:

(A) "charitable contributions and donations" has the same meaning as lawful
gambling purposes under section 349.12, subdivision 25, excluding those purposes
relating to the payment of taxes, assessments, fees, auditing costs, and utility payments;

(B) "property taxes" excludes the state general tax;

(C) a "nonprofit community service oriented organization" means any corporation,
society, association, foundation, or institution organized and operated exclusively for
charitable, religious, fraternal, civic, or educational purposes, and which is exempt from
federal income taxation pursuant to section 501(c)(3), (8), (10), or (19) of the Internal
Revenue Code; and

(D) "revenue-producing activities" shall include but not be limited to property or that
portion of the property that is used as an on-sale intoxicating liquor or 3.2 percent malt
liquor establishment licensed under chapter 340A, a restaurant open to the public, bowling
alley, a retail store, gambling conducted by organizations licensed under chapter 349, an
insurance business, or office or other space leased or rented to a lessee who conducts a
for-profit enterprise on the premises.

Any portion of the property not qualifying under either item (i) or (ii) is class 3a.
The use of the property for social events open exclusively to members and their guests
for periods of less than 24 hours, when an admission is not charged nor any revenues are
received by the organization shall not be considered a revenue-producing activity.

The organization shall maintain records of its charitable contributions and donations
and of public meetings and events held on the property and make them available upon
request any time to the assessor to ensure eligibility. An organization meeting the
requirement under item (ii) must file an application by May 1 with the assessor for
eligibility for the current year's assessment. The commissioner shall prescribe a uniform
application form and instructions;

(4) postsecondary student housing of not more than one acre of land that is owned by
a nonprofit corporation organized under chapter 317A and is used exclusively by a student
cooperative, sorority, or fraternity for on-campus housing or housing located within two
miles of the border of a college campus;

(5)(i) manufactured home parks as defined in section 327.14, subdivision 3,
excluding manufactured home parks described in section 273.124, subdivision 3a, and (ii)
manufactured home parks as defined in section 327.14, subdivision 3, that are described in
section 273.124, subdivision 3a;

(6) real property that is actively and exclusively devoted to indoor fitness, health,
social, recreational, and related uses, is owned and operated by a not-for-profit corporation,
and is located within the metropolitan area as defined in section 473.121, subdivision 2; and

(7) a leased or privately owned noncommercial aircraft storage hangar not exempt
under section 272.01, subdivision 2, and the land on which it is located, provided that:

(i) the land is on an airport owned or operated by a city, town, county, Metropolitan
Airports Commission, or group thereof; and

(ii) the land lease, or any ordinance or signed agreement restricting the use of the
leased premise, prohibits commercial activity performed at the hangar.

If a hangar classified under this clause is sold after June 30, 2000, a bill of sale must
be filed by the new owner with the assessor of the county where the property is located
within 60 days of the sale;

(8) a privately owned noncommercial aircraft storage hangar not exempt under
section 272.01, subdivision 2, and the land on which it is located, provided that:

(i) the land abuts a public airport; and

(ii) the owner of the aircraft storage hangar provides the assessor with a signed
agreement restricting the use of the premises, prohibiting commercial use or activity
performed at the hangar; and

(9) residential real estate, a portion of which is used by the owner for homestead
purposes, and that is also a place of lodging, if all of the following criteria are met:

(i) rooms are provided for rent to transient guests that generally stay for periods
of 14 or fewer days;

(ii) meals are provided to persons who rent rooms; the cost of which is incorporated
in the basic room rate;
(iii) meals are not provided to the general public except for special events on fewer than seven days in the calendar year preceding the year of the assessment; and

(iv) the owner is the operator of the property.

The market value subject to the 4c classification under this clause is limited to five rental units. Any rental units on the property in excess of five, must be valued and assessed as class 3a. The portion of the property used for purposes of a homestead by the owner must be classified as class 1a property under subdivision 22.

(10) real property up to a maximum of three acres and operated as a restaurant as defined under section 157.15, subdivision 12, provided it: (A) is located on a lake as defined under section 103G.005, subdivision 15, paragraph (a), clause (3); and (B) is either devoted to commercial purposes for not more than 250 consecutive days, or receives at least 60 percent of its annual gross receipts from business conducted during four consecutive months. Gross receipts from the sale of alcoholic beverages must be included in determining the property’s qualification under subitem (B). The property’s primary business must be as a restaurant and not as a bar. Gross receipts from gift shop sales located on the premises must be excluded. Owners of real property desiring 4c classification under this clause must submit an annual declaration to the assessor by February 1 of the current assessment year, based on the property’s relevant information for the preceding assessment year;

(11) lakeshore and riparian property and adjacent land, not to exceed six acres, used as a marina, as defined in section 86A.20, subdivision 5, which is made accessible to the public and devoted to recreational use for marine services. The marina owner must annually provide evidence to the assessor that it provides services, including lake or river access to the public by means of an access ramp or other facility that is either located on the property of the marina or at a publicly owned site that abuts the property of the marina. No more than 800 feet of lakeshore may be included in this classification. Buildings used in conjunction with a marina for marine services, including but not limited to buildings used to provide food and beverage services, fuel, boat repairs, or the sale of bait or fishing tackle, are classified as class 3a property; and

(12) (7) real and personal property devoted to noncommercial temporary and seasonal residential occupancy for recreation purposes.

Class 4c property has a class rate of 1.5 percent of market value, except that (i) each parcel of noncommercial seasonal residential recreational property under clause (12) (7) has the same class rates as class 4bb property, (ii) manufactured home parks assessed under clause (5), item (i), have the same class rate as class 4b property, and the market value of manufactured home parks assessed under clause (5), item (ii), has the same class
rate as class 4d property a classification rate of 0.75 percent if more than 50 percent
of the lots in the park are occupied by shareholders in the cooperative corporation or
association and a class rate of one percent if 50 percent or less of the lots are so occupied,
(iii) commercial-use seasonal residential recreational property and marine recreational
land as described in clause (11); has a class rate of one percent for the first $500,000 of
market value, and 1.25 percent for the remaining market value, (iv) the market value of
property described in clause (4) has a class rate of one percent, and (v) the market value
of property described in clauses (2), and (6), and (10) has a class rate of 1.25 percent;
and (vi) that portion of the market value of property in clause (9) qualifying for class 4e
property has a class rate of 1.25 percent.

(e) Class 4d property is qualifying low-income rental housing certified to the assessor
by the Housing Finance Agency under section 273.128, subdivision 3. If only a portion
of the units in the building qualify as low-income rental housing units as certified under
section 273.128, subdivision 3, only the proportion of qualifying units to the total number
of units in the building qualify for class 4d. The remaining portion of the building shall be
classified by the assessor based upon its use. Class 4d also includes the same proportion of
land as the qualifying low-income rental housing units are to the total units in the building.
For all properties qualifying as class 4d, the market value determined by the assessor must
be based on the normal approach to value using normal unrestricted rents.

(f) The first tier of market value of class 4d property has a class rate of 0.75 percent.
The remaining value of class 4d property has a class rate of 0.25 percent. For the purposes
of this paragraph, the "first tier of market value of class 4d property" means the market
value of each housing unit up to the first tier limit. For the purposes of this paragraph, all
class 4d property value must be assigned to individual housing units. The first tier limit is
$100,000 for assessment year 2014. For subsequent years, the limit is adjusted each year
by the average statewide change in estimated market value of property classified as class 4a
and 4d under this section for the previous assessment year, excluding valuation change due
to new construction, rounded to the nearest $1,000, provided, however, that the limit may
never be less than $100,000. Beginning with assessment year 2015, the commissioner of
revenue must certify the limit for each assessment year by November 1 of the previous year.

EFFECTIVE DATE. This section is effective beginning with taxes payable in 2015.

Sec. 7. Minnesota Statutes 2012, section 273.13, subdivision 34, is amended to read:

Subd. 34. Homestead of disabled veteran or family caregiver. (a) All or a
portion of the market value of property owned by a veteran and serving as the veteran's
homestead under this section is excluded in determining the property's taxable market
value if the veteran has a service-connected disability of 70 percent or more as certified by the United States Department of Veterans Affairs. To qualify for exclusion under this subdivision, the veteran must have been honorably discharged from the United States armed forces, as indicated by United States Government Form DD214 or other official military discharge papers.

(b)(1) For a disability rating of 70 percent or more, $150,000 of market value is excluded, except as provided in clause (2); and

(2) for a total (100 percent) and permanent disability, $300,000 of market value is excluded.

(c) If a disabled veteran qualifying for a valuation exclusion under paragraph (b), clause (2), predeceases the veteran's spouse, and if upon the death of the veteran the spouse holds the legal or beneficial title to the homestead and permanently resides there, the exclusion shall carry over to the benefit of the veteran's spouse for the current taxes payable year and for five eight additional taxes payable years or until such time as the spouse remarries, or sells, transfers, or otherwise disposes of the property, whichever comes first. Qualification under this paragraph requires an annual application under paragraph (h).

(d) If the spouse of a member of any branch or unit of the United States armed forces who dies due to a service-connected cause while serving honorably in active service, as indicated on United States Government Form DD1300 or DD2064, holds the legal or beneficial title to a homestead and permanently resides there, the spouse is entitled to the benefit described in paragraph (b), clause (2), for five eight taxes payable years, or until such time as the spouse remarries or sells, transfers, or otherwise disposes of the property, whichever comes first.

(e) If a veteran meets the disability criteria of paragraph (a) but does not own property classified as homestead in the state of Minnesota, then the homestead of the veteran's primary family caregiver, if any, is eligible for the exclusion that the veteran would otherwise qualify for under paragraph (b).

(f) In the case of an agricultural homestead, only the portion of the property consisting of the house and garage and immediately surrounding one acre of land qualifies for the valuation exclusion under this subdivision.

(g) A property qualifying for a valuation exclusion under this subdivision is not eligible for the market value exclusion under subdivision 35, or classification under subdivision 22, paragraph (b).

(h) To qualify for a valuation exclusion under this subdivision a property owner must apply to the assessor by July 1 of each assessment year, except that an annual reappllication is not required once a property has been accepted for a valuation exclusion.
under paragraph (a) and qualifies for the benefit described in paragraph (b), clause (2), and
the property continues to qualify until there is a change in ownership. For an application
received after July 1 of any calendar year, the exclusion shall become effective for the
following assessment year.

(i) A first-time application by a qualifying spouse for the market value exclusion under
paragraph (d) must be made any time within two years of the death of the service member.

(j) For purposes of this subdivision:

(1) "active service" has the meaning given in section 190.05;

(2) "own" means that the person's name is present as an owner on the property deed;

(3) "primary family caregiver" means a person who is approved by the secretary of
the United States Department of Veterans Affairs for assistance as the primary provider
of personal care services for an eligible veteran under the Program of Comprehensive
Assistance for Family Caregivers, codified as United States Code, title 38, section 1720G;

(4) "veteran" has the meaning given the term in section 197.447.

(k) The purpose of this provision of law providing a level of homestead property tax
relief for gravely disabled veterans, their primary family caregivers, and their surviving
spouses is to help ease the burdens of war for those among our state's citizens who bear
those burdens most heavily.

**EFFECTIVE DATE.** This section is effective for taxes payable in 2015 and
thereafter.

Sec. 8. Minnesota Statutes 2012, section 275.025, subdivision 2, is amended to read:

Subd. 2. **Commercial-industrial tax capacity.** For the purposes of this section,
"commercial-industrial tax capacity" means the tax capacity of all taxable property
classified as class 3 or class 5(1) under section 273.13, except for excluding: (1) the
first tier of commercial-industrial value as defined under section 273.13, subdivision 24;
(2) electric generation attached machinery under class 3; and (3) property described in
section 473.625. County commercial-industrial tax capacity amounts are not adjusted

net tax capacity and the current net tax capacity is the captured net tax capacity. This
amount less any portion thereof which the authority has designated, in its tax increment
financing plan, to share with the local taxing districts is the retained captured net tax
capacity of the authority.

(2) The county auditor shall exclude the retained captured net tax capacity of the
authority from the net tax capacity of the local taxing districts in determining local taxing
district tax rates. The local tax rates so determined are to be extended against the retained
captured net tax capacity of the authority as well as the net tax capacity of the local taxing
districts. The tax generated by the extension of the lesser of (A) the local taxing district
tax rates or (B) the original local tax rate to the retained captured net tax capacity of the
authority is the tax increment of the authority.

(b) The following method of computation applies to any economic development
district for which the request for certification was made after June 30, 1997, and to any
other district for which the governing body, by resolution approving the tax increment

exclude any fiscal disparity commercial-industrial net tax capacity increase between
the original year and the current year multiplied by the fiscal disparity ratio determined
pursuant to section 276A.06, subdivision 7, or 473F.08, subdivision 6. Where the original
net tax capacity is equal to or greater than the current net tax capacity, there is no captured
net tax capacity and no tax increment determination. Where the original net tax capacity is
less than the current net tax capacity, the difference between the original net tax capacity
and the current net tax capacity is the captured net tax capacity. This amount less any
portion thereof which the authority has designated, in its tax increment financing plan, to
share with the local taxing districts is the retained captured net tax capacity of the authority.

(2) The county auditor shall exclude the retained captured net tax capacity of the
authority from the net tax capacity of the local taxing districts in determining local taxing
district tax rates. The local tax rates so determined are to be extended against the retained
captured net tax capacity of the authority as well as the net tax capacity of the local taxing
districts. The tax generated by the extension of the lesser of (A) the local taxing district
tax rates or (B) the original local tax rate to the retained captured net tax capacity of the
authority is the tax increment of the authority.

(3) An election by the governing body pursuant to paragraph (b) shall be submitted
to the county auditor by the authority at the time of the request for certification pursuant to
subdivision 1.
(c) The method of computation of tax increment applied to a district pursuant to paragraph (a) or (b) shall remain the same for the duration of the district, except that the governing body may elect to change its election from the method of computation in paragraph (a) to the method in paragraph (b).

**EFFECTIVE DATE.** This section is effective for districts for which the request for certification is made after June 30, 2014.

The imposition of this tax shall not be subject to voter referendum under either state law or city charter provisions. When the city council determines that the taxes imposed under this subdivision paragraph at a rate of three-quarters of one percent and other sources of revenue produce revenue sufficient to pay debt service on bonds in the principal amount of $40,285,000 plus issuance and discount costs, issued for capital improvements at the Duluth Entertainment and Convention Center, which include a new arena, the rate of tax under this subdivision must be reduced by three-quarters of one percent.

school district in accordance with the procedures in subdivisions 2 and 3. Based upon the
results of this assessment/sales ratio study, the Department of Revenue must determine
an equalized net tax capacity for the various classes of taxable property in each taxing
district, the aggregate of which is designated as the adjusted net tax capacity. The adjusted
net tax capacity must be reduced by the captured tax capacity of tax increment districts
under section 469.177, subdivision 2, fiscal disparities contribution tax capacities under
sections 276A.06 and 473F.08, and the tax capacity of transmission lines required to be
subtracted from the local tax base under section 273.425; and increased by fiscal disparities
distribution tax capacities under sections 276A.06 and 473F.08. The adjusted net tax
capacities shall be determined using the net tax capacity percentages in effect for the
assessment year following the assessment year of the study. The Department of Revenue
must make whatever estimates are necessary to account for changes in the classification
system. The Department of Revenue may incur the expense necessary to make the
determinations. The commissioner of revenue may reimburse any county or governmental
official for requested services performed in ascertaining the adjusted net tax capacity. On
or before March 15 annually, the Department of Revenue shall file with the chair of the
Tax Committee of the house of representatives and the chair of the Committee on Taxes
and Tax laws of the senate a report of adjusted net tax capacities for school districts.
On or before June 30 annually, the Department of Revenue shall file its final report
on the adjusted net tax capacities for school districts established by the previous year's
assessments and the current year's net tax capacity percentages with the commissioner of
education and each county auditor for those school districts for which the auditor has the
responsibility for determination of local tax rates. A copy of the report so filed shall be
mailed to the clerk of each school district involved and to the county assessor or supervisor
of assessments of the county or counties in which each school district is located.

pipeline companies and others engaged in the operations or business of transporting natural
gas, gasoline, crude oil, or other petroleum products by pipelines, shall be listed with and
assessed by the commissioner of revenue and the values provided to the city or county
assessor by order. This subdivision shall not apply to the assessment of the products
transported through the pipelines nor to the lines of local commercial gas companies
engaged primarily in the business of distributing gas to consumers at retail nor to pipelines
used by the owner thereof to supply natural gas or other petroleum products exclusively for such owner's own consumption and not for resale to others. If more than 85 percent of the natural gas or other petroleum products actually transported over the pipeline is used for the owner's own consumption and not for resale to others, then this subdivision shall not apply; provided, however, that in that event, the pipeline shall be assessed in proportion to the percentage of gas actually transported over such pipeline that is not used for the owner's own consumption. On or before August 1, the commissioner shall certify to the auditor of each county, the amount of such personal property assessment against each company in each district in which such property is located. If the commissioner determines that the amount of personal property assessment certified on or before August 1 is in error, the commissioner may issue a corrected certification on or before October 1. **EFFECTIVE DATE.** This section is effective the day following final enactment.

Subd. 2. **Listing and assessment by commissioner.** Transmission lines of less than 69 kv, transmission lines of 69 kv and above located in an unorganized township, and distribution lines, and equipment attached thereto, having a fixed situs outside the corporate limits of cities except distribution lines taxed as provided in sections 273.40 and 273.41, shall be listed with and assessed by the commissioner of revenue in the county where situated and the values provided to the city or county assessor by order. The commissioner shall assess such property at the percentage of market value fixed by law; and, on or before August 1, shall certify to the auditor of each county in which such property is located the amount of the assessment made against each company and person owning such property. If the commissioner determines that the amount of the assessment certified on or before August 1 is in error, the commissioner may issue a corrected certification on or before October 1. The commissioner may correct errors that are merely clerical in nature until December 31.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 7. Minnesota Statutes 2012, section 273.3711, is amended to read:

**273.3711 RECOMMENDED AND ORDERED VALUES.**

For purposes of sections 273.33, 273.35, 273.36, 273.37, 273.371, and 273.372, all values not required to be listed and assessed by the commissioner of revenue are recommended values. If the commissioner provides recommended values, the values must
be certified to the auditor of each county in which the property is located on or before August 1. If the commissioner determines that the certified recommended value is in error the commissioner may issue a corrected certification on or before October 1. The commissioner may correct errors that are merely clerical in nature until December 31.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 8. Minnesota Statutes 2012, section 274.01, subdivision 1, is amended to read:

Subdivision 1. **Ordinary board; meetings, deadlines, grievances.** (a) The town board of a town, or the council or other governing body of a city, is the board of appeal and equalization except (1) in cities whose charters provide for a board of equalization or (2) in any city or town that has transferred its local board of review power and duties to the county board as provided in subdivision 3. The county assessor shall fix a day and time when the board or the board of equalization shall meet in the assessment districts of the county. Notwithstanding any law or city charter to the contrary, a city board of equalization shall be referred to as a board of appeal and equalization. On or before February 15 of each year the assessor shall give written notice of the time to the city or town clerk. Notwithstanding the provisions of any charter to the contrary, the meetings must be held between April 1 and May 31 each year. The clerk shall give published and posted notice of the meeting at least ten days before the date of the meeting.

The board shall meet either at a central location within the county or at the office of the clerk to review the assessment and classification of property in the town or city. No changes in valuation or classification which are intended to correct errors in judgment by the county assessor may be made by the county assessor after the board has adjourned in those cities or towns that hold a local board of review; however, corrections of errors that are merely clerical in nature or changes that extend homestead treatment to property are permitted after adjournment until the tax extension date for that assessment year. The changes must be fully documented and maintained in the assessor's office and must be available for review by any person. A copy of the changes made during this period in those cities or towns that hold a local board of review must be sent to the county board no later than December 31 of the assessment year.

(b) The board shall determine whether the taxable property in the town or city has been properly placed on the list and properly valued by the assessor. If real or personal property has been omitted, the board shall place it on the list with its market value, and correct the assessment so that each tract or lot of real property, and each article, parcel, or class of personal property, is entered on the assessment list at its market value. No assessment of the property of any person may be raised unless the person has been
duly notified of the intent of the board to do so. On application of any person feeling aggrieved, the board shall review the assessment or classification, or both, and correct it as appears just. The board may not make an individual market value adjustment or classification change that would benefit the property if the owner or other person having control over the property has refused the assessor access to inspect the property and the interior of any buildings or structures as provided in section 273.20. A board member shall not participate in any actions of the board which result in market value adjustments or classification changes to property owned by the board member, the spouse, parent, stepparent, child, stepchild, grandparent, grandchild, brother, sister, uncle, aunt, nephew, or niece of a board member, or property in which a board member has a financial interest. The relationship may be by blood or marriage.

(c) A local board may reduce assessments upon petition of the taxpayer but the total reductions must not reduce the aggregate assessment made by the county assessor by more than one percent. If the total reductions would lower the aggregate assessments made by the county assessor by more than one percent, none of the adjustments may be made. The assessor shall correct any clerical errors or double assessments discovered by the board without regard to the one percent limitation.

(d) A local board does not have authority to grant an exemption or to order property removed from the tax rolls.

(e) A majority of the members may act at the meeting, and adjourn from day to day until they finish hearing the cases presented. The assessor shall attend, with the assessment books and papers, and take part in the proceedings, but must not vote. The county assessor, or an assistant delegated by the county assessor shall attend the meetings. The board shall list separately, on a form appended to the assessment book, all omitted property added to the list by the board and all items of property increased or decreased, with the market value of each item of property, added or changed by the board, placed opposite the item. The county assessor shall enter all changes made by the board in the assessment book.

(f) Except as provided in subdivision 3, if a person fails to appear in person, by counsel, or by written communication before the board after being duly notified of the board's intent to raise the assessment of the property, or if a person feeling aggrieved by an assessment or classification fails to apply for a review of the assessment or classification, the person may not appear before the county board of appeal and equalization for a review of the assessment or classification. This paragraph does not apply if an assessment was made after the local board meeting, as provided in section 273.01, or if the person can establish not having received notice of market value at least five days before the local board meeting.
(g) The local board must complete its work and adjourn within 20 days from the
time of convening stated in the notice of the clerk, unless a longer period is approved by
the commissioner of revenue. No action taken after that date is valid. All complaints
about an assessment or classification made after the meeting of the board must be heard
and determined by the county board of equalization. A nonresident may, at any time,
before the meeting of the board file written objections to an assessment or classification
with the county assessor. The objections must be presented to the board at its meeting by
the county assessor for its consideration.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 9. Minnesota Statutes 2012, section 274.014, subdivision 3, is amended to read:

Subd. 3. Proof of compliance; transfer of duties. (a) Any city or town that
conducts local boards of appeal and equalization meetings must provide proof to the
county assessor by December 1, 2006 February 15, 2015, and each year thereafter, that it
is in compliance with the requirements of subdivision 2. Beginning in 2006 2015, this
notice must also verify that there was a quorum of voting members at each meeting of the
board of appeal and equalization in the current year. A city or town that does not comply
with these requirements is deemed to have transferred its board of appeal and equalization
powers to the county beginning with the following year's assessment and continuing
unless the powers are reinstated under paragraph (c).

(b) The county shall notify the taxpayers when the board of appeal and equalization
for a city or town has been transferred to the county under this subdivision and, prior to
the meeting time of the county board of equalization, the county shall make available to
those taxpayers a procedure for a review of the assessments, including, but not limited to,
open book meetings. This alternate review process shall take place in April and May.

(c) A local board whose powers are transferred to the county under this subdivision
may be reinstated by resolution of the governing body of the city or town and upon proof
of compliance with the requirements of subdivision 2. The resolution and proofs must be
provided to the county assessor by December 1 February 15 in order to be effective for
the following year's assessment.

(d) A local board whose powers are transferred to the county under this subdivision
may continue to employ a local assessor and is not deemed to have transferred its powers
to make assessments.

EFFECTIVE DATE. This section is effective beginning with local boards of appeal
and equalization meetings held after December 31, 2014.
Sec. 10. Minnesota Statutes 2013 Supplement, section 290C.03, is amended to read:

EFFECTIVE DATE. This section is effective for certifications and applications due in 2014 and thereafter.

Sec. 11. Minnesota Statutes 2013 Supplement, section 423A.02, subdivision 3, is amended to read:

Subd. 3. Reallocaton of amortization state aid. (a) Seventy percent of the difference between $5,720,000 and the current year amortization aid distributed under
subdivision 1 that is not distributed for any reason to a municipality must be distributed
by the commissioner of revenue according to this paragraph. The commissioner shall
distribute 50 percent of the amounts derived under this paragraph to the Teachers
Retirement Association, ten percent to the Duluth Teachers Retirement Fund Association,
and 40 percent to the St. Paul Teachers Retirement Fund Association to fund the unfunded
actuarial accrued liabilities of the respective funds. These payments must be made on July

Sec. 13. Minnesota Statutes 2013 Supplement, section 477A.14, subdivision 1, is
amended to read:

Subdivision 1. General distribution. Except as provided in subdivisions 2 and 3,
40 percent of the total payment to the county shall be deposited in the county general
revenue fund to be used to provide property tax levy reduction. The remainder shall be
distributed by the county in the following priority:

(a) (1) 64.2 cents, for each acre of county-administered other natural resources land
shall be deposited in a resource development fund to be created within the county treasury
for use in resource development, forest management, game and fish habitat improvement,
and recreational development and maintenance of county-administered other natural
resources land. Any county receiving less than $5,000 annually for the resource
development fund may elect to deposit that amount in the county general revenue fund;

(b) from the funds remaining, (2) within 30 days of receipt of the payment to
the county, the county treasurer shall pay each organized township ten percent of the
amount received a township with land that qualifies for payment under section 477A.12,
subdivision 1, clauses (1), (2), and (5) to (7), ten percent of the payment the county
received for such land within that township. Payments for natural resources lands not
located in an organized township shall be deposited in the county general revenue fund.
Payments to counties and townships pursuant to this paragraph shall be used to provide
property tax levy reduction, except that of the payments for natural resources lands not

necessary for maintenance of roads in unorganized townships. Provided that, if the total

The revisor can make changes to sentence structure to preserve the meaning of the text. The revisor shall make other changes in section and subdivision headnotes and in other terminology as necessary as a result of the enactment of this section. The Department of Revenue shall assist in making these corrections.

Sec. 15. REPEALER.

273.1115 AGGREGATE RESOURCE PRESERVATION PROPERTY TAX LAW.
Subdivision 1. Definitions. For purposes of this section, "commercial aggregate deposit" and "actively mined" have the meanings given them in section 273.13, subdivision 23, paragraph (m).

Subd. 2. Requirement. Real estate is entitled to valuation under this section only if all of the following requirements are met:
(1) the property is classified as class 1a, 1b, 2a, or 2b property under section 273.13, subdivisions 22 and 23, or the property is classified as class 2e under section 273.13, subdivision 23, and immediately before being classified as class 2e was classified as class 1a or 1b;
(2) the property is at least ten contiguous acres, when the application is filed under subdivision 3;
(3) the owner has filed a completed application for deferment as specified in subdivision 3 with the county assessor in the county in which the property is located;
(4) there are no delinquent taxes on the property; and
(5) a covenant on the land restricts its use as provided in subdivision 3, clause (4).

Subd. 3. Application. Application for valuation deferment under this section must be filed by May 1 of the assessment year. Any application filed and granted continues in effect for subsequent years until the property no longer qualifies, provided that supplemental affidavits under subdivision 8 are timely filed. The application must be filed with the assessor of the county in which the real property is located on such form as may be prescribed by the commissioner of revenue. The application must be executed and acknowledged in the manner required by law to execute and acknowledge a deed and must contain at least the following information and any other information the commissioner deems necessary:
(1) the legal description of the area;
(2) the name and address of owner;
(3) a copy of the affidavit filed under section 273.13, subdivision 23, paragraph (m), when property is classified as 2e under section 273.13, subdivision 23, paragraph (m).

In other cases, the application must include a similar document with the same information as contained in the affidavit under section 273.13, subdivision 23, paragraph (m); and
(4) a statement of proof from the owner that the land contains a restrictive covenant limiting its use for the property's surface to that which exists on the date of the application and limiting its future use to the preparation and removal of the commercial aggregate deposit under its surface. To qualify under this clause, the covenant must be binding on the owner or the owner's successor or assignee, and run with the land, except as provided in subdivision 5 allowing for the cancellation of the covenant under certain conditions.

Subd. 4. Determination of value. Upon timely application by the owner as provided in subdivision 3, notwithstanding sections 272.03, subdivision 8, and 273.11, the value of any qualifying land described in subdivision 3 must be valued as if it were agricultural property, using a per acre valuation equal to the current assessment year's average per acre valuation of agricultural land in the county. The assessor shall not consider any additional value resulting from potential alternative and future uses of the property. The buildings located on the land shall be valued by the assessor in the normal manner.

Subd. 5. Cancellation of covenant. The covenant required under subdivision 3 may be canceled in two ways:
(1) by the owner beginning with the next subsequent assessment year provided that the additional taxes as determined under subdivision 7 are paid by the owner at the time of cancellation; or
(2) by the city or town in which the property is located beginning with the next subsequent assessment year, if the city council or town board:
(i) changes the conditional use of the property;
(ii) revokes the mining permit; or
(iii) changes the zoning to disallow mining.

No additional taxes are imposed on the property under this clause.

Subd. 6. County termination. Within two years of May 30, 2008, a county may, following notice and public hearing, terminate application of this section in the county. The termination is effective upon adoption of a resolution of the county board. A county has 60 days from receipt of the first application for enrollment under this section to notify the applicant and any subsequent applicants of the county's intent to begin the process of terminating application of this section in the county. The county must act on the termination within six months. Upon termination by a vote of the county board, all applications received prior to and during notification of intent to terminate shall be deemed void. If the county board does not act on the termination within six
months of notification, all applications for valuation for deferment received shall be deemed eligible for consideration to be enrolled under this section. Following this initial 60-day grace period, a termination applies prospectively and does not affect property enrolled under this section prior to the termination date. A county may reauthorize application of this section by a resolution of the county board revoking the termination.

Subd. 7. Additional taxes. When real property which has been valued and assessed under this section no longer qualifies, the portion of the land classified under subdivision 2, clause (1), is subject to additional taxes. The additional tax amount is determined by:

(1) computing the difference between (i) the current year's taxes determined in accordance with subdivision 4, and (ii) an amount as determined by the assessor based upon the property's current year's estimated market value of like real estate at its highest and best use and the appropriate local tax rate; and

(2) multiplying the amount determined in clause (1) by the number of years the land was in the program under this section. The current year's estimated market value as determined by the assessor must not exceed the market value that would result if the property was sold in an arms-length transaction and must not be greater than it would have been had the actual bona fide sale price of the property been used in lieu of that market value. The additional taxes must be extended against the property on the tax list for the current year, except that interest or penalties must not be levied on these additional taxes if timely paid. The additional tax under this subdivision must not be imposed on that portion of the property which has actively been mined and has been removed from the program based upon the supplemental affidavits filed under subdivision 8.

Subd. 8. Supplemental affidavits; mining activity on land. When any portion of the property begins to be actively mined, the owner must file a supplemental affidavit within 60 days from the day any aggregate is removed stating the number of acres of the property that is actively being mined. The acres actively being mined shall be (1) valued and classified under section 273.13, subdivision 24, in the next subsequent assessment year, and (2) removed from the aggregate resource preservation property tax program under this section. The additional taxes under subdivision 7 must not be imposed on the acres that are actively being mined and have been removed from the program under this section. Copies of the original affidavit and all supplemental affidavits must be filed with the county assessor, the local zoning administrator, and the Department of Natural Resources, Division of Land and Minerals. A supplemental affidavit must be filed each time a subsequent portion of the property is actively mined, provided that the minimum acreage change is five acres, even if the actual mining activity constitutes less than five acres. Failure to file the affidavits timely shall result in the property losing its valuation deferment under this section, and additional taxes must be imposed as calculated under subdivision 7.

Subd. 9. Lien. The additional tax imposed by this section is a lien upon the property assessed to the same extent and for the same duration as other taxes imposed upon property within this state and, when collected, must be distributed in the manner provided by law for the collection and distribution of other property taxes.

Subd. 10. Continuation of tax treatment upon sale. When real property qualifying under subdivision 2 is sold, additional taxes must not be extended against the property if the property continues to qualify under subdivision 2, and the new owner files an application with the assessor for continued deferment within 30 days after the sale.

273.13 CLASSIFICATION OF PROPERTY.

Subd. 21a. Class rate. In this section, wherever the "class rate" of a class of property is specified without qualification as to whether it is the property's "net class rate" or its "gross class rate," the "net class rate" and "gross class rate" of that property are the same as its "class rate."

290.923 TAX WITHHELD ON ROYALTIES UPON ORE.

Subdivision 1. Definition. In this section, "royalty" means the amount in money or value of property received by any person having any right, title, or interest in any tract of land in this state for permission to explore, mine, take out, and remove ore from the land.

290C.02 DEFINITIONS.

Subd. 5. Current use value. "Current use value" means the statewide average annual income per acre, multiplied by 90 percent and divided by the capitalization rate determined under subdivision 9. The statewide net annual income shall be a weighted average based on the most recent data as of July 1 of the computation year on stumpage prices and annual tree growth rates.
and acreage by cover type provided by the Department of Natural Resources and the United States Department of Agriculture Forest Service North Central Research Station.

Subd. 9. Capitalization rate. By July 1 of each year, the commissioner shall determine a statewide capitalization rate for use under this chapter. The rate shall be the average annual effective interest rate for St. Paul on new loans under the Farm Credit Bank system calculated under section 2032A(e)(7)(A) of the Internal Revenue Code.

290C.06 CALCULATION OF AVERAGE ESTIMATED MARKET VALUE; MANAGED FOREST LAND.

The commissioner shall annually calculate a statewide average estimated market value per acre for class 2c managed forest land under section 273.13, subdivision 23.
