1.5 Section 1. [245.4862] MENTAL HEALTH URGENT CARE AND PSYCHIATRIC
1.6 CONSULTATION.

1.7 Subdivision 1. Mental health urgent care and psychiatric consultation. The
1.8 commissioner shall include mental health urgent care and psychiatric consultation
1.9 services as part of, but not limited to, the redesign of six community-based behavioral
1.10 health hospitals and the Anoka-Metro Regional Treatment Center. These services must
1.11 not duplicate existing services in the region, and must be implemented as specified in
1.12 subdivisions 3 to 7.

1.13 Subd. 2. Definitions. For purposes of this section:

1.14 (a) Mental health urgent care includes:

1.15 (1) initial mental health screening;

1.16 (2) mobile crisis assessment and intervention;

1.17 (3) rapid access to psychiatry, including psychiatric evaluation, initial treatment,
1.18 and short-term psychiatry;

1.19 (4) nonhospital crisis stabilization residential beds; and

1.20 (5) health care navigator services which include, but are not limited to, assisting
1.21 uninsured individuals in obtaining health care coverage.

1.22 (b) Psychiatric consultation services includes psychiatric consultation to primary
1.23 care practitioners.

1.24 Subd. 3. Rapid access to psychiatry. The commissioner shall develop rapid access
1.25 to psychiatric services based on the following criteria:

2.1 (1) the individuals who receive the psychiatric services must be at risk of
2.2 hospitalization and otherwise unable to receive timely services;

2.3 (2) where clinically appropriate, the service may be provided via interactive video
2.4 where the service is provided in conjunction with an emergency room, a local crisis
2.5 service, or a primary care or behavioral care practitioner; and

2.6 (3) the commissioner may integrate rapid access to psychiatry with the psychiatric
2.7 consultation services in subdivision 4.

2.8 Subd. 4. **Collaborative psychiatric consultation.** (a) The commissioner shall
2.9 establish a collaborative psychiatric consultation service based on the following criteria:

2.10 (1) the service may be available via telephone, interactive video, e-mail, or other
2.11 means of communication to emergency rooms, local crisis services, mental health
2.12 professionals, and primary care practitioners, including pediatricians;

2.13 (2) the service shall be provided by a multidisciplinary team including, at a
2.14 minimum, a child and adolescent psychiatrist, an adult psychiatrist, and a licensed clinical
2.15 social worker;

2.16 (3) the service shall include a triage-level assessment to determine the most
2.17 appropriate response to each request, including appropriate referrals to other mental health
2.18 professionals, as well as provision of rapid psychiatric access when other appropriate
2.19 services are not available;

2.20 (4) the first priority for this service is to provide the consultations required under
2.21 section 256B.0625, subdivision 13j; and

2.22 (5) the service must encourage use of cognitive and behavioral therapies and other
2.23 evidence-based treatments in addition to or in place of medication, where appropriate.

2.24 (b) The commissioner shall appoint an interdisciplinary work group to establish
2.25 appropriate medication and psychotherapy protocols to guide the consultative process,
2.26 including consultation with the Drug Utilization Review Board, as provided in section
2.27 256B.0625, subdivision 13j.

2.28 Subd. 5. **Phased availability.** (a) The commissioner may phase in the availability
2.29 of mental health urgent care services based on the limits of appropriations and the
2.30 commissioner's determination of level of need and cost-effectiveness.

2.31 (b) For subdivisions 3 and 4, the first phase must focus on adults in Hennepin
2.32 and Ramsey Counties and children statewide who are affected by section 256B.0625,
2.33 subdivision 13j, and must include tracking of costs for the services provided and
2.34 associated impacts on utilization of inpatient, emergency room, and other services.

2.35 Subd. 6. **Limited appropriations.** The commissioner shall maximize use
2.36 of available health care coverage for the services provided under this section. The

3.1 commissioner's responsibility to provide these services for individuals without health care
3.2 coverage must not exceed the appropriations for this section.

3.3 Subd. 7. **Flexible implementation.** To implement this section, the commissioner
3.4 shall select the structure and funding method that is the most cost-effective for each county
3.5 or group of counties. This may include grants, contracts, direct provision by state-operated
3.6 services, and public-private partnerships. Where feasible, the commissioner shall make
3.7 any grants under this section a part of the integrated adult mental health initiative grants
3.8 under section 245.4661.

3.9 Sec. 2. Minnesota Statutes 2009 Supplement, section 256.969, subdivision 3a, is
3.10 amended to read:

3.11 Subd. 3a. **Payments.** (a) Acute care hospital billings under the medical
3.12 assistance program must not be submitted until the recipient is discharged. However,
3.13 the commissioner shall establish monthly interim payments for inpatient hospitals that
3.14 have individual patient lengths of stay over 30 days regardless of diagnostic category.
3.15 Except as provided in section 256.9693, medical assistance reimbursement for treatment
3.16 of mental illness shall be reimbursed based on diagnostic classifications. Individual
3.17 hospital payments established under this section and sections 256.9685, 256.9686, and
3.18 256.9695, in addition to third party and recipient liability, for discharges occurring during
3.19 the rate year shall not exceed, in aggregate, the charges for the medical assistance covered
3.20 inpatient services paid for the same period of time to the hospital. This payment limitation
3.21 shall be calculated separately for medical assistance and general assistance medical
3.22 care services. The limitation on general assistance medical care shall be effective for
3.23 admissions occurring on or after July 1, 1991. Services that have rates established under
3.24 subdivision 11 or 12, must be limited separately from other services. After consulting with
3.25 the affected hospitals, the commissioner may consider related hospitals one entity and
3.26 may merge the payment rates while maintaining separate provider numbers. The operating
3.27 and property base rates per admission or per day shall be derived from the best Medicare
3.28 and claims data available when rates are established. The commissioner shall determine
3.29 the best Medicare and claims data, taking into consideration variables of recency of the
3.30 data, audit disposition, settlement status, and the ability to set rates in a timely manner.
3.31 The commissioner shall notify hospitals of payment rates by December 1 of the year
3.32 preceding the rate year. The rate setting data must reflect the admissions data used to
3.33 establish relative values. Base year changes from 1981 to the base year established for the
3.34 rate year beginning January 1, 1991, and for subsequent rate years, shall not be limited
3.35 to the limits ending June 30, 1987, on the maximum rate of increase under subdivision

4.1 1. The commissioner may adjust base year cost, relative value, and case mix index data
4.2 to exclude the costs of services that have been discontinued by the October 1 of the year
4.3 preceding the rate year or that are paid separately from inpatient services. Inpatient stays
4.4 that encompass portions of two or more rate years shall have payments established based
4.5 on payment rates in effect at the time of admission unless the date of admission preceded
4.6 the rate year in effect by six months or more. In this case, operating payment rates for
4.7 services rendered during the rate year in effect and established based on the date of
4.8 admission shall be adjusted to the rate year in effect by the hospital cost index.

4.9 (b) For fee-for-service admissions occurring on or after July 1, 2002, the total
4.10 payment, before third-party liability and spenddown, made to hospitals for inpatient
4.11 services is reduced by .5 percent from the current statutory rates.

4.12 (c) In addition to the reduction in paragraph (b), the total payment for fee-for-service
4.13 admissions occurring on or after July 1, 2003, made to hospitals for inpatient services
4.14 before third-party liability and spenddown, is reduced five percent from the current
4.15 statutory rates. Mental health services within diagnosis related groups 424 to 432, and
4.16 facilities defined under subdivision 16 are excluded from this paragraph.

4.17 (d) In addition to the reduction in paragraphs (b) and (c), the total payment for
4.18 fee-for-service admissions occurring on or after August 1, 2005, made to hospitals for
4.19 inpatient services before third-party liability and spenddown, is reduced 6.0 percent
4.20 from the current statutory rates. Mental health services within diagnosis related groups
4.21 424 to 432 and facilities defined under subdivision 16 are excluded from this paragraph.
4.22 Notwithstanding section 256.9686, subdivision 7, for purposes of this paragraph, medical
4.23 assistance does not include general assistance medical care. Payments made to managed
4.24 care plans shall be reduced for services provided on or after January 1, 2006, to reflect
4.25 this reduction.

4.26 (e) In addition to the reductions in paragraphs (b), (c), and (d), the total payment for
4.27 fee-for-service admissions occurring on or after July 1, 2008, through June 30, 2009, made
4.28 to hospitals for inpatient services before third-party liability and spenddown, is reduced
4.29 3.46 percent from the current statutory rates. Mental health services with diagnosis related
4.30 groups 424 to 432 and facilities defined under subdivision 16 are excluded from this
4.31 paragraph. Payments made to managed care plans shall be reduced for services provided
4.32 on or after January 1, 2009, through June 30, 2009, to reflect this reduction.

4.33 (f) In addition to the reductions in paragraphs (b), (c), and (d), the total payment for
4.34 fee-for-service admissions occurring on or after July 1, 2009, through June 30, ~~2010~~ 2011,
4.35 made to hospitals for inpatient services before third-party liability and spenddown, is
4.36 reduced 1.9 percent from the current statutory rates. Mental health services with diagnosis

5.1 related groups 424 to 432 and facilities defined under subdivision 16 are excluded from
5.2 this paragraph. Payments made to managed care plans shall be reduced for services
5.3 provided on or after July 1, 2009, through June 30, ~~2010~~ 2011, to reflect this reduction.

5.4 (g) In addition to the reductions in paragraphs (b), (c), and (d), the total payment
5.5 for fee-for-service admissions occurring on or after July 1, ~~2010~~ 2011, made to hospitals
5.6 for inpatient services before third-party liability and spenddown, is reduced 1.79 percent
5.7 from the current statutory rates. Mental health services with diagnosis related groups
5.8 424 to 432 and facilities defined under subdivision 16 are excluded from this paragraph.
5.9 Payments made to managed care plans shall be reduced for services provided on or after
5.10 July 1, ~~2010~~ 2011, to reflect this reduction.

5.11 (h) In addition to the reductions in paragraphs (b), (c), (d), (f), and (g), the total
5.12 payment for fee-for-service admissions occurring on or after July 1, 2009, made to
5.13 hospitals for inpatient services before third-party liability and spenddown, is reduced
5.14 one percent from the current statutory rates. Facilities defined under subdivision 16 are
5.15 excluded from this paragraph. Payments made to managed care plans shall be reduced for
5.16 services provided on or after October 1, 2009, to reflect this reduction.

5.17 **EFFECTIVE DATE.** This section is effective April 1, 2010.

5.18 Sec. 3. Minnesota Statutes 2008, section 256.969, subdivision 27, is amended to read:

5.19 Subd. 27. **Quarterly payment adjustment.** (a) In addition to any other payment
5.20 under this section, the commissioner shall make the following payments effective July
5.21 1, 2007:

5.22 (1) for a hospital located in Minnesota and not eligible for payments under
5.23 subdivision 20, with a medical assistance inpatient utilization rate greater than 17.8
5.24 percent of total patient days as of the base year in effect on July 1, 2005, a payment
5.25 equal to 13 percent of the total of the operating and property payment rates, except that
5.26 Hennepin County Medical Center and Regions Hospital shall not receive a payment
5.27 under this subdivision;

5.28 (2) for a hospital located in Minnesota in a specified urban area outside of the
5.29 seven-county metropolitan area and not eligible for payments under subdivision 20, with
5.30 a medical assistance inpatient utilization rate less than or equal to 17.8 percent of total
5.31 patient days as of the base year in effect on July 1, 2005, a payment equal to ten percent
5.32 of the total of the operating and property payment rates. For purposes of this clause, the
5.33 following cities are specified urban areas: Detroit Lakes, Rochester, Willmar, Alexandria,
5.34 Austin, Cambridge, Brainerd, Hibbing, Mankato, Duluth, St. Cloud, Grand Rapids,
5.35 Wyoming, Fergus Falls, Albert Lea, Winona, Virginia, Thief River Falls, and Wadena;

6.1 (3) for a hospital located in Minnesota but not located in a specified urban area
6.2 under clause (2), with a medical assistance inpatient utilization rate less than or equal to
6.3 17.8 percent of total patient days as of the base year in effect on July 1, 2005, a payment
6.4 equal to four percent of the total of the operating and property payment rates. A hospital
6.5 located in Woodbury and not in existence during the base year shall be reimbursed under
6.6 this clause; and

6.7 (4) in addition to any payments under clauses (1) to (3), for a hospital located in
6.8 Minnesota and not eligible for payments under subdivision 20 with a medical assistance
6.9 inpatient utilization rate of 17.9 percent of total patient days as of the base year in effect
6.10 on July 1, 2005, a payment equal to eight percent of the total of the operating and property
6.11 payment rates, and for a hospital located in Minnesota and not eligible for payments
6.12 under subdivision 20 with a medical assistance inpatient utilization rate of 59.6 percent
6.13 of total patient days as of the base year in effect on July 1, 2005, a payment equal to
6.14 nine percent of the total of the operating and property payment rates. After making any
6.15 ratable adjustments required under paragraph (b), the commissioner shall proportionately
6.16 reduce payments under clauses (2) and (3) by an amount needed to make payments under
6.17 this clause.

6.18 (b) The state share of payments under paragraph (a) shall be equal to federal
6.19 reimbursements to the commissioner to reimburse expenditures reported under section
6.20 256B.199, paragraphs (a) to (d). The commissioner shall ratably reduce or increase
6.21 payments under this subdivision in order to ensure that these payments equal the amount
6.22 of reimbursement received by the commissioner under section 256B.199, paragraphs (a)
6.23 to (d), except that payments shall be ratably reduced by an amount equivalent to the state
6.24 share of a four percent reduction in MinnesotaCare and medical assistance payments
6.25 for inpatient hospital services. Effective July 1, 2009, the ratable reduction shall be
6.26 equivalent to the state share of a three percent reduction in these payments. Effective for
6.27 federal disproportionate share hospital funds earned on payments reported under section
6.28 256B.199, paragraphs (a) to (d), for services rendered on or after April 1, 2010, payments
6.29 shall not be made under this subdivision.

6.30 (c) The payments under paragraph (a) shall be paid quarterly based on each hospital's
6.31 operating and property payments from the second previous quarter, beginning on July
6.32 15, 2007, or upon federal approval of federal reimbursements under section 256B.199,
6.33 paragraphs (a) to (d), whichever occurs later.

6.34 (d) The commissioner shall not adjust rates paid to a prepaid health plan under
6.35 contract with the commissioner to reflect payments provided in paragraph (a).

7.1 (e) The commissioner shall maximize the use of available federal money for
7.2 disproportionate share hospital payments and shall maximize payments to qualifying
7.3 hospitals. In order to accomplish these purposes, the commissioner may, in consultation
7.4 with the nonstate entities identified in section 256B.199, paragraphs (a) to (d), adjust,
7.5 on a pro rata basis if feasible, the amounts reported by nonstate entities under section
7.6 256B.199, paragraphs (a) to (d), when application for reimbursement is made to the federal
7.7 government, and otherwise adjust the provisions of this subdivision. The commissioner
7.8 shall utilize a settlement process based on finalized data to maximize revenue under
7.9 section 256B.199, paragraphs (a) to (d), and payments under this section.

7.10 (f) For purposes of this subdivision, medical assistance does not include general
7.11 assistance medical care.

7.12 **EFFECTIVE DATE.** This section is effective for services rendered on or after
7.13 April 1, 2010.

7.14 Sec. 4. Minnesota Statutes 2008, section 256B.0625, subdivision 13f, is amended to
7.15 read:

7.16 Subd. 13f. **Prior authorization.** (a) The Formulary Committee shall review and
7.17 recommend drugs which require prior authorization. The Formulary Committee shall
7.18 establish general criteria to be used for the prior authorization of brand-name drugs for
7.19 which generically equivalent drugs are available, but the committee is not required to
7.20 review each brand-name drug for which a generically equivalent drug is available.

7.21 (b) Prior authorization may be required by the commissioner before certain
7.22 formulary drugs are eligible for payment. The Formulary Committee may recommend
7.23 drugs for prior authorization directly to the commissioner. The commissioner may also
7.24 request that the Formulary Committee review a drug for prior authorization. Before the
7.25 commissioner may require prior authorization for a drug:

7.26 (1) the commissioner must provide information to the Formulary Committee on the
7.27 impact that placing the drug on prior authorization may have on the quality of patient care
7.28 and on program costs, information regarding whether the drug is subject to clinical abuse
7.29 or misuse, and relevant data from the state Medicaid program if such data is available;

7.30 (2) the Formulary Committee must review the drug, taking into account medical and
7.31 clinical data and the information provided by the commissioner; and

7.32 (3) the Formulary Committee must hold a public forum and receive public comment
7.33 for an additional 15 days.

7.34 The commissioner must provide a 15-day notice period before implementing the prior
7.35 authorization.

8.1 (c) Except as provided in subdivision 13j, prior authorization shall not be required or
8.2 utilized for any atypical antipsychotic drug prescribed for the treatment of mental illness if:

8.3 (1) there is no generically equivalent drug available; and

8.4 (2) the drug was initially prescribed for the recipient prior to July 1, 2003; or

8.5 (3) the drug is part of the recipient's current course of treatment.

8.6 This paragraph applies to any multistate preferred drug list or supplemental drug rebate
8.7 program established or administered by the commissioner. Prior authorization shall
8.8 automatically be granted for 60 days for brand name drugs prescribed for treatment of
8.9 mental illness within 60 days of when a generically equivalent drug becomes available,
8.10 provided that the brand name drug was part of the recipient's course of treatment at the
8.11 time the generically equivalent drug became available.

8.12 (d) Prior authorization shall not be required or utilized for any antihemophilic factor
8.13 drug prescribed for the treatment of hemophilia and blood disorders where there is no
8.14 generically equivalent drug available if the prior authorization is used in conjunction with
8.15 any supplemental drug rebate program or multistate preferred drug list established or
8.16 administered by the commissioner.

8.17 (e) The commissioner may require prior authorization for brand name drugs
8.18 whenever a generically equivalent product is available, even if the prescriber specifically
8.19 indicates "dispense as written-brand necessary" on the prescription as required by section
8.20 151.21, subdivision 2.

8.21 (f) Notwithstanding this subdivision, the commissioner may automatically require
8.22 prior authorization, for a period not to exceed 180 days, for any drug that is approved by
8.23 the United States Food and Drug Administration on or after July 1, 2005. The 180-day
8.24 period begins no later than the first day that a drug is available for shipment to pharmacies
8.25 within the state. The Formulary Committee shall recommend to the commissioner general
8.26 criteria to be used for the prior authorization of the drugs, but the committee is not
8.27 required to review each individual drug. In order to continue prior authorizations for a
8.28 drug after the 180-day period has expired, the commissioner must follow the provisions
8.29 of this subdivision.

8.30 **EFFECTIVE DATE.** This section is effective April 1, 2010.

8.31 Sec. 5. Minnesota Statutes 2008, section 256B.0625, is amended by adding a
8.32 subdivision to read:

8.33 **Subd. 13j. Antipsychotic and attention deficit disorder and attention deficit**
8.34 **hyperactivity disorder medications.** (a) The commissioner, in consultation with the

9.1 Drug Utilization Review Board established in subdivision 13i and actively practicing
9.2 pediatric mental health professionals, must:

9.3 (1) identify recommended pediatric dose ranges for atypical antipsychotic drugs
9.4 and drugs used for attention deficit disorder or attention deficit hyperactivity disorder
9.5 based on available medical, clinical, and safety data and research. The commissioner
9.6 shall periodically review the list of medications and pediatric dose ranges and update
9.7 the medications and doses listed as needed after consultation with the Drug Utilization
9.8 Review Board;

9.9 (2) identify situations where a collaborative psychiatric consultation and prior
9.10 authorization should be required before the initiation or continuation of drug therapy
9.11 in pediatric patients including, but not limited to, high-dose regimens, off-label use of
9.12 prescription medication, a patient's young age, and lack of coordination among multiple
9.13 prescribing providers; and

9.14 (3) track prescriptive practices and the use of psychotropic medications in children
9.15 with the goal of reducing the use of medication, where appropriate.

9.16 (b) Effective July 1, 2011, the commissioner shall require prior authorization and
9.17 a collaborative psychiatric consultation before an atypical antipsychotic and attention
9.18 deficit disorder and attention deficit hyperactivity disorder medication meeting the criteria
9.19 identified in paragraph (a), clause (2), is eligible for payment. A collaborative psychiatric
9.20 consultation must be completed before the identified medications are eligible for payment
9.21 unless:

9.22 (1) the patient has already been stabilized on the medication regimen; or

9.23 (2) the prescriber indicates that the child is in crisis.

9.24 If clause (1) or (2) applies, the collaborative psychiatric consultation must be completed
9.25 within 90 days for payment to continue.

9.26 (c) For purposes of this subdivision, a collaborative psychiatric consultation must
9.27 meet the criteria described in section 245.4862, subdivision 5.

9.28 Sec. 6. Minnesota Statutes 2008, section 256B.0644, is amended to read:

9.31 (a) A vendor of medical care, as defined in section 256B.02, subdivision 7, and a
9.32 health maintenance organization, as defined in chapter 62D, must participate as a provider
9.33 or contractor in the medical assistance program, ~~general assistance medical care program,~~
9.34 and MinnesotaCare as a condition of participating as a provider in health insurance plans
9.35 and programs or contractor for state employees established under section 43A.18, the

10.1 public employees insurance program under section 43A.316, for health insurance plans
10.2 offered to local statutory or home rule charter city, county, and school district employees,
10.3 the workers' compensation system under section 176.135, and insurance plans provided
10.4 through the Minnesota Comprehensive Health Association under sections 62E.01 to
10.5 62E.19. The limitations on insurance plans offered to local government employees shall
10.6 not be applicable in geographic areas where provider participation is limited by managed
10.7 care contracts with the Department of Human Services.

10.8 (b) For providers other than health maintenance organizations, participation in the
10.9 medical assistance program means that:

10.10 (1) the provider accepts new medical assistance, ~~general assistance medical care,~~
10.11 and MinnesotaCare patients;

10.12 (2) for providers other than dental service providers, at least 20 percent of the
10.13 provider's patients are covered by medical assistance, ~~general assistance medical care,~~
10.14 and MinnesotaCare as their primary source of coverage; or

10.15 (3) for dental service providers, at least ten percent of the provider's patients are
10.16 covered by medical assistance, ~~general assistance medical care,~~ and MinnesotaCare as
10.17 their primary source of coverage, or the provider accepts new medical assistance and

10.25 disorders; autism; fetal alcohol syndrome; and other conditions designated by the
10.26 commissioner after consultation with representatives of pediatric dental providers and
10.27 consumers.

10.28 (c) Patients seen on a volunteer basis by the provider at a location other than
10.29 the provider's usual place of practice may be considered in meeting the participation
10.30 requirement in this section. The commissioner shall establish participation requirements
10.31 for health maintenance organizations. The commissioner shall provide lists of participating
10.32 medical assistance providers on a quarterly basis to the commissioner of management and
10.33 budget, the commissioner of labor and industry, and the commissioner of commerce. Each
10.34 of the commissioners shall develop and implement procedures to exclude as participating
10.35 providers in the program or programs under their jurisdiction those providers who do
10.36 not participate in the medical assistance program. The commissioner of management

11.1 and budget shall implement this section through contracts with participating health and
11.2 dental carriers.

11.3 (d) Any hospital or other provider that is participating in a coordinated care
11.4 delivery system under section 256D.031, subdivision 6, or receives payments from the
11.5 uncompensated care pool under section 256D.031, subdivision 8, shall not refuse to
11.6 provide services to any patient enrolled in general assistance medical care regardless of
11.7 the availability or the amount of payment.

11.11 approval, medical assistance covers medically necessary, intensive nonresidential
11.12 rehabilitative mental health services as defined in subdivision 2, for recipients as defined
11.13 in subdivision 3, when the services are provided by an entity meeting the standards
11.14 in this section.

11.15 Sec. 8. Minnesota Statutes 2009 Supplement, section 256B.196, subdivision 2, is
11.16 amended to read:

11.17 Subd. 2. **Commissioner's duties.** (a) For the purposes of this subdivision and
11.18 subdivision 3, the commissioner shall determine the fee-for-service outpatient hospital
11.19 services upper payment limit for nonstate government hospitals. The commissioner shall
11.20 then determine the amount of a supplemental payment to Hennepin County Medical
11.21 Center and Regions Hospital for these services that would increase medical assistance
11.22 spending in this category to the aggregate upper payment limit for all nonstate government
11.23 hospitals in Minnesota. In making this determination, the commissioner shall allot the
11.24 available increases between Hennepin County Medical Center and Regions Hospital
11.25 based on the ratio of medical assistance fee-for-service outpatient hospital payments to
11.26 the two facilities. The commissioner shall adjust this allotment as necessary based on
11.27 federal approvals, the amount of intergovernmental transfers received from Hennepin and
11.28 Ramsey Counties, and other factors, in order to maximize the additional total payments.
11.29 The commissioner shall inform Hennepin County and Ramsey County of the periodic
11.30 intergovernmental transfers necessary to match federal Medicaid payments available
11.31 under this subdivision in order to make supplementary medical assistance payments to
11.32 Hennepin County Medical Center and Regions Hospital equal to an amount that when
11.33 combined with existing medical assistance payments to nonstate governmental hospitals
11.34 would increase total payments to hospitals in this category for outpatient services to

12.1 the aggregate upper payment limit for all hospitals in this category in Minnesota. Upon
12.2 receipt of these periodic transfers, the commissioner shall make supplementary payments
12.3 to Hennepin County Medical Center and Regions Hospital.

12.4 (b) For the purposes of this subdivision and subdivision 3, the commissioner shall
12.5 determine an upper payment limit for physicians affiliated with Hennepin County Medical
12.6 Center and with Regions Hospital. The upper payment limit shall be based on the average
12.7 commercial rate or be determined using another method acceptable to the Centers for
12.8 Medicare and Medicaid Services. The commissioner shall inform Hennepin County and
12.9 Ramsey County of the periodic intergovernmental transfers necessary to match the federal
12.10 Medicaid payments available under this subdivision in order to make supplementary
12.11 payments to physicians affiliated with Hennepin County Medical Center and Regions
12.12 Hospital equal to the difference between the established medical assistance payment for
12.13 physician services and the upper payment limit. Upon receipt of these periodic transfers,
12.14 the commissioner shall make supplementary payments to physicians of Hennepin Faculty
12.15 Associates and HealthPartners.

12.16 (c) Beginning January 1, 2010, Hennepin County and Ramsey County ~~shall~~ may
12.17 make monthly voluntary intergovernmental transfers to the commissioner in ~~the following~~
12.18 amounts: ~~\$133,333 by~~ not to exceed \$12,000,000 per year from Hennepin County
12.19 ~~and \$100,000 by~~ \$6,000,000 per year from Ramsey County. The commissioner shall
12.20 increase the medical assistance capitation payments to ~~Metropolitan Health Plan and~~
12.21 ~~HealthPartners by~~ any licensed health plan under contract with the medical assistance
12.22 program that agrees to make enhanced payments to Hennepin County Medical Center or
12.23 Regions Hospital. The increase shall be in an amount equal to the annual value of the
12.24 monthly transfers plus federal financial participation, with each health plan receiving its
12.25 pro rata share of the increase based on the pro rata share of medical assistance admissions
12.26 to Hennepin County Medical Center and Regions Hospital by those plans. Upon the
12.27 request of the commissioner, health plans shall submit individual-level cost data for
12.28 verification purposes. The commissioner may ratably reduce these payments on a pro rata
12.29 basis in order to satisfy federal requirements for actuarial soundness. If payments are
12.30 reduced, transfers shall be reduced accordingly. Any licensed health plan that receives
12.31 increased medical assistance capitation payments under the intergovernmental transfer
12.32 described in this paragraph shall increase its medical assistance payments to Hennepin
12.33 County Medical Center and Regions Hospital by the same amount as the increased
12.34 payments received in the capitation payment described in this paragraph.

12.35 (d) The commissioner shall inform Hennepin County and Ramsey County on an
12.36 ongoing basis of the need for any changes needed in the intergovernmental transfers

13.1 in order to continue the payments under paragraphs (a) to (c), at their maximum level,
13.2 including increases in upper payment limits, changes in the federal Medicaid match, and
13.3 other factors.

13.4 (e) The payments in paragraphs (a) to (c) shall be implemented independently of
13.5 each other, subject to federal approval and to the receipt of transfers under subdivision 3.

13.6 **EFFECTIVE DATE.** This section is effective the day following final enactment.

13.7 Sec. 9. **[256B.197] INTERGOVERNMENTAL TRANSFERS; INPATIENT**
13.8 **HOSPITAL PAYMENTS.**

13.9 **Subdivision 1. Federal approval required.** This section is effective for federal
13.10 fiscal year 2010 and future years contingent on federal approval of the intergovernmental
13.11 transfers and payments authorized under this section and contingent on payment of the
13.12 intergovernmental transfers under this section.

13.13 **Subd. 2. Eligible nonstate government hospitals.** (a) Hennepin County Medical
13.14 Center and Regions Hospital are eligible nonstate government hospitals.

13.15 (b) If the commissioner obtains federal approval to include other hospitals, including
13.16 Fairview University Medical Center, the commissioner may expand the definition of
13.17 eligible nonstate government hospitals to include other hospitals.

13.18 **Subd. 3. Commissioner's duties.** (a) For the purposes of this subdivision, the
13.19 commissioner shall determine the fee-for-service inpatient hospital services upper
13.20 payment limit for nonstate government hospitals. The commissioner shall determine,
13.21 for each eligible nonstate government hospital, the amount of a supplemental payment
13.22 for inpatient hospital services that would increase medical assistance spending for each
13.23 eligible nonstate government hospital up to the amount that Medicare would pay for
13.24 the Medicaid fee-for-service inpatient hospital services provided by that hospital. If
13.25 the combined amount of such supplemental payment amounts and existing medical
13.26 assistance payments for inpatient hospital services to all nonstate government hospitals
13.27 is less than the upper payment limit, the commissioner shall increase the supplemental
13.28 payment amount for each eligible nonstate government hospital in proportion to the initial
13.29 supplemental payments in order to maximize the additional total payments.

13.30 (b) The commissioner shall inform each eligible nonstate government hospital and
13.31 associated governmental entities of intergovernmental transfers necessary to provide
13.32 the nonfederal share for the supplemental payment amount attributable to each eligible
13.33 nonstate government hospital, as calculated under paragraph (a).

13.34 (c) Upon receipt of an intergovernmental transfer from a governmental entity
13.35 associated with an eligible nonstate government hospital or from the eligible nonstate

14.1 government hospital, the commissioner shall make a supplemental payment, using the
 14.2 amounts calculated under paragraph (a), to the associated eligible nonstate government
 14.3 hospital.

14.4 (d) The commissioner may implement the payments in this section through use of
 14.5 periodic payments and intergovernmental transfers.

14.6 (e) The commissioner shall inform eligible nonstate government hospitals and
 14.7 associated governmental entities on an ongoing basis of the need for any changes needed
 14.8 in the payment amounts or intergovernmental transfers in order to continue the payments
 14.9 under paragraph (c) at their maximum level, including increases in upper payment limits,
 14.10 changes in the federal Medicaid match, and other factors.

14.11 **EFFECTIVE DATE.** This section is effective April 1, 2010.

14.12 Sec. 10. Minnesota Statutes 2009 Supplement, section 256D.03, subdivision 3, is
 14.13 amended to read:

15.10 ~~beneficiary by the trustee, assuming the full exercise of the trustee's discretion under the~~
15.11 ~~terms of the trust, must be applied toward the asset maximum; or~~

15.12 ~~(ii) who has gross countable income above 75 percent of the federal poverty~~
15.13 ~~guidelines but not in excess of 175 percent of the federal poverty guidelines for the family~~
15.14 ~~size, using a six-month budget period, whose equity in assets is not in excess of the limits~~
15.15 ~~in section 256B.056, subdivision 3e, and who applies during an inpatient hospitalization.~~

15.27 ~~medical care, enrollees shall be enrolled in MinnesotaCare under section 256L.04,~~
15.28 ~~subdivision 7, with covered services as provided in section 256L.03 for the rest of the~~
15.29 ~~six-month general assistance medical care eligibility period, until their six-month renewal.~~

15.30 ~~(e) To be eligible for general assistance medical care following enrollment in~~
15.31 ~~MinnesotaCare as required by paragraph (d), an individual must complete a new~~
15.32 ~~application.~~

15.33 ~~(f) Applicants and recipients eligible under paragraph (a), clause (2), item (i), are~~
15.34 ~~exempt from the MinnesotaCare enrollment requirements in this subdivision if they:~~

16.1 ~~(1) have applied for and are awaiting a determination of blindness or disability by~~
16.2 ~~the state medical review team or a determination of eligibility for Supplemental Security~~
16.3 ~~Income or Social Security Disability Insurance by the Social Security Administration;~~

16.4 ~~(2) fail to meet the requirements of section 256L.09, subdivision 2;~~

16.22 ~~MinnesotaCare enrollment is pending. Upon notification of eligibility for MinnesotaCare,~~
16.23 ~~notice of termination for eligibility for general assistance medical care shall be sent to~~
16.24 ~~an applicant or recipient. If all other eligibility requirements of this subdivision are~~

16.30 ~~Department of Human Services. If the applicant is unable to provide a name, address,~~
16.31 ~~Social Security number, and signature when health care is delivered due to a medical~~
16.32 ~~condition or disability, a health care provider may act on an applicant's behalf to establish~~
16.33 ~~the date of an initial Minnesota health care program application by providing the county~~
16.34 ~~agency or Department of Human Services with provider identification and a temporary~~
16.35 ~~unique identifier for the applicant. The applicant must complete the remainder of the~~
16.36 ~~application and provide necessary verification before eligibility can be determined. The~~

17.1 ~~applicant must complete the application within the time periods required under the~~
17.2 ~~medical assistance program as specified in Minnesota Rules, parts 9505.0015, subpart~~
17.3 ~~5, and 9505.0090, subpart 2. The county agency must assist the applicant in obtaining~~

17.8 ~~in order to determine eligibility and premium payments by the county agency.~~

17.9 ~~(k) General assistance medical care is not available for a person in a correctional~~

17.16 ~~(l) General assistance medical care is not available for applicants or recipients who~~
17.17 ~~do not cooperate with the county agency to meet the requirements of medical assistance.~~

17.21 ~~less than fair market value within the 60 months preceding application for general~~
17.22 ~~assistance medical care or during the period of eligibility. Any transfer described in this~~
17.23 ~~paragraph shall be presumed to have been for the purpose of establishing eligibility for~~
17.24 ~~general assistance medical care, unless the individual furnishes convincing evidence to~~
17.25 ~~establish that the transaction was exclusively for another purpose. For purposes of this~~
17.26 ~~paragraph, the value of the asset or interest shall be the fair market value at the time it~~

17.28 ~~uncompensated transfer, the number of months of ineligibility, including partial months,~~
17.29 ~~shall be calculated by dividing the uncompensated transfer amount by the average monthly~~
17.30 ~~per person payment made by the medical assistance program to skilled nursing facilities~~
17.31 ~~for the previous calendar year. The individual shall remain ineligible until this fixed period~~
17.32 ~~has expired. The period of ineligibility may exceed 30 months, and a reapplication for~~
17.33 ~~benefits after 30 months from the date of the transfer shall not result in eligibility unless~~
17.34 ~~and until the period of ineligibility has expired. The period of ineligibility begins in the~~
17.35 ~~month the transfer was reported to the county agency, or if the transfer was not reported,~~

18.1 ~~the month in which the county agency discovered the transfer, whichever comes first. For~~

18.12 ~~the United States without the approval or acquiescence of the United States Citizenship~~
18.13 ~~and Immigration Services.~~

18.14 ~~(p) Notwithstanding any other provision of law, a noncitizen who is ineligible for~~
18.15 ~~medical assistance due to the deeming of a sponsor's income and resources, is ineligible~~
18.16 ~~for general assistance medical care.~~

18.17 ~~(q) Effective July 1, 2003, general assistance medical care emergency services end.~~

21.3 eligibility can be determined. The applicant must complete the application within the time
21.4 periods required under the medical assistance program as specified in Minnesota Rules,
21.5 parts 9505.0015, subpart 5; and 9505.0090, subpart 2. The county agency must assist the
21.6 applicant in obtaining verification if necessary.

21.7 (b) County agencies are authorized to use all automated databases containing
21.8 information regarding recipients' or applicants' income in order to determine eligibility for
21.9 general assistance medical care or MinnesotaCare. Such use shall be considered sufficient
21.10 in order to determine eligibility and premium payments by the county agency.

21.11 (c) In determining the amount of assets of an individual eligible under subdivision 1,
21.12 paragraph (a), clause (2), there shall be included any asset or interest in an asset, including
21.13 an asset excluded under subdivision 1, paragraph (a), that was given away, sold, or
21.14 disposed of for less than fair market value within the 60 months preceding application for
21.15 general assistance medical care or during the period of eligibility. Any transfer described
21.16 in this paragraph shall be presumed to have been for the purpose of establishing eligibility
21.17 for general assistance medical care, unless the individual furnishes convincing evidence to
21.18 establish that the transaction was exclusively for another purpose. For purposes of this
21.19 paragraph, the value of the asset or interest shall be the fair market value at the time it
21.20 was given away, sold, or disposed of, less the amount of compensation received. For any
21.21 uncompensated transfer, the number of months of ineligibility, including partial months,
21.22 shall be calculated by dividing the uncompensated transfer amount by the average monthly
21.23 per person payment made by the medical assistance program to skilled nursing facilities
21.24 for the previous calendar year. The individual shall remain ineligible until this fixed period
21.25 has expired. The period of ineligibility may exceed 30 months, and a reapplication for
21.26 benefits after 30 months from the date of the transfer shall not result in eligibility unless
21.27 and until the period of ineligibility has expired. The period of ineligibility begins in the
21.28 month the transfer was reported to the county agency, or if the transfer was not reported,
21.29 the month in which the county agency discovered the transfer, whichever comes first. For
21.30 applicants, the period of ineligibility begins on the date of the first approved application.

21.31 (d) When determining eligibility for any state benefits under this subdivision,
21.32 the income and resources of all noncitizens shall be deemed to include their sponsor's
21.33 income and resources as defined in the Personal Responsibility and Work Opportunity
21.34 Reconciliation Act of 1996, title IV, Public Law 104-193, sections 421 and 422, and
21.35 subsequently set out in federal rules.

22.1 (e) Applicants and recipients are eligible for general assistance medical care for a
22.2 six-month eligibility period. Eligibility may be renewed for additional six-month periods.
22.3 During each six-month eligibility period, individuals are not eligible for MinnesotaCare.

22.24 practitioner in independent practice, if (1) the service is otherwise covered under this
22.25 chapter as a physician service, (2) the service provided on an inpatient basis is not included
22.26 as part of the cost for inpatient services included in the operating payment rate, and (3) the
22.27 service is within the scope of practice of the nurse practitioner's license as a registered
22.28 nurse, as defined in section 148.171;

22.29 (15) services of a certified public health nurse or a registered nurse practicing in
22.30 a public health nursing clinic that is a department of, or that operates under the direct
22.31 authority of, a unit of government, if the service is within the scope of practice of the
22.32 public health nurse's license as a registered nurse, as defined in section 148.171;

23.10 (2) \$3 per brand-name drug prescription, subject to a \$7 per month maximum for
23.11 prescription drug co-payments. No co-payments shall apply to antipsychotic drugs when
23.12 used for the treatment of mental illness.

23.13 (e) Co-payments shall be limited to one per day per provider for nonemergency
23.14 visits to a hospital-based emergency room. Recipients of general assistance medical care
23.15 are responsible for all co-payments in this subdivision. Reimbursement for prescription
23.16 drugs shall be reduced by the amount of the co-payment until the recipient has reached the
23.17 \$7 per month maximum for prescription drug co-payments. The provider shall collect
23.18 the co-payment from the recipient. Providers may not deny services to recipients who
23.19 are unable to pay the co-payment.

23.26 **2010.** (a) For the period April 1, 2010, to May 31, 2010, general assistance medical
23.27 care shall be paid on a fee-for-service basis. Fee-for-service payment rates for services
23.28 other than outpatient prescription drugs shall be set at 37 percent of the payment rate in
23.29 effect on March 31, 2010.

23.30 (b) Outpatient prescription drug coverage provided during the period April 1, 2010,
23.31 to May 31, 2010, shall be paid on a fee-for-service basis according to section 256B.0625,
23.32 subdivision 13e.

23.33 **Subd. 6. Coordinated care delivery systems.** (a) Effective June 1, 2010, the
23.34 commissioner shall contract with hospitals or groups of hospitals that qualify under
23.35 paragraph (b) and agree to deliver services according to this subdivision. Contracting
23.36 hospitals shall develop and implement a coordinated care delivery system to provide

24.1 health care services to individuals who are eligible for general assistance medical care
24.2 under this section and who either choose to receive services through the coordinated
24.3 care delivery system or who are enrolled by the commissioner under paragraph (c). The
24.4 health care services provided by the system must include: (1) the services described in
24.5 subdivision 4 with the exception of outpatient prescription drug coverage but shall include
24.6 drugs administered in an outpatient setting; or (2) a set of comprehensive and medically
24.7 necessary health services that the recipients might reasonably require to be maintained in
24.8 good health and that has been approved by the commissioner, including as a minimum,
24.9 but not limited to, emergency care, emergency ground ambulance transportation services,
24.10 inpatient hospital and physician care, outpatient health services, preventive health services,
24.11 mental health services, and prescription drugs. A hospital establishing a coordinated
24.12 care delivery system under this subdivision must ensure that the requirements of this
24.13 subdivision are met.

24.14 (b) A hospital or group of hospitals may contract with the commissioner to develop
24.15 and implement a coordinated care delivery system as follows:

24.16 (1) effective June 1, 2010, a hospital qualifies under this subdivision if: (i) during
24.17 calendar year 2007, it received fee-for-service payments for services to general assistance
24.18 medical care recipients (A) equal to or greater than \$1,500,000, or (B) equal to or greater
24.19 than 1.3 percent of net patient revenue; or (ii) a contract with the hospital is necessary to
24.20 provide geographic access or to ensure that at least 80 percent of enrollees have access to
24.21 a coordinated care delivery system; and

24.22 (2) effective December 1, 2010, a Minnesota hospital not qualified under clause
24.23 (1) may contract with the commissioner under this subdivision if it agrees to satisfy the
24.24 requirements of this subdivision.

24.25 Participation by hospitals shall become effective quarterly on June 1, September 1,
24.26 December 1, or March 1. Hospital participation is effective for a period of 12 months and
24.27 may be renewed for successive 12-month periods.

24.28 (c) Applicants and recipients may enroll in any available coordinated care delivery
24.29 system. If more than one coordinated care delivery system is available, the applicant or
24.30 recipient shall be allowed to choose among the systems. The commissioner may assign
24.31 an applicant or recipient to a coordinated care delivery system if no choice is made by
24.32 the applicant or recipient. Upon enrollment into a coordinated care delivery system, the
24.33 enrollee must agree to receive all nonemergency services through the coordinated care
24.34 delivery system. Enrollment in a coordinated care delivery system is for six months
24.35 and may be renewed for additional six-month periods, except that initial enrollment is
24.36 for six months or until the end of a recipient's period of general assistance medical care

25.1 eligibility, whichever occurs first. An individual is not eligible to enroll in MinnesotaCare
25.2 during a period of enrollment in a coordinated care delivery system. From June 1, 2010, to
25.3 November 30, 2010, applicants and enrollees not enrolled in a coordinated care delivery
25.4 system may seek services from a hospital eligible for reimbursement under the temporary
25.5 uncompensated care pool established under subdivision 8. After November 30, 2010,
25.6 services are available only through a coordinated care delivery system.

25.7 (d) The hospital may contract and coordinate with providers and clinics for the
25.8 delivery of services and shall contract with essential community providers as defined
25.9 under section 62Q.19, subdivision 1, paragraph (a), clauses (1) and (2), to the extent
25.10 practicable. If a provider or clinic contracts with a hospital to provide services through the
25.11 coordinated care delivery system, the provider may not refuse to provide services to any
25.12 of the system's enrollees, and payment for services shall be negotiated with the hospital
25.13 and paid by the hospital from the system's allocation under subdivision 7.

25.14 (e) A coordinated care delivery system must:

25.15 (1) provide the covered services required under paragraph (a) to recipients enrolled
25.16 in the coordinated care delivery system, and comply with the requirements of subdivision
25.17 4, paragraphs (b) to (g);

25.18 (2) establish a process to monitor enrollment and ensure the quality of care provided;
25.19 and

25.20 (3) in cooperation with counties, coordinate the delivery of health care services with
25.21 existing homeless prevention, supportive housing, and rent subsidy programs and funding
25.22 administered by the Minnesota Housing Finance Agency under chapter 462A; and

25.23 (4) adopt innovative and cost-effective methods of care delivery and coordination,
25.24 which may include the use of allied health professionals, telemedicine, patient educators,
25.25 care coordinators, and community health workers.

25.26 (f) The hospital may require an enrollee to designate a primary care provider or a
25.27 primary care clinic that is certified as a health care home under section 256B.0751. The
25.28 hospital may limit the delivery of services to a network of providers who have contracted
25.29 with the hospital to deliver services in accordance with this subdivision, and require
25.30 an enrollee to seek services only within this network. The hospital may also require
25.31 a referral to a provider before the service is eligible for payment. A coordinated care
25.32 delivery system is not required to provide payment to a provider who is not employed
25.33 by or under contract with the system for services provided to an enrollee of the system,
25.34 except in cases of an emergency.

25.35 (g) An enrollee of a coordinated care delivery system has the right to appeal to the
25.36 commissioner according to section 256.045.

26.1 (h) The state shall not be liable for the payment of any cost or obligation incurred
26.2 by the coordinated care delivery system.

26.3 (i) The hospital must provide the commissioner with data necessary for assessing
26.4 enrollment, quality of care, cost, and utilization of services. Each hospital must provide,
26.5 on a quarterly basis on a form prescribed by the commissioner for each enrollee served
26.6 through the coordinated care delivery system, the services provided, the cost of services
26.7 provided, and the actual payment amount for the services provided and any other
26.8 information the commissioner deems necessary to claim federal Medicaid match.

26.9 **Subd. 7. Payments; rate setting for the hospital coordinated care delivery**
26.10 **system.** (a) Effective for general assistance medical care services, with the exception
26.11 of outpatient prescription drug coverage, provided on or after June 1, 2010, through a
26.12 coordinated care delivery system, the commissioner shall allocate the annual appropriation
26.13 for the coordinated care delivery system to hospitals participating under subdivision 6
26.14 twice every three months, starting June 1, 2010. The payment shall be allocated among all
26.15 hospitals qualified to participate on the allocation date. Each hospital or group of hospitals
26.16 shall receive a pro rata share of the allocation based on the hospital's or group of hospitals'
26.17 calendar year 2007 payments for general assistance medical care services, provided that,
26.18 for the purposes of this allocation, payments to Hennepin County Medical Center, Regions
26.19 Hospital, and Fairview University Medical Center shall be weighted at 110 percent of the
26.20 actual amount. The commissioner shall conduct a settle-up after the conclusion of each
26.21 quarter to ensure that final allocations reflect actual hospital utilization and shall reallocate
26.22 funds as necessary among participating hospitals. The 2007 base year shall be updated by
26.23 one calendar year each June 1, beginning June 1, 2011.

26.24 (b) In order to be reimbursed under this section, nonhospital providers of health
26.25 care services shall contract with one or more hospitals described in paragraph (a) to
26.26 provide services to general assistance medical care recipients through the coordinated care
26.27 delivery system established by the hospital. The hospital shall reimburse bills submitted
26.28 by nonhospital providers participating under this paragraph at a rate negotiated between
26.29 the hospital and the nonhospital provider.

26.30 (c) The commissioner shall apply for federal matching funds under section
26.31 256B.199, paragraphs (a) to (d), for expenditures under this subdivision.

26.32 (d) Outpatient prescription drug coverage provided on or after June 1, 2010, shall
26.33 be paid on a fee-for-service basis according to section 256B.0625, subdivision 13e, and
26.34 subdivision 9.

26.35 **Subd. 8. Temporary uncompensated care pool.** (a) The commissioner shall
26.36 establish a temporary uncompensated care pool, effective June 1, 2010. Payments from

27.1 the pool must be distributed, within the limits of the available appropriation, to hospitals
27.2 that are not part of a coordinated care delivery system established under subdivision 6.

27.3 (b) Hospitals seeking reimbursement from this pool must submit an invoice to
27.4 the commissioner in a form prescribed by the commissioner for payment for services
27.5 provided to an applicant or enrollee not enrolled in a coordinated care delivery system. A
27.6 payment amount, as calculated under current law, must be determined, but not paid, for
27.7 each admission of or service provided to a general assistance medical care recipient on or
27.8 after June 1, 2010, to November 30, 2010.

27.9 (c) The aggregated payment amounts for each hospital must be calculated as a
27.10 percentage of the total calculated amount for all hospitals.

27.11 (d) Distributions from the uncompensated care pool for each hospital must be
27.12 determined by multiplying the factor in paragraph (c) by the amount of money in the
27.13 uncompensated care pool that is available for the six-month period.

27.14 (e) The commissioner shall apply for federal matching funds under section
27.15 256B.199, paragraphs (a) to (d), for expenditures under this subdivision.

27.16 (f) Outpatient prescription drugs are not eligible for payment under this subdivision.

27.17 Subd. 9. **Prescription drug pool.** (a) The commissioner shall establish a
27.18 prescription drug pool, effective June 1, 2010. Money in the pool must be used to
27.19 reimburse pharmacies and other providers for prescription drugs dispensed to enrollees,
27.20 on a fee-for-service basis according to section 256B.0625, subdivision 13e. If the
27.21 commissioner forecasts that expenditures under this subdivision will exceed the
27.22 appropriation for this purpose, the commissioner may bring recommendations to the
27.23 Legislative Advisory Commission on methods to resolve the shortfall.

27.24 (b) Effective June 1, 2010, coordinated care delivery systems established under
27.25 subdivision 6 shall pay to the commissioner, on a quarterly basis, an assessment that in the
27.26 aggregate equals 20 percent of the state appropriation for the prescription drug pool. Each
27.27 coordinated care delivery system's assessment must be in proportion to the system's share
27.28 of total funding provided by the state for coordinated care delivery systems, as calculated
27.29 by the commissioner based on the most recent available data.

27.30 Subd. 10. **Assistance for veterans.** Hospitals participating in the coordinated care
27.31 delivery system under subdivision 6 shall consult with counties, county veterans service
27.32 officers, and the Veterans Administration to identify other programs for which general
27.33 assistance medical care recipients enrolled in their system are qualified.

27.34 **EFFECTIVE DATE.** This section is effective for services rendered on or after

28.5 newborns is automatic from the date of birth and must be coordinated with other health
28.6 coverage. The effective date of coverage for eligible newly adoptive children added to a
28.7 family receiving covered health services is the month of placement. The effective date
28.8 of coverage for other new members added to the family is the first day of the month
28.9 following the month in which the change is reported. All eligibility criteria must be met
28.10 by the family at the time the new family member is added. The income of the new family
28.11 member is included with the family's gross income and the adjusted premium begins in

28.20 ensure coordination of any other health coverage for eligible persons. The commissioner
28.21 shall identify eligible persons who may have coverage or benefits under other plans of

28.31 month the application is approved.

28.32 (b) Each new period of eligibility must take into account any changes in
28.33 circumstances that impact eligibility and premium amount. An enrollee must provide all
28.34 the information needed to redetermine eligibility by the first day of the month that ends
28.35 the eligibility period. If there is no change in circumstances, the enrollee may renew

29.1 eligibility at designated locations that include community clinics and health care providers'
