1.2 Delete everything after the enacting clause and insert:

1.3 "Section 1. Minnesota Statutes 2009 Supplement, section 120B.35, subdivision 3,
1.4 is amended to read:

1.5 Subd. 3. **State growth target; other state measures.** (a) The state's educational
1.6 assessment system measuring individual students' educational growth is based on
1.7 indicators of achievement growth that show an individual student's prior achievement.
1.8 Indicators of achievement and prior achievement must be based on highly reliable
1.9 statewide or districtwide assessments.

1.10 (b) The commissioner, in consultation with a stakeholder group that includes
1.11 assessment and evaluation directors and staff and researchers must implement a model
1.12 that uses a value-added growth indicator and includes criteria for identifying schools
1.13 and school districts that demonstrate medium and high growth under section 120B.299,
1.14 subdivisions 8 and 9, and may recommend other value-added measures under section
1.15 120B.299, subdivision 3. The model may be used to advance educators' professional
1.16 development and replicate programs that succeed in meeting students' diverse learning
1.17 needs. Data on individual teachers generated under the model are personnel data under
1.18 section 13.43. The model must allow users to:

1.19 (1) report student growth consistent with this paragraph; and

1.20 (2) for all student categories, report and compare aggregated and disaggregated state
1.21 growth data using the nine student categories identified under the federal 2001 No Child
1.22 Left Behind Act and two student gender categories of male and female, respectively,
1.23 following appropriate reporting practices to protect nonpublic student data.

1.24 The commissioner must report separate measures of student growth and proficiency,
1.25 consistent with this paragraph.

1.26 (c) When reporting student performance under section 120B.36, subdivision 1, the
1.27 commissioner annually, beginning July 1, 2011, must report two core measures indicating

2.1 the extent to which current high school graduates are being prepared for postsecondary
2.2 academic and career opportunities:

2.3 (1) a preparation measure indicating the number and percentage of high school
2.4 graduates in the most recent school year who completed course work important to
2.5 preparing them for postsecondary academic and career opportunities, consistent with
2.6 the core academic subjects required for admission to Minnesota's public colleges and
2.7 universities as determined by the Office of Higher Education under chapter 136A; and

2.8 (2) a rigorous coursework measure indicating the number and percentage of high
2.9 school graduates in the most recent school year who successfully completed one or more
2.10 college-level advanced placement, international baccalaureate, postsecondary enrollment
2.11 options including concurrent enrollment, other rigorous courses of study under section
2.12 120B.021, subdivision 1a, or industry certification courses or programs.

2.13 When reporting the core measures under clauses (1) and (2), the commissioner must also
2.14 analyze and report separate categories of information using the nine student categories
2.15 identified under the federal 2001 No Child Left Behind Act and two student gender
2.16 categories of male and female, respectively, following appropriate reporting practices to
2.17 protect nonpublic student data.

2.18 (d) When reporting student performance under section 120B.36, subdivision 1, the
2.19 commissioner annually, beginning July 1, 2014, must report summary data on school
2.20 safety and students' engagement and connection at school. The summary data under this
2.21 paragraph are separate from and must not be used for any purpose related to measuring
2.22 or evaluating the performance of classroom teachers. The commissioner, in consultation
2.23 with qualified experts on student engagement and connection and classroom teachers,
2.24 must identify highly reliable variables that generate summary data under this paragraph.
2.25 The summary data may be used at school, district, and state levels only. Any data on
2.26 individuals received, collected, or created that are used to generate the summary data
2.27 under this paragraph are nonpublic data under section 13.02, subdivision 9.

2.28 (e) For purposes of statewide educational accountability, the commissioner must
2.29 identify and report measures that demonstrate the relative success of school districts,
2.30 charter schools, and alternative program providers in improving the graduation outcomes
2.31 of students under this paragraph. When reporting student performance under section
2.32 120B.36, subdivision 1, the commissioner, beginning July 1, 2013, annually must report
2.33 summary data on the four and six-year graduation rates of students who are identified
2.34 as at-risk of not graduating or off-track to graduate, including students who eligible to
2.35 participate in a program under section 123A.05 or section 124D.68, and the academic

3.1 success that school districts, charter schools, and alternative program providers experience
3.2 in:

3.3 (1) identifying at-risk and off-track student populations by grade;

3.4 (2) providing successful prevention and intervention strategies for at-risk students;

3.5 and

3.6 (3) providing successful recuperative and recovery or reenrollment strategies for
3.7 off-track students.

3.8 For purposes of this paragraph, a student who is at-risk of not graduating is a student in
3.9 eighth or ninth grade who meets one or more of the following criteria:

3.11 and may be older than other students enrolled in the same grade;

3.12 (2) as an eighth grader, is absent from school for at least 20 percent of the days of
3.13 instruction during the school year, is two or more years older than other students enrolled
3.14 in the same grade, or fails multiple core academic courses; or

3.15 (3) as a ninth grader, fails multiple ninth grade core academic courses in English
3.16 language arts, math, science, or social studies.

3.27 consistent with the recommendations the commissioner receives from recognized and
3.28 qualified experts on improving differentiated graduation rates, and establishing alternative
3.29 routes to a standard high school diploma for at-risk and off-track students.

4.7 with sections 122A.06 and 122A.15 for purposes of determining these ratios; staff
4.8 characteristics excluding salaries; student enrollment demographics; district mobility; and
4.9 extracurricular activities. The report also must indicate a school's adequate yearly progress
4.10 status, and must not set any designations applicable to high- and low-performing schools
4.11 due solely to adequate yearly progress status.

5.6 subdivision 3, paragraph (e), including: who initiates the request for an alternative route;
5.7 who approves the request for an alternative route; the specific parameters of the alternative
5.8 route process, including whether a student first must fail a regular, state-mandated exam;
