6.27 and hours of enrollment of that pupil. If the pupil enrolls in a course for postsecondary  
6.28 credit, the institution must notify the pupil about payment in the customary manner used  
6.29 by the institution.

6.30 **EFFECTIVE DATE.** This section is effective for the 2012-2013 school year and

7.4 school or to a pupil or parent, ~~but it may not advertise or otherwise recruit or solicit~~  
7.5 ~~the participation of secondary pupils to enroll in its programs on financial grounds.~~  
7.6 An institution must not enroll secondary pupils, for postsecondary enrollment options  
7.7 purposes, in remedial, developmental, or other courses that are not college level. Once a

7.27 Subd. 12. **Credits.** ~~A pupil may enroll in a course under this section for either~~

7.30 ~~several courses may designate some for secondary credit and some for postsecondary~~  
7.31 ~~credit.~~ A pupil must not audit a course under this section.

7.32 A district shall grant academic credit to a pupil enrolled in a course for secondary  
7.33 credit if the pupil successfully completes the course. Seven quarter or four semester

8.2 postsecondary credit if secondary credit is requested by a pupil. If no comparable course is  
8.3 offered by the district, the district must, as soon as possible, notify the commissioner, who  
8.4 shall determine the number of credits that shall be granted to a pupil who successfully  
8.5 completes a course. If a comparable course is offered by the district, the school board  
8.6 shall grant a comparable number of credits to the pupil. If there is a dispute between the  
8.7 district and the pupil regarding the number of credits granted for a particular course, the  
8.8 pupil may appeal the board's decision to the commissioner. The commissioner's decision  
8.9 regarding the number of credits shall be final.

8.10 The secondary credits granted to a pupil must be counted toward the graduation  
8.11 requirements and subject area requirements of the district. Evidence of successful

8.15 the pupil's secondary school record must also include evidence of successful completion  
8.16 and credits granted for a course taken for postsecondary credit. In either case, the record  
8.17 must indicate that the credits were earned at a postsecondary institution.

8.18 If a pupil enrolls in a postsecondary institution after leaving secondary school, the  
8.19 postsecondary institution must award postsecondary credit for any course successfully  
8.20 completed for secondary credit at that institution. Other postsecondary institutions may  
8.21 award, after a pupil leaves secondary school, postsecondary credit for any courses  
8.22 successfully completed under this section. An institution may not charge a pupil for

9.1 the pupil attends credit-bearing classes in the high school or high school program for  
9.2 all of the available hours of instruction.

9.3 **EFFECTIVE DATE.** This section is effective for the 2012-2013 school year and  
9.4 later.

9.5 Sec. 12. Minnesota Statutes 2011 Supplement, section 126C.126, is amended to read:

9.6 **126C.126 REALLOCATING GENERAL EDUCATION REVENUE FOR**  
9.7 **ALL-DAY KINDERGARTEN AND PREKINDERGARTEN.**

9.8 ~~(a) In order to provide additional revenue for an optional all-day kindergarten~~  
9.9 ~~program, a district may reallocate general education revenue attributable to 12th grade~~  
9.10 ~~students who have graduated early under section 120B.07 and who do not participate in~~  
9.11 ~~the early graduation achievement scholarship program under section 120B.08 or the early~~

9.14 kindergarten and prekindergarten programs.

9.15 Sec. 13. Minnesota Statutes 2011 Supplement, section 126C.40, subdivision 1, is  
9.16 amended to read:

9.17 Subdivision 1. **To lease building or land.** (a) When an independent or a special  
9.18 school district or a group of independent or special school districts finds it economically  
9.19 advantageous to rent or lease a building or land for any instructional purposes or for  
9.20 school storage or furniture repair, and it determines that the operating capital revenue  
9.21 authorized under section 126C.10, subdivision 13, is insufficient for this purpose, it may  
9.22 apply to the commissioner for permission to make an additional capital expenditure levy  
9.23 for this purpose. An application for permission to levy under this subdivision must contain  
9.24 financial justification for the proposed levy, the terms and conditions of the proposed  
9.25 lease, and a description of the space to be leased and its proposed use.

9.26 (b) The criteria for approval of applications to levy under this subdivision must  
9.27 include: the reasonableness of the price, the appropriateness of the space to the proposed  
9.28 activity, the feasibility of transporting pupils to the leased building or land, conformity  
9.29 of the lease to the laws and rules of the state of Minnesota, and the appropriateness of  
9.30 the proposed lease to the space needs and the financial condition of the district. The  
9.31 commissioner must not authorize a levy under this subdivision in an amount greater than  
9.32 the cost to the district of renting or leasing a building or land for approved purposes.  
9.33 The proceeds of this levy must not be used for custodial or other maintenance services.

10.1 A district may not levy under this subdivision for the purpose of leasing or renting a  
10.2 district-owned building or site to itself.

10.3 (c) For agreements finalized after July 1, 1997, a district may not levy under this  
10.4 subdivision for the purpose of leasing: (1) a newly constructed building used primarily  
10.5 for regular kindergarten, elementary, or secondary instruction; or (2) a newly constructed  
10.6 building addition or additions used primarily for regular kindergarten, elementary, or  
10.7 secondary instruction that contains more than 20 percent of the square footage of the  
10.8 previously existing building.

10.9 (d) Notwithstanding paragraph (b), a district may levy under this subdivision for the  
10.10 purpose of leasing or renting a district-owned building or site to itself only if the amount  
10.11 is needed by the district to make payments required by a lease purchase agreement,  
10.12 installment purchase agreement, or other deferred payments agreement authorized by law,  
10.13 and the levy meets the requirements of paragraph (c). A levy authorized for a district by  
10.14 the commissioner under this paragraph may be in the amount needed by the district to  
10.15 make payments required by a lease purchase agreement, installment purchase agreement,  
10.16 or other deferred payments agreement authorized by law, provided that any agreement  
10.17 include a provision giving the school districts the right to terminate the agreement  
10.18 annually without penalty.

10.19 (e) The total levy under this subdivision for a district for any year must not exceed  
10.20 \$150 times the resident pupil units for the fiscal year to which the levy is attributable.

10.21 (f) For agreements for which a review and comment have been submitted to the  
10.22 Department of Education after April 1, 1998, the term "instructional purpose" as used in  
10.23 this subdivision excludes expenditures on stadiums.

10.24 (g) The commissioner of education may authorize a school district to exceed the  
10.25 limit in paragraph (e) if the school district petitions the commissioner for approval. The  
10.26 commissioner shall grant approval to a school district to exceed the limit in paragraph (e)  
10.27 for not more than five years if the district meets the following criteria:

10.28 (1) the school district has been experiencing pupil enrollment growth in the  
10.29 preceding five years;

10.30 (2) the purpose of the increased levy is in the long-term public interest;

10.31 (3) the purpose of the increased levy promotes colocation of government services;  
10.32 and

10.33 (4) the purpose of the increased levy is in the long-term interest of the district by  
10.34 avoiding over construction of school facilities.

10.35 (h) A school district that is a member of an intermediate school district may include  
10.36 in its authority under this section the costs associated with leases of administrative and

11.1 classroom space for intermediate school district programs. This authority must not exceed  
11.2 \$43 times the adjusted marginal cost pupil units of the member districts. This authority is  
11.3 in addition to any other authority authorized under this section.

11.4 (i) In addition to the allowable capital levies in paragraph (a), for taxes payable in  
11.5 2012, a district that is a member of the "Technology and Information Education Systems"  
11.6 data processing joint board, that finds it economically advantageous to enter into a lease  
11.7 agreement to finance improvements to a building for a group of school districts or special  
11.8 school districts for staff development purposes, may levy for its portion of lease costs  
11.9 attributed to the district within the total levy limit in paragraph (e). The total levy authority  
11.10 under this paragraph shall not exceed \$632,000.

11.11 (j) Notwithstanding paragraph (a), a district may levy under this subdivision for the  
11.12 purpose of leasing administrative space if the district can demonstrate to the satisfaction of  
11.13 the commissioner that the lease cost for the administrative space is no greater than the  
11.14 lease cost for instructional space that the district would otherwise lease. The commissioner  
11.15 must deny this levy authority unless the district passes a resolution stating its intent to  
11.16 lease instructional space under this section if the commissioner does not grant authority  
11.17 under this paragraph. The resolution must also certify that the lease cost for administrative  
11.18 space under this paragraph is no greater than the lease cost for the district's proposed  
11.19 instructional lease.

11.20 Sec. 14. Minnesota Statutes 2010, section 135A.101, subdivision 1, is amended to read:

11.21 Subdivision 1. **Requirements for participation.** To participate in the postsecondary  
11.22 enrollment options program, a college or university must abide by the provisions in this  
11.23 section. The institution may provide information about its programs to a secondary school  
11.24 or to a pupil or parent, ~~but may not recruit or solicit participation on financial grounds.~~

11.25 Sec. 15. Minnesota Statutes 2010, section 471.975, is amended to read:

11.26 **471.975 MAY PAY DIFFERENTIAL OF RESERVE ON ACTIVE DUTY.**

11.27 (a) Except as provided in paragraph (b), a statutory or home rule charter city, county,  
11.28 town, or other political subdivision may pay to each eligible member of the National  
11.29 Guard or other reserve component of the armed forces of the United States an amount  
11.30 equal to the difference between the member's base active duty military salary and the  
11.31 salary the member would be paid as an active political subdivision employee, including  
11.32 any adjustments the member would have received if not on leave of absence. This  
11.33 payment may be made only to a person whose base active duty military salary is less than  
11.34 the salary the person would be paid as an active political subdivision employee. Back pay

12.1 authorized by this section may be paid in a lump sum. Payment under this section must  
12.2 not extend beyond four years from the date the employee reported for active service, plus  
12.3 any additional time the employee may be legally required to serve.

12.4 (b) Subject to the limits under paragraph (g), each school district shall pay to each  
12.5 eligible member of the National Guard or other reserve component of the armed forces  
12.6 of the United States an amount equal to the difference between the member's base active  
12.7 duty military salary and the salary the member would be paid as an active school district  
12.8 employee, including any adjustments the member would have received if not on leave  
12.9 of absence. The pay differential must be based on a comparison between the member's  
12.10 daily base rate of active duty pay, calculated by dividing the member's base military  
12.11 monthly salary by the number of paid days in the month, and the member's daily rate of  
12.12 pay for the member's school district salary, calculated by dividing the member's total  
12.13 school district salary by the number of contract days. The member's salary as a school  
12.14 district employee must include the member's basic salary and any additional salary the  
12.15 member earns from the school district for cocurricular and extracurricular activities. The  
12.16 differential payment under this paragraph must be the difference between the daily base  
12.17 rates of military pay times the number of school district contract days the member misses  
12.18 because of military active duty. This payment may be made only to a person whose daily  
12.19 base rate of active duty pay is less than the person's daily rate of pay as an active school  
12.20 district employee. Payments may be made at the intervals at which the member received  
12.21 pay as a school district employee. Payment under this section must not extend beyond  
12.22 four years from the date the employee reported for active service, plus any additional time  
12.23 the employee may be legally required to serve.

12.24 (c) An eligible member of the reserve components of the armed forces of the United  
12.25 States is a reservist or National Guard member who was an employee of a political  
12.26 subdivision at the time the member reported for active service on or after May 29, 2003,  
12.27 or who is on active service on May 29, 2003.

12.28 (d) Except as provided in paragraph (e) and elsewhere in Minnesota Statutes, a  
12.29 statutory or home rule charter city, county, town, or other political subdivision has total  
12.30 discretion regarding employee benefit continuation for a member who reports for active  
12.31 service and the terms and conditions of any benefit.

12.32 (e) A school district must continue the employee's enrollment in health and dental  
12.33 coverage, and the employer contribution toward that coverage, until the employee is  
12.34 covered by health and dental coverage provided by the armed forces. If the employee had  
12.35 elected dependent coverage for health or dental coverage as of the time that the employee  
12.36 reported for active service, a school district must offer the employee the option to continue

13.1 the dependent coverage at the employee's own expense. A school district must permit  
 13.2 the employee to continue participating in any pretax account in which the employee  
 13.3 participated when the employee reported for active service, to the extent of employee pay  
 13.4 available for that purpose.

13.5 (f) For purposes of this section, "active service" has the meaning given in section  
 13.6 190.05, subdivision 5, but excludes service performed exclusively for purposes of:

13.7 (1) basic combat training, advanced individual training, annual training, and periodic  
 13.8 inactive duty training;

13.9 (2) special training periodically made available to reserve members; and

13.10 (3) service performed in accordance with section 190.08, subdivision 3.

13.11 (g) ~~A school district making payments under paragraph (b) shall place a sum equal~~  
 13.12 ~~to any difference between the amount of salary that would have been paid to the employee~~  
 13.13 ~~who is receiving the payments and the amount of salary being paid to substitutes for~~  
 13.14 ~~that employee into a special fund that must be used to pay or partially pay the deployed~~  
 13.15 ~~employee's payments under paragraph (b). A school district is required to pay only this~~  
 13.16 ~~amount to the deployed school district employee. When an employee of a school district~~  
 13.17 ~~who as a member of the National Guard or any other reserve unit of the United States~~  
 13.18 ~~armed forces, reports for active service as defined in section 190.05, subdivision 5, the~~  
 13.19 ~~district must place into a special service members' aggregate salary savings account a sum~~  
 13.20 ~~equal to the positive difference between the amount of salary the district would have paid~~  
 13.21 ~~to the employee and the amount of salary paid to any substitute for the employee's position~~  
 13.22 ~~during the employee's leave for military service. The district must use the combined~~  
 13.23 ~~proceeds in the account only to fully pay, or partially pay in proportionate amounts, the~~  
 13.24 ~~salary differentials of all eligible deployed employees in the district, as determined under~~  
 13.25 ~~paragraph (b). A school district's obligation to make payments under this section is limited~~  
 13.26 ~~to the amount of money in the account.~~

13.27 **EFFECTIVE DATE.** This section is effective July 1, 2012, for school district  
 13.28 employees serving in active military duty on or after that date.

13.29 Sec. 16. Laws 2011, First Special Session chapter 11, article 5, section 11, is amended  
 13.30 to read:

13.31 Sec. 11. **FUND TRANSFER; FISCAL YEARS 2012 ~~AND 2013~~ THROUGH**  
 13.32 **2015 ONLY.**

13.33 (a) Notwithstanding Minnesota Statutes, section 123B.80, subdivision 3, for fiscal  
 13.34 years 2012 ~~and 2013~~ through 2015 only, the commissioner must approve a request for a  
 13.35 fund transfer if the transfer does not increase state aid obligations to the district or result in

14.1 additional property tax authority for the district. This section does not permit transfers  
14.2 from the community service fund or the food service fund.

14.3 (b) A school board may approve a fund transfer under paragraph (a) only after  
14.4 adopting a resolution stating the fund transfer will not diminish instructional opportunities  
14.5 for students.

14.6 **EFFECTIVE DATE.** This section is effective the day following final enactment.

14.7 Sec. 17. Laws 2011, First Special Session chapter 11, article 7, section 2, subdivision  
14.8 8, is amended to read:

14.9 Subd. 8. **Early childhood education scholarships.** For grants to early childhood  
14.10 education scholarships for public or private early childhood preschool programs for  
14.11 children ages 3 to 5:

14.12 \$ 4,000,000 ..... 2013

14.13 (a) All children whose parents or legal guardians meet the eligibility requirements  
14.14 of paragraph (b) established by the commissioner are eligible to receive early childhood  
14.15 education scholarships under this section.

14.16 (b) A parent or legal guardian is eligible for an early childhood education  
14.17 scholarship, to be used for a program provider of the parents' or legal guardians' choice, if  
14.18 the parent or legal guardian:

14.19 (1) has a child three or four years of age on September 1, beginning in calendar  
14.20 year 2012; and

14.21 (2)(i) has income equal to or less than 47 percent of the state median income in the  
14.22 current calendar year; or

14.23 (ii) can document their child's identification through another public funding  
14.24 eligibility process, including the Free and Reduced Price Lunch Program, National School  
14.25 Lunch Act, United States Code, title 42, section 1751, part 210; Head Start under federal  
14.26 Improving Head Start for School Readiness Act of 2007; Minnesota family investment  
14.27 program under chapter 256J; and child care assistance programs under chapter 119B.

14.28 (c) Of the amount appropriated under this section, \$250,000 is for a grant to the  
14.29 parent-child home program.

14.30 (d) Each year, the Department of Education must award one-half of the early  
14.31 childhood education scholarship money to parents and legal guardians who reside in the  
14.32 seven-county metropolitan area and the other half to parents and legal guardians who live  
14.33 in greater Minnesota. If any money remains from either half after the initial applications,  
14.34 the commissioner may use that money to make early education scholarships in the

15.1 other region. If this appropriation is insufficient to provide early childhood education  
15.2 scholarships to all eligible children, the Department of Education shall make scholarships  
15.3 available on a first-come, first-served basis within each of the two geographic regions of  
15.4 the state.

15.5 (e) The commissioner of education shall submit a written report to the education  
15.6 committees of the legislature by January 15, 2012, describing its plan for implementation  
15.7 of scholarships under this subdivision for the 2012-2013 school year.

15.8 (f) Any balance in the first year does not cancel but is available in the second year.

15.9 (g) The base for this program is \$2,000,000 each year.

15.10 **EFFECTIVE DATE.** This section is effective the day following final enactment.

15.11 Sec. 18. **BEMIDJI PUPIL TRANSPORTATION GRANT.**

15.17 (a) A career and technical education advisory task force is established to develop  
15.18 recommendations for better integrating career and technical education into kindergarten  
15.19 through grade 12 curriculum and instruction, improving teachers' ability to help students  
15.20 prepare for college and careers by measures that include increasing the number of  
15.21 teachers with a master's degree in a content area directly related to the teachers'  
15.22 teaching assignment, and successfully meeting 21st century challenges through a more  
15.23 comprehensive approach to kindergarten through grade 12 education that includes  
15.24 expanded work-based learning opportunities and opportunities for 9th and 10th grade  
15.25 students to participate in postsecondary enrollment options under Minnesota Statutes,  
15.26 section 124D.09. The advisory task force must at least examine the role of school  
15.27 administrators, teachers, policy makers, and others in:

15.29 skills and academic proficiency;
