

Commuter Services Results Summary

Each year we hold between **100 – 135 onsite commuter fairs** with large/medium sized companies and multi-tenant office buildings to assist commuters with commuting resources

In a typical year over **5,500 drive alone commuters SWITCH** to using a sustainable commute mode **after receiving customized assistance from Commuter Services**

 **1,887** New Bus and Light Rail Riders

 **1,635** New Carpoolers

 **1,254** New Bike Commuters

 **937** New Teleworkers

 **43** New Vanpoolers in 15 Vanpools

Resulting in an estimated **56 million vehicle miles avoided** as a direct result of Commuter Services outreach

Each vehicle mile reduced by Commuter Services outreach costs just

1¢

“Commuter Services helps us address a major employee concern - getting to work. It’s like having an extra staff person dedicated to commuting issues.”

Paula Prah, Best Buy Co.

In 2018 alone, Commuter Services outreach resulted in the **reduction of 23,234 metric tons of CO2 emissions**

It takes **1,161,692** mature trees to reduce the same amount of CO2 emissions
