

1.1 ..... moves to amend H.F. No. 3447 as follows:

1.2 Page 1, after line 23, insert:

1.3 "Sec. 2. Minnesota Statutes 2016, section 16E.03, subdivision 4, is amended to read:

1.4 Subd. 4. **Evaluation procedure.** The chief information officer shall establish and, as  
1.5 necessary, update and modify procedures to evaluate information and communications  
1.6 projects proposed by state agencies. The evaluation procedure must assess the necessity,  
1.7 design and plan for development, ability to meet user requirements, accessibility, feasibility,  
1.8 and flexibility of the proposed data processing device or system, its relationship to other  
1.9 state or local data processing devices or systems, and its costs and benefits when considered  
1.10 by itself and when compared with other options. The evaluation procedure must also include  
1.11 a process for consultation with affected local units of government, if implementation of the  
1.12 proposed project requires the participation of both a state agency and a local government.

1.13 **EFFECTIVE DATE.** This section is effective July 1, 2018, and applies to the evaluation  
1.14 procedure for information and telecommunications technology projects reviewed by the  
1.15 state chief information officer on or after January 1, 2019.

1.16 Sec. 3. Minnesota Statutes 2016, section 16E.03, is amended by adding a subdivision to  
1.17 read:

1.18 Subd. 11. **Systems impacting local government.** An information and telecommunications  
1.19 technology project that includes the participation of both a state agency and a local unit of  
1.20 government may not be approved for full release or deployment until the project has been  
1.21 field tested by at least one local unit of government, and the results of the field test  
1.22 successfully demonstrate the integrity, security, and quality of the technology, and that the  
1.23 functionality and usability of the overall project meet the expectations described in the  
1.24 project's proposal. Standards for field testing that meet the requirements of this subdivision

2.1 must be incorporated into the project's development plan before it may be approved by the  
2.2 chief information officer under subdivision 3.

2.3 **EFFECTIVE DATE.** This section is effective July 1, 2018, and applies to information  
2.4 and telecommunications technology projects approved by the state chief information officer  
2.5 on or after that date."

2.6 Renumber the sections in sequence and correct the internal references

2.7 Amend the title accordingly
