The City of Silver Bay is seeking future funding to redevelop an aging area of the community into a Multi-Modal Trailhead Center that will benefit all visitors traveling the North Shore. Let's start the planning now!

The \$3.8 million Trailhead Center will provide for:

- Separate trail access for non-motorized and motorized users making access easier and safer for the different trail users.
- Direct connectivity to biking, hiking, atv, and snowmobile trails including the state-owned Gitchi-Gami Bike Trail, Superior Hiking Trail, CJ Ramstad/Northshore Trail, and other local trail systems.
- Ample and lighted parking that will accommodate cars, trucks, and trailers.
- Serve as a wayside rest for travelers along the Superior National Forest Scenic Byway and the North Shore Scenic Byway as Silver Bay is the connection point of both Byways.
- Access to lavatories and showers.
- Provide primitive green space for trail users.
- Located in the center of town near groceries, restaurants, fuel, automotive, hardware, and other local conveniences and amenities.
- Located near other recreational facilities such as tennis/pickleball courts, playgrounds, ballfields, skating, swimming pool, overlooks, arena, and a safe walk/run sidewalk system throughout the town.
- Compliments the new Black Beach Municipal Campground to be constructed in 2019.

Silver Bay is the heart of the North Shore, primarily due to its central location to all of the North Shore trail systems. With only an hour to Duluth, an hour to Grand Marais, and an hour to the Iron Range, the Multi-Modal Trailhead Center will be a perfect location for those traveling to this area to have a safe place to park and directly access the trails.

Silver Bay is the center of all the state and local trail systems on the North Shore.
