Sec. 5. Minnesota Statutes 2018, section 124D.861, subdivision 2, is amended to read:

Subd. 2. Plan implementation; components. (a) The school board of each eligible district must formally develop and implement a long-term plan under this section. The plan must be incorporated into the district's comprehensive strategic plan under section 120B.11. Plan components may include: innovative and integrated prekindergarten through grade 12 learning environments that offer students school enrollment choices; family engagement initiatives that involve families in their students' academic life and success; professional development opportunities for teachers and administrators focused on improving the academic achievement of all students, including teachers and administrators who are members of populations underrepresented among the licensed teachers or administrators in the district or school and who reflect the diversity of students under section 120B.35, subdivision 3, paragraph (b), clause (2), who are enrolled in the district or school; increased programmatic opportunities and effective and more diverse instructors focused on rigor and college and career readiness for underserved students, including students enrolled in alternative learning centers under section 123A.05, public alternative programs under section 126C.05; subdivision 15, and contract alternative programs under section 124D.69, among other underserved students; or recruitment and retention of teachers and administrators with diverse racial and ethnic backgrounds.

(b) The plan must contain goals for:

(1) reducing the disparities in academic achievement and in equitable access to effective and more diverse teachers among all students and specific categories of students under section 120B.35, subdivision 3, paragraph (b), excluding the student categories of gender, disability, and English learners; and

(2) increasing racial and economic diversity and integration in schools and districts.

(c) The plan must include strategies to make schools’ curriculum and learning and work environments more inclusive and respectful of students' racial, ethnic, and linguistic diversity and to address issues of structural inequities in schools that create opportunity and achievement gaps for students, families, and staff who are of color or who are American Indian. Examples of possible structural inequities include but are not limited to policies and practices that unintentionally result in disparate referrals and suspension, inequitable access to advanced coursework, overrepresentation in lower level coursework, inequitable
participation in cocurricular activities, inequitable parent involvement, and lack of access
to racially and ethnically diverse teachers.

(d) Plan components and strategies should be informed by local data and may include
but are not limited to the following efforts:

(1) innovative and integrated prekindergarten through grade 12 learning environments
that offer students school enrollment choices;

(2) family engagement initiatives that involve families in their students' academic life
and success, and improve relations between home and school;

(3) creating opportunities for students, families, staff, and community members who are
of color or American Indian to share their experiences in the school setting with school staff
and administration to inform development of specific proposals for making school
environments more inclusive and respectful toward all students, families, and staff;

(4) professional development opportunities for teachers and administrators focused on
improving the academic achievement of all students, including knowledge, skills, and
dispositions needed to be culturally responsive and successfully serve students who are
from diverse racial, ethnic, and linguistic backgrounds;

(5) recruitment and retention of teachers, administrators, cultural and family liaisons,
paraprofessionals, and other nonlicensed staff from racial, ethnic, and linguistic backgrounds
represented in the student population to strengthen relationships with all students, families,
and other members of the community;

(6) examining academic and discipline data, reexamining institutional policies and
practices that result in opportunity and achievement disparities between racial and ethnic
groups, and making necessary changes that increase access, meaningful participation,
representation, and positive outcomes for students of color, American Indian students, and
students who qualify for free or reduced-price lunch;

(7) increased programmatic opportunities and effective and more diverse instructors
focused on rigor and college and career readiness for underserved students, including but
not limited to students enrolled in alternative learning centers under section 123A.05, public
alternative programs under section 126C.05, subdivision 15, and contract alternative programs
under section 124D.69;

(8) developing or expanding ethnic studies course offerings to provide all students with
in-depth opportunities to learn about their own and others' cultures and historical experiences;
8.1 (9) examining and revising curricula in various subjects to be culturally relevant and inclusive of various racial and ethnic groups while meeting state academic standards.

8.2 (b) (e) Among other requirements, an eligible district must implement effective, research-based interventions that include formative assessment practices to reduce the disparities in student academic performance among the specific categories of students as measured by student progress and growth on state reading and math assessments and as aligned with section 120B.11.

8.3 (c) (f) Eligible districts must create efficiencies and eliminate duplicative programs and services under this section, which may include forming collaborations or a single, seven-county metropolitan areawide partnership of eligible districts for this purpose.

**EFFECTIVE DATE.** This section is effective for all plans reviewed and updated after the day of final enactment.

**ARTICLE 2**

**SAFE AND NURTURING SCHOOLS FOR EVERY STUDENT**

Section 1. Minnesota Statutes 2018, section 120A.22, subdivision 7, is amended to read:

Subd. 7. **Education records.** (a) A district, a charter school, or a nonpublic school that receives services or aid under sections 123B.40 to 123B.48 from which a student is transferring must transmit the student's educational records, within ten business days of a request, to the district, the charter school, or the nonpublic school in which the student is enrolling. Districts, charter schools, and nonpublic schools that receive services or aid under sections 123B.40 to 123B.48 must make reasonable efforts to determine the district, the charter school, or the nonpublic school in which a transferring student is next enrolling in order to comply with this subdivision.

(b) A closed charter school must transfer the student's educational records, within ten business days of the school's closure, to the student's school district of residence where the records must be retained unless the records are otherwise transferred under this subdivision.

(c) A school district, a charter school, or a nonpublic school that receives services or aid under sections 123B.40 to 123B.48 that transmits a student's educational records to another school district or other educational entity, charter school, or nonpublic school to which the student is transferring must include in the transmitted records information about any formal suspension, expulsion, and exclusion disciplinary action as well as pupil withdrawals under sections 121A.40 to 121A.56. Transmitted records must document any service a pupil requires to prevent the inappropriate behavior from recurring. The district, the charter school,
or the nonpublic school that receives services or aid under sections 123B.40 to 123B.48
must provide notice to a student and the student's parent or guardian that formal disciplinary
records will be transferred as part of the student's educational record, in accordance with
data practices under chapter 13 and the Family Educational Rights and Privacy Act of 1974,
United States Code, title 20, section 1232(g).

(d) Notwithstanding section 138.17, a principal or chief administrative officer must
remove from a student's educational record and destroy a probable cause notice received
under section 260B.171, subdivision 5, or paragraph (e), if one year has elapsed since the
date of the notice and the principal or chief administrative officer has not received a
disposition or court order related to the offense described in the notice. This paragraph does
not apply if the student no longer attends the school when this one-year period expires.

(e) A principal or chief administrative officer who receives a probable cause notice under
section 260B.171, subdivision 5, or a disposition or court order, must include a copy of that
data in the student's educational records if they are transmitted to another school, unless the
data are required to be destroyed under paragraph (d) or section 121A.75.

Sec. 2. Minnesota Statutes 2018, section 121A.41, is amended by adding a subdivision to
read:

Subd. 13. Pupil withdrawal agreement. "Pupil withdrawal agreement" means a verbal
or written agreement between a school or district administrator and a pupil's parent or
guardian to withdraw a student from the school district to avoid expulsion or exclusion
dismissal proceedings. The duration of the withdrawal agreement cannot be for more than
a 12-month period.

EFFECTIVE DATE. This section is effective for the 2020-2021 school year and later.

Sec. 3. Minnesota Statutes 2018, section 121A.45, subdivision 1, is amended to read:

Subdivision 1. Provision of alternative programs. No school shall dismiss any pupil
without attempting to provide alternative educational services before dismissal proceedings
or pupil withdrawal proceedings, except where it appears that the pupil will create an
immediate and substantial danger to self or to surrounding persons or property.

EFFECTIVE DATE. This section is effective for the 2020-2021 school year and later.
Sec. 4. Minnesota Statutes 2018, section 121A.53, subdivision 1, is amended to read:

Subdivision 1. Exclusions and expulsions; pupil withdrawals and physical assaults. Consistent with subdivision 2, the school board must report through the department electronic reporting system each exclusion or expulsion and each physical assault of a district employee by a student pupil, and each pupil withdrawal agreement within 30 days of the effective date of the dismissal action, pupil withdrawal, or assault to the commissioner of education. This report must include a statement of alternative educational services, or other sanction, intervention, or resolution in response to the assault given the pupil and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the student's pupil's age, grade, gender, race, and special education status.

EFFECTIVE DATE. This section is effective for the 2020-2021 school year and later.

Sec. 5. Minnesota Statutes 2018, section 124D.111, is amended to read:

124D.111 SCHOOL MEAL POLICY; LUNCH AID; FOOD SERVICE ACCOUNTING.

Subdivision 1. School lunch aid computation meal policy. (a) Each Minnesota participant in the national school lunch program must adopt and post to its website, or the website of the organization where the meal is served, a school meal policy. The policy must:

(1) be in writing, accessible in multiple languages, and clearly communicate student meal charges when payment cannot be collected at the point of service;

(2) be reasonable and well-defined and maintain the dignity of students by prohibiting lunch shaming or otherwise ostracizing the student;

(3) address whether the participant uses a collections agency to collect unpaid school meal debt;

(4) require any communication to collect unpaid school meal debt be done by school staff trained on the school district's policy on collecting student meal debt;

(5) require that all communication relating to school meal debt be delivered only to a student's parent or guardian and not directly to the student;

(6) ensure that once a participant has placed a meal on a tray or otherwise served the meal to a student, the meal may not be subsequently withdrawn from the student by the cashier or other school official, because the student has outstanding meal debt;
(7) ensure that a student who has been determined eligible for free and reduced-price lunch must always be served a reimbursable meal even if the student has outstanding debt;

(8) provide the vendor with its school meal policy if the school contracts with a third party for its meal services; and

(9) require school nutrition staff be trained on the policy.

(b) Any contract between a school and a third-party provider of meal services entered into or modified on or after July 1, 2020, must ensure that the third-party provider adheres to the participant's school meal policy.

Subd. 1a. School lunch aid amounts. Each school year, the state must pay participants in the national school lunch program the amount of 12.5 cents for each full paid and free student lunch and 52.5 cents for each reduced-price lunch served to students.

Subd. 2. Application. A school district, charter school, nonpublic school, or other participant in the national school lunch program shall apply to the department for this payment on forms provided by the department.

Subd. 2a. Federal child and adult care food program; criteria and notice. The commissioner must post on the department's website eligibility criteria and application information for nonprofit organizations interested in applying to the commissioner for approval as a multisite sponsoring organization under the federal child and adult care food program. The posted criteria and information must inform interested nonprofit organizations about:

(1) the criteria the commissioner uses to approve or disapprove an application, including how an applicant demonstrates financial viability for the Minnesota program, among other criteria;

(2) the commissioner's process and time line for notifying an applicant when its application is approved or disapproved and, if the application is disapproved, the explanation the commissioner provides to the applicant; and

(3) any appeal or other recourse available to a disapproved applicant.

Subd. 3. School food service fund. (a) The expenses described in this subdivision must be recorded as provided in this subdivision.

(b) In each district, the expenses for a school food service program for pupils must be attributed to a school food service fund. Under a food service program, the school food
service may prepare or serve milk, meals, or snacks in connection with school or community
service activities.

(c) Revenues and expenditures for food service activities must be recorded in the food
service fund. The costs of processing applications, accounting for meals, preparing and
serving food, providing kitchen custodial services, and other expenses involving the preparing
of meals or the kitchen section of the lunchroom may be charged to the food service fund
or to the general fund of the district. The costs of lunchroom supervision, lunchroom custodial
services, lunchroom utilities, and other administrative costs of the food service program
must be charged to the general fund.

That portion of superintendent and fiscal manager costs that can be documented as
attributable to the food service program may be charged to the food service fund provided
that the school district does not employ or contract with a food service director or other
individual who manages the food service program, or food service management company.
If the cost of the superintendent or fiscal manager is charged to the food service fund, the
charge must be at a wage rate not to exceed the statewide average for food service directors
as determined by the department.

(d) Capital expenditures for the purchase of food service equipment must be made from
the general fund and not the food service fund, unless the restricted balance in the food
service fund at the end of the last fiscal year is greater than the cost of the equipment to be
purchased.

(e) If the condition set out in paragraph (d) applies, the equipment may be purchased
from the food service fund.

(f) If a deficit in the food service fund exists at the end of a fiscal year, and the deficit
is not eliminated by revenues from food service operations in the next fiscal year, then the
deficit must be eliminated by a permanent fund transfer from the general fund at the end of
that second fiscal year. However, if a district contracts with a food service management
company during the period in which the deficit has accrued, the deficit must be eliminated
by a payment from the food service management company.

(g) Notwithstanding paragraph (f), a district may incur a deficit in the food service fund
for up to three years without making the permanent transfer if the district submits to the
commissioner by January 1 of the second fiscal year a plan for eliminating that deficit at
the end of the third fiscal year.

(h) If a surplus in the food service fund exists at the end of a fiscal year for three
successive years, a district may recode for that fiscal year the costs of lunchroom supervision,
lunchroom custodial services, lunchroom utilities, and other administrative costs of the food
service program charged to the general fund according to paragraph (c) and charge those
costs to the food service fund in a total amount not to exceed the amount of surplus in the
food service fund.

Subd. 4. No fees. A participant that receives school lunch aid under this section must
make lunch available without charge and must not deny a school lunch to all participating
students who qualify for free or reduced-price meals, whether or not that student has an
outstanding balance in the student's meal account attributable to a la carte purchases or for
any other reason.

Subd. 5. Respectful treatment. (a) The participant must also provide meals to students
in a respectful manner according to the policy adopted under subdivision 1. The participant
must ensure that any reminders for payment of outstanding student meal balances do
not intentionally demean or stigmatize or humiliate any child participating in the school
lunch program. The participant must not impose any other restriction prohibited under
section 123B.37 due to unpaid student meal debt. The participant must not limit a student's
participation in any school activities, graduation ceremonies, field trips, athletics, activity
clubs, or other extracurricular activities or access to materials, technology, or other items
provided to students due to an unpaid student meal debt.

(b) If the commissioner or the commissioner's designee determines a participant has
violated the requirement to provide meals to participating students in a respectful manner,
the commissioner or the commissioner's designee must send a letter of noncompliance to
the participant. The participant is required to respond and, if applicable, remedy the practice
within 60 days.

Subd. 6. Definitions. (a) For the purposes of this section, the terms defined in this
subdivision have the meanings given.

(b) "A la carte" means a food item ordered separately from the school meal.

(c) "School meal" means a meal provided to students during the school day.

EFFECTIVE DATE. This section is effective July 1, 2020.

Sec. 6. [124D.792] GRADUATION CEREMONIES; TRIBAL REGALIA AND
OBJECTS OF CULTURAL SIGNIFICANCE.

A school district or charter school must not prohibit an American Indian student from
wearing American Indian regalia, tribal regalia, or objects of cultural significance at
graduation ceremonies.
Sec. 7. Minnesota Statutes 2018, section 124E.03, subdivision 2, is amended to read:

Subd. 2. Certain federal, state, and local requirements. (a) A charter school shall meet all federal, state, and local health and safety requirements applicable to school districts.

(b) A school must comply with statewide accountability requirements governing standards and assessments in chapter 120B.

(c) A charter school must comply with the Minnesota Public School Fee Law, sections 123B.34 to 123B.39.

(d) A charter school is a district for the purposes of tort liability under chapter 466.

(e) A charter school must comply with the Pledge of Allegiance requirement under section 121A.11, subdivision 3.

(f) A charter school and charter school board of directors must comply with chapter 181 governing requirements for employment.

(g) A charter school must comply with continuing truant notification under section 260A.03.

(h) A charter school must develop and implement a teacher evaluation and peer review process under section 122A.40, subdivision 8, paragraph (b), clauses (2) to (13), and place students in classrooms in accordance with section 122A.40, subdivision 8, paragraph (d). The teacher evaluation process in this paragraph does not create any additional employment rights for teachers.

(i) A charter school must adopt a policy, plan, budget, and process, consistent with section 120B.11, to review curriculum, instruction, and student achievement and strive for the world's best workforce.

(j) A charter school is subject to and must comply with the Pupil Fair Dismissal Act, sections 121A.40 to 121A.56.

(k) A charter school is subject to and must comply with the uniform municipal contracting law under section 471.345 in the same manner as a school district.
ARTICLE 3
QUALIFIED TEACHERS FOR EVERY STUDENT

Section 1. [120B.117] INCREASING PERCENTAGE OF TEACHERS OF COLOR AND AMERICAN INDIAN TEACHERS IN MINNESOTA.

Subdivision 1. Purpose. This section sets short-term and long-term state goals for increasing the percentage of teachers of color and American Indian teachers in Minnesota and for ensuring all students have equitable access to effective and racially and ethnically diverse teachers who reflect the diversity of students. The goals and report required under this section are also important for meeting state goals for the world's best workforce under section 120B.11, achievement and integration under section 124D.861, and higher education attainment under section 135A.012, all of which have been established to close persistent opportunity and achievement gaps that limit students' success in school and life and impede the state's economic growth.

Subd. 2. Equitable access to racially and ethnically diverse teachers. The percentage of teachers who are of color or American Indian in Minnesota should increase at least two percentage points per year to have a teaching workforce that more closely reflects the state's increasingly diverse student population and to ensure all students have equitable access to effective and diverse teachers by 2040.

Subd. 3. Rights not created. The attainment goal in this section is not to the exclusion of any other goals and does not confer a right or create a claim for any person.

Subd. 4. Reporting. Beginning in 2020 and every even-numbered year thereafter, the Professional Educator Licensing and Standards Board must collaborate with the Department of Education and the Office of Higher Education to publish a summary report of each of the programs they administer and any other programs receiving state appropriations that have or include an explicit purpose of increasing the racial and ethnic diversity of the state's teacher workforce to more closely reflect the diversity of students. The report must include programs under sections 122A.2451, 122A.63, 122A.635, 122A.70, 124D.09, 124D.861, 136A.1275, and 136A.1791, along with any other programs or initiatives that receive state appropriations to address the shortage of teachers of color and American Indian teachers.

The board must, in coordination with the Office of Higher Education and Department of Education, provide policy and funding recommendations related to state-funded programs to increase the recruitment, preparation, licensing, hiring, and retention of racially and ethnically diverse teachers and the state's progress toward meeting or exceeding the goals of this section. The report must also include recommendations for state policy and funding.
needed to achieve the goals of this section, as well as plans for sharing the report and
activities of grant recipients, and opportunities among grant recipients of various programs
to share effective practices with each other. The 2020 report must include a recommendation
of whether a state advisory council should be established to address the shortage of racially
and ethnically diverse teachers and what the composition and charge of such an advisory
council would be if established. The board must consult with the state Indian Affairs Council

teachers. (a) To improve student learning and success, a school board and an exclusive
representative of the teachers in the district, consistent with paragraph (b), may develop a
teacher evaluation and peer review process for probationary and continuing contract teachers
through joint agreement. If a school board and the exclusive representative of the teachers
do not agree to an annual teacher evaluation and peer review process, then the school board
and the exclusive representative of the teachers must implement the state teacher evaluation
plan under paragraph (c). The process must include having trained observers serve as peer
coaches or having teachers participate in professional learning communities, consistent with
paragraph (b).

(b) To develop, improve, and support qualified teachers and effective teaching practices,
improve student learning and success, and provide all enrolled students in a district or school
with improved and equitable access to more effective and diverse teachers, the annual

5;

(2) must establish a three-year professional review cycle for each teacher that includes
an individual growth and development plan, a peer review process, and at least one
summative evaluation performed by a qualified and trained evaluator such as a school
administrator. For the years when a tenured teacher is not evaluated by a qualified and
trained evaluator, the teacher must be evaluated by a peer review;
(3) must be based on professional teaching standards established in rule; create, adopt, or revise a rubric of performance standards for teacher practice that must include culturally responsive methodologies and at least three levels of performance to determine common descriptions of effectiveness;

(4) must coordinate staff development activities under sections 122A.60 and 122A.61 with this evaluation process and teachers' evaluation outcomes;

(5) may provide time during the school day and school year for peer coaching and teacher collaboration;

(6) may include job-embedded learning opportunities such as professional learning communities;

(7) may include mentoring and induction programs for teachers, including teachers who are members of populations underrepresented among the licensed teachers in the district or school and who reflect the diversity of students under section 120B.35, subdivision 3, paragraph (b), clause (2), who are enrolled in the district or school;

(8) must include an option for teachers to develop and present a portfolio demonstrating evidence of reflection and professional growth, consistent with section 122A.187, subdivision 3, and include teachers' own performance assessment based on student work samples and examples of teachers' work, which may include video among other activities for the summative evaluation;

(9) must use data from valid and reliable assessments aligned to state and local academic standards and must use state and local measures of student growth and literacy that may include value-added models or student learning goals to determine 35 percent of teacher evaluation results;

(10) must use longitudinal data on student engagement and connection, and other student outcome measures explicitly aligned with the elements of curriculum for which teachers are responsible, including academic literacy, oral academic language, and achievement of content areas of English learners;

(11) must require qualified and trained evaluators such as school administrators to perform summative evaluations and ensure school districts and charter schools provide for effective evaluator training specific to teacher development and evaluation;

(12) must give teachers not meeting professional teaching standards under clauses (3) through (11) support to improve through a teacher improvement process that includes established goals and timelines; and
must discipline a teacher for not making adequate progress in the teacher improvement process under clause (12) that may include a last chance warning, termination, discharge, nonrenewal, transfer to a different position, a leave of absence, or other discipline a school administrator determines is appropriate.

Data on individual teachers generated under this subdivision are personnel data under section 13.43. The observation and interview notes of peer coaches may only be disclosed to other school officials with the consent of the teacher being coached.

(c) The department, in consultation with parents who may represent parent organizations and teacher and administrator representatives appointed by their respective organizations, representing the Professional Educator Licensing and Standards Board, the Minnesota Association of School Administrators, the Minnesota School Boards Association, the Minnesota Elementary and Secondary Principals Associations, Education Minnesota, and representatives of the Minnesota Assessment Group, the Minnesota Business Partnership, the Minnesota Chamber of Commerce, and Minnesota postsecondary institutions with research expertise in teacher evaluation, must create and publish a teacher evaluation process that complies with the requirements in paragraph (b) and applies to all teachers under this section and section 122A.41 for whom no agreement exists under paragraph (a) for an annual teacher evaluation and peer review process. The teacher evaluation process created under this subdivision does not create additional due process rights for probationary teachers under subdivision 5.

(d) Consistent with the measures of teacher effectiveness under this subdivision:

(1) for students in kindergarten through grade 4, a school administrator must not place or approve the placement of a student in the classroom of a teacher who is in the improvement process referenced in paragraph (b), clause (12), or has not had a summative evaluation if, in the prior year, that student was in the classroom of a teacher who received discipline pursuant to paragraph (b), clause (13), unless no other teacher at the school teaches that grade; and

(2) for students in grades 5 through 12, a school administrator must not place or approve the placement of a student in the classroom of a teacher who is in the improvement process referenced in paragraph (b), clause (12), or has not had a summative evaluation if, in the prior year, that student was in the classroom of a teacher who received discipline pursuant to paragraph (b), clause (13), unless no other teacher at the school teaches that subject area and grade.

(b) To enhance a principal's culturally responsive leadership skills and support and improve teaching practices, school performance, and student achievement for diverse student populations, including at-risk students, children with disabilities, English learners, and gifted students, among others, a district must develop and implement a performance-based system for annually evaluating school principals assigned to supervise a school building within the district. The evaluation must be designed to improve teaching and learning by supporting the principal in shaping the school's professional environment and developing teacher quality, performance, and effectiveness. The annual evaluation must:

(1) pupils within an age group or grade level;

(2) pupils who are eligible to participate in the graduation incentives program under section 124D.68; or

In this case, pupils must be accepted by lot. The charter school must develop and publish, including on its website, a lottery policy and process that it must use when accepting pupils by lot.

(c) A charter school shall give enrollment preference to a sibling of an enrolled pupil and to a foster child of that pupil's parents and may give preference for enrolling children of the school's staff before accepting other pupils by lot. A charter school that is located in Duluth township in St. Louis County and admits students in kindergarten through grade 6 must give enrollment preference to students residing within a five-mile radius of the school and to the siblings of enrolled children. A charter school may give enrollment preference to children currently enrolled in the school's free preschool or prekindergarten program under section 124E.06, subdivision 3, paragraph (b), who are eligible to enroll in kindergarten in the next school year.

(d) Admission to a charter school is free to any person who resides within the state of Minnesota. A person shall not be admitted to a charter school (1) as a kindergarten pupil, unless the pupil is at least five years of age on September 1 of the calendar year in which the school year for which the pupil seeks admission commences; or (2) as a first grade student, unless the pupil is at least six years of age on September 1 of the calendar year in which the school year for which the pupil seeks admission commences or has completed kindergarten; except that a charter school may establish and publish on its website a policy for admission of selected pupils at an earlier age, consistent with the enrollment process in paragraphs (b) and (c).

(e) Except as permitted in paragraph (d), a charter school, including its preschool or prekindergarten program established under section 124E.06, subdivision 3, paragraph (b), may not limit admission to pupils on the basis of intellectual ability, measures of achievement or aptitude, or athletic ability and may not establish any criteria or requirements for admission that are inconsistent with this section.

(f) The charter school shall not distribute any services or goods of value to students, parents, or guardians as an inducement, term, or condition of enrolling a student in a charter school.
(g) Once a student is enrolled in the school, the student is considered enrolled in the school until the student formally withdraws or is expelled under the Pupil Fair Dismissal Act in sections 121A.40 to 121A.56.

(h) A charter school with at least 90 percent of enrolled students who are eligible for special education services and have a primary disability of deaf or hard-of-hearing may enroll prekindergarten pupils with a disability under section 126C.05, subdivision 1, paragraph (a), and must comply with the federal Individuals with Disabilities Education Act under Code of Federal Regulations, title 34, section 300.324, subsection (2), clause (iv).

Sec. 15. Minnesota Statutes 2018, section 124E.13, subdivision 3, is amended to read:

Subd. 3. Affiliated nonprofit building corporation. (a) An affiliated nonprofit building corporation may purchase, expand, or renovate an existing facility to serve as a school or may construct a new school facility. *One local education agency* charter school may organize an affiliated nonprofit building corporation if the charter school:

(1) has operated for at least six consecutive years;

(2) as of June 30, has a net positive unreserved general fund balance in the preceding three fiscal years;

(3) has long-range strategic and financial plans that include enrollment projections for at least five years;

(1) be incorporated under section 317A;

(2) comply with applicable Internal Revenue Service regulations, including regulations for "supporting organizations" as defined by the Internal Revenue Service;

(4) submit to the commissioner a copy of its annual audit by December 31 of each year; and
(5) comply with government data practices law under chapter 13.

c) An affiliated nonprofit building corporation must not serve as the leasing agent for
property or facilities it does not own. A charter school that leases a facility from an affiliated
nonprofit building corporation that does not own the leased facility is ineligible to receive
charter school lease aid. The state is immune from liability resulting from a contract between
a charter school and an affiliated nonprofit building corporation.

d) The board of directors of the charter school must ensure the affiliated nonprofit
building corporation complies with all applicable legal requirements. The charter school's
authorizer must oversee the efforts of the board of directors of the charter school to ensure
legal compliance of the affiliated building corporation. A school's board of directors that
fails to ensure the affiliated nonprofit building corporation's compliance violates its
responsibilities and an authorizer must consider that failure when evaluating the charter
school.
