Sec.	Article 1: Federal Tax Conformity	Article 1: Federal Tax Conformity
1	<p>Revenue recapture for medical care debts; indexing. Modifies the inflation indexing of the income-based exemptions for debtors with medical care debts under the revenue recapture program to adopt the new federal indexing rules based on the Chained Consumer Price Index for Urban Consumers (C-CPI-U). This section also resets the dollar amounts to the 2018 levels.</p> <p>Background and chained CPI. Tax Cuts and Jobs Act (TCJA) converted inflation indexing in federal tax law from the CPI-U to C-CPI-U. Chained CPI accounts for the fact that consumers often change their consumption habits when prices increase by substituting for other goods. The index does that by regularly modifying (or “reweighting”) the market basket of goods and services whose prices are used in measuring price changes. By contrast, CPI-U uses a fixed market basket of goods and services that does not regularly change. Chained CPI tends to increase more slowly than CPI-U. This means that provisions that are indexed for inflation will grow more slowly than they did under prior law.</p> <p>Effective date: Tax year 2018.</p>	<p>Section 1. Same.</p>
2	<p>Update; administrative and compliance chapter. Updates chapter 289A for federal changes through March 31, 2018.</p> <p>Effective date: Tax year 2018.</p>	<p>Section 2. Same.</p>
3	<p>Filing requirements. Authorizes the commissioner of revenue to establish individual income tax filing requirements that differ from federal law based on the Minnesota standard deduction and exemption amounts set under section 46. Present law bases the Minnesota filing requirement on the requirement to file a federal return. Since the article converts the starting point for the Minnesota income tax from FTI to FAGI with a Minnesota standard deduction that is lower than the new federal standard deduction, there may be situations where individuals will have no federal filing requirement but will be obligated to pay Minnesota tax.</p> <p>Effective date: Tax year 2018.</p>	<p>Section 3. Similar. Cross references additional section allowing personal and dependent exemptions.</p>
4	<p>Cross reference change. Modifies statutory cross references in the composite return filing requirement for nonresident partners and S corporation shareholders to reflect the changes made by the article.</p> <p>Effective date: Tax year 2018.</p>	<p>Section 4. Similar. Omits cross reference to provision not included in Senate article.</p>
5	<p>Conforming change. Changes a reference from FTI to FAGI (in the information reporting for exempt interest dividends) to reflect the article’s change in the starting point of the individual income tax from FTI to FAGI.</p> <p>Effective date: Tax year 2018.</p>	<p>Section 5. Same.</p>
6	<p>Conforming change. Adds a reference to FAGI in the commissioner’s assessment authority, consistent</p>	<p>Section 6. Same.</p>

Sec.	Article 1: Federal Tax Conformity	Article 1: Federal Tax Conformity
	<p>with the article’s change in the starting point of the individual income tax from FTI to FAGI. Effective date: Tax year 2018.</p>	
7	<p>Surviving spouse definition. Defines “surviving spouse” (linked to the federal definition) for purposes of the individual income tax chapter, since this term is now used multiple times in the chapter. A surviving spouse is an unmarried individual whose spouse died in one of the two preceding tax years and who maintains a separate household. Effective date: Tax year 2018.</p>	<p>Section 7. Same.</p>
8	<p>Net income definition. Modifies the definition of net income to provide that the starting point for computing Minnesota individual income tax will be FAGI (rather the FTI). Estates, trusts, and C corporations will continue to use FTI. For taxpayers with deemed repatriation income under TCJA that elect to pay the federal tax in eight installments, net income will include proportionate amounts of that income in each of the appropriate tax years. (Under federal law, all of the income is included in tax year 2017, but the tax is paid in installments.) Effective date: Day following final enactment; adopting the FAGI starting point is effective for tax year 2018; changes incorporated by reference to federal provisions at the same time as they are effective for federal purposes.</p>	<p>Section 8. Similar. Slight differences in cross references and omits reference to deferred foreign income, since the Senate article excludes that income from taxation.</p>
9	<p>Adjusted gross income definition. Adds a definition of “adjusted gross income” and “federal adjusted gross income” that refers to federal law to minimize the need to include repeated references to section 62 of the Internal Revenue Code. This definition also requires taxpayers to have consistent elections for federal and Minnesota purposes on items that affect computation of FAGI (e.g., the cost recovery method that businesses use to compute their income). Effective date: Day following final enactment.</p>	<p>Section 9. Similar. Lists both terms in headnote.</p>
10	<p>Taxable net income definition. Modifies the definition of taxable net income to reflect section 46’s adoption of Minnesota itemized and standard deductions and personal exemptions. Effective date: Tax year 2018.</p>	<p>Section 10. Similar. Limits nonresidents to the standard deduction.</p>
	<p>Section 46 provides itemized deductions under the House article.</p>	<p>Section 11. State itemized deductions. Sets itemized deductions as federal itemized deductions prior to passage of TCJA, but excluding sales and income taxes as deductible taxes and including mortgage insurance premiums as deductible mortgage interest. Conforms to the TCJA provision to reduce the floor for the medical expense deduction from ten percent to 7.5 percent for tax years 2017 and 2018.</p>
	<p>Section 46 provides standard deduction under the House article.</p>	<p>Section 12. State standard deduction. Sets the standard deduction as equal to the federal standard deduction prior to passage of TCJA, except that it will be indexed using C-CPI-U.</p>

Sec.	Article 1: Federal Tax Conformity	Article 1: Federal Tax Conformity
11	<p>Chapter 290 update. Adopts the changes to the Internal Revenue Code made since December 16, 2016, for purposes of the individual income and corporate franchise taxes. This will adopt the changes in federal law, the most significant of which were made by TCJA and the BBA 2018.</p> <p>Effective date: Day following final enactment; changes incorporated by reference to federal provisions are effective at the same time as they are effective for federal purposes</p>	<p>Section 13. Same.</p>
12	<p>Additions to income; scope. Modifies the scope subdivision of the section providing individual income tax additions to income to be consistent with the article’s change in the starting point of the individual income tax from FTI to FAGI.</p> <p>Effective date: Tax year 2018.</p>	<p>Section 14. Same.</p>
13	<p>State and local income and sales taxes. Limits the addition for state and local income taxes and sales taxes to estates and trusts, since only those entities will continue to use FTI (which incorporates the federal deduction for state and local income taxes) in calculating Minnesota tax. The limitation on the deduction to the amount of the standard deduction is repealed, since trusts and estates are not allowed to elect the standard deduction.</p> <p>Effective date: Tax year 2018.</p>	<p>Section 15. Same.</p>
14	<p>Section 179 addition. Conforms to the federal section 179 allowances (allowing expensing for qualifying equipment purchases by businesses) for individuals, including pass-through entities, by limiting the addition to amounts deducted for federal purposes in taxable years before 2018. This change would allow individual income taxpayers the full section 179 deduction for property placed in service starting in tax year 2018.</p> <p>Effective date: Tax year 2018.</p>	<p>Section 16. Similar. Conforms effective for property placed in service in tax year 2019.</p>
	<p>Section 46 provides the phase-out of itemized deductions under the House article.</p>	<p>Section 17. Disallowed itemized deductions. Modifies the phase-out of itemized deductions to reflect that these are now specified in section 11 and converts the indexing to the C-CPI-U.</p>
	<p>Section 46 provides the phase-out of personal and dependent exemptions under the House article.</p>	<p>Section 18. Disallowed exemptions. Modifies the phase-out of the personal and dependent allowances to reflect that these are now specified in section 35 and converts the indexing to the C-CPI-U.</p>
15	<p>Foreign-derived intangible income (FDII). Requires amounts deducted under TCJA’s deduction for foreign-derived intangible income to be added back to FAGI for individuals (S corporation shareholders) who claim the deduction. FDII allows domestic corporations (including S corporations) with income from selling goods or services to foreign purchasers to deduct a percentage of that income. The amount of the deduction is determined under a complicated formula with percentages that vary from year to year and are subject to a variety of limitations and exclusions.</p>	<p>Section 20. Same. (different subdivision number)</p>

HOUSE

SENATE

Sec.	Article 1: Federal Tax Conformity	Article 1: Federal Tax Conformity
	Effective date: Tax year 2018.	
16	<p>529 Plan distributions. Requires distributions from 529 Plans (Qualified Tuition Plans) that are used to pay K-12 expenses to be added to FAGI. TCJA permits taxpayers to use distributions for K-12 expenses without being subject to tax. The amount added back may not exceed the amount of “earnings” on the account that are excluded from income for the taxable year. Thus, recovery of amounts contributed to the account (rather than the account’s investment returns) would not be taxed. This approach effectively treats any uses for K-12 purposes as the first use to which these investment returns or earnings are put (e.g., if distributions are also used to pay for higher education expenses).</p> <p>Effective date: Tax year 2018.</p>	<p>No comparable provision. Senate article conforms to federal treatment of 529 Plan distributions used for K-12 expenses.</p>
17	<p>Qualified business income. Requires a trust or estate to add to FTI the amount it deducted as qualified business income (the 20-percent deduction allowed under TCJA).</p> <p>Effective date: Tax year 2018.</p>	<p>Section 19. Same</p>
18	<p>Subtractions from income; scope. Modifies the scope subdivision of the section providing individual income tax subtractions from income to be consistent with the article’s change in the starting point of the individual income tax from FTI to FAGI.</p> <p>Effective date: Tax year 2018.</p>	<p>Section 21. Same</p>
19	<p>Charitable contributions for non-itemizers. Modifies the charitable contribution deduction for non-itemizers to be based on whether the taxpayer itemizes for Minnesota purposes (rather than federal purposes as under present law) and limits the deduction to resident individuals.</p> <p>Effective date: Tax year 2018.</p>	<p>Section 22. Similar. Does not limit the deduction to residents.</p>
	<p>Section 46 provides the personal and dependent exemption allowances under the House article.</p>	<p>Section 23. Personal and dependent exemption allowance. Allows the personal and dependent exemption allowances (specified in section 35) as a subtraction.</p>
20	<p>Conforming change. Changes a reference from FTI to FAGI (for the subtraction for military retirement pay) to be consistent with the article’s change in the starting point for calculating the Minnesota tax.</p> <p>Effective date: Tax year 2018.</p>	<p>Section 24. Same.</p>
21	<p>Social Security subtraction; indexing. Resets the dollar amounts of the subtraction for Social Security benefits to the tax year 2018 amounts and provides that indexing (starting for tax year 2019) will be done using C-CPI-U. In addition, the subtraction for married separate filers is specified as one-half of the married joint amount.</p> <p>Effective date: Tax year 2018.</p>	<p>Section 25. Same.</p>
	<p>No comparable provision.</p>	<p>Section 26. Moving expenses. Allows moving expenses, suspended by the TCJA, as a subtraction.</p>

HOUSE

SENATE

Sec.	Article 1: Federal Tax Conformity	Article 1: Federal Tax Conformity
		Effective date: Tax year 2018.
22	<p>GILTI subtraction. Allows the amount of global intangible low-taxed income (GILTI) required to be included in FAGI to be subtracted. TCJA required a portion of this foreign income (for corporations, including S corporations) to be included in FAGI. The House does not conform to the federal treatment.</p> <p>Effective date: Tax year 2018.</p>	Section 27. Same.
23	<p>Deemed repatriation income of nonresidents. Allows the amount of the deemed repatriation of deferred foreign income (a one-time requirement under TCJA that applies in tax year 2017) received by a nonresident to be subtracted from FAGI. The subtraction prevents Minnesota tax from applying to this non-Minnesota source income when it is received by nonresidents.</p> <p>Effective date: Retroactively to tax year 2017 (same time that federal provision applies).</p>	Section 28. Similar. Allow deductibility to residents as well.
	<p>Sections 10 and 46 provide standard and itemized deductions under the House article.</p>	<p>Section 29. Standard or itemized deductions. Allows the amount of the standard or itemized deductions (as specified in section 11 or 12) as subtraction from FAGI.</p> <p>Effective date: Tax year 2018.</p>
	No comparable provision.	<p>Section 30. Tuition subtraction. Allows the tuition subtraction, notwithstanding its expiration for federal income tax purposes, as a subtraction in computing FAGI.</p>
24	<p>Special foreign deductions. Allows corporations required to add back the new 100-percent deduction for foreign dividends under TCJA to reduce the addition by any amounts of the dividends that represent amounts taxed in a prior year under the deemed repatriation provision. The FDII deduction for corporations is required to be added back. The section also eliminates the addition for the special deduction related to deemed repatriation of deferred foreign earnings. That will result in tax applying to the amount of that income that is net of the deduction for the federal participation exemption.</p> <p>Effective date: Retroactively to tax year 2017 (necessary because of the provision modifying addition for the deduction under the repatriation provision).</p>	<p>Section 32. Foreign-derived intangible income. Requires an addition of foreign derived intangible income for corporations.</p> <p>Effective date: Tax year 2018.</p>
25	<p>Section 179 addition. Conforms to the federal section 179 allowances (allowing expensing for qualifying equipment purchases) for C corporations by limiting the addition to amounts deducted for federal purposes in taxable years before 2018. This change would allow corporate income taxpayers the full section 179 deduction for property placed in service starting in tax year 2018.</p> <p>Effective date: Tax year 2018.</p>	Section 31. Similar. Conforms effective for property placed in service in tax year 2019.
26	<p>GILTI subtraction. Allows the amount of GILTI required by a C Corporation to be included in FTI to be subtracted in computing Minnesota net income.</p>	Section 33. Same.

Sec.	Article 1: Federal Tax Conformity	Article 1: Federal Tax Conformity
	<p>TCJA subjects a portion of this foreign income to immediate federal taxation. The article does not conform to the federal treatment.</p> <p>Effective date: Tax year 2018.</p>	
	<p>No comparable provision.</p>	<p>Section 34. Deferred foreign income. Provides a subtraction for corporations for foreign-source income that was not subject to tax prior to TCJA, to the extent it was included in federal adjusted gross income. Effective for tax years 2017 and 2018.</p>
	<p>Sections 10 and 46 provide personal and dependent exemption allowances under the House article.</p>	<p>Section 35. Personal and dependent exemptions. Sets the amount of the personal and dependent exemption allowance at \$4,150 for each taxpayer and dependent (the amount allowed under prior federal law for tax year 2018) and indexes this amount in the future using the C-CPI-U.</p>
<p>27</p>	<p>Corporate alternative minimum tax (AMT). Eliminates a reference to the corporate AMT, which is repealed by section 68.</p>	<p>No comparable provision.</p>
<p>28</p>	<p>Unrelated business income tax (UBIT); net operating losses (NOLs). Requires a nonprofit corporation required to pay UBIT to add back its federal NOL and claim a Minnesota NOL under the rules applicable to C corporations under the Minnesota tax. This prevents TCJA’s rules requiring separately calculating NOLs for each activity from applying.</p> <p>Effective date: Tax year 2018.</p>	<p>No comparable provision.</p>
<p>29</p>	<p>Corporate franchise tax rate. Reduces the corporate franchise tax rate from 9.8 percent to 9.64 for tax years 2018 and 2019 and to 9.06 percent for tax years after that.</p>	<p>No comparable provision.</p>
<p>30</p>	<p>Individual tax rates. Resets the dollar amount of individual income tax brackets to the tax year 2018 amounts and reduces the 7.05 percent tax rate to 6.95 percent for tax year 2018, 6.9 percent for tax year 2019, and 6.75 percent for later tax years.</p> <p>In addition, conforming and updating changes are made to the allocation percentage that is used to determine the Minnesota-share of tax for nonresidents and part year residents. These changes reflect the repeal of the addition for domestic production activities and the subtractions for GILTI and the deemed repatriation income of nonresidents.</p> <p>Effective date: Tax year 2018.</p>	<p>Section 36. Individual tax rates. Resets the first tier rate from 5.35 percent to 5.1 percent; reset dollar amounts for purposes of indexing using C-CPI-U and updates cross references.</p>
<p>31</p>	<p>Indexing of rate brackets. Provides that indexing of individual income tax rate brackets (starting for tax year 2019) will be done using C-CPI-U.</p>	<p>Section 37. Same.</p>
<p>32</p>	<p>Dependent care credit; phase-out amounts. Resets the dollar amounts of the phase-out for the dependent care credit at the tax year 2018 amounts. This is necessary as part of the conversion to C-CPI-U indexing in section 34.</p> <p>Effective date: Tax year 2018.</p>	<p>Section 38. Same.</p>
<p>33</p>	<p>Dependent care credit; income measure. Adds alimony that is excluded from the recipient’s</p>	<p>Section 39. Same.</p>

TCJA, effective for tax year 2019, provides that alimony (paid under new agreements or orders) is no longer deductible to the payer and includible in the recipient's income. The section also repeals a reference to the domestic production deduction, which TCJA repealed.</p> <p>Effective date: Tax year 2018.</p>	
34	<p>Dependent care credit indexing. Converts indexing of the dependent care phase-out amounts to the C-CPI-U index.</p> <p>Effective date: Tax year 2018.</p>	Section 40. Same.
35	<p>Working family credit amounts; indexing. Resets the indexed dollar amounts under the working family credit at the tax year 2018 amounts and converts indexing to the C-CPI-U index.</p> <p>Effective date: Tax year 2018.</p>	Section 41. Same.
36	<p>Working family credit indexing. Converts indexing of additional working family credit amounts to the C-CPI-U index.</p> <p>Effective date: Tax year 2018.</p>	Section 42. Same.
37	<p>Long-term care insurance credit; conforming changes. Modifies the long-term care insurance credit to refer to Minnesota, rather than federal, itemized deductions.</p> <p>Effective date: Tax year 2018.</p>	Section 43. Similar. (cross reference difference)
38	<p>Long-term care insurance credit; conforming changes. Changes a reference in the long-term care insurance credit from FTI to Minnesota taxable net income.</p> <p>Effective date: Tax year 2018.</p>	Section 44. Same.
39	<p>Historic structure rehabilitation credit. Modifies the Internal Revenue Code reference to the historic structure rehabilitation credit to make it clear that the definition refers to the entire credit and not annual amount that is allowed in each tax year. TCJA modified the federal credit (which the Minnesota credit is based on and equal to) to provide it is allowed in five equal annual installments, starting with the year the property is placed in service.</p>	Section 45. Same.
40	<p>Historic structure rehabilitation credit; allowable in five installments. Allows the credit (and the grant in lieu of the credit) in five equal annual installments, following TCJA's changes to the federal credit.</p> <p>Effective date: Tax year 2018.</p>	Section 46. Same.
41	<p>Historic structure rehabilitation credit; conforming change. Makes conforming changes to clarify that credit is allowed in annual installments.</p> <p>Effective date: Tax year 2018.</p>	Section 47. Same.

43	<p>529 Plan credit. Modifies the 529 Plan credit definitions to eliminate the definition of FAGI, which is unnecessary as a result of section 9’s definition and to provide that qualified higher education expenses exclude amounts paid for K-12 expenses, as now permitted under federal law. Using account assets that qualified for the credit for K-12 expenses, as a result, would trigger recapture of the tax credit.</p> <p>Effective date: Tax year 2018.</p>	No comparable provision.																								
44	<p>529 Plan credit phase-out; indexing. Resets the phase-out thresholds under the 529 Plan credit at the tax year 2018 amounts and converts indexing to the C-CPI-U index.</p> <p>Effective date: Tax year 2018.</p>	Section 49. Same.																								
45	<p>Elderly exclusion; conforming change. Changes a reference from FTI to FAGI (in the elderly exclusion) to reflect the article’s change in the starting point of the individual income tax.</p> <p>Effective date: Tax year 2018.</p>	Section 50. Same.																								
46	<p>Itemized and standard deduction and exemption allowance. Establishes itemized deductions, standard deduction, and exemption allowances for the individual income tax; these amounts replace amounts allowed in calculating FTI under present law. The itemized deduction limitation is retained, and the formula for estimating the deduction is identical to the formula under existing law.</p> <p>Exemption amounts follow present law. The income phase-out of the allowance is retained (as well as the similar phase-out for itemized deductions).</p> <p>Itemized deduction rules generally follow those under TCJA, but are generally permanent (unlike the TCJA rules which revert to prior law rules effective for tax year 2026). 49	<p>Corporate AMT carryover credit. Modifies the carryover credit under the corporate AMT to reflect section 68's repeal of the corporate AMT. The carryover credit allows corporations that pay AMT in one year to use that tax as a credit against regular tax in a later tax year. Carryover credits generated in years prior to repeal could continue to be used in 2018 and later tax years.</p> <p>Effective date: Tax year 2018.</p>	No comparable provision.

5	<p>Medical cannabis; individual income subtraction. Allows companies manufacturing medical marijuana under Minnesota licenses to subtract their trade or business expenses in computing Minnesota individual income tax.</p> <p>Effective date: Tax year 2018.</p> <p>Background. Federal law (section 280E of the Internal Revenue Code), which Minnesota law incorporates by reference, disallows deductions for amounts “paid or incurred . . . in carrying on any trade or business [that] consists of trafficking in [Schedule I or II] controlled substances” as defined by federal law. Since marijuana is a Schedule I controlled substance, this provision prevents medical marijuana businesses from deducting their business expenses, such as rent, wages paid to employees, and so forth. Under guidance provided by the Internal Revenue Services (following the legislative history of section 280E), this does not prohibit deductions for the cost of goods sold. This section and section 7 would allow companies that are licensed by the state of Minnesota to produce medical marijuana to subtract the expenses disallowed under section 280E in computing Minnesota income or corporate tax.</p>	Section 8. A nonresident who is an eligible individual (e.g., the nonresident spouse of a Minnesota resident member of the military) would be allowed the full credit. Sec.	Article 5: Property Tax Reform	
31	<p>Additional refund for homeowners who are blind or disabled. Sections 31 and 32 provide a new state refund program for homeowners who are blind or disabled equal to 0.9 percent of the taxable market value of the homestead, but limited to \$425. This refund is meant to offset the special classification rate (0.45%) that these homeowners receive under current law on the first \$50,000 of value. Eligibility for the refund uses the same definition as is currently in law for class 1b.</p> <p>Effective date: Taxes payable 2020.</p>	No comparable provision.
32	<p>Additional refund for homeowners who are blind or disabled. See description section 31.</p>	No comparable provision.
33	<p>Residential property definition. See description for section 28.</p>	No comparable provision.
34	<p>Net tax capacity. Changes the date by which assessors certify net tax capacity under fiscal disparities from August 5 to August 1.</p> <p>Effective date: Beginning with assessments in 2020</p>	No comparable provision.
35	<p>Before May 1 for next year's taxes. Changes the application deadline for Metro agricultural preserves from June 1 to May 1.</p> <p>Effective date: Beginning with assessments in 2020</p>	No comparable provision.
36	<p>Grace period; taxpayer notice. Prevents an individual from losing a benefit due to missing a new due date, provided that the individual met the previous due date, for the first year the new due dates are effective.</p> <p>Requires the commissioner of revenue to provide notice to all persons affected by the calendar changes and due dates.</p>	No comparable provision.
37	<p>School Property tax reform. Establishes a school property tax working group to evaluate the impact of school capital investments on farmland property taxes, simplify school levies and coordinate interactions with the state general levy. Membership consists of four members of the house of representatives, four senators, four representatives of different sectors of the property tax base, and four representatives of school district organizations; the commissioners of education and revenue serve as ex-officio members. The group is charged with developing one or more legislative proposals by January 1, 2019.</p>	No comparable provision.
38	<p>Revisor's instruction. Instructs the revisor of statutes to make any necessary cross-reference changes that result from repealers in this act.</p>	No comparable provision.
39	<p>Repealer. Repeals a section of statutes pertaining to certification of class 1b property that would not be necessary due to the new refund mechanism in section 32. Repeals two sections relating to the definition of class 1 manufactured home parks, since that special classification is eliminated in section 24.</p> <p>Effective date: Taxes payable 2020.</p>	No comparable provision.

Sec.	Article 6: Aids and Credits	
1	<p>Initial application. Moves the application date for the senior deferral program from July 1 to November 1, and clarifies that a taxpayer may preapply for early approval or denial. The commissioner must notify the taxpayer in writing the reasons for a denial and that the taxpayer may amend their application and resubmit it up to November 1.</p> <p>Effective date: Effective beginning with taxes payable in 2019.</p>	No comparable provision.
2	<p>Certified aid adjustments. Deletes obsolete provisions and provides onetime extra aid payments to the following two cities for aids payable in 2019 only:</p> <ul style="list-style-type: none"> • \$97,260 to the city of Hermantown for their 2018 loss due to a formula glitch; and • \$150,000 to the city of Lilydale to help pay for some sewer costs. <p>Effective date: Effective for aids payable in calendar year 2019.</p>	No comparable provision.
3	<p>Payment dates. Shifts about \$14 million more of the calendar year 2019 city LGA payments to a June payment date rather than a July payment date.</p> <p>Effective date: Effective for aids payable in 2019.</p>	No comparable provision.
4	<p>New taxes prohibited. Modifies the general prohibition against local government imposing a tax on income or sales by explicitly prohibiting an increase or new excise tax or fee on food and beverages or their containers – at any stage in the distribution process. The prohibition applies to volume and unit taxes as well as those based on value. It applies to food for both human and animal consumption.</p> <p>Effective date: Effective the day after final enactment.</p>	Article 3, section 4. Same.

Requires that, to qualify for an abatement, a taxpayer must be located in certain municipalities surrounding the lake, document a five percent reduction in gross receipts between any two calendar years since 2010, and be a business in one of the categories of businesses defined by the North American Industry Classification System.</p> <p>Subd. 4. State general levy in relief area. Requires the three counties in section 1 to refund the state general levy for taxes payable in 2018 for commercial properties in the defined area surrounding the lake.</p> <p>Subd. 5. Certification and transfer of funds. Requires each county granting state levy refunds and local abatements to certify the amount of the refunds and abatements to Mille Lacs County by February 1, 2019, who must then transfer an equal amount to those counties.</p> <p>Subd. 6. Commissioner of revenue; appropriation. Appropriates an amount necessary to make the refund and abatement payments to the commissioner of revenue, for Mille Lacs County, to make the required payments to the counties.</p> <p>Subd. 7. Report to legislature. Requires the commissioner of revenue to provide a report to the chairs and ranking members of the legislative tax committees stating the amount of aid granted under this section.</p> <p>Subd. 8. Refund eligibility. Provides that only a taxpayer making all property tax payments for taxes payable in 2018 is eligible for a refund.</p>	
7	Repealer. The extra aid to the city of Minneapolis to pay library bonds is repealed effective beginning with aids payable in 2019.	No comparable provision.

Sec.	Article 7: Referendum	
1	Referendum revenue (schools). Requires a school district to state on both its referendum ballot and on its notice to taxpayers the amounts of any board-approved local optional revenue and board-approved referendum authority.	No comparable provision.
2	Uniform election dates. Provides that this limit on election dates doesn't apply to referendum held to deal with an emergency or disaster.	No comparable provision.
4	Municipal authority to regulate public utilities. Provides for public notice, a hearing, and reverse referendum on whether a city may impose a franchise fee that raises revenue in excess of the increased municipal costs due to gas or electric utility operations. An ordinance or agreement that imposes fees that raise revenue may be for up to five years. The city must identify what will constitute a cost to the city. The notice must explain (1) the intended uses of the fee, (2) the likely increase to customers' utility bills, (3) and alternatives the city could consider instead of imposing the fee. Effective date: Effective for license, permit, right, or franchise agreements entered into on or after August 1, 2018, and to existing agreements that are still in effect August 1, 2023.	No comparable provision.
5	Municipal telecommunications services (cities). Requires an election on the decision of a city to establish a telephone exchange be held on the first Tuesday after the first Monday in November of either an even-numbered or odd-numbered year.	No comparable provision.
6	Contracts (cities). Limits a special election held in response to a petition requesting a referendum relating to a contract for deed or conditional sales tax contract that the city proposes to enter into, to the first Tuesday after the first Monday in November of either an even-numbered or odd-numbered year.	No comparable provision.
7	Voter approval required; leases of public buildings. Provides for a reverse referendum on whether a city (excluding first class cities), county, or urban town may enter into a lease of three or more years for real property with a housing and redevelopment authority (HRA), port authority, economic development authority (EDA), or other entity established by special law with powers similar to those authorities, when the real property was acquired or improved with obligations (bonds or other debt instruments) issued by the authority. Effective date: Effective for qualified leases entered into after July 1, 2018.	No comparable provision.

1	No state spending for certain rail projects. Prohibits using state money for the Zip Rail project. This limit applies to any purposes related to the project (e.g., planning, design, engineering, land acquisition, construction, and operation). These restrictions do not apply to private contributions or if the legislature adds the Zip Rail project to the state freight and passenger rail plan or directly appropriates money for the plan. Effective date: Day following final enactment.	No comparable provision.
2	Restrictions on leasing state property for Zip Rail. Requires the commissioners of administration and transportation to include security bonds or similar guarantees against state loss in leases for the Zip Rail project (e.g., leasing the highway right-of-way). Effective date: Day following final enactment.	No comparable provision.

	No comparable provision.	Section 4. Reports. Requires MNsure to include the total amount spent on business continuity planning, data privacy protection, and cyber security provisions in its annual report to the legislature.
3	Eminent domain. Prohibits use of eminent domain law by the state, a local government, or a private railroad for the Zip Rail project. Effective date: Day following final enactment.	No comparable provision.
4	State rail plan. Prohibits inclusion of the Zip Rail project in the statewide freight and passenger rail plan and directs the commissioner of transportation to remove the project from the plan by February 1, 2019. Effective date: Day following final enactment	No comparable provision.
5	Records, data privacy. Authorizes the county veterans service officer to share certain data on veterans with the county assessor, for purposes of making eligibility determinations under the disabled veterans homestead exclusion, in conjunction with section 8. Effective date: Day following final enactment.	Article 4, section 3. Same.
6	Environmental insurance required for passenger rail projects. Requires a private entity seeking a federal or state permit to construct or operate a passenger rail project with a capital cost of \$1 billion or more to obtain environmental insurance. (The definitions exclude projects operated by a governmental unit, e.g., LRT or commuter rail projects operated by the Metropolitan Council.) The requirements would only apply to the developer of the project, not a contractor who applied for a building permit. The insurance must cover environmental remediation and impairment damages. The commissioner of the Pollution Control Agency must approve the adequacy of the insurance, including dollar limits on the coverage. Effective date: Projects for which application is made after the day following final enactment.	No comparable provision.
7	Political contribution refund (PCR). Eliminates a reference to the political contribution refund program in DOR’s chapter, since the PCR is repealed by section 34. Effective date: Claims based on contributions made after July 1, 2018.	No comparable provision.

10	PCR. Modifies the definition of taxpayer in chapter 290 to eliminate the special definition related to the PCR. Effective date: Claims based on contributions made after July 1, 2018.	No comparable provision.
11	Hennepin tax sharing. Requires Hennepin County to share the revenue it collects from its 0.5 percent local transportation tax if requested with Maple Grove and Plymouth, the only cities in the county with a population of 60,000 or more that do not have a planned or operating transit line located in the city. Each city would receive 50 percent of the county sales tax revenue collected within the city and must use the money for improvements to county highways and bridges in the portion of the city located in the county. Effective date: July 1, 2018.	No comparable provision.
	No comparable provision.	Section 5. Occupation taxes to be apportioned; refund. Provides a refund of the occupation tax to taconite producers with any occupation tax revenue remaining in the general fund after all statutory allocations are made. The refund amount shall be equal to the proportion of occupation tax paid by a producer compared to the tax paid by all producers. The total amount of refunds is limited to \$5 million per year. Other formatting changes are also made. Effective beginning with distributions made in 2019 and thereafter.
12	Guaranteed distribution. Guarantees the amount of the production tax on taconite that is distributed to the taconite municipal aid account at 100 percent of the maximum guarantee amount. Currently, the amount guaranteed declines with production. Effective date: Distributions in 2019.	No comparable provision.
13	Taconite economic development fund (TEDF). Modifies the projects for which funds may be released. Sec.	Article 11: Department of Revenue; Partnership Tax; Policy Changes	Article 9: Department of Revenue; Partnership Tax; Policy Changes
	Partnerships having undergone entity level audit are exempt from this provision and are required to report adjustments to Minnesota under § 289A.383.	
7	<p>Reporting and payment requirements (adjustments following a partnership level audit). Provides for the reporting of federal adjustments following a partnership level audit by the IRS. By default, each partnership will be required to file a federal adjustments report related to federal changes, and submit the report to both Minnesota and its direct partners within 90 days. Each partnership reporting changes must also file amended composite and withholding reports for nonresident partners within 180 days. Each direct partner, other than tiered partners, receiving an adjustment report as described above is also required to make a federal adjustment report and pay any additional tax due within 180 days of the final determination date.</p> <p>Each partnership reporting federal adjustments after a partnership level audit is also eligible to make an election to pay the additional tax due to Minnesota at the entity level. A partnership making the election is required to do so on a federal adjustment report filed with the commissioner within 90 days of the final determination date. A partnership making the election must be able to determine and report the residency status of all direct individual partners, and pay tax on the properly allocated and apportioned share of all income at the highest marginal rate for its individual and corporate partners.</p>	<p>Section 7. Similar. Requires reporting of residency information and making allocations for indirect partners in certain circumstances in subdivision 3. Limits credit in subdivision 5 to direct partners.</p>
8	<p>Assessment of tax, interest, penalties, and additional amounts (statute of limitations). Provides that when a taxpayer reports federal adjustments pursuant to §§ 289A.382 and 289A.383 in a timely fashion that the statute of limitations on assessment for state tax purposes is extended for a period of one year. When a taxpayer files a federal adjustment report in an untimely fashion the statute of limitations is extended for the shorter of either (1) one year after the filing of the untimely report; or (2) six years.</p>	<p>Section 8.
