

# Building a Healthy Community

A New Model of Community Well-Being

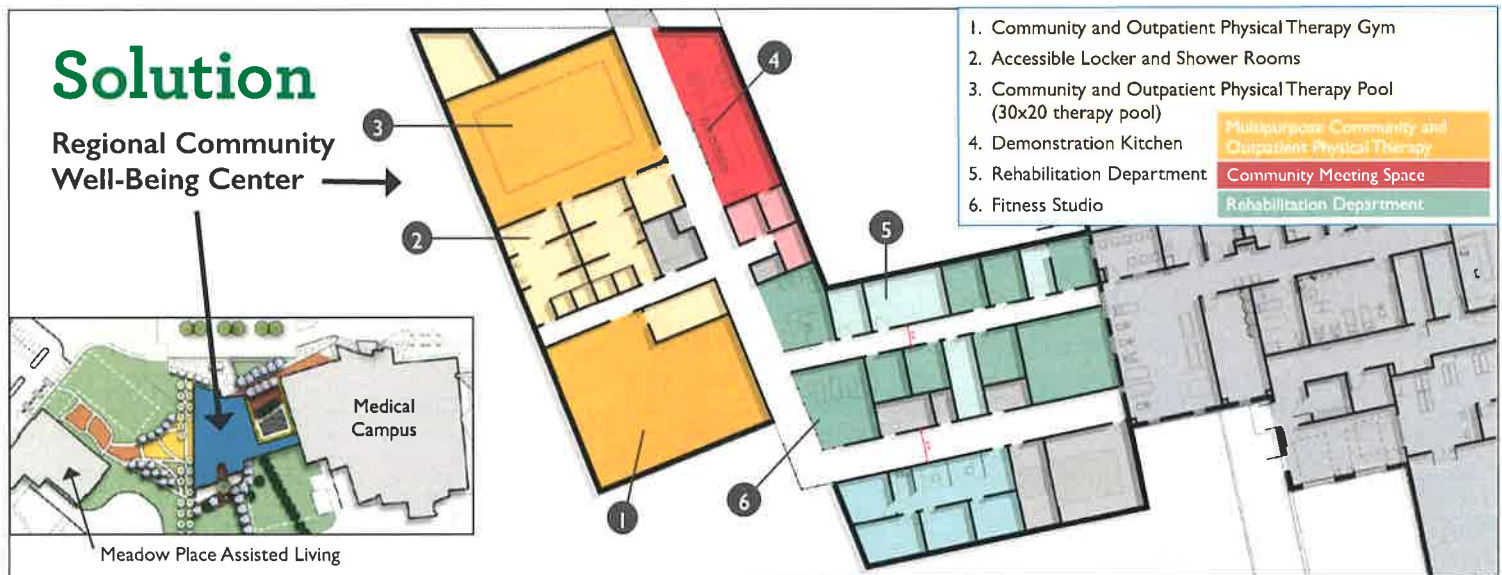

WELLNESS  
WINS

CentraCare Health – Long Prairie is pursuing legislation to secure State matching funds to design, construct, furnish, and equip the Regional Well-Being Center in Long Prairie. Chief Authors of the bill supporting this project are Senator Paul Gazelka and Representative Ron Kresha.

## Project

Our community members voiced a clear desire to include a wellness center as a part of the new CentraCare Health – Long Prairie medical campus. **We listened.** Plans are underway to construct a 12,000-square-foot, \$6-million building adjacent to the new hospital and clinic. The Regional Community Well-Being

Center will provide programs, services, and amenities designed to **promote healthy lifestyles, enhance quality of life** and support well-being through the six dimensions of wellness. The center will help meet the wellness need of over **35,000 residents** within a 20-mile radius of Long Prairie.

## Timeline

The timeline to reach funding goal is July 2018, with construction beginning Summer 2018, provided the funding has been secured. The anticipated opening is May 2019.

Additional project information is available at: [www.CentraCare.com/WellnessWins](http://www.CentraCare.com/WellnessWins).

Questions should be directed to Nicole Bjerke at [BjerkeN@CentraCare.com](mailto:BjerkeN@CentraCare.com) or 320-732-7337.

## Pathway to Funding

The cost of this 12,000-square-foot facility is \$6 million.

Your support will make this project a reality!
