Dear Friends of the Jackson County Trails Committee:

The Sanford Jackson Medical Center is delighted to support the Jackson County Trails Committee and their efforts with the proposed Belmont Park Mountain Bike Trail. Sanford is dedicated to the work of health and healing. We see this trail as an opportunity for promoting health and wellness in our community.

Sanford Jackson Medical Center strongly supports this project because of the positive community impacts we see when new local trails are developed. It is good for those who live here, while bringing people to our community.

Sanford Jackson is the title sponsor for the annual Sanford Tri for Health for Youth and Adults. In partnership Sanford and the Tri for Health has contributed funds to the Friends of the Jackson County Trails Committee to aid in their design. With that, you can see we strongly support this effort, knowing the value of healthy activity.

Through this letter, we fully support for the Belmont Park Mountain Bike Trail and the continued efforts of the Friends of the Jackson County Trails Committee. We are excited to be supporting a trail the first of its kind in Southwest Minnesota and watch it grow into a recreational destination.

Sincerely,

A handwritten signature in black ink that reads "Dawn Schnell". The signature is written in a cursive style with a large, looped initial "D".

Dawn Schnell, Senior Director
