10.23 Subdivision 1. Scope. The sections referred to in this section are codified outside this
 10.24 chapter. Those sections classify attorney general data as other than public, place restrictions
 10.25 on access to government data, or involve data sharing.

10.26 Subd. 2. Data privacy and protection assessments. A data privacy and protection
 10.27 assessment collected or maintained by the attorney general is classified under section
 10.28 3250.08.

10.29 Sec. 2. [3250.01] CITATION.

10.30 This chapter may be cited as the "Minnesota Consumer Data Privacy Act."

11.1 Sec. 3. [325O.02] DEFINITIONS.

11.2 (a) For purposes of this chapter, the following terms have the meanings given.

11.3 (b) "Affiliate" means a legal entity that controls, is controlled by, or is under common
11.4 control with, another legal entity. For these purposes, "control" or "controlled" means:
11.5 ownership of, or the power to vote, more than 50 percent of the outstanding shares of any
11.6 class of voting security of a company; control in any manner over the election of a majority
11.7 of the directors or of individuals exercising similar functions; or the power to exercise a
11.8 controlling influence over the management of a company.

11.9 (c) "Authenticate" means to use reasonable means to determine that a request to exercise
11.10 any of the rights in section 325O.05, subdivision 1, paragraphs (b) to (h), is being made by
11.11 or rightfully on behalf of the consumer who is entitled to exercise such rights with respect
11.12 to the personal data at issue.

11.13 (d) "Biometric data" means data generated by automatic measurements of an individual's
11.14 biological characteristics, including a fingerprint, a voiceprint, eye retinas, irises, or other

12.9 effect of subverting or impairing user autonomy, decision making, or choice.

12.10 (k) "Deidentified data" means data that cannot reasonably be used to infer information
12.11 about, or otherwise be linked to, an identified or identifiable natural person, or a device
12.12 linked to such person, provided that the controller that possesses the data:

12.13 (1) takes reasonable measures to ensure that the data cannot be associated with a natural
12.14 person;

12.15 (2) publicly commits to process the data only in a deidentified fashion and not attempt
12.16 to reidentify the data; and

13.10 (t) "Pseudonymous data" means personal data that cannot be attributed to a specific

13.14 natural person.

13.15 (u) "Sale," "sell," or "sold" means the exchange of personal data for monetary or other

13.24 (5) the disclosure or transfer of personal data to a third party as an asset that is part of a
13.25 completed or proposed merger, acquisition, bankruptcy, or other transaction in which the
13.26 third party assumes control of all or part of the controller's assets; or

13.27 (6) the exchange of personal data between the producer of a good or service and

14.5 (w) "Specific geolocation data" means information derived from technology, including,
14.6 but not limited to, global positioning system level latitude and longitude coordinates or
14.7 other mechanisms, that directly identifies the geographic coordinates of a consumer or a
14.8 device linked to a consumer with an accuracy of more than three decimal degrees of latitude
14.9 and longitude or the equivalent in an alternative geographic coordinate system, or a street
14.10 address derived from these coordinates. Specific geolocation data does not include the
14.11 content of communications, the contents of databases containing street address information
14.12 which are accessible to the public as authorized by law, or any data generated by or connected
14.13 to advanced utility metering infrastructure systems or other equipment for use by a public
14.14 utility.

14.15 (x) "Targeted advertising" means displaying advertisements to a consumer where the
14.16 advertisement is selected based on personal data obtained or inferred from the consumer's
14.17 activities over time and across nonaffiliated websites or online applications to predict the
14.18 consumer's preferences or interests. It does not include:

14.19 (1) advertising based on activities within a controller's own websites or online
14.20 applications;

14.21 (2) advertising based on the context of a consumer's current search query or visit to a
14.22 website or online application;

14.23 (3) advertising to a consumer in response to the consumer's request for information or
14.24 feedback; or

14.26 reach, or frequency.

14.27 (y) "Third party" means a natural or legal person, public authority, agency, or body other
14.28 than the consumer, controller, processor, or an affiliate of the processor or the controller.

14.29 (z) "Trade secret" has the meaning given in section 325C.01, subdivision 5.

17.32 benefits;

18.2 Insurance Fair Information Reporting Act in sections 72A.49 to 72A.505;

18.3 (15) data collected, processed, sold, or disclosed as part of a payment-only credit, check,

18.16 in financial activities, as described in United States Code, title 12, section 1843(k), except
18.17 that this clause does not apply to a person that, alone or in combination with another person,

18.24 connection with insurance; and

18.25 (21) an air carrier subject to the federal Airline Deregulation Act, Public Law 95-504,
18.26 only to the extent that an air carrier collects personal data related to prices, routes, or services
18.27 and only to the extent that the provisions of the Airline Deregulation Act preempt the
18.28 requirements of this chapter.

18.29 (b) Controllers that are in compliance with the Children's Online Privacy Protection Act,
18.30 United States Code, title 15, sections 6501 to 6506, and its implementing regulations, shall
18.31 be deemed compliant with any obligation to obtain parental consent under this chapter.

19.1 **Sec. 5. [325O.04] RESPONSIBILITY ACCORDING TO ROLE.**

19.2 (a) Controllers and processors are responsible for meeting their respective obligations
19.3 established under this chapter.

19.4 (b) Processors are responsible under this chapter for adhering to the instructions of the
19.5 controller and assisting the controller to meet its obligations under this chapter. Such
19.6 assistance shall include the following:

19.7 (1) taking into account the nature of the processing, the processor shall assist the controller
19.8 by appropriate technical and organizational measures, insofar as this is possible, for the
19.9 fulfillment of the controller's obligation to respond to consumer requests to exercise their
19.10 rights pursuant to section 325O.05; and

19.11 (2) taking into account the nature of processing and the information available to the
19.12 processor, the processor shall assist the controller in meeting the controller's obligations in
19.13 relation to the security of processing the personal data and in relation to the notification of
19.14 a breach of the security of the system pursuant to section 325E.61, and shall provide
19.15 information to the controller necessary to enable the controller to conduct and document
19.16 any data privacy and protection assessments required by section 325O.08.

19.17 (c) A contract between a controller and a processor shall govern the processor's data
19.18 processing procedures with respect to processing performed on behalf of the controller. The
19.19 contract shall be binding and clearly set forth instructions for processing data, the nature
19.20 and purpose of processing, the type of data subject to processing, the duration of processing,
19.21 and the rights and obligations of both parties. The contract shall also require that the
19.22 processor:

19.23 (1) ensure that each person processing the personal data is subject to a duty of
19.24 confidentiality with respect to the data; and

19.25 (2) engage a subcontractor only (i) after providing the controller with an opportunity to
19.26 object, and (ii) pursuant to a written contract in accordance with paragraph (e) that requires
19.27 the subcontractor to meet the obligations of the processor with respect to the personal data.

19.28 (d) Taking into account the context of processing, the controller and the processor shall
19.29 implement appropriate technical and organizational measures to ensure a level of security
19.30 appropriate to the risk and establish a clear allocation of the responsibilities between the
19.31 controller and the processor to implement such measures.

19.32 (e) Processing by a processor shall be governed by a contract between the controller and
19.33 the processor that is binding on both parties and that sets out the processing instructions to

20.1 which the processor is bound, including the nature and purpose of the processing, the type
20.2 of personal data subject to the processing, the duration of the processing, and the obligations
20.3 and rights of both parties. In addition, the contract shall include the requirements imposed
20.4 by this paragraph, paragraphs (c) and (d), as well as the following requirements:

20.5 (1) at the choice of the controller, the processor shall delete or return all personal data
20.6 to the controller as requested at the end of the provision of services, unless retention of the
20.7 personal data is required by law;

20.8 (2) upon a reasonable request from the controller, the processor shall make available to
20.9 the controller all information necessary to demonstrate compliance with the obligations in
20.10 this chapter; and

20.11 (3) the processor shall allow for, and contribute to, reasonable assessments and inspections
20.12 by the controller or the controller's designated assessor. Alternatively, the processor may
20.13 arrange for a qualified and independent assessor to conduct, at least annually and at the
20.14 processor's expense, an assessment of the processor's policies and technical and organizational
20.15 measures in support of the obligations under this chapter. The assessor must use an
20.16 appropriate and accepted control standard or framework and assessment procedure for such
20.17 assessments as applicable, and shall provide a report of such assessment to the controller
20.18 upon request.

20.19 (f) In no event shall any contract relieve a controller or a processor from the liabilities
20.20 imposed on them by virtue of their roles in the processing relationship under this chapter.

20.21 (g) Determining whether a person is acting as a controller or processor with respect to
20.22 a specific processing of data is a fact-based determination that depends upon the context in
20.23 which personal data are to be processed. A person that is not limited in the person's processing
20.24 of personal data pursuant to a controller's instructions, or that fails to adhere to such
20.25 instructions, is a controller and not a processor with respect to a specific processing of data.
20.26 A processor that continues to adhere to a controller's instructions with respect to a specific
20.27 processing of personal data remains a processor. If a processor begins, alone or jointly with
20.28 others, determining the purposes and means of the processing of personal data, it is a
20.29 controller with respect to such processing.

20.30 **Sec. 6. [3250.05] CONSUMER PERSONAL DATA RIGHTS.**

20.31 Subdivision 1. **Consumer rights provided.** (a) Except as provided in this chapter, a
20.32 controller must comply with a request to exercise the consumer rights provided in this
20.33 subdivision.

21.1 (b) A consumer has the right to confirm whether or not a controller is processing personal
21.2 data concerning the consumer and access the categories of personal data the controller is
21.3 processing.

21.4 (c) A consumer has the right to correct inaccurate personal data concerning the consumer,
21.5 taking into account the nature of the personal data and the purposes of the processing of the
21.6 personal data.

21.7 (d) A consumer has the right to delete personal data concerning the consumer.

21.8 (e) A consumer has the right to obtain personal data concerning the consumer, which
21.9 the consumer previously provided to the controller, in a portable and, to the extent technically
21.10 feasible, readily usable format that allows the consumer to transmit the data to another
21.11 controller without hindrance, where the processing is carried out by automated means.

21.12 (f) A consumer has the right to opt out of the processing of personal data concerning
21.13 the consumer for purposes of targeted advertising, the sale of personal data, or profiling in
21.14 furtherance of automated decisions that produce legal effects concerning a consumer or
21.15 similarly significant effects concerning a consumer.

21.16 (g) If a consumer's personal data is profiled in furtherance of decisions that produce
21.17 legal effects concerning a consumer or similarly significant effects concerning a consumer,
21.18 the consumer has the right to question the result of such profiling, to be informed of the
21.19 reason that the profiling resulted in the decision, and, if feasible, to be informed of what
21.20 actions the consumer might have taken to secure a different decision and the actions that
21.21 the consumer might take to secure a different decision in the future. The consumer has the
21.22 right to review the consumer's personal data used in the profiling. If the decision is
21.23 determined to have been based upon inaccurate personal data, taking into account the nature
21.24 of the personal data and the purposes of the processing of the personal data, the consumer
21.25 has the right to have the data corrected and the profiling decision reevaluated based upon
21.26 the corrected data.

21.27 (h) A consumer has a right to obtain a list of the specific third parties to which the
21.28 controller has disclosed the consumer's personal data. If the controller does not maintain
21.29 this information in a format specific to the consumer, a list of specific third parties to whom
21.30 the controller has disclosed any consumers' personal data may be provided instead.

21.31 Subd. 2. **Exercising consumer rights.** (a) A consumer may exercise the rights set forth
21.32 in this section by submitting a request, at any time, to a controller specifying which rights
21.33 the consumer wishes to exercise.

22.1 (b) In the case of processing personal data concerning a known child, the parent or legal
22.2 guardian of the known child may exercise the rights of this chapter on the child's behalf.

22.3 (c) In the case of processing personal data concerning a consumer legally subject to
22.4 guardianship or conservatorship under sections 524.5-101 to 524.5-502, the guardian or the
22.5 conservator of the consumer may exercise the rights of this chapter on the consumer's behalf.

22.6 (d) A consumer may designate another person as the consumer's authorized agent to
22.7 exercise the consumer's right to opt out of the processing of the consumer's personal data
22.8 for purposes of targeted advertising and sale under subdivision 1, paragraph (f), on the
22.9 consumer's behalf. A consumer may designate an authorized agent by way of, among other
22.10 things, a technology, including, but not limited to, an Internet link or a browser setting,
22.11 browser extension, or global device setting, indicating such consumer's intent to opt out of
22.12 such processing. A controller shall comply with an opt-out request received from an
22.13 authorized agent if the controller is able to verify, with commercially reasonable effort, the
22.14 identity of the consumer and the authorized agent's authority to act on the consumer's behalf.

22.15 Subd. 3. **Universal opt-out mechanisms.** (a) A controller must allow a consumer to opt
22.16 out of any processing of the consumer's personal data for the purposes of targeted advertising,
22.17 or any sale of such personal data through an opt-out preference signal sent, with such
22.18 consumer's consent, by a platform, technology, or mechanism to the controller indicating
22.19 such consumer's intent to opt out of any such processing or sale. The platform, technology,
22.20 or mechanism must:

22.21 (1) not unfairly disadvantage another controller;

22.22 (2) not make use of a default setting, but require the consumer to make an affirmative,
22.23 freely given, and unambiguous choice to opt out of any such processing of the consumer's
22.24 personal data;

22.25 (3) be consumer-friendly and easy to use by the average consumer;

22.26 (4) be as consistent as possible with any other similar platform, technology, or mechanism
22.27 required by any federal or state law or regulation; and

22.28 (5) enable the controller to accurately determine whether the consumer is a Minnesota
22.29 resident and whether the consumer has made a legitimate request to opt out of any sale of
22.30 such consumer's personal data or targeted advertising. For purposes of this paragraph, the
22.31 use of an Internet protocol address to estimate the consumer's location is sufficient to
22.32 determine the consumer's residence.

23.1 (b) If a consumer's opt-out request is exercised through the platform, technology, or
23.2 mechanism required under paragraph (a), and the request conflicts with the consumer's
23.3 existing controller-specific privacy setting or voluntary participation in a controller's bona
23.4 fide loyalty, rewards, premium features, discounts, or club card program, the controller
23.5 must comply with the consumer's opt-out preference signal but may also notify the consumer
23.6 of the conflict and provide the consumer a choice to confirm the controller-specific privacy
23.7 setting or participation in such program.

23.8 (c) The platform, technology, or mechanism required under paragraph (a) is subject to
23.9 the requirements of subdivision 4.

23.10 (d) A controller that recognizes opt-out preference signals that have been approved by
23.11 other state laws or regulations is in compliance with this subdivision.

23.12 Subd. 4. **Controller response to consumer requests.** (a) Except as provided in this
23.13 chapter, a controller must comply with a request to exercise the rights pursuant to subdivision
23.14 1.

23.15 (b) A controller must provide one or more secure and reliable means for consumers to
23.16 submit a request to exercise their rights under this section. These means must take into
23.17 account the ways in which consumers interact with the controller and the need for secure
23.18 and reliable communication of the requests.

23.19 (c) A controller may not require a consumer to create a new account in order to exercise
23.20 a right, but a controller may require a consumer to use an existing account to exercise the
23.21 consumer's rights under this section.

23.22 (d) A controller must comply with a request to exercise the right in subdivision 1,
23.23 paragraph (f), as soon as feasibly possible, but no later than 45 days of receipt of the request.

23.24 (e) A controller must inform a consumer of any action taken on a request under
23.25 subdivision 1 without undue delay and in any event within 45 days of receipt of the request.
23.26 That period may be extended once by 45 additional days where reasonably necessary, taking
23.27 into account the complexity and number of the requests. The controller must inform the
23.28 consumer of any such extension within 45 days of receipt of the request, together with the
23.29 reasons for the delay.

23.30 (f) If a controller does not take action on a consumer's request, the controller must inform
23.31 the consumer without undue delay and at the latest within 45 days of receipt of the request
23.32 of the reasons for not taking action and instructions for how to appeal the decision with the
23.33 controller as described in subdivision 5.

24.1 (g) Information provided under this section must be provided by the controller free of
24.2 charge, up to twice annually to the consumer. Where requests from a consumer are manifestly
24.3 unfounded or excessive, in particular because of their repetitive character, the controller
24.4 may either charge a reasonable fee to cover the administrative costs of complying with the
24.5 request, or refuse to act on the request. The controller bears the burden of demonstrating
24.6 the manifestly unfounded or excessive character of the request.

24.7 (h) A controller is not required to comply with a request to exercise any of the rights
24.8 under subdivision 1, paragraphs (b) to (h), if the controller is unable to authenticate the
24.9 request using commercially reasonable efforts. In such cases, the controller may request
24.10 the provision of additional information reasonably necessary to authenticate the request. A
24.11 controller is not required to authenticate an opt-out request, but a controller may deny an
24.12 opt-out request if the controller has a good faith, reasonable, and documented belief that
24.13 such request is fraudulent. If a controller denies an opt-out request because the controller
24.14 believes such request is fraudulent, the controller must notify the person who made the
24.15 request that the request was denied due to the controller's belief that the request was
24.16 fraudulent and state the controller's basis for that belief.

24.17 (i) In response to a consumer request under subdivision 1, a controller must not disclose
24.18 the following information about a consumer, but must instead inform the consumer with
24.19 sufficient particularity that it has collected that type of information:

24.20 (1) Social Security number;

24.21 (2) driver's license number or other government-issued identification number;

24.22 (3) financial account number;

24.23 (4) health insurance account number or medical identification number;

24.24 (5) account password, security questions, or answers; or

24.25 (6) biometric data.

24.26 (j) In response to a consumer request under subdivision 1, a controller is not required
24.27 to reveal any trade secret.

24.28 (k) A controller that has obtained personal data about a consumer from a source other
24.29 than the consumer may comply with a consumer's request to delete such data pursuant to
24.30 subdivision 1, paragraph (d), by either:

24.31 (1) retaining a record of the deletion request, retaining the minimum data necessary for
24.32 the purpose of ensuring the consumer's personal data remains deleted from the business's

25.1 records, and not using the retained data for any other purpose pursuant to the provisions of
25.2 this chapter; or

25.3 (2) opting the consumer out of the processing of such personal data for any purpose
25.4 except for those exempted pursuant to the provisions of this chapter.

25.5 Subd. 5. **Appeal process required.** (a) A controller must establish an internal process
25.6 whereby a consumer may appeal a refusal to take action on a request to exercise any of the
25.7 rights under subdivision 1 within a reasonable period of time after the consumer's receipt
25.8 of the notice sent by the controller under subdivision 4, paragraph (f).

25.9 (b) The appeal process must be conspicuously available. The process must include the
25.10 ease of use provisions in subdivision 3 applicable to submitting requests.

25.11 (c) Within 45 days of receipt of an appeal, a controller must inform the consumer of any
25.12 action taken or not taken in response to the appeal, along with a written explanation of the
25.13 reasons in support thereof. That period may be extended by 60 additional days where
25.14 reasonably necessary, taking into account the complexity and number of the requests serving
25.15 as the basis for the appeal. The controller must inform the consumer of any such extension
25.16 within 45 days of receipt of the appeal, together with the reasons for the delay.

25.17 (d) When informing a consumer of any action taken or not taken in response to an appeal
25.18 pursuant to paragraph (c), the controller must provide a written explanation of the reasons
25.19 for the controller's decision and clearly and prominently provide the consumer with
25.20 information about how to file a complaint with the Office of the Attorney General. The
25.21 controller must maintain records of all such appeals and the controller's responses for at
25.22 least 24 months and shall, upon written request by the attorney general as part of an
25.23 investigation, compile and provide a copy of the records to the attorney general.

25.24 Sec. 7. **[3250.06] PROCESSING DEIDENTIFIED DATA OR PSEUDONYMOUS**
25.25 **DATA.**

25.26 (a) This chapter does not require a controller or processor to do any of the following
25.27 solely for purposes of complying with this chapter:

25.28 (1) reidentify deidentified data;

25.29 (2) maintain data in identifiable form, or collect, obtain, retain, or access any data or
25.30 technology, in order to be capable of associating an authenticated consumer request with
25.31 personal data; or

26.1 (3) comply with an authenticated consumer request to access, correct, delete, or port
26.2 personal data pursuant to section 325O.05, subdivision 1, if all of the following are true:

26.3 (i) the controller is not reasonably capable of associating the request with the personal
26.4 data, or it would be unreasonably burdensome for the controller to associate the request
26.5 with the personal data;

26.6 (ii) the controller does not use the personal data to recognize or respond to the specific
26.7 consumer who is the subject of the personal data, or associate the personal data with other
26.8 personal data about the same specific consumer; and

26.9 (iii) the controller does not sell the personal data to any third party or otherwise
26.10 voluntarily disclose the personal data to any third party other than a processor, except as
26.11 otherwise permitted in this section.

26.12 (b) The rights contained in section 325O.05, subdivision 1, paragraphs (b) to (h), do not
26.13 apply to pseudonymous data in cases where the controller is able to demonstrate any
26.14 information necessary to identify the consumer is kept separately and is subject to effective
26.15 technical and organizational controls that prevent the controller from accessing such
26.16 information.

26.17 (c) A controller that uses pseudonymous data or deidentified data must exercise reasonable
26.18 oversight to monitor compliance with any contractual commitments to which the
26.19 pseudonymous data or deidentified data are subject, and must take appropriate steps to
26.20 address any breaches of contractual commitments.

26.21 (d) A processor or third party must not attempt to identify the subjects of deidentified
26.22 or pseudonymous data without the express authority of the controller that caused the data
26.23 to be deidentified or pseudonymized.

26.24 (e) A controller, processor, or third party must not attempt to identify the subjects of
26.25 data that has been collected with only pseudonymous identifiers.

26.26 **Sec. 8. [325O.07] RESPONSIBILITIES OF CONTROLLERS.**

26.27 Subdivision 1. **Transparency obligations.** (a) Controllers must provide consumers with
26.28 a reasonably accessible, clear, and meaningful privacy notice that includes:

26.29 (1) the categories of personal data processed by the controller;

26.30 (2) the purposes for which the categories of personal data are processed;

27.1 (3) an explanation of the rights contained in section 325O.05 and how and where
27.2 consumers may exercise those rights, including how a consumer may appeal a controller's
27.3 action with regard to the consumer's request;

27.4 (4) the categories of personal data that the controller sells to or shares with third parties,
27.5 if any;

27.6 (5) the categories of third parties, if any, with whom the controller sells or shares personal
27.7 data;

27.8 (6) the controller's contact information, including an active email address or other online
27.9 mechanism that the consumer may use to contact the controller;

27.10 (7) a description of the controller's retention policies for personal data;

27.11 (8) the date the privacy notice was last updated.

27.12 (b) If a controller sells personal data to third parties, processes personal data for targeted
27.13 advertising, or engages in profiling in furtherance of decisions that produce legal effects
27.14 concerning a consumer or similarly significant effects concerning a consumer, it must
27.15 disclose such processing in the privacy notice and provide access to a clear and conspicuous
27.16 method outside the privacy notice for a consumer to opt out of the sale, processing, or
27.17 profiling in furtherance of such decisions that produce legal effects concerning a consumer
27.18 or similarly significant effects concerning a consumer. This method may include but is not
27.19 limited to an internet hyperlink clearly labeled "Your Opt-Out Rights" or "Your Privacy
27.20 Rights" that directly effectuates the opt-out request or takes consumers to a web page where
27.21 the consumer can make the opt-out request.

27.22 (c) The privacy notice must be made available to the public in each language in which
27.23 the controller provides a product or service that is subject to the privacy notice or carries
27.24 out activities related to such product or service.

27.25 (d) The controller must provide the privacy notice in a manner that is reasonably
27.26 accessible to and usable by individuals with disabilities.

27.27 (e) Whenever a controller makes a material change to its privacy notice or practices, the
27.28 controller must notify consumers affected by the material change with respect to any
27.29 prospectively collected personal data and provide a reasonable opportunity for consumers
27.30 to withdraw consent to any further materially different collection, processing, or transfer
27.31 of previously collected personal data under the changed policy. The controller shall take
27.32 all reasonable electronic measures to provide notification regarding material changes to

28.1 affected consumers, taking into account available technology and the nature of the
28.2 relationship.

28.3 (f) A controller is not required to provide a separate Minnesota-specific privacy notice
28.4 or section of a privacy notice if the controller's general privacy notice contains all the
28.5 information required by this section.

28.6 (g) The privacy notice must be posted online through a conspicuous hyperlink using the
28.7 word "privacy" on the controller's website home page or on a mobile application's app store
28.8 page or download page. A controller that maintains an application on a mobile or other
28.9 device shall also include a hyperlink to the privacy notice in the application's settings menu
28.10 or in a similarly conspicuous and accessible location. A controller that does not operate a
28.11 website shall make the privacy notice conspicuously available to consumers through a
28.12 medium regularly used by the controller to interact with consumers, including but not limited
28.13 to mail.

28.14 Subd. 2. Use of data. (a) A controller must limit the collection of personal data to what
28.15 is adequate, relevant, and reasonably necessary in relation to the purposes for which such
28.16 data are processed, which must be disclosed to the consumer.

28.17 (b) Except as provided in this chapter, a controller may not process personal data for
28.18 purposes that are not reasonably necessary to, or compatible with, the purposes for which
28.19 such personal data are processed, as disclosed to the consumer, unless the controller obtains
28.20 the consumer's consent.

28.21 (c) A controller shall establish, implement, and maintain reasonable administrative,
28.22 technical, and physical data security practices to protect the confidentiality, integrity, and
28.23 accessibility of personal data, including the maintenance of an inventory of the data that
28.24 must be managed to exercise these responsibilities. Such data security practices shall be
28.25 appropriate to the volume and nature of the personal data at issue.

28.26 (d) Except as otherwise provided in this act, a controller may not process sensitive data
28.27 concerning a consumer without obtaining the consumer's consent, or, in the case of the
28.28 processing of personal data concerning a known child, without obtaining consent from the
28.29 child's parent or lawful guardian, in accordance with the requirement of the Children's
28.30 Online Privacy Protection Act, United States Code, title 15, sections 6501 to 6506, and its
28.31 implementing regulations, rules, and exemptions.

28.32 (e) A controller shall provide an effective mechanism for a consumer, or, in the case of
28.33 the processing of personal data concerning a known child, the child's parent or lawful
28.34 guardian, to revoke previously given consent under this subdivision. The mechanism provided

29.1 shall be at least as easy as the mechanism by which the consent was previously given. Upon
29.2 revocation of consent, a controller shall cease to process the applicable data as soon as
29.3 practicable, but not later than 15 days after the receipt of such request.

29.4 (f) A controller may not process the personal data of a consumer for purposes of targeted
29.5 advertising, or sell the consumer's personal data, without the consumer's consent, under
29.6 circumstances where the controller knows that the consumer is between the ages of 13 and
29.7 16.

29.8 (g) A controller may not retain personal data that is no longer relevant and reasonably
29.9 necessary in relation to the purposes for which such data were collected and processed,
29.10 unless retention of the data is otherwise required by law or permitted under section 325O.09.

29.11 Subd. 3. **Nondiscrimination.** (a) A controller shall not process personal data on the
29.12 basis of a consumer's or a class of consumers' actual or perceived race, color, ethnicity,
29.13 religion, national origin, sex, gender, gender identity, sexual orientation, familial status,
29.14 lawful source of income, or disability in a manner that unlawfully discriminates against the
29.15 consumer or class of consumers with respect to the offering or provision of: housing,
29.16 employment, credit, or education; or the goods, services, facilities, privileges, advantages,
29.17 or accommodations of any place of public accommodation.

29.18 (b) A controller may not discriminate against a consumer for exercising any of the rights
29.19 contained in this chapter, including denying goods or services to the consumer, charging
29.20 different prices or rates for goods or services, and providing a different level of quality of
29.21 goods and services to the consumer. This subdivision does not: (1) require a controller to
29.22 provide a good or service that requires the consumer's personal data that the controller does
29.23 not collect or maintain; or (2) prohibit a controller from offering a different price, rate, level,
29.24 quality, or selection of goods or services to a consumer, including offering goods or services
29.25 for no fee, if the offering is in connection with a consumer's voluntary participation in a
29.26 bona fide loyalty, rewards, premium features, discounts, or club card program.

29.27 (c) A controller may not sell personal data to a third-party controller as part of a bona
29.28 fide loyalty, rewards, premium features, discounts, or club card program under paragraph
29.29 (b) unless:

29.30 (1) the sale is reasonably necessary to enable the third party to provide a benefit to which
29.31 the consumer is entitled;

29.32 (2) the sale of personal data to third parties is clearly disclosed in the terms of the
29.33 program; and

30.1 (3) the third party uses the personal data only for purposes of facilitating such a benefit
30.2 to which the consumer is entitled and does not retain or otherwise use or disclose the personal
30.3 data for any other purpose.

30.4 Subd. 4. **Waiver of rights unenforceable.** Any provision of a contract or agreement of
30.5 any kind that purports to waive or limit in any way a consumer's rights under this chapter
30.6 shall be deemed contrary to public policy and shall be void and unenforceable.

30.7 **Sec. 9. [3250.075] REQUIREMENTS FOR SMALL BUSINESSES.**

30.8 (a) A small business, as defined by the United States Small Business Administration
30.9 under Code of Federal Regulations, title 13, part 121, that conducts business in Minnesota
30.10 or produces products or services that are targeted to residents of Minnesota, must not sell
30.11 a consumer's sensitive data without the consumer's prior consent.

30.12 (b) Penalties and attorney general enforcement procedures under section 3250.10 apply
30.13 to a small business that violates this section.

30.14 **Sec. 10. [3250.08] DATA PRIVACY POLICIES AND DATA PRIVACY AND**
30.15 **PROTECTION ASSESSMENTS.**

30.16 (a) A controller must document and maintain a description of the policies and procedures
30.17 it has adopted to comply with this chapter. The description must include, where applicable:

30.18 (1) the name and contact information for the controller's chief privacy officer or other
30.19 individual with primary responsibility for directing the policies and procedures implemented
30.20 to comply with the provisions of this chapter; and

30.21 (2) a description of the controller's data privacy policies and procedures which reflect
30.22 the requirements in section 3250.07, and any policies and procedures designed to:

30.23 (i) reflect the requirements of this act in the design of its systems;

30.24 (ii) identify and provide personal data to a consumer as required by this act;

30.25 (iii) establish, implement, and maintain reasonable administrative, technical, and physical
30.26 data security practices to protect the confidentiality, integrity, and accessibility of personal
30.27 data, including the maintenance of an inventory of the data that must be managed to exercise
30.28 these responsibilities;

30.29 (iv) limit the collection of personal data to what is adequate, relevant, and reasonably
30.30 necessary in relation to the purposes for which such data are processed;

31.1 (v) prevent the retention of personal data that is no longer relevant and reasonably
31.2 necessary in relation to the purposes for which such data were collected and processed,
31.3 unless retention of the data is otherwise required by law or permitted under section 325O.09;
31.4 and

31.5 (vi) identify and remediate violations of this act.

31.6 (b) A controller must conduct and document a data privacy and protection assessment
31.7 for each of the following processing activities involving personal data:

31.8 (1) the processing of personal data for purposes of targeted advertising;

31.9 (2) the sale of personal data;

31.10 (3) the processing of sensitive data;

31.11 (4) any processing activities involving personal data that present a heightened risk of
31.12 harm to consumers; and

31.13 (5) the processing of personal data for purposes of profiling, where such profiling presents
31.14 a reasonably foreseeable risk of:

31.15 (i) unfair or deceptive treatment of, or disparate impact on, consumers;

31.16 (ii) financial, physical, or reputational injury to consumers;

31.17 (iii) a physical or other intrusion upon the solitude or seclusion, or the private affairs or
31.18 concerns, of consumers, where such intrusion would be offensive to a reasonable person;

31.19 or

31.20 (iv) other substantial injury to consumers.

31.21 (c) A data privacy and protection assessment must take into account the type of personal
31.22 data to be processed by the controller, including the extent to which the personal data are
31.23 sensitive data, and the context in which the personal data are to be processed.

31.24 (d) A data privacy and protection assessment must identify and weigh the benefits that
31.25 may flow directly and indirectly from the processing to the controller, consumer, other
31.26 stakeholders, and the public against the potential risks to the rights of the consumer associated
31.27 with such processing, as mitigated by safeguards that can be employed by the controller to
31.28 reduce such risks. The use of deidentified data and the reasonable expectations of consumers,
31.29 as well as the context of the processing and the relationship between the controller and the
31.30 consumer whose personal data will be processed, must be factored into this assessment by
31.31 the controller.

32.1 (e) A data privacy and protection assessment must include the description of policies
32.2 and procedures required by paragraph (a).

32.3 (f) As part of a civil investigative demand, the attorney general may request, in writing,
32.4 that a controller disclose any data privacy and protection assessment that is relevant to an
32.5 investigation conducted by the attorney general. The controller must make a data privacy
32.6 and protection assessment available to the attorney general upon such a request. The attorney
32.7 general may evaluate the data privacy and protection assessments for compliance with this
32.8 chapter . Data privacy and protection assessments are classified as nonpublic data, as defined
32.9 by section 13.02, subdivision 9. The disclosure of a data privacy and protection assessment
32.10 pursuant to a request from the attorney general under this paragraph does not constitute a
32.11 waiver of the attorney-client privilege or work product protection with respect to the
32.12 assessment and any information contained in the assessment.

32.13 (g) Data privacy and protection assessments or risk assessments conducted by a controller
32.14 for the purpose of compliance with other laws or regulations may qualify under this section
32.15 if they have a similar scope and effect.

32.16 (h) A single data protection assessment may address multiple sets of comparable
32.17 processing operations that include similar activities.

32.18 **Sec. 11. [3250.09] LIMITATIONS AND APPLICABILITY.**

32.19 (a) The obligations imposed on controllers or processors under this chapter do not restrict
32.20 a controller's or a processor's ability to:

32.21 (1) comply with federal, state, or local laws, rules, or regulations, including but not
32.22 limited to data retention requirements in state or federal law notwithstanding a consumer's
32.23 request to delete personal data;

32.24 (2) comply with a civil, criminal, or regulatory inquiry, investigation, subpoena, or
32.25 summons by federal, state, local, or other governmental authorities;

32.26 (3) cooperate with law enforcement agencies concerning conduct or activity that the
32.27 controller or processor reasonably and in good faith believes may violate federal, state, or
32.28 local laws, rules, or regulations;

32.29 (4) investigate, establish, exercise, prepare for, or defend legal claims;

32.30 (5) provide a product or service specifically requested by a consumer, perform a contract
32.31 to which the consumer is a party, including fulfilling the terms of a written warranty, or
32.32 take steps at the request of the consumer prior to entering into a contract;

33.1 (6) take immediate steps to protect an interest that is essential for the life or physical
33.2 safety of the consumer or of another natural person, and where the processing cannot be
33.3 manifestly based on another legal basis;

33.4 (7) prevent, detect, protect against, or respond to security incidents, identity theft, fraud,
33.5 harassment, malicious or deceptive activities, or any illegal activity; preserve the integrity
33.6 or security of systems; or investigate, report, or prosecute those responsible for any such
33.7 action;

33.8 (8) assist another controller, processor, or third party with any of the obligations under
33.9 this paragraph;

33.10 (9) engage in public or peer-reviewed scientific, historical, or statistical research in the
33.11 public interest that adheres to all other applicable ethics and privacy laws and is approved,
33.12 monitored, and governed by an institutional review board, human subjects research ethics
33.13 review board, or a similar independent oversight entity which has determined that:

33.14 (i) the research is likely to provide substantial benefits that do not exclusively accrue to
33.15 the controller;

33.16 (ii) the expected benefits of the research outweigh the privacy risks; and

33.17 (iii) the controller has implemented reasonable safeguards to mitigate privacy risks
33.18 associated with research, including any risks associated with reidentification; or

33.19 (10) process personal data for the benefit of the public in the areas of public health,
33.20 community health, or population health, but only to the extent that such processing is:

33.21 (i) subject to suitable and specific measures to safeguard the rights of the consumer
33.22 whose personal data is being processed; and

33.23 (ii) under the responsibility of a professional individual who is subject to confidentiality
33.24 obligations under federal, state, or local law.

33.25 (b) The obligations imposed on controllers or processors under this chapter do not restrict
33.26 a controller's or processor's ability to collect, use, or retain data to:

33.27 (1) effectuate a product recall or identify and repair technical errors that impair existing
33.28 or intended functionality;

33.29 (2) perform internal operations that are reasonably aligned with the expectations of the
33.30 consumer based on the consumer's existing relationship with the controller, or are otherwise
33.31 compatible with processing in furtherance of the provision of a product or service specifically

34.1 requested by a consumer or the performance of a contract to which the consumer is a party
34.2 ; or

34.3 (3) conduct internal research to develop, improve, or repair products, services, or
34.4 technology.

34.5 (c) The obligations imposed on controllers or processors under this chapter do not apply
34.6 where compliance by the controller or processor with this chapter would violate an
34.7 evidentiary privilege under Minnesota law and do not prevent a controller or processor from
34.8 providing personal data concerning a consumer to a person covered by an evidentiary
34.9 privilege under Minnesota law as part of a privileged communication.

34.10 (d) A controller or processor that discloses personal data to a third-party controller or
34.11 processor in compliance with the requirements of this chapter is not in violation of this
34.12 chapter if the recipient processes such personal data in violation of this chapter, provided
34.13 that, at the time of disclosing the personal data, the disclosing controller or processor did
34.14 not have actual knowledge that the recipient intended to commit a violation. A third-party
34.15 controller or processor receiving personal data from a controller or processor in compliance
34.16 with the requirements of this chapter is likewise not in violation of this chapter for the
34.17 obligations of the controller or processor from which it receives such personal data.

34.18 (e) Obligations imposed on controllers and processors under this chapter shall not:

34.19 (1) adversely affect the rights or freedoms of any persons, such as exercising the right
34.20 of free speech pursuant to the First Amendment of the United States Constitution; or

34.21 (2) apply to the processing of personal data by a natural person in the course of a purely
34.22 personal or household activity.

34.23 (f) Personal data that are processed by a controller pursuant to this section may be
34.24 processed solely to the extent that such processing is:

34.25 (1) necessary, reasonable, and proportionate to the purposes listed in this section;

34.26 (2) adequate, relevant, and limited to what is necessary in relation to the specific purpose
34.27 or purposes listed in this section; and

34.28 (3) insofar as possible, taking into account the nature and purpose of processing the
34.29 personal data, subjected to reasonable administrative, technical, and physical measures to

34.31 reasonably foreseeable risks of harm to consumers.

35.1 (g) If a controller processes personal data pursuant to an exemption in this section, the

35.3 and complies with the requirements in paragraph (f).

35.4 (h) Processing personal data solely for the purposes expressly identified in paragraph

35.8 (a) In the event that a controller or processor violates this chapter, the attorney general,

35.12 letter, the attorney general believes the controller or processor has failed to cure any alleged
35.13 violation, the attorney general may bring an enforcement action under paragraph (b). This
35.14 paragraph expires January 31, 2026.

35.15 (b) The attorney general may bring a civil action against a controller or processor to
35.16 enforce a provision of this chapter in accordance with section 8.31. If the state prevails in
35.17 an action to enforce this chapter, the state may, in addition to penalties provided by paragraph
35.18 (c) or other remedies provided by law, be allowed an amount determined by the court to be
35.19 the reasonable value of all or part of the state's litigation expenses incurred.

35.20 (c) Any controller or processor that violates this chapter is subject to an injunction and
35.21 liable for a civil penalty of not more than \$7,500 for each violation.

35.22 (d) Nothing in this chapter establishes a private right of action, including under section
35.23 8.31, subdivision 3a, for a violation of this chapter or any other law.

35.24 **Sec. 13. [3250.11] PREEMPTION OF LOCAL LAW; SEVERABILITY.**

35.25 (a) This chapter supersedes and preempts laws, ordinances, regulations, or the equivalent
35.26 adopted by any local government regarding the processing of personal data by controllers
35.27 or processors.

35.28 (b) If any provision of this act or its application to any person or circumstance is held
35.29 invalid, the remainder of the act or the application of the provision to other persons or
35.30 circumstances is not affected.
