Honorable MN Legislators,

Please support & pass [SF3035, Article 13](#), the “Duty to Defend” bill. By passing this language you’re removing barriers for targeted & emerging businesses (DBE, WBE, Veteran, etc.), you’re bringing greater fairness to the MN construction industry, and you’re re-aligning defense and indemnity.

26 associations support the Duty to Defend bill, including unions, employers, lawyers, and a state agency.
