Section 1. Minnesota Statutes 2020, section 214.10, subdivision 10, is amended to read:

Subd. 10. Board of Peace Officers Standards and Training; receipt of complaint. Notwithstanding the provisions of subdivision 1 to the contrary, when the executive director or any member of the Board of Peace Officer Standards and Training produces or receives a written statement or complaint that alleges a violation of a statute or rule that the board is empowered to enforce, the executive director shall designate the appropriate law enforcement agency to investigate the complaint and shall order it to
conduct an inquiry into the complaint's allegations. The investigating agency must complete the inquiry and submit a written summary of it to the executive director within 30 days of the order for inquiry.

Sec. 2. Minnesota Statutes 2020, section 626.843, is amended by adding a subdivision to read:

Subd. 1c. **Rules governing certain misconduct.** No later than January 1, 2024, the board must adopt rules under chapter 14 that permit the board to take disciplinary action on a licensee for a violation of a standard of conduct in Minnesota Rules, chapter 6700, whether or not criminal charges have been filed and in accordance with the evidentiary standards and civil processes for boards under chapter 214.

Sec. 3. Minnesota Statutes 2020, section 626.8473, subdivision 3, is amended to read:

Subd. 3. **Written policies and procedures required.** (a) The chief officer of every state and local law enforcement agency that uses or proposes to use a portable recording system must establish and enforce a written policy governing its use. In developing and adopting the policy, the law enforcement agency must provide for public comment and input as provided in subdivision 2. Use of a portable recording system without adoption of a written policy meeting the requirements of this section is prohibited. The written policy must be posted on the agency's website, if the agency has a website.

   (b) At a minimum, the written policy must incorporate and require compliance with the following:

   (1) the requirements of section 13.825 and other data classifications, access procedures, retention policies, and data security safeguards that, at a minimum, meet the requirements of chapter 13 and other applicable law. The policy must prohibit altering, erasing, or destroying any recording made with a peace officer's portable recording system or data and metadata related to the recording prior to the expiration of the applicable retention period under section 13.825, subdivision 3, except that the full, unedited, and unredacted recording of a peace officer using deadly force must be maintained indefinitely;

   (2) mandate that a portable recording system be:

   (i) worn where it affords an unobstructed view, and above the mid-line of the waist;

   (ii) activated during all contacts with citizens in the performance of official duties other than community engagement, to the extent practical without compromising officer safety;
(iii) activated when the officer arrives on scene of an incident and remain active until
the conclusion of the officer's duties at the scene of the incident;

(3) mandate that officers assigned a portable recording system wear and operate the
system in compliance with the agency's policy adopted under this section while performing
law enforcement activities under the command and control of another chief law enforcement
officer or federal law enforcement official;

(4) mandate that, notwithstanding any law to the contrary, a deceased individual's next
of kin, legal representative of the next of kin, or other parent of the deceased individual's
children be entitled to view any and all recordings from a peace officer's portable recording
system, redacted no more than what is required by law, of an officer's use of deadly force
no later than five business days following an incident where deadly force used by a peace
officer results in the death of an individual, except that a chief law enforcement officer may
deny a request if the investigating agency requests and can articulate a compelling reason
as to why allowing the deceased individual's next of kin, legal representative of the next of
kin, or other parent of the deceased individual's children to review the recordings would
interfere with a thorough investigation. If the chief law enforcement officer denies a request
under this paragraph, the involved officer's agency must issue a prompt, written denial and
provide notice to the deceased individual's next of kin, legal representative of the next of
kin, or other parent of the deceased individual's children that relief may be sought from the
district court;

(5) mandate that, notwithstanding any law to the contrary, an involved officer's agency
shall release all body-worn camera recordings of an incident where a peace officer used
deadly force and an individual dies to the public no later than 14 business days after the
incident, except that a chief law enforcement officer shall not release the video if the
investigating agency asserts in writing that allowing the public to view the recordings would
interfere with the ongoing investigation;

(6) procedures for testing the portable recording system to ensure adequate functioning;

(7) procedures to address a system malfunction or failure, including requirements
for documentation by the officer using the system at the time of a malfunction or failure;

(8) circumstances under which recording is mandatory, prohibited, or at the discretion
of the officer using the system;

(9) circumstances under which a data subject must be given notice of a recording;
24.1 (6) (10) circumstances under which a recording may be ended while an investigation, response, or incident is ongoing;

24.2 (7) (11) procedures for the secure storage of portable recording system data and the creation of backup copies of the data; and

24.3 (8) (12) procedures to ensure compliance and address violations of the policy, which must include, at a minimum, supervisory or internal audits and reviews, and the employee discipline standards for unauthorized access to data contained in section 13.09.

24.4 (c) The board has authority to inspect state and local law enforcement agency policies to ensure compliance with this section. The board may conduct this inspection based upon a complaint it receives about a particular agency or through a random selection process. The board may impose licensing sanctions and seek injunctive relief under section 214.11 for an agency's or licensee's failure to comply with this section.

Sec. 4. Minnesota Statutes 2020, section 626.89, subdivision 17, is amended to read:

Subject to other applicable law, a council may subpoena or compel testimony and documents in an investigation. Upon completion of an investigation, a council may make a finding of misconduct and recommend appropriate discipline against peace officers employed by the agency. If the governing body
grants a council the authority, the council may impose discipline on peace officers employed
by the agency. A council may submit investigation reports that contain findings of peace
officer misconduct to the chief law enforcement officer and the Peace Officer Standards
and Training Board's complaint committee. A council may also make policy
recommendations to the chief law enforcement officer and the Peace Officer Standards and
Training Board.

(d) The chief law enforcement officer of a law enforcement agency under the jurisdiction
of a civilian oversight council shall cooperate with the council and facilitate the council's
achievement of its goals. However, the officer is under no obligation to agree with individual
recommendations of the council and may oppose a recommendation. If the officer fails to
implement a recommendation that is within the officer's authority, the officer shall inform
the council of the failure along with the officer's underlying reasons.

(e) Peace officer discipline decisions imposed pursuant to the authority granted under
this subdivision shall be subject to the applicable grievance procedure established or agreed
to under chapter 179A.

(f) Data collected, created, received, maintained, or disseminated by a civilian oversight
council related to an investigation of a peace officer are personnel data as defined by section
13.43, subdivision 1, and are governed by that section.
