3.20 commissioner a written notification that includes:

4.5 and revise the information in the written notification whenever there is significant change  
4.6 in the information or when requested to do so by the commissioner.

4.7 Subd. 3. **Notification requirement waivers; extensions.** The commissioner may waive

4.14 commissioner determines that more time is needed by the manufacturer to comply with the  
4.15 submission requirement.

4.16 Subd. 4. **Failure to provide notice.** (a) A person may not sell, offer for sale, or distribute  
4.17 for sale in the state a product containing intentionally added PFAS if the manufacturer has  
4.18 failed to provide the information required under subdivision 2.

4.19 (b) The commissioner may exempt a product from the prohibition under this subdivision  
4.20 if the commissioner determines that the use of PFAS in the product is a currently unavoidable  
4.21 use.

4.22 (c) The prohibition in this subdivision does not apply to a retailer in the state unless the  
4.23 retailer sells, offers for sale, or distributes for sale in the state a product for which the retailer  
4.24 has received a notification under subdivision 5 that the sale of the product is prohibited.

4.25 Subd. 5. **Certificate of compliance.** If the commissioner has reason to believe that a  
4.26 product contains intentionally added PFAS and is being offered for sale in violation of  
4.27 subdivision 4, paragraph (a), the commissioner may direct the manufacturer of the product  
4.28 to, within 30 days:

4.29 (1) provide the commissioner with a certificate attesting that the product does not contain  
4.30 intentionally added PFAS; or

4.31 (2) notify persons who sell that product in this state that the sale of that product is  
4.32 prohibited in this state and provide the commissioner with a list of the names and addresses  
4.33 of those notified.

5.13 (b) The commissioner may by rule identify products by category or use that may not be  
5.14 sold, offered for sale, or distributed for sale in this state if they contain intentionally added  
5.15 PFAS. The commissioner must prioritize the prohibition of the sale of product categories  
5.16 that, in the commissioner's judgment, are most likely to cause contamination of the state's  
5.17 land or water resources if they contain intentionally added PFAS. Products in which the use  
5.18 of PFAS is a currently unavoidable use as determined by the commissioner may be exempted  
5.19 by the commissioner by rule.

5.20 (c) Beginning January 1, 2030, a person may not sell, offer for sale, or distribute for sale  
5.21 in this state any product that contains intentionally added PFAS, unless the commissioner  
5.22 has determined by rule that the use of PFAS in the product is a currently unavoidable use.  
5.23 The commissioner may specify specific products or product categories in which it has  
5.24 determined the use of PFAS is a currently unavoidable use.

5.25 Subd. 7. Fees. The commissioner may establish by rule a fee payable by a manufacturer  
5.26 upon submission of the notification required under subdivision 2 to cover the agency's  
5.27 reasonable costs to implement this section.

5.28 Subd. 8. Enforcement. (a) The commissioner may enforce this section under sections  
5.29 115.071 and 116.072. The commissioner may coordinate with the commissioners of  
5.30 commerce and health in enforcing this section.

6.2 any information that the person may have or may reasonably obtain that is relevant to show  
6.3 compliance with this section.

6.4 Subd. 9. Exemptions. This section does not apply to:

6.5 (1) a product for which federal law governs the presence of PFAS in the product in a  
6.6 manner that preempts state authority;

6.7 (2) a product regulated under section 325F.072 or 325F.075; or

6.8 (3) the sale or resale of a used product.

6.9 Subd. 10. Rules. The commissioner may adopt rules necessary to implement this section.
