---

- 1 **Licensed beds on layaway status.** Amends § 144A.071, subd. 4b. Allows the commissioner of health to approve placing and removing nursing facility beds on layaway at any time during renovation or construction that is part of a moratorium project approved as a statutory exception or through the competitive process. (This provides an exemption from the 60-day notice requirement for placing beds on and off layaway, and from the requirement that a bed remain on layaway for at least one year.)
