Overview

This bill sets up a manufactured housing pilot project to redevelop a neighborhood in the Central Avenue corridor in the city of Hilltop.

Section

1 Manufactured housing pilot project.
   Subd. 1. Pilot project established. Allows the city of Hilltop to establish a pilot project to plan, design, and implement a neighborhood redevelopment program using manufactured housing in the Central Avenue corridor. Allows appropriations to be spent for relocation costs for displaced residents, site preparation costs, set-up and installation costs, and roadway improvements. Requires the city of Hilltop to develop a plan for selling the finished units.
   Subd. 2. Report. Directs the housing finance agency to report to the legislature on the pilot project, and to make the report available to other interested parties. Requires the city of Hilltop and private contractors hired for the pilot project to provide relevant information for the report.

2 Appropriation. Appropriates $1,000,000 to the community rehabilitation fund account for a grant to the city of Hilltop. Requires the city of Hilltop to administer and coordinate the pilot project and to provide legal counsel. Provides for the appropriation to be available until December 31, 2002.
