Overview

This bill authorizes the operation of a card club at the Canterbury Park racetrack. Card games would be played in the unbanked format, meaning that players play against each other rather than against the house, and the operator would derive revenue from table charges, deducting a percentage of wagers, or other means. The operator would pay a fee of $10,000 per year to operate the club, and a percentage of its revenues would be dedicated to horse racing purses. The card club would be regulated by the Minnesota racing commission.

This bill also contains various provisions related to charitable gambling:

Requires major prizes to be listed on raffle ticketstickets

Allows exempt (infrequent) raffles to have tickets with only numbers on them

Allows carryover prizes for tipboard games

section 9), the card club will not adversely affect the public health, welfare, and safety, and the
licensee is fit to operate the card club.

Allows an interim authorization for a card club, valid until the licensee's license is next up for
renewal.
