Overview

Creates a new fully equalized aid and levy of $30 per pupil unit for schools serving more than 900 students in one school building. Requires the revenue to be used to:

1. pay the costs of peace officers and sheriffs in the school;
2. pay the costs for a drug abuse prevention program; or
3. pay the costs for a gang resistance education program.

1 Public safety revenue for school districts.

Subd. 1. Eligibility. Qualifies a district for revenue if the district has at least one school building with more than 900 students.

Subd. 2. Revenue. Sets the revenue equal to $30 times the number of per pupil unit in qualifying school sites.

Subd. 3. Levy. Establishes the levy for public safety revenue equal to the revenue amount times the lesser of one, or the ratio of the district's adjusted net tax capacity per pupil unit to $10,000.

Subd. 4. Aid. Defines school district public safety aid equal to the difference between public safety revenue and public safety levy.

Subd. 5. Revenue uses. Requires public safety revenue to be used to:
1. pay the costs of peace officers and sheriffs in the school;
2. pay the costs for a drug abuse prevention program; or
3. pay the costs for a gang resistance education program.
