Requires an application for a new or renewed driver's license (including Minnesota ID card, instruction permits, and provisional licenses) to contain a provision allowing the applicant to add a $1 donation to the license fee for purposes of public information and education on anatomical gifts (organ donation). Requires the department of public safety to forward all $1 donations to a Minnesota organ donation program certified by the federal health care financing administration, or a 501(c)(3) organization created by such a program, for programs of public information and education on organ donation.

Requires the grant recipient to produce and furnish to the department the pamphlets on anatomical gifts that are required to be distributed with driver's license applications.

Provides that the department must use up its current supply of application forms before using forms with the provisions required by this act.

Requires a report to the chairs of the legislative committees on transportation policy and finance by February 1, 2002, on receipts and expenditures under this act.
