Overview

Extends the deadline for filing for the 1999 Agricultural Rebate until June 30, 2000. It makes no other changes for who is eligible to qualify.

1. **Payment to farmers; $4 per acre payment.** Extends the time for filing for the 1999 agricultural assistance aid (i.e. the Ag rebate) to June 30, 2000. Under current law, no applications for the $4 per acre payment were to be accepted after September 30, 1999. About 99 percent of the applications and rebate dollars were paid through the $4 per acre part of the rebate program.

2. **Certification and payment; livestock producer's payments.** Extends the time that applications are accepted to June 30, 2000 for the livestock producer payments. Under current law this application deadline was November 30, 1999.

3. **Appropriation.** Appropriates the amount necessary to make the payments in fiscal year 2000, and makes that appropriation available until December 31, 2000.

4. **Effective date.** Makes sections 1 to 3 effective the day following final enactment.
