1 Metropolitan council bonding authority.
Increases from $36 million to $52 million the bonding authority of the metropolitan council for transit capital projects.

2 Greater Minnesota transit assistance.
Deletes the provision in the F. Y. 2000-01 appropriation to MnDOT for Greater Minnesota transit assistance that specifies that $405,000 each year does not add to the budget base.

3 Transit appropriations. Appropriates $2.8 million from the general fund for Greater Minnesota transit assistance for F. Y. 2001. Provides that this amount adds to the department's budget base.

Appropriates $3.7 million from the general fund to the metropolitan council for metropolitan transit assistance for F. Y. 2001. Provides that this amount adds to the department's budget base.

Appropriates $4 million from the general fund to MnDOT for grants to Greater Minnesota transit systems for rolling stock and intelligent transportation system technologies. Requires priority to be given to projects that match federal funds.

Appropriates $1 million in bond proceeds under section 4 to MnDOT for grants to Greater Minnesota
transit systems for construction of transit facilities and hubs. Requires priority to be given to projects that involve collaboration between transit authorities and local governments.

4 Bonds. Authorize sales of $1 million in general obligation bonds for the grants for transit facilities and hubs.

5 Applicability. Specifies that section 1 applies to metropolitan counties.
