### Overview

Provides additional means for municipal or volunteer fire departments to be reimbursed for putting out a car fire on a trunk highway or interstate right-of-way. Expands authority of a township to have the county collect these unpaid services charges along with the property taxes.

#### Section

- 1 Reimbursement for fire services.** Requires the commissioner of transportation to reimburse a municipal or volunteer fire department for ordinary expenses incurred in extinguishing a motor vehicle fire within a trunk highway or interstate right-of-way if the fire department is not reimbursed from some other source. Permits reimbursement of up to \$300 per fire call. Provides that reimbursement is from the motor vehicle fire account in the general fund.  
  
Establishes a motor vehicle fire account in the general fund to receive money recovered by the department of transportation in reimbursements from persons causing motor vehicle fires. Appropriates money in the account to the department for the purpose of paying reimbursements to fire departments.
- 2 Charges for emergency service; collection.** Amends provision to conform to change in section 3.
- 3 Collection of unpaid service charges.** Expands the authority of a town to seek reimbursement for emergency services it has provided. Permits a town that has not been paid for a service to collect the unpaid amount as a charge against any real property owned by the recipient, not only on property within the town. Allows the town to certify the amount due to

**Section**

the county auditor of the county in which the recipient owns real property. These charges shall be collected along with the property taxes levied against the property. When collected, the county auditor shall remit the amount to the appropriate town.

With regard to motor vehicle fires, limits the amount collected under this section for fire services to \$300 per fire call, but allows a town to recover any additional expenses by other means, such as bringing a lawsuit.
