

Subject Expands the sales tax exemption for firefighting equipment

Authors Becker-Finn and others

Analyst Pat Dalton

Date February 4, 2019

Overview

Expands the existing sales tax exemptions on personal protective gear and repair and replacement parts for fire trucks and firefighting apparatus purchased by fire departments to the same purchases when made directly by the commissioner of public safety with funds from the fire safety account on behalf of political subdivisions.

Effective beginning with sales and purchases made after June 30, 2019.
