Date March 18, 2019

Overview

This bill designates May as Maternal Mental Health Awareness Month in Minnesota.

Summary

Section	Description
1	Maternal Mental Health Awareness Month. Adds § 10.584. Designates May as Maternal Mental Health Awareness Month in Minnesota to recognize the prevalence of pregnancy and postpartum mental health issues and to educate people about identifying symptoms and seeking treatment options. Allows the governor to promote and encourage the observance of this month.
