**Date** March 5, 2019

## Overview

This bill requires a school district or charter school where a student with a seizure disorder and prescribed seizure medication is enrolled to have a seizure action plan. The seizure action plan must identify an employee who can administer seizure medication, and requires training on seizures. Requires a school district or charter school to provide all principals, school counselors, school nurses, and teachers hired after July 1, 2020, with training materials on seizures. Allows a district or charter school to consult with the commissioner of health regarding training resources.
