

**Subject** Historic Structure Rehabilitation credit sunset and assignment

**Authors** Youakim and others

**Analyst** Sean Williams

**Date** February 28, 2020

## Summary

H.F. 1642 makes two changes to the Minnesota Historic Structure Rehabilitation Credit:

- The credit is currently scheduled to sunset, effective for fiscal year 2021. The bill repeals the sunset.
- Project developers are currently permitted to assign the credit certificates they earn to another taxpayer. The bill permits taxpayers who have been assigned a credit to reassign it.
