## Overview

This bill allows for some former military vehicles to be titled, registered, and operated as general motor vehicles for on-road use. The provision applies to decommissioned military vehicles for which a civilian model having the same size and weight was also manufactured and sold.

The bill would have the effect of permitting Humvees (HMMWVs) for on-road use in Minnesota. (In 2014, the U.S. military began auctioning surplus Humvees to the general public.)
