

Subject Soil and Water Conservation Districts

Authors Marquart

Analyst Janelle Taylor

Date March 3, 2020

Summary

This bill would increase the maximum amount of compensation a soil and water conservation district (SWCD) supervisor could receive per day from \$75 per day to \$125 per day.

SWCDs are political subdivisions of the state with the purpose of conserving soil, water, and related natural resources on private land. A SWCD is generally governed by a five-member board of supervisors elected by the citizens of the county.
