Overview

This bill reinstates a requirement for notice to lead agencies when MnCHOICES assessments are required for PCA services.

MnCHOICES is an assessment and planning tool used by lead agencies to assess a person's need for long-term care services and supports.

Summary

Section	Description
---------	-------------

1	Assessment and support planning.
---	---

	Amends § 256B.0911, subd. 3a. Modifies the long-term care consultation assessment and support planning process by reinstating a requirement that the commissioner provide at least a 90-day notice to lead agencies prior to requiring the MnCHOICES assessment for PCA services.
