This section provides a process to affix a manufactured home to real property when the park that the home is located in is owned by a nonprofit cooperative. This process allows the manufactured home to be considered an improvement to real property and is no longer personal property.

This section provides the form for an affidavit of affixation in a cooperative form that must be used to file with the county recorder or registrar of titles.

This section provides that attachment to real property does not extinguish any security interests or tax liens on the manufactured home, and allows a person

retaining a security interest to file that lien or security interest with the county related to the real property.

- Removes a requirement that the entire year's taxes be paid on the property in order to do an affidavit of affixation form.
- Allows the owner to request in writing to cancel the certificate of title to manufactured home but, unlike current law, it does not require the owner to surrender the original title but does continue to require the security interest to be released or satisfied prior to the cancellation of the certificate.
- Updates the affidavit of affixation form in statute.
