

**Subject** Redevelopment appropriation bonds

**Authors** Lee and others

**Analyst** Chelsea Griffin

**Date** May 14, 2021

### Overview

This bill authorizes the sale and issuance of \$300 million of redevelopment appropriation bonds to redevelop areas of Minneapolis and St. Paul adversely affected by the civil unrest that occurred in Minneapolis, St. Paul, and surrounding communities between May 24, 2020, and June 16, 2020. The bond proceeds would be appropriated to the Department of Employment and Economic Development (DEED) for distribution as grants to the city of Minneapolis and the city of St. Paul to redevelop eligible areas.

Definitions.</b> Defines several terms for the purposes of the section.</p> <p>“Appropriation bond” or “bond” means a bond, note, or other instrument payable from (1) the general fund for debt service, (2) proceeds of the sale of the bonds, (3) payments received under certain agreements, and (4) investment earnings.</p> <p>“City” means Minneapolis or St. Paul.</p> <p>“Debt service” means the amount of principal, premium, interest, and any related fees, charges, and expenses payable on the appropriation bonds.</p> |

**Section Description**

---

“Eligible area” means an area in Minneapolis or St. Paul adversely affected by civil unrest during the peacetime emergency declared in Emergency Executive Order 20-64.

“Redevelopment” includes acquisition of real property; site preparation; predesign, design, engineering, repair, renovation, or construction of buildings, infrastructure, and related site amenities; landscaping; street-scaping; land-banking for future development; or financing of any of these activities by a private party pursuant to an agreement with the city. Redevelopment does not include any project costs eligible for compensation from insurance policies, government entities, or other organizations.

**Subd. 2. Authorization to issue appropriation bonds.** Authorizes Minnesota Management & Budget (MMB) to sell and issue \$300 million of redevelopment appropriation bonds to capitalize an account in the city of Minneapolis’ commercial property development fund and an account in the St. Paul Housing and Redevelopment Authority’s funds to pay for redevelopment in eligible areas. The proceeds of the appropriation bonds must be credited to a special appropriation redevelopment bond proceeds fund in the state treasury. The term of any series of appropriation bonds may not exceed 21 years. MMB may enter into various agreements relating to the appropriation bonds to meet legal requirements.

**Subd. 3. Form; procedure.** Specifies the form and procedure for issuance of the appropriation bonds.

**Subd. 4. Refunding bonds.** Authorizes MMB to refinance any appropriation bonds, if appropriate based on market conditions.

**Subd. 5. Appropriation bonds as legal investments.** Specifies who may legally invest in redevelopment appropriation bonds.

**Subd. 6. No full faith and credit; state not required to make appropriations.** Clarifies that redevelopment appropriation bonds, in contrast to general obligation bonds, are not public debt of the state and the legislature must appropriate for debt service for the bonds. Accordingly, the full faith, credit, and taxing powers of the state are not pledged to pay the bonds.

**Subd. 7. Appropriation of proceeds.** Provides for the bond proceeds to be appropriated to DEED for grants. The grant to the city of Minneapolis is \$200 million and the grant to the city of St. Paul is \$100 million. MMB may also use the bond proceeds for debt service on the bonds.

**Section** **Description**

---

**Subd. 8. Appropriation for debt service and other purposes.** Authorizes payment from the general fund for the debt service on the appropriation bonds.

**Subd. 9. Waiver of immunity.** Permits the state to be sued on contracts related to the appropriation bonds.

**Subd. 10. Grant requirements.** Creates five requirements for the grant agreements between DEED and the cities of Minneapolis and St. Paul. First, the city must keep the grant funds in a separate account. Second, any proceeds from the sale of property financed with grant funds must be paid to the state during the term of the grant agreement, except that a sale of a property to a qualified person determined by the grant recipient's program or project funding criteria is exempt from this requirement. Third, the city must enhance economic opportunities for long-term residents, prioritize businesses owned or operated by a minority person, and prioritize the retention and rebuilding of impacted businesses and infrastructure in the eligible area. Fourth, the grant agreement must require that all new and substantially reconstructed buildings receiving grant funds meet the B3 Sustainable Building 2030 Energy Standards. Fifth, beginning on December 1, 2022, the city must annually report to DEED on the expenditures made with the grant funds, including any measures of success toward certain grant requirements.

**Subd. 11. Audit.** DEED must review a grant fund expenditures report submitted by the city.

**Subd. 12. Prevailing wage requirement.** Requires the prevailing wage rate to be paid during the construction, installation, remodeling, and repair of any project funded by redevelopment appropriation bonds.

**Subd. 13. Zoning exemption.** Exempts property financed with redevelopment appropriation bond proceeds from certain municipal zoning requirements provided that the property conformed to municipal zoning requirements on May 1, 2020. The city may impose reasonable conditions upon a zoning or building permit to mitigate any newly created impact on adjacent property.

**Subd. 14. Report to the legislature.** Requires DEED to submit an annual report to the legislature, including to the committees in the house of representatives and the senate with jurisdiction over economic development and capital investment, beginning on or before December 31, 2023. The report must detail the use of the grants, including any measures of success toward certain grant requirements.
