Overview

This bill makes two changes to the state's drainage law.

Summary

Section	Description
---------	-------------

- | | |
|---|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1 | Authority.
States that after awarding a contract for the construction of a drainage project, the county must finance it. |
| 2 | Transfer after lien payment period expires.
Prohibits the transfer of jurisdiction over a drainage system from a watershed management authority back to the county once it has been transferred. |
